

Weaponsmith 3451

Chapter 3451: Happy Cooperation (8)

Huang Yueli shook her head quickly, "There's no such thing! He just sent me here! He's going back soon!"

As she explained, she saw that Li Moying was still motionless so she gently pulled on his sleeve.

"Alright, go back early, I'll go back on time in the evening, you don't have to come pick me up specially, it's a waste of your cultivation time..."

"I'll come pick you up!" Li Moying frowned slightly, interrupting her words.

Huang Yueli blinked, "I really don't need it, yesterday was just an accident, today..."

"I will come to pick you up!" Li Moying repeated again.

Then, before Huang Yueli could speak again, he raised her chin, brought her luscious lips closer, and gave a light peck.

"I'm leaving first! Today... I hope no one will disrespect my wife again!"

He glanced at Grandmaster Xiao and a few members of the Black Tortoise Clan with a warning, before turning around and getting into the carriage.

Huang Yueli came back to her senses, and a faint blush appeared on her face.

This man really... actually kissed her in front of so many people! And even said such words!

Grandmaster Xiao treats her pretty well?

Having said that, the corners of Huang Yueli's mouth were still upturned.

Grandmaster Xiao was so angry that his beard flew up, but after looking at Huang Yueli, he didn't say anything. He just snorted twice, turned around and left, "Follow up, I have a lot of things to confirm today!"

Grandmaster Xiao led them into a well-decorated reception room in the backyard. The walls of this room were painted with layers of soundproof formations, which was enough to see how much Grandmaster Xiao attached to this negotiation.

After everyone was seated, Xuan Qingling looked around and asked strangely, "Grandmaster Xiao, may I ask... Young Master Li, who drew the maps of these Spirit Armaments... why isn't he here? When will he come?"

Xuan Zifan also said: "Exactly, I have heard people say that this time the twenty illustrations were drawn by this talented young Spiritual Armament Master, and I have long wanted to meet him. I thought we could meet him at the competition but I didn't expect that he did not show up. Today is just a negotiation, to confirm the details of the cooperation, he should come? "

When Grandmaster Xiao heard this, there was a trace of embarrassment on his face.

“This... I can only disappoint you. This old man also thought that Young Master Li would come over today, but who knows, just a quarter of an hour ago, he sent someone to send a letter to the old man, saying that something cropped up today and he is unable to come. He also mentioned that this old man should sign a contract with you on his behalf. He also sent his own Spirit Armament badge as a guarantee.”

As Grandmaster Xiao said this, not knowing whether it was intentional or not, he glanced at Huang Yueli. Immediately, he took out a badge from his sleeve and swiped it on the special mechanism, revealing the name of the badge owner.

“Li Yuehuang, junior Spiritual Armament Master...” Xuan Qingling read it out in a low voice, and a look of shock flashed across her eyes, “He’s actually only a junior Spiritual Armament Master, and about the same age as me! This... This is too shocking! This is no ordinary young man!”

In the realm of the gods, at the age of thirty he has only just reached adulthood. To be able to become a full-fledged Spiritual Armament Master at this age was quite outstanding.

However, he could actually improve so many kinds of standard Spirit Armaments and even directly created a new method of refining!

Such an achievement was simply incredible and unimaginable.

Chapter 3452: The Witty Grandmaster Xiao (1)

Grandmaster Xiao put away the badge of the Spiritual Armament Master and sighed: “Young Master Li’s talent is not just what you see on the surface, he is indeed an amazing person! It’s just that his temper is a little eccentric, sometimes even this old man have been played around by him, and I don’t know how to respect the old and the wise! In short, please bear with me!”

The people of the Black Tortoise Clan waved their hands again and again, saying that they were not in the way.

“Real geniuses have a bit of temper. This is really normal!”

“Isn’t it? It’s just that I didn’t get to meet Young Master Li in the end, so I’m still a little disappointed...”

“A genius like Young Master Li, who has achieved such achievements in armament refining at a young age, will definitely be a top Sky Gem Grandmaster again in a few decades!”

Grandmaster Xiao nodded and said, “In terms of achievement in spirit art, he will definitely be above the old man in the future! It’s this kid who really makes people worry! It’s unreliable, completely unreliable!”

Huang Yueli was so sweaty that she didn’t even dare to say a word.

Grandmaster Xiao is so resentful to her, so persistently and desperately complaining about her!

Although, she is indeed a little bit unreliable...

Well, she is very unreliable, and she has pushed Grandmaster Xiao out of the tank several times, but, isn't she a last resort...

Fortunately, although Grandmaster Xiao has a lot of resentment, he is still very responsible.

After a few chats, and after confirming that the designer of the map would not appear, Xuan Zifan quickly entered a state of negotiation.

He took the initiative to take out a sample contract drafted by the Black Tortoise Clan and handed it to Grandmaster Xiao.

"This is the cooperation condition proposed by our Black Tortoise Clan. Grandmaster Xiao, please take a look first."

Huang Yueli had not seen it either, and Xuan Qingling also handed her a copy.

Huang Yueli skimmed over it roughly and found that the terms were quite reasonable.

After deducting the cost of the jade quartz obtained from the sale of these improved Spirit Armaments, the profit was divided into ten shares.

When Xuan Zifan saw that Grandmaster Xiao had almost seen it, he explained: "How the 60% of the money is distributed between Young Master Li and Grandmaster Xiao is none of our Black Tortoise Clan's business. Of the 40% of our Black Tortoise Clan's profits, we will take out one-fifth to Young Miss Li, as a reward for Young Miss Li winning this business for us."

As he said that, he looked at Huang Yueli, "Young Miss Li, I also know that this income is a little less for you. Without you, our Black Tortoise Clan would not have been able to get this deal! To manufacture so many Spirit Armaments, we also have to use a lot of family resources, and many relationships in the clan must be settled, please forgive me."

When Huang Yueli heard this, she was quite satisfied.

She didn't plan to split the money from the Black Tortoise Clan. After all, this business was originally hers, she gave it to herself, don't get it too easily!

However, the Black Tortoise Clan was very knowledgeable, and they even offered her money.

One-fifth of the profit is actually not low, because she doesn't have to do anything, just take the money! It's just a competition. Compared with the large amount of work that Black Tortoise Clan need to complete to produce Spirit Armaments, it can be said that it is not worth mentioning.

Moreover, Xuan Zifan did not have the air of a Dao Profound Realm, and he spoke very politely, she really had nothing to object to.

Chapter 3453: The Witty Grandmaster Xiao (2)

Huang Yueli nodded, "Elder Xuan is so polite, then we'll do as you said!"

Xuan Zifan smiled, then turned to look at Grandmaster Xiao again.

Huang Yueli was also waiting for Grandmaster Xiao's reply.

Originally, Huang Yueli was a little worried about leaving the negotiations to Grandmaster Xiao. After all, Grandmaster Xiao was old and a little stubborn, so he might not know how to adapt.

However, now that the Black Tortoise Clan was so straightforward, the conditions were quite reasonable. This matter was simple, Grandmaster Xiao only needed to nod his head and it would be over.

A few people looked at Grandmaster Xiao, but Grandmaster Xiao seemed to be unaware of their gaze. He was slowly flipping through the pages, and he read it over and over several times. He was not in a hurry at all.

After waiting for a while, he put down the contract in his hand.

"Elder Xuan, your contract is really a bit unkind, isn't it?" Grandmaster Xiao said, dissatisfied: "According to the old man, this profit distribution should be at 30% and 70%, you're 30%!"

Hearing this, Huang Yueli opened her mouth wide and looked at Grandmaster Xiao in surprise.

She was also worried that Grandmaster Xiao was always confused, but she didn't expect that Grandmaster Xiao was more powerful than her, and this bargaining power was really amazing!

The share of thirty and seventy!

Even Huang Yueli herself was too embarrassed to say that.

Huang Yueli has always been very rude to people who have offended her, but she and the Black Tortoise Clan are serious partners and want to have a good relationship. In this case, she feels that four or six is a comparison. reasonable distribution.

Unexpectedly, Grandmaster Xiao is so cruel!

Sure enough, Xuan Zifan also felt a little unhappy.

He sat up straight and said sternly: "Grandmaster Xiao, what do you mean? I think I have given enough sincerity. In this contract, we have considered all aspects of cooperation, even the distribution of profits. The ratio is also well thought out. When other Spiritual Armament Masters cooperate with major forces, the party who provides the map usually gets 40% to 50% of the profit. We gave 60% this time, which is already very large proportion."

After listening, Grandmaster Xiao, he nodded and said, "This old man also knows that 40% to 50% of what you said is indeed the current market situation."

Xuan Zifan breathed a sigh of relief when he heard the words, "Grandmaster Xiao, it's good that you know about this situation. I've also heard that you have always been fair, so you shouldn't deliberately embarrass us about this, right?"

Grandmaster Xiao twisted his gray beard and said, "However, this old man insists that the profit distribution must be divided 30% and 70%!"

Xuan Zifan immediately frowned, "Grandmaster Xiao, you are..."

Grandmaster Xiao said to him: "What you said is only for ordinary Spirit Armaments. The illustrations that Young Master Li took out this time are unique! Don't look at it as a low-level Spirit Armaments, but there are several that have reached the level of advanced Spirit Armaments! Moreover, the cost of refining is also very low."

Xuan Zifan said: "Grandmaster Xiao, we also admit what you said. Therefore, 60% of the profit has been given, which is very high. After all, this is only a low-level Spirit Armament..."

Grandmaster Xiao waved his hand and interrupted him again.

"You still don't understand! Young Master Li's Spirit Armaments were made with a brand-new refining method! Do you know what this means? It means that even if the finished product leaks out in the future, your competitors will not be able to copy it!"

Chapter 3454: The Witty Grandmaster Xiao (3)

Xuan Zifan had no choice but to nod when he heard his words, "You are indeed right, but... our Black Tortoise Clan refines Spirit Armaments, and the cost is not low. If you directly split 70% of the profits, what else do we earn?"

Grandmaster Xiao said with a disapproving smile: "You guys think that you don't earn enough, so you can raise the selling price a little bit more! Since no one can imitate these Spirit Armaments, then you are the only supplier! When the time comes, you'll know how popular it'll be! It's a little more expensive, but there's bound to be many people rushing to get it!"

She had to admit that Grandmaster Xiao was indeed very knowledgeable about buying and selling Spirit Armaments.

Xuan Zifan pondered for a while, and finally nodded with a wry smile: "Grandmaster Xiao, you are indeed shrewd enough, I can't win you in words! Since this is the case, the profit distribution plan can be modified as you said, but can the number of Spirit Armament be increased as appropriate? Only a hundred pieces of each type of Spirit Armament can be produced, which is too small! To be honest, there are more than a hundred juniors in our family who want these Spirit Armaments!"

Grandmaster Xiao shook his head, "This is not negotiable."

Xuan Zifan was suddenly a little unhappy, and his tone became a little more serious, "Grandmaster Xiao, you can't be like this. Our Black Tortoise Clan has already made such a big concession, and you also have to take a step back. This is the sincerity of doing business."

Grandmaster Xiao sighed, "It's not that this old man refuses to promise you, but the allied armies only agreed to let Young Master Li refine a hundred pieces and sell them privately. If this quantity is too large, it will be known to the allied armies, and it will be difficult for us to explain to the allied armies. After all, we are just small Spiritual Armament Masters, and we are alone, different from a big family clan like yours!"

When Huang Yueli heard this, her eyes widened immediately.

I'll be damned!

This was really unexpected!

Grandmaster Xiao, who usually looks serious and upright, not only knows how to negotiate, but also speaks at such a level.

Officially, they had made their stance. However, the Black Tortoise Clan has a great background and power hence the allied armies would not fault them because of these trivial things. Since they don't have enough, so let them figure out how to do it themselves?

Anyway, Grandmaster Xiao made up his mind to pretend to be innocent.

This trick was too insidious and too cunning!

However, from Huang Yueli's perspective, she naturally couldn't help applauding Grandmaster Xiao in her heart.

Xuan Zifan, who is a wise man, immediately understands it.

"I understand what Grandmaster Xiao means. Since this is the case, I have no other opinion. Let's act according to the content of the contract."

Grandmaster Xiao also nodded and said, "That's how it should be! Elder Xuan is so sensible, presumably, our cooperation will be very pleasant!"

The two sides, represented by Xuan Zifan and Grandmaster Xiao, signed their names on the contract.

Huang Yueli watched from the side, excited inside.

This was the first big deal she made in the God Realm, and it was very memorable.

Although it is restricted by various aspects, the profit of this business has not reached the maximum, but after experiencing the impoverished life when she first arrived in the God Realm, Huang Yueli was still very excited to be able to get such a sum of money now. .

After signing, Grandmaster Xiao invited them to stay for lunch.

Chapter 3455: The Witty Grandmaster Xiao (4)

During the banquet, Grandmaster Xiao was full of curiosity about Huang Yueli, and the topic kept revolving around her.

"Madame Li, did you learn your armament refining in the lower realm? I heard that the armament refining in the lower realm is very different from that in our God Realm. Even after arriving in the God Realm, many famous Armament Masters from the lower realm take decades of hard work but still can't become an official Spiritual Armament Master! You are quite talented..."

Huang Yueli smiled and said: "This is also a coincidence, the refining techniques I learned in the lower realm seem to be not much different from those in the God Realm, so I have read a few books of the

God Realm myself, and I have learned a lot. Speaking of which, this is really my luck... By the way, today thanks to the blessing of Elder Xuan, I also made a fortune, I toast to you!"

Huang Yueli didn't want the topic to keep spinning around her, so after a brief explanation, she raised her glass and wanted to change the topic.

Xuan Zifan had a drink with her and was also in a good mood, and praised Huang Yueli well.

"It's all thanks to Madame Li this time! Don't worry, our Black Tortoise Clan will take your favor. If you encounter any trouble in the future, the Black Tortoise Clan will definitely stand by you!"

Huang Yueli smiled and said, "Then I will thank Elder Xuan first."

Elder Xuan nodded with a smile, and began to talk about the arrangement of the Black Tortoise Clan for this business.

Just as Huang Yueli breathed a sigh of relief, she heard Grandmaster Xiao turn the subject back to her.

"By the way, the old man just remembered that Young Master Li of our Sky Gem Glass Chamber is also a Spiritual Armament Master who has ascended from the lower realm, and the ascension time is not long. I really didn't expect that all the Spiritual Armament Masters in the lower realm are so talented now. , it really makes this old man both shocked and admired..."

Xuan Qingling had been sitting by the side silently eating vegetables, but when she heard this, she looked over curiously.

"Young Master Li? Which Young Master Li? Grandmaster Xiao, you are talking about Young Master Li who drew the illustrations of these Spirit Armaments!"

Grandmaster Xiao nodded and said, "Isn't that right? Young Master Li is still a cultivator from the lower realms. I didn't expect that his Spirit Armament refining technique was unique, and the power of each type of spiritual Spirit Armament was improved by his unique technique. So much! It's hard to imagine."

Xuan Qingling said thoughtfully: "This Young Master Li is really an amazing person! It's a pity that I haven't seen him when I came to your place several times."

Grandmaster Xiao laughed and said meaningfully: "This is not necessarily, maybe, Young Miss Xuan's luck is much better than others, and there will be many opportunities in the future to discuss spirit art with Young Master Li. "

Xuan Qingling also showed a smile, "I hope so! If there is a chance to see Young Master Li, Grandmaster Xiao must remember to notify me!"

"Haha, this is a trivial matter, it's a small effort!"

Listening to the conversation between the two, Huang Yue jumped inwardly.

For some reason, she always felt that Grandmaster Xiao seemed to have something to say today.

Could it be that he actually saw her true identity?

But, doesn't it make sense? Her disguise was seamless, except for Li Moying, who is very familiar with her breath, it should be impossible for others to see through it.

However, the various reactions of Grandmaster Xiao today are really too abnormal...

Fortunately, Grandmaster Xiao started to chat with Elder Xuan the next moment.

Chapter 3456: The Witty Grandmaster Xiao (5)

This was a long lunch and by the time it was over, it was already approaching evening.

Seeing that it was getting dark, Xuan Zifan and Xuan Qingling got up to say goodbye.

Huang Yueli hesitated for a while, thinking about whether to go back by herself.

There was still half an hour before her appointment with Li Moying. It is estimated that Li Moying has not arrived yet, but if she goes back by herself, she is afraid that the arrogant man will get angry with her again.

Coaxing her husband may be interesting at times, but it doesn't mean that they should quarrel every day.

Just when she was hesitating, Grandmaster Xiao suddenly said, "Madame Li, can you stay for a bit? I have something to ask you."

When Grandmaster Xiao said this, Huang Yueli couldn't say no, so she could only stay.

As soon as Xuan Zifan and Xuan Qingling left, Grandmaster Xiao snorted coldly.

"Madame Li, Young Master Li! You are good, isn't it interesting to play this old man?"

Huang Yueli actually had a hunch for a long time, and it wasn't particularly surprising to hear this.

However, seeing that Grandmaster Xiao was so angry, she still pretended to be shocked, "Xiao...Grandmaster Xiao, how...how did you know? I thought..."

"Do you think you've hidden it well?" Grandmaster Xiao glared at her and said angrily.

Huang Yueli laughed dryly, "Grandmaster Xiao, this... I actually didn't intend to hide it from you, but I also have my own difficulties, and this is a last resort."

Grandmaster Xiao said displeased: "What troubles can you have? You are incredible! Not only are you the genius Spiritual Armament Master that's rare in the God Realm, but also the fiancée of the Young Master of the Cloudy Qilin Clan! Oh, yes, this old man even heard that according to the news from Blessed City, your cultivation is also very good! I heard that even the heavenly genius Lan Mengqing of the Empyrean Fox clan was defeated by you, and you even killed the Sky Devil?"

When Huang Yueli heard this, she finally understood.

She was still wondering why Grandmaster Xiao suddenly saw through her identity.

Now that I think about it, it should be that Grandmaster Xiao knew the military generals in Blessed City, and that she made military achievements in killing Sky Devil Ruixuan in Blessed City, and easily defeated Lan Mengqing's deeds.

At that time, when she was in the allied armies camp, she hadn't thought about concealing her identity, so the name reported to the god guard Li Yukun at that time was also Li Yuehuang.

After all, it was a name she was used to, and she was too lazy to change it.

Therefore, if the allied armies had checked carefully, of course they would have known that her name was Li Yuehuang.

And Grandmaster Xiao here also knows the name Li Yuehuang. If the two names are compared, and combining the fact that she disappears at every turn, the two Li Yuehuangs have never appeared at the same time...

It can be said that as long as people are not too stupid, they will have doubts!

Take a closer look, and it's not hard to come up with the truth!

Understanding this, Huang Yueli secretly breathed a sigh of relief.

Originally, she was worried that her identity would be exposed to everyone, so the scene she did yesterday would become a joke.

However, apart from Grandmaster Xiao, the people who know the genius of Sky Gem Glass Chamber "Li Yuehuang" and the people who know Young Master Li's wife "Li Yuehuang" are not the same group as above.

Besides, there are many people in the allied armies, and they have no idea what the name of Li Moying's wife is.

Although she once reported Li Yuehuang's name, many people only see Li Moying in their eyes.

Chapter 3457: The Witty Grandmaster Xiao (6)

In their eyes, she was just Li Moying's wife.

This situation originally made Huang Yueli very unhappy, but now, it has become an important blindfold for her to hide her identity.

Huang Yueli's thoughts started turning and she went through the cause and effect in her mind.

She shook her head helplessly and said, "Grandmaster Xiao, don't think about it, my husband is the Young Master of the Cloudy Qilin Clan. If the Cloudy Qilin Clan knew that I was the one who did the illustrations, they would definitely force my husband to make me hand over the illustrations, or give them the business, and I just don't want to give it to them! Otherwise, I won't hold any public competition and I'll just show the illustrations to my husband!"

Grandmaster Xiao was originally righteous and had questioned her.

But after listening to Huang Yueli's explanations, he felt that it was quite reasonable, and the expression on his face relaxed a bit.

"Speaking of which, it's true. If the Cloudy Qilin Clan knew that you had such a high talent for Spirit Spirit Armaments, they would definitely put unimaginable pressure on you, tying you to the Cloudy Qilin Clan at all costs and asking you to give them the illustrations!"

Having said this, Grandmaster Xiao paused again, frowned, and said inexplicably: "No, why don't you want to give the illustrations to the Cloudy Qilin Clan? Although it seems that the Cloudy Qilin Clan has a bad attitude towards you now. However, if they know that you are a genius of armament refining that is rare in ten thousand years, their attitude will definitely be different! By the way, if you can defeat Lan Mengqing, it means that you are at least a genius in martial arts! You have such a talent, even marrying Young Master Li is enough!"

"As for the fact that you don't have a family behind you, and you don't have enough identity, it depends on your talent in Spirit Armament. This old man reports to the President, and the entire Sky Gem Glass Chamber can stand behind you as your background! We Sky Gem Glass Chamber can stand behind you. Although the pavilion is not strong in force, none of the major God Clans dares to offend us."

After listening to him, Huang Yueli just shook her head.

"Grandmaster Xiao, I understand what you mean, but things are not as simple as you think. The ancient gods have been inherited for millions of years, and the internal relations are complicated. It is said that the daughters of many branches of the Cloudy Qilin Clan want to marry my husband, they represent the interests of their own branch behind them, and it is definitely not something that an outsider like me can shake! Even if I am talented, it will be the same!"

Although Grandmaster Xiao doesn't like power and tricks, he has a lot of experience, and he has somewhat heard of the secrets within these big families.

He nodded, "What you said makes sense. If Young Master Li is not the future Patriarch of the Cloudy Qilin Clan, then it's alright to say that now it is about the vital interests of the major branches, and I'm afraid no one will give in easily!"

Huang Yueli said again: "Besides, the Cloudy Qilin Clan has coerced me several times, and used various means to deal with me. Why should I bow down to please them, begging them to let me in? It's ridiculous! I absolutely I wouldn't do such a thing!"

Grandmaster Xiao was stunned for a moment, looking very surprised.

"This..."

He didn't expect Huang Yueli to be so hard-hearted, he frowned for a while and then said: "Madame Li, it's good for young people to have backbone, but, why are you... Leaving the Cloudy Qilin Clan together? Forgive the old man to say it bluntly, this is really worth the loss, the resources of the ancient gods are not what you can imagine, and Young Master Li will not be willing to give up!"

Chapter 3458: The Witty Grandmaster Xiao (7)

The corners of her lips curled up as she shook her head slightly, "Grandmaster Xiao, you are mistaken! I never planned to let my husband leave the Cloudy Qilin Clan with me..."

"Then you are..." Grandmaster Xiao was puzzled.

Huang Yueli said slowly, "I will definitely let the Cloudy Qilin Clan beg me to be the Madame of the clan!"

"You..." Grandmaster Xiao was stunned.

He really never thought that Huang Yueli would have such big ambitions!

In his opinion, although Huang Yueli was good enough, it was still too insignificant in the face of such a big family as Cloudy Qilin Clan, which has been passed down for millions of years.

Even if she tried her best to please everyone in the Cloudy Qilin Clan, it would be very difficult to marry into Li Moying's wife. Not only luck, but also Li Moying's determination to marry her!

However, Huang Yueli didn't care about such an approach at all!

For a while, Grandmaster Xiao didn't know what to say.

He wanted to say that this is impossible, let Huang Yueli calm down and stop dreaming.

However, facing Huang Yueli's delicate and perfect face, he opened his mouth, but was speechless.

I don't know why, Huang Yueli seems to have a kind of power in her body, which makes people involuntarily want to believe in her, and believe that no matter what kind of miracle, it is possible to happen to her!

"Hey, since you're so confident, this old man can only wish you all the best! Don't worry, in terms of business, this old man will help you keep an eye on it a little more. Xuan Zifan is a reliable person I've met before. There shouldn't be much of a problem with this business."

After a long while, Grandmaster Xiao came back to his senses.

Huang Yueli nodded, and suddenly the conversation changed, "This time the deal has been successfully negotiated, thanks to your help! I don't know how I can thank you. In the profit, the 20% belongs to you."

Grandmaster Xiao was stunned for a while, then waved his hands again and again, "Oh, this is impossible! 20% of the profit! This is too much! The old man didn't help you, he just organized a competition and casually haggled the price. For this deal, the real valuable illustration was done by you! If you want to thank the old man, just give a few hundred thousand crystal jade!"

Huang Yueli's generous hand really frightened Grandmaster Xiao.

What was the profit of 20%? That was an unimaginably large number!

Didn't you see the Black Tortoise Clan, who were responsible for refining and selling Spirit Armaments, only got 30% of the profits?

He was only in charge of the negotiation. Most of the conditions were pre-planned by Huang Yueli, and the result was 20% of the profit?

Although it is said that some people give away money for free, this is a great good thing, but if the pie that falls from the sky is too big, it will make people reluctant to accept it!

Huang Yueli knew what Grandmaster Xiao was thinking and smiled, "Grandmaster Xiao, don't worry, I won't let you take this jade quartz for nothing. I've planned to cultivate well for the past six months and participate in the Grand Meet in the God Realm in half a year, so I'm afraid there is not much time to stare at the Black Tortoise Clan. When the Spirit Armament officially begins to be refined, there are still many things, and I will need you to help."

Grandmaster Xiao was surprised, "You want to participate in the Grand Meet in the God Realm?"

He was dazed for a moment before he reacted, "By the way, your cultivation talent is also quite good! Maybe, you can achieve results in cultivation in the God Realm and become famous!"

Chapter 3459: The Secret Realm (1)

"The most important thing for the major families is the talent of cultivation. If you can really get a good ranking, maybe the Cloudy Qilin Clan will not object to your marriage with Young Master Li! No wonder you were so confident just now!"

The more Grandmaster Xiao said, the more excited he became, and his face even glowed red.

"Uh, this..."

Huang Yueli really didn't want to say that she was there for the ancient inheritance of the rewards of cultivation in the God Realm. As for what the Cloudy Qilin Clan would admit to after she became famous, she never thought about it.

There will be those thoughts that others will admit. To put it bluntly, they were still weak. Even if they were not weak in strength, they are also weak in spirit.

For a peerless genius like Huang Yueli, her innate strength was right there. No matter if she has cultivation skills in the God Realm, it will not disappear. Even if she deliberately hides it, she can't hide it, and it will be discovered by others one day.

So, she doesn't need to show off deliberately.

Otherwise, as long as she discloses that she is a god-level genius, she will shock the entire God Realm.

Huang Yueli smiled and didn't explain much, just said: "Grandmaster Xiao, you are so right! Then please pay more attention to the business. Before the God Realm meets cultivation, try to improve your strength as much as possible."

"That's what it should be! Young Master Li... Oh, no, Madame Li, you can go as far as you can. In business matters, this old man promises that nothing will go wrong!"

"Thank you very much!"

After Huang Yueli finished talking to Grandmaster Xiao, she saw that the time had come, so she said goodbye and left.

At the door, Li Moying was already waiting.

This handsome and innocent man stood beside the carriage with a cold expression on his face, and his expression softened until he saw Huang Yueli's slender figure appearing in front of him.

"You're obedient today, you know you have to wait for me to pick you up!" Li Moying gave her a sideways glance, a faint smile appeared in his mesmerizing eyes, which made her even more enamored.

Huang Yueli raised the corner of her mouth slightly, "I have promised to wait for you, how could I break my promise?"

Li Moying grabbed her wrist and pulled her into his arms. Before she regained consciousness, he placed a light kiss on the corner of her mouth.

Immediately, he supported her slender waist and put her on the carriage.

"Let's go, let's go home!"

...

After the deal was successfully negotiated, Huang Yueli suddenly became more relaxed.

After the illustration is handed over to the Black Tortoise Clan, they will organize their own hands to study and refine them.

However, Xuan Qingling would come to the door in person every other day and ask Huang Yueli some questions about the refining process of the Spirit Armament. After all, the twenty illustrations were all refined with a brand new method, even if Xuan Qingling had extraordinary comprehension, and it is impossible to completely control it by yourself in such a short period of time.

During this period, neither Li Leyun nor the two Divine Generals of the Cloudy Qilin Clan appeared again.

Once, Huang Yueli asked Li Moying about their situation.

Li Moying just snorted coldly, "The day you argued with them, I asked them to leave Medial Arch City."

"Leave? Are they willing to leave like this?" Huang Yueli was quite surprised.

Li Leyun was nothing, the two brothers Li Yuntao and Li Yunhai were probably not so easy handle. The two dignified six-star Divine Generals will not be frightened and run out of the city just because of a threat from Li Moying!

Li Moying glanced at her, "The two Divine Generals are in a hurry to report your matter to the Cloudy Qilin Clan Patriarch. Even if I want to keep them, I'm afraid I won't be able to keep them!"

Chapter 3460: The Secret Realm (2)

"Ah, so that's the case..." Huang Yueli was stunned.

She should have offended Li Yuntao that day. She felt that it was a little strange before, because Li Yuntao didn't seem to have any reaction at all, and he never bothered her again after that.

Now it seems that it's not that they didn't hold any grudges, but they knew that they couldn't get through Li Moying here, so they simply went back to Cloudy Qilin Clan to complain!

Li Moying lightly tapped on the table with his fingers, and said in a low voice, "However Li'er, don't worry, no matter what they say back at the clan, no one can hurt you. I will be responsible for handling the matter, and what happened at Grandmaster Xiao's manor last time will not happen again."

Huang Yueli raised her lips into a smile, "I know, I'm not worried about anything. I'm just thinking, won't you be going back to Cloudy Qilin Continent?"

Li Moying shook his head, "I want to go back but I'm going back with you. I don't want to be separated from you again, not even for a few days! So, only after I deal with Cloudy Qilin Continent's matters properly then we'll head back together."

"I'm fine, but, in this way, you won't be able to get the family's resources? Will it affect your ranking in the God Realm's Grand Meet?" Huang Yueli was a little worried.

Speaking of which, Li Moying was a god-level genius, and his talent was second to none in the entire God Realm.

However, on the other hand, this was also a huge pressure.

Li Moying must and can only be the first place. If he doesn't get the first place, everyone will question the extent of his efforts.

The God Realm Grand Meet was open to everyone under the age of fifty. Compared with these so-called "younger generations", Li Moying's age was really too young! The years of cultivation he had were even shorter, and even the time spent cultivating in the God Realm has only been a year.

This disadvantage was also very obvious. Therefore, if Li Moying wants to win the first place, it was still a challenge and he must prepare well.

Li Moying knew what she meant, but just shook his head and smiled, "You forgot? I told you last time that I found a map to the ancient secret realm, and I am going with you for to gain some experience? That secret realm in the God Realm is also rarely opened once, and it is impossible to enter without a map, and there must be a lot of treasures and opportunities hidden in it."

Huang Yueli's eyes lit up immediately when she heard his words.

"I remember that you mentioned this, but didn't you say that there's still some parts on the map that need to be further deciphered before you can ascertain the exact location? How is the situation now?"

Li Moying held her hand out, took out the scroll made of cowhide from the interspatial ring, and handed it to Huang Yueli.

"During this period of time, while you were busy making money by refining armaments, I checked some classic books, deciphered most of them, and successfully found the location of the secret realm. This

secret realm is not far from the Emyrean Fox Continent, and it is about seven or eight days of travel via the spaceship.”

Huang Yueli took the scroll, couldn't wait to spread it out, and looked at it carefully from top to bottom.

Li Moying looked at her getting busy with a flushed face while full of concentration, her long eyelashes fluttering up and down. She looked gentle and beautiful and for a while, he was mesmerized as he stood there staring at her.

“Husband, husband? What are you thinking?”

Huang Yueli's voice rang in his ears.

Li Moying finally recovered, “What's the matter? Little Li'er? Have you finished studying it?”
