

Weaponsmith 3481

Chapter 3481: Kill Them (4)

He didn't dare to tarry any longer, and hurriedly told them what he knew.

"This... I have never seen this girl before, but this morning, I just saw an extremely handsome man! He is really handsome. There are so many people in Forest Shade Town usually but I have never seen a person who is as handsome as him! However, I have not seen the beauty you mentioned. That beautiful man led five people, one of whom was very ordinary, but walked hand in hand with another beautiful man. Many people have seen..."

"Holding a man's hand?" Huang Fuzhao narrowed his eyes, turned to look at Huang Sanbai, "What's going on? Didn't you say that Li Moying has a very beloved wife? He even has the habit of liking men?"

"What? Liking men? That's impossible!" Huang Sanbai was also very surprised.

Li Moying's wife was Huang Yueli, a god-level genius of their Sacred Phoenix Clan! This was a secret that only he knows.

With Huang Yueli's talent and beauty, it was absolutely impossible for Li Moying not to like her but to like men.

Besides, it was impossible for a proud girl like Huang Yueli to allow her husband to do this, not even if he was the Young Master of the Cloudy Qilin Clan!

Huang Sanbai was stunned, and immediately realized, "I know, the man holding hands with Li Moying is his wife! Probably because he was afraid that his wife's beauty would cause commotion, so he deliberately changed her face!"

"That's reasonable..." Huang Shuangyu mused.

"It shouldn't be wrong. Young men with such handsome looks are rare. Young Master Li's appearance is absolutely unforgettable, and he happened to enter the town today, so it can't be wrong!" Huang Sanbai added.

Huang Fuzhao nodded, then turned to the waiter, "Do you know where they went?"

Although the waiter was confused, he also knew that he couldn't afford to offend these people, so he didn't dare to ask more questions, so he could only answer honestly.

"They asked about the situation of the jade quartz mine near here, and they seemed to be looking for the mine. Moreover, they seemed to be in a hurry, and the little one told them that there was a black market soon, and they didn't stay after asking about the situation of the mine and they left the town."

"What?? What did you say? They've already left the town??" Huang Sanbai was taken aback and called out!

The waiter was taken aback by his excited reaction, took a few steps back, and said, "That's right... that's right! I think they left the restaurant, and that direction is to leave the town."

“How is it possible? They didn’t come to the black market to trade??” Huang Sanbai still couldn’t believe it.

Huang Shuangyu also gave him a strange look, “Third brother, what’s the matter with you? As Li Moying, it’s not surprising that you don’t like things in such a small market, right?”

Huang Sanbai barely suppressed the trembling notion in his heart, “It’s alright, I... I just think it’s a little strange, if it’s not for business, what is he doing here? It doesn’t mean he’s really here to find mines, right?”

He concealed his gaffe, but he was still extremely irritable.

He thought he could kill Li Moying and Huang Yueli here! Didn’t expect that they would not stay in the town at all!

Although it is not difficult to kill people in the Wilderness Lands, the problem is that you have to find someone.

If Huang Shuangyu and Huang Fuzhao find him first, then there will be big trouble!

He has to think of a way...

Chapter 3482: Kill Them (5)

“That’s true. Could it be that Li Moying was really kicked out of the Cloudy Qilin Clan?” Huang Shuangyu was puzzled.

“It’s hard to say. However, the Cloudy Qilin’s people are not that stupid, are they?” Huang Fuzhao also frowned.

Several people asked the waiter a few more questions, but they were still to no avail.

The waiter himself believed that Li Moying and the others were looking for jade quartz veins. Naturally, they couldn’t provide more information.

In the end, Huang Fuzhao snorted coldly, “It seems that there is nothing to ask, then you can go!”

He glanced coldly at the waiter.

The waiter was so frightened that when he heard Huang Fuzhao’s order, he was immediately relieved, and hurriedly ran away.

Huang Fuzhao looked at his back as he left in a hurry, a cold light flashed in his eyes, and his fingers moved slightly...

At this moment, Huang Sanbai grabbed Huang Fuzhao’s wrist, “Elder Zhao, be merciful!”

Huang Fuzhao didn’t expect to be obstructed by his companion. He didn’t check for a while, and his movements slowed down a bit. At this moment, the waiter had already turned around the dilapidated corner and ran out of sight.

“Elder Sanbai, what do you mean by that? That kid is just a scumbag of the human race. He dared to threaten this elder just now. There is no need to keep that little life!” Life is in sight.

Huang Sanbai smiled at him and reassured him: “Elder Zhao, although he is a small person, it is not a pity to die, but this Forest Shade Town is not an easy place. Who knows if this kid knows someone in the town? If any trouble is caused by his death, then there is no need!”

Huang Fuzhao snorted coldly and said, “So what? What kind of power can such a broken town have? Can it threaten us?”

Huang Sanbai shook his head and smiled, “That’s not necessarily the case! When the old man came in just now, he saw an inconspicuous shop nearby with a black shield engraved on the door...”

“Black shield? That’s... the insignia of the Dark Lord?” Huang Shuangyu was startled and interjected.

Huang Sanbai nodded and said, “That’s right, it’s the mark of the Dark Lord! The old man didn’t expect that this small Forest Shade Town is actually one of the strongholds of the Dark Lord!”

Both Huang Shuangyu and Huang Fuzhao changed their expressions.

The “Dark Lord” was the largest killer organization in the God Realm. According to legend, there’s more than one peerless powerhouse of the Life Profound Realm in the organization. Therefore, no one of the cultivators below the Fate Profound Realm can escape the hunt of “Dark Lord”!

As long as they can afford to pay extra, even if they are allowed to assassinate the Patriarchs of the major God Clans, it was not impossible!

Therefore, even if Huang Shuangyu and the others are the elders of the ancient god clan, and the real powerhouses of the Dao Profound Realm, they were still very afraid of “Dark Lord”.

Hearing that Forest Shade Town is the site of the “Dark Lord”, most of the contempt they had just now disappeared.

“It’s still because Elder Sanbai is careful enough. Since that’s the case, it’s better for us to keep a low profile.” Huang Fuzhao said with relief.

Huang Shuangyu also nodded and said, “It’s not that I’m afraid of these killers, but we have business to do, so there’s no need to cause more trouble.”

Huang Sanbai twisted his beard and said slowly, “Let’s discuss the next plan.”

He was the leader of the three. When it came to business matters, Huang Shuangyu and Huang Fuzhao both calmed down, staring at Huang Sanbai, waiting for him to speak.

Chapter 3483: Kill Them (6)

Huang Sanbai no longer beat around the bush and spoke directly as he analyzed: “According to what the waiter said, there are only six people travelling with Li Moying this time. Except for his wife who is disguised, the other four should be his guards. I have seen all of them before, they should all be at the Heart Profound Realm, and his wife should be at the middle stage of the Heart Profound Realm.”

“With this kind of cultivation, even if we add up to six of us, they are still not a match for any of us.” Huang Fuzhao sneered and said, “It seems that it is not difficult to kill them, the main thing is to find them!”

Huang Shuangyu also nodded in agreement.

Huang Sanbai sneered in his heart.

People who have never met Li Moying can easily have such a wrong judgment, thinking how much combat power can a cultivator in the Heart Profound Realm have? It was not enough for a Dao Profound Realm cultivator to waste his energy on!

Only when they actually fight each other will they know what kind of abnormal existence a god-level genius was!

However, Huang Sanbai already had a preliminary plan in mind at this time, so he didn't bother to correct their thinking, but instead said: “That's right, so let's mainly arrange a plan to find someone.”

Huang Shuangyu nodded and said, “Third Brother, you can arrange it!”

Huang Sanbai glanced at Huang Fuzhao, seeing that he had no objection, he was secretly happy.

However, he didn't show it at all, and he still looked calm and unhurried, “In this case, this old man will be straightforward. Now we don't know what Li Moying is here for. He may be looking for jade quartz mines. It is also possible to come to find someone nearby, but anyway, after he finishes what he wants to do, there is a high possibility that he will return to Forest Shade Town, because this is the only place in the vicinity that he can park his flying ship.”

After hearing this, the two elders nodded together, “That's right, what you said makes sense!”

Huang Sanbai said again: “So, among the three of us, there must be someone who stays in Forest Shade Town...”

Having said that, he paused for a moment, showing a bit of embarrassment, “This... this old man thinks that this town is a bit strange, maybe he can find out some news and help us find someone, so I'll be lazy and stay in the town, I am responsible for collecting information and waiting for people, I'll have to trouble Second Sister and Elder Zhao to find people outside Forest Shade Town.”

Huang Shuangyu and Huang Fuzhao looked at each other and frowned slightly, but after a short thought, they both nodded in agreement.

“Alright, it's no problem for us to go out and find someone!”

There must be someone to keep in the town. Huang Sanbai is better at dealing with outsiders than them, so it is understandable to stay here.

The three of them discussed for a while, and after confirming some other details did they finally found an inn to rest in.

As soon as Huang Shuangyu and Huang Fuzhao entered the inn, they went back to their room to cultivate.

They never expected that Huang Sanbai would sneak out after staying in his room for a while.

He once again found the waiter who was let go by him just now.

The waiter was a little nervous when he saw someone looking for him, but he was relieved when he saw that it was Huang Sanbai.

“So, it turned out to be you, Master... just now, thank you for saving my life...”

In fact, the waiter had also noticed Huang Fuzhao’s killing intent, and even heard the conversation between Huang Sanbai and Huang Fuzhao, knowing that he was about to be silenced!

Huang Sanbai sneered secretly. Just now, he said it so loudly on purpose, just to let the waiter hear it.

Chapter 3484: Kill Them (7)

Huang Sanbai still had on a kind and amicable smile on his face, “Young man, I still have a few questions that I need your help with. Can you please come out with me again.”

“Master, I’m happy to help!”

The waiter had already regarded him as a lifesaver, and without doubting him, he followed him and left without hesitation.

Huang Sanbai took him to a secluded corner, and immediately asked: “Do you still remember that at that time, besides asking about the jade quartz mine, did those six people ask you anything?”

The waiter said with a bitter face: “Master, I’ve have already talked about it just now, and other than them asking about the black market. I really can’t think of anything else!”

“Oh? They really didn’t ask anything? Do you still remember what they said at that time?” Huang Sanbai asked.

The waiter shook his head, with a blank expression on his face, “This... I have a bad memory, I really can’t remember...”

“In this case, only this old man can help you think about it!”

When the waiter heard this, his whole body trembled!

For some reason, he suddenly felt that this voice gave him a chill from the bottom of his heart!

Immediately afterwards, he suddenly felt that the amiable face of the old man in front of him suddenly became ferocious, and two red lights seemed to appear in his eyes...

The next moment, his head buzzed and he lost consciousness.

Huang Sanbai put one hand on the waiter’s forehead, his gray eyebrows were tightly knit together as he probed into the waiter’s mind with his spiritual sense, searching for his memory thoroughly.

All the things the waiter Dian encountered this morning formed a series of pictures, which flashed before his eyes one by one.

“It really was Li Moying who came! The man beside him... Tsk tsk, I never thought that such a beautiful woman like Huang Yueli would be willing to dress herself up like this...”

“Sure enough, they asked about the black market, and then asked about the jade quartz mine...”

When Huang Sanbai saw the end, he suddenly became agitated and woke up.

“Hmmm, he also mentioned the skeletons west of Forest Shade Town at the end... what’s in the west of Forest Shade Town?”

Huang Sanbai read the memory of the waiter’s shop several times, and his eyes became deeper and deeper.

Finally, as soon as he let go of his hand, the waiter’s body fell limply to the ground, his eyes were full of emptiness, as he stared into the distance in a daze.

Huang Sanbai didn’t even look at him, and muttered to himself, “Looking at the expressions of Li Moying and the others, I guess the place they are looking for is to the west of Forest Shade Town! For hundreds of years, a place where countless people died, he he, how could it be an ordinary place! Maybe it is some kind of secret realm of ancient cultivators! No wonder, even the Young Master of the Cloudy Qilin Clan condescends to come to this ghostly place...”

“Ha ha ha, even the Heavens are helping me! This time, not only can I kill the two scourges Li Moying and Huang Yueli, but maybe I can also enter the secret realm to make a fortune! Huang Yueli, Huang Yueli! Yueli, I really have to thank you very much!”

After Huang Sanbai figured it out, he turned around and was about to leave.

Halfway through, he suddenly turned his head again, took out a porcelain bottle from his arms, and sprinkled a handful of dark yellow powder on the waiter.

The waiter’s body then began to dissipate, turning into a puddle of foul-smelling liquid.

“Anyway, after being soul-searched, even if you live, you can only be a fool. This old man will give you a good release, so as to save you from staying in this world and suffer!”

Chapter 3485: Crisis (1)

On the other side, Huang Yueli and Li Moying led the four guards, and after leaving the Forest Shade City, they first walked about three miles towards the south.

After confirming that no one was following them, they changed direction in the dense forest and headed west.

In the dense forest of the barren land, there were all kinds of spirit beasts all around, as well as various poisonous gases and traps. Every step was challenging.

However, the six of them were all very experienced cultivators, and they had a map in their hands, so their speed was not too slow.

About fifteen or six miles away, Huang Yueli paused.

“Wait, let’s see what’s in front of us?”

Several people took a closer look, and found that there were several corpses by the side of the big tree in front of them, all of which had been completely shrivelled up, leaving only thick white bones, which looked particularly creepy.

Li Tianer cupped his hands and said, “Young Master, subordinate will go and have a look.”

Huang Yueli had been staring at the big tree from afar, not paying attention to the situation.

It wasn’t until Li Tianer came near the big tree that she suddenly reacted and shouted: “Wait, Brother Tianer, we can’t go any further, stop quickly!”

Li Tianer was startled and stopped quickly.

However, it was too late.

When he wanted to withdraw, he suddenly found that his legs were completely unable to move. No matter how hard he tried, he couldn’t move a single step!

“Tianer, you...your legs!” Li Tianyi gasped.

Li Tianer looked down and found that his legs had turned into stones. Moreover, the process of turning into stones had not stopped, and it was still spreading towards his upper body.

Even if it was Li Tianer who was well-informed and knowledgeable, his face had already turned pale with fright at this time.

“Young... Young Master, this... this... save... help!”

“Tianer, don’t move, I’ll save you...”

Li Tianyi and Li Tianer were brothers related by blood and they had a very good relationship. He no longer cared about any other thing, he just want to save his brother.

This time, Huang Yueli was faster as she grabbed him immediately and hollered, “You can’t go!”

“Madame, that’s my brother! Let go!” Li Tianyi flicked his sleeves suddenly, trying to shake Huang Yueli away, but he felt a strong force coming from his shoulders, restraining him. It hurt his meridians, making him unable to move anymore.

Li Moying’s voice came from behind him, “Didn’t you hear what Madame said?”

“But, Young Master, Tianer...”

Li Tianyi wanted to say more, but the petrification process of Li Tianer’s body was too fast. At this time, almost all of his body had turned into rock, no different from a stone sculpture.

If they didn’t know Li Tianer’s real appearance, no one would have imagined that the stone sculpture in front of him was a living cultivator just a dozen breaths ago!

This scene happened so quickly, the few remaining people all had horrific expressions on their faces!

Li Moying let go of Li Tianyi, and Li Tianyi slumped down onto the ground.

Huang Yueli took a deep breath and said, "Brother Tianyi, it's not that I want to stop you from saving your younger brother, but you can't do anything if you go over now! He's been invaded by evil qi! You just go over there but can't save him and in the end, you'll even end up like him!"

Li Tianyi also knew this truth, but he still couldn't accept such a result.

"But, my younger brother...is there really no other hope for him? Young Master, I beg you to find a way. He has always been loyal to you. You must save him!"

When Li Moying heard Li Tianyi's words, the expression on his face was still indifferent.

"Tianyi, don't be impatient. When did I say that your brother has no hope?"

Li Tianyi was stunned. After he realized his reaction, his legs softened and he knelt down in front of Li Moying. "Young Master, you have a way to save him, right? Please save him!"

Li Moying frowned slightly, "Get up first!"

However, Li Tianyi insisted on kneeling on the ground and refused to get up.

Li Moying raised his left hand slightly upwards, and Li Tianyi felt a peaceful, stable but extremely powerful profound force rising upwards from the bottom of his body.

He couldn't resist this force at all, so he could only stand up.

Li Moying met Li Tianyi's expectant gaze, and said lightly, "It's useless for you to beg me for this matter. There is someone else who can save your brother."

Li Tianyi's eyes widened, "Young Master, what do you mean...could it be..."

He turned his gaze to Huang Yueli who was standing next to Li Moying, with a face full of disbelief, even though the meaning behind Li Moying's words was very clear, but...

Huang Yueli was so young, and he only heard that she was a genius Spiritual Armament Master, but never heard of her outstanding attainments in arrays!

Besides, in this forest, there were countless cultivators who were killed by evil qi intruding into their bodies, and there must be some experienced array masters among them, but they still perished here in the end. Huang Yueli was so young, even if she has some insight into arrays, most probably the level was limited.

Could she really save people who had been completely petrified?

Li Tianyi looked at Huang Yueli suspiciously, "Madame, is... my brother... can he be saved? Please think of a way!"

Huang Yueli had been staring intently at Li Tianyi's feet, her brows slightly frowned, her fingers intertwined, and she was softly reciting formulas, as if she was calculating something.

Li Tianyi suddenly spoke to her, interrupting her train of thought, causing Huang Yueli to frown subconsciously.

However, when she turned her head and saw Li Tianyi's worried face, the anger for being interrupted just now disappeared at once.

"Brother Tianyi, don't worry. If it's really a person who has been completely petrified, even a Spiritual Armament Master at the Fate Profound Realm will not be able to save him. However, Brother Tianer has just been petrified. The appearance has been completely petrified, but he has a body protected by profound power inside, so it is not easy to be petrified inside, and he is an elite cultivator of the Cloudy Qilin Clan, with pure and mellow profound power, he can last a little longer."

After hearing this, Li Tianyi heaved a sigh of relief, and just wanted to speak.

But who knows, Huang Yueli went on to say: "However, no matter how long you persist, it will not exceed half an hour. Moreover, this array of gathering evil qi is a bit different from the ordinary array of gathering qi. I have never done it before..."

Li Tianyi choked when he heard her and he almost couldn't even catch his breath, his face flushed red, and he coughed repeatedly.

However, Huang Yueli's attention had once again shifted to the array, without even looking at him, she walked straight towards Li Tianer.

"Madame, this..."

Seeing Huang Yueli making such a dangerous move, the remaining two guards wanted to go up and stop her.

Li Moying waved his hand slightly, "Let her go. From now on, no one is allowed to speak, so as not to disturb her."

When Huang Yueli heard this, she turned her head and smiled sweetly at him.

Chapter 3487: Crisis (3)

When she turned away, the smile on her face disappeared immediately and her expression became extremely serious.

She first walked three or four times around Li Tianer, but instead of looking at Li Tianer himself, she carefully observed the land under his feet, with a thoughtful expression on her face.

Immediately afterwards, she walked under several big trees in front of her, inspected the corpses under the trunks, and even took out a pair of silver silk gloves from her space, put them on her hands, and began to rummage through these corpses.

At the beginning, the guards were all stunned when they saw Huang Yueli's actions. They all had extremely nervous expressions on their faces, fearing that Huang Yueli would take a wrong step and become like Li Tianer.

Li Tianyi almost couldn't help crying out.

Fortunately, he still remembered Li Moying's order just now, so he choked back his cry.

He turned his head subconsciously and found that Li Moying was also focusing on Huang Yueli's every move.

However, Li Moying was obviously not as nervous as the three of them. The expression on his face was still the same as usual, but his right hand was always pressed on the hilt of his waist, ready to save her at any time.

Under everyone's fearful gaze, Huang Yueli took one step at a time and moved all around. Although the speed was not fast, every step was very steady without any pause.

What they feared never happened.

Not only that, Huang Yueli even took out her gloves to check the corpse!

Seeing this scene, the eyeballs of the guards almost didn't fall off!

Was there a need to be so exaggerated?

Li Tianer can be regarded as a cultivator with a lot of experience. When he stepped forward just now, he was also prepared and cautious, but within a few steps, he was hit and turned into stone.

And Huang Yueli walked over for bit here and then went over to the other side but it didn't affect her at all?

Originally, Li Tianyi didn't really believe that Huang Yueli could save his younger brother, and he was in despair.

But now, seeing Huang Yueli's performance, he felt some hope reignite in his heart.

It seems that Huang Yueli really has a lot of research on arrays, maybe...she can really figure out a way?

Huang Yueli checked around, and later, she took out a particularly large white jade array, and repeatedly pinched her fingers to calculate.

Time passed bit by bit, and soon, before the half hour deadline, there was only the last bit of time left.

Li Tianyi began to get nervous again, looking at Li Tianer who was in a petrified state from time to time, his anxiety was already at the brink.

He really wanted to go up and ask Huang Yueli, what was going on now!

However, on the one hand, he didn't dare to disobey Li Moying's order, and on the other hand, he was also afraid of disturbing Huang Yueli, so he could only hold back forcefully, almost suffering from internal injuries.

Finally, Huang Yueli stopped. Turned around and looked towards them.

“Alright, I have a general understanding of how this array works. There are thirty-six array eyes in this array. If you want to completely crack it, it may take several days of work, and it may not be completely done. Moreover, there is no need for it. We just need to destroy the eye around Big Brother Tianer.”

Hearing this, Li Tianyi immediately stood up and asked, “Madame, what are we going to do? Please just give orders! Time is running out...”

Chapter 3488: Crisis (4)

Huang Yueli strode towards them and said, “Alright, then I will just say it in a simple manner. All you need to do next is to destroy the devil stones in the four positions at the same time.”

Hearing her words, even Li Moying was stunned, “Devil stone??”

Huang Yueli nodded and said, “Yes, I was surprised when I saw it just now! The array that gathers evil qi is used to maintain the operation of the array, and it is not the crystal core of the spirit beast. It’s a devil stone dug out of the Sky Devil Race! No wonder it’s so gloomy...”

When the three guards heard this, they looked at each other in dismay.

“This, this...”

Ordinary cultivators only knew that the crystal cores of spirit beasts can be used to form arrays or to assist in cultivation. They have also heard that the Sky Devils use the profound energy in the dantian of the cultivators as materials for alchemy. However, they had never ever heard that the devil stone also had the same effect!

Li Moying was also surprised, but he frowned slightly before he brought the subject back.

“Can we just destroy these devil stones? What else do we need to do?”

Huang Yueli said: “If you just destroy the devil stone, then in the area covered by the array, all petrified living creatures will instantly turn into powder, and in that case, Big Brother Tianer will not be saved. Therefore, it is necessary to replace these devil stones with ordinary spirit beast core. After you crush the devil stone, put these spirit beast core on the position of the devil stone immediately. The speed must be fast! Otherwise, once an accident occurs, the consequences will be inconceivable.”

Everyone understood the importance of this matter and nodded solemnly.

Huang Yueli took out four spirit beast crystal cores from her space.

These four spirit beasts were all hunted and killed in the Wilderness Lands just now, and they were all equivalent to the cultivation level of the middle stage of the human race’s Heart Profound Realm.

She distributed the crystal cores to Li Moying and the three guards, and said at the same time:

“Fortunately, we killed a lot of spirit beasts just now, otherwise, if we were to rush to kill them now, it might be too late. However, the strength of these spirit beasts is pretty bad. It is too low, and the energy it can provide is not comparable to the devil stones left by Saint Iniquitous Shadows, and it can only last for a short time. After we rescue Big Brother Tianer, we must leave this area immediately.”

The four of them all nodded to show their understanding, and followed Huang Yueli's instructions carefully. They strictly followed the footprints she left on the ground and they slowly moved forward and finally took their places one by one.

"Go!"

Huang Yueli gave an order, and the four of them started working together, shattering the devil stone in front of them.

At the same time as the devil stone shattered, the dense forest floor with a radius of several hundred metres began to shake violently, and cracks even began to appear in some places.

Several people were in it, and their bodies swayed back and forth, unable to stand at all.

Li Moying's reaction was extremely fast. Although the accident happened suddenly, it did not affect his movements at all. With a flick of his wrist, he buried the crystal core of the spirit beast deeply into the ground.

But what happened to the three guards, it wasn't as optimistic.

Li Tianyi and Li Tiansan's cultivation was not bad. Although they almost fell a few times, they managed to withstand the pressure and put the spirit beast core in place.

But Li Tiansi was not so lucky. A crack appeared under his feet. He was caught off guard. As soon as his body tilted, he fell towards the crack, and the crystal core of the spirit beast in his hand fell to one side.

"Tiansi!"

Li Tianyi screamed in surprise and wanted to rush over to help, but the distance between the two sides was too far! It was too late!

Just at this critical moment, Huang Yueli's voice suddenly sounded!

"Stop, if you don't want to turn into a stone sculpture, don't move!"

Li Tianyi was shocked and stopped quickly.

Immediately after, he saw a white figure whizzing past everyone like a bolt of lightning, tapped her toes on the ground a few times, and reached Li Tiansi's side.

Huang Yueli picked up the spirit beast crystal core on the ground and inserted it into the vacant position.

Following her movement, the shaking of the ground stopped immediately.

One after another, golden rays of light rose from the positions of the four spirit beast crystal cores, shrouding the surrounding small area in a curtain of light.

"The array is starting to work..." Li Tianyi immediately realized this, and his spirit was lifted.

Under the baptism of the golden light, the stones outside the petrified statues turned into gray sand at a speed visible to the naked eye, and crumbled to the ground.

When the light completely dissipated, all the bodies of the petrified cultivators returned to normal.

However, these were all corpses that have been petrified for hundreds of years and have hence perished along with time.

Only Li Tianer really escaped the disaster.

When he realized that he was able to move, he still had a blank expression on his face, looked at his hands in a daze, and then lowered his head to look at his feet. He survived.

Li Tianyi rushed forward excitedly and hugged him.

“Second Brother, why are you so impulsive? Thanks to the Madame for saving you this time, otherwise, you will have to give up your life here! In the future, you must listen to the orders of the Young Master and the Madame and don’t act so recklessly!”

“Yes... Did Madame save me?” Li Tianer said in surprise.

Li Tianyi sighed: “Yes, it’s Madame! I really didn’t expect that the Madame is so powerful that she can even crack the array left by the evil cultivator tens of thousands of years ago... Come here quickly and let’s thank her together!”

Although Li Tianer was still at a loss, Li Tianyi, who had always been arrogant and cold, was now facing Huang Yueli with a completely different expression. He had on a wide smile and sparkling eyes while Li Tiansan and Li Tiansi were even more reverent. Looking at Huang Yueli and seeing their respectful attitude, it was no different from looking at Li Moying!

Li Tianer reacted immediately, followed Li Tianyi forward and thanked Huang Yueli.

“Madame, thank you for saving subordinate’s life! In the future, subordinates will repay your kindness!”

Huang Yueli waved her hand, “You don’t need to say such words, I know you are very loyal, but you have to be careful, there must be many traps hidden around the evil cultivator’s abode, and even I can’t say for sure. If you can reach the secret realm safely, you should not act without authorization!”

“Yes, this subordinate understands!”

Huang Yueli said again: “The energy of the crystal core has begun to weaken, we must leave here immediately! Let’s go!”

Now, the guards have realized that Huang Yueli’s insight was the key to their safe passage through the Wilderness Lands, so they obeyed her orders without saying a word.

Huang Yueli took a few steps and suddenly realized that Li Moying hadn’t followed.

She turned her head, frowned slightly, and glanced coldly at the woods behind them.

“Husband?” Huang Yueli urged him.

Li Moying said coldly, “It seems that there’s someone!”

Chapter 3490: Suspicious Person (1)

When Huang Yueli and the four guards heard this, they were all shocked.

“What? Someone?” Huang Yueli frowned slightly.

Even she didn’t sense anything abnormal about the surroundings.

Li Moying nodded, and said in a low voice: “Not only is there someone, but... a dangerous person!” As he spoke, he raised his hand and drew out the long sword in his hand, the profound strength around him suddenly increased, and the powerful pressure instantly filled the entire forest.

Seeing his serious expression, Huang Yueli also became serious.

Li Tianyi and the others also drew their swords one after another, and carefully explored the surroundings.

Holding the long sword in his hand, Li Moying walked slowly towards a corner to the east of the forest.

Huang Yueli was a little worried about him, so she followed closely.

Li Moying’s target location was covered with vines, and there were several towering giant trees with thick trunks. There were indeed many obstacles to block it.

However, Li Moying’s profound force was all around, and even the breeze in the woods was suppressed, not even a single leaf swayed. It really didn’t look like there was anyone there.

However, as Huang Yueli approached that position step by step, a dangerous premonition appeared in her heart!

Here... Something is really wrong.

Suddenly, Li Moying’s footsteps stopped, and at the same time, he stretched out her hand to stop Huang Yueli.

“You stay where you are first, I’ll go over and have a look.”

“But...”

“Listen to me. In case of any accident, you can find a way to help me later. It’s better than both of us being caught.”

Only then did Huang Yueli nod her head, and stopped in her tracks.

Li Moying continued to walk forward. This time, his pace was slower, but also more determined.

Every time he takes a step, his consciousness will scan the large area around him to judge whether there is any abnormality around him.

Li Moying’s spiritual consciousness is inherently very powerful. Although in her previous life, she had split a part of it for Huang Yueli through the technique of splitting the soul, resulting in a sharp drop in the strength of her spiritual consciousness. The state is weaker.

However, no matter what, his consciousness is still stronger than most of the cultivators in the God Realm.

Under his spiritual detection, it is almost impossible for all cultivators below the Dap Profound Realm to hide their identities.

Li Moying almost walked around all around, but she still couldn't confirm the location of the abnormal movement just now.

His face became even more gloomy.

There are almost only two possibilities for this to happen.

One is people who secretly follow them. They have a particularly strong spiritual sense and are proficient in the secrets of the primordial spirit. This kind of person is definitely the top killer in the God Realm.

The second possibility is that the other party has a cultivation level above the Dao Profound Realm!

No matter which possibility it is, it is very dangerous for them who were unfamiliar with the place.

While Li Moying was walking around to investigate, Huang Yueli was also perceiving the surrounding situation.

Suddenly, a slight sound sounded from behind her right!

The sound was very, very soft, like a needle falling on the ground, but Huang Yueli was keenly aware of it.

She immediately pointed in that direction and said loudly, "There!"

At the same time, Li Moying also caught the slightest movement, and his figure was fastlike a streak of lightning, and he quickly rushed towards Huang Yueli's finger!

There was a "chuckle"!

The sharp edge of the long sword burst out suddenly, piercing the sky!
