

Weaponsmith 3301

Chapter 3301: The Consequences of Overestimating Oneself (3)

Practitioners below Heart Profound Realm cultivations can't even see Lan Mengqing's moves clearly, not to mention how she was sent flying!

Even those Heart Profound Realm practitioners could barely see Lan Mengqing attacking crazily. All they saw was Huang Yueli lifting her hand before Lan Mengqing flew!

She even spat out blood because of her heavy injuries!

But no one could figure out how these happened. Moreover, no matter how they thought, it just seemed impossible.

Hence many people's first reaction was that Li Moying had secretly lent a helping hand to protect his wife!

Even Jing Shaoyuan also had this suspicion. He couldn't tolerate this, so he banged his fist on the table and stood up.

"Li Moying! Lan Mengqing is challenging your wife, and your wife has already agreed to it personally. This is considered to be a fair competition, but you secretly lent her a helping hand? Do you still have any bottom line at all?"

Hearing Jing Shaoyuan standing up for Lan Mengqing, everyone fell silent. Their gazes fled between these two top rated geniuses in God Realm.

If Li Moying indeed broke the rules and made his move, then he would be in the wrong. It was necessary to give Jing Shaoyuan and Emphyrean Fox Clan an explanation.

However, Li Moying didn't even bat an eyelid when he heard that. He merely gave a disdainful laugh.

"Young Master Jing, may I ask which eye did you see me making the attack? If you didn't see it, how can you say that I broke the rules to help my wife? Speaking nonsense like this is considered slander on this kind of occasion! You'd better show me the evidence! Otherwise, I will take it that you are intentionally damaging our reputations."

Li Moying's voice was cold as he spoke at a calm and steady pace.

Jing Shaoyuan's face turned green after being rebutted in such a manner.

"You... although I didn't see you make a move, you are a god grade genius who could even kill a Sky Devil mid-phase devil. So it's normal to have some despicable means up your sleeve! I might not have evidence, but Divine General Meng and Lord Xuan are both here. Based on their insight, I'm sure they can see through those petty tricks of yours! I am advising you to admit it now. Otherwise, if both Lords here were to expose you later, it'd be so embarrassing for you!"

Jing Shaoyuan recalled the two young ladies' fight earlier.

He was watching them very closely. When Huang Yueli attacked, he had also seen her moves clearly.

But when Huang Yueli attacked, she happened to be trapped within Lan Mengqing's whirlwind!

Based on the angle of her move, she shouldn't be able to hit Lan Mengqing at all!

But the result was Lan Mengqing was heavily injured. Something... should be wrong somewhere.

Jing Shaoyuan thought over and over again. He assumed that he had already grasped the truth of this. So when Li Moying refused to admit it, he could only throw the arrow toward Meng Shurong and Xuan Jiuling.

These two Divine Generals were so high ranking. No matter how much they appreciate Li Moying, they would absolutely not lie on this kind of occasion.

Their insights based on their cultivation would enable them to see any tricks that Li Moying had done!

Jing Shaoyuan looked at Meng Shurong in anticipation. "Divine General Meng, please uphold justice for us! My fiancée Young Miss Lan has suffered rather serious injuries and I'm afraid she will need to take a long time before she fully recovers! Not only did Li Moying break the competition rules, he even hurt her with malicious intent! This... he's such a bully!"

Li Moying heard him say that and his lips curled up coldly. He picked up the wine glass and continued to drink the grape wine.

Chapter 3302: The Consequences of Overestimating Oneself (4)

Seeing this, Jing Shaoyuan was so angry that he gnashed his teeth. He tried hard to restrain himself from punching Li Moying's excessively handsome face and disfiguring him!

"Let's see how complacent you can be! Who asked you to be so condescending!"

"Later on, Divine General Meng will definitely teach you a lesson!"

But when he looked at Meng Shurong, he realized that Meng Shurong's face was filled with an awkward expression.

"Cough cough, this... this matter... Shaoyuan ah, this matter..."

Meng Shurong hemmed and hawed, as though he was hesitant to say something.

Jing Shaoyuan thought he wanted to cover up for Li Moying, hence he hurriedly said loudly, "Divine General Meng, you have always been known for being fair and impartial in the army. This Subordinate believes that you will also handle this matter fairly! Will you please not have any misgivings and tell everyone at this banquet the truth! Otherwise, everyone will not be convinced by this result!"

Jing Shaoyuan's words had an inciting effect. Various practitioners below the stage also started to protest softly.

"That's right, what exactly is going on? Why isn't Divine General Meng saying anything?"

“Even if Young Master Li is a god grade genius, he can’t simply hurt another person even though his identity is special, isn’t it?”

“Could it be that even if such an unfair thing was happening in the allied armies, Divine General doesn’t even care?”

Jing Shaoyuan had full confidence upon hearing these discussions. He even looked at Meng Shurong with a provocative expression.

Meng Shurong felt helpless and sighed deeply.

“Alright, originally this is a competition and This Divine General didn’t want to say so much. Since Young Master Jing insists, then I shall say this directly. I hope Young Miss Lan will not blame This Divine General in the future!”

Something just didn’t seem right.

Why would Lan Mengqing blame Meng Shurong?

But this thought merely flashed past everyone’s mind and was quickly forgotten.

Meng Shurong continued to say, “In the earlier competition, Young Miss Lan indeed held a huge advantage at the beginning with her Profound skills, “Whirlwind Dance” and a set of palm technique called “Eighteen beats of the Nomad Flute”. But Young Madam Li seemed to not react because she had already seen through the flaw in Young Miss Lan’s palm technique. That was why she could defeat her in one move!”

“Palm techniques’ flaw? What flaw? I can’t tell at all?”

“How can this be? It’s so miraculous? Young Miss Lan’s palm technique is so fast. Isn’t the only way to break her moves to be faster than her?”

“Could it be that she had resorted to some trickery? Surely Divine General Meng would not lie to us, right?”

Seeing everyone puzzled, Meng Shurong thought over it for a moment and decided to explain it even more clearly.

“The speed of the Empyrean Fox Clan’s secret skill, “Eighteen beats of the Nomad Flute” isn’t as fast as what you imagined. Rather, it uses a kind of hallucination skill to coordinate with her speed. So it makes one think that the speed of her actual moves was much faster than it is by several times! Eighteen palm strikes seemed as though there were more than 20 moves! But in reality, among so many attacks, only a few strikes are real. The remaining are all virtual moves. If one can differentiate this, it wouldn’t be so hard to evade them.”

“Moreover, this kind of palm technique which chases after speed will also result in a huge loophole. Of course, this loophole is concealed very cleverly so that most people can’t tell. But if one sees through it, that person would only need to aim at her weakest point to defeat her instantly!”

Meng Shurong sighed deeply. “Does everyone get it now? Young Madam Li had merely seen through this loophole!”

Chapter 3303: The Consequences of Overestimating Oneself (5)

Hearing Meng Shurong's explanation, all the practitioners in the banquet hall started to understand the whole story.

"So it's like this..."

"But Young Madam Li's eyesight is so terrifying, isn't it? We are both in Dream Profound Realm mid-phase but I can't even see Young Miss Lan's movements clearly. She actually managed to see through the loophole in one glance?"

"This is such a surprise. I thought Young Madam Li was going to lose for sure!"

"Her eyesight is really too scary! It's simply unbelievable!"

Amid the audience's shock and admiration, Jing Shaoyuan bore a face of disbelief.

He thought that as long as Meng Shurong explained, it would be advantageous to him, and he would be able to deal Li Moying with a fatal blow!

Whoever knew that the situation was totally different from what he had imagined!

Meng Shurong indeed was under pressure to explain the entire process in detail. But this explanation did not cause Li Moying and his wife to be embarrassed. It even brought Huang Yueli's reputation to new heights!

Now, no one would ever doubt that Huang Yueli had won because of external help, or just because her attack power was very outstanding!

Meng Shurong had personally verified that her victory was because of her precise vision, and the perfect grasp of the opportunity at the right timing!

Jing Shaoyuan knew what this meant very clearly!

This represented that Huang Yueli's power of comprehension was much higher than ordinary practitioners, and it had even surpassed himself!

To practitioners, high power of comprehension didn't have much obvious effect on practitioners who were in Heart Profound Realm and below. But after they reached Dao Profound Realm, it would entirely depend on their power of comprehension to see if they could break through the crux to reach Life Profound Realm!

To think Huang Yueli actually had such high power of comprehension!

Jing Shaoyuan's expression was utterly ghastly!

He finally understood deeply the saying "to try and steal a chicken only to end up losing all the rice"!

If time could turn back, he would not provoke Li Moying again. Neither would he dare to instigate Lan Mengqing to cause trouble for Huang Yueli!

Alas, it was of no use to have any regrets now.

Seeing Jing Shaoyuan's despondent look, Meng Shurong shook his head and sighed.

"Sigh. Originally, I didn't want to spill this out so clearly. After all, "Eighteen beats of the Nomad Flute" is Empyrean Fox Clan's secret skill and it's already an achievement to cultivate it to a small stage. This kind of illusory art might not be of much use to us Dao Profound Realm practitioners, but to the majority of Dream Profound Realm or even Heart Profound Realm practitioners, there is a certain destructive power."

"Now that I have told everyone about the crux of this, it would be more difficult for Young Miss Lan to use this set of palm techniques to defeat her enemies. If it wasn't because of Jing Shaoyuan's insistence, I really did not want to do this."

Lan Mengqing had just regained consciousness when she heard Meng Shurong exposing the secret of her palm technique. She suffered a great blow, but at the same time, she could not understand why a top rated exponent like Meng Shurong had to do this to her.

In the end, when she heard Meng Shurong's explanation, her eyes rolled up, and fainted once again!

She trained very hard for several years to attain a small achievement in the "Eighteen beats of Nomad Flute". But now, under her fiancé's coercion, the secret of it was exposed to the guests present here!

She was hoping to make use of this palm technique to shine in the God Realm Tournament!

Now... it's all finished!

As for Jing Shaoyuan, he only realized that the reason for Meng Shurong to hem and haw earlier was all because of Lan Mengqing!

Chapter 3304: Huang Yueli's Military Merits (1)

As for him acting like a smart aleck, he caused Lan Mengqing into deep trouble!

No wonder Meng Shurong said earlier that if he heard the answer, he would surely regret it...

Li Moying swept a cold glance at the ashen-faced Jing Shaoyuan. Following that, his gaze turned towards Huang Yueli who stood in the center of the competition grounds.

The look in his eyes instantly turned gentle, as he held out his hand to her.

"Why are you still standing there? You must be tired out from the two rounds of competition, right? Quickly come over here and sit down!"

Huang Yueli pouted because she didn't feel tired at all!

Although she indeed went through two rounds of competition, she only used one move in each round to finish up the fight. To tell the truth, she didn't even put in much effort. So how would she be tired?

In reality, she was taking the opportunity while no one was noticing her enjoy the show!

The couple, Jing Shaoyuan and Lan Mengqing, were the perfect description of “serves you right for doing something stupid!”

Right now, all she wanted to do was to keep a low profile. If it wasn't because they kept forcing her, she would absolutely not make things difficult for them.

Now, things had gone out of control and these two had completely lost their reputation. After today, they probably wouldn't even dare to leave their houses because they were afraid of being ridiculed by other people!

As for her, her plan of keeping low-profile had also gone down the drain. She might have vented her anger by hogging the limelight, but...

No one knew if she might get into other kinds of trouble because of this.

Huang Yueli thought, “Sigh, I can only take one step at a time!”

Huang Yueli was pondering over this while feeling a little stifled when she heard Li Moying calling out to her. She blinked and immediately walked to her husband.

Li Moying held her hand and pulled her gently.

Huang Yueli immediately went with the flow and sat beside him. She even leaned toward him, portraying a cute and helpless-looking image. That obedient look... no one would ever doubt a word if someone were to claim that she was a good girl who had never left her house!

Seeing this, the eyeballs of all the practitioners in the banquet hall almost popped out!

Looking at her staying beside Li Moying, no one could imagine that just a quarter of an hour ago, she was still in the center of the competition grounds. She managed to defeat Emphyrean Fox Clan's Lan Mengqing easily with just one blow in each round!

During the battle, her judgment was precise and her moves were decisive. She would absolutely not lose out to any men.

But now...

Everyone suddenly realized that they had been deceived by this peerless beauty's elegant look right from the start!

They thought that she resembled a fainty and pure lily flower. However, there were sharp pricks beneath her petals, which were even sharper than roses by a hundred times or more!

“But I really envy Young Master Li... He has such an incredible wife, but when she is beside him, she is so obedient and docile. It simply seems as though she has changed into another person...” Someone lamented.

Other people immediately spoke out indignantly and rebuked, “Then isn't Young Master Li also submissive to his wife? Can't you see that Young Master Li totally disregards all the other ladies, and he only had eyes for his wife?”

“Hmm, it seems right to say this as well...”

“Sigh, I really envy them...”

Everyone sighed deeply.

After Li Moying pulled Huang Yueli to her seat, he scooped a bowl of soup for her and watched her drink it. Then he absentmindedly said to Meng Shurong, “Divine General, there’s something I forgot to mention.”

Chapter 3305: Huang Yueli’s Military Merits (2)

Meng Shurong was stunned, “What’s that?”

Li Moying said, “I’ve originally forgotten about this matter, but I suddenly recalled it earlier. I believe Divine General Meng should remember that I had once mentioned that I was at Divine Lieutenant Li’s campsite because my wife met with an accident. She had fallen into the demon tribe’s control zone and later ended up in Divine Lieutenant Li’s campsite.”

Meng Shurong nodded consecutively, “Of course, I remember!”

It was the first time Xuan Jiuling heard of this, so he took another curious look at Huang Yueli.

Li Moying continued to say, “As my wife had previously been assigned as Commander in Divine Lieutenant Li’s campsite, she had also killed several devils and established many military merits. Back then, before we left, the majority of her military merits had been computed over at Divine Lieutenant Li’s campsite. But there is still a portion that had not been tallied. Divine Lieutenant Li told her to bring it over to Blessed City and look for you to help her tally it.”

Hearing that, Meng Shurong was stunned.

“Look for me to tally? But... I generally don’t bother about this kind of thing. Unless...”

Meng Shurong suddenly thought of something and his eyes instantly widened in shock!

“Unless... impossible. How can this be possible??”

Ordinary devil soldiers and Earth Devil’s devil stones were mostly tallied by Divine Lieutenant officer ranks. As a Divine General, Meng Shurong naturally could not handle so many soldiers under him.

But if anyone were to kill a devil of Sky Devil grade and above and obtained the Sky Devil’s devil stone, as the number of military merits involved was too large, Divine Lieutenants had no way to make a decision and tally figures. So they could only transfer them over to the Divine General’s side.

This was stipulated clearly in the military regulations, and there was nothing to object against.

So Meng Shurong quickly thought of this regulation. But he could not believe that the conclusion that surfaced in his mind to be true!

However, Li Moying nodded right before his shocked gaze and said calmly, “My wife and Jun Sihan’s wife, Xia Yunxi had fought in an earlier battle with the demon tribe, and killed Sky Devil Rui Ze’s younger

brother, Rui Xuan, which is also a Sky Devil early-phase top exponent. May I trouble Divine General to help them tally their military merits?”

Saying that, he turned towards Huang Yueli. “Li’er, can you show them the devil stone?”

Huang Yueli nodded and retrieved a crystal clear devil stone from her realm ring, which was the one that they retrieved from Rui Xuan!

Originally, Huang Yueli liked the color of this devil stone very much and wanted to save it for herself.

But later on, when she thought about the fact that the devil stone contained Li Yukun and Xia Yunxi’s military merits, she felt that she could not just keep it for herself. Hence she could only submit it.

Meng Shurong’s eyeballs almost dropped out of their sockets when he saw the devil stone.

“T...T...This... This is a Sky Devil early-phase devil stone!!” Based on Meng Shurong’s experience and insight, he naturally could tell the authenticity of this devil stone.

Huang Yueli nodded. “Yes, that’s right.”

“But, this... this is... you obtained this by killing a Sky Devil?” Meng Shurong felt that he was speaking incoherently.

It simply wasn’t because he had poor mental quality, but because this matter was simply too bewitching.

Li Moying and Jun Sihan killing Sky Devil Rui Ze were already shocking enough. But at the very least, they were both Heart Profound Realm practitioners. Moreover, one was a god grade genius while the other was an established peerless genius from the most ancient god clans.

Huang Yueli was only in Dream Profound Realm!

But she claimed that she killed a Sky Devil?

If it were another person, Meng Shurong would definitely sneer and say, “Impossible!”

Chapter 3306: Huang Yueli’s Military Merits (3)

But these words came from Li Moying’s mouth.

Everything that happened today had proved that this young couple, Li Moying and Huang Yueli, could do something that could make one astonished!

All those who didn’t believe in them would be left with a hard slap on their faces.

Even though Meng Shurong was extremely astonished, he didn’t say anything like “impossible”. Instead, he proceeded to ask Huang Yueli about the exact details.

Huang Yueli immediately shook her head and emphasized.

“I wasn’t the only one who killed him alone. Xia Yunxi and I were the lead, and we brought along a group of soldiers to coordinate with us! Moreover, Sky Devil Rui Xuan had already crossed hands with Divine Lieutenant Li once. Hence he was already heavily injured. Otherwise, it’s impossible for us to kill him!”

Huang Yueli explained the situation practically and realistically to them.

But even though she sounded very truthful and even reiterated several times that she was in under extremely favorable conditions, everyone was still stunned by the amazing feat that she had accomplished!

Killed a Sky Devil!

To most of the practitioners, this was something they did not even dare to imagine for their entire lifetimes!

Even for God Realm’s top-rated exponent like Xuan Jiuling, who had killed several Sky Devil peak state practitioners, his first time killing a Sky Devil was only after he advanced into Heart Profound Realm peak state.

Hence, it was already unimaginable for people like Li Moying, who were in Heart Profound Realm mid-stage to kill a Sky Devil.

What more for Huang Yueli and Xia Yunxi... who were only in Dream Profound Realm mid-phase?

No matter what kind of chance encounters they had before they could achieve this, the most important thing was they did it. Just based on this, it was enough to make everyone marvel!

Meng Shurong was so shocked that he couldn’t say a single word.

Xuan Jiuling, on the other hand, was an experienced Dao Profound Realm top exponent. It only took him a few moments to regain his senses.

“Even if Sky Devil Rui Xuan was heavily injured, based on you and Young Madam Jun’s cultivation, wanting to break through the Sky Devil early-phase practitioner’s defenses is not quite possible. Did you use any special method?”

Huang Yueli immediately nodded his head and said, “That’s right. It’s actually a coincidence. I’m a Spiritual Armament Master while Young Madam Jun is a Spiritual Alchemist. We have planned for a long time before coming out with this idea to create a batch of spring mechanisms that could instantly shoot out several thousand silver needles. These silver needles had also been soaked in lethal poison. After that, under the cover of our soldiers...”

Huang Yueli described the scenario in detail back then, not missing out on any fine details at all.

She was extremely honest and did not exaggerate her contributions. Neither did she neglect any chance factors.

But it was exactly because of this that convinced everyone.

Hearing the contents, all the practitioners felt as though they were experiencing the situation in person. They seemed to be able to see them fighting at the demon tribe campsite valiantly, and even how the demon tribe campsite came to an end.

Xuan Jiuling listened to Huang Yueli's description and muttered repeatedly.

"A spring mechanism that can shoot out thousands of silver needles in an instant?? A poison that could instantly kill a Sky Devil??"

Ordinary practitioners would emphasize the process of how Huang Yueli and Sky Devil Rui Xuan fought. They felt that the most amazing feat was not to be killed instantly by the Sky Devil.

But to a veteran like Xuan Jiuling, the preparatory work that they had done was the thing that left him astounded!

Chapter 3307: Huang Yueli's Military Merits (4)

Huang Yueli and Xia Yunxi creating this kind of spring mechanism and poison already meant that their standard in armament refining and alchemy had already reached an extraordinary standard!

The techniques contained in this could only be seen through by real knowledgeable people.

This kind of Spiritual Armament Master and Spiritual Alchemist were actually even rarer than Heart Profound Realm practitioners.

In a moment, Xuan Jiuling's heart was filled with surprise!

Not even hundreds of same leveled practitioners could compare with a highly skilled Spiritual Armament Master and Spiritual Alchemist's use on the battlefield. However, these two occupations were originally very few in God Realm, not to mention those who were willing to join the allied armies.

Moreover, as a Spiritual Armament Master and a Spiritual Alchemist, they bore rather outstanding innate talents in the art of cultivation too. They would personally head to the frontline to go into battle which was as rare as unicorn horns!

If the truth was like what Huang Yueli had said, then these two young ladies' values were much higher than their talented husbands!

Xuan Jiuling felt so happy that he went into a short blank. So he didn't even hear the rest of Huang Yueli's narration.

Just when he finally came back to his senses and was prepared to ask Huang Yueli for the details on armament refining, he heard her giving the final conclusion to the whole story.

"...so, in the end, we destroyed the entire demon tribe campsite in one swoop."

When Xuan Jiuling heard this, he instantly forgot the question that he wanted to ask.

His eyes widened, staring fixedly at Huang Yueli in disbelief as he asked, "What? What did you say? You destroyed the entire demon tribe campsite in one swoop??"

Huang Yueli blinked, as she was shocked by his high-pitched voice.

She thought, "Didn't I already explain the entire process clearly?"

That was why some people said beauty had its advantages. Although Huang Yueil was merely stunned for a moment, Xuan Jiuling immediately realized that he had shocked her after seeing her stunning look. So he quickly softened his tone.

"Ughh, this... Young Madam Li, I didn't catch what you said earlier. How did you guys destroy the demon tribe campsite in one swoop?"

Huang Yueli was rather surprised, but she dutifully repeated again. At the same time, she explained, "The demon tribe army was mainly reliant on Sky Devil Rui Xuan for commands. After we successfully assassinate him, the demon tribe campsite fell into chaos. But for us, we had already made detailed setups beforehand. So the entire battle process went pretty smoothly."

Huang Yueli just thought of something, but she didn't spill beans about the folly that Jing Zhihai caused which lured Sky Devil Rui Ze to them.

Although Jing Zhihai committed a grave mistake, his original intention was not to betray the allied armies after all. It was only because he was too dumb.

Moreover, he had already been refined into a blood devil pill by Rui Ze and swallowed alive by him...

That ending was already miserable enough, so it was better to save his reputation!

Xuan Jiuling looked at Huang Yueli in shock. For a moment, he didn't know what he should say!

Meng Shurong was totally stunned, and he almost dropped the wine glass in his hands on the ground!

Everyone had always thought that it was Li Moying and Jun Sihan's credit for successfully defeating the demon tribe at the frontline. The remaining credit would belong to those Divine Lieutenants who were guarding the various frontline campsites.

But hearing Huang Yueli's clarification, they realized that Huang Yueli and Xia Yunxi actually established such a shocking amount of military merit!

Among those, killing Sky Devil Rui Xuan might sound extremely flashy, but it was just a small portion.

Chapter 3308: Huang Yueli's Military Merits (5)

Destroying a Demon Tribe's campsite was the foundation to establish the success of the frontline's victory!

Furthermore, this was the work of two young ladies, who were at the frontline for their very first time!

Nothing was more astonishing than this!

Initially, everyone only thought of Huang Yueli and Xia Yunxi as a lining to their husband's brilliance. But now, everyone sensed that they had been ridiculously wrong!

Under everyone's shocked, surprised, and embarrassed gazes, Huang Yueli remained seated calmly.

When she was in the Lower Realm previously, she had come across such gazes plenty of times. So now that she arrived in God Realm, there was nothing unaccustomed at all.

Li Moying's lips curled into a smile as he looked adoringly at his wife.

He knew that his Li'er was the most outstanding and brilliant talented young lady. No one could conceal her brilliance, no matter where she was!

After a while, Meng Shurong came back to his senses.

"Young Madam Li, this... I really don't know what to say! I didn't expect you and Young Madam Jun to establish such major credit on the frontline. Why didn't you tell us earlier?"

Huang Yueli smiled and said, "It would sound like boasting if we say this on our own. I was thinking that when Divine Lieutenant Li returns to Blessed City, he will naturally apply for our military merits, hence I didn't think about mentioning this. I didn't imagine that today..."

She paused momentarily before continuing, "Today, a small incident happened and my husband is afraid that I would be at a disadvantage hence he mentioned us killing Rui Xuan. I had no choice but to praise myself in order to explain this story clearly. I hope both Divine Lieutenants will not feel that I'm too young and reckless!"

Although Huang Yueli did not spell it out clearly, everyone could tell that the 'incident' that she mentioned referred to Lan Mengqing insisting on challenging her.

In a second, everyone shot sympathetic gazes at Lan Mengqing and Jing Shaoyuan.

They thought, "These two had really made a misguided attempt to provoke Young Madam Li time and again! They must be assuming that she was a softie who could be picked on?"

"In reality, beneath Young Madam Li's petite and gentle looks is overbearing power that makes one shiver with fright!"

"Now that she decided not to stay low-profile, Jing Shaoyuan and his fiancée are totally no match for her!"

Lan Mengqing was still in a coma, which was considered a streak of good luck. After all, she wouldn't be able to see those mocking gazes.

On the other hand, Jing Shaoyuan felt his face burning up after being stared at by so many guests. All he wanted was to immediately disappear from this place or burrow a hole and hide inside!

Jing Shaoyuan thought, "Li Moying's wife killed a Sky Devil early-phase devil!"

"I had also killed a Sky Devil early-phase devil and relied on that to rise to fame. That's also how I obtained such a high status in the army!"

"Moreover, from her description, I think the merits they will obtain from killing the Sky Devil will be higher than mine!"

Previously, Jing Shaoyuan had practically picked up a piece of devil stone for free. But Huang Yueli and Xia Yunxi relied on their powerful Spiritual Armament and Spiritual Alchemy skills to set up a refined trap. They also used their outstanding commanding skills to kill Sky Devil Rui Xuan!

It was easy to tell whose ability was higher from this.

The only thing he could pick on was Huang Yueli managed to complete this mission with Xia Yunxi's help.

But the two of them were, after all, only in Dream Profound Realm mid-phase cultivation.

Chapter 3309: Huang Yueli's Military Merits (6)

If one were to average out their cultivations to achieve this feat, they were absolutely more incredible than Jing Shaoyuan!

Jing Shaoyuan's proudest achievement had been suppressed by Huang Yueli!

In a second, his complexion turned as white as paper. His body swayed slightly as if he was about to fall at any time.

So, not only did he lose out to Li Moying. He even... couldn't be compared with that petite wife of Li Moying's!

"AH—!"

He gave a low roar and sweetness filled his throat. Following that, he spat out a mouthful of blood!

The bystanders couldn't help but shook their heads.

Although Jing Shaoyuan was worth pitying, he and Lan Mengqing were the ones who caused this outcome themselves.

However, Meng Shurong and Xuan Jiuling had no free time to notice Jing Shaoyuan's abnormality.

Both of them delved into excitement after Huang Yueli finished her story and they kept asking her questions non-stop.

Of course, it wasn't because they doubted the authenticity of Huang Yueli's words. Trying to falsely claim another person's military merits was actually very difficult to do. If Huang Yueli was telling lies, when Li Yukun returned in the future, he would be able to expose her with a few words. Whereas for her, her reputation would be completely destroyed. Furthermore, she would drag Li Moying down with her!

Normal people would never do such a thing. Moreover, she had already basked in the limelight today, so there was no need for her to take this risk.

The two Divine Generals were interested in the spring mechanism that she and Xia Yunxi had manufactured.

"Young Madam Li, earlier you mentioned that kind of spring mechanism..." Meng Shurong asked.

Huang Yueli looked at him and said, “You mean... the Torrential Rain Shower Needles?”

Meng Shurong jolted and chuckled, “This spring mechanism is called the Torrential Rain Shower Needles? That naming is so apt! I wonder if you have any finished products with you? Or perhaps are you willing to tell the allied armies your production method? To tell you the truth, this kind of spring mechanism that can kill a Sky Devil is something that the allied armies need the most.”

Huang Yueli shook her head slightly and replied sounding apologetic, “Divine General Sir, it’s not that I’m unwilling to share the production method. The main reason why this spring mechanism can work up such a huge effect is because of the lethal poison that Young Madam Jun had given! In reality, even if the spring mechanism could shoot out so many silver needles, it only managed to pierce through the Sky Devil strong exponent’s skin. Without the poison, this bit of injury is simply like scratching an itch for them!”

Hearing that, Meng Shurong frowned as he delved into deep thoughts.

Huang Yueli said again, “Moreover, the Torrential Rain Shower Needles’ production method is a little expensive. If it’s used to attack Earth Devils or ordinary devil soldiers, it might be effective, but due to the high production cost, it would be cheaper to make a few more standardized Spirit Armaments.”

Hearing her analysis, Meng Shurong and Xuan Jiuling nodded their heads silently.

Meng Shurong sighed and said, “Looks like I’ve thought things out to be too simple! What you say is right. This kind of spring mechanism has top many limiting conditions and it’s also not cheap. It is indeed not as cost-effective as ordinary standardized Spirit Armaments...”

Seeing that he had been convinced, Huang Yueli smiled and changed the topic to say, “But I have two sets of finished Torrential Rain Shower Needles here. If both Divine Generals are interested, I will get someone to send it over to the Divine General residence tomorrow. But these two finished products can only be activated once. The needles inside are laced with lethal poison, so you must exercise caution when you use it!”

Meng Shurong’s face immediately lit up with joy when he heard that.

“That’s great, that’s wonderful! Young Madam Li, I really have to thank you for this time!”

Chapter 3310: Li Moying Is Already Married (1)

Two sets of spring mechanisms might seem very little, but as the lethal poison in the Torrential Rain Shower Needles was overly powerful, it would still be able to swing the success to their favor in crucial times!

To be able to get two sets were already very hard to come by.

Moreover, Huang Yueli was giving it to them for free. This was what made Meng Shurong feel grateful.

The more they looked at Huang Yueli, the more both Divine Generals were satisfied with her. Listening to her analysis, they knew that this young lady surely was an extremely powerful Spiritual Armament Master. She explained clearly and logically about Spirit Armaments’ production and usage.

Adding to the fact that she was very personable...

She was indeed Li Moying's wife! The two of them had a great future ahead of them!

This young couple was so compatible. Anyone who saw them could only feel envious.

As Huang Yueli had promised them two sets of Torrential Rain Shower Needles, Meng Shurong and Xuan Jiuling became even more passionate towards her. In a second, even Li Moying was no longer favored and left by the side.

Li Moying couldn't help but shake his head silently when he saw his little fox's sharp fangs in her devious smile.

Based on his understanding of Huang Yueli, he naturally knew that Huang Yueli couldn't possibly manufacture more Torrential Rain Shower Needles.

But it would become worthless if too much of such good stuff was around in the market.

Taking those standardized Spirit Armaments that Huang Yueli manufactured, which were, after all, the most basic models. Even after modification, they were still ordinary Spirit Armaments. Moreover, she was willing to hand over the illustrations in exchange for a large number of crystal jades and military merit.

But for this kind of exclusive Spirit Armament that she had personally designed, she would definitely keep it well-hidden. Even if she could manufacture 100 pieces a day, she would only take one or two pieces out each year to sell.

As the saying went, the rarest items are the most valuable ones. So his little fox couldn't possibly understand this reasoning.

Following this, the banquet no longer caused any ripples.

Amid the amiable atmosphere, the banquet continued for a couple more hours.

In between, many practitioners held competitions to liven up the event. But there weren't any tipping points.

Huang Yueli happened to think about Jing Shaoyuan and turned to look at his seat, only to discover that Jing Shaoyuan had already gone mission. She thought, "He probably can't stand the shame of staying in the banquet hall, so he slipped away silently!"

She discovered that he even brought Lan Mengqing along with her.

Huang Yueli shrugged her shoulders but did not say anything. After all, this was something they asked for!

...

After the banquet ended, Huang Yueli and Li Moying stayed on in Blessed City for slightly more than a week.

Meng Shurong was extremely happy over this and would invite them over to the Castellan Manor from time to time. He even introduced several allied armies' higher management to the two of them.

Actually, Li Moying disliked entertaining other people. He preferred to bring his little fox back home and enjoy their intimate time together while locked up in the room.

However, Huang Yueli had to wait for President Liu from the Sky Gem Glass Chamber to send her the news. So they could only continue to wait for a couple more days.

During this time, Li Yukun and the other Divine Lieutenants exchanged garrison duties and returned to Blessed City from the frontline.

Following his arrival, Huang Yueli and Xia Yunxi's military merits were verified one after another. Although everyone was prepared, they were still astounded by the news!

It was only on the eighth day when President Liu finally sent a letter to Huang Yueli.

"President Liu's letter says the allied armies' higher manager is extremely interested in my illustrations. It so happens that a Divine General in charge of the armies' resources is in Medial Arch City. He asked if I could head to Medial Arch City for negotiations?"

Holding the letter in her hands, Huang Yueli frowned slightly.
