

Weaponsmith 3321

Chapter 3321: You Had Better Not Be Lying To Me (3)

“You even came out with such stuff. Do you really think I’m a fool with no common sense??” Li Leyun looked at Lan Mengqing with an unfriendly gaze.

Earlier she almost believed Lan Mengqing’s words until this very sentence. Then she started to feel that Lan Mengqing’s speech might have been a lie just to scare her!

Lan Mengqing was considered her peer, and they had fought in more than 20 different events. Hence, she had some understanding of Lan Mengqing’s ability.

Lan Mengqing was not as good as them, the best heaven grade geniuses, but she was definitely one of the stronger exponents in the younger generation.

Especially after Jing Shaoyuan, Li Leyun, and the others who continuously advanced into Heart Profound Realm, Lan Mengqing was invincible among Dream Profound Realm practitioners!

Now, Lan Mengqing said Li Moying’s Lower Realm wife who was in her 20s was already in Dream Profound Realm mid-phase and said to have reached the standard of heaven grade genius. Li Leyun might be a little suspicious, but she could still barely believe this.

But if it was said that a Dream Profound Realm mid-phase practitioner managed to defeat a Dream Profound Realm peak state practitioner, moreover the opponent was a peak-state practitioner like Lan Mengqing who had various secret skills... this just sounded too dubious!

Lan Mengqing didn’t bother to explain further upon seeing that she did not believe in her.

“It’s up to you to believe or not. Anyway, what I told you is the truth and I stand by my words. Go ask around and you will find out about everything! Anyway, this Young Madam Li is not simple. She has both beauty and brains, and her ability is tyrannical. Why would Young Master Li bear to give up on such a gorgeous beauty? Even if you’re the Clan Leader’s niece, he isn’t willing, isn’t it? Moreover...”

Lan Mengqing recalled the couple’s intimate actions during the banquet and couldn’t help but say, “Moreover, your deduction on Young Master Li is correct. He might be cold to other women, but to the one he loves, he is really gentle and considerate. He’s simply a wife-slave! You didn’t see how much he adores Young Madam Li, pouring wine and getting food for her. He seems as though he can’t wait to feed her himself. My Shaoyuan can’t even be compared to a finger of his. It makes all of us so envious...”

Before Lan Mengqing could finish her words, Li Leyun couldn’t stand hearing it any longer!

The news that Lan Mengqing brought today was not just a bolt of lightning!

Originally, she had everything beautifully planned out. She believed that she would end up marrying Li Moying.

But in the end, what she received was this piece of news!

If Li Moying's Lower Realm wife was just like what Lan Mengqing had described, that would mean that she had no chances at all!

The only thing she could rely on was her status as the Clan Leader's niece!

But in the eyes of the Clan Leader, she was just his niece. She couldn't possibly be more important than the clan's only god grade genius. If Li Moying insisted on not marrying her, the Clan Leader would definitely not insist.

Especially so after Lan Mengqing described how loving the two of them were in the end...

Li Leyun just couldn't imagine how that cold and emotionless man could even do such things!

She slammed her fist on the table and got up from her seat.

"Lan Mengqing, you'd better not be lying to me. I will go and check it out clearly!"

Saying that, she stared fiercely at Lan Mengqing and turned around to leave!

Lan Mengqing looked at her departing back and couldn't help but shake her head. "Sigh, another crazy one! But Li Leyun is an obstinate person by nature, so she probably wouldn't give up so easily as me?"

...

Empyrean Fox Continent, Medial Arch City.

Medial Arch City was just three cities apart from Blessed City, so it took less than a day by flying ship to reach there.

Chapter 3322: He's Too Young (1)

They set off in the afternoon and by evening time, Li Moying's flying ship had already descended on the suburbs of Medial Arch City.

As it was already dark, they secretly sneaked into the city and settled down in one of Cloudy Qilin Clan's properties.

Their journey had been extremely smooth, with also many guards to serve them. Li Moying couldn't bear to let his wife suffer, even a little.

As compared with the previous days where she had experienced days of being on the run after her ascension, Huang Yueli sighed emotionally.

"My dear husband, you treat me the best!" She didn't forget to show her love to her husband while feeling touched.

Li Moying snorted coldly, "Isn't that obvious? Did you just realize that I am good to you today? You ungrateful lass!"

He lowered his head, thinking of "lecturing" his wife. But in the end, a pair of small hands stretched out to stop his lips.

“No way, we can’t today! I have to meet the allied armies’ top management tomorrow! President Liu said the one who will be meeting me is a Divine General, and I must make sure that I have sufficient sleep so that I have the energy to talk terms with him! I need to earn money to make our living!”

Li Moying was speechless.

When they were in Soaring Heavens Continent, Huang Yueli kept hooting that she needed to earn money to support him. Of course, she really did it in the end...

Now that they came to God Realm, this young lass’s ideals had not changed at all...

To tell the truth, Li Moying always felt that something wasn’t quite right about this sentence and it seemed to be reversed? Moreover, he didn’t think that he needed his wife to earn their living.

But Huang Yueli didn’t detect his internal strife.

She stretched out a hand and patted Li Moying’s shoulder. “Alright, quickly go get some sleep! After I’ve raked in the riches, I’ll refine a top tier Holy Armament that’s even more amazing than the Sky Phoenix Ring!!”

“Alright, I’ll be waiting!” Li Moying burst out in laughter.

Huang Yueli kept running about in the flying ship and had been excited for an entire day. Now, she was finally tired out. Leaning on his chest, she quickly fell asleep.

On the second day morning, Huang Yueli woke up early in the morning, completed her disguise, and was just about to go out.

Before she left, she didn’t forget to instruct. “I don’t know how long I will stay in the Divine General’s residence. If I’m back late, you don’t need to be too anxious.”

Li Moying nodded and said, “Bring Tian Yi along. If anything happens, you must get him to look for me immediately!”

“I know!” Huang Yueli smiled at him sweetly, waved her hand, and turned to leave.

Medial Arch City was Emphyrean Fox Continent’s main city, and it was an extremely magnificent large city. It was much larger than Blessed City which was a frontier fortress.

The Ennead Jingles Sky Pavilion where the Emphyrean Fox Clan descendants stayed was located in the southern part of Medial Arch City.

As for Medial Arch City itself, it was an extremely popular place and the most important center of the entire Emphyrean Fox Continent.

God Realm’s allied armies’ Emphyrean Fox Continent’s Headquarters was right in the middle of Medial Arch City, and it was extremely luxurious. From afar, it appeared to be very imposing.

Huang Yueli roughly explained the reason for her arrival and showed the guards her Spiritual Armament Master badge.

Shortly after, she was ushered into the main hall.

In the center of the main hall sat a good-looking middle-aged practitioner. He gave off a strong aura and on one look, one could tell that his cultivation was in the Dao Profound Realm end-phase.

Huang Yueli hurriedly cupped her fists in greeting. "This Lord, I am Li Yuehuang. Previously, President Liu sent me a letter saying that the allied armies intend to purchase some of my illustrations."

The middle-aged practitioner looked down and glanced at her. Very quickly, he frowned.

"You're Li Yuehuang? Are those modified standardized weapons really designed by you?"

Chapter 3323: He's Too Young (2)

When Huang Yueli heard his question, she couldn't help but go into a blank.

Back in Blessed City's Sky Gem Glass Chamber, when she heard President Liu's tone, it seemed as though the allied armies' side wanted to purchase that batch of standardized Spirit Armaments.

So she didn't expect the person from the allied armies who was responsible for negotiating with her to show such an arrogant attitude!

She lifted her chin and answered in neither a servile nor overbearing manner. "This Lord, if you are referring to the modified standardized Spiritual Armaments from Grandmaster Xiao, then those are indeed refined by me. I thought the allied armies needed these Spirit Armaments, hence I especially rushed over to Medial Arch City. But it looks like the allied armies aren't sincere to negotiate. Just treat it that I've made a wasted trip. I won't waste your time any longer. Goodbye!"

After that, Huang Yueli immediately turned around and left.

If this transaction went through, she indeed would be able to earn a huge sum of money.

But Huang Yueli did not intend to talk to someone who acted so haughtily. From his attitude, he was probably waiting for her to wait for her to bend her knees to beg him before the business transaction went through.

She had no intention to suffer this injustice just to earn that bit of money!

After all, as long as she had the skill to refine those Spirit Armaments, she could find plenty of other buyers. Even if the other forces weren't as rich as the allied armies, she had a way to sell it at a satisfactory price.

Hearing Huang Yueli's words, the middle-aged practitioner who was originally filled with doubt became a little stunned.

Before he could react, he realized that Huang Yueli had already turned around and left without turning back!

In a blink of an eye, she was already stepping out of the main door!

"Come back!" He barked sharply.

However, Huang Yueli didn't even stall in her steps, not to mention turn back to look at him.

The middle-aged practitioner became furious and slammed hard on the table. At the same time, he howled, "Men, stop that arrogant brat for This Divine General!"

The allied armies were stationed with numerous allied armies soldiers. Practically every corner was full of guards.

Hearing that middle-aged practitioner's command, dozens of guards ran in Huang Yueli's direction to stop her.

Huang Yueli stopped as her gaze swept past those soldiers.

They were indeed a bunch who were capable of remaining in the allied armies. These soldiers were in Dream Profound Realm peak state or Heart Profound Realm early-phase cultivations. If they were in the frontline campsites, they were sufficient to be assigned as Commanders.

Even with so many top experts blocking her, Huang Yueli's expression remained unchanged.

She turned around, lifting an eyebrow, and looked at the middle-aged practitioner once again.

"May I ask what can I do for you, Sir? Weren't you uninterested in purchasing the Spirit Armament illustrations? Then why can't I leave? May I ask which military regulation I go against? Is it worth Sir sending someone to block and capture me?"

The middle-aged practitioner had not yet replied when a guard in front of Huang Yueli couldn't stand hearing it any longer.

He stared at Huang Yueli fiercely and barked, "Impetuous! How dare you speak to Divine General Mu in such a manner! You are simply too much!"

Huang Yueli thought pensively upon hearing that.

This middle-aged practitioner was indeed a Divine General! If his surname was Mu, he should be from the Jade Toad Clan.

The allied armies sent a Divine General to deal with her illustrations, so shouldn't they value this matter highly? Then why was this Divine General Mu acting so impolitely to her?

Thinking of this, Huang Yueli sneered.

"What I said was just the truth, so why can't I talk like this? Why? Are you Sir, intending to use your authority to pressure others?"

Chapter 3324: He's Too Young (3)

Divine General Mu was usually very high and mighty, so he usually thought nothing of ordinary people.

Of course, his attitude towards a top Sky Gem Grandmaster like Grandmaster Xiao was rather polite.

But to him, Huang Yueli was merely a low rank Spiritual Armament Master who wasn't worth mentioning at all. So he didn't expect Huang Yueli to leave immediately upon disagreement.

Moreover, under the encirclement of so many Heart Profound Realm practitioners, she remained calm and composed without any change in her emotions, as though their suppressions did not affect her at all.

Realizing this, Divine General Mu was rather surprised and saw her in a new light.

“When did this Divine General use my authority to suppress anyone? The purchase of the standardized Spirit Armaments illustrations is a very important transaction to us, the allied armies. So This Divine General must check carefully! I merely asked you a few questions and you’re acting so agitatedly. What kind of logic is this? Could it be that these illustrations really aren’t drawn out by you? Otherwise, why can’t you answer my questions properly?”

Divine General Mu easily pushed the responsibility aside, as he interrogated Huang Yueli once again.

From the moment she stepped in, Divine General My had been showing a distrustful attitude towards her.

Huang Yueli smiled disapprovingly and said, “After I came here, Sir didn’t even introduce yourself. So how am I supposed to know who you are or if you can be responsible for this transaction? Since you are responsible for managing the allied armies’ resources transaction, then you should know that we Spiritual Armament Masters’ skills must be kept a secret. If I can’t be certain of your identity, how can I answer you casually?”

“This...” Divine General Mu was at a loss for words.

He indeed had not introduced himself.

From the moment Huang Yueli walked in, Divine General My only felt that she was a little too young, which was different from all the past Spiritual Armament Masters whom the allied armies had transacted with in the past!

Moreover, she was just a low rank Spiritual Armament Master. In the past, those who came would be at least a high rank Spiritual Armament Master. The majority of them were even Sky Gem Grandmasters.

Divine General Mu’s first reaction was that Huang Yueli was merely a messenger. Perhaps she was the disciple of the Grandmaster who designed those modified standardized Spirit Armaments. Hence his attitude towards her was rather impolite.

Now, Huang Yueli caught hold of this point to rebuke him. It actually left Divine General Mu speechless.

Because Sky Gem Grandmasters indeed treated their designed Spirit Armaments as a trade secret. Each one of them would not spread their talons if they did not see the prey!

But this fellow was just a low rank Spiritual Armament Master...

How dare he act so arrogantly as well?

For an instant, Divine General Mu had intended to chase this fellow out!

But the allied armies Headquarters valued this transaction highly. They spent a great deal of effort tracking down the designer.

He had also personally seen the samples that Grandmaster Xiao supplied and knew the value of these Spirit Armaments to be exceptional.

Hence, the allied armies Headquarters send an order for him to purchase these Spirit Armaments illustrations in every possible way. They didn't mind spending a huge amount of money and military merits...

If this transaction didn't go well, Divine General Mu would have a hard time in the future.

Thinking of this, he could only force himself to endure. Then he said, "This Divine General was indeed too hasty earlier and had forgotten about it! You are really troublesome. I am the allied armies Empyrean Fox Continent's Lieutenant General of the Division Guards, Mu Mingjiang. I am fully responsible for purchasing these modified standardized Spirit Armaments illustrations this time!"

Chapter 3325: He's Too Young (4)

Divine General Mu's self-introduction highlighted his identity.

Huang Yueli had already guessed the rough situation from the crowd's reaction and the guard's speech.

But the meaning of it was different when it came from Divine General Mu's mouth.

This proved that Divine General Mu was already being led by the nose by Huang Yueli.

She knew this point clearly and was aware that she was at an advantage, so she decisively walked back.

She cupped her hands at Mu Mingjiang and said, "I have already introduced myself earlier. I am Li Yuehuang, and I'm a low rank Spiritual Armament Master from Sacred Phoenix Continent. The illustrations that the allied armies Headquarters want to purchase are drawn by me! I wonder how much is the allied armies intending to offer now?"

Although Mu Mingjiang was run on a bank by her and was on the losing end in the first round of confrontation.

But he felt rather discomfited inwardly.

Hence, he didn't immediately offer a price. Instead, he snorted coldly and swept a glance at Huang Yueli. Then he answered in a lukewarm tone, "It seems a little too early to talk about the pricing! This Divine General has to first ensure that your Spirit Armaments illustrations are worth the price which the allied armies are going to purchase! Although that batch of Spirit Armaments that Grandmaster Xiao showed indeed had great quality, that doesn't represent that the illustrations you give us can be refined with such good effects as well! I must check on it first!"

Mu Mingjiang might sound impolite, but that was indeed the truth.

An illustration was still an illustration and a sample was a sample. No matter how well made the sample was, that would be because it was crafted by Huang Yueli herself.

Whereas for these standardized Spirit Armaments, if they were to be produced in masses in the future, the Spiritual Armament Master who was going to manufacture them would vary on different standards.

No one knew if ordinary Spiritual Armaments Masters would be able to refine the same kind of result.

If it had to be a Sky Gem Grandmaster's standard to make the crucial techniques of the illustrations word, then the value of usability of these illustrations would not be too high!

Huang Yueli thought it was just normal for the allied armies' side to have such considerations.

So she coolly nodded and said, "Alright, I can understand that point! Then, may I ask Divine General Mu, how are you intending to check on this?"

Mu Mingjiang said, "I heard that you are coming today. So This Divine General has already invited five famous Sky Gem Grandmasters in Empyrean Fox Continent to our residence as guests. Come with me to meet them and they shall assess your illustrations personally!"

Since Mu Mingjiang had invited professionals, Huang Yueli naturally had no objections.

Moreover, she was rather curious to see who those famous five Sky Gem Grandmasters in Empyrean Fox Continent were.

Huang Yueli followed Mu Mingjiang to one of the rooms in the back and when she walked in, she saw someone familiar.

"Grandmaster Xiao! We haven't met in a long time!" Huang Yueli's eyes lit up.

Huang Yueli had a favorable impression of Grandmaster Xiao. This Sky Gem Grandmaster was entirely absorbed into the art of refining Spirit Armaments and wasn't interested in fighting for power. Moreover, he had indeed rendered her great help and also imparted her a lot of knowledge on Spirit Armament skills.

Originally, Huang Yueli was intending to find a chance to visit Grandmaster Xiao.

She didn't expect to run into him here.

When Grandmaster Xiao saw Huang Yueli, he also showed a joyous and surprised expression. "It's Young Master Li! You've indeed come to Medial Arch City! I heard you were coming, so I especially stayed back in Medial Arch City for a couple more days!"

So, Grandmaster Xiao had specially made this trip to meet her.

Huang Yueli was instantly very touched. "Grandmaster Xiao, you're too kind!"

Chapter 3326: He's Too Young (5)

"I'm the junior, so I should be the one to pay you a visit!"

"Haha, it's the same, it's the same! We Spiritual Armament Masters only research techniques and not about seniority! Moreover, it's all thanks to you for telling me about the new kind of fusion method. That's why I've achieved a breakthrough in my Spirit Armament skills recently."

"Really? Congratulations to you then!"

“After we’ve completed the matters here, will Young Master Li be interested to head over to This Old Man’s residence to see the new Treasure Armament that I’ve newly refined?”

“There’s no need to ask. Of course, I’m interested!”

Huang Yueli started to chat excitedly with Grandmaster Xiao the minute they met.

Mu Mingjiang and the other remaining four Sky Gem Grandmasters by the side were totally stunned.

A moment later, one of the Grandmasters couldn’t help but interrupt their conversation.

“Grandmaster Xiao, is this the Young Master Li Yuehuang whom you had mentioned previously? Why don’t you introduce him to us?”

It was at this moment that Grandmaster Xiao came back to his senses from his excitement. He fiddled with his white beard and said laughingly, “Haha, oh my! I nearly forgot the official business!”

“Young Master Li, these few here are the top Sky Gem Grandmasters from the Empyrean Fox Continent’s Sky Gem Glass Chamber. In terms of armament refining standards, they are all on top of the charts in the entire God Realm! Moreover, all of them have signed an agreement with the allied armies that they would coordinate with the allied armies from time to time to complete their missions. These people here namely Grandmaster Han and Grandmaster Yuan are proficient in refining armor. Grandmaster Liu is skillful in concealed weapons, and this is Grandmaster Wang who is proficient in Spirit Artifacts!”

Grandmaster Xiao introduced them from left to right, personally pointing out every single person to Huang Yueli. At the same time, he also briefly mentioned what kind of Spirit Armament they were most skillful in refining.

Huang Yueli nodded consecutively and cupped her hands at them in greeting.

These few old men looked aloof and arrogant. Their gazes towards Huang Yueli were also filled with vigilance.

But Huang Yueli knew the tempers of most Spiritual Armament Masters and their nature were more aloof than others.

The first time she met Grandmaster Xiao, his attitude wasn’t any better than the four of them! Li Leyun was a dainty talented young lady, but she was swept out of the door by Grandmaster Xiao mercilessly!

However, these Spiritual Armament Masters were still cute by nature.

Because as long as one had outstanding skills and could convince them in Spirit Armament marts, they would immediately change into another person and treat you passionately!

An example would be Grandmaster Xiao.

Grandmaster Xiao turned and looked at the four Grandmasters, then said, “My brothers, this is Young Master Li Yuehuang, whom I had always mentioned! Young Master Li is one of the most outstanding armament refining geniuses that I’ve ever met!”

Grandmaster Xiao’s evaluation of Huang Yueli was extremely high.

But the four Grandmasters' attitudes were still rather reserved. They merely nodded at her and did not say anything.

Huang Yueli didn't think much of it.

But Mu Mingjiang who was watching them from the side was thoroughly stunned at this moment!

He simply did not expect Grandmaster Xiao to adore Huang Yueli to this extent!

If it really had to say, Grandmaster Xiao's Spirit Armament refining standard was much higher than the other four Grandmasters. He could be said to be the Number One Spirit Armament Master in Empyrean Fox Continent, and his name was widespread in the entire God Realm!

Moreover, Grandmaster Xiao had always been a haughty person. Even when facing a 4-star Divine General like him, Grandmaster Xiao would not show him much respect.

But now, when he saw the young brat Li Yuehuang, Grandmaster Xiao actually... spoke to him so courteously and with so much passion!

Chapter 3327: Marvellous Illustration (1)

His tone seemed to be treating her as someone on the same level as himself!

"This... how could this be possible?"

"This brat... could he really have such ability?"

No matter how Mu Mingjiang thought, he just felt that it was not possible.

Improving one's Spirit Armament skills was different from cultivation in martial arts. Although innate talent was very important, the experience matters even more!

It could be said that all the Sky Gem Grandmasters including Grandmaster Xiao were all aged men with white hair. That was definitely not a coincidence!

How could a young Spirit Armament Master like Huang Yueli possibly make Grandmaster Xiao admire her so much?

Mu Mingjiang was puzzled but he didn't say anything.

Standing on the side, he said, "Alright, since everyone has already been introduced, let's not waste any more time and go straight into the main topic! Young Master Li, have you already brought all the illustrations that you're going to sell?"

Huang Yueli nodded and said, "That's right. Previously when I was in Flame Square City, I made some modifications to 20 types of standardized low grade Spirit Armaments. Now, I burnt the midnight oil and completed the illustrations of these 20 Spirit Armaments."

"20 illustrations!!"

The four Sky Gem Grandmasters revealed astonished looks when they heard this figure!

As experienced Spiritual Armament Masters, they knew how much energy they needed to spend just to modify one piece of Spirit Armament!

Even if it was just to modify one or two pieces, the Spiritual Armament Master would need to work through several days and nights continuously. This was under the pretext that they had a clear train of thoughts!

After the modification succeeded, drawing out the illustration was another meticulous piece of work. The Spiritual Armament Master had to label each point clearly and state the success rates of every step. These required a lot of experience and repeated testing before they could be completed.

Huang Yueli's lips curled.

She might look relaxed, but she had worked extremely hard over the past few days.

Ever since she returned to Blessed City, she had been focusing fully on these illustrations. She couldn't wish for anything more than to shut herself in the armament refining room all day!

If it wasn't for Li Moying who kept staring at her, she might have long forgotten about having to eat or sleep!

Mu Mingjiang couldn't help but be shocked when he heard she had drawn out all 20 illustrations.

Although he wasn't a Spiritual Armament Master, he did have common sense.

"20 Spirit Armament illustrations! The total number of low grade standardized Spirit Armaments recorded is 20, and you've modified all of them? Moreover, you've also drawn out all the illustrations?"

Huang Yueli nodded and said, "Isn't this what you requested? Previously when President Liu from Blessed City contacted me, he mentioned that the allied armies Headquarters needed the whole set of low grade Spirit Armament illustrations?"

"This..."

Mu Mingjiang was speechless as his eyes opened wide, staring at Huang Yueli fixedly.

She was right because the allied armies Headquarters indeed needed the full set of illustrations.

But no one expected Huang Yueli to finish the entire set!

He originally thought that even if Huang Yueli could modify all 20 Spirit Armaments, it would take at least half to one year to confirm the illustrations.

He was already prepared to make Huang Yueli stay for this entire year and slowly finish this job.

In the end... she said this!

He thought, "Is he for real, or just treating me like a fool?"

Chapter 3328: Marvellous Illustration (2)

Mu Mingjiang looked at Huang Yueli suspiciously as he raised his request.

“Since Young Master Li has made ample preparations, this is awesome! Will you please show your illustrations to all five Grandmasters to check?”

His burning gaze was fixed on Huang Yueli as he was curious to see if she could really bring out so many illustrations!

As expected, Huang Yueli didn't show the items immediately after hearing that. Instead, she shook her head and said calmly, “No way. I can only show you three illustrations to check on the effect.”

Hearing that, Mu Mingjiang immediately revealed an “I expected this” expression. He gave a cold snort and his tone turned harsher instantly.

“Oh? Young Master Li, didn't you say that you've already completed all 20 standardized low grade Spirit Armament illustrations? Why are you only showing us three? Are you intentionally taking This Divine General as a fool? I'm warning you that we allied armies hate people who are smart alecks the most!”

Since the moment Huang Yueli's walked in and refused to bow down to him, Mu Mingjiang had treated her like an eyesore.

Now that he had this chance, he would naturally lecture her without any reservations.

Moreover, Mu Mingjiang felt that he had a hold on Huang Yueli. Hence after his lecture, he looked condescendingly at Huang Yueli, just waiting to see her ashamed look after being exposed.

However, Huang Yueli did not show any anxiety at all.

On the contrary, she looked at Mu Mingjiang coldly as though he was an idiot.

“Divine General Mu, is this your first time in charge of dealing with a Spiritual Armament Master?”

Mu Mingjiang didn't expect her to say that, and he frowned slightly. “What do you mean? Are you still trying to deny it?”

“Deny?” Huang Yueli pouted and said disapprovingly, “This is the Sky Gem Glass Chamber's rules! Selling an illustration is equivalent to selling all my works of Spirit Armament refining. You also brought along five high rank Grandmasters who can understand my illustrations in one look. You haven't paid yet but I have to give you all my illustrations? If you have learned all my illustrations and refuse to give me any money, who should I look for to complain by then?”

“This... this...”

Mu Mingjiang couldn't say a word after being rebuked.

Because what Huang Yueli said seemed logical.

Moreover, it was indeed his first time dealing with this kind of illustration...

Mu Mingjiang subconsciously turned to Grandmaster Xiao. “Grandmaster Xiao, is there really such a regulation?”

Grandmaster Xiao nodded and said slowly, “Divine General, what Young Master Li said is reasonable! There is indeed such a regulation in the Sky Gem Glass Chamber for Spiritual Armament Masters who

sell their illustrations! Generally speaking, before the price is fixed, only a portion of the Spirit Armaments illustrations can be exhibited. When the payment of 90% is received, the remaining illustrations shall be given to the buyer. The last 10% will be paid after the buyer manufactures the finished product.”

Grandmaster Xiao said it so clearly that Mu Mingjiang had nothing to say.

But from Huang Yueli’s slightly delighted gaze, he felt rather uncomfortable. Hence he could only twist his words to say, “Regulations are regulations! But I’m representing the allied armies Headquarters. Do you think I’m trying to cheat you of your money? Even if I request you to give me the illustrations, that is reasonable!”

Hearing that, Huang Yueli hadn’t even said anything but the other Sky Gem Grandmasters already started to make a ruckus!

“Divine General Mu, what you say is not right! It’s exactly because you are from the allied armies, so you shouldn’t be trying to take advantage of this? Otherwise, who would dare to cooperate with the allied armies in the future?”

Chapter 3329: Marvellous Illustration (3)

“In This Grandmaster’s opinion, Young Master Li is already going against the regulation by going this! Before we make a deal, logically speaking, we can only give a portion of the illustration. However, Young Master Li directly gave out three complete illustrations! What is this considered as!”

“That’s right. Take it back, take it back!”

Hearing the Sky Gem Grandmaster’s words, Huang Yueli couldn’t help but smile.

Spiritual Armament Masters might look down internally on those with poor skills, but they were very united when dealing with outsiders.

In their opinions, the Sky Gem Glass Chamber’s regulation and the pride of a Spiritual Armament Master were much more important than this 4-star Divine General, Mu Mingjiang’s face!

Mu Mingjiang was so angry that his face turned green. However, he could not do anything to these five old men!

Spiritual Armament Masters were extremely important to the allied armies and there were not many who were willing to coordinate and help out on the demon tribe battlefield. It was especially so for top rated Sky Gem Grandmasters. All of them who were willing to help out with the allied armies were precious babies!

He would be held responsible if any one of them were to leave in anger!

Huang Yueli stood by the side and after she had enough of admiring Mu Mingjiang’s expression, she opened her mouth slowly.

“Grandmasters, thank you for your kind intentions. But I believe in the allied armies’ sincerity and know they will not deceive me. That’s why I offered to take out three complete illustrations! This is also to show my sincerity! I am still very young after all and I lack experience. Hence it’s normal for the allied armies to doubt my standard. So that’s why I have to show hard evidence!”

Hearing that, the Sky Gem Grandmasters were still rather dissatisfied but they couldn’t say anything more.

Mu Mingjiang finally had a solution to this saga.

But he stared fiercely at Huang Yueli, not feeling any gratitude towards her at all!

All he knew was this young brat was simply too sinister and sly. Li Yuehuang had intentionally dug a hole for him to jump into!

1

Mu Mingjiang thought, “How dare a brat like him dare to scheme against a noble Divine General like me?”

“He had better have as much ability as he is bragging himself to have, having such powerful Spiritual Armament refining talent. Otherwise, I will teach him a lesson sooner or later!”

Huang Yueli knew Mu Mingjiang was looking at her, but she thought nothing of it.

Mu Mingjiang personally handed the three Spiritual Armament illustrations to the five Sky Gem Grandmasters.

As there were several parts to each illustration and there wasn’t only one piece, the Sky Gem Grandmasters soon held on to a drawing and began to read it.

Grandmaster Xiao had the most understanding of the Spirit Armaments that Huang Yueli refined.

After he purchased those finished products from Huang Yueli for a huge amount, he spent every single day researching it that he wished he could frame it up!

He was a Sky Gem Grandmaster himself and his Spirit Armament refining standard was extremely high. Adding on to the fact that he had researched it without sleeping or eating, it didn’t take long for him to research most of the techniques that Huang Yueli had used while refining those Spirit Armaments.

So when Grandmaster Xiao received some of the drawings, he didn’t have many expectations.

He assumed that the things on the drawings would probably be the same as what he had researched!

However, since Mu Mingjiang had invited him here, he had to put up an act.

Grandmaster Xiao pretended to pick up the drawings, intending to take a few glances before saying that there was no problem with them.

However, he only took a glance, and the hand which was holding the drawing suddenly trembled. The expression on his face instantly vanished, and his eyes suddenly turned solemn!

Chapter 3330: Marvellous Illustration (4)

Grandmaster Xiao scanned across these drawings and the more he looked, the more stunned the expression on his face became!

After he finished reading those few pieces, he immediately ran toward Grandmaster Han to snatch his drawing. "Quickly, pass me that drawing that you are looking at to me!"

Grandmaster Xiao stretched out his hand but missed.

Grandmaster Han nimbly avoided him. At the same time, anger spread across his face.

"You... don't you already have the finished product? Why are you snatching mine for? Right, you have the finished product, so you don't even need to look. Pass those few drawings to me!"

"No way, give it to me first. I have use for it!" Grandmaster Xiao hurriedly emphasized.

But after Grandmaster Han took a few glances at it, he had already been attracted by the marvelous content in Huang Yueli's drawings. He was absorbed into it so no matter what Grandmaster Xiao said, he refused to let go.

The two of them almost started to snatch the drawings.

Mu Mingjiang looked at them and his eyeballs nearly dropped out of their sockets!

He couldn't understand what was going on! Why were these two usually aloof Sky Gem Grandmasters fighting over a piece of drawing like two spoilt brats today?

"Am I dreaming?"

Mu Mingjiang subconsciously turned towards the remaining three Grandmasters, thinking, "It is not suitable for me to pull them apart. But I'm sure the other three grandmasters will help to stop them, right?"

Whoever knew that Grandmaster Yuan, Grandmaster Liu, and Grandmaster Wang seemed as though they didn't notice what was happening beside them at all.

The three of them were holding their drawings tightly with deep frowns across their faces. Their eyes bulged as they muttered to themselves.

Their looks seemed as though they were possessed!

Mu Mingjiang took a look and felt extremely bewildered. "T... This... what exactly is happening?"

Just as Mu Mingjiang was hesitating if he should walk up to pull them apart.

Grandmaster Yuan who had been keeping silent suddenly shouted, "Marvellous! This is too marvelous! This kind of refining method is simply unprecedented! It's too miraculous, too... too fascinating!"

His sentence seemed to have turned out a trigger.

Immediately following that, Grandmaster Liu and Grandmaster Wang also started to exclaim praises.

“Yes, this kind of armament refining technique can be said to be on its own! No wonder it could raise the Spirit Armament’s power by so much!”

“It’s so fascinating. Although these hand gestures merely had some slight modifications, they actually had so much effect on the finished Spirit Armament! If these illustrations did not label it out, I would have never thought in this direction at all!”

“Fascinating, so fascinating!”

The three Grandmasters interacted for a moment and laid their eyes on Grandmaster Xiao.

After all, Grandmaster Xiao was the first to be acquainted with Huang Yueli. Before today, Grandmaster Xiao had been boasting about Huang Yueli’s armament refining standard so many times. But all of them had their doubts.

It was only then that they finally realized that Grandmaster Xiao and Grandmaster Han were fighting.

The three of them hurriedly ran up to stop them.

“Old Xiao, Old Han, what are you two doing?”

“Stop fighting, stop!”

Grandmaster Han was pulled away by them, and his action slowed down. Grandmaster Xiao was sharp-eyed and deftly snatched those few drawings from him. Then he hid in one corner and started to look at them.

The drawings they were holding belonged to the same set, and they made up the complete illustration of a dagger.

As Grandmaster Xiao looked, the expression on his face became more gleeful by the minute!
