Chapter 3541 The Shocking Truth (8)

Only Heaven would know how much power and allies Huang Sanbai has in the clan?

Moreover, even for Huang Shuangyu who was in front of her now, Huang Yueli doesn't trust her very much.

Moreover, she was also Huang Sanbai's older sister. If she foolishly followed her away, if she colluded with Huang Sanbai to set her up, she might not be able to escape even if she had wings!

Thinking of this, Huang Yueli turned her head to look at Li Moying.

Just in time, Li Moying also looked towards her.

The two had the same mind, so after exchanging a glance, Huang Yueli understood what he meant immediately and nodded slightly.

She turned to Huang Shuangyu and said, "I'm sorry, Elder Shuangyu, I'm afraid I can't go back with you!"

"Why...why?" Huang Shuangyu was stunned, then glanced at Li Moying who was beside Huang Yueli, and seemed to understand something, "You...what is the relationship between you and the Young Master of the Cloudy Qilin Clan?"

Huang Yueli didn't shy away from it, and said openly: "Li Moying and I were married when we were in the Lower Realm. After arriving in the God Realm, I barely escaped Huang Sanbai's attempted assassination and had to travel stealthily. My husband has been trying to find me, and we met again only a few months ago."

"What? You...you and Li Moying got married in the Lower Realm!!"

Huang Shuangyu's eyes darkened, and she almost fainted on the spot!

The stimulation she received today was more than what she had received in hundreds of years!

First, they discovered that Li Moying's strength was way beyond what they had ever imagined and then they discovered that the target of their attack was actually their clan's god-level genius whom they thought had died and later, they even learned of Huang Sanbai's true face.

In the end, thinking that all the blows were over, Huang Yueli actually threw out another piece of shocking news!

The god-level genius of their Sacred Phoenix Clan actually...married to a brat from the Cloudy Qilin Clan!

Was there a mistake? There has been no intermarriage between the Sacred Phoenix Clan and the Cloudy Qilin Clan for tens of thousands of years!

Once anyone in the clan is found to be in contact with members of the Cloudy Qilin Clan, their cultivation will be abolished and they will be locked up in a dungeon.

However, Huang Yueli was the only god-level genius in the family, a rare treasure of the Sacred Phoenix Clan, who dares to do anything to her?

Huang Yueli shrugged as she saw the two elders being hit hard.

“I have also heard about the grievances between the Sacred Phoenix Clan and the Cloudy Qilin Clan. I don’t want to say anything about turning an enemy into a friend. After all, I am not the Patriarch of the Sacred Phoenix Clan! However, if you want to separate me from Moying, it is absolutely impossible!”

Huang Yueli paused, and then said: “The situation of the Sacred Phoenix Clan is complicated, I can’t just go back with you like this. If you believe me, tell the Patriarch what I said when you go back, and let the Patriarch come to the headquarters of Sky Gem Glass Chamber in person to look for me. Before that, I will be training outside with my husband.”

After much deliberation, this was the safest way for her.

For the sake of the clan, the Patriarch of the Sacred Phoenix Clan was the least likely person to harm her.

If Huang Shuangyu and Huang Fuzhao were trustworthy, they would truthfully tell the Patriarch about today’s conversation, and if the Patriarch personally took her back, safety would definitely not be a problem.

If Huang Shuangyu and the others didn’t bring her words, then Huang Yueli would know that they were also Huang Sanbai’s people, at least she wouldn’t fall into their trap.

Huang Shuangyu and Huang Fuzhao didn’t speak, they seemed to be thinking about it.

Just as Huang Yueli was about to say something, she suddenly felt Li Moying’s aura suddenly increase!

“Who is there! Come out!”

He turned to the northeast corner of the forest and shouted sharply.

Chapter 3542 Leave No Witnesses (1)

“What? There’s someone??”

Huang Shuangyu and the others were all shocked!

They had focused all their attention on Huang Yueli. They were so shocked by the truth she had divulged and they had no energy left to pay attention to the surrounding situation, so they didn’t notice any abnormalities at all.

Unexpectedly, Li Moying was so careful, observing the surrounding situation all the time.

Huang Yueli frowned, turned around and looked to the northeast.

As Li Moying’s words fell, an old and resonant voice sounded from behind the bushes: “Hahaha, as expected of a god-level genius of the Cloudy Qilin Clan, this insight is indeed extraordinary! It’s a pity, it’s too late for you to find someone... Already!”

This voice is too familiar to Huang Shuangyu and Huang Fuzhao!

Huang Shuangyu’s head buzzed, she was extremely shocked!

“Third Brother! Third Brother, are you here? Why did you come here at this time? I obviously... didn’t send you a message!”

“Cough... I... I...”

Huang Fuzhao’s face was pale, and he coughed all of a sudden, even out of breath.

Huang Yueli understood from the sidelines, and her eyes turned cold, “It seems that this elder secretly sent a message to Huang Sanbai for fear that he would die in our hands!”

When Huang Fuzhao heard her say it so directly, a look of guilt appeared on his face.

To be honest, he didn’t intend to harm Huang Yueli either.

At that time, Huang Yueli and Li Moying’s strength far exceeded their imagination, and they even summoned two ancient divine beasts to help out!

Seeing that the two Dao Profound Realm powerhouses were about to fall here, Huang Fuzhao was anxious, and secretly used the most secret communication method in the family to ask Huang Sanbai for help! For this reason, the profound energy he consumed was astonishing.

Huang Yueli understood that it was meaningless to blame Huang Fuzhao at this time.

So, without saying much, she looked in Huang Sanbai’s direction again, “Elder Sanbai, since you’re already here, please come out and meet!”

The visitor sneered twice, and strode out from behind the trees.

It really was Huang Sanbai, the elder of the Cloudy Qilin Clan!

When Huang Shuangyu saw him, she immediately shouted eagerly, “Third...Third Brother! You came just in time! Do you recognize this person?”

Although she was weak, she stared closely at Huang Sanbai’s face, she didn’t want to miss any change in his expression.

Huang Sanbai noticed his sister’s gaze, but there was no expression of guilt on his face, and he was still very calm.

He opened the mouth and said: “What’s there that I don’t know? This Huang Yueli girl... that is the only god-level genius in our Sacred Phoenix Clan for tens of thousands of years! Tsk tsk, I haven’t seen you for a few months, Young Miss Yueli’s cultivation has taken another step forward, you really deserve to be the first-class peerless genius in the God Realm!”

As soon as Huang Sanbai opened his mouth, Huang Shuangyu and the others were taken aback!

No one expected that Huang Sanbai not only recognized Huang Yueli at a glance, but also looked so calm!

What exactly is going on?

A “dead person” suddenly came back to life, how did he react like this?

Huang Shuangyu was stunned for a long time before saying: "Third Brother, you...why aren't you surprised at all? You were the one who told us earlier that Huang Yueli had died at the hands of the Young Master of the Cloudy Qilin Clan! But now... how do you explain it?"

Chapter 3543 Leave No Witnesses (2)

"Explain?" Huang Sanbai sneered, and glanced at Huang Shuangyu disdainfully, "What kind of an explanation would you like to hear?"

"This..." Huang Shuangyu had an ominous premonition, but she still didn't want to believe that her trusted brother was actually a traitor who betrayed the clan!

"Just now, Young Miss Yueli said you... said it was you..."

Huang Shuangyu stammered, and felt unable to speak, but Huang Sanbai sneered again, and took the initiative to take over the conversation.

"What did Huang Yueli say? She said that the person who attacked her was not the Young Master of the Cloudy Qilin Clan, but me, didn't she? She also said that I attacked her because of the Sky Phoenix Ring on her body! I did it! The reason is that I covet the position of Patriarch, isn't it?"

"This... this... Third Brother, did you really do this?" Huang Shuangyu's face was pale, and she looked like she might faint at any time.

Huang Sanbai smiled, "I heard everything you said here just now!"

Huang Shuangyu breathed out immediately when she heard the words, "It turns out that you heard what we said, and I thought you really did something unreasonable these days! I think there must be a relationship between you and Young Miss Yueli. There is a misunderstanding, it is better to take this opportunity to clarify..."

Huang Shuangyu hurriedly spoke, wanting to mediate.

However, Huang Sanbai just looked at her with a look of implied pity, did not answer her question, but shook his head slowly, and said: "Second Sister, what Huang Yueli said...is true!"

Huang Shuangyu originally thought that her younger brother had been cleared of suspicion, but when she heard this, she froze on the spot again.

"What... what? What did you say?"

Huang Sanbai met the shocked gazes of Huang Shuangyu and Huang Fuzhao, and said calmly: "What are you still asking? Didn't Huang Yueli make it very clear just now? Although what she said was a little brief, but they are all facts. I really wanted to get the Sky Phoenix Ring on her body, but unfortunately, I let her run away at that time!"

Huang Shuangyu couldn't believe that such a thing would happen!

Just now Huang Yueli put forward all kinds of evidence, which can be said to be solid evidence, but Huang Shuangyu has always been skeptical in her heart.

No matter what evidence others present, in her heart, she still prefers her younger brother.

But now, Huang Sanbai has indeed admitted that Huang Yueli's accusations were all true!

Nothing shocked her more than this!

Huang Shuangyu's eyes widened, and she shook her head in disbelief, "No...it's impossible! You...why did you do such a thing?? We grew up in the clan and enjoyed the various resources provided by the clan. You have cultivated to the present level! Relying on the power and status of your clan, you are respected in the entire God Realm. You are also a highly respected elder in the clan, and you are in control, so what are you dissatisfied with?"

A cold light flashed in Huang Sanbai's eyes, and he let out a piercing laugh.

"Hahahaha, Second Sister, what you said is so funny! You're actually asking me what I am dissatisfied with?? There are many things I am dissatisfied with! Back then, Huang Tianhao and I were both the top geniuses in the clan. His speed is not as fast as mine, but the former Patriarch insisted on choosing him as his successor!"

"It's fine for him to be the Young Patriarch, but he married the daughter of the previous Patriarch!"

Chapter 3544 Leave No Witnesses (3)

"Back then, the person Yunning liked was obviously me, but because he was the future Patriarch, Yunning didn't want to go out for the clan's power, so she could only obey her father's order and marry Huang Tianhao!"

"And what did Huang Tianhao do to her? Marrying a peerless beauty like Yunning is still not enough. He even married the second wife less than a year after the death of the former Patriarch, making Yunning die of depression at such a young age!"

"If I were the Patriarch, Yunning would not have such a fate! Besides, how is that old fellow Huang Tianhao better than me? After becoming the Patriarch, our Sacred Phoenix Clan has not been able to compare with Cloudy Qilin Clan all these years." It is a disgrace to the Sacred Phoenix Clan! Only if I become the Patriarch, can the future of the clan be hopeful!"

The more Huang Sanbai talked, the more excited and angry he became, and his face gradually flushed red.

The more Huang Shuangyu heard it, the more shocked she became, "You...you actually have so many misunderstandings about the Patriarch! Third Brother, things are different from what you think...Actually..."

"Shut up!"

Huang Sanbai didn't want to listen to his sister's explanation at all, so he interrupted her with a bellow and at the same time, a strange smile appeared on the corner of his mouth.

"I don't want to hear your excuses for that scum, no matter what, the position of Patriarch... only I am qualified to sit!"

Huang Sanbai's smile was too creepy, and Huang Shuangyu couldn't help but break out in cold sweat, "You... Third Brother, what do you want to do?"

Huang Sanbai smiled coldly, "I have waited hundreds of years to get this opportunity. As long as I can kill Huang Yueli and get the Sky Phoenix Ring on her body, I will be able to sit on the Patriarch's position! Do you think that I will give up halfway like last time?"

Huang Shuangyu immediately realized that Huang Sanbai was going to attack Huang Yueli again, and immediately struggled on the ground, trying to get up and stop him.

Unfortunately, she was so injured that she couldn't move at all.

She could only shout loudly: "Huang Sanbai, you...you stop! If you dare to attack Young Miss Yueli again, I will definitely not tolerate you! If this matter is reported to the clan, it will be a big deal! All members of our clan will be buried along with you!"

Huang Sanbai has done such a rebellious thing, it is no longer something he can solve by dying alone.

It is very likely that it will also affect the branch where the Huang Sanbai's sisters belong. In the future, not only will the children of the branch be unable to become the elders of the clan, but even the cultivation resources of the young children will be deducted.

Huang Sanbai laughed even colder, "This matter really cannot be spread, so, for the consideration of other clansmen in our branch, we can only let the second sister sacrifice a bit!"

Huang Shuangyu's heart was suddenly filled with panic, and a cold chill instantly penetrated into the bone marrow.

"What... what do you mean?"

Huang Sanbai took a few steps back, and suddenly shouted sharply: "Do it now!"

As soon as he finished speaking, five figures suddenly appeared from behind.

These five people were all dressed in black, and even their faces were wrapped behind black masks.

Only the silver emblems on their right shoulders were clearly visible.

"It's... a member of the Dark Lord! You really..."

Huang Shuangyu never dreamed that Huang Sanbai actually went to find the killers of Dark Lord, and the real purpose of these killers was to kill her!

She also didn't have the chance to finish her sentence.

As soon as the five killers appeared, they immediately attacked the position where Huang Shuangyu and Huang Fuzhao were lying.

Chapter 3545 Leave No Witnesses (4)

These five people were all masters of the Dao Profound Realm, and their strength was on par with Huang Shuangyu and Huang Fuzhao.

Now that Huang Shuangyu and Huang Fuzhao were seriously injured, they have difficulty even moving, so naturally they can't even take a single move!

After the first attack, the two elders lost their breath!

Huang Shuangyu's eyes widened unwillingly, and she couldn't close her eyes even after she died.

And at the same moment, at the same time that Huang Sanbai said "do it", Huang Yueli and Li Moying immediately jumped up and ran towards the west at the same time!

The moment Huang Sanbai showed up, the two of them had already sensed that something was amiss.

Huang Sanbai did not come alone. Near this dense forest, there were several powerful auras hidden in the darkness.

Although Huang Yueli and Li Moying were aware of this, the opponent's strength was very strong. It only took a little time for them to confirm that they were unable to confront the opponent head-on. It was even more impossible for them to escape under the noses of so many experts.

In addition, Little Phoenix and Little Qilin had used their secret skills and they had already fallen into a coma, unable to provide them with any help.

Therefore, they had no choice but to quietly wait for a good opportunity to escape.

Unexpectedly, this time had arrived so soon!

They didn't expect that Huang Sanbai would be so cruel and merciless that he wouldn't even let his own sister go, and would kill her to silence her!

At this time, Huang Yueli could not protect herself, and she was powerless to save others.

However, this provided her and Li Moying with an excellent opportunity to escape.

Seeing that the attention of the five black robed men was focused on the two elders of the Sacred Phoenix Clan, the two turned around in tacit understanding... and ran away!

After Huang Sanbai silenced the two witnesses, he immediately wanted to deal with Huang Yueli and Li Moying.

But who knew, when he turned around, he saw the backs of the two of them escaping!

Both of them were god-level geniuses, both had god-level body skills and secret skills, and their speed was astonishingly fast. They had already run a certain distance by this time.

Huang Sanbai was furious, and stared fiercely at the five black robed men.

"What are you all doing in a daze? Why did you let the two of them go! What's the use of me looking for you?"

The leading man in black said displeased: "You didn't say it in advance. According to the rules of our Dark Lord, we will not do superfluous things other than those ordered by the employer!"

Huang Sanbai was almost pissed off by them!

However, at least he still remembered that this was the killer he hired from Dark Lord, not his disciples who could be used at his beck and call by him.

He managed to suppress the anger in his heart, "I was negligent. Masters, the main purpose of me coming today is the two young people just now! Everyone, catch up quickly and kill that man! As for the girl, just catch her and leave her to me. If you can capture that little girl alive, I will give an extra 100,000 low-grade chalcedony!"

Hearing this, the eyes of the five black robed men lit up, they turned around and quickly chased after them.

Huang Yueli and Li Moying were running side by side. Although Huang Yueli's cultivation was not as good as him, she had a higher attainment in body skills, and her speed was not slower than Li Moying's.

After the two of them ran for a distance, they heard footsteps behind them.

"They've already caught up!" Li Moying's expression turned grim.

Chapter 3546 Evil Qi Enters The Body (1)

Huang Yueli also noticed this, and cursed in her heart, "It's a pity that the array around here is no longer effective, otherwise, I have countless ways to make them die without a place for burial!"

Li Moying narrowed his eyes and looked forward, "But it's alright, we'll be there soon!"

The two sped up and flew towards the west.

Their destination was the entrance to the secret realm of Saint Iniquitous Shadow!

This place was fraught with danger, coupled with the fact that they were not familiar with the terrain and the strength of those hired from the Dark Lord was so astonishing, if they ran around aimlessly, they would probably be killed by them before they reached Forest Shade Town in time.

Besides, they were isolated and helpless here, even if they reached Forest Shade Town, they were not capable of fighting six Dao Profound Realm experts head-on.

Therefore, for them, the safest way was to immediately enter the secret realm of Saint Iniquitous Shadow!

People who don't know how to open the secret realm, no matter how powerful they were, they wouldn't be able to even step into it!

If one tried to forcefully open the secret realm, they may be backlashed by evil qi!

Moreover, the secret realm was a world of its own, completely self-sufficient. They could cultivate slowly in it, and they can stay for a few years. It is impossible for Huang Sanbai and those killers to have the patience to spend it here with them.

The two of them had exactly the same idea, they both ran towards the secret realm with all their strength.

And Huang Sanbai and the five black robed men followed closely behind them.

After chasing for a certain distance, the black robed men's footsteps slowed down by coincidence, and doubts flashed in their eyes.

Huang Sanbai urged eagerly: “Why are you stopping? Chase! Hurry up and catch up with me!”

The leader frowned and said: “They ran all the way to the west! This place is the most evil place near our Forest Shade Town. Even people of Dark Lord, many of them died here, if we keep chasing, it’s too dangerous!”

Huang Sanbai didn’t expect that these killers would be so disobedient to orders, and after only a few steps of chasing them, another excuse appeared again.

He said angrily: “Then what else do you want? I hired you to kill, not to form a team with you to practice! Run away when you see danger, is this the reputation of your Dark Lord?”

The leader frowned again when he heard the words, and didn’t speak for a long time, obviously thinking that what Huang Sanbai said was reasonable.

After struggling for a while, he waved to the four subordinates behind him, “Since we have received the money, we can only take this risk. Let’s go, let’s chase!”

Only then did Huang Sanbai secretly exhale a long breath.

The leader said again: “Those two brats must have had a map in their hands all the way. They ran all the way, and they didn’t touch any arrays! Brothers, pay attention and follow their footsteps. It’s probably alright!”

Huang Sanbai fell on his back in anger again!

It turned out that these black robed men were willing to follow him because they saw that it was not too dangerous.

But no matter what, as long as they were willing to work.

If they really quit at the end of the day, even if they refunded his double deposit according to the agreement, he would feel like crying without tears.

There were not many chances of catching Huang Yueli alive. If he missed this opportunity, he was afraid that no such opportunity would ever arise again.

The black robed men dawdled for a while, and although they chased after them again, they had already wasted a lot of time

Chapter 3547 Evil Qi Enters The Body (2)

In addition, they didn’t know that the surrounding arrays had been cleared. In order to strictly follow Huang Yueli’s route, they spent a lot of effort imitating their route, which also delayed time.

In this way, Huang Sanbai and the others were thrown away by quite a distance.

Huang Yueli and Li Moying had exerted all their strength, but they felt that they might not be able to get rid of them, and they were very anxious, but they suddenly found that the speed of the people behind them had slowed down.

Li Moying took the time to glance behind him, showing a look of surprise, "What's going on? These people are running slower and slower?"

"Why do you care about them? We're here now, do you still remember the order in which you took out the devil stones?" Seeing the entrance to the secret realm was in front of her again, Huang Yueli felt that they were one step closer to successfully escaping.

Li Moying said: "I still remember. Move out of the way first!"

Huang Yueli quickly moved aside, giving way to him as they stood at the entrance of the secret realm.

Li Moying leaned forward and stretched out his right hand. Almost in an instant, he grabbed one of the devil stones and pulled it out.

Immediately after, he proceeded step by step according to the sequence Huang Yueli told him before.

His footsteps barely landed on the ground, and his figure seemed to have turned into a phantom, circling around the entrance of the secret realm.

Huang Yueli stood on the side watching, and couldn't help admiring his speed.

However, even though Li Moying used the fastest speed, Huang Sanbai and the others were cultivators in the Dao Profound Realm after all, and they had already caught up during the time they stopped.

When Huang Sanbai saw the movements of the two of them, his head buzzed!

"No, they must have activated some kind of array here, hurry up! Stop them!"

The five black robed men also knew that the situation was not good, and before Huang Sanbai opened his mouth, they had already made a move!

Moreover, in order to prevent the two from escaping, they all used their strongest killing moves!

The profound energy of the six Dao Profound Realm powerhouses blasted towards the array at the entrance of the secret realm. Under the impact of such a powerful attack, the surrounding space distorted!

However, they were still a step behind!

The moment the six of them shot, Li Moying had already taken away the last devil stone.

The area under his and Huang Yueli's feet was suddenly filled with light, and a golden light shot straight into the sky!

Li Moying immediately grabbed Huang Yueli's wrist, and pulled her into the golden light together.

"Hurry up, hurry up!" Huang Yueli said anxiously in her heart.

Last time, when the two of them came in with four guards, the teleportation process took a little time. At that time, Li Tianyi and the others hesitated for a while before entering the entrance, and they were all in time.

At that time, they thought that the slightly longer transmission time was an advantage, but now, it has become a fatal disadvantage!

No matter how anxious Huang Yueli was, no matter how long or how long the teleportation would take, it couldn't be shortened at all.

Seeing that the attack of the six Dao Profound Realm powerhouses was about to arrive, the entrance was still a little bit too close to be closed.

Without hesitation, Huang Yueli and Li Moying used their most powerful defensive profound skills with all their strength!

On Huang Yueli's brows, the golden phoenix imprint has emerged, using the power of Sky Phoenix Ring!

"Boom—"

There was a loud noise that tore through the heavens and the earth!

The profound energy of the two collided with the profound energy of the six Dao Profound Realm powerhouses!

Chapter 3548 Evil Qi Enters The Body (3)

The result...of course... was not a surprise.

Two young talented cultivators, no matter how talented they were, they still couldn't compete against six strong exponents above the middle stage of the Dao Profound Realm.

The joint defense of Li Moying and Huang Yueli was defeated by one blow!

Not only that, even the entrance to the secret realm was severely impacted.

Li Moying and Huang Yueli spat out a mouthful of blood at the same time, and their faces became extremely pale.

The combined power of the six of them teaming up was really too great. Moreover, they could no longer summon their divine beasts to help out and were forced to face the enemy head-on. There was nothing worse than this situation!

Although the array at the entrance of the secret realm blocked most of the impact for them, preventing them from being seriously injured immediately, but it wouldn't last for long.

To make matters worse, after the array at the entrance was attacked so violently, the teleportation process was interrupted.

Huang Yueli was even more anxious when she realized this.

She didn't know the extent of the damage to the array, and if it was possible to repair it?

However, even if the array could be restored to its original state, they don't have the time and opportunity to activate it again now!

Huang Sanbai saw that the blow failed to make the two of them fall immediately, so he hurriedly urged aloud: "Five masters, don't miss this opportunity! Their array has obviously been damaged, everyone should work together to completely destroy the array and they won't be able to escape!"

Actually, needless to say, the black robed men knew this too.

Immediately after the first strike, the few of them made moves one after another, launching wave after wave of fierce attacks towards the entrance of the secret realm.

Both Huang Yueli and Li Moying were very tenacious cultivators. Even though they were exhausted, they still tried their best to hold on.

However, human power has limits after all.

With such a huge gap in strength, the resistance of the two became weaker and weaker...

At the same time, the array at the entrance of the secret realm gradually collapsed under the continuous attacks...

Huang Yueli and Li Moying were originally standing in the beam of light, but at this moment, the beam of light has become weaker and weaker, and it may be completely extinguished at any time.

Seeing such a situation, Huang Sanbai immediately became excited.

"Come on, everyone! This array will not be able to hold on any longer! Everyone must use all your strength to fight for the next attack, and destroy the array! By the way, you can kill that brat, but, that little girl... We must leave her alive!"

"Understood!"

The leading man in black responded casually, and led his men to attack with all his might.

Huang Sanbai was worried, and used his strongest profound technique!

Six powerful forces swept towards the array once again!

The profound energy in Huang Yueli and Li Moying's bodies had been completely exhausted at this time, and the protection that the array could provide was very little...

Huang Yueli closed her eyes, feeling extremely unwilling!

She and Li Moying had overcome countless difficulties before they were able to ascend to the God Realm, and only then did they get to where they are today!

Today... were they going to die at the hands of Huang Sanbai, a despicable and shameless villain?

But, now there was nothing they could do.

It seems that the only option was to close her eyes and wait for death...

Li Moying clasped Huang Yueli's slender waist, and tightly protected her in his arms.

Although he knew that this was just a kind of comfort in his heart, under such a powerful energy impact, his physical body could not protect his beloved woman at all.

Chapter 3549 Evil Qi Enters The Body (4)

However, Li Moying was unwilling to relax even the slightest bit.

If today was really the day that they would die, at least, he will protect her until the last moment!

However, at the moment when the profound energy of the six Dao Profound Realm powerhouses collided with the array, drastic changes occurred!

The moment the teleportation light beam at the entrance of the secret realm completely disappeared, the profound energy of the six people directly hit the center of the array!

And that's where the evil qi was accumulated in the entire dense forest!

Originally, these evil qi were all over the surrounding arrays, but since Huang Yueli and the others broke the entrance array last time and entered the secret realm of Saint Iniquitous Shadow, these evil qi have been gathering at the entrance of the secret realm and could no longer be restored to its original state.

It was also because of this that the traps around here that could instantly kill Dao Profound Realm powerhouses had suddenly disappeared.

This mist of evil qi had been hovering above the entrance of the secret realm, and even Huang Yueli couldn't figure out what was going on.

And now, the profound energy of the six Dao Profound Realm powerhouses collided head-on with this black mist!

Huang Sanbai and the others saw that their profound energy had successfully shattered the beam of light, thinking that victory was in sight, and they all had relaxed smiles on their faces.

But the next moment, they suddenly felt that their profound energy had collided with an invisible force.

This force was not only very powerful, but also extremely tenacious. It instantly bounced back their profound energy, and the rebounded strength was even doubled!

"What?? What happened??"

The faces of the six people changed abruptly, trying to dodge.

It's a pity that the rebounding speed of profound energy was too fast! Almost in the blink of an eye, it directly hit their chests, leaving them no chance to dodge!

No matter how much a Dao Profound Realm expert strikes with all his strength, this impact was doubled.

Even if it was their own profound technique, they couldn't bear it.

All six people's eyes went dark, and they fell into a coma immediately!

As for Huang Yueli and Li Moying, both of them were seriously injured at this time and fell to the ground, almost completely out of strength.

They thought that they would definitely die this time, but the situation of the battle turned around in an instant.

It was Huang Sanbai and those five killers who fell down!

Huang Yueli's eyes widened. She couldn't believe what she saw. Wasn't this a little too scary? How powerful was this mist of evil qi left by Saint Iniquitous Shadow?

However, before the two of them had time to be happy, they suddenly discovered that the black mist above their heads, after colliding with Huang Sanbai's profound energy, was not completely harmless, but began to slowly disintegrate .

The escaping evil qi extended downward and rushed towards the two of them.

Huang Yueli felt that evil qi was seeping into her body, and she couldn't help breaking out in cold sweat, "This...what's going on here?"

Li Moying's handsome brows were raised, trying to prop up her limp body, and block these attacks for Huang Yueli.

However, this was in vain,

These evil qi were not real entities at all, and of course they cannot be separated.

Moreover, the evil qi not only invaded Huang Yueli's body, but also crazily poured into Li Moying's body!

The moment the evil qi entered his meridians, Li Moying felt his mind go blank, his body seemed to be immersed in warm water, and there was an indescribable sense of comfort that almost made him groan!

Chapter 3550 The Final Victor (1)

However, after a brief moment, Li Moying quickly regained a trace of clarity.

He tried his best to mobilize the profound energy in his body, trying to force out the evil qi that had invaded his body.

However, no matter how hard Li Moying tried, these evil qi seemed to have taken root in his body, and he couldn't force out even a single bit of them. Not only that, the speed at which the evil qi spread through the meridians was unimaginably fast, almost instantaneously. It filled every inch of his meridians.

Li Moying was unable to react at this time, and could only let these evil qi roam freely in his body.

He opened his eyes and looked at Huang Yueli in his arms.

Obviously, Huang Yueli's meridians had been completely invaded by the evil qi and she lay unconscious on the ground.

However, her face was ruddy, and her breathing was very gentle. She didn't look like she was in any danger, but more like she was asleep.

The fact was exactly that.

After Huang Yueli felt the evil qi entering her body, she began to mobilize a large amount of profound energy. Her cultivation was lower than Li Moying's, so her resistance to these evil qi was also weaker.

However, after these evil qi invaded her dantian, they gradually merged with her own profound energy...

Li Moying looked at her expression and felt a little relieved.

Before he could breathe a sigh of relief, suddenly, there was a commotion behind him on the right.

It seems that something is approaching here...

Li Moying suddenly felt a chill behind him, and a huge sense of crisis rose from the bottom of his heart!

He almost exhausted all his strength before turning around. When he opened his eyes, he saw Huang Sanbai getting up from the ground and walking towards them step by step.

Seeing Li Moying turn around, Huang Sanbai suddenly sneered.

When the five killers attacked just now, although Huang Sanbai followed suit, he was careful and didn't attack with all his strength, but just put on a show.

Not only that, but he deliberately stood behind the five of them.

Huang Sanbai felt that since he paid a lot of money to hire the killers of Dark Lord, then he should let them do the dirty work of risky killing, and he just needs to hide behind.

Such an idea really saved his life!

When the six people's profound energy was doubled and bounced back by the black mist above the entrance of the secret realm, because Huang Sanbai's shot was the lightest, and therefore, the backlash he suffered was also the lightest!

Although he was also knocked out at once, he regained consciousness not long after.

When he opened his eyes and looked around, he almost didn't laugh out loud on the spot!

In the entire area, he was the only one who could barely move!

Li Moying and Huang Yueli fell on the destroyed teleportation array, motionless. Although he doesn't know how injured they were, if they could move, they must have already fled for their lives. Now that they were still here, it proved that their injuries were extremely serious!

Not only that, even the five killers he hired had fallen to the ground at this time, their bodies were covered with wounds of various sizes, and blood flowed all over.

The invited helper died, Huang Sanbai not only didn't feel nervous or sad, but was overjoyed!

Originally, he was worried that the people of Dark Lord had witnessed his insane and crazy behavior today, and would use this incident as a handle to manipulate him!

He also thought about getting rid of these five people afterwards, but he couldn't deal with five Dao Profound Realm experts at the same time.
