

## Weaponsmith 3311

### Chapter 3311: Li Moying Is Already Married (2)

Li Moying was leaning against the chair reading a book when he heard her and looked up.

“Are you preparing to go to Medial Arch City?”

Huang Yueli muttered, “It sounds rather troublesome... but President Liu told me before that this transaction involves a huge amount of money. The allied armies would surely place importance on this greatly. If I want to sell it at a good price, I will definitely have to accept the allied armies’ arrangement...”

Huang Yueli thought for a moment and blinked as she looked at Li Moying. “Moying, if I were to go to Medial Arch City, will I hold up your itinerary?”

Li Moying’s lips curled into a faint smile when he heard that.

“Hold up my itinerary? How is that possible? My itinerary is to accompany you, wherever you want to go!”

Huang Yueli was very touched upon hearing that as she exclaimed coquettishly, “Moying, you’re so good to me!”

She walked over and offered a peck on Li Moying’s face as a reward.

Whoever knew that she was just about to leave after her peck when Li Moying grabbed her wrist and pulled her into his arms.

“Isn’t this reward a little too less? Li’er, haven’t I ever taught you that when you show gratitude to others, you must show enough sincerity...”

Li Moying mumbled next to her ears as his scorching breath blew on her earlobes, making them turn red in an instant.

...

The two of them “discussed” for an entire night and came up with the conclusion to head to Medial Arch City.

But the next day, Huang Yueli only managed to get up from bed at noon.

After washing up, she ran to Li Moying and urged impatiently, “We agreed to set off early this morning, but look at the time now! It’s all your fault!”

Li Moying was holding a thick cultivation method book and was studying it when he heard her voice. He looked up and smiled. “How can you blame me? I woke up early in the morning. You were the one who was sleeping in and that’s why we can’t leave...”

Huang Yueli’s expression instantly flushed red and she blurted out, “Wasn’t the reason why I slept in because of...”

“Because of what?” Li Moying asked puzzledly with an innocent look on his face.

“Because...”

Seeing Li Moying’s sanctimonious look and recalling how savage he was...

Hmph, he was just a hypocrite!

Huang Yueli was so angry that she ran over and kicked him. “That’s because you are a big baddie! Be quick! Otherwise, I’ll turn you into a eunuch if you keep dawdling!”

Huang Yueli didn’t go easy on him and Li Moying’s expression contorted from the pain inflicted.

Sss... This young lass! I didn’t even do anything much to her. Does she need to be so shy? We’ve already been married for more than two years...

Although the total time they had been together in truth was only two months. But that did not conceal the truth that they had already been married for two years!

Li Moying shook his head slightly and followed Huang Yueli out. At the same time, he didn’t forget to instruct the guards behind him. “Tian Er, bring the warm breakfast along. Young Madam still hadn’t eaten yet, so she will definitely say she’s hungry later!”

Li Tian Er, the yes-man, hurriedly ran to handle the request but kept sighing inwardly as he thought, “Our Young Lord had always been so arrogant and overbearing. Who could tell that he is a wife-slave! Young Madam is pampered so much by him that she’s floating to the skies! Even a girl isn’t that delicate.”

Sighing to himself, he broke out in cold sweat for his Young Lord!

Li Moying managed to chase up Huang Yueli halfway and brought her to the Cloudy Qilin Clan’s flying ship.

This flying ship had stopped in the outskirts for more than a month. Now, it was finally time for its use again.

“Let’s set off and head straight to Medial Arch City!”

### **Chapter 3312: Li Moying Is Already Married (3)**

The flying ship ascended into the sky.

Li Moying was just about to embrace his wife back to the cabin and have some intimate time together. But before he could move, he heard a burst of excited cheers from his side.

“Wow, this is... this is God Realm’s flying ship!”

Li Moying silently knew something was amiss and hurriedly turned around.

He saw Huang Yueli’s eyes shining brightly and shot up like an arrow to the side of the ship. Then she touched the array patterns and metals while muttering to herself.

“Incredible, it can fly so high! This is definitely a high grade Treasure Armament! I wonder when will I be able to refine such an incredible Spirit Armament!”

“Wow, it’s even equipped with eighteen cannons! I wonder how powerful is the might of the cannon. How great would it be if a Spirit Beast comes to attack us now? Then I can test it out...”

“This array pattern! Is it an accelerator array pattern? It can be drawn like this? This is... so magical!”

It was Huang Yueli’s first time sitting in God Realm’s flying ship after she arrived in God Realm. She loved to research high grade Spirit Armaments most. So when she saw this luxurious and high grade flying ship, she immediately seemed as though she had met her lover, refusing to budge!

When she was in the Lower Realm, Huang Yueli already knew how to refine a flying ship herself.

But God Realm’s situation was different from Lower Realm. The intensity of the Heaven and Earth Profound Qi was much higher, so the resistance during flying was also much higher by more than 10 times!

This pressure was something that the Lower Realm’s flying ship could not handle. Flying under this condition would only take several seconds for the Lower Realm’s flying ship to shatter into pieces and fall apart.

Moreover, God Realm’s lowest tier of Spirit Beast was equivalent to Soaring Heavens Continents’ ninth tier magical beast. Their movement speed was also very fast. Catching a Spirit Beast to use as a means of transport was good enough. The costs were also very low, so if a flying ship was to be manufactured, it was necessary to create a Lower Realm flying ship with 100 times its flying speed before it could satisfy the value of its use.

These two limitations had determined the distance to Huang Yueli creating a God Realm’s flying ship to be still far away.

Seeing Huang Yueli immersing in her research and having completely forgotten about himself, Li Moying found it both amusing and helpless.

This young lass, she’s really... forget it. I’ll leave her be and go cultivate on my own!

...

Just when Huang Yueli and Li Moying boarded the flying ship to depart, the Blessed City’s Divine Lieutenant residence where Jing Shaoyuan stayed was filled with a depressing atmosphere.

Ever since Jing Shaoyuan and Lan Mengqing failed in mocking Li Moying and his wife at the Divine General residence and were slapped on the face instead, the two of them had not taken a single step out of their houses.

In reality, the doors to Jing Shaoyuan’s manor were tightly shut, and he refused to meet all visitors.

After this devastating blow, Jing Shaoyuan seemed to become despondent. When he slipped out of the Divine General residence, his expression resembled a dead person.

Even the aged steward in his manor was shocked to see Jing Shaoyuan in this manner.

“Young Master, what’s the matter with you...” He asked cautiously.

The ashen look in Jing Shaoyuan’s eyes suddenly flashed a piercing glint.

“Steward, pass my instructions around that from today onwards, I will not meet any guests. As for my post as Divine Lieutenant, send someone to the Divine General residence to tender my resignation!”

“What?? Young Master, what are you trying to do?”

The aged steward did not expect Jing Shaoyuan to leave the manor this afternoon with an energetic look, only to return a couple of hours dispiritedly. He even said that he would resign from the post of Divine Lieutenant!

### **Chapter 3313: Li Moying Is Already Married (4)**

God knew how many people envied his Young Master for being able to assume the post of Divine Lieutenant at his age!

Jing Shaoyuan had always been proud of this. But why did he suddenly... not want to do it anymore?

Jing Shaoyuan’s lips curled into a sneer. “It’s just a mere Divine Lieutenant... what is that? A genuine peerless genius just needs to kill a Sky Devil mid-phase practitioner and he will be able to rise from an ordinary soldier to a Divine General! All the hard work at accumulation only proves that the differences in ability between people are too wide!”

The aged steward completely could not understand what he was saying. But hearing his fierce tone, his heart quivered silently!

“Young... Young Master?”

Jing Shaoyuan did not notice the aged steward’s situation. The events that happened at tonight’s banquet were still repeating themselves in front of his eyes!

He thought, “So, it isn’t only Li Moying who’s such a genius. Even his wife...”

“Even a mere woman can climb over my head!”

Jing Shaoyuan’s expression instantly became twisted as his fists pounded hard against the door frame. The aged steward was so shocked that he almost jumped.

“Looks like I’ve been too complacent in the past two years, and that’s why I had been surpassed by two Lower Realm ascenders. From today onwards, I will officially go into closed door cultivation. I will not meet any guests until the start of the God Realm Tournament! Did you hear me clearly?”

The aged steward was stunned and hurriedly nodded. “Yes, I understand! Young Master is going into closed door cultivation to prepare for the God Realm Tournament!”

Jing Shaoyuan flashed a cold smile and said, “That’s right.”

The look in his eyes instantly turned incisive. “Li Moying, just you wait! You might be stronger than me now, but when it’s time for the God Realm Tournament, I will let you know how strong the geniuses in God Realm are!”

The aged steward was prepared to leave after he received the instructions.

Suddenly, Jing Shaoyuan called out to him again.

“Wait!”

“Young Master, what other instructions do you have?”

“Empyrean Fox Clan’s Young Miss Lan Mengqing was injured during the banquet. The injury she sustained was because of me, so I brought her back and left her in the guest room. Bring the Dark Blossom Revitalizing Pill that I’ve been storing to her and let her take it. Make sure she rests well and you must attend to her carefully. Understand?”

“Ughh, yes... This Servant understands...”

The Dark Blossom Revitalizing Pill was an extremely high level Spirit Pill. The White Tiger Clan had given this pill to Jing Shaoyuan for life-saving purposes. The steward didn’t expect Jing Shaoyuan to give it to Lan Mengqing.

But the aged steward could only agree to it despite feeling astonished.

As for attending to Lan Mengqing carefully, even without Jing Shaoyuan’s instructions, no one would dare to neglect her. After all, she was Jing Shaoyuan’s fiancée!

Ever since that day, Jing Shaoyuan started to go into closed door cultivation.

This news was sent to the Divine General residence, and Meng Shurong remained silent for a while.

Following that, he chuckled and shook his head. “That’s good as well. Shaoyuan, this lad, is indeed a little frivolous. Now that he had suffered a blow, he finally knows how to work hard. Perhaps it might do good for his cultivation, so let him be!”

As for Lan Mengqing, she regained consciousness the next day after taking the Dark Blossom Revitalizing Pill.

As she took such a high level Spirit Pill, Lan Mengqing felt a faint increase in her cultivation. The bottleneck which she had been stuck at for several years was starting to loosen and she felt that she might advance into Heart Profound Realm any moment.

This made Lan Mengqing jump for joy, as though it was a blessing in disguise.

But there was something that made her feel regretful.

After Jing Shaoyuan went into closed door cultivation, he really refused to meet anyone. Even after she regained consciousness, he did not visit her at all.

**Chapter 3314: Li Moying Is Already Married (5)**

This was something that would never happen before the banquet.

Jing Shaoyuan had always valued his fiancée highly, so he wouldn't be unconcerned about her injury. This made Lan Mengqing feel slightly uneasy.

But when she recalled that Jing Shaoyuan had even given her the valuable Dark Blossom Revitalizing Pill, she felt at ease.

"Looks like Shaoyuan had suffered a huge blow this time. That's why he can't wait to cultivate and train hard to surpass Li Moying!"

After Lan Mengqing sorted out her thoughts, she returned to Empyrean Fox Clan's manor.

However, she had just reached the place when the female attendant came to report.

"Young Miss, there's a Young Miss Li outside who claims she's your friend. She says she came specially to visit you. May I know..."

"Young Miss Li?" Lan Mengqing was stunned.

She indeed knew a lot of young ladies surnamed Li. After all, the entire Cloudy Qilin Clan's descendants all bore the surname Li!

But those who dared to claim that she was her friend would only be those few heaven grade geniuses.

However, it was just half a year before the God Realm Tournament. She heard that the majority of various clans' core disciples were in their clan undergoing group training. Who had the time to run about and even to look for her?

"I'll go take a look."

Lan Mengqing went to the guest room and cried out in surprise, "Li Leyun, it's you! Why have you come to Blessed City?"

The person who came was Cloudy Qilin Clan's Clan Leader's niece, Li Leyun.

After Li Moying left her in Sacred Phoenix Continent's Flame Square City, she didn't know where Li Moying went. So she went around like a headless flying, trying to find out news about his whereabouts. However, she was still baffled.

It was until a few days ago when she unintentionally saw an allied armies notice on the streets.

It said that the peerless genius Li Moying from Cloudy Qilin Clan and Jun Sihan from Veracious Wyvern Clan had joined hands to kill a Sky Devil mid-phase top exponent in Blessed City's frontline.

According to the allied armies' usual practice, whenever a major incident like any top exponents killing a Sky Devil mid-phase and above practitioner, they would spread the news to tell the world to lift the morale in the entire God Realm.

So this notice was posted in various cities. Cloudy Qilin Clan's Li Moying's reputation had spread throughout the world within a few days.

Of course, that also allowed Li Leyun to finally understand where Li Moying had gone.

“It’s really strange. Why did Brother Moying go to Blessed City for no particular reason? Is he intending to go on experience training in the allied armies to seek a breakthrough? But he’s just been there for a couple of days and managed to kill a Sky Devil mid-phase strong exponent. If the Elders in the Clan find out, they will be elated!”

Li Leyun immediately decided to hurry over to Blessed City and look for Li Moying.

She was thinking wishfully.

“Brother Moying went to the army on experience learning, so I can also do the same. This reason is sufficient so he can’t chase me away! Anything can happen on the frontline. By then, we can fight next to each other and this will allow us to develop feelings for each other easily...”

With this idea in mind, Li Leyun instantly boarded her flying ship and arrived in Blessed City quickly.

But unfortunately, she was still too late.

On the morning of her arrival, Li Moying had just set off with Huang Yueli to Medial Arch City.

Li Leyun didn’t manage to catch him and was feeling melancholic when she suddenly recalled that she had an old acquaintance who followed her fiancé to stay in Blessed City. That person was Lan Mengqing.

So she specially made a trip to look for Lan Mengqing to get some information.

At this moment, hearing Lan Mengqing’s question, Li Leyun immediately said, “I am on an experience learning trip and happened to pass by Blessed City. I remembered that you are here, so I came specially to visit you.”

### **Chapter 3315: Li Moying Is Already Married (6)**

“Visit me?” Lan Mengqing was slightly surprised as she rose an eyebrow.

She and Li Leyun weren’t best female friends or anything along that line. Although they were friends, it was more like acquaintances who would nod when they meet.

In reality, the two of them couldn’t stand the sight of each other.

The reason was among the 12 God Clans, there were only that many outstanding talented young ladies who were the cream of the crop in that pool of heaven grade geniuses.

If it must be spelled out clearly, Li Leyun was the real deal. She belonged to the top rated female geniuses whereas Lan Mengqing’s innate talent and ability were a distance away from hers. However, she was placed on the same level because of her engagement with Jing Shaoyuan.

Li Leyun had always looked down on Lan Mengqing because she felt that the latter relied on a man to get to this position.

As for Lan Mengqing, she didn’t like Li Leyun as well. In her opinion, it didn’t matter if the latter’s innate talent was very high because she was going to be engaged to a useless man anyway.

So when Li Leyun actually came to look for her at this moment and even said that she had specially come to find her... Lan Mengqing didn't believe her at all.

Li Leyun wasn't bothered if she believed her or not. Her real intention on this trip wasn't really to catch up with her anyway.

Other than trying to get information, she was here to mock Lan Mengqing.

After the two of them exchanged conventional greetings, Li Leyun couldn't help but ask, "Sister Lan, I heard that you had always remained by your fiancé Young Master Jing's side. Why didn't I see him today?"

Lan Mengqing was stunned and she frowned slightly.

This question was poking at her sore spot!

But her expression didn't give her away. She smiled composedly and said, "Oh, you came so untimely. My Shaoyuan had already gone into closed door seclusion ten days ago."

"Oh? Why did he go into closed door seclusion at this time?"

Len Mengqing explained, "Isn't the God Realm Tournament going to start in half a year? My Shaoyuan wants to shock everyone at the tournament and get a good ranking. So when it's time to send the betrothal gifts to the Empyrean Fox Clan, it will look good on him!"

As she said, she rose her chin proudly.

Facing Li Leyun, a talented young lady whose innate talent was much higher than herself, Lan Mengqing habitually involved Jing Shaoyuan as a topic.

Don't assume that these young ladies have not bad innate talents, they were still at an age where love was starting to blossom for these young ladies. Every single time Lan Mengqing mentioned how outstanding her fiancée was or how loving they were, even if the other party refused to say anything, they would also silently feel jealous.

Once, Li Leyun was also one of the young ladies who silently felt jealous.

But now, hearing Lan Mengqing mentioning this in front of her once again...

Li Leyun's lips curled into a disdainful smile and said this intentionally, "I see. It's such a coincidence for Young Master Jing to go into closed door seclusion on that day! I heard that 10 days ago, our Young Lord from Cloudy Qilin Clan was in Blessed City, and he was even commentated by the allied armies for killing a Sky Devil mid-phase top exponent! I hear that the allied armies Headquarters even sent an 8-star Divine General to encourage him!"

"I heard that Blessed City's Divine General Meng even invited all the military officers above the ranks of Commanders to attend the banquet at his residence. Sigh, why would Young Master Jing go into closed door cultivation on such a good day? If it wasn't so coincidental, the two of you will be able to attend that banquet too! I didn't make it in time to Blessed City, so I was upset for a very long time!"

Hearing that, Lan Mengqing's expression contorted in an instant!

## Chapter 3316: Li Moying Is Already Married (7)

Li Leyun was intentionally picking on her sore point to talk about. The moment she walked in, she mentioned the banquet!

That night at the Divine General residence was Lan Mengqing and Jing Shaoyuan's most embarrassing night in their whole lives!

It was also because of that day that Jing Shaoyuan suffered a huge blow and suddenly decided to go into closed door cultivation.

Hearing Li Leyun's gloating tone, Lan Mengqing's face flushed red for a long time before she managed to hiss out a sentence. "This... Of course, we went to the banquet as well and the event was indeed magnificent! Young Master Li indeed lives up to his fame as a talented junior of the Cloudy Qilin Clan..."

In order to swipe past this embarrassing topic, Lan Mengqing bore with disgust and started to praise Cloudy Qilin Clan.

Whoever knew that the minute Li Leyun heard these, she didn't go with the flow. Instead, she insisted on talking about the events during the banquet.

Li Leyun showed a shocked expression and said exaggeratedly, "What? Really? You guys also attended the banquet? That's great, I envy you! Then you should have seen Brother Moying, right? Isn't he really good-looking?"

Brother Moying?

Hearing Li Leyun addressing Li Moying in such a manner, Lan Mengqing was slightly dazed and she felt a little indisposed.

Although the two of them looked as though they were of the same age, in terms of bone age, Li Moying seemed to be younger than her? Yet she addressed his as Brother? Why did it sound a little ambiguous?

But Lan Mengqing had to admit that Li Moying indeed looked very outstanding.

She nodded. "Young Master Li indeed is extraordinarily handsome. Moreover, he killed a Sky Devil mid-phase strong exponent at such a young age. It's really... unimaginable. I heard that he is God Realm's rare god grade genius that hasn't been seen in the past 10 thousand years... I believe, all the God clans are jealous of Cloudy Qilin Clan's luck."

Until now, Lan Mengqing still couldn't forget the shock she felt when she laid eyes on Li Moying for the first time, as well as the feeling of emotionally aroused when she heard of his identity and ability.

If it wasn't because she had seen a gorgeous beauty standing beside Li Moying with her own eyes, and was stunned by Huang Yueli's ability, she would probably still be having dreams about Li Moying now.

But after recognizing the distance between her and Huang Yueli, Lan Mengqing finally got rid of that feeling she had for Li Moying.

With a perfect beauty like Huang Yueli beside him, as long as Li Moying was not blind, he would not take any fancy to herself.

This was the reason why Lan Mengqing decided to focus on Jing Shaoyuan again.

As a descendant of the Empyrean Fox Clan, she was a practical person. Since she had no hopes of seducing Li Moying, she couldn't possibly allow any problem to come between her and Jing Shaoyuan. Otherwise, her status in the clan would be affected.

Li Leyun felt delighted upon hearing Lan Mengqing's praises of Li Moying.

A man like him would surely attract all the women's gazes.

This slutty fox Lan Mengqing knew how to appreciate the good stuff!

Li Leyun's eyeballs rolled and chuckled. "Haha, you've overpraised him! Brother Moying usually likes to keep a low profile. This time he probably met with an accident, so he has no choice but to step into the limelight! Originally, my uncle was planning to wait until Brother Moying has attended the God Realm Tournament before introducing him to all the God Clans during our engagement. Now, everyone has already found out about him beforehand!"

Li Leyun's words sounded rather humble.

But the hidden message inside was radiating with unmasked flaunts.

### **Chapter 3317: Li Moying Is Already Married (8)**

Moreover, the gist of her conversation was to hint to Lan Mengqing that she, Li Leyun was Li Moying's default "fiancée"!

After the God Realm Tournament, the clan would arrange for their engagement ceremony!

These words weren't just based on Li Leyun's assumption only. In reality, Cloudy Qilin Clan's Clan Leader had secretly told Li Leyun about his thinking. He even asked her if she was willing to comply with the clan's arrangement.

Why would Li Leyun not be willing to do so? In reality, she was ecstatic about this arrangement!

With the Clan Leader as her backing, Li Leyun simply disregarded Li Zijun's existence. To her, the latter was just an Elder's daughter. Even if she also liked Li Moying, there was no use because she had no right to fight over this man with her!

In Li Leyun's opinion, Li Moying had always been accepting the clan's arrangement after he arrived at Cloudy Qilin Clan. So it could be said that he was extremely loyal to the clan.

Moreover, Li Leyun was one of God Realm's most outstanding and talented young ladies, so there wasn't any better partner than her.

So, as long as the Clan Leader gave the order, the chances of Li Moying agreeing to it were very high.

Hence, Li Leyun started to set herself up as "Li Moying's fiancée".

When she met her old acquaintance Lan Mengqing, Li Leyun couldn't wait to tell her this self-proclaimed status so that she could admire the envious expression on the latter's face!

"Isn't Lan Mengqing always showing off her fiancé Jing Shaoyuan? Didn't she always use Jing Shaoyuan to agitate us young ladies who have not been engaged? What about now?"

Li Leyun's happiness was blooming like a flower as she looked at Lan Mengqing with disdain!

When Lan Mengqing heard Li Leyun's words, her eyes widened with disbelief. She wondered if she had heard the latter wrongly.

But thinking carefully about it and comparing it to Li Leyun's complacent expression, Lan Mengqing suddenly understood something as a playful expression appeared on her face.

"You said... Young Lord Li is going to be engaged to you? Are you sure? Or did I hear you wrongly?"

Li Leyun took a look at Lan Mengqing and realized that the expression on her face didn't look quite right. It wasn't the same look that she had been expecting.

But Li Leyun was filled with a superior aura right now and didn't think too much of it. She assumed that Lan Mengqing was just trying to stay composed!

To take it a step further to agitate Lan Mengqing, she intentionally added oil to the fire. "I'm sure. Of course, I'm sure! You don't know that under Brother Moying's cold and aloof look, he can be very gentle and considerate to the woman he likes! Moreover, our engagement had already been cast in stone by the Clan Leader himself. It's a foregone conclusion!"

Saying that she couldn't help but show a bashful look, as though she was pretending to be humble.

"Sigh, I'm so sorry to be telling you this! But I don't know who else to tell if I don't share this with you! Among the heaven grade geniuses, we are the only ones who are engaged. If I were to tell the others, they might think I'm showing off! Only an engaged person like you can understand my feelings..."

With that, Li Leyun paused and asked intentionally, "Hmm? Mengqing, why aren't you saying anything?"

Lan Mengqing stared at her with a stiff expression. She did not say a single word.

In reality, she was already stifling with laughter. If she were to open her mouth, she was afraid that she might just burst out laughing!

### **Chapter 3318: Li Moying Is Already Married (9)**

From Li Leyun's tone, it seemed as though she had no idea that Li Moying was already married when he was in the Lower Realm!

No, perhaps the people in Cloudy Qilin Clan knew about it. But no one could be bothered about his Lower Realm wife, hence they simply treated Li Moying as unmarried. That was why they arranged for the clan's talented young ladies to become his cultivation partner!

But it was perfectly normal for Cloudy Qilin Clan's clansmen to have this idea.

It was a problem if the Lower Realm ladies could ascend to God Realm. Even if they did manage to ascend eventually, they would definitely not be able to match the peerless geniuses in God Realm.

Unless Li Moying was a fool, there was no way he would not choose to marry the Clan Leader's niece Li Leyun...

If Lan Mengqing had never met Huang Yueli in person, she would probably think in this way as well.

But unfortunately, she had met Li Moying's wife!

Putting aside Li Moying and Huang Yueli and loving looks had made the others extremely jealous. Just based on Huang Yueli's looks, innate talent, and ability, which one of them did not surpass Li Leyun?

That alluring little face appeared in Lan Mengqing's thoughts and she couldn't help but feel amused.

Originally, after she had created such a big joke out of herself at the banquet 10 days ago, Lan Mengqing felt that it was so shameful that she did not dare to face anyone. Hence she had not been leaving the house.

But now, hearing Li Leyun's words, she suddenly realized that she wasn't the biggest fool in this world!

Her hurt feelings were slowly recuperating from seeing Li Leyun's dumb look...

Lan Mengqing looked at Li Leyun and asked with a half-smile, "Sister Li, you say your Clan Leader has already given the order for you and Li Moying to get engaged? But isn't this kind of thing unless under orders? For a god grade genius like Young Lord Li, he should have the right to speak out in the clan, right? Don't tell me your Clan Leader can force him to get engaged?"

Li Leyun's expression went stiff. What Lan Mengqing said was the same thing that she feared the most!

But she naturally wouldn't make a fool of herself in front of Lan Mengqing.

Especially after seeing Lan Mengqing's look that seemed to say that it was impossible for her to get engaged to Li Moying!

"This woman... does she really think she's the only one who can find a superior fiancé?"

Li Leyun was burning in rage and her words became very curt. "Lan Mengqing! Brother Moying and I have feelings for each other, and he also likes me! But he's usually very focused on cultivation with not much time for a relationship! But as long as Uncle gives the order, he will surely go with the flow and agree to it!"

Lan Mengqing finally couldn't keep it in and burst out laughing.

"How can that be? Eldest Young Miss Li, I've never met someone as self-sentimental as you! Are you that sure that Young Lord Li will take fancy to you?"

"You... what do you mean?" Li Leyun finally flew into a rage after hearing that.

"Lan Mengqing, your innate talent is just so-so, but you found a top-rated genius to be your fiancé based on your looks. Did you think that you're the only one who can find a good husband? My fiancé is much

more incredible than Jing Shaoyuan. I think you're just jealous of me, and that's why you're mocking me in this manner?"

"Jealous of you?" Lan Mengqing burst out into laughter and shook her head. "I'm pitying you! Do you know that Li Moying is already married in the Lower Realm!"

Li Leyun was stunned, apparently a little surprised.

"How did you find out about this? I knew long ago that he was already married in the Lower Realm. But so what about that?"

### **Chapter 3319: You Had Better Not Be Lying To Me (1)**

It was just like what Lan Mengqing had thought in the first place. Li Leyun simply thought nothing of Li Moying's Lower Realm wife.

In her opinion, how could a country bumpkin from the Lower Realm be compared with her?

Li Leyun sneered and said, "Why? This is what you wanted to tell me? So what if Brother Moying was already married in the Lower Realm? Who knows how long it would take for that woman to ascend to God Realm if she has the ability? Moreover, even if she's here, she could at most be a serving maid based on her status. Don't tell me she's hoping to be Brother Moying's principal wife?"

Hearing that, Lan Mengqing could no longer hold it in and roared with laughter.

Li Leyun felt a chill run down her spine from her laugh and shouted, "Shut up, what are you laughing at? What's so funny? Do you think Jing Shaoyuan doesn't have any maid in his room? The more outstanding talents a man has, the more this kind of thing would happen. What's there to be so bothered about?"

She assumed that when she talked about Jing Shaoyuan, she would definitely be able to agitate Lan Mengqing. At least, she would be able to make her suspicious.

But Lan Mengqing simply found Li Leyun too amusing and couldn't believe what she had just said.

"I don't know if my Shaoyuan has a maid in the room but I do know that Young Lord Li's wife has already ascended from the Lower Realm to God Realm. This is absolutely true, so you'd better worry about yourself first!"

Li Leyun was stunned. "What? What did you say? That woman is already in God Realm??"

After her reaction, she realized that something was wrong so she looked at Lan Mengqing with a doubtful gaze. "That's not right. How... did you know about this matter? Don't think of coming out with a lie to deceive me!"

Lan Mengqing giggled and said, "Why would I come out with a story to lie to you for no reason? To tell you the truth. Young Lord Li killed Sky Devil Ruize this time because he was on his way to save his wife who had just ascended from the Lower Realm! Moreover, Young Master Li had already brought his wife along to the banquet at the Divine General residence that day!"

“What?? He... brought that woman to attend the banquet at the Divine General residence?” Li Leyun asked in disbelief.

Lan Mengqing continued to say, “Young Master Li had publicly introduced the lady beside him to everyone as his wife. So now, everyone knows that Young Lord Li from Cloudy Qilin Clan is already married and he has a wife! Yet, you’re going around telling everyone that you’re Young Master Li’s fiancée?? Haha, I wonder how other people will poke fun of you behind your back!”

Hearing Lan Mengqing’s words, Li Leyun’s expression instantly turned pale. At the same time, she shook her head furiously, unable to accept this truth.

“Impossible, this is not possible! Brother Moying... how can he admit that Lower Realm woman is his wife? His status is so noble, how can he marry that kind of woman!”

“You’re lying to me. You’re definitely lying to me!!” Li Leyun stared fiercely at Lan Mengqing.

Lan Mengqing saw Li Leyun’s look. Although she did find her comical, she couldn’t help but silently sigh for her.

Li Leyun had always been one of the talented young ladies with high expectations. In the past, she had always slighted the other men who wooed her with disdain.

But she, she had such deep feelings for Li Moying...

However, Li Moying was such a perfect man. So it was no wonder that Li Leyun could not let him go.

Even she was also smitten by that cold, handsome face. She did something out of her character and made an embarrassment out of herself.
