### **Chapter 3231: Didn't Even Kill One At All (4)**

Killing a Sky Devil mid-phase practitioner didn't seem like a big deal.

But Blessed City had recently experienced the demon tribe's continuous attacks. The main reason was that Sky Devil Rui Ze wanted to advance, and he needed a huge supply of blood pills.

Now that Rui Ze was dead, the neighboring devil soldiers around Blessed City would also retreat soon!

Blessed City's encirclement would be resolved easily!

Of course, the demon tribe's Rui family was an extremely huge clan that was not any weaker than an ancient god clan.

Rui Ze, whose status was extremely high in the family, was killed and it would definitely cause a ruckus within the demon tribe later. But if news of this was transmitted to Diabolic City, it would invoke a round of military mobilization. That was not something that could be achieved within a few short months.

That amount of time was enough for Blessed City to make appropriate countermeasures.

Li Yukun was so excited that he couldn't sleep. He instantly got his personal guards to bring the brush, ink, and paper and immediately started to work on the letter!

Li Moying and Jun Sihan hadn't seen him so excited before this. To special grades of geniuses like them, killing a Sky Devil mid-phase top exponent was merely a milestone to lifting their ability. In the future, they would definitely climb to even greater heights!

So, it was merely equivalent to an opponent in the Dao Profound Realm. It wasn't worth much to boast or be proud of at all.

The two of them carried their wives at the same time and went back to their respective tents.

They had been tired for an entire day, and it was finally nighttime.

They naturally... had to hug their wives and have a good night's rest!

As for other exercises that they need to do before bedtime, that was... hard to say!

...

After Sky Devil Rui Ze had been killed, Huang Yueli and Xia Yunxi's last problem had already been resolved.

Li Moying and Jun Sihan immediately decided to set off, bringing their wives back to Blessed City.

Li Yukun originally wanted to ask them to stay and show his gratitude to them for helping him solve the campsite's huge crisis completely.

But Li Moying and Jun Sihan were determined to leave. Li Yukun thought over it for a second and he knew that a genius like Young Lord would not stay on the frontline for a long time. They would definitely have something more important on their hands, so he sent the four of them off personally.

Li Moying and Jun Sihan traveled to Blessed City in their flying ships.

But they couldn't take such a flashy traveling tool when they went to the frontlines to search for someone. So their flying ships were parked at Blessed City.

They mainly wanted to go retrieve their flying ships along with their wives.

As they could only travel on mounts, they spent a total of seven to eight days before they returned to Blessed City from Li Yukun's campsite.

However, they weren't aware that Blessed City was in a state of chaos because of what they did.

Li Yukun's war communique was sent using the allied armies' dedicated aviation spirit beast and its speed was extremely swift. At least, it was much faster than Li Moying and the others riding their mounts.

So, it only took three days for the news of Li Moying and Jun Sihan killing Sky Devil Rui Ze to reach Blessed City. That news was also spread to all senior ranking military officers and Divine Lieutenants defending the city.

When the war communique was delivered, Divine General was in the study room holding a military council.

The Divine General stationed at Blessed City currently was from one of the ancient God Clans, the Ice Serpent Clan. His cultivation was Dao Profound Realm mid-phase and he was already a few hundred years old. He was an extremely experienced old general.

He had been extremely worried about Blessed City's recent battlefield situation.

### **Chapter 3232: Sudden Good News (1)**

But they couldn't find a good solution to solve the problem.

"My dear officers, all of you know about the circumstances on the frontline and the situation is becoming more and more critical," Divine General Meng Shurong asked gravely as he swept his gaze across dozens of Divine Lieutenants seated below.

These people were Divine Lieutenants, who had been specially recalled from the bases near Blessed City, and every single one of them was his trusted aide.

"Some days ago, This General received a secret report and it says that the large-scale attacks by the demon tribe this time seemed to be related to Sky Devil Rui Ze! This demon tribe genius comes from one of the largest demon tribe clans, the Rui family. He's not even 50 years old and yet he's about to advance into Sky Devil end-phase! To help him advance successfully, the demon tribe sent out a large number of soldiers to gather blood pills for him."

“After hearing about this, This General had sent out no less than a few hundred people to the frontline to scout for news. But unfortunately, not one of them had returned!”

“Not only so, but we’ve also even lost contact with the seven campsites on the frontline. It had been more than 10 days and not one war communique had been sent to Blessed City!”

Speaking of this, Meng Shurong’s tone became extremely grave.

“This General has no choice but to plan for the worst. It’s very possible that the strongholds on the frontline had already been surrounded by the demon tribe and they can’t even send any news out for reinforcements! If this carries on, I’m afraid that Blessed City will be in danger!”

“My dear officers, what ideas do you have? Let’s talk about it?”

Silence filled the entire study room.

The Divine Lieutenants lowered their heads and pondered deeply, but none of them opened their mouths.

No one had expected the demon tribe’s attack to be so sudden and on such a large scale!

It was extremely difficult to push back the demon tribe at this moment. So none of them had many ideas now.

“Divine General Sir, This Subordinate will like to raise a humble opinion...” A low voice rang.

Meng Shurong lowered his head to take a look and found that the person who spoke was Jing Shaoyuan from the White Tiger Clan. His expression instantly relaxed a little and nodded as he spoke, “Ah, Shaoyuan, feel free to tell us what ideas you have in mind!”

White Tiger Clan and Ice Serpent Clan were on cordial terms.

As for Jing Shaoyuan, he was an unparalleled genius in the White Tiger Clan. Not only is his ability extremely strong, he even managed to display astonishing commandeering ability within a short amount of time, climbing to the position of Divine Lieutenant!

During his term as Divine Lieutenant, the troops that he led had established a lot of contributions. He had even once succeeded in killing a Sky Devil early-phase practitioner.

Although it was due to various favorable that Jing Shaoyuan managed to kill the Sky Devil early-phase practitioner, being able to do that at such a tender age and at Heart Profound Realm cultivation meant that he was one of the top battle geniuses in God Realm!

It was because of that which made Meng Shurong heaped plenty of praises on him. The former even treated Jing Shaoyuan as his future successor and had been nurturing him.

Jing Shaoyuan was aware of his position in the army so he spoke with confidence while puffing out his chest.

“Divine General Sir, the frontline situation is extremely critical! If the information on the secret report is true, then it’d be very difficult for us to do so just by dispatching ordinary soldiers. The only guaranteed way would be to kill Sky Devil Rui Ze!”

“However, Rui Ze’s ability is already in Sky Devil mid-phase peak, and he might advance into Sky Devil end-phase at any moment! The only person in our army who can fight equally with him is Divine General, you. But Divine General must not leave Blessed City and take the risk to fight on the frontline personally!”

### **Chapter 3233: Sudden Good News (2)**

“So, the only way is to ask the allied armies Headquarters for help! We can only request for the Headquarters to mobilize some powerful Dao Profound Realm practitioners to help kill Sky Devil Rui Ze. Then, with the coordination of attacks on the various demon tribe’s strongholds, Blessed City will be alleviated from the encirclement.”

Jing Shaoyuan spoke frankly with assurance.

Hearing what he said, the other Divine Lieutenants present nodded their heads in agreement.

“That’s right. The idea that Commander Jing gave should be the best method!”

“Sky Devil mid-phase strong practitioner is that powerful. If we don’t eliminate him, no matter what idea we come out with, it’s of no use at all!”

“I heard that the demon tribe also sent Rui Ze’s younger brother, a Sky Devil early-phase strong practitioner to be the Commanding Officer. The pressure at the frontline is simply too huge! It’s especially so for the stronghold in the frontline. It’s been such a long time since any military reports had been received. The situation must be very critical right now.”

Hearing the Divine Lieutenant’s suggestions, Meng Shurong delved into deep thought.

Ever since he had been deployed to Blessed City to assume the position of Divine General, this was his first time encountering a Sky Devil mid-phase devil.

Meng Shurong originally didn’t want to seek help from the allied armies Headquarters because that would make it seem that he, the newly appointed Divine General, was incompetent.

But now, the appearance of Sky Devil Rui Ze had already made Blessed City fall into an extremely precarious situation. If this carried on, the devil army would probably force their way into Blessed City...

“Sigh, forget it. We’ll just do as you say! Men...”

Meng Shurong sighed as he made up his mind.

The enemy they were dealing with was a Sky Devil mid-phase top exponent. It wouldn’t be extremely embarrassing to seek the Headquarters’ help in this sort of situation.

If he remained hesitant and caused Blessed City to fall, he would become the allied armies’ sinner!

Meng Shurong raised his hand and was just about to call someone. But before he could finish his sentence, a shuffle of hurried footsteps came from the corridor!

When the higher management of the allied armies was having a discussion, that place would be off-limits to uninvolved people, not to mention having such a commotion.

Everyone subconsciously frowned.

A personal guard hurriedly pushed the door open without even knocking on the door.

Meng Shirong stared in that direction in displeasure. "Who's that? How dare you interrupt..."

"Div... Divine General Sir, big... big news! The frontline... frontline's military report!! The frontline has sent their military report!"

A personal guard dashed in madly and his forehead was filled with sweat. He didn't even have time to pant and hurriedly spoke out in anticipation.

Meng Shurong was shocked. "There's finally a military report? Quick, quickly hand it over to This General to take a look!"

As there had been no news from the frontline for close to two weeks, Meng Shurong had ordered long ago that once the military report arrived, they had to send it over to him immediately. That was why his personal guard directly barged in.

The personal guard took a big step forward and passed the letters which were stamped in hot wax to Meng Shurong.

He took the letters, tore the envelopes in a hurry, took out the letters, and read it carefully.

He had just taken a look when his eyes suddenly widened in shock. "W... What? How is this possible?"

Meng Shirong's body trembled and his vision quickly swept through the rest of the letter. In a short moment, he had already read through the entire page of the military report.

But he did not dare to believe his eyes, so he read through it once again.

And later, once more...

Meng Shurong looked at it several times until he didn't dare to believe the contents of the letter.

Moreover, the hand which was holding the letter started to shake.

### **Chapter 3234: Sudden Good News (3)**

**Translator: Misty Cloud Translations Editor: Misty Cloud Translations**

All the Divine Lieutenants sitting below looked puzzledly at Meng Shurong.

When the personal guard rushed in to submit the military report, they also became anxious and kept staring at Meng Shurong.

All of them subconsciously felt that the military report would surely contain bad news. Moreover, all of them had already prepared themselves mentally.

The stronghold in the frontline had lost contact with them for such a long time. All of them should be in a precarious situation. It would be considered good news if the stronghold had not been lost.

However, even if that was the case, Meng Shurong's reaction had far surpassed everyone's expectations.

No one expected the first military report to agitate him to such an extent!

“Could it be that the frontline situation is already at the worst-case scenario?”

“Could it be that the strongholds at the frontline had all been lost? And the devil army is about to invade Blessed City?”

“We’re all finished! If Blessed City is surrounded, we won’t be able to send any news to the allied armies Headquarters. Then we will be completely trapped here!”

A bad premonition arose in the Divine Lieutenants’ hearts. The longer Meng Shurong kept silent, the more their heart sank.

Not knowing how long had passed, Meng Shurong finally came back to his senses and placed the military report on the table.

“This war communique is sent by Divine Lieutenant Li Yukun, who is stationed at the foremost stronghold in the frontline.”

Everyone pricked their ears to hear what was written in the war communique.

“He reported an important news in the war communique...” Speaking to this point, Meng Shurong suddenly paused as his brows creased together tightly. “It’s a piece of good news. But... but this can’t be true!”

Meng Shurong’s expression kept changing. It was apparent that he was struggling internally.

The Divine Lieutenants were waiting for him to announce the content of the war communique but they didn’t expect Meng Shurong to delve back into his own thoughts, keeping silent for a long time.

After some time, everyone could no longer wait. This feeling of being tantalized was simply unbearable.

Jing Shaoyuan knew that he was highly valued so he was the first to ask. “Divine General Sir, what exactly is written on the war communique? Why can’t it possibly be true? Divine Lieutenant Li had already been a calm and prudent person, so the war communique that he sent should be trustable, isn’t it?”

Meng Shurong sighed and said, “You don’t understand...”

He casually handed that war communique over to Jing Shaoyuan and said, “Read it yourself! This matter... is just too fascinating!”

Jing Shaoyuan took the war communique and he had already prepared himself for the worst. So he believed that no matter what he saw, he should be able to keep his cool.

But when he read the contents, his expression wasn’t any better than Meng Shurong!

“What? What’s going on? This... this can’t be, right? It’s impossible! It’s just too ridiculous!”

The other Divine Lieutenants’ gazes were fixed on Jing Shaoyuan.

Seeing his strange reaction, everyone couldn’t wait any longer and they also couldn’t care that they were in the middle of a discussion in the Divine General’s study room. All of them started to shout.

“What’s going on? Divine Lieutenant Jing, what’s written on this war communique?”

“That’s right, quickly tell us! What’s the impossible thing?”

“Has the demon tribe already invaded Blessed City? Quickly tell us clearly!”

Jing Shaoyuan suppressed the shock in him. He took a deep breath and slowly said, “The war communique reports that Sky Devil Rui Ze... has already been killed!”

#### **Chapter 3235: Sudden Good News (4)**

**Translator: Misty Cloud Translations Editor: Misty Cloud Translations**

“What? Sky Devil Rui Ze has been killed??”

“How is that possible? He’s a Sky Devil mid-phase top exponent! Even a Dao Profound Realm top exponent might not necessarily succeed in killing him!”

“Yes, we haven’t even asked the allied armies Headquarters for help! How did anyone kill Sky Devil Rui Ze? Could it be that some top exponent happened to pass by the campsite in the frontline?”

After Jing Shaoyuan spilled this bombastic news, the whole study room exploded.

All the highly respectable Divine Lieutenants lost their usual composure and started to shout out in surprise!

After the initial shock, everyone’s mind was filled with doubts and they started to urge Jing Shaoyuan.

“Divine Lieutenant Jing, what on earth is going on? Who was the one who killed Sky Devil Rui Ze? Is it written on the war communique? We are all aware of Divine Lieutenant Li Yukun’s ability. Although he is incredible at strategizing and commanding the army, he probably doesn’t have the ability to kill a Sky Devil mid-phase top exponent.”

“Isn’t that so? This matter is indeed unbelievable!”

Jing Shaoyuan frowned and didn’t say a word.

Meng Shurong didn’t wait for him to answer and he spoke first. “The war communique didn’t state the exact details, but Li Yukun stated that Sky Devil Rui Ze was jointly killed by Jun Sihan from Veracious Wyvern Clan and Li Moying from Cloudy Qilin Clan!”

Hearing that, all the Divine Lieutenants present were stunned momentarily.

But after a moment of silence, the study room broke out in a clamor again. Several rounds of discussions were heard.

“This... this... Jun Sihan! Veracious Wyvern Clan’s Young Lord, Young Master Jun. How could he possibly possess the ability to kill Sky Devil Rui Ze? Although he is indeed a first-class peerless top exponent in God Realm, that... that is a Sky Devil mid-phase top exponent!”

“Who is that Li Moying? Why haven’t I heard of him? Could he be a non-prominent Dao Profound Realm top exponent from Cloudy Qilin Clan? Is it because he worked together with a Dao Profound Realm senior, that’s why Jun Sihan managed to kill Rui Ze?”

“Logical, that’s probably it! But Cloudy Qilin Clan’s Dao Profound Realm top exponent should have made his name for many years. However, I haven’t heard of his name at all. That’s strange...”

Amid everyone’s discussions, Jing Shaoyuan’s expression was turning uglier by the minute!

Other people might not know who Li Moying was. But how could he possibly not know?

Just one month ago, he had a brief encounter with Li Moying outside Blessed City.

Jing Shaoyuan was the Number One Genius in White Tiger Clan, and he was the future hope that the entire clan was focused on nurturing. So he naturally knew a lot of secrets that other people weren’t aware of. He received news of Li Moying, a god grade genius, long ago.

At that time, he was totally unconvinced of the so-called god grade genius. He felt that Li Moying was just a country bumpkin who ascended from the Lower Realm. So he set his mind to give him a head-on blow during their first encounter, to let the latter know that God Realm’s geniuses were people whom he could not afford to offend!

However, the result of the battle ended up in him getting defeated by Li Moying easily. Furthermore, it was right before his subordinate!

Jing Shaoyuan would never forget the embarrassment that he felt at that moment!

But Jing Shaoyuan didn’t feel that his ability couldn’t match up to Li Moying’s. After all, when they fought, the situation was rather pressed and both of them did not use too many high-levelled techniques.

Jing Shaoyuan also felt that he had underestimated the enemy, hence causing his defeat. If they were to fight again in the future, he would obviously be the one to win!

He made up his mind to make preparations for the God Realm Tournament which was held half a year later and teach Li Moying a hard lesson that he would never forget, to avenge his honor!

### **Chapter 3236: It Can’t Be True (1)**

Whoever knew that before the God Realm Tournament started, Li Moying’s name appeared before him once again.

Moreover, in such a stunning fashion!

Jing Shaoyuan was badly shaken.

But after a while, he calmed down. Moreover, he started to doubt the authenticity of this war communique.

Jing Shaoyuan had once crossed hands with Jun Sihan. The latter was indeed stronger than himself. But as for how strong he was, Jing Shaohan couldn’t put a finger on it.

But he did not believe that Jun Sihan could kill a Sky Devil. After all, Jun Sihan was only in Heart Profound Realm mid-phase, and his cultivation was the same as himself. Moreover, he had never heard of any rumor saying that Jun Sihan was a god grade genius whatsoever.

It was needless to say for Li Moying. A country bumpkin who ascended from the Lower Realm for just a year wouldn't have much insight. He probably hadn't even cultivated many God Realm's secret literacy records. The most important thing was he was only in his early twenties and his cultivation was only at Heart Profound Realm early-phase!

Just these two young practitioners' powers added together wouldn't even hurt Sky Devil Rui Ze one bit, would it? What more to say about killing Rui Ze!

The other Divine Lieutenants weren't as well-informed as Jing Shaoyuan, so they were still discussing excitedly about the war communique's contents.

"I really didn't expect it to be so coincidental. A Dao Profound Realm strong exponent happened to pass by and helped us kill Rui Ze!"

"That's great. Now that Rui Ze is dead, the devil army has lost its pillar of support. Moreover, there's no need to continue gathering so many blood pills so they have probably retreated!"

"Even if they don't voluntarily withdraw their troops, we have ways to chase them away!"

However, Meng Shurong who was the Divine General wasn't as excited as them. From his perspective, this matter seemed to be filled with doubts.

"My dear officers, don't be so hasty to celebrate. We have yet to judge the authenticity of this matter yet." Meng Shurong coughed lightly to express for them to keep quiet. "Most of the top exponents from the allied armies come from Cloudy Qilin Clan, and we know who those top exponents. This Li Moying... I don't think I've heard of his name! Do any of you know who he is?"

The Divine Lieutenants looked at one another in dismay. They looked left and right, only to discover that no one knew who Li Moying was at all!

As Cloudy Qilin Clan's secret weapon, the clan did not make Li Moying's identity public because they wanted to let him make his name during the God Realm Tournament.

Most God clans have their sources of information and would most likely know a little, but the practitioners who are at Divine Lieutenant positions were not very high in their clans. Moreover, they were mostly stationed in the army, so there was no way they could receive such top-secret news.

Even Divine General, Meng Shurong, hadn't returned to his clan for several years due to his duties in the army. That was why he hadn't heard of Li Moying at all.

When Jing Shaoyuan heard that, he immediately stood out.

Cupping his hand in the other at Meng Shurong, he said, "Report to Divine General, This Subordinate knows who Li Moying is!"

"Oh? What is his background?" Meng Shurong hurriedly asked.

Jing Shaoyuan hesitated for a moment and said, "Li Moying ascended here from the Lower Realm one year ago. I heard that Cloudy Qilin Clan had already confirmed that he has god grade innate talent! Now, he is the Number One Genius that Cloudy Qilin Clan is putting all their efforts into nurturing!"

“What? God... god grade innate talent??”

Meng Shurong felt that today was truly miraculous. The news he received was more stunning than the previous!

He wondered if he was sleepwalking.

### **Chapter 3237: It Can't Be True (2)**

It wasn't only Meng Shurong. Even the other Divine Lieutenants were stunned by this piece of news.

“God grade genius? That Li Moying is actually a god grade genius??”

“You're joking, right? How many thousands of years has it been since the birth of a god grade genius in God Realm?”

“Cloudy Qilin Clan actually has a god grade genius? This... this is simply unbelievable!”

“No wonder he could kill Sky Devil Rui Ze. So... he's actually a god grade genius! I heard that heaven grade geniuses in front of them are considered as a joke...”

Everyone was stunned by the news about “Cloudy Qilin Clan having a god grade genius”, so they started to talk about it excitedly.

No one noticed that Jing Shaoyuan's expression was becoming uglier by the minute after listening to their conversation. The jealous and hateful glint in his eyes was undisguised!

He thought, “I knew it! I knew that this is the reaction that everyone would have after hearing that Li Moying is a god grade genius!”

“These people have already forgotten that I'm the cream of the crop among the heaven grade geniuses, and can only remember that there is a god grade genius!”

That was why Jing Shaoyuan hesitated right from the beginning if he should spill the beans about Li Moying's status.

But this matter couldn't be kept under wraps so Jing Shaoyuan chose to speak the truth eventually.

Hearing everyone heaping praises on Li Moying, whom they had never met, Jing Shaoyuan finally couldn't bear to continue listening to them any longer.

He coughed heavily, took a step forward towards Meng Shurong, and said loudly, “Everyone, please keep silent for a moment and hear me out.”

The Divine Lieutenants stopped their discussions and turned their gazes onto him.

Jing Shaoyuan said, “Everyone, please don't misunderstand. Although Li Moying is a god grade genius, he has only ascended from the Lower Realm for slightly over a year. His cultivation is merely in the Heart Profound Realm early-phase. Besides that, he doesn't have time to master Cloudy Qilin Clan's secret skills at all. So his ability isn't like what all of you have imagined.”

“In reality, I have just crossed hands with him over a month ago. His ability is almost on par with me!”

Speaking to this point, he paused and turned towards Meng Shurong.

“Divine General Sir, This Subordinate thinks that based on Li Moying’s ability, even if he coordinated with Jun Sihan, the two of them are unlikely able to kill Sky Devil Rui Ze. The news on this war communique... is likely an error!”

Jing Shaoyuan didn’t say this just to belittle Li Moying.

He indeed felt that even if Li Moying and Jun Sihan combined their forces, they would be able to fight a Sky Devil early-phase practitioner, and they would lose.

As for killing Rui Ze, who was in Sky Devil mid-phase peak state, that was absolutely impossible.

Hearing Jing Shaoyuan’s words, those Divine Lieutenants who were originally excited also started to calm down.

Towards Jing Shaoyuan’s analysis, Meng Shurong firmly believed him without any doubt. So he couldn’t help but frown.

“According to what you say, something indeed seems off! No matter how high a Heart Profound Realm early-phase practitioner’s innate talent is, there is still a limit to his ability. He can’t possibly compete with a Sky Devil, even if Young Master Jun is around... indeed... but it’s stated very clearly on the war communique, and Li Yukun’s spiritual imprint is on it!”

Jing Shaoyuan had already formed an idea in his mind. “The frontline’s stronghold had been surrounded by the demon tribe for such a long time. Who would know what really happened? Although the war communique has Divine Lieutenant’s spiritual imprint on it, that doesn’t represent that he’s the one who wrote it!”

### **Chapter 3238: It Can’t Be True (3)**

“Even if it was written by Divine Lieutenant Li, he might have been coerced by someone! This... is really hard to say!”

Hearing Jing Shaoyuan’s analysis, everyone fell silent.

Meng Shurong frowned and began to ponder.

Jing Shaoyuan’s guess made them feel hard to swallow, but it was reasonable and logical.

To tell the truth, even Meng Shurong didn’t believe that such a ridiculous thing would happen from the bottom of his heart. Sky Devil Rui Ze was so powerful that even these Dao Profound Realm practitioners had a bad headache. But they were actually killed by these two Heart Profound Realm youngsters?

If this matter were to spread, no one would ever believe in it, right? Even if these two juniors were first-class peerless geniuses in God Realm, it was simply unbelievable!

Meng Shurong muttered irresolutely, “If this war communique is indeed not written by Li Yukun, then we’d be in huge trouble! The demon tribe could control our Divine Lieutenant and even make him leave his spiritual imprint! Wouldn’t that mean that the strongholds in the frontline have completely fallen

into the enemy's hands? If it was true, the devil army would probably arrive in Blessed City within these two days!"

Hearing this, all the Divine Lieutenant's expressions changed abruptly!

The Divine Lieutenants assigned to the frontline were full of experience. If even they couldn't hold off the devil army and were annihilated, then would the rest of them really be able to protect Blessed City?

Everyone simply couldn't accept this result!

Someone pondered for a moment and objected weakly.

"Divine General Sir, This Subordinate feels that Divine Lieutenant Li had always been loyal towards the allied armies and his willpower is also very powerful. So it shouldn't be possible for him to be controlled by the demon tribe... this war communique... might be real?"

When he said that, Jing Shaoyuan immediately rebuked, "Divine Lieutenant Li is indeed loyal. But the demon tribe has plenty of ways to bewitch people. They also have magic skills to make someone lose their consciousness! Divine Lieutenant Li might not be able to resist it!"

"But..."

Seeing that person wanting to continue speaking, Jing Shaoyuan immediately said, "Why? Don't tell me you believe that two Heart Profound Realm practitioners could defeat Sky Devil Rui Ze?"

"This... this definitely isn't possible, but..."

This person was Li Yukun's best friend and he wasn't willing to believe that Li Yukun would write a false war communique.

Meng Shurong heard the conversation between them and he kept silent with a grave expression.

Rationally speaking, he felt that Jing Shaoyuan's analysis was more logical.

But from an emotional aspect, he hoped that the information was true!

If Sky Devil Rui Ze was really dead, Blessed City's crisis would be resolved!

"We can't be careless towards matters related to Blessed City's safety." Meng Shurong thought over it for a moment before he said, "From now onwards, all of us should be prepared for the arrival of the devil army immediately! By then, we must guard Blessed City and wait until the reinforcements from the Headquarters arrive!"

"Besides that, we must send someone to the frontline and find out in detail about the situation..."

Although he felt as if he was still dreaming, Meng Shurong held a sliver of hope that the contents of the war communique would turn into the truth!

Just at this moment, a flurry of hurried footsteps rang once again in the corridor.

Immediately following that, another personal guard appeared in the study room. He was also panting heavily.

“Divine General Sir, a war... war communique from the frontline...”

#### **Chapter 3239: It Can't Be True (4)**

“What? There’s another war communique? Quick, hand it over to me!”

Meng Shurong shivered with excitement and before his personal guards could hand it over, he sped towards them like an arrow and took the letter from his guard’s hand.

At this moment, the new war communique was simply too important!

Through the contents of the new war communique, he would be able to judge if the contents of the war communique that Li Yukun sent were genuine or fake.

Meng Shurong tore the envelope open and read the letter carefully. His eyes instantly widened and his hands started to tremble.

“This... this is the war communique sent by Divine Lieutenant Mu from the second stronghold. He said that the second stronghold point that was encircled had suddenly retreated. The reason is unknown and they are currently investigating!”

“Why would the demon tribe army suddenly retreat by themselves? That’s probably because Sky Devil Rui Ze is really dead!”

Everyone looked at Meng Shurong in astonishment. Apparently, they didn’t expect the contents of the war communique to be true.

According to logic, wouldn’t this war communique state that Li Yukun’s stronghold had already fallen into the enemy’s hands, and that he had been captured?

After all, everyone had just determined that the content of the war communique was probably untrue.

“Divine General Sir, is it really like that in the war communique?” Jing Shaoyuan totally couldn’t sit still and ask.

Meng Shurong was so agitated that he couldn’t care less about Jing Shaoyuan’s disrespectful behavior.

He passed the war communique to Jing Shaoyuan. “Take a look yourself! This war communique contains Divine Lieutenant Mu’s spiritual imprint! The possibility of the demon tribe controlling two Divine Lieutenant isn’t high. Could it be that Li Yukun’s war communique is really true?”

Jing Shaoyuan lowered his head and it was indeed exactly what Meng Shurong had said!

For a moment, Jing Shaoyuan stood stunned to the ground, unable to recollect his senses!

“How is this possible? How can this be possible?”

“Could it be that Li Moying and Jun Sihan really joined forces and killed Sky Devil Rui Ze?”

“But how could they possibly be so strong??”

Jing Shaoyuan always felt that he and the two of them were genius practitioners on the same level!

But not to mention two Jing Shaoyuans, even if there were 10 of them, he could forget about fighting against a Sky Devil mid-phase practitioner.

“Shaoyuan, what do you think?”

Jing Shaoyuan was in a state of shock at this moment, but unfortunately, Meng Shurong had to ask him about his view.

His thoughts were disoriented, but he coerced himself to squeeze out a smile. “This... if the information on the war communique is true, then the allied armies are really lucky! But This Subordinate still finds it hard to believe. It would be much easier to judge if there are more war communique...”

Before he could finish his sentence, another personal guard’s footsteps and shouts were heard coming from the corridor again.

“Divine General Sir, war communique. A war communique from the frontline!”

Meng Shurong’s brows rose and an unconcealable agitation showed on his face. “Another war communique! The third war communique is sent so quickly! Quickly bring it in!”

The third war communique was sent by the Divine Lieutenant from the fifth stronghold! The contents were similar to the second war communique. It stated clearly that the demon tribe had suddenly retreated and he was puzzled by their actions!

Before the crowd could respond, the fourth war communique was also delivered.

Immediately following that, the fifth and the sixth letters came in...

Within one hour, more than 10 strongholds from the frontline had all sent in their war communique!

Moreover, the majority of these all sent in the same news.

That is... the demon tribe had already retreated!

Other than that, there were one or two war communique which also mentioned Li Moying and Jun Sihan.

### **Chapter 3240: It Can’t Be True (5)**

It mentioned that Cloudy Qilin Clan and Veracious Wyvern Clan’s Young Lords happened to pass by their campsites recently and aided them in warding off the devil army.

So, all the Divine Lieutenants were rather doubtful about the news of Li Moying and Jun Sihan killing Rui Ze.

None of them believed that they had the capability to do so.

But one after another war communique was sent in, and the contents were all extremely shocking. But comparing all of the content, they pointed to the same conclusion!

From the contents of the war communique, those Divine Lieutenants who originally believed in their judgments started to sway internally.

“Could this mean... could such a ridiculous thing even happen in this world?”

“That Li Moying is a god grade genius! Perhaps, god grade geniuses really have shocking potential beyond our imaginations!”

“There’s also Young Master Jun from Veracious Wyvern Clan, the most ancient god clan which is also known as the Royal clan among the god clans in the past. It originally contains many secrets, so that means his potential is much stronger than what he usually displays!”

On the contrary, Jing Shaoyuan refused to believe that such a thing would happen!

He read those war communique over and over again and it felt like his heart was bleeding. He kept howling repeatedly in his heart, “Impossible, this can’t be possible! Li Moying and Jun Sihan couldn’t possibly be stronger than me by that much! This is impossible!”

Especially when he heard everyone’s deduction towards god grade geniuses and Veracious Wyvern Clan, it made him filled with jealousy and unwillingness!

“God grade genius, Veracious Wyvern Clan, they’re not that powerful at all! This bunch of people are so ignorant!”

However, even Meng Shurong also started to agree with the other Divine Lieutenant’s viewpoint.

He muttered irresolutely for a while and said, “Now that there are so many war communique before us, it seems that we have no choice but to believe it... It seems that what Divine Lieutenant Li should be true! Rui Ze... is really dead!”

“Yes, This Subordinate also thinks so!”

“According to what is written, after Rui Ze’s death, the demon tribe had basically retreated totally!

“That’s great. Blessed City’s crisis is finally lifted. This is simply a wonderful surprise! These two Young Masters are really amazing!”

These words made Jing Shaoyuan feel extremely upset.

He slammed the table and stood up. “Enough, can you guys stop spouting rubbish?”

Jing Shaoyuan suddenly jumped out in such an agitated manner which stunned everyone.

Meng Shurong was extremely surprised. He frowned and looked over, “Shaoyuan, what are you doing?”

Hearing Meng Shurong’s interrogative questions, Jing Shaoyuan realized that he was a little too agitated.

He took two deep breaths to make himself calm down a little before speaking. “Divine General Sir, This Subordinate still feels that Li Moying and Jun Sihan don’t have the ability to kill Sky Devil Rui Ze! May I ask the other Divine Lieutenants to not get too excited first? These war communique are merely just letters. We can’t be too sure about the authenticity of it yet! If all these are fake and we believe in it totally, then Blessed City would definitely be threatened with annihilation!”

Jing Shaoyuan’s pained look seemed as though he was really worried about the entire Blessed City’s security.

Hearing him say that, Meng Shurong was also stunned.

Following that, he went into deep thoughts and said, "What Shaoyuan said is logical as well. The demon tribe is a devious bunch, after all, so no one can guarantee that this isn't some sort of sinister plot."

Jing Shaoyuan nodded his head hurriedly. "This is exactly what This Subordinate means!"
