

## Weaponsmith 3391

### Chapter 3391: Vile Character Flourishes (2)

Li Leyun was intentionally showing off to Xuan Qingling today but the latter just treated it as nothing. So Li Leyun's happiness was immediately reduced by half.

She walked over in displeasure and said to Xuan Qingling, "Qingling, didn't you hear what I said earlier? The Black Tortoise Clan might also be an ancient god clan with a major advantage, but you must compete fairly with everyone else, just like me!"

Xuan Qingling originally wanted to ignore her, but she couldn't help but frown upon hearing that.

Li Leyun's words sounded as though... she, Xuan Qingling was prepared to cheat by relying on her clan's power. She thought, "It's only proper for us to have a fair competition, isn't it? What kind of evil intentions does she have to purposely run over and say such things?"

Xuan Qingling silently sneered. She couldn't be bothered to debate further and was about to stand up and leave.

Li Leyun stepped forward and blocked her way. "Hey, I say, Qingling, why aren't you answering me? Could it be that you're jealous that I have a god grade genius as a fiancée, so you're intentionally ignoring me?"

Li Leyun had a problem with Xuan Qingling since long ago. Now that she finally found a chance to win the latter, Li Leyun wasn't planning to let go so easily.

Xuan Qingling's footsteps halted as she turned and looked at her. "Young Miss Leyun, continuing to do this will only embarrass Li Moying! Originally, I admire Young Master Moying for killing a Sky Devil at his age and thought he was somebody. I didn't expect him to take fancy to a woman like you... looks like he's just so-so as well!"

"You—!!"

Li Leyun didn't expect Xuan Qingling to say something so incisive the moment she spoke.

This was utter disdain towards her. Moreover, Xuan Qingling had stepped right on Li Leyun's Achilles' heel.

Didn't she take glory because of her engagement with Li Moying? Xuan Qingling was directly pointing out that she wasn't worthy of Li Moying! Not only was she not worthy, but she would also even drag Li Moying's name down in the mud!

Xuan Qingling's voice wasn't very soft and almost everyone present heard what she said.

The entire competition grounds became so silent that a pin drop could be heard.

Many of them stole glances at Li Leyun, as they had indescribably complicated looks on their faces.

To tell the truth, everyone might be fawning on Li Leyun earlier but not many of them were sincere.

Many of them felt that Li Leyun seemed to give off a vibe where a vile character had flourished. It was as if having a god grade fiancée was something so great that she had to make it known to everyone.

But although they might feel uncomfortable, they couldn't stop fawning on her.

Because having a fiancée like Li Moying was indeed something! It was confirmed that god grade geniuses would definitely advance into Life Profound Realm and become a genuine God Realm top exponent.

Now that Xuan Qingling poked through Li Leyun's thoughts in such a straightforward manner and she even mocked the latter without any restraint, many of them felt much better.

However, Li Leyun was like a cat whose tail had been trodden on. She completely exploded in anger.

Staring fiercely at Xuan Qingling, she asked, "What do you mean?? Are you saying that I'm not worthy of Brother Moying? I'm telling you, Brother Moying just likes someone like me. There's no point for you to be jealous!"

"But he really has terrible eyesight." Xuan Qingling said in a lukewarm manner.

"Pfft—"

Some people couldn't keep it in and burst out laughing.

Even those who managed to stop themselves from laughing silently nodded and agreed with the things that Xuan Qingling said.

Li Leyun raised an eyebrow and was about to continue speaking when a coughing sound suddenly rang from the corner of the competition grounds.

"Everyone, please keep silent!"

### **Chapter 3392: Vile Character Flourishes (3)**

Everyone was shocked and hurriedly turned to look back.

The person who spoke was the host of today's competition — Emphyrean Fox Continent's most famous Sky Gem Grandmaster, Grandmaster Xiao!

When they saw him, everyone recalled their true purpose in coming here today and couldn't be bothered to listen to the gossip any longer. All of them fell silent and looked at Grandmaster Xiao.

Grandmaster Xiao said solemnly, "Everyone, today's competition is about to begin. Before we start, I'd like to say a few words."

Everyone hurriedly said, "Grandmaster Xiao, please go ahead!"

Even Li Leyun and Xuan Qingling who were arguing earlier also sat down without saying a word.

Grandmaster Xiao said, "I believe that before all of you came, many of you have already heard of the hearsay. Everyone has a copy of the illustration that will be used in the competition today and you

should be able to tell that this is a Spirit Armament that is refined using an entirely new refining method. Although the materials and Spirit Armament's exterior look no different from ordinary standardized Spirit Armaments, the Spirit Armament's power is much higher than standardized Spirit Armaments!"

"This illustration is drawn by a young Spiritual Armament Master and he had already sold it to the allied armies Headquarters. But the allied armies had especially given him lenient treatment and agreed for this Spiritual Armament Master to refine a batch of Spirit Armament that he refined for sale. He is totally indulged in the arts of Spirit Armament and has no time to manage this business. Hence he wishes to look for a suitable business partner. This is the reason for today's competition."

The drawing that you have in your hands is just one kind of Spirit Armaments, and it's a simplified version. If you can win in today's competition, the victor will get a total of 20 illustrations. I'm sure everyone knows how much the profits for this. This Grandmaster likes to offer my best wishes for everyone here, wishing you success."

After Grandmaster Xiao finished speaking, he paused and looked at the crowd in the competition.

As expected, everyone showed an astonished expression.

Many of them knew that this business was cooperation with a Spiritual Armament Master and they would be refining a new Spirit Armament. But no one expected the total number of new Spirit Armaments to be 20, and not just one!

It was indeed generous to be able to give out 20 brand new Spirit Armament illustrations!

As for Li Leyun and Xuan Qingling who had already heard that there were 20 kinds of Spirit Armaments beforehand, they were apparently also shocked at this moment.

Because they assumed that the person who drew these illustrations was Grandmaster Xiao himself.

But from his tone, it seemed that the person who drew it was someone else.

Moreover, it was a "young Spiritual Armament Master"...

They wondered how young that person was.

To be able to modify ordinary Spirit Armaments and even raised the power of the Spirit Armament by so much, the Spiritual Armament Master who could accomplish this would at least be a Sky Gem Grandmaster, no?

No matter how young he was, he couldn't be that young, right?

Xuan Qingling thought for a moment and asked curiously, "Grandmaster Xiao, this... author of the illustration that you mentioned, I wonder which Sky Gem Glass Chamber's Grandmaster does he come from? Is it possible to introduce him to us?"

The moment Xuan Qingling asked, everyone snapped out of their trance and echoed in agreement.

"That's right, Grandmaster Xiao. Can you please ask this Grandmaster to meet us?"

"We really want to meet this Grandmaster who is so generous. Will Grandmaster Xiao please introduce him to us?"

However, Grandmaster Xiao showed a difficult expression on his face and shook his head.

#### **Chapter 3393: Vile Character Flourishes (4)**

“Young Master Li is an introvert, and he doesn’t like to socialize with anyone. Even though he is here today, he isn’t willing to appear before everyone, so everyone need not be overly concerned. The finished product that you refine will be checked by Young Master Li himself, and he will pick the best piece among all of yours. It will be extremely fair,” Grandmaster Xiao explained.

“Young Master Li?”

Hearing this name, everyone started to rack their brains to think if they could remember which young Sky Gem Grandmaster whose surname was Li.

However, they thought for a long time but could not match a face to that name.

Everyone wanted to continue asking but Grandmaster Xiao apparently wasn’t willing to reveal his identity. Hence everyone could only just give up.

“Assured. Of course, we’re assured. Not to mention that Master Li will be checking it personally, with Grandmaster Xiao around, that’s reassuring enough!”

“That’s right. Grandmaster Xiao, we believe in you!”

Hearing that they did not pursue relentlessly on this, Grandmaster Xiao’s suspended heart was finally at ease, and he nodded his head.

To tell the truth, he also wasn’t quite sure what Huang Yueli was up to.

Earlier, Huang Yueli had specially made a trip to the rear courtyard and discussed the matter regarding today’s competition with Grandmaster Xiao.

Grandmaster Xiao suggested that she take this chance to reveal herself in front of all the large forces today.

As an outstanding Spiritual Armament Master with exceeding innate talent, there would be plenty of chances to cooperate with various large forces in the future. So it was important for everyone to get to know her earlier.

Huang Yueli naturally had no objections. She nodded to express her consent and was about to walk out with Grandmaster Xiao.

When the two of them were on their way out, they happened to chance upon the moment when Li Leyun and Xuan Qingling were in an argument.

Grandmaster Xiao was rather shocked to find two God Clan talented young ladies arguing on this occasion.

But after they heard the contents of their argument, Grandmaster Xiao’s expression became rather disapproving.

He shook his head and sighed, "That's such a pity! I've already heard about Cloudy Qilin Clan's god grade genius, Li Moying's matters. Honestly speaking, previously I also thought that as a god grade genius, he must be amazing! But now, seeing that he actually likes this kind of self-opinionated woman... tsk tsk, he's just so-so!"

By now, Grandmaster Xiao also realized that Li Leyun was that young female Spiritual Armament Master that he threw out of the venue in Flame Square City.

Back then, he especially hated Li Leyun. Looking at her delighted and conceited loo, the disgust for her grew further.

At the same time, his evaluation of that "god grade genius fiancé" of hers had also hit rock bottom.

Huang Yueli did not care when other people scolded Li Leyun, but when she heard Grandmaster Xiao talking bad about Li Moying, Huang Yueli couldn't take it.

Her brows creased slightly, and she said, "Grandmaster Xiao, we've not met Li Moying yet, so surely we can't just conclude this, right? Perhaps the marriage engagement is not true, and it's just Li LEyun blowing her own horn? I don't believe that a Young Lord from the Cloudy Qilin Clan, a god grade genius, would take fancy to a woman like this."

Grandmaster Xiao didn't take her words to heart, shook his head, and said, "How can it be false? Didn't you see those two men behind Li Leyun? Li Yuntao and Li Yunhai are famous Divine Generals in the allied armies, and they would never lie. Li Leyun might be able to talk rubbish, but since both Divine Generals didn't rebuke her, so what she said must be true!"

Huang Yueli's brows creased tighter than before upon hearing that.

### **Chapter 3394: Real And Fake Young Madam Li (1)**

That night after Li Moying's confession, Huang Yueli did not see anyone from the Cloudy Qilin Clan. So she assumed that Li Leyun and both Divine Generals had already left Medial Arch City. Whoever knew, these people had not left yet. In fact, they stayed on and prepared to take part in today's competition.

It wasn't strange for Grandmaster Xiao to believe in Li Leyun's words.

To those outsiders who weren't sure of the truth, Li Leyun and both Divine Generals represented Cloudy Qilin Clan. So their announcement of Li Moying's wedding was pretty credible.

Originally, no matter how Li Leyun boasted about herself to others, Huang Yueli simply just thought nothing of it and had no intention to do anything to the former.

But hearing Grandmaster Xiao's words, Huang Yueli had an extremely uncomfortable feeling in her heart.

She didn't expect Li Leyun's self-opinionated performance was not just embarrassing herself. She even caused Li Moying's reputation to be blackened as well!

This was a sudden and unexpected disaster!

Huang Yueli thought, "Why can't these people first think about the possibility of my husband having an interest in Li Leyun first?"

Huang Yueli was both angry and anxious, but the others didn't know Li Moying so they naturally wouldn't share her feelings.

Huang Yueli stood at the corner and that was when she heard more and more people discussing Li Moying. Furthermore, their words were getting nastier by the minute.

Grandmaster Xiao saw Huang Yueli in a daze and couldn't help but remind her softly, "Young Master Li, this... it's not early anymore. Let's go and announce the start of today's competition?"

Huang Yueli heard Grandmaster Xiao's voice and came back to her senses.

She turned around and said, "Grandmaster Xiao, I'm so sorry. I... I suddenly don't feel very well so I don't think I can appear in today's competition. I'm so sorry! May I trouble you to help me handle the matters here? I'll find a room to rest a bit and when I recover, I'll come over and evaluate the competitors' works..."

"Not feeling well?" Grandmaster Xiao's eyes widened. "Young Master Li, where are you feeling discomfort? Weren't you alright just a minute ago? Why would you suddenly... do you need me to get a doctor here?"

Huang Yueli immediately placed her hands on her abdomen and showed an exaggerated expression.

"Cough cough, it's right. It's just that I ate a little too much yesterday, so I'm a little... cough cough..."

Grandmaster Xiao seemed to be enlightened when he saw that. "Oh, I see... cough cough, Young Master Li, quickly go ahead... and rest a while. Leave this to This Grandmaster!"

Huang Yueli hurriedly nodded to express her thanks but she wasn't in a hurry to leave. Clutching her stomach, she seemed as though she wanted to say something but hesitated instead. "Oh, right. Grandmaster Xiao, there's one more thing that I wish to trouble you..."

Grandmaster Xiao was in no mood to hear her out as he kept staring at her tummy.

Seeing that green expression on his face, Huang Yueli did not doubt that this Sky Gem Grandmaster must be thinking about something that was related to something especially stinky...

Huang Yueli hurriedly coughed loudly. "Cough cough, Grandmaster Xiao..."

Grandmaster Xiao was stunned as he retracted his gaze awkwardly, and hurriedly said, "Young Master Li, why are you still standing around? This is about one of life's three urgencies. You'd better go quickly..."

Huang Yueli said, "There's one more thing that I need to trouble you..."

"Oh my, it's already at this moment and you still say that you have something on?" Huang Yueli wasn't urgent but Grandmaster Xiao was being urgent on her behalf!

Huang Yueli silently found it amusing and swiftly said, "Grandmaster Xiao, regarding this competition's regulations, I hope to make some slight adjustments."

## Chapter 3395: Real And Fake Young Madam Li (2)

“Anyway, there’s only slightly more than 20 of them taking part in the competition, so let’s not ask them to refine the Spirit Armament publicly. Why don’t we arrange for them to go into an individual room and let them refine on their own? What do you think?”

Grandmaster Xiao was stunned and quickly asked in surprise, “Why do we need to change this? Won’t a public show of refinement ensure that no one cheats during the competition?”

Huang Yueli casually explained, “This... the illustration that I’m giving out is something unseen before. I believe even if they wanted to cheat, it’s not possible. Refining in public would distract the Spiritual Armament Master and it would affect the quality of the Spirit Armament that was refined. We want to find a genuinely highly skilled Spiritual Armament Master this time. It’s better to not interrupt them as much as possible so that they can display their highest standard of refining.”

Grandmaster Xiao frowned slightly. “This might be reasonable, but... Young Master Li, you’re still very young, so you might not know about this. Many fishy things could happen when Spiritual Armament Masters compete. Although your illustrations might be brand new, it’s still easy for them to cheat if they want to. To guarantee fairness, This Grandmaster feels it’s more appropriate for them to refine in public.”

Huang Yueli pursed her lips as she didn’t know how to convince Grandmaster Xiao at the moment.

What Grandmaster Xiao said was correct, and it could not be more accurate than ever. Even she also believed that doing this was the right way.

But Huang Yueli had her reason for giving this instruction. It was for her convenience to do something on the sly... but she couldn’t tell Grandmaster Xiao so directly...

Huang Yueli hesitated for a moment when suddenly, an idea popped into her mind.

She bent over, clutched her stomach, and cried out in agony, “Ouch, ouch, why is my tummy starting to ache again? No way, no way, I can’t stand it any longer! Grandmaster Xiao, I... I’ll make a move first! Please remember what I just said...”

Saying that, she disappeared like a wisp of smoke!

“Sigh...”

Grandmaster Xiao was still full of doubts but seeing Huang Yueli running away to answer the call of nature, he couldn’t bring himself to stop her from leaving and asking the details.

With no way out, he could only stand by the side and wait.

Originally, Grandmaster Xiao was not planning to give up on making Huang Yueli present herself, so he especially stood and waited in one corner. But after a long time had passed, he still didn’t see Huang Yueli walking back.

On one hand, he was worried that Huang Yueli might really be very ill. On the other hand, he was extremely bewildered.

He thought, "Could it be that this fellow is very shy, so at this crucial moment where he has to show himself, he suddenly became awkward. So that's why he found an excuse to run away??"

Grandmaster Xiao kept pondering over this question, but as he could not come to a conclusion, he could only get one of the maids to check on Huang Yueli.

At the same time, the competition could not be delayed any further. He thought about it, stood out as the competition organizer, and announced the official start of the competition.

After he said that, Grandmaster Xiao subconsciously looked at the door leading to the rear courtyard.

After that, he continued to speak, "Next, allow This Grandmaster to announce the official rules of this competition..."

Hearing that, everyone threw their doubts to the back of their heads, and all of them perked up their ears, waiting for Grandmaster Xiao to continue. They were deeply worried about missing out on a single word!

Just as Grandmaster Xiao was about to continue, a shuffle of footsteps came from the door.

Immediately following that, the maid's voice rang. "This Young Lady, please stop! Grandmaster Xiao has organized a competition today. Other than the Spiritual Armament Masters and their accompanying members taking part in this competition, no one else is allowed to enter."

### **Chapter 3396: Real And Fake Young Madam Li (3)**

"If Young Miss really wants to pay a visit to Grandmaster Xiao, please come back another day!" The maid tried to persuade her.

As they were standing pretty near, even though the maid suppressed her voice, many practitioners with high cultivations could hear this conversation clearly.

In a second, many of them frowned as they felt that they were interrupted.

Grandmaster Xiao was also displeased and was just about to send someone to clear up the situation when another voice suddenly rang.

"You're mistaken. I'm here to take part in the competition, but I am late because I was delayed by some matters."

This voice rang in the silence like refreshing clear spring water. It was crisp and melodious, and the voice made one's imagination run wild.

All the practitioners were present, and they subconsciously turned to look at the entrance.

At the end of the corridor stood a young lady in a silver Spiritual Armament Master robe. A low rank Spiritual Armament Master badge was pinned on her chest.

Many of them instantly sucked in a breath of cold air!

It was because the person who walked in could be said to be a gorgeous beauty.

She had a slender figure and was wearing an extremely somber long robe. Even so, that delicate little face was still able to capture everyone's attention.

That watery, lively eyes seemed to contain multiple stars. She merely blinked slightly, and the eye waves gave off an unspeakable radiance.

Many of them were stunned by her looks and the competition grounds turned completely silent.

Grandmaster Xiao was stunned for a moment as well. He was, after all, an experienced old man, so he quickly came back to his senses.

Recalling what this gorgeous beauty had just said, he instantly questioned, "This... Young Lady, may I ask... if you're here to take part in today's competition?"

Huang Yueli nodded her head and at the same time, swept her glance across the crowd. She was more or less pleased with the awe-struck practitioners.

It had not been a waste of her effort to rush out, find a corner with no one around, then slip into the Sky Phoenix Ring to swiftly dress up. After much effort hurrying, she finally managed to make her appearance before the official start of the competition.

It was alright for other people to scold her, but if they scolded her husband...

There was no way that Huang Yueli could take this lying down!

She thought, "Today, I must show Li Leyun some colors and see how is she going to use Moying's name to keep cheating other people again!"

Grandmaster Xiao looked at her and nodded his head. Then he frowned and said, "This Young Lady... it's not that This Grandmaster doesn't want to let you take part in the competition. But... today's competition is held because of a business transaction which is worth millions of jade quartz! Every Spiritual Armament Master present represents one of the major forces in God Realm! So, you can't just take part because you're a Spiritual Armament Master. You must prove that if you obtain victory, the force behind you will be able to take on this business!"

Grandmaster Xiao put it across very clearly and politely so that he could subtly make Huang Yueli give up on her own.

It was because the competition might be held today, but those Spiritual Armament Masters with real ability and wished to take part in the competition had already finished their registrations five days ago.

After all, the content of today's competition was to refine a newly modified Spirit Armament. How could they not have any time to prepare for this?

As for this beautiful Young Lady before him, she was not one of those on the list who had registered. Instead, she just popped out temporarily...

**Chapter 3397: Real And Fake Young Madam Li (4)**

Grandmaster Xiao looked at Huang Yueli after he was done speaking. "This Young Lady, I'm so sorry. If you truly want to have an in-depth discussion about the arts of Spirit Armament refining, you can look for me again after the competition has ended!"

Grandmaster Xiao would usually not show such amiable countenance when he spoke to other Spiritual Armament Masters who came looking for him to seek pointers. It was only because Huang Yueli was just too beautiful with a delicate and charming look that made him unwilling to see her bear a disappointed look.

Huang Yueli listened to Grandmaster Xiao but she did not leave according to his anticipations.

She smiled and said, "Grandmaster Xiao, I've already understood today's competition situation and I'm indeed here to take part in the competition. Please don't worry!"

Grandmaster Xiao was stunned. "Then... may I ask for Young Miss's name? Which force are you representing?"

Huang Yueli's lips curled and she answered slowly, "My surname is Li-Lee and my name is not worth mentioning. I am here to represent my husband, Li Moying, to take part in the competition!"

Huang Yueli thought it over for a moment and didn't state the name Li Yuehuang.

Speaking of this, that pseudonym of hers was already registered with the allied armies and Sky Gem Glass Chamber. But as both parties do not communicate, they still hadn't realized that the bearer of the name was the same person.

She was also happy to continue with this state.

Moreover, she claimed to follow her husband's surname, so this effect was not so good as well.

As expected, before Huang Yueli could finish her sentence, Li Leyun had already jumped up. Stretching out a finger to point at the former, she shouted loudly, "You... you little slut, why did you appear at this place?"

Huang Yueli brushed her eyes past her faintly and said in an unhurried and calm manner. "Young Miss Li, are you deaf? I've already said that I'm representing my husband to take part in this competition to win this business!"

Li Leyun's eyes widened. "What do you mean by your husband? Brother Moying is not your husband! We, Cloudy Qilin Clan did not acknowledge your marriage. I am Brother Moying's fiancée!"

Li Leyun was utterly discomfited but Huang Yueli remained as composed as before. She said, "May I ask Young Miss Li to stop spouting nonsense? My husband and I were already married when we were in Soaring Heavens Continent, and it has been two years since then. My husband has never been entwined romantically with any other women as well, do please don't do this kind of shameful thing to embarrass the Cloudy Qilin Clan!"

"You... little slut, what do you mean??" Li Leyun was exasperated and she couldn't be bothered about the current venue. She ran straight to Huang Yueli in a jiffy and said, "You're not allowed to call Brother

Moying your husband! You're just a crazy lass who had ascended from the Lower Realm. Your identity isn't enough to make you Cloudy Qilin Clan's Young Madam. Stop dreaming!"

She raised her hand as she spoke and was able to slap Huang Yueli's face.

Huang Yueli swayed slightly and evaded her with ease.

"Young Miss Li, please take note of your actions. So many people are watching us! Cloudy Qilin Clan's young aristocratic lady is acting like a shrewd shouting at the top of her lungs and even wanting to beat me. It's just too disgraceful!"

Li Leyun's face turned pale when she heard this. She finally recalled where they were right now!

This was neither Cloudy Qilin Clan's turf nor Li Moying's mansion, but... Grandmaster Xiao's competition grounds!

Moreover, these people had just witnessed her causing an unreasonable scene!

### **Chapter 3398: Throwing Herself At Him (1)**

Li Leyun instantly became awkward when she thought of this. Her face flushed red, wishing that she could dig a hole and stick her head in like an ostrich!

But it was already too late for regrets.

The gazes of those surrounding practitioners were filled with shock and astonishment. Apparent they did not expect Cloudy Qilin Clan's aristocratic lady to say such vulgar words, what more to beat someone!

"What is going on? Didn't Young Miss Li say that she was Li Moying's fiancée earlier? Why is there another Li Moying's wife now? Who is his real wife?"

"Didn't you hear what that young lady said earlier? She and Li Moying were already married in the Lower Realm before they ascended. This.. should be considered as Cloudy Qilin Clan Young Lord's original spouse?"

"But things can't be put in this way right? In God Realm, all Lower Realm marriages don't really count..."

"That's only when their original spouse had not ascended for years, so the practitioner would marry someone else! Now that Young Lord Li's wife has ascended to God Realm so quickly and she is also so beautiful, there's no way that Young Lord Li would possibly cast her aside."

"That's true. Just based on temperament and looks, this Young Madam Li has the advantage! Although she is a Lower Realm ascender, she looks even more outstanding than those large clan's young ladies. Before this, I thought Li Leyun was also an elegant and talented young lady. But today, it's an eye opener for me..."

The original silent competition grounds broke out into clamor once again.

Various kinds of discussions were heard from all around them.

Even though most forces' practitioners knew it was not nice to gossip about others in their faces, today's situation was simply too unexpected!

Two beautiful ladies jumped out and vied for the position of Li Moying's wife.

Even in God Realm, this was considered a rare gossip.

The bystanders were practically on Huang Yueli's side.

On one hand, it was because Huang Yueli was simply too beautiful. It was one's basic instinct to protect the fairer sex. Although Li Leyun was also a beauty, when the two of them stood next to each other, she immediately lost to Huang Yueli.

On the other hand, everyone just couldn't stand Li Leyun's actions today.

No matter if it was previously provoking Xuan Qingling, or hurling vulgarities at Huang Yueli later, it didn't fit her status as Cloudy Qilin Clan's identity. So she wasn't worthy of the rare god grade genius at all.

Li Leyun clenched her teeth and tried hard to fight back. "You... you're doing this intentionally! You're just a low rank Spiritual Armament Master. Running over to Grandmaster Xiao's mansion now, I think you're not here to take part in the competition but to create chaos, aren't you? Do you think that if the Cloudy Qilin Clan is embarrassed, it would look good on Brother Moying? You painted such a beautiful picture but in reality, you aren't thinking on Brother Moying's behalf!"

Li Leyun had never once thought that Huang Yueli was here to take part in today's competition.

In reality, no matter if it was here or the other bystanders, they all assumed that Huang Yueli had turned up intentionally to slap Li Leyun on her face, just so that they could prove her status as Li Moying's original spouse.

After all, today's competition was set at Spiritual Armament Masters who were mid rank and below. So almost all of the competitors here were mid rank Spiritual Armament Masters.

It wasn't that low rank Spiritual Armament Masters could not take part in the competition, but they just couldn't match up to mid rank Spiritual Armament Masters. Even if they came, it would be a waste of time.

### **Chapter 3399: Throwing Herself At Him (2)**

At this moment, Li Yuntao and Li Yunhai who had always been standing behind Li Leyun also came back to their senses.

Li Yuntao walked up and interrupted, "Young Miss Li, this isn't a suitable place for speaking. Regarding today's matter, we can discuss this later. We'd like to ask you to go back first. This is a competition by Grandmaster Xiao and many forces are waiting, so let's not keep everyone waiting."

Now that things have escalated to this, no matter what they say, Cloudy Qilin Clan's reputation was completely lost.

Li Yuntao and Li Yunhai felt extremely remorseful right now. They hated themselves for not heeding Li Moying's warning to bring Li Leyun back. Instead, they forced themselves to stay until today to participate in Grandmaster Xiao's competition.

In the end, before the competition had even started, Li Leyun had already embarrassed herself in front of so many large forces.

Now, even those two Divine Generals weren't willing to support Li Leyun as well.

From her earlier performance, if Li Moying really married her, he might be dragged down seriously by her in the future. But if they were to let a Lower Realm woman like Huang Yueli assume the position of Cloudy Qilin Clan's Young Madam... it just didn't sit well with both Divine Generals.

They exchanged a look and decided to report this situation to the Clan Leader before making other decisions.

The most important thing now was to placate Huang Yueli so that she could stop harping on this issue and suppress this entire matter first!

After Li Yuntao finished speaking, he turned around and looked at Grandmaster Xiao meaningfully.

When Grandmaster Xiao saw this farce, he found it extremely comical and instantly stood out.

"That's right. This... uhhh, Young Madam Li, can you push your grudges with Young Miss Li to a later time? So many Spiritual Armament Masters have gathered here today to take part in This Grandmaster's competition. It's getting late and we can't delay it any further."

The moment Grandmaster Xiao spoke, the clamor also started to die down.

Everyone recalled their purpose in coming today so they instantly kept silent and looked at Huang Yueli.

Everyone felt that since Huang Yueli had already attained her aim to embarrass Li Leyun, she should be leaving now that Grandmaster Xiao has already opened his mouth.

But out of everyone's expectations, Huang Yueli didn't move at all. She merely nodded her head.

"Grandmaster Xiao, you're right. But I don't seem to be interrupting the competition, right? It was obviously Young Miss Li who cursed relentlessly when she saw me... Since Grandmaster Xiao has already said this, I won't bicker with her. Please do continue explaining the competition's rules!"

"You-This..."

When Li Leyun heard Huang Yueli pushing all the blame onto her, she almost couldn't control herself from cursing again.

However, Li Yuntao nudged her from the back just in time to stop her.

Li Yunhai saw that and silently shook his head as he thought, "Li Leyun is so impatient..."

He looked at Huang Yueli and a peculiar glint flashed past his eyes.

It was his first time meeting Li Moying's wife whom he had married in the Lower Realm. It was surprising that she had such good looks and temperament, but the crucial part was everything she said was full of hidden meanings.

Li Leyun, who grew up in the clan, was also considered a knowledgeable talented young lady. However, she wasn't Huang Yueli's match at all. It only took the latter to spite her with a few words to make Li Leyun lose her rationality.

He thought, "This young lass... she's not a simple character!"

Huang Yueli knew that Li Yunhai had been looking at her, but she didn't think much of it.

### **Chapter 3400: Throwing Herself At Him (3)**

Grandmaster Xiao was a little muddled, so he asked, "Then... Young Madam Li, are you really here to take part in the competition?"

Huang Yueli nodded and smiled, "Grandmaster Xiao, why would you even ask this? When I came in earlier, I already stated that I rushed over to take part in the competition. Or am I right to say that I came late so the competition had already officially started? That's why I didn't make it in time?"

Grandmaster Xiao hurriedly answered, "That's not true. But..."

He looked at the other competitors on the competition grounds and an awkward expression spread across his face. "But according to the competition rules, each force can only send two Spiritual Armament Masters to take part in the competition. If you wish to enter, then Cloudy Qilin Clan would have three competitors! This isn't very fair! Unless... one of the Spiritual Armament Masters from Cloudy Qilin Clan is willing to back out!"

Huang Yueli frowned upon hearing that.

This rule was set by her! Moreover, she had totally forgotten about this just now!

She thought, "Great! Now I've done myself in!"

However, Huang Yueli quickly thought of a reason. "Grandmaster Xiao..."

She was just about to speak when someone suddenly interrupted her.

"Grandmaster Xiao, since Young Miss Li wants to take part in the competition, then we'll give her a quota!" Li Leyun suddenly butted in, speaking at the top of her voice.

At the same time, she glanced at the other mid rank Spiritual Armament Master from Cloudy Qilin Clan.

That Spiritual Armament Master went into a slight blank, then instantly raised his hand and said, "I give up!"

Actually, before he came, he already knew that Cloudy Qilin Clan had already pinned all their hopes on Li Leyun. They weren't expecting him to win, and he also believed that he wasn't as talented as Li Leyun. Hence, he didn't hesitate and agreed to back out of the competition.

Huang Yueli didn't expect Li Leyun to help her, so she turned around and looked at the latter in astonishment.

Li Leyun raised her chin as she remained expressionless. But her eyes revealed a provocative expression.

Huang Yueli's heart jolted and suddenly recalled the scene where Li Leyun came looking for her at Li Moying's residence. She had once mentioned that she wanted to have a battle against her in today's competition. Moreover, she even mentioned that Li Moying would belong to the person who won the competition.

Back then, Huang Yueli rejected her outright. Even if she was taking part in today's competition, she had no intention to use Li Moying as a stake.

But looking at Li Leyun's expression, it seemed that she had not forgotten about that day's incident.

The glow in Huang Yueli's eyes flickered slightly but since Li Leyun didn't say it out, she would just pretend that she didn't know anything.

"Grandmaster Xiao, may I take part in the competition now?" She looked at Grandmaster Xiao again.

Things had already come to this point so Grandmaster Xiao naturally couldn't say anything to object.

"Of course, you can. Young Madam Li, please stand on this side!"

Under everyone's attentive gaze, Huang Yueli slowly walked over.

She stopped when she reached the east of the competition grounds. Then she mingled with the crowd and waited for Grandmaster Xiao to speak.

Grandmaster Xiao noticed that everyone had already quietened down so he hurriedly continued, "Earlier This Grandmaster had not completed my words, so everyone please listen carefully. This competition will be different from ordinary competitions. In order for everyone to display your highest standard, This Grandmaster has specially arranged an armament refining room for each one of you. So all of you can close the door and refine on your own so that you would not be disturbed by outsiders."

Grandmaster Xiao was worried that some other problems would crop up, so he quickly explained all the rules in one go.
