Chapter 3371: What Can You Do For Him? (6)

Hearing her refusal, Li Leyun's smile became brighter. Moreover, her eyes were filled with maliciousness.

"Why? You don't even dare to enter a competition? Didn't you say earlier that Brother Moying is your husband? Then you're Cloudy Qilin Clan's Young Madam? Cloudy Qilin Clan wants to take on such a huge business but you're not sharing Brother Moying's worries? Surely you don't think that all you need to do is to eat and sleep after becoming the young Madam of a large clan like ours? If you don't show any contributions to the clan, you'd only be throwing Brother Moying's face!"

Saying that, Li Leyun paused for a moment as she gave a mocking smile. "Or am I right to say that your Spirit Armament refining standard isn't up to standard, so you don't even dare to compete with me? Useless trash like you also wants to marry into the Cloudy Qilin Clan? You're not fit to be with Brother Moying at all!"

Li Leyun pressed nearer with each step and kept applying pressure on Huang Yueli.

She brought out the topic of the responsibility of the clan's members and later on, she also talked about Li Moying's face. All she wanted to do was to confuse Huang Yueli and make her accept this competition.

In her opinion, at Huang Yueli's age, no matter how amazing she was, she was still only a low rank Spirit Armament Master. Huang Yueli wasn't able to compete with an experienced mid rank Spiritual Armament Master like herself at all.

Li Leyun could take this opportunity of Grandmaster Xiao's open competition to make this wretched lass admit the disparity between them and also embarrass her during the competition. Li Moying would definitely be unhappy and he might even divorce her during the competition!

Li Leyun was still daydreaming and the arc on her lips grew wider and wider.

Huang Yueli swept a cold glance at her and said calmly, "I've already said that I won't be attending some competition."

"Looks like you aren't treating Brother Moying's face with importance at all? Or am I right to say that... you know that you will surely embarrass yourself after you go there, so you don't dare to go?" Li Leyun stared at her, apparently feeling very delighted.

Huang Yueli said indifferently, "Young Miss Li, I hope you can get things straight. Moying is a person, not some object. I will not take him as a stake in some kind of bet. Doing that is truly disrespecting him and disregarding his reputation. He is a living being and he has his own ideas and freedom. Do you think you can decide on his decision to stay or leave?"

"You..."

Li Leyun knew that Huang Yueli would continue to deny it, but she didn't expect her to say such things!

What Huang Yueli said had become a stark contrast to what she was coercing the former earlier.

Li Tianyi and the others present looked at Li Leyun with a strange look.

After being said in such a manner by Huang Yueli, it was apparent that Li Leyun's thoughts to make her bet was rather vile.

Li Leyun had been emphasizing how deep her feelings towards Li Moying were, and how much she was willing to give up for him. But in the end, she was exposed by Huang Yueli. Using Li Moying as stakes in a bet was simply disrespecting Li Moying.

This was a direct slap on her face!

Li Leyun's face flushed into a beetroot color. Her mouth opened wide as she wanted to explain herself, but she didn't know how to start.

The person who insisted on using Li Moying as a bet was indeed her!

But she didn't mean it in the way which Huang Yueli said...

Li Leyun held her tongue for some time as her body started to tremble. Then she hissed through the slits of her teeth, "Wretched lass, you... don't you dare talk rubbish! I... since when have I not shown respect to Brother Moying? You... don't you dare think you can incite disharmony between us by saying that!"

Chapter 3372: What Can You Do For Him? (7)

Li Leyun's face contorted with anger and hatred, but Huang Yueli's was calm and peaceful throughout the entire conversation.

She spread her arms and said, "Young Miss Li, you're talking nonsense with your eyes open. Do you think I'm a fool? Whether you said it or not, only you know it clearly in your mind! If you can't remember, there are so many guards here. All of them heard you loud and clear!"

"Don't worry, Brother Tianyi and the others are very loyal to my husband and would not falsify the truth. They will surely report the actual situation to him without a single word of a lie!"

Li Leyun's face flushed white when she heard that.

It was only now that she realized the blunder she had made. Never mind if she was slapped on the face by Huang Yueli by saying those words. The worst thing was Li Tianyi and the others were around!

If what she had said earlier reached Li Moying's ears, only Heavens knew what would Li Moying think of her.

Based on Li Tianyi's status, he originally might not listen to her. Now that he was under Li Moying, he would definitely act in favor of Li Moying. She didn't need to think to know that it was impossible to stop him from talking.

“Alright, wretched lass, consider this your win! Today, Senior Brother Tianyi is protecting you, so This Young Miss shall let you off! But remember this. With me around, you can forget about marrying into the Cloudy Qilin Clan! Don’t even bother to daydream!”

Li Leyun said fiercely and swung her head.

“Let’s go!”

She turned around and left in quick steps. The guards whom she brought along hurriedly followed after her when they saw her leaving.

But as they had been subjected to utter humiliation today, they weren’t as thick-skinned as Li Leyun. All of them hung their heads low and did not dare to breathe deeply as they walked out of the door dejectedly.

Huang Yueli waved her hand lazily when she saw their departing figures.

“Take care, Young Miss Li! You’re right, don’t daydream too much during the day. Otherwise... not only will you be heartbroken, but you might also even be hurt!”

Li Leyun’s footsteps tripped and she almost fell upon hearing that.

But she didn’t turn back and left quickly.

When everyone was gone, traces of anger surfaced on Huang Yueli’s face.

Her gaze gradually turned fierce as she swept her glance at Li Tianyi and the others, snorting coldly simultaneously.

Li Tianyi and the others trembled in fright when her beautiful eyes swept past them. All of them quickly lowered their heads.

“Brother Tianyi, it’s really lucky that you’re here today! I didn’t expect you to return so quickly after going out with my husband to deal with his business. You even managed to rush back in time and save me when Li Leyun was about to make her move. It’s simply too timely!”

Li Tianyi’s forehead was drenched with cold sweat.

Logically speaking, his cultivation was much higher than Huang Yueli and he was much older as well. Moreover, he was only loyal to his Young Lord. There was no need for him to lower his head towards Young Madam.

But not knowing why, whenever Huang Yueli became strict, she would give off a powerful aura that was not weaker than Li Moying’s. Somehow, it always gave them a fearful feeling.

Unknowingly, they submitted to her suppression.

Li Tianyi hurriedly explained, “Young Madam, This... Subordinate indeed followed Young Lord out. Later on, Young Lord was simply too worried about you, so he got This Subordinate to come back and check. In the end, I happened to come across Young Miss Leyun...”

Huang Yueli rose an eyebrow and said, “So you’re saying this is purely a coincidence?”

“Right, coincidence. It’s all a coincidence...” Li Tianyi repeatedly nodded his head.

Chapter 3373: I Will Only Marry Her (1)

Huang Yueli looked at him and slowly nodded his head. “Alright, you’re Moying’s most trusted personal bodyguard. If you say it’s a coincidence, then it is a coincidence!”

Hearing that, Li Tianyi silently heaved a sigh of relief.

However, what Huang Yueli continued to say made him break out in cold sweat again.

“So, why is Moying still not back at this timing yet?”

Li Tianyi was stumped, but he remembered Li Moying’s instructions clearly before the latter left. Hence he shook his head and said, “This... Subordinate is not sure too. When This Subordinate left, Young Lord was still in the allied armies’ branch!”

“Allied armies branch? What is he doing there?”

“This Subordinate doesn’t know...”

“Could it be that the two Cloudy Qilin Clan’s Divine Generals, whom he mentioned happened to pass by Medial Arch City, are still here? Did they ask for Moying again? Could it be that... they are discussing Moying’s wedding?”

Huang Yueli seemed as though she was thinking about this as her brows creased slightly, muttering to herself.

Li Tianyi was thoroughly scared to death this time!

It was because Huang Yueli’s guess was spot-on! She almost guessed the whole story! Li Moying kept reiterating that they were not allowed to reveal a single word to Huang Yueli at all!

Now, Huang Yueli had already guessed it herself. If she were to question Li Moying, how was he going to explain to his Young Lord?

Li Tianyi could only brace himself and continue to deny it. “Young Madam, please stop making wild guesses. Perhaps Young Lord has some official business to handle in the army?”

Huang Yueli swept a glance at him and it caused Li Tianyi to shudder inwardly.

“Hmm, you’re right! Perhaps it’s some official business? After all, the Young Lord’s wedding... in your kind of large clan, it should be considered as some ultra official business, right?”

“Cough cough, this, this...”

Li Tianyi felt as though he was about to cough out blood!

If he knew, he would insist on staying by Young Lord’s side and make Young Lord assign Li Tian Er here instead!

Their Young Madam was simply too difficult to handle...

...

At the same time, in the conference room in Medial Arch City's allied armies branch.

Li Moying sat in the middle listening to the two clan Elders persuading him on his left and right sides. However, he remained expressionless throughout, not even bothering to say a single word.

The two Divine Generals who were representing Cloudy Qilin Clan were a pair of biological brothers, Li Yuntao and Li Yunhai. They were already 6-star Divine Generals and had a relatively high status in the clan.

It wasn't a coincidence for them to come over to Medial Arch City this time. Instead, they were acting under Clan Leader's orders to escort Li Leyun over. At the same time, they also wanted to confirm with Li Moying about the rumor in Empyrean Fox Continent which claimed that the Cloudy Qilin Clan's Young Lord was already married.

Li Moying had merely left the Amethyst Paramount Palace for slightly over three months. When he was in the clan headquarters, he always acted cold and abstinent. He would indulge in cultivation day and night, not bothering about the other young ladies' advances at all. No matter how alluring the beauty was, he couldn't be bothered to take another look.

But now, before they came, both Divine Generals felt that the rumor was simply too ridiculous. It couldn't be true at all!

Why would Li Moying suddenly have a wife?

It was just not possible for Li Moying to even take another look at any woman!

So when Li Yuntao and Li Yunhai arrived in Medial Arch City and saw Li Moying, they laughed over this casually, as though it was just a joke.

However, they didn't expect Li Moying to say this calmly, "That's not a rumor."

Chapter 3374: I Will Only Marry Her (2)

Li Yuntao did not hear clearly what Li Moying was saying. He subconsciously assumed that Li Moying also felt that this rumor was comical, hence he continued to rattle on.

"Yes, Young Lord also finds this comical, right? I wonder why Blessed City would have such a ru..."

However, Li Yunhai was much more observant than him. Not only did he hear Li Moying's words, but he also saw the gloomy look in his eyes. Li Yunhai shivered and hurriedly pulled his brother.

Li Yuntao was confounded. "Yunhai, why are you pulling me for?"

Li Yunhai helplessly said, "Young Lord, this... earlier you said this isn't a rumor? Or... did we hear you wrongly?"

Li Yuntao was stunned. "What? It's not a rumor?" He swept a glance at his younger brother and said, "Stop joking. How could this kind of thing not be a rumor?"

Li Moying's voice rang once again and he seemed extremely composed. "Both Divine Generals didn't hear me wrongly. What you said earlier is not a rumor. I am indeed married."

"What??"

"Young... Young Lord, what.. what did you say?"

Both Divine Generals' jaws almost dropped to the ground!

Never in their wildest dreams did they expect Li Moying to say such things! Were they really not hallucinating?

Li Moying's tone was extremely calm but the expression on his face turned solemn. "Both Divine Generals, when I just arrived in Amethyst Paramount Palace, I mentioned that I was already married in the Lower Realm."

Both Divine Generals were in a daze earlier, but hearing him say this now, they revealed enlightened looks.

"Young Lord, you're referring to this... Of course, we know about this. But this isn't the same as really getting married, right? How can the matters from the Lower Realm count? I wonder who started this nonsensical talk?"

"Isn't that so? No one knows when the Lower Realm women will be able to ascend. This marriage... it definitely can't be counted!"

Hearing that, Li Moying's originally calm expression instantly turned cold.

"Both Divine Generals, my wife had already ascended to God Realm two months ago. I was in Blessed City some time ago to pick her up. My wife and I have known each other for many years and we vowed to remain faithful. I hope both seniors will not say something like the Lower Realm marriage does not count. If my wife were to hear this, it wouldn't be nice if it upsets her."

Li Moying still remembered that these two are the clan's Elders who helm a high position. So he forcibly suppressed his anger and maintain his basic manners.

But there was an uncontrollable trace of anger in his words.

Li Yunyao and Li Yunhai were not fools, so they were able to tell that he was upset. Hence they were rather shocked.

"What? Young Lord's Lower Realm's wife has already ascended? That's rather fast..."

Li Moying was just in his early 20s. So logically speaking, his wife should be around his age as well. Under the lack of resources in the Lower realm, she managed to ascend just slightly after a year than Li Moying, this god grade genius, which meant that her innate talent was pretty good as well.

"But no matter what, she's just a woman from the Lower Realm. Surely Young Lord is not really going to make her Cloudy Qilin Clan's Young Madam, right?"

Thinking of this, both Divine Generals frowned deeply.

Li Yuntao couldn't help but open his mouth to persuade, "Young Lord, all our clansmen are happy that you have reunited with your Lower Realm's wife. No matter what, she is someone who had served Young Lord in the Lower Realm. We Cloudy Qilin Clan will not mistreat her."

Chapter 3375: I Will Only Marry Her (3)

Li Yunhai nodded his head consecutively. "That's right, Young Lord need not worry because this is a happy affair! Anyway, before Young Lord's wedding, you need someone by your side to serve you. Since Young Lord likes this woman so much, it's only appropriate for us to bring her back to the clan and give her a status!"

Both Divine Generals made themselves sound as though they were very understanding people.

Lower Realm ascenders' innate talents were generally worse than ordinary people in God Realm. After all, they did not have any large clans or forces to rely on, and they belonged to the lowest rung of people in God Realm.

Women with this kind of status who was coupled to the Cloudy Qilin Clan's Young Lord and even got a status was considered to be doing their ancestors proud.

Both Divine Generals were anxious to show that they were willing to let Huang Yueli join their clan because they could tell that Li Moying cared very much about this young lady through his words.

But instead of smiling, Li Moying's expression instantly darkened upon hearing this!

"Both Divine Generals, do you need me to repeat myself? Li'er is my Lower Realm's... official wife. She's not some woman who is there to serve me. I have wooed her with all my heart and finally officially married her! She is Cloudy Qilin Clan's Young Madam! If anyone in the clan does not acknowledge her, that means that the person is pitting himself against me!"

Li Yuntao and Li Yunhai's expressions abruptly changed!

Although Li Moying sat firmly above them, his aura had already emanated uncontrollably!

Even though he was only a Heart Profound Realm practitioner, his baleful aura was so strong that both Divine Generals silently felt fear!

However, what made them even more shocked was the meaning of Li Moying's words!

"Young... Young Lord, you're going to let a Lower Realm woman become Cloudy Qilin Clan's Young Madam?? This... you can't do that! Clan Leader and the various Elders will not agree to it! Your status is noble and you have such powerful innate talent, you're definitely out of a Lower Realm woman's league!"

"That's right, Young Lord, please reconsider it carefully! A peerless genius like you has plenty of young ladies who admire you. Whoever you like, you can go ahead and give them a status. But the young lady who will become Cloudy Qilin Clan's Young Madam cannot be decided so hastily! Only a true blue talented young lady is compatible with Young Lord!"

Both of them anxiously started to persuade him.

In their opinions, Li Moying was the typical example of being dazed by one's beauty!

He said such ridiculous things, to make a Lower Realm woman become Cloudy Qilin Clan's Young Madam!

They wondered how beautiful that woman was to be able to bewitch their Young Lords. She actually managed to make such an unyielding man like Li Moying say such irresponsible things!

The more Li Moying heard the colder his face turned.

In the end, he scoffed and said, "I understand both Divine Generals' meaning. But I just don't understand what kind of talented young lady are you referring to? Is someone with god grade innate talent compatible with me?"

Li Moying was afraid of exposing Huang Yueli as a member of the Sacred Phoenix Race, and he didn't want to tell them her real innate talent standard as well.

But when he heard the two Divine Generals saying "Lower Realm woman" in a disdainful tone, he couldn't tolerate it any longer and just blurted it out.

After he said that, he frowned, feeling that he had misspoken.

But he was apparently overthinking things. Both Divine Generals did not think in the same direction as him! They simply misunderstood that Li Moying said that in a fit of pique.

After all, Li Moying was the only god grade genius in the past tens of thousands of years. So how could another one just casually pop out like this?

Chapter 3376: I Will Only Marry Her (4)

Li Yuntao didn't take his words to heart and heaved a long sigh as he persuaded, "Young Lord, please don't say these in the moment of anger. Where would we be able to find another god grade innate talent lady in the entire God Realm to match you? But there are plenty of heaven grade innate talent young ladies in various God Clans. Although it might be a grievance for Young Lord, at least it is much better than you marrying a Lower Realm woman, right?"

Li Yunhai also took sides with his elder brother. He also chipped in to persuade, "Young Lord, marriage is not child's play. Not anyone can take up the position of Cloudy Qilin Clan's Young Madam. I'll tell you the truth. Clan Leader specially told us to bring Young Miss Leyun to Medial Arch City this time so that she could get closer to you."

"Li Leyun?" Li Moying's brows creased abruptly, and his mood instantly worsened. "What is she doing here?"

Although Li Moying had never looked at another woman other than Huang Yueli, that didn't mean that he was silly.

Li Leyun was evidently interested in him, and he had already noticed that long ago.

Especially when she looked at him, Li Leyun's gaze always made him feel extremely uncomfortable. If it wasn't on account of Clan Leader's face, he would have thrown her out long ago. He would never be able to stand her wandering about in front of him.

He had gotten rid of Li Leyun after finally leaving Amethyst Paramount Palace, so what was she doing here in Medial Arch City again?

Li Yuntao didn't notice his displeasure and said with a smile, "Young Lord, Young Miss Leyun might not be comparable to you, but she is one of the top rated genius practitioners in God Realm. Moreover, she's beautiful and is the Clan Leader's niece. She bears a noble status, so she just barely makes the cut to match you. All the Elders in the clan have agreed for her to be your fiancée."

"Isn't that so? Young Lord is really blessed!" Li Yunhai also spoke up for Li Leyun. "Young Miss Leyun is one of God Realm's Four Great Beauties and plenty of the other God Clan's geniuses tried to woo her. However, she only has eyes for Young Lord, you alone! If Young Lord marries her, you will have a blissful life in the future!"

The two of them sang along with each other, praising Li Leyun to the skies.

To tell the truth, not everyone within Cloudy Qilin Clan agreed to Li Leyun to become their Young Madam. There was still a portion of people who supported Li Zijun.

But now that Li Moying wanted to marry a Lower Realm woman...

This caused both Divine Generals to be on guard.

No matter what, Li Leyun was still better than a Lower Realm woman, right? They had to take this opportunity to let her nurture her relationship with Young Lord while she was here in Medial Arch City!

While both Divine Generals were counting their chickens, Li Moying's expression had turned icy cold.

"What a joke! I'm already married and I have a wife. How can I still have a fiancée? That's simply unheard of! You can forget about me listening to the clan's arranged married. Also, get Li Leyun away from me! I will not meet her!"

Li Moying said coldly.

Both Divine Generals frowned upon hearing that.

Li Moying was usually considered polite to his seniors and this was the first time he acted in such an utterly discomfited manner.

Li Yunhai was rather dissatisfied and he spoke in a harsh tone.

"Young Lord, this is not me and my brother's decision, but the entire clan's common decision! Your wife can only be a noble god clan aristocratic young lady. If you don't like Li Leyun, we can also bring Li Zijun over next time..."

Although both young ladies were the clan's top class talented ladies, they were nurtured using the clan's resources.

But if it was Li Moying, there wouldn't be any problem if he wanted them both.

Chapter 3377: I Will Only Marry Her (5)

Both Divine Generals assumed that no one would reject this kind of treatment.

It was every man's dream to take both highly talented and beautiful, aristocratic young ladies from god clans as part of their harem.

No matter how smitten Li Moying was with the Lower Realm woman's beauty, he should also start to waver upon hearing this news, wasn't it?

However, Li Moying's lips curled as ridicule was written all over his face.

"The entire clan's decision?"

Both Divine Generals nodded simultaneously, "That's right!"

Li Moying put away his cold sneer and stood up from the seat. Then he said with a cold expression, "I have understood both seniors' intentions in this visit. I'll say this for one last time. I will not marry any other woman other than Li'er. I'm already a married man, so stop stuffing a fiancée onto me! Also, bring Li Leyun away immediately because I don't want to see her! I'll stop here today, but if both of you aren't willing to listen to me..."

A cold glint flashed past his eyes, and he kept silent.

Li Yuntao was stunned by his aggressive manner but quickly came around it. At the same time, anger started to overcome him.

"What does Young Lord mean by this? If Yunhai and I don't follow Young Lord's instructions, are you intending to kill us?"

They were reputable, experienced Divine Generals, after all. So he instantly couldn't take it after Li Moying gave him such a cold and arrogant warning.

Moreover, he didn't believe that Li Moying could do anything to them.

Li Moying's innate talent was high and his status was noble. But he was young and his wings were still not fully matured. It was nonsensical talk for him to deal with two 6-star Divine Generals, not to mention the entire clan.

Li Moying glanced at them and said calmly, "Indeed, I can't do anything to both of you, neither can I do anything to Cloudy Qilin Clan. But if I'm no longer the Young Lord, does that mean I will be able to settle down with my wife?"

Both Divine Generals had a rude shock!

"Young Lord, you... what do you mean by that??"

Li Moying didn't bother to make any other explanation. He merely turned around and prepared to leave.

"It's quite late now and my wife is still waiting for me to return home. Goodbye!"

With that, Li Moying just walked straight out of the door.

Both Divine Generals' hearts gave a jump of fear. What Li Moying said earlier was just too frightening!

They thought, "Does he mean that if our clan does not agree for him to stay together with that Lower Realm woman, he will leave Cloudy Qilin Clan?? How dare he do such a thing??"

They looked at each other in dismay, not knowing what to say.

Just then, Li Moying's suddenly stopped and said, "Oh, there's another thing. My wife likes peace and quiet so I hope no one will go disturb her and make her unhappy. Will both seniors please make a point to remember this?"

After he said that, Li Moying walked out of the allied armies branch directly without stopping.

Both Divine Generals were in a daze for some time and when they finally recollected their senses, they looked at each other to find the other party's face was filled with shock and disbelief.

"Young Lord actually... actually would do such a thing? For a Lower Realm woman, he actually... wants to leave the Cloudy Qilin Clan??"

"He can't be speaking the truth, can he?"

"This..."

If it was any other person in the clan, both Divine Generals would absolutely treat this as complete nonsense.

But the person who said that was Li Moying.

Li Moying had always been doing things his way. There was never one thing which he could not do after he said it!

The entire Cloudy Qilin Clan's future was pinned on him. If he really were to run away, the consequences would...

Chapter 3378: Best Wife Slave (1)

Thinking of this, both Divine Generals' hearts skipped a beat.

Unfortunately, Li Moying had already left the allied armies branch. So no matter if they wanted to explain, it was already too late.

Moreover, from Li Moying's gloomy expression before he left, both of them felt that it was better not to appear before him recently...

"We'd better report this to Patriarch first!"

"Sigh, why is Young Lord like this... I'm rather curious who kind of person is that woman who can bewitch Young Lord? Could she be a celestial beauty? Or is she more beautiful than Young Miss Leyun?"

...

Li Moying had a tummy full of anger as he walked out of the door in quick steps. When he looked up, he realized that it was already very late at night.

He had not only missed the timing to accompany his Li'er for dinner, but the bright moon was also hanging in the sky.

Li Tianer led the guards to wait at the entrance. When they saw Li Moying, they wanted to walk up to him.

However, just as he was walking forward, he suddenly sensed an icy intent!

He quickly raised his head and saw Li Moying's gloomy expression. Even though they were very far away, he could distinctly feel the anger surrounding him!

"Young... Young Lord..." Li Tianer braced himself to speak.

Li Moying glanced coldly at him. "What are you waiting for? Can't you tell that it's very late now? Quickly set off, don't let Young Madam wait!"

"Yes, Sir!"

Li Tianer chased up to him in fear and trepidation, feeling extremely apprehensive.

Other than the time when Young Madam had gone missing, he had never seen his Young Lord fly into such a huge rage! Didn't they say Young Lord came to meet two Divine Generals from the Cloudy Qilin Clan? No one in the clan would dare to be disrespectful to Young Lord, and the latter's attitude towards the seniors in the clan was rather respectful. How did things turn out like this?

Li Tianer couldn't understand what had happened, but he did not dare to ask.

Li Moying sat inside the carriage but none of the other people outside dare to even breathe loudly.

When they finally reached the mansion, Li Moying jumped off the carriage directly and walked into the door in large strides.

Li Tianer followed behind fearfully, instinctively feeling that everyone was going to be in deep trouble today. He thought, "Young Lord is so angry, I wonder if he will vent his anger on all of us subordinates..."

But just at this moment...

"Moying, you're finally back. Why are you back so late tonight?"

A sweet, gentle voice rang, and there was a coquettish tinge to the tone.

Li Tianer couldn't help but close his eyes, silently praying for his Young Madam.

"Young Madam doesn't know Young Lord is very angry now, and she actually went up to him. Isn't... isn't she looking for trouble? But it will deflect the suffering that we subordinates are going to get."

Just as Li Tianer was letting his thoughts run wild, he saw Huang Yueli's graceful figure moving towards Li Moying.

As for Li Moying, the expression on his face instantaneously changed.

The cold intent surrounding him vanished. Even the gloomy expression on his face had unknowingly been restrained.

His lips curled slightly as he revealed a tender smile and pulled Huang Yueli into his arms. "Didn't I tell you this yesterday? The clan's Elders have come to Medial Arch City as they have something to do. As a junior, I can't just ignore them. Why? Is my wife missing This Husband?"

Li Moying caressed Huang Yueli's tender little face as he spoke. His body leaned forward, and he was just about to kiss her.

Li Tianer was totally stunned by what he saw.

Chapter 3379: Best Wife Slave (2)

T...This... was he really not seeing things?

Before this, Young Lord was indeed seething with anger as though he was on the verge of exploding. But now... now he was hugging Young Madam like a man trying to sneak a kiss. There was no coldness emanating from him at all, and he simply couldn't be any gentler.

This... was he indeed the same person?

Detecting Li Tianyi's attentive gaze, Li Moying silently shot a glance at him.

Li Tianyi shivered and immediately averted his eyes away.

Li Moying's gaze might seem very casual, but it contained a warning.

Li Tianer reacted timely and hurriedly retreated with the other men without a trace.

He shuffled back with his head bowed down while lamenting silently in his heart. He knew his Young Lord was a wife-slave, but he didn't expect him to be so extreme! He totally did not want Young Madam to suffer even a little bit. He would rather take all the grievances by himself...

Li Moying's gaze flickered when he saw all those unimportant people leaving. Then he leaned closer to Huang Yueli.

Earlier he wanted to sneakily kiss Huang Yue but his little fox pushed him away. Li Moying assumed that his wife was probably shy, so he couldn't wait to chase all of them away.

Now that no one else was looking, he needed his wife's comfort urgently to heal his hurt heart.

However, Huang Yueli pushed him away again.

Borrowing the moonlight, Li Moying saw her angry look and assumed that it was because he came back too late. He hurriedly explained, "Li'er, don't be angry. It's my fault. I've neglected you for the past two days. How about this, I'll accompany you to go shopping in the marketplace tomorrow?"

Actually, Huang Yueli returned even later than him some time ago. But Li Moying didn't think of these at all. He only thought his wife's angry look was extremely adorable.

Huang Yueli swept him a glance and said chillingly, “No need. I’ve already bought all the things I need. Besides, I have to do my cultivation at home. I don’t have any time to go shopping in the marketplace.”

“Ughh...”

“Then... how about This Husband bring you to go sightseeing in the suburbs? I heard them say that Medial Arch City’s suburb is a place with beautiful mountains and clear waters. It’s the most beautiful scenery and the best activity is to go for a walk...”

Hearing what he said, Huang Yueli did not hold back and rolled her eyes at him.

Li Moying couldn’t understand why his wife was acting like this.

He only heard Huang Yueli say in a lukewarm tone, “How would a Lower Realm woman like me have the right to go for a walk with Cloudy Qilin Clan’s Young Lord. My status is too unsuitable! Coincidentally, your fiancée is in Medial Arch City. Young Lord had better bring your fiancée there. It’s simply a loss of face for you to bring a country bumpkin lass like me!”

“What?” Li Moying was stunned, apparently not expecting Huang Yueli to say this.

But he quickly understood what was going on and his brows creased together tightly.

“Li’er, you... what rumor did you hear? But how did you find out?”

Li Moying was truly surprised because he had just heard from the two Divine Generals about Cloudy Qilin Clan finding a fiancée for him. His personal guards, Li Tianyi and Li Tianer don’t even know about it. So why did it only take a blink of an eye for Huang Yueli to hear about this?

Li Moying was still intending to secretly settle the matter related to Li Leyun and hide it from Huang Yueli, just in case it upset her.

Chapter 3380: Best Wife Slave (3)

Slight mockery spread across Huang Yueli’s face as she snorted coldly, “How did I find out about it? Why, are you so scared that I will find out?”

“I... no... I’m not afraid that you will find out...” Li Moying hurriedly explained.

However, he was interrupted by Huang Yueli once again. “Hmm, not afraid that I will find out? It’s very normal for Cloudy Qilin Clan’s Young Lord to have eight to ten wives, so that’s why you’re not afraid of me finding out?”

Li Moying felt a mixture of emotions, and he said helplessly, “Li’er, I don’t mean it in that way. I really didn’t...”

“Didn’t? Didn’t what? Didn’t get married? Or you don’t have a wife?” Huang Yueli immediately pouted with a tsundere look on her face.

Li Moying knew that she was infuriated now. Ignoring everything else, hug her tightly. No matter how Huang Yueli pushed, he refused to loosen his grip.

Based on Li Moying's strength, if he really wanted to hold her down, there was no way that Huang Yueli could struggle free.

She pushed him several times, but to no avail. So she simply pinched his arm hard.

Li Moying drew in a breath of cold air and said pitifully, "My dear wife, you... why are you so savage? You even hit me! Take a look. My arm has a bruise now!"

Huang Yueli snorted and said, "Great. Now you are complaining that I'm a savage. Go look for your fiancée then!"

Li Moying wouldn't dare to argue with her, so he quickly explained, "Li'er, I don't have any fiancée! When we were in Soaring Heavens Continent, I do have a fiancée, and that person is you. But aren't we already married? Where does the other fiancée come from? Moreover, how could I possibly be unfaithful to you? You... where did you even hear of such rumors to frame This Husband?"

He said this anxiously and quickly, deeply worried that Huang Yueli would misunderstand him.

To tell the truth, he still couldn't understand where Huang Yueli found out about this news. Could it be that the Cloudy Qilin Clan had pressurized Huang Yueli?

But he had only left for half a day...

Huang Yueli saw an extremely anxious look on the man's handsome face. His usual elegant and refined composure had vanished completely. That powerful, sharp eyes in the past were now reflecting a pitiful expression.

He looked... rather comical.

Huang Yueli pouted, somewhat feeling comforted by this.

To tell the truth, she believed Li Moying would not accept the marriage that his clan had arranged for him.

She knew better than anyone how Li Moying treated her. He was a man who risked his life to save her several times, and he even used the secret arts to tear his primordial spirit apart for her. How could he possibly have a change of heart just for some power?

Moreover, the fiancée that Cloudy Qilin Clan had arranged for him wasn't her match at all! Li Moying wasn't a fool. Even if he was so snobbish, he couldn't possibly abandon her to marry Li Leyun!

Although Huang Yueli understood all of this logic, she was still rather upset because one of her husband's admirers suddenly popped up to humiliate her. So if she didn't vent her anger, she wouldn't be able to quell her fury.

Hence, the unlucky person was Li Moying, who had become Huang Yueli's punching bag to vent her anger.

Of course, he wasn't all that innocent...

Huang Yueli took a fleeting glance at Li Moying, and when she looked at that agelessly handsome face, the anger in her heart somehow dissipated a little.

One with good looks indeed had some advantages. Even though she knew her husband was just pretending to be pitiful, she couldn't work up her anger.
