

Weaponsmith 321

Chapter 321: She is My Fiancée (4)

This little girl ... seems a little dense?

Senior Brother's prestige and status in the sect was extremely high, no one had ever been so dismissive of him before. If it was anyone else who heard it, most probably that person would have flipped already!

This little girl, it isn't easy to hook up with his Senior Brother, such a rare and big golden turtle... yet she still puts up such an arrogant front after receiving his Senior Brother's special attention. If she doesn't know how to cherish it properly, wait till Senior Brother loses his patience and gets angry for real, let's see how she deals with it then!

However, what made his almost eyeball fall out... happened later.

Li Moying heard the cold tone of Huang Yueli's voice, not only was he not angry, but he actually revealed a hint of laughter! After Murong Ni's provocation, his stern expression had instantly changed into a gentle one.

"Li'er, are you hinting to me that our marriage should be brought forward? I didn't know that you were so impatient...or how about it... after we return from the Dark Moon Forest, we'll get married immediately?"

"In your dreams!"

Huang Yueli couldn't resist and kicked him.

Not only did Li Moying not dodge it, he even yelled out "ouch" in an exaggerated manner, trying to win her sympathy.

Luo Jiyun watched everything unfold before him in a daze, even suspecting that it might be because he didn't sleep well last night that he was having hallucinations right now.

His illustrious Senior Brother... how could he let a woman climb all over his head?

This is not really happening...

When Murong Ni watched this scene, it felt like there was a fire burning in her heart, the rage almost made her vomit out blood.

Why? How did things turn out this way? How could Senior Brother like such a weak woman?!

However, she knew that Li Moying had been angered and if she still continued to challenge him, he would definitely ignore their fellow disciple relationship, tie her up immediately and have her sent back.

No! She can't go! She still had to help her Sister monitor this little fox demoness and see how did she seduced her Senior Brother!

Clinging onto this justification, Murong Ni pursed her lips and forced herself to calm down.

Luo Jiyun obviously did not have so many thoughts and schemes in his mind. He had always known that his Senior Brother was strong and overbearing. Whatever matter he had decided on, no one else had a choice but to accept it.

Since Li Moying had already determined that this young lady was his fiancée, Luo Jiyun would definitely not dare to go provoke him any further.

“Sister-in-law...”

“Do not call me Sister-in-law!”

“Then....” Luo Jiyun was stumped momentarily.

“My name is Yue Li.” Huang Yueli answered.

She did not give her family name because she had already decided that once they’ve finished their business in Dark Moon Forest, she would leave South Yue Kingdom. By then, she would no longer be the daughter of the Bai family.

However, she could not reveal her real name. The time that she had perished in the Northern Ice Fields till now was only fourteen years ago, compared to the long life of cultivators who could live from hundreds to thousands of years, it was only a drop in the ocean.

Her enemies were certain to be alive.

If one was to hear the name Huang Yueli, it was easy to stir up suspicions.

So she took a step back and said this name.

“Yue Li... Yue is such a rare surname!” Luo Jiyun said.

Huang Yueli did not explain further, Li Moying also didn’t mention anything.

His little fox had always kept a lot of secrets and he was used to it.

Luo Jiyun only hesitated for a moment and laughed, “Miss Yue is a beautiful woman with an outstanding temperament. Standing together with my Senior Brother, you look really matching! I didn’t expect that on this trip to South Yue Kingdom, Senior Brother actually found a fiancée, I have to congratulate Senior Brother!”

Chapter 322: She is My Fiancée (5)

Everyone likes to listen to nice words, Huang Yueli was no exception.

There’s a saying of ‘reaching out and not to hit a smiling face’.

Originally Murong Ni was so arrogant, she still wanted to teach the little girl, let her know that she wasn’t one to be messed with.

However, Luo Jiyun had spoken so well and had even taken the initiative to introduce himself. This way, it wasn’t very appropriate to flare up now.

At this moment, Mo Yi came over and whispered a reminder: “Master, the time is no longer early, it’s better that we enter Dark Moon Forest as soon as possible because we must reach the first stop by this evening.”

Li Moying only replied with a ‘mmn’ and turned away.

Not forgetting to keep his arms wrapped around Huang Yueli as he lead her away.

If it was usual, Huang Yueli would have definitely thrown his arms away, but looking at Murong Ni’s angered and stifled expression, she became very cooperative and followed him like a good girl.

To enter Dark Moon Forest, one would have to join the meandering queue.

However, Li Moying simply took out a token and flashed it to the guard and they were immediately granted access without needing to queue.

The location of the Spirit Jade Vein was sought out in advance.

In the Dark Moon Forest, the veins that were relatively close to the human settlements had long been explored by all the major families.

Therefore, the newly discovered Spirit Jade vein was far away from where they were. Moreover, the location wasn’t very safe, it was right smacked in the midst of the tier five magical beast settlement.

Among them, the outer zone was where the lower levelled magical beasts resided in, very rarely would tier two or higher magical beasts appear in this area. Majority of the people who came to this zone were the mercenary groups or students that were here to gain experience.

The middle zone consisted mainly of tier three and four magical beasts. This place was frequented by the stronger mercenary groups.

The inner zone were where the fifth tier and sixth tiered magical beasts resided in. Only the well-known mercenary groups that were high ranked dared to venture in on the premise of receiving a large fee to risk their lives.

The innermost zone was also the restricted zone where magical beasts that were tier seven and could be found. If one wasn’t a peerless expert who was very confident in his own strength, one wouldn’t venture into this area to throw his own life away.

Usually, only in such situations where one would engage in battle with such magical beasts was that the expert must be several times higher! As magical beasts physiques differed from a human, their bodies were insanely strong and their defense almost impenetrable. Their strength were a few times stronger than a cultivator’s!

In general, the fighting power of a magical beast was much higher than a cultivator of the same rank by a large margin. A cultivator had to be one realm higher to ensure victory against the magical beast.

This Spirit Jade Vein that Li Moying had his eyes on was located within the boundaries where the fifth tiered magical beasts were, meaning that it was located in the inner zone of the Dark Moon forest.

With so little people and to venture into this dangerous zone, if it was a normal group, it would be extremely dangerous.

However, not a shred of nervousness or fear was on Li Moying's face and his expression remained indifferent. Even Luo Jiyun and Murong Ni strolled on in a nonchalant manner.

Of course Huang Yueli also had no worries as she believed that Li Moying would not do something that he was not confident in.

Moving together in this group of seven, they walked according to the direction marked on the map and went deeper and deeper into the forest.

On their journey, Murong Ni had on a sulky face throughout and kept sending dagger glares to Huang Yueli.

Even more so after Li Moying was showering his affection on her, she looked as if her eyes could spit out fire.

From time to time, Luo Jiyun would also find an opportunity to converse with Huang Yueli. He was also very curious about this fiancée of his Senior Brother who fell from the sky.

Chapter 323: Murong Ni's Provocation (1)

Luo Jiyun was a very friendly and amiable person which made him a very good person to have a conversation with.

From their conversations, Huang Yueli learned a lot about Li Moying.

In this group, Luo Jiyun and Murong Ni were his fellow disciples, the three of them were all from a large sect, however the name of the sect was intentionally glossed over by Luo Jiyun.

Huang Yueli wasn't too surprised, having their geniuses travelling outside was a huge risk on its own, if they were discovered by their enemies before they had fully grown, the enemies might send a some experts to wipe them out.

That was why, for such sensitive topics, discretion was practised and it was normal to be so secretive.

Luo Jiyun turned eighteen this year and had just broken through to the fifth realm. Murong Ni was only sixteen but her cultivation was at the fourth realm!

A sixteen year old fourth realm, just the thought of it was shocking.

However, Murong Ni was from a large sect and these large sects had their own means and ways to cultivate their geniuses.

In general, one starts to cultivate at the age of ten, however, these large sects would have started picking all the talents at the tender age of five or six and start cultivating them.

After one has successfully led the qi into the body, the next step would be a lavish way by splurging on large doses of herbs and medicines as if money was not needed at all. In addition, there's also other

methods such as arrays and these extravagant ways these large sects with resources are able to boost the speed of cultivation and it was at least three to five times faster than that of a normal cultivator!

Following the notions behind, Murong Ni is estimated to be at most a sixth grade talent, or perhaps just a higher fifth grade talent.

Mo Yi, Mo Er and Mo San were all experts of the fifth realm, however, they were relatively older in age, so they couldn't be considered to be talented geniuses.

As for Li Moying's cultivation.... He had actually reached the sixth level of the earth profound realm and he was at the ninth level! This meant that he was only a step away from the seventh realm!

This was by far the most shocking news that Huang Yueli had heard!

Due to the fact that Li Moying was only twenty years old... a twenty year old sixth realm of the ninth level was simply unfathomable, even that year's Mu Chengying could not reach such a height!

What kind of talent did he possess? A ninth grade talent?

Even Huang Yueli's previous life wasn't as heaven defying as this.

From this moment, Huang Yueli's gaze towards Li Moying had changed a little.

For a genius that could be found one in millions, no wonder his personality was strong and overbearing, as it stands, those with real strength had the right!

Li Moying saw her wide eyes and laughed, "How is it? Have you finally realized that you must not miss this opportunity to get such a grand match? Come quickly into this Lord's embrace and I promise to properly cherish you!"

"Tsk, it's also nothing extraordinarily amazing!"

Huang Yueli scoffed and haughtily snubbed him as she turned her head away.

Li Moying's lips raised to smile, his eyes full of affection.

He knew this little fox wasn't bragging, he had witnessed with his own eyes – a person without any cultivation, suddenly transformed into a Qi Profound Realm and moreover of the ninth stage!

Although he did not know how did she come to achieve such a feat, but one thing is for sure, she was definitely an incredibly talented genius!

However, to others who heard it, it held a different meaning.

After a short while, Mo Yi who was leading the group met some trouble and called Li Moying over.

Murong Ni took this opportunity and walked over and scoffed. "Yue Li, isn't your skin is a little too thick? Or is it just that you haven't seen the world? Do you know what a twenty year old sixth realm at the ninth level represents? You're actually showing contempt? But then again, you are just but a waste from a countryside, not knowing is normal!"

Huang Yueli stopped in her tracks as a smile full of ridicule emerged.

“I’m a waste? That means to say that your cultivation is very high?”

Chapter 324: Murong Ni’s Provocation (2)

Murong Ni looked at her disdainfully and said, “But of course, it’s only right. Although my cultivation cannot be compared to Senior Brother, however I have already entered the fourth degree realm! When I was your age, I was already in the third degree of the Spirit Profound Realm! Unlike you, who up till now, it looks like you haven’t even broken through the Defensive Profound Realm?”

Huang Yueli did not deny anything and simply smiled.

“Yes, I am currently still at the Qi Profound Realm. Your vision... is quite accurate.”

Murong Ni said that she had not seen the world, however, in actual fact, she felt that it was Murong Ni herself who had not seen the world.

Most probably, she had grown up in the sect since childhood, and hasn’t really gone out to gain experience, therefore she couldn’t understand the hardships of the ordinary people.

If it was another cultivator with more experience, if they saw Huang Yueli, a fourteen year old Qi Profound Realm at the ninth level who was from a small kingdom, they would have long realised that this was a very rare genius!

Murong Ni did not understand her sarcasm and thought that Huang Yueli felt inferior and started to gloat, feeling even more proud of herself.

“Haha, of course my vision is accurate. Compared to you, my cultivation is much higher by several realms, seeing through your cultivation is an easy task!”

Huang Yueli was silent for a moment.

This Murong Ni was not only ignorant, she was also very stupid! She couldn’t even understand it when others were scolding her!

“But you have to understand that with your cultivation and talent, it is impossible to stay with Senior Brother. He is a man amongst dragons and he will surely walk on the path of the martial way and stand atop it! Even if you forcefully insist on staying together with him, sooner or later you’ll be thrown away by him! Only a true daughter of the heavens is a worthy match with Senior Brother!”

“A true daughter of the heavens?” Huang Yueli sneered, “Miss Murong, are you referring to yourself?”

Murong Ni blushes but quickly denied it.

“Of.. of course it’s not myself! But my Sister Murong Fei! Let me tell you, my sister is an Eighth Grade Talent and at the young age of seventeen, she’s already an expert of the Fifth Realm Third Level! Moreover, she was born noble, she is the daughter of the Patriarch. She is also beautiful, unlike you who’s like a yellow bean sprout, you can’t even compare to one finger of hers!”

After she said her piece, she quickly glanced to the side and tried to see Huang Yueli’s reaction.

At first, she thought that the “Eighth Grade Talent” would be able to scare that damn girl who hadn’t seen the world but what she only saw was a mild reaction. Huang Yueli only said out an ‘ooh’.

“An Eighth Grade Talent is not considered too bad, but with such a talent, moreover to be born in a large sect, yet she’s only a mere Fifth Realm Third Level at the age of seventeen... hmmm... she’s not really very diligent.”

“You...you dare to chastise my Sister?!”

When Murong Ni heard her comments, she wished she could strike her to death there and then!

“What kind of front are you pretending to put up? Do you think it’s that easy to be a Fifth Realm Third Level? Haha, we’ll, looking at your cultivation, you can never experience it this life! To be honest, I do quite admire your thick skin. Have a good look and see what kind of cultivation we are and reflect on your own cultivation level! Following us here is just dragging down our hind legs, we still have to protect you and keep an extra eye out for you. You are just a freeloader! If I were you, I’d long gone back to your backwater kingdom instead of stirring up more trouble for others!”

Murong Ni finally couldn’t keep calm after she saw that Huang Yueli repeatedly kept playing the fool.

She was on the verge of losing her composure and just force her to go back!

Chapter 325: Murong Ni’s Provocation (3)

However, Huang Yueli remained placid and smiled.

“Well, I’m not you, that’s why there’s no reason for me to go back.”

“You!” Murong Ni burst out in anger.

Huang Yueli chuckled and said, “You’re so eager to chase me away, is it because...you also like Li Moying?”

Murong Ni stiffened the moment she heard this and her expression became a bit unnatural as she denied, “Wh..What are you saying? Senior Brother is my future Brother-in-law, don’t ... don’t sprout nonsense!”

“Oh? Is this really nonsense?”

Huang Yueli gave her a meaningful smile, this arrogant little girl had not even noticed that her heart’s desire was explicitly clear but she thought that she had hidden it very well.

“Actually, your sister is stronger than you only in terms of talent, just because of this, you don’t dare to fight with her? In fact, in your heart you’ve long been secretly in love with Li Moying but you’re afraid that your sister would be angry so you dare not say it out?”

“You...you... what ridiculous jabber are you sprouting? Stop slandering me!”

“Oh? Slander? Then please enlighten me on why you are so agitated when Li Moying has a fiancée? He’s not even married to your sister yet! Why is it whenever you look at him, it’s with an affectionate gaze, but you look at me so fiercely? It’s obvious jealousy!”

Murong Ni shrieked and vehemently denied when Huang Yueli had hit her emotions spot on.

“Shut up! You’re just speaking nonsense! There’s no such thing!”

“Haha, alright,if you say there isn’t then there isn’t.”

Huang Yueli smiled and added another spoonful of oil to the fire.

“You wouldn’t be naive enough to think that your sister doesn’t know that you have a crush on her sweetheart, right? Let me tell you, you are too obvious, it’s written all over your face and anyone with eyes can see it! Looks like you are a trivial existence to your sister, she doesn’t even put you in her eye as competition that’s why she just closes one eye. But looking at the way Li Moying’s attitude towards you, simply treating you as a fly!”

“You...no! There’s no way my Sister will do this to me! And who are you calling a fly? You are the fly! I’m gonna kill you!”

When Murong Ni heard her words, there was a chill in her heart.

These few years, under the guise of her sister’s name, to chase away all the women who were hovering around Li Moying.

But the main notion behind all these was because she was jealous!

In fact, the person she was most jealous of was her sister, but unfortunately, she was much more talented than she was.

So using her sister’s name, she had been going around and ‘helping her sister’, using her sister’s name to wreck havoc and thus she could push all the blame onto her sister. Once words of Murong Fei’s reputation of being extremely jealous spreads around, Senior Brother would in turn come to hate her and she could then use this chance to gain his favour instead!

Who knew that just with a few words, she had been completely exposed by this damn girl in front of her.

Murong Ni flew into a rage and with the flick of her finger, she pulled out a nine segment whip and lashed it in the direction of Huang Yueli.

Huang Yueli narrowed her eyes as her gaze got colder. She pressed a button to activate the weapon that was hidden in her sleeves, in a split second, eighteen flying daggers swiftly formed a dagger array and flew out in the speed of light towards Murong Ni!

At the same time, she nimbly twisted her body and dodged to the side.

However, no matter what, Murong Ni was a Fourth Realm cultivator and in terms of speed, she was naturally much faster than her.

She had just managed to avoid her vitals, but she was unable to fully dodge the whip and it rushed towards her arm.

Just at this moment, in a flash—

“Murong Ni, how dare you! What do you think you’re doing?!”

Li Moying’s hurried and angry voice sounded from behind her.

The next moment, Huang Yueli’s waist was pulled lightly and she was immediately brought to the side and had narrowly avoided the whip.

Chapter 326: Murong Ni’s Provocation (4)

Murong Ni’s whip landed onto thin air.

However, the dagger array had arrived in front of her.

Eighteen flying daggers were incredibly fast and came at her in all directions, sealing all her escape routes.

Murong Ni only saw a glints of silver flashing and there was no time to dodge.

“Ah-! Help!”

By the time she shrieked, she was already sent flying back.

“Thud thud thud thud thud—”

A continuous round of thuds resounded and Murong Ni had slammed into a thousand year old tree trunk behind.

All eighteen flying daggers, without exception, pierced through her clothes and nailed her to the trunk. It was the huge momentum, the driving force of that powerful array that had sent her flying back.

Fortunately for Murong Ni, right behind her was a big tree and once the daggers had stabbed into the trunk, the entire array stopped.

However, she was looking very sorry at this very moment, as her hands and legs were sprawled side apart and hung on the trunk like a dead pig.

When she could not avoid the attack in time, she had expected to have a few daggers in her body. It wasn’t easy to manage to escape unscathed, but when she found herself in such a humiliating predicament, she felt ashamed and immediately flared up.

“Yue Li! You.. you... you dare.. you actually dare to launch a sneak attack on me? Such a vicious move! Senior Brother, look! You’ve finally seen her true face! You cannot be deceived by this vicious woman anymore!”

Huang Yueli looked at her with ridicule as she laughed, "I finally got to see it first hand, what it means for a thief to call another thief. It was obviously you who first attacked and now you're saying such things?"

"If it wasn't a sneak attack, how could you have got me? It's clearly you who was jealous of me and snuck up.."

"Enough! Murong Ni! What did I warn you this morning? Since you have completely disregarded my words, then go back straight to the sect! Jiyun! Take her back for me!"

Once Murong Ni heard it, she was anxious and cried out.

"Senior Brother, how could you be on her side..."

Li Moying's lips curled up, his eyes were cold. But when he turned to Huang Yueli, his gaze turned extremely gentle, as if a thousand year old glacier had melted.

"Li'er is my fiancée, if I'm not on her side, who should I side with?"

Huang Yueli felt a thread of warmth in her heart.

This man...trusted her unconditionally and would always stand on her side.

She turned to look at him and was attracted by the light in his eyes.

However, Murong Ni shrieked out loud again and struggled, interrupting that special moment between the two.

"I'm not going! I'm won't go back! Put me down!"

Huang Yueli said coldly, "Miss Murong, let me remind you that although your clothes are woven from cloud silkworms which are stronger than ordinary clothes, however no matter what, it is still a fabric! If you continue to struggle, it might tear and you might end up streaking!"

When Murong Ni heard this, she shuddered and did not dare to move an inch thereafter.

Yes, if her clothes tore... she would be fully exposed!

Other than Li Moying, there were four other men here!

Murong Ni thought about showing such a disgraceful matter to the man that she had been secretly in love with for so long, and her confidence crumbled. Adding on to the fact that Li Moying held no sympathy for her but was so gentle towards Huang Yueli.

This hateful contrast in treatment really made her want to vomit blood.

Her beautiful big eyes had already turned red by now but she still had no way to take down this hateful fiancée of his!

Li Moying did not even look back once as he affectionately led Huang Yueli off along as Mo Yi, Mo Er and Mo San followed behind as they continued on to their destination.

Chapter 327: Murong Ni's Provocation (5)

Only Luo Jiyun stayed behind and helped to pull the daggers out for Murong Ni.

It wasn't easy for Murong Ni's feet to finally touch the ground. A cold gust of wind blew past and she shuddered from the chill.

After a moment did she then notice that her clothes had long been riddled with cuts and many parts had revealed her fair skin beneath.

She suddenly felt very shy and awkward as a cold glint flashed by her eyes.

"Yue Li... the fox demoness who seduced my Senior Brother. You're simply too much! I will not let you go!"

Luo Jiyun frowned. "Junior Sister, haven't you had enough? Do you seriously think that everyone couldn't see? This time it was definitely you who had started it right?"

"You...Fifth Brother, you're also not gonna stand on my side?"

Murong Ni's eyes were moist, never had she expected that even the best tempered Brother amongst them disciples also reproached her.

"This is not a matter of whose side who is on, but it's just blatantly obvious alright?" Luo Jiyun couldn't help but sigh. "Sister-in-law's cultivation is lower than yours by a huge margin, why would she take the initiative to provoke you? Besides, if she really wants to bully you, all she needs to do is to complain to Senior Brother. There's no need for her to take such a huge risk and do it herself."

"What Sister-in-law?! She is not worthy of Senior Brother!" Murong Ni rebuked.

Luo Jiyun replies, "Whether or not she's worthy, it's not for us to say. Since Senior Brother has decided then we just need to respect his decision. Moreover her talent is also not considered very bad..."

"Alright alright alright, I've seen thought you already. You are just saying whatever the wind direction blows in! Since you are not going to help me, then just go away! No matter what, I would not let Senior Brother continue to be misled by that seductress!"

Murong Ni clenched her fists in determination and turned to chase them.

"You...wait!"

Luo Jiyun pulled her back. "Don't go trouble Senior Brother any further, if he really gets angry, he wouldn't even recognize any familial ties! It's not as if you've never witnessed him when he starts killing!"

"But... I am his Master's daughter, he's only scaring me, he wouldn't really do anything to me!" Murong Ni raised her chin up resolutely.

She was very confident on this fact.

Thinking back, if it wasn't for her father who had recognized Li Moying's talent who then was only a forsaken sickly prince left to die in the cold palace, he would have died years back!

It could also be said that her father, Murong Canghui was a father figure to Li Moying.

Li Moying's personality may be cold, however, even if he does not say anything but from his actions, it could be seen that he had highly respected Murong Canghui. He always listened to the wishes of Murong Canghui and was more indulgent to his two daughters.

"Hey...you! Forget it, no matter what, I do not dare go against Senior Brother, follow me back to the sect!"

"I won't go! Let go of me!"

"I'm not letting go!"

The two of them continued on, stuck in this stalemate.

Luo Jiyun's cultivation was higher than hers and with him in her way, she couldn't pass through.

Murong Ni bit her lower lip as she looked at him with her big doe eyes. "Fifth Brother, I was wrong. I promise that I won't go and find anymore trouble with Yue Li! But the place that Senior Brother wants to go to is very deep within the Dark Moon Forest and its fraught with danger. I must go and help him! You also know that with my capabilities, I am definitely a huge help to him!"

Luo Jiyun was stunned for a moment.

That' right..this girl here was also a ...

If it wasn't for her special ability, Senior Brother would never have brought her along.

If they were just to leave like this, would they harm Li Moying's party instead?

While he was still hesitating and deep in thought, Murong Ni made use of this opportunity while he was distracted and slipped past him and flew ahead.

Chapter 328: Second Rank Array Master (1)

After getting rid of Murong Ni, they continued to move deeper into the forest, venturing towards the inner zone.

Huang Yueli stopped in her tracks as she turned her head back and looked. There was not a shadow of Murong Ni at all.

Li Moying saw that she hadn't kept up and he looked back and asked with concern, "what happened?"

Huang Yueli looked at him and blinked, "Don't you want to know what happened just now? How did all that come about?"

Li Moying replied very naturally, "I may not know what happened but I do know that you are someone who wouldn't waste your energy unnecessarily to pick a fight with others. It was definitely Ni'er who provoked you. Since she started it, she deserves to be beaten!"

Huang Yueli couldn't resist and her lips curled up as she smiled smugly.

“Li Moying, has anyone told you that you are a very biased man?”

“Nope, I’m only bias to you alone. But.... If you are touched, you can give me a kiss as a thank you.”

Li Moying looked at her with his pair of mesmerizing eyes, as his face came closer and closer to her, trying to get her to plant a kiss on her own.

But alas, Huang Yueli did not fall for this and shot him a death glare as she quickly chased after Mo Yi.

When Mo Yi saw her, his expression turned a little strange, he had turned back a few times, each time it was as if he wanted to say something but he held back.

Huang Yueli thought that he was behaving strangely but she persisted in not asking, finding joy in watching him. Whenever he restrained himself, he looked like he just had a huge battle within. This, to her was hilarious and her own form of entertainment.

Finally, Mo Yi could not hold it back any longer

“Mistress...cough, no, I mean Third Miss.”

When he saw her narrow her eyes dangerously at him, he quickly changed the way he addressed her.

“That is... Third Miss.... Please don’t argue with Miss Murong. Her personality is brash...because our Sect Master dotes excessively on her. However, in this Dark Moon Forest, her ability is very important, if we let her go back just like this, I am afraid that we might meet with some danger...”

“Enough!”

Mo Yi had yet to finish his words when Li Moying interjected.

“Who allowed you to be so noisy in front of Li’er? Since when did you have a say in this Lord’s decision?”

Mo Yi remained quiet.

However this aroused the curiosity in Huang Yueli as she tugged at his sleeves and asked, “What ability does she have that’s so special?”

“Nothing important.” Li Moying replied.

Huang Yueli raised her eyebrows and pressed on, “Actually, if she is really important, it’s fine if you let her join us. Anyway, what is of utmost importance is to find the Profound Lunar Jade. Anyway, I can just ignore her and won’t waste my time on idiots. I don’t want to affect any of your plans.”

“It’s really not important, I don’t want you to be unhappy.”

Huang Yueli replied, “I won’t be unhappy.”

If Murong Ni was to follow them, the unhappy person would be Murong Ni herself. Towards such unruly, self-opinionated, haughty yet simple minded people, Huang Yueli had many ways to deal with them. She was only afraid that Murong Ni would run home crying.

However, Li Moying remained firm on his stance and Huang Yueli did not persuade him any further.

As evening approached, they reached a large clearing and they started to prepare to set camp.

Dark Moon Forest was the most dangerous at night. All kinds of powerful magical beasts would roam the forest at night. Even for someone like Li Moying had to be extra vigilant. They had to make use of whatever time they had before the sun sets to make the necessary preparations.

Just as Mo Yi, Mo Er and Mo San started to set up a tent, two figures approached them, one running, another chasing.

“Hoo...hooo...finally caught up to you!”

When she saw Li Moying, Murong Ni brightened up and ran over to him.

Chapter 329: Second Rank Array Master (2)

“What are you doing here? Didn’t I ask you to go back?” Li Moying furrowed his brows, “Jiyun, can’t you even accomplish such a small task given to you?”

Luo Jiyun didn’t have it easy when he finally caught up.

Murong Ni’s cultivation was focused more on her body, while Luo Jiyun focused more on strength, hence he could not win her in terms of speed. He had chased her all the way here and now being reproached by Li Moying, he was full of grievance.

“Senior Brother, Junior Sister insisted on chasing over.. I..I didn’t have any other way!”

Li Moying glances at him coldly and turned to look at Murong Ni.

Murong Ni has always been spoilt and unruly but because of Murong Canghui, he had always glossed over it.

However, today she had actually attacked his little fox with her whip!

If he was one step too late just now, on his little fox’s delicate skin, there definitely would have been a bloody red lash mark on it!

Just the thought of it made him furious.

If it was anyone else, he would have directly rushed up and killed her, but he had only pushed her aside and had spent all his patience and practiced restraint.

Murong Ni had carefully thought through it on her way here.

In order to avoid angering Li Moying any further and get forced to go back by him, this time, she would control her temper and pretend to admit her mistakes. She was wrecking her brains to think of all ways and means to stay here, anything else would come later!

She would slowly bide her time and to wait for an opportunity to break them apart!

With this thought, she lowered her head while trying her best to look pitiful as she softened her voice.

“Senior Brother, I was wrong. I shouldn’t have fought with Miss Yue. Although she is not good with words and her cultivation is so low... I would not hold it against her...”

“Junior Sister!” When Luo Jiyun heard her feeble attempt at apologizing but still pushed all the responsibilities to Huang Yueli, he didn’t know what else to say. But seeing that Li Moying’s expression was getting darker and darker, he quickly interrupted her.

He bitterly tried to salvage the situation as he cut in, “Senior Brother, while on our way here, Junior Sister had told me that she would not stir up anymore conflict with Sister-in-law. I will also be responsible in watching her! Please let us stay here! It’s going to be dark soon and the inner zone is very dangerous. Our party is too small, so no matter what, I’m not going back! Junior Sister is a Second Rank Array Master and she plays a vital role in this party so please don’t hold it against her.”

When Huang Yueli heard this, the corners of her mouth hooked up.

So it turned out that this Murong Ni was an Array Master

No wonder she was so brazenly arrogant. She was confident that her role was too important and Li Moying definitely need her help and wouldn’t chase her away!

The Array Master was another high profile occupation in the Soaring Heavens Continent.

Not only could they engrave arrays on armaments to enhance the attacks and defence, the more skilled ones could even engrave arrays on pills to enhance their efficiency!

Of course, the most important role of Array Masters was that they were pivotal during wars. They could arrange arrays to support the warriors during battle! The higher ranked ones could even aid in large defensive arrays such as those big sects that had their Mountain Guardian Array.

There were also some high powered arrays that had been passed down from ancient times. Once activated, they even had the power to destroy kingdoms!

Although this type of arrays had long been lost with the vicissitudes of time, the array was still very highly sought after means of support as it was very practical and useful.

To be an Array Master, one must have very strong mental fortitude as it had many facets of analytical aspects. That was why, to be one, it was as rare as one would find an Alchemist or Armament Master.

Murong Ni was only sixteen but she was already a Second Rank Array Master and this indeed was talented.

It’s no wonder she was so proud!

Chapter 330: Second Rank Array Master (3)

Other than Luo Jiyun who promised to be a guarantor, Mo Yi and the rest had promised as well.

As subordinates, although they trusted Li Moying’s strength, they were still worried that he might be still get injured if he was careless for a second and they wouldn’t be able to bear that responsibility.

Having an Array Master in the team would be an extra assurance.

In the end, Murong Ni was allowed to stay on but on the terms of her apologising to Huang Yueli and Luo Jiyun had to be her shadow to watch her every move.

Although Murong Ni was unwilling, she had no other choice as she stood in front of Huang Yueli as she deliberated for a long time before saying, "Y... Young Sister Yue Li, s...sorry, I was...too impulsive earlier, pl..please forgive me."

By the time she had squeezed out the entire sentence, her entire face had turned a shade of crimson.

As a daughter of a large sect's Patriarch, she never had to lower her head to outsiders. Not only was it just anyone, it was that hated fox demoness who stole Li Moying away!

Huang Yueli smiled at her but remained silent.

Murong Ni had thought that she had already given a lot of face to a waste by apologizing to her and Huang Yueli should feel flattered and in turn apologize to her instead.

But looking at the way things were, it seems that Huang Yueli was still hesitating and did not want to accept her apology?

"Wha...what's the meaning of this? I've already apologized to you, didn't you hear it?" Murong Ni couldn't help but cried out loudly in anger.

Huang Yueli beamed a bright smile at her. "Aren't you apologizing? Why are you still yelling so loudly at me? Don't you know that I'm very weak? I'm only at the qi profound realm, being yelled at by you could very well scare me out of my wits! If I've been scared, your Senior Brother would be angry again!"

"You...! This fox demoness! You're using Senior Brother as a shield!"

"Tsk tsks, look here...there you go again... after talking for a bit you're scolding people again. Such a feeble apology that's so insincere, how do you expect people to accept it?"

"You....!"

Murong Ni was just about to yell back at her but after she heard her words, she had no choice but to calm herself.

Endure...endure...endure!

She had to endure this little thing to not spoil the grand scheme, if Li Moying is angered now, she would definitely be tied up and sent back!

Murong Ni gnashed her teeth as she forced herself to apologize once more: "I am sorry, I am very sincere in making good!"

Huang Yueli shrugged her shoulders, "Whether or not you're sincere, it's just your mouth saying it, do you think that I'll believe you with a few mere words?"

Murong Ni's face turned redder with each passing moment, she couldn't wait to beat her up on the spot!

Huang Yueli was too lazy to bicker on with this precious noble lady from the large sect and nodded her head to Luo Jiyun. She then turned and walked over to help Mo Yi and the rest with the tents.

Having been completely ignored, Murong Ni was fuming with anger.

She had to take a few deep breaths to calm herself down finally managed to reign in the fire that was blazing within.

Forget it! The most important task at hand now was to stay!

As for this fox demoness..... She thought that she had the backing of Senior Brother then she'd be fine?

Hmph, with such a low cultivation, venturing so deep into the Dark Moon Forest was akin to a sheep entering a wolf's lair.

She might not even make it out of the Dark moon Forest alive!

After cursing Huang Yueli viciously in her heart and glaring menacingly at Huang Yueli, Murong Ni turned and walked away.

Working together, three tents were quickly set up.

Luo Jiyun smiled delightedly, "It's all done! The rest is all up to you Junior Sister!"

Many Magical Beasts lurked at night here in the Dark moon Forest and a few tents were very eye catching and would definitely attract these Magical Beasts, therefore at this moment, it was time for the Array Master to shine.
