### **Chapter 3221: Assassinate Sky Devil Rui Ze (4)**

But now, since there were no Dao Profound Realm practitioners, Rui Ze simply didn't give a damn about Li Moying and Jun Sihan.

He laughed coldly. "The two of you have come just in time! This Seat's blood essence is damaged and I need two top-quality blood devil pills to replenish my blood vigor! Your innate talents are so outstanding. If I were to refine you into blood devil pills while you are alive, the medicinal effects will definitely be extremely satisfactory! Perhaps, it might even help me advance into Sky Devil end-phase! Hahahaha!"

Rui Ze sized the two of them blatantly as though they were already his ingredients!

However, this provocative speech seemed to have no effect on Li Moying at all.

He said indifferently, "You want to refine us into medicinal pills? I'm afraid your life is not tough enough and you don't have any qualifications to have any designs on us! Moreover, we're intending to use your devil stone to exchange for military merits in Blessed City!"

Jun Sihan also spoke with a relaxed expression, "Killing Sky Devil Rui Ze will be a consecutive promotion of 3-stars! It's really rare for such a good opportunity to come by!"

Hearing their words, Rui Ze's expression abruptly changed!

He thought, "Mere Heart Profound Realm practitioners like them dare to have designs on me! They are even thinking of retrieving my devil stone in exchange for military merits??"

That, to the demon tribe, was the greatest insult!

"The two of you— are looking for death!"

Sky Devil Rui Ze totally couldn't control his fury. After an angry shout, he instantly pulled out his cutlass hanging by his waist and slashed it towards Li Moying's head!

Dense demonic Qi instantly dissipated and repleted in the cave!

"This Seat shall let you two god clan brats experience a Sky Devil mid-phase real power! But I won't let you die so easily. Just wait to be turned into blood devil pills! Hahahaha!"

Even Master Jin who was sitting in the corner let out a faint smile.

To a Blood Pill Master like him, all he had been seeking throughout his life was to get this kind of "herbs" like Li Moying and Jun Sihan and refine an even higher quality blood pill!

Arrogant laughter filled the skies and Rui Ze's cutlass was already right above Li Moying's head.

Li Moying had been defending against him long ago. His figure swayed and he disappeared right before Rui Ze's eyes.

Apparently, Rui Ze did not expect Li Moying's speed to be so fast!

So when his cutlass struck the air, he went into a slight blank.

Although he was distracted for just a few seconds which one couldn't even notice, Li Moying and Jun Sihan were extremely sensitive towards this. They precisely captured this instant.

The two of them struck out at the same time. Electric currents and water blades shined mutually and exploded into a powerful burst of energy in the cave!

Two Profound Energies crashed against Sky Devil Rui Ze's demonic qi in the air!

Because of the force of recoil, Li Moying and Jun Sihan fell. There was a dull pain in their chests. It was evident that they were injured.

However, Rui Ze's expression was a hundred times more astonished than theirs!

It was because he had never imagined that two Heart Profound Realm practitioners were actually able to injure him!

He suffered an even greater disadvantage from the exchange of blows earlier!

Thunder attributed energy was fierce and unyielding while water attributed energy was tenacious and continuous, which made up for the other attribute's flaws.

Adding to that Li Moying and Jun Sihan had worked multiple times together recently, so they had great tacit coordination. The two of them were peerless top geniuses and their foresight was extremely accurate. When they made their moves, they would naturally aim for Rui Ze's weakness!

Hence, just after one move, Rui Ze realized that he was currently at a disadvantage...

### **Chapter 3222: Sadistic (1)**

"Damn it, you two brats are rather capable! Too bad, This Seat was just playing around with you guys earlier! Don't even think that you can win This Seat like this. The one who will die... will still be the two of you!"

"Take this!"

Rui Ze was also fired up and stopped underestimating the enemy. He unleashed all his demonic power and attacked the two of them at full force!

Li Moying and Jun Sihan also raised their concentration to the highest, carefully dealing with the enemy!

Although they were rather confident about their own capabilities, the other party was an established top expert in the demon tribe, a Sky Devil mid-phase top exponent!

If it was in terms of actual ability, they would actually not be able to win Rui Ze.

Initially, they had also considered sneaking an attack while Rui Ze was not expecting them, and killing him in one go!

But after careful thinking, they knew that it wasn't possible.

Rui Ze was not in his closed door cultivation right now, but was fully awake!

Moreover, with the previous incident with Jing Zhihai and the others, they believed that when Rui Ze was cultivating, he would definitely be more careful than before. Thinking that he would let his guard down now was simply too difficult!

So their only chance was to drag it for as long as possible!

Sky Devil Rui Ze originally had suffered a serious internal injury because his closed door cultivation was interrupted. So originally, he should abstain from fighting right now!

If he forcibly tried to fight, he would be able to display 80% of his peak ability. But every move he made would increase the severity of his internal injury.

If time were to drag on, his internal injury would become even more serious.

As time goes by, Rui Ze's ability would slowly slip. If he suffered another heavy blow, he might even face the danger of dropping a realm!

Li Moying and Jun Sihan grabbed this point and simply put up a defensive stance. Their tactic was mainly to evade and make Sky Devil Rui Ze run around in circles.

The two of them were proficient in body movement Profound Skills and their speed was extremely swift. With mutual coordination, it was more than enough to restrain Rui Ze.

When Rui Ze saw them evading his moves initially, he felt that these two brats should have lost their fighting spirit and underestimated them again. He felt that they were only trying to escape and did not even muster up any courage to counter-attack him. So they were bound to fall into his hands sooner or later.

Furthermore, to capture these two rare ingredients to refine into blood devil pills, Rui Ze carefully controlled his actions because he was deeply afraid of accidentally killing them!

If any one of them died, they would be refined into ordinary blood pills. The medicinal effect of that was 10 times weaker!

Li Moying and Jun Sihan sensed his thinking so when they evaded his moves, they didn't try very hard to do so since he wouldn't kill them!

Furthermore, this would give Rui Ze a wrong perception that they had already exhausted their energies and would collapse anytime to become his hostage!

Their acting skills passed the test and Rui Ze was indeed hooked. He became more and more excited, and he started to hit them even swifter than before!

"Damn brats, quickly get on your knees and surrender!"

"Escape? Where do you think you can escape to??"

"See how I kill you with one palm strike!"

As Rui Ze shouted, he recklessly used up the demonic power within, totally forgetting about his injuries!

As he struck out a fatal palm strike, he felt that he should be able to defeat Li Moying and Jun Sihan.

Just then, Rui Ze suddenly sensed an acute pain coming from his dantian!

### **Chapter 3223: Sadistic (2)**

This pain swiftly expanded throughout every single meridian in Rui Ze's body!

It was only now that he realized that he had affected his internal injury by forcibly using demonic qi!

If he continued to attack recklessly, his internal injuries would soon become even more serious and would result in a drop in his realm!

Thinking of this, Rui Ze was alarmed! He subconsciously slowed down the speed of his attacks and also reduced the strength of his moves.

In comparison, Li Moying and Jun Sihan detected a chance so they stopped evading. Instead, they came closer to Rui Ze and grabbed whatever possibility they had to counter-attack!

After blocking off a few of their moves, Rui Ze finally realized that something was amiss.

His expression changed abruptly as he stared fixedly at the two men in front of him. "You two... actually..."

However, before he could finish his sentence, Li Moying and Jun Sihan's aura suddenly erupted at the same time! They launched their strongest attack at him without any prior discussion!

Multiple electric currents rained down from the sky, piercing through the top of the cave's defensive array to create a big hole!

Amid the lightning bolts and deafening thunder, the rain started to pour.

When the raindrops were about to land on the ground, they suddenly stopped in mid-air and congealed into multiple water blades. Then it swept towards Rui Ze!

In a narrow space like the cave, Rui Ze had no place to evade. He could only brace himself and unleashed his demonic qi to make a run for it!

But Rui Ze's meridians could no longer take this powerful impact!

Just as he forcibly unleashed his demonic qi, Rui Ze's eyes went black and he almost fainted.

The demonic qi crashed vigorously against Li Moying and Jun Sihan's Profound Energies, and the two of them were sent flying from the impact!

But after barely managing to stop themselves in mid-air, they turned around and looked in the direction where Rui Ze stood!

That piece of land suffered a huge amount of Profound Energy impact, so it was already in chaos. The rocks on the cliff kept rolling down and the ground was filled with cracks.

Rui Ze clutched his chest and his expression seemed to be in extreme pain whereas the sweat on his forehead was rolling down continuously.

It was obvious that he could no longer suppress his internal injury and it was already starting to erupt!

Li Moying and Jun Sihan exchanged glances and saw the excitement in each other's eyes!

They had dragged on for such a long time, exhausting so much energy and even taking large quantities of medicinal pills that Xia Yunxi had given them before they managed to persist till now. All they were waiting for was this chance!

A chance that they could kill Rui Ze!

The two of them didn't say a word, but dashed towards Rui Ze at the same time!

Rui Ze was indeed a Sky Devil mid-phase top expert. In the instant his internal injury broke out, he subconsciously sensed the danger he was in! Especially when Li Moying and Jun Sihan were approaching closer to him, that penetrating murderous feel made his hairs stand on end!

Rui Ze wanted to propel his demonic qi once again but only felt a flurry of torturous pain in his meridians. He couldn't summon any demonic qi at all!

Furthermore, when Li Moying and Jun Sihan appeared, Rui Ze had already sent out a signal for his guards to come and help him fight against the enemy. But until now, not even one guard appeared at all...

He couldn't understand how the allied armies had managed to hold on to the dozens of Earth Devils.

But Rui Ze was well aware that no one would come and save him right now!

### **Chapter 3224: Sadistic (3)**

His life and death were hanging on a thread!

Rui Ze was on the verge of despair!

But just at this instant, his gaze drifted towards the three pill furnaces in the corner!

Master Jin who was next to the pill furnaces was lying motionless on the ground. He had been struck by the dissipated energies when the three of them were fighting earlier, and no one knew if he had fainted or was dead.

Even those three pill furnaces which were still refining lay slanted on the ground.

But the pill furnaces used to refine blood devil pills had special array patterns. Even if it fell to the ground, the furnace lid was still tightly shut. The blood-colored smoke inside continued to whiff out.

Rui Ze's gaze flickered and he instantly made his decision!

He charged towards the pill furnace in a second, slid his finger across the array pattern and the lid abruptly flew off!

"Boom—"

A loud explosion was heard and a burst of red smoke gushed towards the sky. The blood stench instantly pervaded the entire cave!

Li Moying and Jun Sihan were shocked by this sudden change. Their actions halted for a second and that allowed Rui Ze to escape from them!

Just as the both of them were still in shock, a sharp miserable scream suddenly emitted from the pill furnace.

“LET ME DIE—! LET ME DIE PLEASE—! AHFFF~ LET ME OFF—! I RATHER DIE—!”

This ear-piercing scream seemed to contain endless pain, which invoked a chill from the depths of their soul!

Li Moying still hadn't realized what was going on but Jun Sihan had an abrupt change of expression. “Blood devil pill, it's the blood devil pill! Those few pill furnaces are refining blood devil pills. The pills have yet to be molded into shapes...”

Hearing that, Li Moying's expression also changed!

Although he hadn't seen it personally, he had once heard the people in Cloudy Qilin Clan mention the cruel methods of refining the blood devil pill.

But hearing about it versus witnessing the “ingredient” screaming miserably was totally different!

Especially when the cave's blood stench was becoming denser by the second. It was filled with strange, evil energy which made one feel the chills.

“Damn demon tribe, you actually used god clan practitioners to be refined into pills while they are alive!” Even if Li Moying was knowledgeable, he could not help but feel shocked.

But the person who felt most terrified was Huang Yueli, who was hiding in a secluded corner of the cave!

Although the original tone of the miserable cry coming from the pill furnace had already been lost due to the pain, Huang Yueli was still able to differentiate that this voice belonged to Jing Zhihai!

Huang Yueli had always thought that after Jing Zhihai failed in his attempt to assassinate Sky Devil Rui Ze, he died instantly. She didn't expect that not only did he not die, but he was also treated as an ingredient and being refined while he was alive!

This was really... too sadistic!

Huang Yueli felt that Jing Zhihai and the others had violated the military regulation and almost caused so many soldiers to die, they deserved to die for their actions. But she didn't expect his ending to be so miserable!

Jun Sihan looked at Li Moying and said, “These have already been refined into blood water, so they can't be saved! We'd better quickly destroy the pill furnaces. Otherwise, if Sky Devil Rui Ze forcibly swallows the unrefined blood devil pills, he can still restore his ability!”

Although the effect was only 10% of the original blood devil pill, to the current frail Rui Ze, this was his only life-buoy!

Li Moying instantly came to his senses. “That's right, let's target one each!”

## Chapter 3225: Sadistic (4)

“Alright!”

Jun Sihan nodded slightly and the two of them made their moves simultaneously. They directly attacked those two pill furnaces!

They knew the severity of this matter so they didn't hold back at all. All they wanted to do was to completely destroy these two pill furnaces!

Sky Devil Rui Ze put his hand into the pill furnace and grabbed a red-colored light ball in his palm. Jing Zhihai's face could be seen indistinctly in the light ball, revealing an extremely painful expression!

Under Huang Yueli's horrified gaze, Rui Ze grabbed the light ball and stuffed it into his mouth!

“HELP—! HELP—!”

Jing Zhihai shouted miserably but his remaining soul trace had been sealed in the light ball. So how could he possibly fight against Sky Devil Rui Ze!

The sharp shrills were still ringing when the light ball entered Rui Ze's mouth!

Once the light ball vanished, Rui Ze's demonic qi abruptly increased!

With the nourishment of the half-finished blood devil pill, his internal injuries swiftly recuperated. Although it was a far cry from total recovery, it was sufficient for him to adjust the demonic qi in his body!

Rui Ze revealed a delighted expression. His original good-looking face turned sinister!

He turned around, wanting to open the other two pill furnaces.

Whoever knew that just at this moment, two bolts of Profound Energy sped past him and pierced through those two pill furnaces right before his eyes!

Miserably and horrifying cries rang from inside the pill furnaces, and it instantly exploded!

White smoke pervaded the air in an instant and the blood stench smell inside the cave was so thick that Huang Yueli couldn't help but feel like retching.

Rui Ze stood in shock, as though he didn't believe that such a thing had just happened.

The pill furnaces used to refine blood devil pills were specialized, all the materials used were extremely rare, and it was abnormally solid. Pairing it with the furnaces' various array patterns, even a Sky Devil grade top exponent could not break it easily!

Otherwise, during the process of refining blood devil pills, if they used “ingredients” with exceptionally powerful soul traces, the pill furnace might directly explode!

So right from the start, Rui Ze did not believe that Li Moying and Jun Sihan could achieve this!

But very quickly, Rui Ze realized what had just happened and his face turned livid!

“Damn it, damn it, damn it—!! You dare to destroy This Seat's blood devil pills!”

His eyes became bloodshot as though blood was about to pour out. No one knew if it was because he was overly agitated or if it was because he had just swallowed Jing Zhihai's blood-colored light ball!

"This Seat must catch the two of you and use you as a replacement for those two blood devil pills! God grade geniuses with such innate talent refined into pills will definitely allow This Seat to smoothly breakthrough to Sky Devil end-phase!"

Saying that, Rui Ze could no longer suppress the anger in him and charged right toward the two of them!

Li Moying scoffed coldly, "Already at doom's end, yet you're still boasting!"

Following the last word, a mighty-looking Qilin covered in shining scales appeared behind him!

"Lilac Jadeite, go—!"

Li Moying pointed with his long sword. The Qilin did a flip in mid-air, and a bolt of purple light flashed past its body!

Rui Ze was already stunned by the appearance of the Qilin. He already knew that these two god clan youngsters in front of them were first-class geniuses in the ancient god clans. But he didn't expect Li Moying to be able to subdue an ancient spiritual beast!

### **Chapter 3226: Sadistic (5)**

Even if it was a Dao Profound Realm top exponent, it might not be possible to subdue an ancient spiritual beast, let alone that Li Moying was only in Heart Profound Realm!

For someone with this cultivation, who was able to subdue an ancient spiritual beast, it could only prove that his innate talent was terribly powerful! He was absolutely one of the top-class geniuses among the ancient god clans!

But why would this kind of person suddenly appear on the demon tribe battlefield frontlines?

Immediately following that, Sky Devil Rui Ze finally managed to come round to his senses and was preparing to fight back when he suddenly realized that... his body was immobile!

Li Moying secretly heaved a sigh of relief when he saw Rui Ze's body turning stiff.

His little Qilin was still an infant, after all. To tell the truth, he wasn't very confident if it could immobilize an opponent with such great power as Sky Devil Rui Ze.

Luckily, it still succeeded in the end!

But Rui Ze had just taken an unfinished blood devil pill earlier, and his blood vigor was extremely exuberant right now. Breaking through the numbness state would just take an instant!

Li Moying grabbed the chance, and his long sword sliced past multiple electric currents in the sky, sweeping it towards Rui Ze!

Jun Sihan couldn't help but praise, "What a beautiful Qilin!"

His figure swayed, and he appeared right behind Rui Ze's back, striking him at the same time!

“Arghhhh—!”

Rui Ze let out a miserable cry as he was slashed by both of them simultaneously. Blood started to spurt out! His body went soft, and he fell to the ground!

Happy expressions appeared on Li Moying and Jun Sihan’s faces. They were just about to continue with their victorious streak to kill Rui Ze in one go. But while Rui Ze’s body lay on the ground, the injuries on his body were swiftly being healed at a speed which could be seen with the naked eye...

The two of them were flabbergasted!

“Sky Devil Rui Ze’s wounds actually healed by themselves! Could this be... the effect of that blood devil pill that he swallowed earlier?”

But the two of them quickly came around it.

Devils originally require blood vigor to be replenished when they’re healing from their injuries. Rui Ze had swallowed the blood devil pill refined from a Heart Profound Realm top exponent like Jing Zhihai. So that was why his blood vigor was overflowing!

If one looked at it from another angle, it was a waste to let the blood vigor disperse in this way. But during battle, the amount of blood vigor was enough for Rui Ze to display astonishing ability and healing capability!

Seeing this scenario, Li Moying’s brows creased tightly. Although he continued to attack, he had an ominous feeling in his heart...

“Rui Ze’s healing capability is so strong. How much effect must we spend to wear him out?”

“Moreover, we are only in the Heart Profound Realm and our Profound Energy inside is limited. We can’t stand long hours of exhaustion...”

Li Moying suddenly thought of something and frowned as he looked at Jun Sihan.

“What are you waiting for? Where’s your dragon??”

Jun Sihan coughed as he continued to attack, “Cough cough, coming, coming. It’s coming right up! You don’t know... ever since my wife ran away from anger, my little dragon isn’t very happy to entertain me...”

He had just finished his sentence when a Divine Dragon covered entirely in golden floated in mid-air!

Rui Ze’s eyeballs almost popped out of their sockets!

He hadn’t expected this at all. Not only did Li Moying subdue an ancient spiritual beast, but even Jun Sihan also contracted an ancient spiritual beast. Moreover, from the looks of it, this Divine Dragon seemed to be a tough cookie!

Jun Sihan pointed at Rui Ze’s nose, “Quick, this fellow is the one who wants to turn Little Xi into a blood devil pill!”

Divine Dragon’s head was originally tilted upwards with a stuck-up look.

**Translator: Misty Cloud Translations Editor: Misty Cloud Translations**

Hearing this, Divine Dragon instantly became furious!

It opened its mouth wide and huffed a mouthful of dragon breath at Rui Ze!

Rui Ze's body was instantly enveloped in a ball of golden light.

His body went stiff and he suddenly sensed that the injuries on his body had all stopped healing!

Li Moying's lips curled into a smile. "Divine Dragon's innate talent skill is indeed very useful! Quick, get rid of this fellow!"

Jun Sihan's Divine Dragon's innate talent skill was purification!

If it was a matured Divine Dragon with a powerful ability, it could even purify Rui Ze's demonic Qi in his body, leading him to drop a few realms instantly!

But Jun Sihan's Divine Dragon was still in an infancy stage, so its purification capability was limited. That alone could prevent Rui Ze's body from automatically healing itself.

To Li Moying and Jun Sihan, this was sufficient!

The two of them grabbed the chance and under both ancient spiritual beasts' coordination, they unleashed their attacks with all their might at Rui Ze!

Rui Ze pushed ahead with desperate resistance. The blood devil pill which he swallowed could give rise to a large amount of blood vigor, but it could only last for a short time. In the end, he slowly lost his energy and fell dead under Li Moying and Jun Sihan's swords.

A loud "boom" was heard.

Rui Ze fell heavily to the ground. Blood flowed out from his seven orifices and he laid there motionless.

The two of them used their soul trace to check and verify that Rui Ze was indeed dead before they heaved a sigh of relief.

Li Moying wiped the sweat off his forehead, only to find that his entire shirt was drenched in sweat!

This battle against Sky Devil Rui Ze might not be the most arduous battle that he had been through. But the tremendous amount of pressure that he faced was absolutely the first!

A Sky Devil mid-phase strong practitioner's aura and suppression weren't like any ordinary practitioner. If it wasn't because Li Moying and Jun Sihan had powerful soul traces, they might not even be able to say a word in front of Rui Ze, not to mention fight with him!

After the battle ended, Little Qilin leaned forward and rubbed its head affectionally against Li Moying's neck.

Li Moying patted its little head and smiled, "It's been hard on you!"

Little Qilin waved its tail, apparently extremely happy. It rubbed itself on Li Moying again before vanishing in mid-air.

After all, it was still an underaged spiritual beast. Numbing a top exponent like Rui Ze sapped its energy. So Li Moying quickly kept it away to rest.

Jun Sihan's little Divine Dragon wasn't that cute. It swung its tail at Jun Sihan and said with a tsundere look, "I'm helping you because of my beautiful sister. No need for thanks!"

Saying that, it also disappeared with a "whoosh"!

"Tee hee—!"

Jun Sihan was at a loss for words when he suddenly heard someone giggling from a distance away.

The two men turned their heads around and saw Huang Yueli climbing out from a corner. Her face was filled with gloating over their misfortune. "Hahaha, it's so funny! Brother Jun, your status in the family doesn't seem very high!"

Jun Sihan shot a glance at her and didn't say a word.

Li Moying shook his head helplessly. "Alright, don't laugh at Brother Jun! Are you injured? Come over and let me take a look."

He stretched out his hand towards Huang Yueli and she instantly pounced towards him.

Moreover, when she fell into his arms, she immediately started touching him everywhere.

"What are you doing?" Li Moying hurriedly grabbed her small hands.

He was just feeling hot from the fight. But after she touched him like this, an evil heat instantly aroused in him.

### **Chapter 3228: Didn't Even Kill One At All (1)**

Huang Yueli was stunned. She looked up and met with his starry eyes which were filled with desire.

She was no longer an innocent young lady and immediately understood what he was thinking. Hence she couldn't help but roll her eyes at him.

"You... what nonsense are you thinking of? I merely wanted to check if you're hurt!" Saying that, she frowned. "Earlier I saw Rui Ze struck your chest, did he? Are you injured? Let me take a look?"

Huang Yueli raised her hand and placed it on his chest, coincidentally touching the wound that Rui Ze caused.

Li Moying almost sucked in a breath of cold air, but he forcibly endured it.

He grabbed Huang Yueli's hand and placed it by his lips. Then he laughed in a low voice, "I'm fine, don't let your thoughts run wild. Sky Devil Rui Ze might seem incredible, but your husband isn't someone to be trifled with as well!"

Huang Yueli took a suspicious look at him, somewhat not believing in what he said.

However, Jun Sihan was just standing next to them. Surely she couldn't just strip her husband's clothes off in front of him, right?

Li Moying knew that she didn't believe in him, so he stretched out his arm to hold her slender waist and pulled her into his embrace. "How about you? Were you hit by the aftereffects of the fight? You're not injured, right?"

Huang Yueli smelled the scent on him and instantly went soft. She pouted her lips, "Why would I be injured? I hid at a very far place!"

While they were fighting, she had deactivated a few surrounding mechanisms hoping to make use of those traps to help them.

But the speed of the exchange of positions between the trio's fight was simply too fast. Huang Yueli was afraid that she might injure him or Jun Sihan accidentally, so she had been holding back, not daring to make her move. She waited to strike only when it was absolutely necessary.

Earlier when Rui Ze swallowed the blood devil pill, she almost made her move!

Luckily Li Moying and Jun Sihan's abilities were extraordinary, and they succeeded in killing Rui Ze in the end.

Jun Sihan stood by the side and looked at their lovey-dovey antics. His lips twitched and he opened his mouth to ask, "Sister-in-law, have you seen my Little Xi?"

Huang Yueli heard Jun Sihan's voice and hurriedly lifted her head. "This... I haven't left the cave's boundary yet. But the fighting noises outside seem much lesser now, Yunxi should have controlled the situation!"

Jun Sihan instantly said, "I'll go take a look!"

He barely finished his words and had already dashed out of the cave in a blink of an eye.

Li Moying, whose arm was placed tightly on Huang Yueli's waist, said, "The stench here is too horrible. Let's leave this place first!"

He held her hand and wanted to leave the cave.

However, Huang Yueli tugged his sleeve. "Moying, wait!"

"What's the matter?" Li Moying's head slanted as he looked at his little fox with raised brows and asked curiously.

Huang Yueli pushed him and after he left her to go, she skipped over to Sky Devil Rui Ze's corpse.

"Devil stone! Sky Devil Rui Ze's devil stone! You guys haven't even taken such an important thing and you're leaving just like that? You guys are such spendthrifts!"

A Sky Devil mid-phase top exponent's devil stone could be exchanged for a minimum of 100 thousand military merits. Even if Li Moying and Jun Sihan divided it equally, they could earn about 50 thousand each.

Just how many Earth Devils would they need to kill before they can get the same amount of military merits!

As she grumbled, Huang Yueli had already squatted down, took out her dagger, and swiftly retrieved the devil stone.

Li Moying walked beside her and lowered his head as he looked at her attentively. At the same time, he was silently keeping guard.

## **Chapter 3229: Didn't Even Kill One At All (2)**

**Translator: Misty Cloud Translations Editor: Misty Cloud Translations**

This was Sky Devil Rui Ze's cave after all and the surroundings were filled with a suspicious blood stench smell. Although it seemed that Rui Ze was already dead, no one could confirm that no other dangers would not appear.

But their luck was not too bad.

Nothing happened during the entire process until Huang Yueli kept the devil stone and stood up.

"Moying, shall we go?" She asked casually.

But Li Moying didn't reply to her immediately.

Huang Yueli was stunned and she looked up to find Li Moying gazing attentively at the three pill furnaces in the corner.

Other than Jing Zhihai's blood devil pill that Sky Devil Rui Ze swallowed, the other pill furnaces had been destroyed by Li Moying and Jun Sihan directly. Li Moying's blood-colored light ball dropped on the ground and was completely crushed by the remnant Profound Energy while they were fighting.

Blood splashed on the walls and it looked extremely ghastly.

Huang Yueli hugged Li Moying's arm and said softly, "Don't look anymore. You guys killed Sky Devil Rui Ze and we can take it that you've exacted revenge for them!"

Li Moying nodded and said, "I know. Let's go!"

The two of them walked hand in hand out of the cave.

When they reached the door, Huang Yueli couldn't help but breathe a long sigh of relief, as though she had just escaped.

"Ah!! The air outside is so fresh. I almost suffocated to death when I was inside!" She took several deep breaths before turning around to look at the surroundings. "I wonder how Yunxi and the others are now... oh, they're over there!"

"Quick, quick, quick, let's hurry over to grab some military merits!"

Huang Yueli pointed at the forest in the north and suddenly dragged Li Moying over as she ran.

Xia Yunxi's commanding standard was indeed very high. Under her mobilization, the allied armies' soldiers coordinated to make their moves. Not only did they manage to block more than 60 Earth Devils outside the cave, they even killed more than a dozen of them!

Although an accident happened in the middle and some allied armies ended up wounded or dead, in totality, the result was even better than what everyone expected!

Jun Sihan immediately announced the death of Sky Devil Rui Ze to everyone when he came out of the cave.

The morale on the allied armies' side increased dramatically. All the soldiers seemed as though they had been injected with stimulants and instantly displayed their battle power. It was simply much faster than several times before!

In comparison, when the demon tribe heard that Sky Devil Rui Ze was dead, all of them seemed to be struck by lightning as they fell into despair. Those who were originally still fighting hard instantly became dazed.

Xia Yunxi's troops immediately followed up with hot pursuit.

Jun Sihan instantly dashed into the center of the formation, brandished his sword, and slashed the devils recklessly!

Even if those trapped devils had Earth Devils abilities and above, in front of Jun Sihan, not many of them could take one blow from him!

The demon tribe was swiftly cleared out.

Huang Yueli might have run swiftly, but she wasn't able to make it in time.

When they reached the forest, the last Earth Devil slowly fell to the ground in front of Huang Yueli...

"Brother Jun, you... you're too much! You didn't even leave the last one for me!" Huang Yueli almost stomped her feet.

Jun Sihan threw a cold glance at her. "This devil's dirty hands are almost going to touch my Little Xi, so how can I leave any for you? Next time if I meet with any devils who are tactful enough, I'll leave them for you."

No matter how unconvinced Huang Yueli was, she simply couldn't accept this fact.

### **Chapter 3230: Didn't Even Kill One At All (3)**

That means she didn't even kill a single devil in this Sky Devil Rui Ze's assassination operation!

Xia Yunxi couldn't help but feel amused as she walked over. "Alright, alright, it's all thanks to Yueli for this mission to be completed successfully. Otherwise, we won't even be able to find where Sky Devil Rui Ze is, not to mention killing him!"

Huang Yueli was originally pretending to be angry. But she immediately smiled upon hearing that.

"I didn't take any risk at all. It's all because of everyone fighting courageously, that's why we managed to obtain the final victory!"

Commander Hu and the others gathered around and there were unconcealable excited and agitated expressions on their faces.

“Young Master Li, Young Master Jun, you guys... you guys actually did it! You really killed Sky Devil Rui Ze! He’s a Sky Devil mid-phase top exponent! It’s... it’s just so unbelievable!”

“In the entire demon tribe battlefield, that’s the only Sky Devil mid-phase top exponent who was killed successfully. If news of this is sent to the allied armies Headquarters, that would definitely be huge merit!”

“Moreover, those who killed Sky Devil mid-phase practitioners are all top exponents of Dao Profound Realm mid-phase and above. Both Young Masters are only in Heart Profound Realm and you have already completed such an outstanding feat... the both of you are indeed God Realm’s first-class peerless geniuses!”

The three Commanders were extremely excited, as they heaped loads of praises upon them.

No one could blame them for being so excited. Based on their abilities, it was simply not possible to kill a Sky Devil personally in their entire lifetime.

But ever since Huang Yueli and Xia Yunxi came to their campsite, they were allowed to take part in both operations to kill the Sky Devils!

Even if they were not the main forces to kill the Sky Devils, being able to assist these peerless geniuses in completing this outstanding feat was also their glory!

This kind of experience would completely become their future conversation starter!

Many people would definitely be envious of their experiences if they mentioned them!

Huang Yueli and Xia Yunxi were also ecstatic. Hearing others praising their husbands was even better than praising their own selves!

On the other hand, Li Moying and Jun Sihan were much calmer and there wasn’t any expression on their faces.

Li Moying raised his voice and said, “The Earth Devils here have all been eliminated. Will the respective soldiers from each team gather the Earth Devil’s devil stones and clean up the battlefield. It’s already pretty late and we have to hurry back to the campsite. Divine Lieutenant Li is still waiting for our news. If this drags on for too long, he would be extremely worried.

Huang Yueli also came back to her senses. “That’s right, we have to return as soon as possible!”

Commander Hu and the others quickly gathered the corpses’ devil stones. Everyone lined up orderly and with Huang Yueli leading them, they returned to the campsite.

As compared to the cautious feelings that they had when they came, everyone was jubilant on their way back.

Once they arrived at the campsite, Li Yukun was so excited that he almost shed tears upon hearing the news.

“My goodness, that’s great. That’s simply great! You guys really did it! Young Lord, Young Master Jun, you’re absolutely peerless geniuses in God Realm! You killed a Sky Devil mid-phase top exponents when

you're only in Heart Profound Realm! When you grow up in the future, those demon tribes will probably be so afraid that they can't sleep at night!"

He was so excited that he completely forgot that he hadn't recovered from his injuries. At this moment, it seemed as though he couldn't feel the pain in his body at all.

"I just immediately write a letter about this matter and report to the Divine General in Blessed City! Killing Sky Devil Rui Ze is a humongous merit!"
