### Chapter 3361: Fiancée? What A Joke (4)

Huang Yueli deduced inwardly and at the same time, she recalled the conversation she had with Li Moying the night before. Somehow, she still felt that something was amiss.

“Could it be that something indeed happened over at Cloudy Qilin Clan? Is he really hiding something from me?”

Huang Yueli couldn't help but feel vexed after pondering over the reason and connection.

Li Moying's face had too huge of an effect on her! He actually managed to bewitch her and make her forget to continue questioning him!

“This man... he thinks he's got me eating out of his palm! Hmpf, just wait and see how I'll deal with him when he comes back tonight!” Huang Yueli waved her little fist furiously.

In her mind, several proposals on how to interrogate her husband surfaced. As she turned around to walk back to the room, she started to them through.

She had arranged with Grandmaster Xiao to make use of the Sky Gem Glass Chamber's channel to spread the news to solicit large forces who could refine and sell those modified Spirit Armaments. Seven days later, they would get together to have a discussion and pick one of those interested forces to become their business partner.

So, since she didn't have anything else to do in these seven days, she could make use of that time to cultivate.

She had relatively consumed a lot of energy over the matter related to the Spirit Armaments, resulting in a drastic drop in time spent on cultivation, and that was not a good sign.

Thinking of this, she was determined to outsource the business of selling those standardized Spirit Armaments.

As a practitioner, she ought to emphasize raising her ability. She should not affect her cultivation just because she wanted to earn more money. This was akin to letting go of the big prize while grabbing the trifles.

Huang Yueli cultivated quietly in the room for an entire day, and no one was there to disturb her.

When it was evening time, she thought Li Moying should probably be coming back soon. So she stopped cultivating, intending to cook some dishes to reward her husband who had sacrificed so much for her over this period.

Whoever knew that she had just walked out of the room when she heard the maid's reporting voice.

“Young Madam, there's a young lady outside and she says she's here to look for you...”

“A young lady? Looking for me?” Huang Yueli's eyes widened in surprise and asked, “Who is that?”

She only had one friend in God Realm and that person was Xia Yunxi. However, the latter had already followed Jun Sihan to Veracious Wyvern Continent, so she couldn't possibly appear right now.

The rest of them were Spiritual Armament Masters like Grandmaster Xiao. Although they were acquainted with her, all of them saw her as that common-looking young man Li Yuehuang. Even if it was the same name, no one would ever link her to Li Moying's wife.

Huang Yueli had especially left an inn's address so that Grandmaster Xiao and the others could send their messages to that place.

So, it couldn't possibly be Grandmaster Xiao and the others...

The maid hemmed and hawed as she spoke, "That young lady says she....she's... Ummm..."

Seeing the maid's strange expression, Huang Yueli frowned and urged, "Who did she say she is?"

The maid clenched her teeth, and just as she was about to speak, a young lady's high-pitch voice rang from the courtyard's door.

"Let me in, you servants. Do you know who This Young Lady is? I'm the biological niece of the Cloudy Qilin Clan's Clan Leader, Li Moying's fiancée! This is the Cloudy Qilin Clan's property, so why can't I enter? All of you, get out of my way!"

A cold glint flashed past Huang Yueli's eyes. "Li Moying's... fiancée?"

Before she could say anything, a beautiful young lady dressed in a cloud-patterned skirt barged in through the door. Those maids who attempted to stop her were pushed aside by the guards she brought.

### **Chapter 3362: Fiancée? What A Joke (5)**

Huang Yueli turned to look at that person and found that it was an attractive young lady. She had almond-shaped eyes, pink cheeks, and fair skin. She could be considered a first-class beauty. Even if she were to be compared with Lan Mengqing, whom Huang Yueli had met a couple of days ago, she was not lacking in comparison.

The moment Huang Yueli saw her, she instantly rose an eyebrow.

Because she had met this young lady previously.

Isn't this that Young Lady Le whom I met in Flame Square City's Sky Gem Glass Chamber previously? What is she doing here?

Huang Yueli's brows creased slightly and she quickly recalled the clamor that Li Leyun was making earlier.

She says she's Li Moying's fiancée? How can that be?

Just as Huang Yueli was silently thinking to herself, Li Leyun had already strode before her.

The moment they exchanged glances, Li Leyun's shocked expression in her eyes was unconcealable!

When she was in Blessed City, Lan Mengqing had already told her that Li Moying's Lower Realm's wife had both beauty and brains. Even Lan Mengqing believed that she could be far lesser than her.

But Li Leyun totally did not bother about what she had said.

In her opinion, Lan Mengqing said this mainly to give her a blow. So she had intentionally exaggerated.

A Lower Realm country bumpkin, so what if she was not bad-looking? How could she be compared with the talented young ladies in God Realm?

Even if she was truly a natural beauty, she was too inferior to be shown in public. She would definitely cower fearfully.

Li Leyun was originally very confident. Hence before she came today, she intentionally dressed herself up. She purposely wore the complicated skirt suit that one would usually wear to banquets, just so that she could make the woman who monopolized Li Moying feel inferior!

But now, when they met, Li Leyun realized that the person who felt inferior was herself!

This young lady in front of her was simply too beautiful...

The other party had not applied makeup, was just wearing a simple flowing dress, and her black, silky hair was casually tied into a bun, there was no way anyone could ignore her presence.

Li Leyun was stunned momentarily.

Huang Yueli sensed Li Leyun's confused gaze which was mixed with shock, jealousy, and unwillingness to be outdone, she suddenly realized what was going on.

Although she recognized Li Leyun, she didn't put on her disguise today. So Li Leyun doesn't know that she was that ordinary-looking genius Spiritual Armament Master, Li Yuehuang. Nor did she know that she was the one who caused the latter to be utterly disgraced in the Sky Gem Glass Chamber the other time!

Thinking of this, Huang Yueli decided to conceal her other identity.

She looked at Li Leyun and spoke in a lukewarm tone, "This young lady, who are you? You trespassed into my residence and even hurt my maid. Aren't you going overboard?"

Li Leyun finally came to her senses upon hearing her icy cold voice.

Realizing that she had been distracted by this wretched lass, Li Leyun felt even more jealous than before.

She stared fiercely at Huang Yueli and said, "Your residence? You really know how to make yourself look good! This place is a property under the Cloudy Qilin Clan, so who do you think you are? How dare you say this place is yours? Also, aren't you just a lowly commoner who ascended from the Lower Realm? What right do you have to speak to me?"

Huang Yueli's lips curled into a cold, mocking smile.

“Cloudy Qilin Clan’s property... my husband is Cloudy Qilin Clan’s Young Lord, so this place is mine. On the contrary, young lady, you came uninvited so how dare you act so arrogantly?”

### **Chapter 3363: Fiancée? What A Joke (6)**

“I wonder which family’s young lady are you from? Why do you have such a poor upbringing?”

Huang Yueli might seem frustrated but she remained very calm. Her leisurely manner of speaking enraged Li Leyun.

In reality, Huang Yueli was also secretly guessing Li Leyun’s background.

When they met in the Sky Gem Glass Chamber, Huang Yueli only knew that she was called Li Leyun, and was a mid rank Spiritual Armament Master. Hence she didn’t pay much attention to her.

Moreover, Li Moying had never mentioned that he had any “fiancée”, so she believed that he wouldn’t lie to her.

Then... who was this woman?

Huang Yueli pouted, feeling displeased. Her husband was very good at everything, but his love life was a little too prosperous. No matter where he went, there would be a bunch of young ladies who coveted him.

Li Leyun looked at Huang Yueli’s elegant look, which resembled an aristocratic lady more than herself, and her face flushed red with anger instantly.

“Shut up! What right do you have to call Brother Moying your husband? You’re just merely a woman from the Lower Realm. Even if you are married to Brother Moying in the Lower Realm, just based on your background and innate talent, you can forget about our clan acknowledging your marriage! You would at most be a maid for Brother Moying in the room. How dare you even treat yourself like somebody important?”

“Let me tell you this. I’m Cloudy Qilin Clan’s Clan Patriarch’s niece, Li Leyun and I’m one of the top geniuses in God Realm! Only someone like me with such status and innate talent is compatible with Brother Moying. Moreover, Brother Moying and my marriage have already been acknowledged by the entire Cloudy Qilin Clan! We will officially get married after the God Realm Tournament.”

“If you know what’s good for you, you’d better leave Brother Moying’s side quickly. I can give you a few crystal jades and cultivation methods to cultivate properly in God Realm. If you don’t know what’s good for you and insist on clinging on...”

Li Leyun unleashed the Profound Energy in her in an attempt to coerce Huang Yueli by force.

“This Young Lady doesn’t mind to mind you a lesson and show you the difference between Lower Realm practitioners and God Realm’s geniuses!”

Huang Yueli originally seemed very carefree, remaining indifferent towards Li Leyun’s threats.

Numerous examples in the past had already proven that those women who fancied Li Moying would end up in a miserable state. After all, that man had never shown any tender feelings to any woman other than his little fox.

However, she almost laughed out in anger when she heard it towards the end.

No wonder Li Moying had been acting sneakily in the past few days. It was because Cloudy Qilin Clan had arranged his marriage for him! His fiancée even suddenly popped up!

No wonder Li Moying didn't dare to tell her.

When Huang Yueli heard the words "Brother Moying" coming out of Li Leyun's mouth, she immediately had goosebumps.

"You... how disgusting can you be? Judging from your bone age, you should be older than my husband! Where do you find the cheek to call him Brother Moying? Tsk tsk, I wonder which family young lady are you from. You've cast your face away to chase after a man!"

"You... what are you saying!! How dare a little slut as you call me shameless?" Li Leyun's gaze was practically dripping with venom as she stared ferociously at Huang Yueli. "Didn't you hear what I said earlier? I am Brother Moying's fiancée! A wretched lass like you is just a woman who warms up his bed! How dare you say such things to me!"

Towards Huang Yueli's reaction, Li Leyun was extremely surprised.

### **Chapter 3364: Fiancée? What A Joke (7)**

She assumed that Huang Yueli would definitely not be able to take a Heart Profound Realm's suppression like hers and would immediately kneel to beg for mercy.

But Huang Yueli seemed as though she didn't feel anything at all.

Moreover, wouldn't normal people suffer a huge blow when they heard their partner having a noble fiancée and feel ashamed of their own inferiority? Why is this wretched lass treating as though it was nothing?

Does she think that she could keep a powerful man like Li Moying stay by her side based on her beauty?

Just as Li Leyun was feeling confused, Huang Yueli showed a cold smile.

"Alright, I've already understood Young Miss Li's intention in this visit. But I have a few questions to ask you."

The moment Li Leyun heard that she immediately asked, "What questions? Go ahead and ask!"

She deduced that Huang Yueli wasn't feeling as calm as she was portraying and would surely be asking about the details between her and Li Moying.

Regarding this, she had already weaved a story which would definitely give this woman a huge blow that she could not look her in the eye!

Huang Yueli swept her a glance, and her lips curled upwards slightly. “The first question is my husband and I have already been married for two years. So how can a married man have a fiancée? Moreover, as a young aristocratic lady from God Realm’s large clan, are you prepared to be my husband’s concubine? But if my husband wants to take in a concubine, he has to ask me, his official wife, for my view. If I don’t agree, you won’t be able to become part of the family, isn’t it?”

“You... you...”

Li Leyun was prepared to use her identity as the clan’s acknowledged fiancée to give Huang Yueli a severe blow. However, she didn’t expect Huang Yueli to ignore that issue and even brought out the stance of his official wife to suppress her. Moreover, the latter even said that if she were to marry Li Moying, she would be his concubine!

Furthermore, she had to bow down to a country bumpkin from the Lower Realm?

These few sentences were considered to be the greatest insult to her!

Li Leyun shivered in anger as she pointed at Huang Yueli, unable to say a single word.

However, Huang Yueli was not done speaking yet.

She slowly continued and said, “The second question is I know you’ve taken fancy to my husband and can understand why you want to be his concubine. After all, when we were in the Lower Realm, plenty of other women tried to promote themselves to him. But no matter what, you’re still not part of our family yet. How do you have the cheek to call out ‘Brother Moying?’ And you even dare to shout at me? Speaking of this, if you can marry into our family, a concubine’s status is on par with a maid. What kind of attitude are you showing to me, the Young Madam of this house?”

“Cloudy Qilin Clan is considered as a large clan in God Realm. If the news of disrespect in social ranking is spread to other people, how embarrassing would that be!”

She had completely labeled Li Leyun as a concubine who threw herself onto Li Moying and even started to lecture her on the rules.

Li Leyun could no longer tolerate this and jumped up angrily.

“You... you little slut, you’ve simply gone too far in bullying me like this! Men, capture this little slut and throw her out! This is Brother Moying’s residence, and this bitch has no right to stay here!”

Li Leyun brought several guards along with her this time.

Hearing her command, the guards swamped up to capture Huang Yueli.

Huang Yueli narrowed her eyes as her body turned into a flash and evaded them.

### **Chapter 3365: Fiancée? What A Joke (8)**

The majority of these guards were in Heart Profound Realm cultivations whereas, under the help of the Sky Phoenix Ring, Huang Yueli seemed as if her cultivation was only in Dream Profound Realm early-phase.

They assumed confidently that under such a disparity of cultivation levels, Huang Yueli definitely would not have any place to hide. So capturing her was of no issue at all.

Whoever knew that Huang Yueli's body movements were astonishingly fast.

The guards outstretched their hands several times, but Huang Yueli managed to slip away from them easily.

Seeing that, Li Leyun assumed that the guards weren't willing to help her, so she shouted exasperatedly, "What's wrong with you guys? Can't you even capture a lass in Dream Profound Realm? Hurry up and throw her out!"

The guards perked themselves up after hearing her words and showed their true abilities, hoping to capture Huang Yueli in one go.

However, Huang Yueli's body movements were just too fast. She only turned a few rounds and easily escaped from their encirclement.

Never in the guards' wildest dreams did they expect Huang Yueli to be so difficult to manage. Four to five Heart Profound Realm practitioners worked together, but none of them could lay a finger on her at all.

Seeing that she was about to escape, all of them did not dare to dawdle and hurriedly chased after her.

But they merely ran a few steps when something suddenly tripped them. They staggered a few times and abruptly fell to the ground.

The guards were stunned, but before they could react, an air-breaking sound came from their backs.

A fierce murderous Qi swiftly attacked them!

They knew the situation was terrible and subconsciously rolled a few times on the ground.

"Whoosh whoosh whoosh whoosh—"

Dozens of cold air flew over their heads!

The guards looked forward while shaking in fear and instantly broke out in cold sweat!

Dozens of feather arrows were plunged onto a large, lush tree trunk. Moreover, the tails of those arrows were still shaking. The strength used to shoot out these arrows was extremely strong and that was why the remnant strength used to shoot them had not been dispelled yet.

The guards were so shocked that their legs turned soft. All of them remained immobile for some time.

Li Leyun's eyes squinted slightly after her shock. "These mechanisms... Brother Moying actually told you, this little slut, about the locations of the mansion's mechanisms!"

This kind of important mechanism with such power wouldn't normally be revealed to others by the mansion's owner because it would be used to save their lives when there was no other way!

Huang Yueli leaned slightly against a pillar with her arms crossed. She smiled faintly and said, "This is me and my husband's residence, and I am the mistress of this house. Why would I not know the distribution

of the house's mechanisms? Also, I've reminded you many times already. You're much other than my husband, so can you stop trying to act cute and call him Brother Moying?"

Huang Yueli was amused. These mechanisms were originally set up by herself, so even Li Moying would not know as much as her!

Li Leyun's anger rose when she heard that.

Turning back, she saw those guards still sprawled on the ground with pale complexions. Apparently, they had been scared stiff by those mechanisms.

"Useless things!"

Li Leyun scolded them fiercely and suddenly turned around to attack Huang Yueli on her own!

Li Leyun was indeed one of the more outstanding talented practitioners among the younger generation, and her ability was relatively outstanding.

While she waved her hand, strong thunder attributed energy filled the air. Numerous lightning bolts descended from the air as they struck directly above Huang Yueli's head!

Li Leyun clenched her teeth and used all her energy in this blow. She was determined to inflict a serious injury on Huang Yueli!

### **Chapter 3366: What Can You Do For Him? (1)**

Sensing powerful energy assaulting her senses, Huang Yueli's expression turned solemn.

Li Leyun was indeed one of God Realm's top geniuses. In terms of power, she was indeed higher by two levels than Lan Mengqing!

Lan Mengqing was merely in Dream Profound Realm peak whereas Li Leyun had just advanced into Heart Profound Realm. Although her cultivation had not stabilized, she had stepped into a large realm. So there was an obvious leap in her ability.

Adding that her actual combat ability was also relatively outstanding, her move made Huang Yueli feel threatened!

This woman who self-professed that she was Li Moying's fiancée... she's indeed not so simple!

Huang Yueli instantly worked up the Profound Energy in her body as she prepared to respond to her attack seriously!

After all, she was younger than Li Leyun by more than 10 years. Facing this kind of powerful genius-level opponent, if she didn't exert all her effort, it would be difficult for her to gain victory.

However, just as Huang Yueli's aura had reached its peak and was about to fight back...

"Young Miss Leyun, quickly stop!"

A terrified voice was heard from the rood and at the same time, a black figure descended from the sky. He blocked himself in front of Huang Yueli.

He waved his right hand and also summoned thunder-attributed energy.

Both Profound Energies crashed heavily in the air and the person who just joined in was at a disadvantage. He staggered back a few times.

Huang Yueli was almost going to strike back so she wasn't expecting anyone to jump out. It gave her a huge shock.

She hurriedly retracted her moves, widened her eyes to take a look, and realized that this fellow who suddenly popped out was the leader of Li Moying's bodyguard, Li Tianyi.

Moreover, following Li Tianyi's appearance, five to six guards also jumped down from the roof and maintained a defensive stance, blocking themselves in front of Huang Yueli.

Huang Yueli's shock only lasted for a few moments. Shortly after, she started to understand what was going on.

Her husband did not bring Li Tianyi along to handle his matter. Instead, he asked the guards to stay in the surroundings of the mansion to protect her. He got them to secretly hide and they should only appear when she was in danger.

As for the reason...

According to Li Moying's style of doing things, Huang Yueli deduced that he was afraid that she would interrogate his guards!

After all, when they were in the Lower Realm, Huang Yueli had always loved to fish information out from his subordinates.

This man... why is he so black-bellied? Huang Yueli pouted in displeasure, totally unaware that she was also a black-bellied person. She was no different from her husband at all...

On the other hand, Li Leyun didn't expect someone to pop out and save Huang Yueli.

Both parties exchanged a blow, but Li Leyun wasn't totally unharmed.

When Li Leyun came to her senses, her face turned sinister when she realized that the person was Li Tianyi.

"Senior Brother Tianyi, it's you! You... why are you protecting this slut? Didn't you hear the news in the clan? Brother Moying and I are already engaged! I'm your future Young Madam. How dare you not stand on my side, but stand on this wretched lass's side instead?"

Li Leyun simply could not believe that such a thing would happen!

Before Li Tianyi became Li Moying's subordinate, he had a pretty high status in Cloudy Qilin Clan too.

He didn't have a lowly background, and his innate talent was also heaven grade. But he wasn't as devilishly powerful as Li Leyun.

If not for this, he would not become the guard leader for the future Patriarch.

Although a guard doesn't seem like an important position, that was merely on the surface.

### **Chapter 3367: What Can You Do For Him? (2)**

Clever people knew that those who could become the Young Lord's trusted aides like Li Tianyi and the others would become Elders with real power when the Young Lord became the Patriarch. They might even become the Patriarch's right-hand men.

To the younger generation whose innate talents were the most outstanding, it could be said that this was the biggest chance for them.

Li Tianyi got this position relying on the power from his branch.

Of course, after he became Li Moying's personal bodyguard, his status in the clan was elevated.

In Li Leyun's eyes, Li Tianyi was a clansman from the Cloudy Qilin Clan. So he should share the same viewpoint as her and should work together with her to get rid of Huang Yueli for the clan's benefit.

Li Tianyi's ability was weaker than Li Leyun's. When he struck out hurriedly earlier, he managed to ward off the attack on Huang Yueli's behalf. However, he sustained some severe injuries and blood was trickling down from the corner of his lips.

However, his expression remained unchanged. He didn't even lift his hand to wipe off the blood on his lips.

"Young Miss Leyun, This Subordinate is under Young Lord's orders to protect Young Madam's safety. You are a noble young lady from our clan, so This Subordinate does not want to become enemies with you. Please leave this place now!" Li Tianyi cupped his hands at Li Leyun.

Li Leyun was in total disbelief as the shock on her face was unconcealable.

"Senior Brother Tianyi, what's the matter with you? You're asking me to leave? The one who should scam is this little slut! Also, how would Brother Moying possibly ask you to protect this wretched lass? You... don't even try to deceive me! Shouldn't you be following Brother Moying around?"

Asking a man of Li Tianyi's status to protect a Lower Realm country bumpkin lass like Huang Yueli?

No matter how much Li Leyun thought, she still felt that it was impossible. Her instincts told her that Li Tianyi was lying to her!

Li Tianyi frowned. Seeing Li Leyun's persistent manner, he started to become impatient.

As he was responsible to stay by Huang Yueli's side over the past few days, Li Tianyi knew clearly how astonishing her innate talent in armament refining and the former's true ability was.

So the intense shock that Li Tianyi felt was no less than when he met Li Moying for the first time.

There was really another genius who was as powerful as his Young Lord in this world!

Recognizing this point, Li Moying's guards also acknowledged Huang Yueli.

If they had a say, they felt that only this kind of talented young lady was a match made in heaven with their Young Lord!

Li Leyun might have a reputation as a talented young lady in God Realm, but as compared with Huang Yueli... there was honestly no way to compare them at all!

The only thing was Li Tianyi could not say these kinds of words directly.

He thought for a moment and said, "Young Miss Leyun, This Subordinate is now the Young Lord's subordinate. No matter what Young Lord's instructions are, I have to follow them accordingly and will not make my own decision. Young Lord has already announced Young Madam's status to everyone and even strictly instructed This Subordinate to protect Young Madam at all costs... none of the above are falsified! Will Young Miss Leyun please don't act so disrespectfully to Young Madam? Otherwise, This Subordinate will not be able to take into account our past relationship and must act on Young Lord's orders as a priority!"

Li Tianyi had once been enlightened by the same Initiation Master as Li Leyun. So in that way, they were considered to be in a Senior Brother and Junior Sister relationship.

So that was why he explained so much patiently.

He explained Li Moying's instructions clearly, hoping that Li Leyun could understand Li Moying's stand and stop her silly antics further.

### **Chapter 3368: What Can You Do For Him? (3)**

Li Leyun didn't expect Li Tianyi to say such things in the end!

As if struck by lightning, her body turned stiff. Her mouth was agape as she shook her head furiously.

"Impossible... what did you say? This is absolutely impossible!"

"You say... Brother Moying admired to all of you that this wretched lass is his wife?? Impossible, doesn't he know his own identity? How can he possibly admit that this Lower Realm crazy lass is his wife!!"

Li Tianyi sighed inwardly as he thought, "As expected, a woman will become oblivious to everything once she has been trapped by emotions."

Putting aside the fact that Huang Yueli had innate talent which was on par with Li Moying, even if she was indeed an ordinary practitioner who ascended from the Lower Realm, so what about that?

Based on Li Moying's overbearing, aloof character, as long as he likes Huang Yueli, he will definitely come out with a way to let her become Cloudy Qilin Clan's Patriarch's wife.

Li Tianyi wanted to persuade her further but Huang Yueli could no longer stand listening. So she directly walked out behind him.

“Young Miss Li, no matter what you think, the truth is the truth. No matter what ideas you have towards my husband, it’s useless because we’re already married. Since you can’t gain anything from me here, you’d better leave quickly!”

Huang Yueli had also gradually calmed down after Li Tianyi blocked himself in front of her.

She realized that she wasn’t able to maintain her rationality whenever the issue was related to Li Moying. That series of actions earlier was indeed a little too rash on her part.

No matter what, Li Leyun was still an aristocratic young lady from the Cloudy Qilin Clan. If she really were to injure her badly, she might be fine. But Li Moying might get into trouble.

It was better to chase Li Leyun out of the house. When Li Moying returned, she would then interrogate him to find out what was going on behind the scenes and decided by then.

Thinking of this, Huang Yueli’s attitude towards Li Leyun turned slightly better, as she only wanted to chase this person out of the house.

But the minute Huang Yueli softened her tone, Li Leyun assumed that the former was afraid of herself.

Li Leyun snorted coldly and said, “Wretched lass, you’re still very delighted, aren’t you? Let me tell you, even if Brother Moying admits to your status, don’t think that using your beauty to bewitch Brother Moying will allow you to enter the Cloudy Qilin Clan and become our Young Madam! In a large clan like our Cloudy Qilin Clan, we prioritize one’s ability and bloodline when selecting the future Partriarch’s wife! If you’re going to continue with your daydream, you’ll run into an unlucky streak sooner or later!”

A cold sneer surfaced on Huang Yueli’s lips. “Many thanks to Young Miss Li for your reminder. I will naturally remind myself to raise my ability and not make things difficult for my husband. You don’t need to worry about that.”

Huang Yueli’s calm look seemed as though she wasn’t feeling inferior or flustered because of Li Leyun’s threat.

The more Li Leyun thought, the angrier she became, and the colder her gaze towards Huang Yueli was.

However, just as Huang Yueli thought she was about to fly into a rage, Li Leyun’s tone suddenly became gentle.

“You think you’re Brother Moying’s true love, right? Then why aren’t you thinking on his behalf? What can you do for him, based on your status and ability? But I’m different! Not only do I have heaven grade innate talent, but I’m also a Spiritual Armament Master! This time, Grandmaster Xiao is openly looking for a business partner. I can help Cloudy Qilin Clan earn 100 thousand jade quartz! This amount of money can be used on Brother Moying’s cultivation!”

“How about you? What ability does a useless person like you have, and what can you do for Brother Moying?”

**Chapter 3369: What Can You Do For Him? (4)**

Hearing that, Huang Yueli swallowed her original words.

Her eyes opened wide with a shocked expression spread over her face!

“Grandmaster Xiao’s... business partner?”

Huang Yueli’s astonishment was real because she didn’t expect Li Leyun to mention this!

Speaking of this, the business partner that Grandmaster Xiao was seeking should be her batch of Spirit Armaments, right? Why would he look for Li Leyun to cooperate with her? Was Grandmaster Xiao fooling around with her?

However, Li Leyun misunderstood when she saw Huang Yueli’s expression once again.

Li Leyun delightfully raised her chin and asked, “Why? Even you also know who Grandmaster Xiao is, don’t you? Yes, when I was in Blessed City, I recall Lan Mengqing mentioning that you also have Spirit Armament refining skills. Is that right?”

Huang Yueli’s eyes rolled and said, “That’s right. I’ve also heard about Grandmaster Xiao seeking a business partner, but didn’t the news from the Sky Gem Glass Chamber’s side say interested forces could register their interest? How come Cloudy Qilin Clan has been confirmed already?”

Li Leyun gave a contemptuous smile and said, “I didn’t expect a country bumpkin like you to know about this as well! Why did the Sky Gem Glass Chamber just spread the news to everyone and not do some filtering? That’s why, their news to the others indeed mentioned that they are still searching, but this deal will definitely belong to the Cloudy Qilin Clan. Our clan is the strongest force in the allied armies, so no one else can compare with our clan.”

Hearing that, Huang Yueli instantly became relieved.

She thought that the righteous-looking Grandmaster Xiao was unreliable and that he secretly decided on the candidate selection for cooperation.

From Li Leyun’s tone, it seemed that she was only daydreaming on her own...

This woman was just too self-opinionated, and it almost gave her a shock.

To tell the truth, she didn’t have any objections to handing this business to Cloudy Qilin Clan. In fact, she took the initiative and suggested to Li Moying about cooperating with Cloudy Qilin Clan.

But Li Moying felt that if she took the initiative to approach Cloudy Qilin Clan, she would surely be on the losing end. So it was better to announce the news and let Cloudy Qilin Clan compete with the other forces.

The force that emerged as the winner would be able to give Huang Yueli the most benefit.

Huang Yueli smiled and said, “Young Miss Li, you’re rather confident. But I heard that the business partner that Grandmaster Xiao is looking for not only must come from a force that has sufficient standing, but that person must also have outstanding armament refining standards because the business partner needs to refine a kind of modified Spirit Armament in large batches which had never been seen in the market before this.”

Li Leyun didn't realize the meaning of Huang Yueli's words and continued to boast gleefully.

"I didn't expect you to know so much! Grandmaster Xiao has indeed spread the news that he will be holding an armament refining competition in his residence seven days later. All those forces that want to compete for this business must send out a Spiritual Armament Master of mid rank or lower to refine these Spirit Armaments on the spot. The forces of the person who refines the best quality will win this business."

What Li Leyun said was something that Huang Yueli knew long ago.

This proposal was something that she and Grandmaster Xiao had discussed together.

Huang Yueli didn't mind very much on magnitude of the business partner's force. In her opinion, the most important thing was the business partner's armament refining standard.

In the future, she would continue to sell mid grade or even high grade Spirit Armaments. So if the quality of the Spirit Armaments refined by the business partner didn't make the cut, wouldn't that be equivalent to smashing her signboard?

### **Chapter 3370: What Can You Do For Him? (5)**

Huang Yueli's brows rose as she asked, "If you say that... Young Miss Li is very confident about your armament refining standard? You feel that you will certainly win in this competition and get the chance to cooperate with Grandmaster Xiao?"

Li Leyun swept a glance at Huang Yueli as her eyes were filled with complacency.

"Of course I'm confident. There aren't many mid rank Spiritual Armament Masters in the Sky Gem Glass Chamber! Moreover, we Cloudy Qilin Clan has many first-class Sky Gem Grandmasters. I have been learning from them since young, so in terms of armament refining methods and insight, none of the others in the same generation as me can match up! This time, I will be able to make Grandmaster Xiao change his opinion of me!"

Huang Yueli's lips curled upwards when she saw Li Leyun's confident look.

To tell the truth, Li Leyun indeed had her fair share of confidence in herself.

When she was in Flame Square City, Huang Yueli personally saw the Spirit Armaments that she had refined. It was indeed much higher than ordinary mid rank Spiritual Armament Masters. Back then, it attracted many Spiritual Armament Master's gasps of admiration.

If they were going to compete, Li Leyun's chances of winning were indeed not low.

Alas, she was overly conceited now. So before the competition started, she had already offended the behind-the-scenes boss...

It seemed that Cloudy Qilin Clan was destined not to win this business...

Huang Yueli had already voted Li Leyun out inwardly, but her expression remained the same. "Since Young Miss Li is so confident, then I'll wish you success! Tianyi, send the guest off!"

She waved her hand lazily, not even bothering to look Li Leyun in the eye.

Li Tianyi walked up and showed a 'please' gesture. "Young Miss Li, will you please..."

Li Leyun was naturally even angrier upon seeing Huang Yueli ignoring her, and she was even more unwilling to leave.

She pushed Li Tianyi aside, walked straight to Huang Yueli, and shouted, "Hey, didn't you hear what I said earlier? I will win the chance to become Grandmaster Xiao's business partner, and make Brother Moying sit up and take notice of me!"

Huang Yueli shot a fleeting glance at her and replied in a calm tone.

"I heard that. Moreover, haven't I already wished you success? What else do you want? Why aren't you leaving yet?"

"You—!"

Li Leyun was so angry that she could not breathe.

In her view, Huang Yueli should be shocked by her innate talent and ability. At the same time, she should feel ashamed of her inferiority and realize that she was not worthy of Li Moying at all!

Li Leyun thought, "But why does this wretched lass seem as though she didn't hear what I just said?"

Does this country bumpkin understand what it means to cooperate with Grandmaster Xiao??

Li Leyun assumed that if she said these, she would be able to slap Huang Yueli on her face. But Huang Yueli's reaction made her feel that her heavyweight punch had landed on cotton.

Not only did she vent her anger, she even felt extremely moody!

"Right..." An idea suddenly flashed past Li Leyun's mind as she was feeling utterly discomfited. She suddenly looked strangely at Huang Yueli.

"Right, I just remembered. Aren't you a Spiritual Armament Master as well? Do you dare to register for Grandmaster Xiao's competition with me? If you can win me in the competition, I will admit that you can barely match up to Brother Moying. If you can't... scam out of this place immediately! How about it? Do you dare to?"

Li Leyun said it word for word, and her tone was filled with provocation.

Huang Yueli shook her head and said, "I'm not going."
