

## Weaponsmith 3421

### Chapter 3421: Do You Still Remember the Bet? (8)

“That’s right, that was amazing! We were all shocked silly and we planned to wait for Lady Li to refine again to see how she managed such a feat. As a result, after we waited and waited, we saw that after she finished refining, she went to the corner and after a while, she actually fell asleep!”

The two of them chattered excitedly, finishing each other sentences, and quickly revealed the situation at that time.

They had planned to explain from the beginning, but they were rudely interrupted by Li Leyun who suddenly appeared. Moreover, they were still in a state of confusion at that time and they didn’t know what they were here for. They didn’t dare to speak any nonsense, so, when interrupted, they immediately clammed up.

Now, with no one bothering them, they quickly told everyone what they saw.

Listening to the explanations of the two, the expressions on the faces of everyone present became more and more astonished, and many people’s eyes almost popped out!

They thought that Huang Yueli was able to refine such a perfect product only after several attempts that she finally succeeded!

Even if she took several times to refine it, it was still very, very rare that she could produce such a fine piece!

But who would have thought that she only refined it once? And, it only took half an hour?

After the two young Spiritual Armament Masters finished speaking, they both looked at Huang Yueli with admiration.

“This Lass Li is really amazing. At first, I only looked at her a few more times because she was good-looking. I didn’t expect that she’s such an amazing genius!”

“Yes, seeing Lady Li’s artifact refining today was really eye-opening. As soon as we were excited, we couldn’t help but discuss a few words at the gate of the courtyard...”

Speaking of which, everyone understood.

After all, this was actually a misunderstanding!

Li Leyun only heard half of what the two Spiritual Armament Masters said, so she made up a lot of it in her own mind, and used it as evidence to accuse Huang Yueli!

However, the truth of the matter was completely different from what everyone imagined!

No wonder Huang Yueli didn’t panic when she heard Li Leyun’s accusation, but laughed instead.

Because people had this confidence!

The hall became noisy again, but this time, when everyone was talking about Huang Yueli, they praised her to the skies!

Such an amazing armament refining genius was rare in the entire God Realm!

When Li Leyun heard the words of the two Spiritual Armament Masters, her complexion changed abruptly.

When everyone praised Huang Yueli, they naturally wouldn't forget to step on Li Leyun and talk about her as a joke.

It was really funny that she swore that Huang Yueli was cheating.

Moreover, she accused Huang Yueli twice, and both times she was beaten so badly in the face!

Li Leyun became more and more angry, and she couldn't accept this fact at all.

She was quite sure just now, thinking that she could step Huang Yueli into the mud all at once, but in a blink of an eye, Huang Yueli turned over completely!

Oh, not just turning over.

Due to the words of the two Spiritual Armament Masters, Huang Yueli's armament refining talent has been raised to a new level! Her refining level was even more amazing!

And this was all thanks to Li Leyun!

She tried so hard, but she ended up lifting a rock and smashing herself in the foot!

"No...impossible! This can't be true! Grandmaster Xiao, are you sure that these two witnesses are telling the truth? Maybe they were bought off by someone!"

### **Chapter 3422: Do You Still Remember That bet? (9)**

No matter what, Li Leyun refused to admit defeat.

"She's just a junior Spiritual Armament Master who has refined a Spirit Armament in half an hour. Tell me, do you believe it? It's simply treating people as fools! There is obviously a problem here! Don't be fooled by others. This is absolutely impossible for it to be true!"

Hearing this, many who were watching were stunned for a moment.

Actually, what Li Leyun said was not without reason.

The refining talent that Huang Yueli showed was really too abnormal.

When Grandmaster Xiao's two disciples heard this, they were so angry that they almost jumped up on the spot!

"Young Miss Li, what do you mean? Are you saying that the two of us lied? We absolutely dare not make a false statement in front of Master!"

“Young Miss Li, you are the daughter of the dignified Ancient God Clan, how can you slander us like this? I can guarantee that everything we said just now is true! Lady Li has such strength, the facts are in front of you, it is useless if you don’t believe it!”

“That’s right, the wise man knows he knows nothing, the fool thinks he knows all! We have a clear conscience!”

After the two took turns to scold Li Leyun, they both turned to Grandmaster Xiao.

Grandmaster Xiao frowned slightly. In any case, he was more familiar with his two named disciples, and he was more inclined to believe their words.

Besides, Li Leyun didn’t even have any evidence and she just casually said that his apprentice lied. No Master would like to hear such words. Even if he had some doubts about his disciple’s words, he would not just stand by and do nothing. He did not hesitate and chose to stand on their side.

Grandmaster Xiao said in a deep voice: “Young Miss Li, these two disciples of mine have been diligent ever since they followed this old man, and have never done anything inappropriate. Besides, before today’s competition, they didn’t know Lady Li at all, so how could they help? What about her cheating? Are you saying that to imply that the old man is not strict?”

Seeing Grandmaster Xiao’s gloomy face, Li Leyun suddenly reacted and realized that she had said the wrong thing.

However, it was too late to regret it now, she had offended everyone!

Li Leyun’s face turned blue and white, and she was extremely embarrassed.

However, she also knew that since things have come to this point, she wanted to insist that Huang Yueli was cheating. If she can’t completely knock Huang Yueli out and can’t turn over, then the one who can’t turn over would be herself!

However, before Li Leyun could speak again, Huang Yueli, who had been silent all the time, suddenly spoke.

“Young Miss Li, you are really interesting. When these two Spiritual Armament Masters said that I was dozing off in the refining room, because the testimony was in your favor, you insisted that they could not lie. Didn’t you say it? Everyone heard it!”

“However, now that they have made it clear, they have proved my innocence, and the testimony is now in my favor, you immediately changed your words and said that what they said was a lie! Isn’t this correction too fast? Are you as forgetful at such a young age?”

As soon as these words came out, there were a few chuckles around.

When Huang Yueli mentioned this, the others also remembered it. Li Leyun offered to look for these two witnesses just now. Moreover, at that time, she even complimented Grandmaster Xiao, saying that his disciple were credible!

Now she suddenly turned her face, and in contrast to the two, what she just said was like hitting herself in the face.

## Chapter 3423: Do You Still Remember that Bet?(10)

“Yeah, Young Miss Li, what you said before and what you just said are completely opposite! Which one do you mean?”

“Tsk tsk, today I can learn what it means to let one’s tongue run away with him! Things that are good for you are true, otherwise they are false! Do you still have a basic conscience?”

“In such a short span of time, you don’t recognize what you yourself just said! Young Miss Li’s mannerism is really an eye-opener!”

Everyone connected the cause and effect of the incident and thought about it carefully. How could they not understand?

In particular, compared to Li Leyun’s self-contradiction, Huang Yueli had always been calm and never tried to influence the testimony of the two Spiritual Armament Masters.

When the situation was unfavorable to her, she didn’t say no to the two of them, she just asked them to describe the situation completely.

Why was that? It was because she has the bottom line in her heart and knows that she was innocent, and she would be able to prove her innocence sooner or later!

Thinking of this, everyone stood on Huang Yueli’s side.

Grandmaster Xiao’s patience had reached the limit and he has long been impatient with Li Leyun’s entanglement.

With a wave of his hand, he said angrily: “What else needs to be verified in this matter? This old man’s disciple will never lie! Now the results have been confirmed, Madame Li’s level of refining is indeed amazing, and she is the person who deserves the first place!”

Grandmaster Xiao paused, then turned his eyes to Li Leyun, “As for Young Miss Li... I haven’t seen a woman like you for so many years! Your skills are not as good as others, and you still refuse to admit it? You even have time to accuse others as cheating. Why don’t you spend some time practicing your own skills? Otherwise, you will never be able to match even a finger of Madame Li’s!”

Grandmaster Xiao was very angry at what had unfolded today, and he didn’t hold anything back as he berated her mercilessly.

Li Leyun’s face was extremely pale, her hands were clenched into fists, and she didn’t even dare to lift her head!

When things have developed to such a point even if she refused to accept this fact, she could not find any other reason to refute it.

Seeing this, Li Yuntao quickly stood up and said to Grandmaster Xiao, “Grandmaster Xiao, don’t be angry! Young Miss Leyun didn’t do it on purpose. She also overheard the conversation between the two

little masters by accident, and she didn't listen to it all before. This misunderstanding was caused by impulse, and this is also an unintentional fault, please understand Grandmaster Xiao."

When Li Yunhai heard what his brother said, he also followed suit.

"Grandmaster Xiao, it's all a misunderstanding, a misunderstanding! Young people are ignorant, we apologize to you for her!"

Grandmaster Xiao was originally in a fit of rage, and planned to kick Li Leyun out and even planned to give her some punishment.

However, now that Li Yuntao and Li Yunhai suddenly came out to plead for mercy, it would be hard for him to get angry.

No matter what, these two were six-star Divine Generals, masters of the Dao Profound Realm, and they are quite well-known figures in the Allied Army, and even in the entire God Realm.

Although Grandmaster Sky Gem Glass Chamber has a high status and is sought after by major forces, it is still very irrational to offend the two six-star generals.

Moreover, it was not worth it for the sake of a mere little girl like Li Leyun to offend two such people.

Grandmaster Xiao took a deep breath and calmed down a bit.

"Alright, originally, this old man planned to report to the Sky Gem Glass Chamber's headquarters to give this little girl some punishment."

#### **Chapter 3424: Do You Still Remember that bet? (11)**

"Now, since the two Divine Generals have said so, this old man can't help but give face..." Grandmaster Xiao was still a little angry, was holding on to his beard that was raised up in anger, "This is the end of today's affairs. However, Young Miss Li Leyun, please do not think about stepping into any Sky Gem Glass Chamber in our Empyrean Fox Continent!"

Hearing Grandmaster Xiao's words, Li Leyun was frightened.

If it hadn't been for Li Yuntao and the others to intercede for her, and if Grandmaster Xiao really reported today's matter to the Sky Gem Glass Chamber headquarters, then she would be out of luck.

Spiritual Armament Masters who have a criminal record at the headquarters will be treated differently. Many Spiritual Armament Masters cannot enjoy the privileges, and they cannot even participate in such competitions as today.

Now, Grandmaster Xiao had actually blacklisted Li Leyun Sky Gem Glass Chamber in the Empyrean Fox Continent. Of course, the consequences were quite serious, but it was better than being officially recorded by the headquarters.

Li Yuntao looked at Li Leyun's pale face and glared at her, "Aren't you going to step back?!"

Li Leyun took two steps back, suddenly stopped, and found someone standing behind her.

She was startled, and when she looked back, she found that Huang Yueli had come over at some point, and had been looking at her ashamed.

Li Leyun bit her lower lip so hard that it almost bled.

She knew that she could never cause trouble again at this time, she tried her best to hold back her anger, and wanted to walk past Huang Yueli.

However, seeing her step to the side, Huang Yueli also took a small step to the side, just blocking her way.

Li Leyun suddenly raised her head, "You... what do you want to do? Now that you are complacent, what else do you want?"

As soon as she opened her mouth, she found that her voice began to tremble.

Huang Yueli slowly raised the corners of her mouth and said, "Young Miss Li, are you leaving now? If I remember correctly, before the competition started today, Young Miss Li specially reminded me not to forget a certain bet. Hmm, have you forgotten it?"

Hearing this, Li Leyun's face immediately became even more pale.

This was what she was really afraid of. What she was most afraid of was Huang Yueli bringing up this bet!

After Huang Yueli was proclaimed the winner, the biggest reason why Li Leyun had been entangled in this matter again and again, and even turned into a tangled mess and made a big fool, was simply because of this bet!

Originally, she didn't mention Huang Yueli, but thought she had forgotten, and kept praying in her heart, hoping that Huang Yueli would never suddenly think of it!

As long as she doesn't speak out on the occasion of so many people, and she refused to admit it afterwards, who else can Huang Yueli turn to? This was something only the two of them knew.

But who knows, she was just one step away!

Just a little bit, Li Leyun was about to leave the room, but at this juncture, Huang Yueli took out the bet and talked about it.

She didn't say it sooner or later and had to be at this point in time!

Li Leyun almost fainted on the spot!

She glared at Huang Yueli angrily, "What bet? I don't know what you're talking about? Get out of the way, I'm leaving!"

Huang Yueli smiled and didn't take her anger seriously at all, "Young Miss Li, is this... a noble person forgetting things? Do you need me to remind you?"

"What reminder? Reminder for what? You...you did win me this time and became the first place, but don't go too far! You are talking nonsense here!"

## Chapter 3425: One must always honor a bet (1)

Using a little strength, Li Leyun swiftly tried to go past Huang Yueli and even tried to suppress Huang Yueli briefly with her aura.

As long as Huang Yueli was shocked for a while, she could quickly slip away.

So, as soon as Li Leyun finished speaking, she turned around and went around Huang Yueli.

But who knows, Huang Yueli casually took a step and blocked her again.

“You...” Li Leyun glared at Huang Yueli angrily, not knowing what to do anymore.

Li Yuntao and others were beside the two of them, and they felt very strange when they saw the movements between them. Seeing that the two were in a deadlock state, Li Yuntao couldn't help but ask, “Lady Li, what's going on? What kind of bet is there? Can you tell me about it?”

Li Leyun's face was suddenly very ugly, and she shook her head hastily, “No, no, no, Uncle Tao, this is what we two said in private, don't bother you, we can solve it ourselves.”

As she said that, she grabbed Huang Yueli's sleeve and wanted to pull her out of the door, “Let's go, let's stop affecting others, go outside and talk...”

Li Leyun believed that she was an exponent in the heart profound realm, and her cultivation was much higher than that of Huang Yueli, so with a little effort, she felt that Huang Yueli would definitely not be able to break free and could only follow her.

But who knows, not only did she fail to drag Huang Yueli away, but Huang Yueli almost brought her to the ground when she struggled back.

Li Leyun staggered before regaining her balance.

At this time, Huang Yueli had already turned to face Li Yuntao, and said unhurriedly, “Divine General Li, I didn't want to say more, but since the elders have asked, it is inappropriate for me to hide it or not... The matter is very serious. Simple, a few days ago, Young Miss Li Leyun deliberately found where I lived and proposed to me that she wanted to make a bet with me on who could win the first place in Grandmaster Xiao's competition today, and the bet...”

She shook her head, with a helpless expression on her face, “The bet is my husband! Young Miss Li wants me to promise that the person who loses the bet must get out of my husband's side, and no matter what the reason is, you can't approach him in the future! ”

As soon as these words came out, everyone in the hall was in an uproar.

It's not uncommon for young everyone to be jealous, but it's not something you can bet on every day.

Besides, these two girls can be regarded as genius Spiritual Armament Masters, but they were much more extraordinary than the average. They actually had a wager on Grandmaster Xiao's competition!

At the same time, everyone suddenly had an epiphany.

It turned out that the two were betting on Li Moying's ownership. No wonder Li Leyun was so reluctant. Grandmaster Xiao's face was even more ugly. In his opinion, the Spirit Armament competition was a very serious matter. Now it's even better. What were the two little girls doing?! Still betting and using a man as a wager?!

However, apart from Grandmaster Xiao and a few other Sky Gem Grandmasters, the others were even more excited.

Today's gossip... it was really exhilarating to watch!

"In this way, Young Miss Li has lost! You can't say that she is the fiancée of Young Master Li in the future."

"Yes, yes, yes, I am willing to admit defeat! Besides, Lady Li and Young Master Li are already married, what else can I say?"

Li Leyun's face turned blue and red after listening to the words of these people who were watching the fun and didn't think it was a big deal.

### **Chapter 3426: One must always honor a bet (2)**

So many people were jeering, weren't they forcing her to admit defeat!

If she insisted on denying it, it meant that she could not afford to lose, which was a huge humiliation.

However, if she was asked to immediately admit to the the bet and swear that she would never approach Li Moying again, she couldn't do it at all!

Li Leyun froze in place, staring at Huang Yueli fiercely, "You...don't go too far! The bet at that time, right! You...you didn't accept it at all?"

A burst of light flashed by in Li Leyun's mind, and she suddenly recalled that at that time, Huang Yueli did not agree to bet with her at all, but said some high-sounding words about respecting and disrespecting Li Moying and rejected her.

However, later, Huang Yueli appeared at Grandmaster Xiao's manor again.

Li Leyun felt that she would definitely win, so she deliberately brought up the bet before the competition, in fact, she was afraid that Huang Yueli would say that she had never agreed to bet, and deliberately used words to provoke her.

However, the loser had become Li Leyun herself!

She didn't react for a while, but when she thought about it just now, she remembered her previous feelings.

"That's right, I said that I want to bet with you that the loser can't get close to Brother Moying! However, you clearly said at the time that Brother Moying is very important in your heart and can't be

used for betting. This is a disrespect to him! Isn't that what you said? What? Now that you got the first place, you changed your mind? You can disrespect Brother Moying?!"

Everyone looked at Li Leyun with strange eyes.

This person actually said that others were hypocritical. Who was more hypocritical and changed their minds faster?

Who couldn't tell the truth of the matter? Hearing her words, wasn't the truth pretty obvious? At first, Li Leyun said she had made the bet with Huang Yueli, but now she says she didn't bet when she lost!

However, if Huang Yueli really said that before, then she really can't insist on letting Li Leyun fulfill the content of the wager...

After everyone who was present had forcibly watched Li Leyun, they turned their heads and looked at Huang Yueli, waiting to see how she was going to answer.

"Hmm, I wonder if this is true, right?"

"Whether it's true or not, the situation is so favorable to Madame Li. She will definitely insist that the bet exists!"

"That's right, if it were me, I wouldn't say that the bet doesn't exist at this time. After all, when the two bet, there is not even a witness, and even if they say it, no one can prove it. Who would be like that? Stupid?"

The voices of everyone's discussions entered Li Leyun's ears, her pupils instantly dilated and she became more nervous.

Yes, that damned little vixen can still deny it!

It can be said that she is empty talk and has no witnesses!

Thinking of this, Li Leyun was almost desperate.

But at this moment, Huang Yueli spoke up, and what she said was beyond everyone's expectations.

"Young Miss Li is right. She came to me for a bet, but I didn't accept it. Before the competition started today, Young Miss Li made a bet with me again, but I didn't agree."

As soon as these words came out, the hall suddenly became quiet.

No one expected that Huang Yueli would say such a thing!

Even Grandmaster Xiao stared at her with wide eyes, thinking she must be stupid!

Huang Yueli noticed the surprised gazes around her, and smiled slightly, "As Young Miss Li said just now, my husband is a priceless treasure in my heart, and he is a human being, not my property, so how can I bet on this?"

**Chapter 3427: One must always honor a bet (3)**

Having said this, Huang Yueli paused, glanced coldly at Li Leyun's face, and said: "Besides, my husband has his own thoughts and feelings, even if I were to retreat, he will never be interested in you. So tell me, how can I watch him suffer such in injustice?"

Hearing this, Li Leyun's face suddenly turned green!

This shrewed little vixen was too shameless! She just spoke out in such a straightforward manner. It was obvious what she meant, Li Moying doesn't like her at all!

Although, this was a fact, but Li Leyun had always refused to accept it!

Besides, speaking out in front of so many of those that were in power and spreading it out, who knows what would go down the grapevine!

Hearing this, everyone in the hall laughed out along as well.

In fact, what the relationship between Huang Yueli and Li Moying was and whether Li Moying had a crush on Li Leyun, these outsiders don't know anything about it.

But this does not prevent them from admiring Huang Yueli's confidence and demeanor.

Huang Yueli could admit that the bet did not exist. Behind such a demeanor was unparalleled confidence! It seemed that she was certain that Young Master Li would never betray their feelings.

Huang Yueli turned to Grandmaster Xiao, cupped her hands and said, "So, from the beginning to the end, I didn't plan to make any bet with Young Miss Li. I'm here to participate in the competition today, simply because I just don't want anyone else to be called my husband's fiancée outside. This shameful incident has damaged my husband's reputation! That's all."

After listening to Huang Yueli's explanation, everyone was convinced.

For such a young girl to have such insight and ambition, few even the younger generation of the other God Clans can achieve it.

Even Li Yuntao and Li Yunhai looked at each other, and their views on Huang Yueli were greatly changed.

Originally, they thought that Huang Yueli only depended on luck and beauty to marry Li Moying in the lower realm, but now that she came to the realm of the gods, she could only be a vase that Li Moying looked after, and it was insignificant.

But now, Huang Yueli not only showed a powerful talent for refining armaments, but also showed the tolerance and heart that a superior should have.

To be honest, if it wasn't for Huang Yueli's low background, they would all think that Huang Yueli is more suitable to be the young lady of the Cloudy Qilin Clan than Li Leyun!

Besides, Huang Yueli's insistence on not betting against Li Moying also shows that her feelings for Li Moying are from the heart.

Based on this, even Li Leyun can't compare.

“It’s a pity, a little girl who has risen from the lower realm is still a human race. Her background is too low, even if she has a second-class background!”

Li Yuntao said a word without beginning or end, but Li Yunhai and he were twin brothers, and they had the same mind, so he naturally understood what he meant.

Li Yunhai also nodded and said, “Let’s report today’s affairs to the Patriarch first. At least you can give her the status of a concubine. For a little human Lass Like her, it is a step to the sky.”

The Twelve Great God Clans were equivalent to nobles in the God Realm, and it was common to have a wife and a few concubines.

Like Li Moying, as the future Patriarch, in addition to the main wife, he can also marry two concubines.

The Concubine’s status in the family was also very high, and she must be a noble daughter with outstanding talent from major families to sit in this position.

In the eyes of the two of them, making Huang Yueli the position of a concubine was already considered to have done her a great favor, and she should even be thankful for it.

#### **Chapter 3428: One must always honor a bet (4)**

While the two were discussing this matter, they deliberately lowered their voices so that even Li Leyun, who was standing the closest to them, could not hear them.

However, after Huang Yueli’s Primordial Spirit merged, her consciousness was stronger than that of the normal cultivators, so she could still hear their conversation clearly.

She raised her eyebrow, feeling a little more dissatisfied with the Cloudy Qilin Clan people in her heart.

The people of these Ancient Gods were really aloof, and they always seem to spare no effort to despise those ordinary people.

How did they even think that giving her the position of a concubine seem like it was a huge merit? What the hell!

Not to mention, she did not even put them in her eyes, what more, Li Moying. He wouldn’t be at their mercy.

There was a commotion in the hall, and everyone was discussing the previous matter.

Huang Yueli turned around and found that Li Leyun, who was not far from her side, was gone. After searching carefully, she found that Li Leyun had already arrived at the door. It seemed that she could not bear such a blow and wanted to sneak away.

Grandmaster Xiao came over, walked Huang Yueli’s side and said with pride: “Today’s competition had twists and turns, but fortunately, the truth was finally revealed. Madame Li won the first place with her true ability, then this deal also belongs to you! By the way, this old man has good news to tell you...”

Grandmaster Xiao chortled heartily and announced loudly, “The new standard spirit armament designed is not limited to just one type, but a total of twenty variations!”

Of course, Huang Yueli knew that this deal involved twenty kinds of Spirit Armaments, so she wasn’t surprised at all.

However, she still had to act. She showed a surprised expression at the right time, and her voice trembled, “Two... Twenty kinds of improved standard Spirit Armaments! This... this is too amazing!”

Huang Yueli’s surprise was faked, but the shock to the other everyone in the hall was real!

“Twenty new standard Spirit Armaments! Twenty!”

“My Goodness, the amount involved in this deal is probably several millions!”

“The luck of the Cloudy Qilin Clan is also very good, they won such a big deal!”

“How can this be called luck? Madame Li relies on her strength!”

“That’s true as well, isn’t it great luck that Young Master Li can marry such a talented and beautiful lady?”

“Wait until your talent and strength surpass that of Young Master Li, then say that again!”

The exclamations came one after another, and Grandmaster Xiao nodded again and again. This competition was also a major event for Empyrean Fox Continent’s Sky Gem Glass Chamber. It was able to cause such a sensational effect, which made him very satisfied.

After everyone was talking about it, he raised his hand to signal everyone to be quiet.

“Alright, today’s competition is over, congratulations to the Cloudy Qilin Clan for winning this deal, please ask Madame Li and the two Divine Generals to come to this old man tomorrow to discuss specific cooperation matters, and the others should go back to rest early!”

Hearing this, Li Yuntao and Li Yunhai stood up with joyful expressions on their faces.

Although today because of Li Leyun’s relationship, the Cloudy Qilin Clan has become the laughing stock of the onlookers, but aside from the gossip about two women fighting for one man, the Cloudy Qilin Clan was actually the biggest beneficiary today.

The first and second places in the competition belonged to the Cloudy Qilin Clan. Even if Li Leyun annoyed Grandmaster Xiao, the Cloudy Qilin Clan still took the business into their pockets.

Just when the two came up and wanted to talk to Grandmaster Xiao in detail, suddenly, a voice came from beside them.

“Grandmaster Xiao, wait a minute!”

### **Chapter 3429: The True One (1)**

At this time, everyone thought that the dust had settled, but suddenly someone stood up.

Hearing this voice, many everyone had already reached the gate, and they all stopped and turned their heads, wanting to see what happened next.

Grandmaster Xiao saw the speaker clearly and was very surprised, "Madame Li, you .."

Huang Yueli glanced at the two Divine Generals indifferently, and said, "Grandmaster Xiao, this junior takes the liberty to ask of you, why do you want to congratulate the two Divine Generals? When did I say that I would give this deal to the Cloudy Qilin Clan?"

Grandmaster Xiao's eyes widened, this time he was really shocked.

"What? You... what do you mean?"

The two Divine Generals frowned and looked at Huang Yueli suspiciously. After seeing the extremely indifferent expression on the face of that amazingly beautiful girl, both of them suddenly had a bad premonition in their hearts.

Sure enough, the words that left Huang Yueli's mouth made their hearts jolt.

"I mean, I didn't participate in the competition on behalf of the Cloudy Qilin Clan at all. Although I won the first place, this deal shouldn't be handed over to the Cloudy Qilin Clan!"

The expressions of the two Divine Generals suddenly changed.

"You... what do you mean? Do you want to distance yourself from the Cloudy Qilin Clan?"

"You are the Young Master's wife, do you still want to have the share of the entire pie?"

Huang Yueli looked at the two of them, and said with a half-smile: "Now you say that I'm Moying's wife again? Before, didn't you deny my marriage to him at all? Since in your eyes, I'm just a fool, a woman with no background, what kind of competition did I participate in outside, and what kind of business did I get, it doesn't seem to have anything to do with the Cloudy Qilin Clan, right?"

The two of them were at a loss for words.

After a moment, Li Yuntao said: "Lady Li, you are blaming us for saying this! We have never denied your intentions! Anyway, you followed our Young Master in the lower realm, that is the Young Master. How could the woman of yours be without a name? Don't worry, the family will never let you suffer any loss!"

Li Yunhai also said: "That's right, Lady Li, you have made a contribution to our Cloudy Qilin Clan today. We will report these things to the Patriarch and win the appropriate reward for you."

Huang Yueli slightly raised the corners of her mouth, and there was a bit of coldness in her smile.

"It's really deserving to be Divine Generals. You speak with such articulate skills. Your words are many times better than Young Miss Li! You won't let me suffer a loss, but I would really like to know, may I know your plan to not let me suffer any loss?"

"This..."

The two were at a standstill again.

To let Huang Yueli be the Concubine, in their opinion, was a righteous and just reward but it was not suitable to say it on such an occasion. After all, Huang Yueli had just made a big splash today, and many people were on her side.

Li Yuntao can only say vaguely: "This, when we report to the Patriarch, the family will naturally have a decision."

Huang Yueli sneered and said, "There's no need to trouble you. Anyway, I didn't intend to cooperate with the Cloudy Qilin Clan from the very beginning."

As a noble general, Li Yuntao was swept away by a young human race girl like this, his face changed suddenly, and his whole body became cold.

"Lady Li, do you think you can use such a deal to coerce the Cloudy Qilin Clan to make concessions to you? Let me tell you, although this deal can generate millions, but for the Cloudy Qilin Clan, it is just a drop in the bucket! It's nothing at all!"

### **Chapter 3430: The True One (2)**

Huang Yueli heard the words and just smiled, "Divine General really thinks too much, I never thought of threatening the Cloudy Qilin Clan, and I also know very well that with my ability, it is impossible to bargain with the Cloudy Qilin Clan."

When Li Yunhai heard her say that, he secretly heaved a sigh of relief, thinking that Huang Yueli would soften after they threatened her.

He softened his tone and said, "It's good that you understand. I will treat it as angry words that were spoken just now and not hold them accountable. We all understand that you have grievances against Young Miss Leyun and it was just on a whim."

After he finished speaking, he looked at Huang Yueli with a smile, as if waiting for her to bow her head and admit her mistake.

Huang Yueli looked at his seemingly kind, but hypocritical expression, and knew very well in her heart.

The twin brothers had a tacit understanding of cooperation, one acts as the good cop, the other acts as the bad cop, wanting to use both hard and soft approach and in the end, forcing her to leave the deal to the Cloudy Qilin Clan!

This move can be said to be quite vicious. If she was really a young girl who did not know the ugliness hidden in the world, she may have obeyed their wishes under such pressure.

But unfortunately, they encountered Huang Yueli.

Huang Yueli hated being coerced by others the most, not to mention the remarks made by the two who wanted to make her a concubine already annoyed her.

She listened to the two Divine Generals quietly, and then replied unhurriedly: "I understand the good intentions of the two Divine Generals, but it's not enough, I'm not acting on my will. As you said, this

deal is indeed insignificant for the Cloudy Qilin Clan, so there is no need to be so persistent. Anyway, I've already given it a lot of thought and it's useless for you to say anything more."

Li Yunhai's complexion also changed suddenly!

He believed that he had condescended to talk to Huang Yueli, and he also promised her a lot of benefits, but she was so ignorant!

In such a short moment, she still insisted on refusing.

Li Yuntao snorted coldly and said in a bad tone: "Lady Li, you were given a choice to do it the easy way but you chose to do it the hard way! My brother is kindhearted and persuaded you yet you think we are really afraid of you and can't rule over you? Do you think that if you say that this deal does not belong to the Cloudy Qilin Clan, it really does not belong to the Cloudy Qilin Clan? Don't you forget that when you signed up for the competition today, you said that you came on behalf of the Cloudy Qilin Clan. It doesn't mean that if you want to deny it so arbitrarily, you can do so!"

Having said this, Li Yuntao turned to look at Grandmaster Xiao.

"Grandmaster Xiao, what do you say about this matter? As the esteemed Grandmaster of the Sky Gem Glass Chamber, you have always been fair and just. You have also seen what happened today. This little girl participated in the competition on behalf of the Cloudy Qilin Clan. Yet, now she is unwilling to hand over the deal to the Cloudy Qilin Clan, is it fine to go back on her word so simply? If all Spiritual Armament Masters are like this, who would dare to cooperate with your Sky Gem Glass Chamber in the future?"

Li Yuntao said this very rudely. If it was the usual, Grandmaster Xiao would definitely be very angry.

But at this time, he felt speechless and didn't know how to argue.

Because, even Grandmaster Xiao felt that Huang Yueli was a little wrong in this matter.

Although the Sky Gem Glass Chamber was famous for protecting their own, most of the time, it will support the Spiritual Armament Masters, but if they were obvious in the wrong, things will be difficult to handle.
