Chapter 3281: Spectacular (4)

However, no matter how much they refused to admit it, her standing next to Li Moying looked so compatible!

The two of them had exceptionally outstanding looks. So when they stood next to each other, it was aesthetically pleasing to the eye!

Jing Shaoyuan's eyeballs nearly dropped to the ground!

Earlier he was still speaking with the assurance that Li Moying's wife would definitely not be this beautiful woman. She was so ugly that no one could bear to look at her!

But in a blink of an eye, Li Moying had personally walked to the door and pulled that spectacular beauty into his arms.

Seeing their intimate actions, probably no one would believe that they weren't a pair of lovers who were deeply in love.

But... how could this be possible??

Under Li Yuehuang's ordinary looks, how could it hide such spectacular beauty underneath??

After some time, the guests in the banquet hall finally cooled down and found their voices.

"That is... that is Young Madam Li? She's so beautiful, simply too beautiful!"

"She is the most beautiful lady I've ever seen. Even God Realm's Four Great Beauties added together also can't be compared with her, right? Young Master Li is indeed a natural winner. His innate talent is so high and he even married such an exceptional beauty!"

"Earlier, didn't Divine Lieutenant Jing claim that Young Master Li's wife is so ugly that she cannot face anyone? She's so beautiful, so what if her family background is a little ordinary? Who will not like her?"

"I think Jing Shaoyuan is just jealous of Young Master Li! Such a pity. It's no use being jealous. His wife is so beautiful that Emphyrean Fox Clan's Lan Mengqing can't even be compared with a strand of her hair, right?"

Voices of discussions kept ringing in Jing Shaoyuan's ears.

His face flushed so red that it was about to drip blood!

He didn't expect that all his ridicule and digs at Li Moying had been turned into slaps, striking himself in the face!

He thought, "That peerless beauty is really Li Moying's wife!!"

"What exactly is going on? Didn't they say she's a human young lady who ascended from Lower Realm?"

God clan and humans might not be the same as the demon tribe. Their abilities and looks are a direct comparison, but there were a lot of links between these two attributes.

God clan's clansmen would normally be prettier than humans.

As for God Realm's Four Great Beauties which included Lan Mengqing and Li Leyun, all of them came from the ancient God clans!

Li Moying's wife was obviously a lowly human. How could she be so beautiful?

If it wasn't because he knew this was the woman of his most hated man, Li Moying, Jing Shaoyuan would have forgotten that he was engaged to someone!

Li Moying held Huang Yueli's hand and walked toward both Divine Generals.

"Lord Xuan, Divine General Meng, this is my wife, Li Yuehuang. Li'er, this person here is Lord Xuan Jiuling, an 8 star Divine General. You've already met Divine General Meng yesterday..."

Li Moying did the introductions for both parties.

Huang Yueli smiled and gracefully curtsied. "Greeting to Lord Xuan and Divine General Meng."

When she first entered the door, both Divine Generals were stunned to see her.

It was only until Li Moying led her over before the two of them came back to their senses.

Meng Shurong took a look at Huang Yueli and then looked at Li Moying who put his hand around her slender waist. Then he couldn't help but laugh.

"So, Young Madam Li's true countenance is like this! I have to admit that your skills in disguise are amazing! Even I can't tell that you're such a spectacular beauty! Young Master Li is so fortunate!"

Chapter 3282: A Beautiful Woman With Looks Only? (1)

Xuan Jiuling also laughed. "No wonder Young Master Li only has eyes for Young Madam, despite being a dragon among the men. The two of you are so compatible that an old man like me also can't help but be envious!"

Huang Yueli smiled humbly, "Both Seniors have overpraised us!"

Li Moying lowered his head and looked at the young lady in his arms tenderly.

His Li'er was usually very active and black-bellied. She would often get into trouble, but when it came to crucial moments when she had to pretend to be a gentle lady, she was really good at it!

She might be replying humbly saying that they had overpraised her. But she was probably thinking, "That's of course!" in her mind.

Meng Shurong and Xuan Jiuling exchanged a few words of pleasantries and asked them to join them for dinner.

They were not aware of the merits that Huang Yueli and Xia Yunxi had achieved on the frontline. Moreover, they were misled by Jing Shaoyuan earlier. So they were under the perception that all Huang Yueli had was beautiful looks with normal innate talent and ability. So they didn't spend too much time talking to her.

For a top exponent of Xuan Jiuling's status, he placed more importance on the youngsters' innate talent and ability.

For someone like Huang Yueli, she might be beautiful, but he would just take an extra look at her. Even if he acted politely to her, it was merely giving face to her husband.

Huang Yueli naturally didn't know what happened at the banquet earlier.

But she wasn't interested to find out anyway.

She came here purely just to accompany her husband. At the same time, she definitely could not allow her husband to be embarrassed, hence she spent some time dressing herself up.

Huang Yueli sat next to Li Moying and started to whisper in his ear.

"Moying, do I look pretty in this today?"

Li Moying caressed her face and said, "Of course. You look beautiful in everything you wear."

Huang Yueli pouted in dissatisfaction when she heard that. "What? Aren't you a little too perfunctory? I specially dolled myself up today! Haven't you always been complaining that I look very ugly in man's clothes? I specially dressed myself up, but you say that whatever I wear is all the same!"

Li Moying felt like laughing and crying at the same time.

He meant she looked beautiful in whatever she wore. He had never said whatever she wore was all the same!

But he could tell that Huang Yueli indeed spent some time dolling herself up today.

Truth be told, Huang Yueli should have been extremely tired after busying herself for the whole day in Sky Gem Glass Chamber. But after she went home, she hurriedly dressed herself up, just to rush over to accompany him to the banquet.

This itself made Li Moying extremely touched.

But due to the occasion, he couldn't do anything but coax her softly, "Li'er, haven't you noticed that from the moment you walked over, I have already gone into a daze? You're so beautiful that I want to gouge out those people's eyes who were glued to you!"

"You... you're so overbearing! Since you can even crack this kind of joke, I will forgive you then!" Huang Yueli burst out into laughter and showed her rare magnanimous gesture.

A cold glint flashed past his eyes.

Huang Yueli probably didn't know that he would not crack jokes. Earlier, when he saw so many people staring at her, there was a moment when his obsessiveness almost exploded. This dark thought had indeed surfaced in his mind.

Li Moying's lips curled slightly. "The grape wine here is very nice. It's rumored to be a wine that Divine General Meng had kept for several decades. Let me pour a glass for you. Also, this roasted club steak..."

"Hmmm, that's great!"

When it came to food, Huang Yueli's eyes shone with brilliance and her attention had totally skewed towards it.

But she didn't have to feed herself. She just stared at her empty plate and waited for her husband to feed her.

Chapter 3283: A Beautiful Woman With Looks Only? (2)

Li Moying naturally serviced his wife automatically. First, he poured the grape wine for her. Then he placed all of her favorite food on her plate.

Huang Yueli smiled sweetly at Li Moying. Then she picked up her chopsticks and slowly started to eat.

Li Moying's gaze followed her closely. Seeing the satisfied smile and squinted eyes in delight over the food, the tenderness in his eyes flourished as though it was about to leak out.

The two of them didn't realize that everyone in the banquet hall was staring at their intimate actions.

But as they were already used to everyone's envious looks, they felt nothing at all.

Seeing Li Moying acting like a servant escort who proactively served Huang Yueli with a right and proper look, everyone's jaws almost dropped down!

"What's wrong with her?"

"Any woman who is married to a peerless genius like Li Moying should count her blessings. Even if it was a young lady from the ancient god clans, they should feel fear and trepidation. What they should do is to serve their husband, instead of the other way round."

"Especially for his current wife! Although she was pretty stunning, she does not have any family background. Moreover, her innate talent was very ordinary. If she wanted to keep a man like Li Moying's heart, shouldn't she bow and scrape to him and be more considerate?"

"Why does it seem that the situation is completely reversed?"

"The gentle and considerate person seemed to become Li Moying?"

Everyone felt as though they were in a dream! This... they simply couldn't accept this at all!

But they had no choice but to admit that the way Huang Yueli ate her food was aesthetically beautiful with a tinge of nobleness. She was so beautiful as though she was a piece of painting.

Seeing Li Moying so concerned about Huang Yueli, Lan Mengqing was so angry that he shook with anger. If it wasn't due to the event they were in, she would just sweep all the plates off the table to vent the fury in her heart!

She thought to herself, how could such a thing happen? Was Li Moying blind?

A woman like Li Yuehuang only has a beautiful face. In terms of innate talent, ability, and status, which one of the following attributes could she be compared to an aristocratic young lady like me?

No matter how beautiful this woman is, she could merely be kept as a concubine. How could he marry this kind of woman to be his wife?

Moreover, Li Moying not only married her, but he was also subservient to every wish of hers!

Lan Mengqing recalled the disdainful look Li Moying gave her, and even mercilessly ridiculed her. The emotionless look in his eyes back then still made her tremble with fright.

But what about now? That pair of seductive peach blossom eyes were filled with gentleness.

Moreover, Li Moying's eyes were fixed on the young lady beside him. His attentiveness and devotedness seemed as though he had forgotten about the presence of other people around them!

Lan Mengqing believed that no one could surpass her beauty. So being put down in this way made her feel extremely jealous and hateful.

But what made her even more melancholic was her fiancé, Jing Shaoyuan!

Jing Shaoyuan had embarrassed himself fully today!

Originally, he assumed bringing Lan Mengqing would give Li Moying a tight slap on his face. He could also make Li Moying envy him.

Whoever knew that Lan Mengqing became smitten with him from the moment she saw him. Later on, Li Moying even exposed her in front of everyone and turned him, her fiance into a huge embarrassment.

Following that, Huang Yueli's spectacular appearance turned them completely into a laughing stock.

Chapter 3284: A Beautiful Woman With Looks Only? (3)

Now that they were seated there, they could feel so many people staring in their direction.

Although they were also the focus of everyone's attention, everyone's looks on Li Moying and Huang Yueli were filled with envy while the looks they received were more of gloating over their misfortunes.

This kind of gaze made them feel as though they were sitting on pins and needles, and the fury in their hearts flourish even further.

He kept telling himself to tolerate, but he had been living in an environment where he had been treated like a peerless genius. Jing Shaoyuan had never been this embarrassed in his entire life. How was he going to convince himself to swallow this anger!

His cold gaze swept past Li Moying and Huang Yueli.

At this moment, Huang Yueli was already half-full from the food. When she realized that her husband had been servicing her and she felt a little bad about it. So she peeled a grape and fed it to Li Moying.

Li Moying smiled and ate the grape in her fair, slender hand.

“Oh wow, Young Master Li and his wife are so loving! I’m so envious of them!”

“How could there be such a perfect man like Young Master Li in this world! Young Madam Li’s life is really too fortunate...”

“As expected, humans indeed place more emphasis on looks! If you’re beautiful, you can capture a genius’s heart like Young Master Li. There’s not much use to just have innate talent...”

“Sigh, one indeed cannot be compared to another. This is so infuriating!”

This kind of discussion made Lan Mengqing feel even more unresigned!

That’s right. Wasn’t she just not as good-looking as Young Master Li’s wife? Didn’t she just lose out on face?”

Just as she was silently burning in fury, Jing Shaoyuan’s cold and gloomy voice suddenly rang in her ear.

“Mengqing, do you feel unconvinced? Hmm?”

Lan Mengqing shuddered, forcibly squeezed out a smile, and tried to explain, “No, there’s no such thing! Shaoyuan, the things Li Moying said just now are just to give you a blow. He’s intentionally trying to drive a wedge between us! Surely you don’t believe what he said, right?”

Although her heart indeed pounded for an instant over Li Moying, Lan Mengqing knew that Li Moying would never have any interest in her. She could not offend her fiancé, Jing Shaoyuan.

After all, other than Li Moying, Jing Shaoyuan was already the next best choice.

Jing Shaoyuan knew what she was thinking, but towards their engagement, they would also not easily give it up.

He sneered silently but said, “I know. How would I ever believe in that kind of thing? I’m not stupid, so someone’s mere words won’t shake me up. We have been engaged for two years and have always been loving. No one can come in between us. There’s no way I will believe in an outsider over you, understand?”

Lan Mengqing silently heaved a sigh of relief and was just about to take this chance to pledge her loyalty to him, to save their relationship.

Just at this moment, she heard Jing Shaoyuan say, “I know your heart is with me and you will surely help me, right? I need your help now...”

Lan Mengqing went into a blank. “Help?”

Jing Shaoyuan sneered, “Don’t you find it irritating to see Li Moying and his wife acting so complacently? That woman obviously only has looks. Nothing else about her could match up to you! Her face just looks

a little prettier, but what can that do? I didn't expect a genius like Li Moying to be so superficial. He actually married this kind of woman!"

These words struck Lan Mengqing's sentiments deeply.

She nodded consecutively, "That's right. I was just finding it strange!"

Chapter 3285: A Beautiful Woman With Looks Only? (4)

Jing Shaoyuan could tell from her expression that she had been hooked. He continued to say, "Li Moying actually pampers this kind of woman so much, allowing her to climb above him. This is simply a joke! No matter what, Cloudy Qilin Clan is one of the ancient God clans. When I think that this kind of woman is going to be the future Cloudy Qilin Clan Leader's wife, I feel embarrassed for him!"

"That's right, it's really so embarrassing!" Lan Mengqing was totally being led by the nose by him.

Of course, she honestly also thought in that way. Otherwise, she wouldn't be so easily convinced.

Jing Shaoyuan continued, "But this kind of woman with only looks is very easy to deal with. As long as we can embarrass her in public, it will make her understand how much the difference is between a lowly human woman like her and a talented young lady from the God clan! Today is a very good chance!"

Hearing that, Lan Mengqing's eyes lit up. "Right, to deal with this kind of woman, we need to show her some colors! But she's right beside Li Moying. I'm afraid... she won't be at a disadvantage..."

Towards the end of the sentence, Lan Mengqing couldn't help but frown.

Jing Shaoyuan was rather confident as she tossed out the plan that he had pre-conceived.

"This is rather simple. Later, you should try to strike up a conversation with Li Moying's wife. You are the young lady of the Empyrean Fox Clan and are considered her peer. So it's perfectly normal to get close to each other. After that, you can find a chance to challenge that woman!"

Lan Mengqing was stunned. "You said... challenge?? You mean right at this banquet?"

She didn't expect Jing Shaoyuan's plan to be so straightforward!

Jing Shaoyuan said disapprovingly, "It's not scarce to have some challenges during a banquet. Military banquets would always end up with military officers challenging each other towards the end of the banquet. On one hand, it would give some entertainment to the banquet. On the other hand, the victor would be able to make a name in front of the host. It's a win-win situation!"

"No one came out to challenge each other today because they were stunned by Li Moying and that woman. So everyone had forgotten about this. Hence, it isn't strange for you to challenge Li Moying's wife at all. Moreover, the two of you are both in the same generation. One is a young miss from the Empyrean Fox Clan while the other is Cloudy Qilin Clan's Young Madam. Your statuses are on par, so no one will say anything if you challenge her!"

Hearing that, Lan Mengqing's eyes slowly lit up.

She was supposed to be the more glamorous lady at today's banquet. All the men's gazes should stay on her.

But ever since Huang Yueli appeared, she had been totally suppressed!

That exceptional stunning beautiful countenance made her lose all her courage to even fight!

All she could do was to see Huang Yueli bask in the limelight while she envied her secretly.

But now, Jing Shaoyuan's words gave her new hopes.

He was right. No matter how beautiful that woman was, she was only a beautiful woman with looks!

In God Realm, only the strong were respected!

If she challenged Huang Yueli, all the practitioners here would quickly remember that this woman was just an ornament. Whereas she, Lan Mengqing... was a really talented young lady with both beauty and brains!

As long as everyone remembered this, Huang Yueli would no longer be in the limelight.

Moreover, she had recently been cultivating an Emyrean Fox Clan's secret skill.

When she executed that, she would definitely be in the limelight!

Chapter 3286: Lan Mengqing's Challenge (1)

Numerous thoughts ran past Lan Mengqing's mind. The more she thought, the more she felt that this was a wise idea.

She nodded and said, "You're right. I'll go and challenge her right now!"

As she spoke, Lan Mengqing stood up from her seat and walked straight toward Huang Yueli.

A smile showed up on Jing Shaoyuan's lips, as he watched his fiancée's departing figure.

He thought, "Li Moying is indeed very bad at choosing women. Since he married a bimbo, he could only blame himself for others to humiliate him!"

Very soon, everyone would find out that he, Jing Shaoyuan, had better eyesight!

At this moment, Huang Yueli and Li Moying had nearly eaten their fill.

As the two of them were a little too loving, it was just too eye-piercing. Xuan Jiuling couldn't help but laugh, "Look at these two fellows. No wonder other people always say absence makes the heart fonder!"

Huang Yueli's face flushed red after being teased by a senior. She hurriedly sat properly and ignored Li Moying's anticipative gaze as she made up her mind not to peel any more grapes for him.

Li Moying rose an eyebrow, thinking of alternative ways to trap his little fox.

Just at this moment, he heard footsteps approaching them.

Lifting his head, he frowned when he discovered it was Lan Mengqing who was walking over.

Lan Mengqing met Li Moying's icy black eyes and suddenly became timid. But when she recalled her purpose, she braced herself to walk forward until she came before Huang Yueli.

Huang Yueli was seated properly, hoping to maintain the mannerism of a young lady from a respectable family.

It was only until Lan Mengqing had approached her before she lifted her head and looked at the latter in astonishment.

Earlier when she entered the door, Jing Zhihai and Lan Mengqing were already brushed aside by Li Moying. So she didn't know what kind of person Lan Mengqing was. She only felt that the other party's gaze on her seemed a little savage and instinctively felt that something was wrong.

"Li Yuehuang, I want to challenge you!"

Lan Mengqing directly made her intention clear when she spoke.

Huang Yueli was shocked and asked, "Huh? You want... to challenge me?"

Huang Yueli thought inwardly, "What's going on? Don't I just need to be a qualified beauty? Isn't my job to dress up beautifully today, and remain quietly beside Moying?"

"After all, this celebratory banquet is for Li Moying, not me!"

If anyone wanted to issue a challenge, she wouldn't be that surprised.

However, someone came up to challenge her? What was going on?

Just as Huang Yueli was befuddled, Li Moying looked at Jing Shaoyuan with narrowed eyes.

His gaze had always been substantive. Even if their distance was so far apart, it made Jing Shaoyuan feel a dull pain in his chest when their eyes met!

Jing Shaoyuan clutched his chest and his expression abruptly changed colors!

Li Moying could actually convert his Qi into a sword! The former was much more incredible than what he had imagined!

But...

It was a fact that the distance between them was rather far. Jing Shaoyuan merely suffered a slight injury. He only needed to exert some Profound Energy to suppress the injury.

He threw a provocative gaze at Li Moying and remained extremely confident.

He thought, "So what if Li Moying is incredible? Can he fight the battle for his wife?"

Lan Mengqing challenging Huang Yueli was logical. But if Li Moying stood up for Huang Yueli, he would turn out to be a bully!

Moreover, Lan Mengqing had already issued Huang Yueli a challenge on this kind of occasion. If the latter were to reject it because she was scared, she would definitely end up as a laughing stock!

Chapter 3287: Lan Mengqing's Challenge (2)

When Lan Mengqing saw Huang Yueli's shocked look, she assumed that the latter was afraid. So she couldn't help but feel complacent.

"That's right. I'm challenging you!"

Huang Yueli's eyes widened and she asked curiously, "Who are you? Why do you want to challenge me?"

Lan Mengqing then recalled that this young lady was just a country bumpkin who ascended from the Lower Realm. After she entered the banquet hall, Li Moying had apparently not introduced them, so the other party didn't know who she was at all!

Although Huang Yueli's dazed look was not a pretense, Lan Mengqing still felt a little embarrassed to be questioned by her on this kind of occasion.

She gritted her teeth and introduced herself. "I'm Lan Mengqing from the Empyrean Fox Clan! As for why I am challenging you, surely there's no need for a reason, right? In this kind of banquet, practitioners can casually challenge same generation practitioners to liven up the mood for the banquet!"

"Oh, I see!" Huang Yueli nodded.

Her expression remained unperturbed. Lan Mengqing had imagined that she would be shocked and at a loss, but that did not happen.

In this way, Lan Mengqing suddenly became doubtful.

She thought, "Hasn't this useless beauty a human who just ascended from the Lower Realm? Her cultivation is probably in the tenth stage realm. However, A Dream Profound Realm peak-phase top exponent like me challenged her, but she doesn't feel frightened at all?"

"Or is she already used to being protected by Li Moying? That's why she assumes that the top exponents in God Realm are as weak as those in the Lower Realm?"

"But no matter what kind of situation it is, I have sufficient confidence to defeat this specious woman in one move! I will make her lose face in front of all the guests!"

She was deeply afraid that Huang Yueli would reject her challenge because of fear, so she urged in a pushy tone.

"How is it? Young Madam Li, have you made up your mind yet? Will you accept my challenge or not?"

Lan Mengqing naturally would not suppress her tone when challenging Lan Mengqing. The entire banquet hall could hear her voice clearly.

In an instance, the entire banquet hall's practitioners broke out into a clamor.

"What's going on? Young Miss Lan actually challenged Young Madam Li. I'm not hearing things, am I?"

“Lan Mengqing is one of the heaven grade geniuses in the Emyrean Fox Clan. She’s just 30 years old and she’s already in Dream Profound Realm peak-phase cultivation. Among those female practitioners in her generation, she could be counted as one of the top ten ranking practitioners! Yet, she challenged Young Madam Li?”

“Tsk tsk, I think Young Madam Li’s beauty should have enraged the entire audience! Young Miss Lan is trying to intimidate her! I think Young Madam Li is in trouble!”

“How can Young Miss Lan do that? Isn’t this demeaning her own status?”

“That doesn’t sound right. The two of them both bear the ancient god clan’s higher class status, and they are both from the same generation. It’s reasonable for Young Miss Lan to challenge her!”

“Young Madam Li can only blame herself for her lack of cultivation! She’s going to be embarrassed badly this time!”

“Sigh, if it’s just her who is going to be embarrassed, that’s fine. But she is embarrassing Young Master Li! One indeed cannot marry just based on looks!”

Various discussions kept ringing around the banquet hall.

The majority of the practitioners were on Huang Yueli’s side. But a portion of them felt that Lan Mengqing did not do anything wrong.

It was especially so for those young ladies who were smitten by Li Moying when he first stepped in. They were originally jealous of Huang Yueli, yet they did not dare to say much.

Now that Lan Mengqing had jumped out and was about to trash Huang Yueli, they immediately took Lan Mengqing’s side.

Chapter 3288: Lan Mengqing’s Challenge (3)

Those young ladies who could attend today’s banquet were practically all talented young ladies from the god clans or human race. All of them felt that their innate talents were much higher than Huang Yueli, but lost out in their looks!

With such an outstandingly talented young lady like Lan Mengqing jumping out to challenge Huang Yueli, this was akin to standing up for them!

Hearing so many people standing on her side, Lan Mengqing’s expression turned slightly smug.

She looked at Huang Yueli provocatively and asked, “How is it? Have you considered what to do?”

Meng Shurong and Xuan Jiuling also frowned when they saw this. They felt a little uneasy.

Earlier when Li Moying talked to Jing Shaoyuan, the two of them had heard and assumed they already know Huang Yueli’s standard of ability.

She was an ordinary human and had just ascended from the Lower Realm a few months ago. Adding on to these conditions, she probably wouldn’t even be able to take one blow from Lan Mengqing!

If the two of them really fought and Huang Yueli was defeated, she would definitely embarrass Li Moying. But that was still considered a good outcome. If Lan Mengqing dealt her with an excessively heavy blow and caused Huang Yueli to die or be heavily injured, they could just imagine how infuriated Li Moying would be!

The two of them held this banquet today so that they could commentate and pull Li Moying to their side. It was not to make enemies with him.

If anything were to happen to Li Moying's wife at the banquet today, that would be a result that no one wanted to see.

The two Divine Generals shared a glance and Meng Shurong spoke out. "Young Miss Lan, Young Madam Li had just arrived in God Realm for a short while so she probably isn't used to this kind of challenge. If you want to exchange pointers, you might have to wait for another chance in the future!"

The way he spoke was very tactful. It had both expressed his attitude and gave both parties enough face.

If it was usual times, Lan Mengqing would definitely back down after hearing the Divine General's instructions.

But today, she wasn't willing to give up on this chance so easily!

She had already stood out to challenge Huang Yueli, risking her reputation to be put out as a bully. If she could not embarrass Huang Yueli today, wouldn't she have suffered a loss?

Thinking of this, Lan Mengqing lifted her chin and cupped her fists at Meng Shurong.

"Divine General Sir, please be assured. We are just having some fun to liven up the banquet. I won't attack aggressively, and I promise that I will not injure her!"

Lan Mengqing indeed had no intention to injure Huang Yueli.

Her aim was just to embarrass Huang Yueli and show everyone the differences between a truly talented young lady versus a useless beauty!

She would defeat Huang Yueli and not injure her. Not only would she be able to display her ability, but she would also look very classy.

Lan Mengqing had done this many times in the past to raise her reputation.

Hearing Lan Mengqing's words, the two Divine Generals went speechless.

The other party had already said it was to liven up the banquet. She also promised that she would not injure Young Madam Li. It didn't seem right for them to keep obstructing her? By then, everyone would find it strange and Li Moying would become the embarrassed one!

Thinking of this, both Divine Generals turned and looked at Li Moying at the same time.

They assumed that based on Li Moying's character of pampering his wife, he would definitely be furious on seeing his wife being coerced in such a manner. Perhaps, he might even quarrel with Lan Mengqing.

However, the truth was different from what they had imagined.

Li Moying was holding a crystal wine glass with one hand, while the other was supporting his head. He was slowly savoring the flavor of the wine.

His expression seemed as though he was watching a great show!

Chapter 3289: Lan Mengqing's Challenge (4)

Both Divine Generals were a little stunned.

They thought, "What was Li Moying playing at? Earlier, didn't he pamper his wife dearly?"

"Why is it that he still has the mood to enjoy drinking wine now?"

"Didn't he see his wife being coerced by someone into a tight corner? Isn't he worried at all?"

In reality, the two Divine Generals didn't know that Li Moying was actually worried. In fact, he was very worried, extremely worried!

He was worried that his little fox would fly into a rage and bully Lan Mengqing into a terrible state!

No matter what, that person was a young lady from the Empyrean Fox Clan. If she really ended up being fatally injured or disfigured, it would more or less bring forth some trouble.

He wished that his little fox would pay a little more attention and go play excessively...

With this thinking in mind, Li Moying secretly pinched Huang Yueli's hand to give her a hint.

Huang Yueli turned her head around with a pout and stared at him unhappily.

Seeing his wife's angry face, the wife slave immediately raised his hands to surrender. He expressed his stance using his eyes, "I didn't say anything and I don't mean anything at all. Go on and have fun, however you like!"

Huang Yueli turned to Lan Mengqing satisfactorily and slowly said, "I'm sorry, Young Miss Lan. I feel that it's better not to compete. I have a friend who is a Spiritual Alchemist, and she told me that it's bad for us to fight immediately after we had our meal."

She immediately said words of rejection when she spoke!

Li Moying's brows rose, apparently rather surprised. But he suddenly understood the reason when he turned his thoughts around.

To avoid Huang Sanbai's spies, Huang Yueli had intentionally been concealing her identity.

Luckily, after her primordial spirit had merged with the Sky Phoenix Ring, she could beautifully conceal her race and cultivation through the deterrent force of an excellent Holy Armament like the Sky Phoenix Ring.

Even Xuan Jiuling, God Realm's top-rated exponent, could not tell from one look that Huang Yueli was from the Sacred Phoenix Race.

But Huang Yueli was a little worried because Xuan Jiuling's cultivation was powerful after all. If her Profound Energy fluctuated too vigorously when she and Lan Mengqing fought, she might end up being exposed. That would not be worth it at all.

So after she pondered over this, she decided to just let it go.

Whether one's ability was strong or not, this wouldn't depend on who shouted the loudest or went around to challenge other people!

Only those who lacked ability or confidence would go around showing off in front of the public and seek other people's praises to find their existence.

Huang Yueli and Li Moying had long surpassed this stage.

Moreover speaking, taking on the disguise of a useless beauty wasn't necessarily a bad thing.

Pretending to be weak in crucial moments was more interesting!

Hearing Huang Yueli's decision, Li Moying was extremely satisfied. Xuan Jiuling and Meng Shurong also heaved a sigh of relief.

But Lan Mengqing was extremely disgruntled!

It was because when Huang Yueli used the theory of "it's bad to fight after a meal" to reject her, the former's expression was simply too realistic. It seemed as though she was really telling her how to care for her body.

Lan Mengqing was especially mad that there wasn't any tinge of guilt or awkwardness on Huang Yueli's face at all!

She thought, "This woman... how can she do this? Doesn't she feel embarrassing to do this at all?"

"Can't she tell that even Young Lord Li refused to help her because he felt that she was too weak and was embarrassing him?"

Not only did Lan Mengqing refuse to back down, she even took another step forward until she practically stood in front of Huang Yueli's table.

Chapter 3290: Lan Mengqing's Challenge (5)

"Young Madam Li, are you seriously not going to accept my challenge?"

Huang Yueli nodded and said, "I'm serious!"

Lan Mengqing sneered upon hearing that, and her eyes were filled with disdain!

"Do you know that if you don't accept a challenge on this kind of occasion, it is akin to disrespecting the host? Today, Lord Xuan organized this banquet because of Young Master Li. As Young Master Li's wife, you actually refused to compete! What will other people think of Young Master Li?"

Huang Yueli rose an eyebrow when she heard that.

Lan Mengqing continued to say, "Other people don't care who you are, but they will say that Young Master Li had lost his head over lust. He married a piece of trash with only beauty who doesn't even dare to accept someone's challenge! You will turn Young Master Li into God Realm's laughing stock!"

"Shut up!"

Lan Mengqing intentionally went overboard, hoping to pique Huang Yueli's anger so that she would accept the challenge in a fit of impulse.

Whoever knew that before Huang Yueli had said a thing, Li Moying had lost his cool. He slammed the table and stood up!

He wanted to swat Lan Mengqing, the irritating fly, to death with his sharp bark.

Huang Yueli acted swiftly and pushed him back in his seat. Then she looked at him, expressing for him to remain calm.

Li Moying's anger still hadn't dissipated so when he looked at Huang Yueli, it was filled with dissatisfaction!

Huang Yueli felt rather helpless over her man! She thought, "Wasn't he the one who asked me not to deal with her too excessively?"

"What about now? He wanted to kill Lan Mengqing directly!"

But Huang Yueli was aware that Li Moying was an extremely calm and steady man. If anyone were to scold him, he might be able to tolerate it. But since Lan Mengqing was scolding her, it would have triggered Li Moying's inverse scale. It would be a wonder if he didn't flare up!

Huang Yueli secretly pinched Li Moying from under the table.

Li Moying gave a cold snort and swept her a cold, fleeting glance.

Huang Yueli gave a fawning smile and tried hard to placate this man before turning to Lan Mengqing.

"Young Miss Lan, I've thought about this carefully and I feel that what you say seems logical! My avoidance of the fight indeed easily caused others' misunderstanding. I don't really care about my reputation, but I don't like other people to say bad things about my husband!"

Lan Mengqing was so shocked by Li Moying's bark earlier that her face turned pale and retreated a couple of steps back.

Until now, her complexion was still white and her senses were still unsettled.

Since things had come to this stage, Lan Mengqing felt that her challenge would likely fail.

Whoever knew that when Huang Yueli spoke up again, that tone didn't sound right.

"You... your meaning is... could it be..."

Huang Yueli smiled and nodded her head. "Yes, since you insist on challenging me, then I can't just reject you in this way! Since you want to compete, then let's have a competition!"

Hearing Huang Yueli finally agreeing, Lan Mengqing couldn't believe her ears at all.

After a while, she came back to her senses and showed an ecstatic look.

"Good, that's great! You agreed to this yourself, so you can't regret it!"

"Of course, I wouldn't regret it!" Huang Yueli responded slowly.

Hearing Huang Yueli agreeing to Lan Mengqing's challenge, all the practitioners in the banquet hall became excited!

"Heavens, did I hear it correctly? Young Madam Li actually agreed to Young Miss Lan's challenge!"
