

## **Weaponsmith 3521**

Chapter 3521 I've Said It Before, You Can't Do It!(4)

After Huang Yueli spoke, she completely ignored Little Phoenix's aggrieved eyes as she turned around and walked towards the medicine field not far away.

Yesterday, when they entered the secret realm in the morning, these medicine fields were all green, lush, and covered with various medicinal herbs. Some of them even grew a little too lush because of the age, blocking the roads in the fields.

But now, most of the branches and leaves growing on the ground have been taken away by Li Tianyi and the others, leaving only a layer close to the ground.

Huang Yueli crouched down and began to carefully examine the roots of these herbs.

It turned out that although Li Tianyi and the others had acted as carefully as possible, they were not professional pharmacists after all, and they were also inexperienced. Many medicinal herbs had their roots damaged to varying degrees.

Huang Yueli took a lot of effort to find the most complete one from the remaining branches and leaves and transplanted them into her space.

Huang Yueli's Sky Phoenix Ring, after several upgrades, has an area of four or five miles. However, after she entered the tenth level, the area no longer increased, but the profound energy of heaven and earth inside became more dense.

Huang Yueli planted a medicinal herb carefully, and then took a bucket of spirit water from the saint spring which was not too far away and gently watered it around the medicinal herb.

"Well, that should be fine!"

Huang Yueli looked at the trembling plants on the ground, touched her chin, and tried her best to recall her previous experience of taking care of herbs in the Alchemist Guild, confirming that she should have done nothing wrong.

However, the medicinal herbs in the God Realm were different from those in the Lower Realm and the cultivation methods were not necessarily the same. Moreover, the higher-level medicinal herbs have a lower survival rate. Whether they can finally take root and sprout in space can only be said to be unknown.

However, just as Huang Yueli was about to leave, she suddenly felt a slight fluctuation of profound energy by her side.

"Eh? What happened?"

Huang Yueli hurriedly looked left and right, and was surprised to find that the small herb that she had just planted had already started to sprout!

At the top of the original withered branch, a cluster of tender green leaves grew at a speed visible to the naked eye!

“Oh my goodness! I... I’m not mistaken, right?? This is a high-level medicinal herb, and Moying told me yesterday that it takes a hundred years to bear fruit when planting this kind of medicinal herb. It takes a year to get a branch! But now it’s... this is too fast?!”

Huang Yueli couldn’t believe her eyes!

She stared at the tender sprout in front of her for a while, then suddenly thought of something, and she dodged and left her space.

She returned to the secret realm, and immediately dug a herb on the ground, and returned to the Sky Phoenix Ring again.

Huang Yueli hurriedly planted the herbs, stood up straight, and waited by the side for a while.

This herb didn’t respond, and it still didn’t look very energetic.

Seeing this, Huang Yueli frowned slightly, “What’s going on? Why did the same species of herb sprout so fast just now?”

Suddenly, she patted her head, “By the way, I forgot to water it!”

She hurried to the edge of the saint spring, took the water, ran back to her original position, and started watering the second herb.

The moment she poured the water out, very soon after, the second herb also began to sprout new shoots!

“This spirit spring is actually so useful!” Huang Yueli almost jumped up with excitement.

Chapter 3522 I’ve Said It Before, You Can’t Do It! (5)

Knowing that these medicinal herbs could survive in space, Huang Yueli naturally would not waste them, and simply transplanted all the medicinal herb plants that were in good condition from the secret realm.

Although she had the spirit spring water to assist, growing medicinal herbs was still a physical effort.

Huang Yueli was busy until the evening, and only half of the transplanting was completed.

Seeing that the sky was getting dark, she straightened her back and wiped the sweat from her forehead, “Forget it, I’ll just transplant some of them and let the remaining half stay in the secret realm.”

After she finished her work, she remembered that Li Moying took the two little ones to catch spirit beasts in the morning, and she didn’t know what to expect.

Just as she was thinking about this, she heard footsteps in the distance.

She turned her head to look over, and saw Li Moying walking towards her from afar.

With his back facing the setting sun in the west, the shadows and golden light accentuated his figure and made her look longer. He walked slowly and leisurely, and he had the powerful aura of a superior, which made others hold their breath.

Huang Yueli stared at her husband with wide eyes, and forgot to speak for a while.

Li Moying walked closer, seeing her slightly dazed, his lips curled up into a little smile.

“Little Li’er...”

A deep and sexy voice rang in her ears, and Huang Yueli suddenly came back to her senses, only to realize that Li Moying had already walked to her side.

“Husband, you’re back. I was just about to go... Mmph!”

Halfway through her words, a man suddenly approached her and took her breath away.

“Hey, you... Let go of me! Don’t lead the children astray!” Huang Yueli quickly pushed him.

Li Moying was still intoxicated and said casually: “Leave them alone...”

“No! “Huang Yueli became anxious, pushed him away with all her strength, and then hurriedly turned to look for Wang Cai and the others.

When she turned around, she saw that the two little ones had turned into humans, squatting side by side not far away. Both of them were staring at them with big round eyes.

Huang Yueli was suddenly embarrassed, and a blush appeared on her face.

Although these two were still young, they were ancient divine beasts with extremely high intelligence! She always had a sense of guilt for leading the children astray.

Li Moying wasn’t guilty at all, his eyes swept across the two divine beast cubs, and cast a warning gaze on them.

Lilac Jadeite’s figure was a seven or eight-year-old little girl, with a chubby little face that looked soft and cute.

She looked at Huang Yueli innocently, “Li’ Big Sister, don’t be nervous, we didn’t see anything!”

“Cough, cough, cough...” Huang Yueli almost choked!

This was simply trying to cover up! Who did this little girl learn from? Was it on purpose?

To cover it up, she quickly coughed twice and changed the subject forcibly, “By the way, husband, you came back so late, did you tame a lot of spirit beasts today? Wang Cai and Lilac Jadeite had a bet yesterday, right? Who actually won?”

Hearing this, Wang Cai’s face froze and he almost fell to the ground.

This... was really a pot’s lid that could not be opened and lifted!

Finally, the black-bellied and cunning little girl next to it saw the two masters kissing each other, and forgot about it, but Huang Yueli brought it up again!

Li Moying saw that Huang Yueli’s back was sore, so he walked over, put his arms around her slender waist, and said with a low laugh: “It is true that many spirit beasts have been tamed today, but I don’t know who caught more.”

Chapter 3523 I’ve Said It Before, You Can’t Do It! (6)

Although Li Moying said so, Huang Yueli knew who was the loser when she saw Little Phoenix's dejected expression.

"Well, Wang Cai, haven't you always boasted about yourself so much? Didn't you lose to the girl this time?"

Little Phoenix raised his head unconvinced, "It's just because...there are too few flying spirit beasts in this secret realm! It affects my performance! Otherwise...otherwise I won't lose!"

"Tch, you don't admit you lost, you're so shameless!" Lilac Jadeite unceremoniously followed up with complaints, and even stuck out her tongue.

"You...!"

Little Phoenix was very angry, but he couldn't say anything to refute. He could only blush with his cheeks puffed up.

Seeing Little Wang Cai's aggrieved look, Huang Yueli couldn't help but feel a little guilty.

Speaking of which, Little Phoenix awakened a year earlier than Lilac Jadeite, and he followed her through life and death several times. However, because she failed to return to the Sacred Phoenix Clan and could not obtain the resources of the clan, Little Phoenix's growth was severely affected, and now he was no match for Little Qilin...

In the final analysis, it was her, his master, who didn't do a good job...

Huang Yueli sighed secretly, raised her hand to touch Little Wang Cai's head, and comforted him: "It's alright, even if you lose this time, as long as you practice hard, you might win in the future! Being able to tame so many spirit beast is already very powerful! Go back tonight and I'll add chicken legs for you!"

Only then did Little Phoenix's complexion look a little better.

Huang Yueli said again: "Which spirit beasts did you tame? I'll transfer them into my space first!"

Hearing this, the two little ones couldn't wait to jump out and offer her their spoils.

They quickly changed back to their beast form.

Little Phoenix waved his wings in mid-air and called out, while the Little Qilin also waved her little hoof and roared up to the sky.

Not long after, a large group of spirit beasts appeared in front of Huang Yueli.

Huang Yueli stared dumbfounded at the scene in front of her, and said with her fingers, "One, two, three... ten, twenty, thirty... one hundred... Oh my god, how many spirit beasts have you tamed?"

She couldn't believe her eyes!

Of course, she knew long ago that even if the two little ones were just cubs, as long as they were divine beasts, they could definitely tame many spirit beasts, and it was impossible to return empty-handed.

However, she never expected that she would see such a large group!

Li Moying stood behind her, with a hint of a smile in her voice, "Because of the bet, the two little guys did their best! I didn't expect that the potential of the cubs of the beast is so great!"

"Female Devil, Young Master, am I very powerful?!"

"There's me, there's me! Lil' Big Sister, I'm even better! You've lost, go away!"

Hearing two immature voices, Huang Yueli lowered her head, and saw two little cubs standing in front of the group of spirit beasts. They raised their heads at the same time, their eyes were shining brightly at her, and their expressions were clearly asking for praise.

"Awesome, you are all very powerful!"

Seeing the cute expressions of the two little ones, Huang Yueli was immediately struck by the cuteness.

Usually when they are together, these two brats only know how to quarrel, but when they are obedient, they are actually quite cute!

She couldn't help squatting down, and kissed each of the two small, fat faces.

"Female... female devil, you are so nasty!" Little Wang Cai's face suddenly turned red!

Lilac Jadeite was not polite, she hugged Huang Yueli's neck and was about to kiss her back.

Chapter 3524 Why Is It So Strong! (1)

However, the moment before her pink lips touched Huang Yueli's face, Lilac Jadeite suddenly found herself in mid air.

Huang Yueli didn't feel the expected touch. When she opened her eyes, she saw Li Moying's face darkened, and he tossed the little girl in his hand onto the grass next to her.

Immediately, Huang Yueli's body tilted, and she was hooked into his arms, her lips were sealed again.

Moreover, this time, Li Moying kissed her very seriously. After kissing for a while, Huang Yueli almost felt that she could not breathe, so he let her go.

"Little Li'er, what are you going to do with these spirit beasts?" Li Moying said nonchalantly.

Huang Yueli glared at him several times, but the expression on her face didn't change at all, she was still very calm, it seemed that the person who did that to the little girl and kissed her forcibly just now was not him at all.

Huang Yueli couldn't laugh or cry.

This man was really...

Such a cute little girl, what's wrong with a kiss? Besides, those two little ones were just divine beasts, not human beings!

However, Li Moying didn't think so in his heart, no matter how small or cute she was, she couldn't kiss his woman!

Looking at his arrogant side face, Huang Yueli felt helpless, so she could only say: "This... I didn't expect that they'd have tamed so many spirit beasts! If all of these were to be raised in my space, it would cost a lot of money. There are too many resources here... How about this, I think there are several high-level spirit beasts here, maybe Big Brother Tianyi and the others will be interested, let them each contract one, and the rest of the middle-level spirit beasts can be eaten. There are relatively few, so I will keep them here."

Li Moying nodded without any objection.

The two of them went back with a group of spirit beasts. When Li Tianyi and the others knew that they could contract a high-level spirit beast, they were almost crazy with joy!

You know, the high-level spirit beasts in the God Realm were very powerful and have a very arrogant temperament.

It was already very difficult to kill these spirit beasts, but it was ten times harder to domesticate them. Most spirit beasts would rather die than become slaves.

Those of the Cloudy Qilin Clan who are able to tame high-level spirit beasts were all elders of the Dao Profound Realm. The younger generation like them have no ability at all, nor are they qualified to contract high-level spirit beasts.

"Thank you, Young Master, thank you, Madame!"

The excitement on the faces of the four of them was hard to hide.

It was really worth it for them to follow Huang Yueli and Li Moying along on this expedition!

They didn't encounter too many dangers along the way, and got so many benefits, whether it was the whole set of mid-level Spirit Armaments given to them by Huang Yueli, the manual that Li Moying gave them yesterday, or the high-level spirit beast contracted today, these were all things they couldn't get by themselves!

Huang Yueli originally wanted to teach them how to contract spirit beasts.

However, the four guards were from the ancient god clans and the contract technique was much better than hers.

She could only watch from the sidelines.

The six of them stayed in the secret realm for another three days. Since the secret realm was not big, this time was enough for them to search the entire area several times carefully, turning over every corner.

This time, their harvest was not small. The secret realm of Saint Iniquitous Shadow has not been visited by others and almost all the treasures have fallen into their hands.

"It seems that my premonition at the beginning was wrong..." Huang Yueli was thoughtful.

Chapter 3525 How Can It Be So Strong! (2)

When she met the person following them, she thought that this experience would not go well, but in the end, things were completely different from what she thought, and everything went unbelievably smoothly!

“Everything here is almost packed. It doesn’t make much sense for us to stay here any longer. We can prepare to leave tomorrow.” Huang Yueli said.

In the secret realm of Saint Iniquitous Shadow, evil qi was pretty heavy.

Although these evil qi weren’t a burden to her and Li Moying, they still do great damage to Li Tianyi’s meridians, so they could not stay for a long time.

After she finished speaking, she turned her head to look, only to find that Li Moying frowned slightly, as if he was a little unhappy.

She asked strangely: “Moying, what’s wrong with you?”

Li Moying shook his head, “It’s nothing, it’s just that I thought there was...but I didn’t find it, maybe it’s just a rumor, forget it!”

He spoke a few words very softly, even Huang Yueli who was standing in front of him couldn’t hear them clearly.

Subconsciously, she approached him and asked, “What did you just say? What are you looking for?”

Seeing the beautiful girl approaching actively, Li Moying’s eyes flickered, and he grabbed her slender waist, and his deep and magnetic voice whispered in her ear: “What I’m looking for is... the name of the Saint Iniquitous Shadow’s Double Cultivation manuals!”

Hearing this, Huang Yueli was stunned for a moment, then suddenly raised her head, her big eyes revealed an expression of disbelief!

“You, you, you... what are you thinking about!”

Li Moying had an innocent expression on his face, “What I’m thinking is how can we quickly improve the cultivation of the two of us? With such a serious and upright thought, why do you look at me like this?”

“Serious... Honest... I think you are shameless!”

Huang Yueli was about to vomit blood!

Where did that cold and noble Sect Master Li go when he was in Soaring Heavens Continent? ? She still remembers when the two of them got married, she thought there was something wrong with Li Moying! Because he didn’t consummate with her!

But now...

When she arrived in the God Realm, she realized that Li Moying was completely different from what she had imagined!

He was simply... a beast!

She stepped on Li Moying's foot hard, and jumped out of his arms while Li Moying was crying out in pain.

"Alright, it's getting late! Let's get some rest! Tomorrow we'll go back to Forest Shade Town!"

Li Moying looked at her fleeing figure, shook his head, and did not chase after her.

However, he was still thinking about this important question in his mind: "Speaking of which, the most famous exercise of the Saint Iniquitous Shadow was the secret book of double cultivation that he and his wife cultivated. This secret realm contains almost all of his famous skills back then. But only that one is missing... Is it really not here, or is there something we haven't thought of?"

Li Moying was a little reconciled, and he didn't care to climb into bed to harass Huang Yueli, so he seized the time of the last night and checked the suspicious places again.

Because of this, Huang Yueli had a rare good sleep. No one disturbed her throughout the night, and she slept until dawn.

When she woke up, there was no one in the room.

Huang Yueli ran to the door and saw that Li Moying was already ready, standing at the entrance of the secret realm, waiting for her.

"Let's go!"

...

In the dense forest to the west of Forest Shade Town, on the edge of the array of the Saint Iniquitous Shadow...

"Elder Shuangyu, we've been waiting here for four or five days, and we haven't even seen a ghost. Tell me, did that kid Li Moying really go in?"

Chapter 3526 How Can It Be So Strong! (3)

Huang Fuzhao was leaning on the trunk of a big tree with a rather impatient expression.

"In my opinion, they either didn't go in or they died inside! How long are we going to stay in this ghostly place? Staring at such an empty forest every day like a fool!"

At first, he thought that this monitoring task was not too difficult, but after staying in this desolate woods for a few days, Huang Fuzhao began to feel uncomfortable all over.

Even though they would sometimes come to the wilderness when they were practicing in seclusion or going out for training on weekdays, they all had a purpose and had something to do.

Now, asking him to wait for people here day after day, and he has to keep his ears open to pay attention to the surrounding situation even while cultivating. There was really nothing worse than this!

Huang Shuangyu was two hundred years older than him, so her patience was naturally much better.

She glanced at Huang Fuzhao, and said unhurriedly: "That's something we can't help. Judging from my experience, Li Moying must have entered this forest, otherwise, he must have returned to the Forest Shade Town. When my Third Brother sees him, he will definitely send someone to notify us."

Huang Fuzhao also understood this truth, but after hearing this, he became even more irritable.

"Then there's no need for us to really stay here for a full month, right? Even if it's us, two exponents at the Dao Profound Realm were to enter that ghostly place, wouldn't we almost lose our lives in it? Li Moying and the rest of his little entourage who are merely in the Heart Profound Realm will definitely die in less than an hour! I have been here for four or five days, and I can be sure that Li Moying is dead, can we go back?"

Huang Shuangyu shook her head, and said slowly: "Elder Zhao, please be more calm and don't be impatient. My Third Brother made it very clear. This matter was personally explained by the Patriarch. We have to go back and reply, and we must have reliable news. You can't tell the Patriarch that Li Moying might be dead inside, right?"

Huang Fuzhao was originally full of resentment, but usually his disciples and concubines would go along with him and comfort him, but now the old woman beside him is not polite at all!

He couldn't express his resentment, and became more and more anxious, and couldn't help pacing back and forth in the forest.

"Elder Sanbai is really lazy. He only knows that he sent the two of us to this ghostly place, but he stays in the inn in Forest Shade Town, eating and drinking every day! If we had known, we should have discussed the timing with him and we can change shifts every day!"

Thinking of this, his eyes lit up, "Yes, that's how it should be! The shift should be changed! Why didn't I think of it earlier? I'll send him a message!"

As Huang Fuzhao said, he took out a pen and paper from the interspatial ring.

But just as he was about to write, Huang Shuangyu suddenly shouted in a low voice: "Wait!"

"What are you waiting for? Elder Shuangyu, are you willing to stay here for a month?" Huang Fuzhao said disapprovingly.

Huang Shuangyu frowned suddenly, made a silent gesture, and then lowered her voice and said: "It seems that we don't need to stay here for a month!"

"What?" Huang Shuangyu was shocked suddenly!

He hurriedly turned his head and looked in the direction Huang Shuangyu pointed.

In the dense forest, a team of six young people was slowly coming out from the depths of the shadows.

The young man in the lead was tall and handsome, not to mention, the aura of a strong man was apparent!

Chapter 3527 How Can It Be So Strong! (4)

"Li... Li Moying!" Huang Fuzhao couldn't help but cry out when he saw the person coming.

He had seen Li Moying's portrait before, and he recognized him at first sight.

Huang Shuangyu quickly pulled him, "Shh, shush!!"

It was only then that Huang Fuzhao came to his senses. He hurriedly lowered his head, hid behind the tree trunk, and looked towards the end of the forest path under the cover of the large leaves.

After looking at them for a while, he frowned, "What's going on? Didn't you say that Li Moying still brought his wife along? Why are there six men?"

Huang Shuangyu was also a little surprised, but after a little thought, she found the answer on her own.

"Li Moying's wife ascended from the Lower Realm. Her level of cultivation may be too low or maybe he was afraid that she would delay them if she tagged along, so he left her on the air ship. Maybe she died along the way! Anyway, it doesn't matter. What's important is our target Li Moying!"

Huang Fuzhao nodded, expressing his agreement.

Neither of them took Li Moying's wife seriously. No matter how talented someone ascended from the Lower Realm was, she couldn't compare with the geniuses of the ancient god clans!

Huang Shuangyu sighed again: "How is it? Don't you think my Third Brother's arrangement is redundant now? If we didn't block people here, how could it be possible to know that they actually managed to come out alive so quickly? Unexpectedly, this kid has quite the luck, I don't know how many treasures the Cloudy Qilin Clan gave him to save his life!"

A hint of greed flashed across Huang Shuangyu's eyes.

When Huang Fuzhao heard this, he suddenly remembered something, "By the way, Elder Sanbai once told us that if we find Li Moying appearing, he told us to send him a message, so that he can bring someone to help..."

Huang Shuangyu said disapprovingly: "It's just six boys in the Heart Profound Realm, I alone can deal with them! Why let Third Brother make another trip?"

She didn't take Li Moying's strength seriously at all.

Although it had been proven that Li Moying was a god-level genius, it was not a rumor, but Huang Shuangyu did not think that a young man in his twenties could cause any harm to a 400-year-old senior exponent like her.

Not sending a message to Huang Sanbai, she didn't want one more person to share the spoils.

She also wants to know how Li Moying was able to leave such a dangerous place safely, and he must have a lot of treasures on his body. Moreover, if they ventured into some ancient secret realm, then the gains in the secret realm must also be brought out along with them too!!

In Huang Shuangyu's eyes, this team was simply a moving treasure house!

Huang Fuzhao was also a sensible person, and immediately reacted.

The two exchanged a glance of tacit understanding and leaned behind the tree, waiting for Li Moying and the others to approach.

However, to their surprise, when Li Moying and the others walked halfway and were still thousands of meters away from them, they suddenly stopped moving.

What's more, several people stopped in place and started talking, as if they were discussing something.

Huang Fuzhao waited for a while, but he didn't see any movement from them, so he suddenly felt uneasy.

What happened? Had they been discovered?

...

On the other side, Li Moying and Huang Yueli left the secret realm in the morning with four guards, and the process went smoothly.

However, when Huang Yueli was trying to restore the arrays around the secret realm, a little accident happened.

"The devil stones have all been placed back in the order before we entered the secret realm."

Chapter 3528 How Can It Be So Strong! (5)

Huang Yueli stared at the large black mist in front of her, with a confused look on her face.

"It stands to reason that the evil qi gathered at the entrance of the secret realm should all dissipate and restore the previous situation! Why do these evil qi still surround the entrance and never dissipate? Could it be that I did something wrong?"

Seeing her staring at the entrance so intently, Li Moying contemplated for a moment. He stepped forward, took her little hand, and said, "At least we have left safely, and these evil qi have not affected us. That's enough! What happens to the secret realm in the future has nothing to do with us."

"Well... that's true." Huang Yueli nodded, no longer dwelling on this issue.

However, her thoughts still drifted far away.

The array could not be restored to its original state, which means that the evil qi in the array with a radius of more than ten miles will condense at the entrance of the secret realm, and all other arrays will fail.

Originally, this area was a restricted area. For tens of thousands of years, countless cultivators were buried in the dense forest.

However, after the array failed, many people could easily reach their current positions, and the abode might no longer be a secret.

It's just that it's easy to come here, but it's difficult to break the evil seal and enter the secret realm!

Moreover, there were not many things left in the secret realm as they had basically taken away everything that could be taken away!

"I can only wish the latecomers good luck!" Huang Yueli shrugged.

Li Moying pinched her cheek in amusement, "You still have the mood to meddle in other people's business! Well, we can go back and try to find a place to rest before dark."

Huang Yueli nodded and followed Li Moying's footsteps.

The entire return trip became very smooth due to the absence of barriers from arrays.

Coming here took two full days of walking but it only took one day to get back.

Seeing that she was about to walk out of the restricted area, Li Moying's expression suddenly changed, and her steps also slowed down.

When he walked to this area, he felt a familiar feeling of someone staring at them, which made him feel very uncomfortable.

He immediately raised his hand to make everyone stop.

"Moying? What's the matter? Is someone following us again?" Huang Yueli subconsciously looked around.

Li Moying nodded, "There are indeed people here!"

The four guards were all shocked when they heard this.

Huang Yueli frowned, "What's going on? We've just come out, and we're being followed?"

She quickly remembered something again, "Could it be that the person who followed us when we came is the same? Moying, can you determine the location?"

Li Moying frowned slightly, and didn't speak immediately, as if he was concentrating on something.

After a while, he said in a low voice: "I can feel that the other party is not far to the southeast, but there are too many trees there, and the sky is getting dark, so I can't judge the exact location."

Huang Yueli said: "Why don't we go over and have a look and dig someone out at the same time? Last time, that person just ran away like this, so there will be hidden dangers. This time, we can't let anyone slip away again!"

Li Moying shook his head and said, "The opponent seems to be very strong, stronger than the enemy we encountered last time! You must be careful!"

This situation was beyond Huang Yueli's expectation.

However, she didn't have any fear. Instead, she put on a defensive stance with a serious expression.

Chapter 3529 How Can It Be So Strong! (6)

Huang Yueli also released her divine sense to carefully investigate the situation.

However, the other party's cultivation was obviously much higher than hers, and she couldn't find anything more than Li Moying.

Huang Yueli turned her head to look at her husband, and said, "If you can't determine the location of the other party, I have a way."

"Oh, you do? What is it?" Li Moying raised his eyebrows.

"Your Little Qilin is still running outside, isn't it? Call her back and see if you can find anything unusual with the divine sense of a divine beast."

Huang Yueli's Little Phoenix was a spirit body and could not leave too far away from her side. However, Li Moying's Little Qilin was a living creature, and its strength should be stronger, so it was perfect for investigation work.

Hearing this, Li Moying nodded, and quickly communicated with the Little Qilin with his spiritual sense.

The four guards stood in place very vigilantly, ready to protect their Young Master and Madame at any time.

At this moment, Huang Shuangyu and Huang Fuzhao, who were hiding behind the big tree, had lost their patience.

"They really stopped moving! It seems that they have really discovered that we're here!"

"There's no point in waiting any longer, why don't we just take action?"

"This..." Huang Shuangyu still hesitated.

However, Huang Fuzhao couldn't wait any longer. "It's just a few brats in the Heart Profound Realm. Even if we don't rely on sneak attacks, don't tell me we still can't kill them? I really don't know what it's like to hide here!"

Huang Shuangyu thought about it, and immediately nodded.

The two of them leaped out together and were about to jump out from behind the tree.

Suddenly, a blueish purple lightning flashed across their heads!

Immediately after, a huge momentum struck from behind them!

Caught off guard, the two were immediately knocked out of balance by that force, and fell straight out from behind the tree!

"Damn it! What happened??"

Although the strength of the two were there, and their adaptability was not too slow, they quickly adjusted their postures and stabilized their bodies, but their positions have been completely exposed to Li Moying and others.

Li Moying's eyes flickered slightly, and without any hesitation, he summoned the energy of the thunder attribute and flew towards the two of them!

Li Tianyi and the others formed a sword array, and they attacked together. The speed was a little slower than Li Moying's, but the reaction was extremely fast.

Several sword intent swept towards the positions of Huang Shuangyu and Huang Fuzhao!

The two elders nearly fell, and before they recovered, they sensed several powerful energies approaching, so they quickly tried to find a way to defend themselves!

However, they were still one step too late after all!

Li Moying's ball of light reached them and immediately split into dozens of electric lights, intertwined with each other, forming a cage-like spherical body, wrapping them inside.

After the sphere was formed, it became smaller at a speed visible to the naked eye. As the volume shrank, the energy in the light sphere became stronger and stronger. The crackling sound of lightning made people feel chills!

The complexions of Huang Fuzhao and Huang Shuangyu both changed!

"Lightning Cage!! This is actually the Cloudy Qilin Clan's secret Lightning Cage!!"

"Damn it! How is it possible?? Isn't this something only cultivators in the Dao Profound Realm can do?"

Seeing the lightning cage so suddenly, both of them were stunned.

However, the two still reacted in time, and they shot with all their strength. Flames flashed from their bodies, fighting against the ever-shrinking ball of light.

Chapter 3530 Can't Help But Say (1)

Under the scorching flames, Li Moying's lightning cage didn't last long and it completely collapsed after a few seconds.

Although there was no danger, Huang Shuangyu and Huang Fuzhao were still covered in cold sweat from the fright as they looked at Li Moying in horror.

They never thought that Li Moying would be so strong! He actually trapped them as soon as he made a move!

Even if it was only for a few breaths, it was still shocking.

There was a qualitative difference in strength between an exponent of the Heart Profound Realm and an exponent of the Dao Profound Realm. Although they already knew that Li Moying was a god-level genius, and would definitely be several times stronger than cultivators of the same level, they never expected that as soon as they met each other, they would suffer a disadvantage under Li Moying's hands!

Moreover, Li Moying still trapped the two of them, it was one against two!

For a moment, the two of them couldn't even utter a word.

However, after glancing at the two of them, Li Moying said coldly, "You... are members of the Sacred Phoenix Clan?"

Just now, in desperation in order to resist such a powerful secret technique as the Lightning Cage, the two of them didn't care about other things, and directly used the unique fire-type secret technique of the Sacred Phoenix Clan.

Thi, however, had completely exposed their identities.

However, the two of them had no intention of hiding their identities.

Therefore, after being recognised by Li Moying, Huang Shuangyu immediately came back to her senses as she sneered, and said: "Li Moying, the legendary genius of the Cloudy Qilin Clan! You are indeed very strong!" Strong, beyond what I expected. God is really short-sighted, to let such a ruthless bastard like you get such a talent!"

Li Moying heard the words, the expression on his face didn't change, but there was a trace of doubt in his heart.

It was true that the Cloudy Qilin Clan and the Sacred Phoenix Clan have always been at odds. However, in the last ten thousand years, the two sides have at least not been visibly hostile to each other. Although they occasionally meet and cause fights, they will not come to the door deliberately.

Now, these two Dao Profound Realm experts from the Sacred Phoenix Clan called out his name at once, and they were obviously targeting him.

Thinking back on the person they had failed to catch before entering the secret realm... The Sacred Phoenix Clan had been following him for so long!

Wasn't this too unusual?

Could it be...they already knew about Huang Yueli's marriage to him?

Not only Li Moying, but Huang Yueli also thought of this involuntarily.

However, she did not speak rashly, but exchanged a look with Li Moying.

Li Moying understood, and asked tentatively: "Looking at the strength of the two of you, you must be the elders of the Sacred Phoenix Clan. As seniors, it's too irresponsible for the two of you to speak such words! Li believes that he has not offended But you, on the contrary, you secretly followed us! What qualifications do you have to say that Li is ruthless?"

"You still have the face to say that!" Huang Fuzhao was irritable and couldn't bear it now, pointing directly at Li Moying and yelling!

"You are not only ruthless, but also a despicable and shameless villain! Our Sacred Phoenix Clan has a sworn hatred against you! Stop talking nonsense, it is useless to say anything, we must kill you here today! Die! !"

"Wait...."

Huang Yueli heard that the words were not right and wanted to ask clearly.

However, Huang Fuzhao had already lost his patience, and directly shot at Li Moying!
