Chapter 3551 The Final Victor (2)

Fortunately, these five people were seriously injured. Judging from the current situation, they were probably dead.

This saved him a lot of trouble!

Huang Sanbai looked at Huang Yueli and Li Moying who were huddled together and his heart was about to jump out of his chest!

Even Heaven is on his side!

Although the process was a bit tortuous, the final victory still belongs to him.

Huang Sanbai quickly took out a crimson pill from his interspatial ring, and stuffed it into his mouth.

This god-level elixir, as long as there was still a breath left, it could snatch one back from death's gate! This crimson pill was extremely precious. The existing pharmacists in the God Realm can no longer refine it. It was obtained by accident when he was out on an experience many years ago. This was the very last one!

However, when Huang Sanbai swallowed the elixir, he didn't feel any pity at all.

On the contrary, he thinks this medicine was worth taking!

Because it only took a few breaths to take the pill, Huang Sanbai could clearly feel that the damage to his meridians and lungs had all been repaired.

Even the massive consumption of profound energy has been replenished.

Now, his state is almost the same as before he was not injured, and he can even exert 80% of his power in his prime!

Huang Sanbai got up from the ground and walked straight towards Li Moying and Huang Yueli.

He didn't deliberately shield his voice, and the noise he made was not small. As expected, Li Moying discovered his existence very quickly.

However, seeing Li Moying turning around with difficulty, Huang Sanbai could hardly control the smile on the corner of his mouth!

This extremely talented, seemingly incomparable peerless genius... finally fell at his feet!

Huang Sanbai slowly walked up to Li Moying, looking down at the two of them.

"Tsk tsk, Young Master Li, what's wrong with you? Aren't you the most talented genius in the God Realm? Isn't your strength tyrannical? Not only are you invincible among your peers, but you even look down on masters at the Dao Profound Realm?"

Li Moying listened to the cold sarcasm coming from above his head, but the expression on his face did not change, it was still extremely indifferent.

At this moment, he doesn't care what Huang Sanbai said about him.

Now, the only thought in his mind was to protect Huang Yueli!

Even if he himself was smashed to pieces, he must ensure that his little Li'er can survive!

He almost exhausted all his strength, wanting to get rid of the current state of powerlessness. Even if he had a little strength to explode himself, that would be enough.

But no matter how hard Li Moying tried, he couldn't move!

The profound energy in his body was constantly merging with the evil qi, and powerful energy was filling every meridian. However, his body seems to have been administered a paralyzing poison as he felt his strength leave him and he felt himself getting heavier and weaker...

Just now, he could barely turn around, but now, he couldn't even move a finger.

To make matters worse, his consciousness also began to become blurred, as if he might fall into a coma at any time.

Huang Sanbai has been staring at Li Moying, observing his reaction.

He knew that with Li Moying's arrogance, anyone who had the strength to resist would not let others bully him like this, but now not only did he not jump up to resist, but even his gazes began to become blurred...

Huang Sanbai suddenly kicked Li Moying's face!

Chapter 3552 The Final Victor (3)

Huang Sanbai kicked quite hard.

After becoming an elder of the Holy Phoenix Clan, he hasn't lost face for many years, but in the past six months, he almost fell into the hands of Li Moying and Huang Yueli again and again.

The resentment accumulated in his heart has reached its peak!

A large bruise suddenly appeared on Li Moying's handsome face, and a trace of blood trickled out from the corner of his mouth.

Huang Sanbai was just about to kick him again, wanting to vent his anger.

But who knew, the moment his right foot touched Li Moying's face, another huge force came from him!

Huang Sanbai yelled "Noooooo!" in his heart! However, it was already too late to retreat his foot at this time!

Huang Sanbai once again felt the backlash of receiving the rebound of double the profound energy, and quickly retreated.

But fortunately, he just wanted to vent his anger with that kick. He only used brute force and didn't use much profound energy. Therefore, the rebound was not too strong.

He just flew back a certain distance and fell to the ground and the injury was not serious.

Huang Sanbai quickly got up from the ground again, and went towards Li Moying.

Li Moying glared at him with a piercing gaze. If eyes could kill people, Huang Sanbai would have died hundreds of times already!

When Huang Sanbai saw him in such a state of distress, he felt a morbid sense of excitement in his heart!

These two god-level geniuses, who were rare in the God Realm, could only be humiliated by him now, and he can do whatever he wants. What's the use of having high talent?

Huang Sanbai sneered, "Sect Master Li, I'm really sorry. Everyone says you are the most handsome man in the God Realm. There must be many girls looking at your face? If they knew that you were almost disfigured by me, I wonder how distressed they would be? Oh, yes, and your wife, she should be the most distressed, right?"

As Huang Sanbai said, he looked at Huang Yueli who was protected by Li Moying.

At the moment Li Moying was attacked, Huang Yueli also opened her eyes suddenly, glaring at Huang Sanbai!

Huang Sanbai said with a smile: "Young Miss Li, you are really too courageous. As a member of the Holy Phoenix Clan, you dare to marry the Young Master of the Cloudy Qilin Clan, and dare to swagger in front of everyone. As the elder of the clan, if you beat this kid up, it is helping you! Don't worry, this kid will die when he dies. If you are not dead after the Sky Phoenix Ring is taken out of your mind, I will definitely find you a better man."

"After all, you are so beautiful, even if you are a fool, there are probably many men willing to accept such a bed-warming maid!"

When Li Moying heard this, he became anxious, and the profound energy in his body even loosened for a moment!

As soon as he raised his hand, a burst of profound energy rushed directly towards Huang Sanbai's chest!

The speed of this attack was astonishingly fast, it was as quick as a flash of lightning, twice as fast as Li Moying's previous attack!

Huang Sanbai couldn't react at all and he was struck directly in his chest without any defenses and was sent flying back.

This time, he fell very hard.

Although it wasn't as strong as the one that was unleashed by the black mist just now, it still made him ache all over his body, his internal organs seemed to be falling apart, and he spit out a mouthful of blood in mid-air.

Huang Sanbai fell to the ground, his face was full of horror!

Because, the profound skill that Li Moying used just now was so powerful that it had completely surpassed his imagination!

That was almost comparable to the normal attack of a strong exponent in the middle stage of the Dao Profound Realm.

Chapter 3553 The Final Victor (4)

However, Li Moying shouldn't be so strong at all?

Although his talent is very high, but just now, he was completely at a disadvantage in the face of the attack of the Dao Profound Realm powerhouse!

Why did he suddenly increase in strength?

Huang Sanbai quickly took out another handful of pills and swallowed them. Feeling that his body had recovered a little, he climbed up tremblingly.

He had lingering fears, and when he approached Li Moying again, he walked very slowly, taking a step to observe for a while.

If Li Moying really regained his ability to move, and he didn't know how to greatly increase his strength, then he might fall here if he underestimated the enemy.

However, fortunately for Huang Sanbai, Li Moying fell back to the ground after delivering that powerful blow, and there were more blood stains at the corners of his mouth.

It seems that the last profound energy has been used up.

Huang Sanbai was afraid of being cheated, so he circled around Li Moying and Huang Yueli several times very cautiously, before confirming that the two of them were really unable to move.

However, he no longer dared to provoke the two of them anymore.

Although ridiculing and humiliating them could make him, who is not talented enough, feel unusually satisfied, but if it stimulated the potential of the two of them and caused any accidents, it would not be worth it at all.

Huang Sanbai thought for a while, before he took out a dagger from his pocket.

He had already noticed that the black mist above the secret realm was now covering Huang Yueli and Li Moying. Although it doesn't look so dark and thick, the ability to counter still exists.

When he kicked Li Moying just now, it was rebounded.

So, if he attacks with profound energy again, maybe while killing the two of them, he will also die.

Fortunately, you don't have to use profound energy to kill people.

Huang Sanbai squatted down slowly, raised the dagger, and stabbed it at Li Moying's temple!

Even without the injection of any profound power, Li Moying would surely die if the fatal parts were severely injured like this!

Huang Yueli's eyes widened, wishing she could pounce on Li Moying to block the knife!

However, she inhaled more evil qi than Li Moying, and at this moment, her whole body was stiff and unable to move.

Seeing that Huang Sanbai's dagger was about to fall on Li Moying, Huang Yueli closed her eyes in despair.

But at this moment, a strong wind suddenly hit from a distance!

“Boom—!”

This burst of profound energy hit Huang Sanbai's wrist, and the dagger flew out of his hand.

Huang Sanbai's wrist was in pain, and even his bones were about to be broken.

He knew that a master was coming, so he hurriedly turned around, “Who? Who is here??”

“Huang Sanbai, how dare you lay such a vicious hand on the Young Master of our Cloudy Qilin Clan! It's shameless! Leave your life!”

With a stern shout, two bolts of lightning fell towards Huang Sanbai's head!

Huang Sanbai's face changed in shock, almost rolling and crawling on the ground to avoid.

Even though the time was short, he had already recognized the sudden glimpse just now. The people who came were the two six-star generals of the Cloudy Qilin Clan—Li Yuntao and Li Yunhai!

The cultivation base of these two Divine Generals was slightly lower than Huang Sanbai's, but after the experience of the Allied Armies, their actual combat ability was not inferior to Huang Sanbai's!

Even if he wasn't injured, facing one of them, he wouldn't dare to say that he would win.

Chapter 354 Completely Lost It ! (1)

Under the current situation, he has absolutely no chance of winning!

Huang Sanbai quickly realized his own weakness, so he didn't bother to fight back at all.

After dodging Li Yuntao's first attack, he immediately rolled his body and hid directly behind Li Moying.

He even grabbed Li Moying's waist, trying to grab him and use him as a shield.

The two Divine Generals who were originally furious were completely merciless when they attacked and they no longer had any qualms about abiding by the peace agreement. Each of their moves were all filled with murderous intent and the only thought in their hearts was to kill Huang Sanbai immediately.

However, the true face of Huang Sanbai was beyond their imagination!

He was actually so insidious and shameless! The usual dignified appearance in the Holy Phoenix Clan was all just a pretense!

His shameless move forced Li Yuntao and Li Yunhai to forcibly halt their attack as they saw their lightning infused attack narrowly pass Li Moying's side!

Because of the temporary withdrawal, the two Divine Generals also endured a certain degree of backlash.

Huang Sanbai reacted very quickly, hiding behind Li Moying was just a stopgap measure, he didn't intend to really confront the two generals.

Taking advantage of the moment when Li Yuntao and the others were furious, he had already dodged and rushed towards the depths of the dense forest!

Li Yunhai was about to go after him, but was held back by Li Yuntao.

"That old man... If you want to kill him, there will be plenty of opportunities in the future, so it's more important to save Young Master first."

Li Yunhai's struggle was fully shown on his face and he angrily released more than a dozen bolts of lightning towards the dense forest, but the forest was pitch black, and he really couldn't see whether he had hit Huang Sanbai.

He stomped his feet resentfully, and turned back to Li Moying.

At this moment, a slender figure also ran towards this side.

Still some distance away, someone came and shouted: "Seniors, have you found Young Master yet? He...is he alright!"

Li Yuntao's face was very gloomy, and he said in a low voice: "Do you think he's alright? How could he be alright? He's in a really terrible situation! But fortunately we caught up in time. Although he passed out, the injury doesn't seem to be serious. The profound energy in his meridians are sufficient, there should be no danger to life."

As he said that, he looked at Li Leyun who had just arrived, "It's really thanks to you this time! If you hadn't told us that Young Master left Medial Arch City suddenly, and there were people from the Holy Phoenix Clan following him, we would never think of coming to check on Young Master! This time, you have saved Young Master's life!"

Li Yuntao already hated Li Leyun very much, but after this incident, he changed his opinion of her.

Li Leyun couldn't help feeling secretly happy.

Half a month ago, Li Yuntao and the others kicked her out of Medial Arch City even though she made a fool of herself in Grandmaster Xiao's competition.

However, she was still unwilling after all, so she never really left. Instead, she was still near Medial Arch City, looking for an opportunity to get close to Li Moying.

In the end, she couldn't get close to Li Moying, but found out that he and Huang Yueli were leaving together in an airship.

Li Leyun couldn't help but wanted to follow. However, it was precisely because of her actions that she spotted the suspicious-looking Huang Sanbai and the others!

At this time, Li Yuntao and Li Yunhai happened to be carrying out the mission of the Allied Armies near Medial Arch City.

After she realized that something was wrong, she hurried to explain the situation to the two Divine Generals.

It was a matter of their Young Master's safety, so the two Divine Generals did not dare to be negligent, so they quickly dispatched their airship to follow.

Chapter 3555 Completely Lost It ! (2)

However, they came relatively late, Li Moying and Huang Yueli had already entered the secret realm of Saint Iniquitous Shadow a few days before.

Even Huang Sanbai and the others have found Huang Yueli's location and set up a vicious trap.

But Li Yuntao and the others were like headless chickens, unable to find any clues at all. Even the waiter who had seen Li Moying before and provided information to the Holy Phoenix Clan was killed by Huang Sanbai!

Li Yuntao and Li Yunhai stayed in Forest Shade Town for several days without any clue. They thought Li Leyun had made a mistake and almost planned to leave.

Fortunately, before they left, they happened to see Huang Sanbai hurrying along the street with five killers!

Li Yuntao and others hurriedly followed, and they arrived in time, saving Li Moying's life!

Also because of this, Li Yuntao and Li Yunhai's impression of Li Leyun has also changed, and they feel that she still has merits, at least she was sincere to the Young Master, and she was still quite clever.

Although Li Yuntao and the others didn't say these words, their eyes and expressions said a lot.

Li Leyun saw it in her eyes and was happy in her heart.

Especially when she noticed that Huang Yueli beside Li Moying was unconscious, not knowing whether she was dead or alive, her mood became even better!

While talking, Li Yunhai had already carried the unconscious Li Moying.

He said to his elder brother: "Brother, the Young Master's injury is not so serious, but he has been in a coma for a long time. I gave him several pills but nothing worked. There's something weird, we can't delay, we have to hurry up and take him back to Amethyst Paramount Palace, and ask the clan doctor for treatment!"

Li Yuntao grimaced, and nodded, "That's true, we can't delay here, and take the Young Master back safely first!"

As he said that, he looked at Li Leyun, "Yunhai and I must escort the Young Master back immediately, and you will be responsible for the rest of the matter here! There are quite a few cultivators from the clan who came with me this time, and they should all be here now. They are rushing here as we speak so

when they arrive, you have someone take all the guards around the Young Master back, and treat them well. I saw them just now, they were seriously injured, but they are still alive!”

Li Leyun nodded emphatically, and said in response: “Two Divine Generals, don’t worry, I know the seriousness! Brother Tianyi and the others have done a great job in protecting the Young Master, and I will definitely do my best to treat them!”

The two Divine Generals trusted Li Leyun very much at this time, and at the same time they were concerned about Li Moying’s injury, so they had no time to think about it.

They took Li Moying with them and used their profound body skills, but within a few breaths, their figures had already disappeared into the dense forest.

Seeing them walking away, Li Leyun’s eyes flashed, and she lowered her head to look at Huang Yueli who was still on the ground.

At this time, the black mist above the entrance of the secret realm had completely penetrated into the bodies of Huang Yueli and Li Moying.

It was also because of this that Li Yunhai was able to carry Li Moying so easily without being backlashed.

Huang Yueli’s body was no longer surrounded by black mist.

She fell to the ground, her eyes closed tightly, and her whole body was limp and weak, but her face looked normal.

Now, the profound energy in her body has been completely mixed with the evil qi. A large amount of evil qi poured in, along her meridians, entered her dantian, and even spread to her brain.

Huang Yueli couldn’t even move a single finger.

Because of this, even though she was so shocked that Li Moying was taken away, there was nothing she could do!

Chapter 3556 Completely Lost It! (3)

From Li Leyun’s point of view, Huang Yueli was no different than a lamb waiting to be slaughtered.

She slowly approached Huang Yueli, and first kicked her on the waist. Seeing that she didn’t respond, she immediately showed an icy smile.

“Tsk tsk, you stinky girl with the surname Li, you still have today! Aren’t you very arrogant and proud? You think that as long as you can use despicable tricks to captivate brother Moying, you can ascend to the sky and become the young lady of the Cloudy Qilin Clan? Huh? But look at you now, aren’t you lying at my feet like a dog?”

At this time, Huang Yueli had completely lost consciousness.

Although these evil qi had integrated well with her own profound energy, there was still too much!

The raging evil qi poured into her dantian crazily. It was fine at first, but later on, it increased more and more, and it almost caused her dantian to explode!

A blush appeared on Huang Yueli's face, and she began to feel pain.

Seeing that she was silent, Li Leyun felt annoyed. She lowered her head to Huang Yueli's ear, and said again: "Speak! Why don't you speak? Is it because you're hurt too badly, or did you not put me in your eyes at all?? Do you think... I dare not kill you? Now that brother Moying has been rescued, and there is no one else here, no one will know if I kill you!"

The evil qi in Huang Yueli's body flowed more violently, and beads of perspiration started to form on her forehead.

But, she still couldn't move!

Moreover, she couldn't feel any movement from the outside world. Even if Li Leyun spoke so close to her, she didn't hear anything.

When Li Leyun saw that there was no response at all, she was disappointed.

She said these words in order to humiliate Huang Yueli, and she wanted to see panic and unwillingness appear on her confident face, so as to remove the psychological shadow caused by Huang Yueli's repeated slaps in the face.

However, Huang Yueli didn't respond!

No response, what's the point of scolding her then?

Li Leyun's plan to kill Huang Yueli was originally just a threat, but as soon as she said the words, she suddenly realized that this was really a golden opportunity!

After killing Huang Yueli, no one will come to snatch Li Moying from her again!

Moreover, there aren't any witnesses here, and she wants to deny it afterwards, without any effort!

All she needed to say was that when she came, Huang Yueli was already dead!

Even if Li Yuntao and Li Yunhai might think of her, they will definitely not stand up and testify, because they definitely want Huang Yueli to disappear quickly!

Huang Yueli did not hand over Grandmaster Xiao's business to the Cloudy Qilin Clan, but instead cooperated with the Black Tortoise Clan. This matter made the two Divine Generals very angry!

Thinking of this, Li Leyun suddenly became terrified!

She raised her right hand, and the profound energy in her body condensed towards her palm, and soon formed a blueish purple ball of light on her hand.

Li Leyun narrowed her eyes, ruthlessly slammed towards Huang Yueli!

"Boom—!"

A loud bang!

Li Leyun held on to the idea of not doing one thing and not doing the other, so she acted extremely viciously, and used the secret method of the Cloudy Qilin Clan!

But this time with all his strength, the attack was clearly aimed at Huang Yueli's heart, but it seemed to hit an iron plate directly!

At the same time, a force of counterattack turned towards Li Leyun instead!

Li Leyun did not expect such a thing to happen.

Chapter 3557 Completely Lost It ! (4)

Just like those black robed men experienced just now, she was defenseless, and she had no time to dodge, and was directly sent flying!

"Uh... pffft...!"

Li Leyun vomited blood in the air and fell to the ground.

Fortunately, she only had the cultivation base of the Heart Profound Realm. Although the blow was heavy, she still managed to save her life under the doubled rebound.

She was in so much pain that she collapsed on the ground, tried her best to turn her head, and looked in Huang Yueli's direction in disbelief.

After enduring Li Leyun's attack, a black mist suddenly emerged from Huang Yueli's body, wrapping her in the middle.

At the same time, the stones around Huang Yueli suddenly emitted a golden light!

"This... this is actually a teleportation array! She... where will she be teleported??"

When Huang Yueli was attacked, the evil qi in Huang Yueli's body suddenly overflowed and filled a small area around her. The evil qi poured into the teleportation array, providing enough energy for the interrupted array.

So, the teleportation array was activated again!

Li Leyun didn't realize that it was a teleportation array at first. She didn't realize it until the golden light came on, but it was already too late!

Now she was seriously injured because of the backlash, and it was impossible to rush to stop it.

She could only watch helplessly as the stunning beauty she hated to the marrow slowly disappeared into the golden light.

Li Leyun gritted her teeth angrily, "What's going on? Why is that damn girl so lucky? She ran away! I don't know where the teleportation array leads to. I hope she falls into a crisis-ridden place. I hope she'll end up in a horrible place and die before she can even wake up! That would save me from having to do it myself."

Li Leyun cursed Huang Yueli fiercely, and still couldn't get over her anger, she clenched her fist and hit the ground forcefully.

At this time, the young disciples of the Cloudy Qilin Clan who were sent by Li Yuntao to aid had already arrived.

Seeing her acting so strangely, they couldn't help but look at each other, "Young Miss Le... Young Miss Leyun, what's wrong with you? Why are you injured so badly? Is it those bastards from the Holy Phoenix Clan attacked you?"

Li Leyun didn't answer them, but instead asked: "There's only me and those five black robed men here, right?"

This question she asked was terrifying as a cold glint flashed by Li Leyun's eyes.

Several young cultivators couldn't help but shudder. They scanned the surroundings tremblingly before replying in a low voice: "Yes... yes! We only saw you and those five black robed men..."

"Very well, remember your words!"

These were all her witnesses! What a help!

Now, Li Leyun felt that it was time for Huang Yueli to disappear!

"I'm fine. You don't need to worry about me. In the southwest of the forest, there are four bodyguards of Brother Moying. Li Tianyi and the others were all seriously injured. They seem to be on the verge of dying. Hurry up and save them first!"

The young cultivator made a stretcher and carried Li Leyun away.

Before leaving, Li Leyun turned her head to look at the place where Huang Yueli disappeared.

The teleportation array, which was shining golden just now, had completely recovered its calm. Even the cloud of black mist that suddenly appeared just now has disappeared.

The teleportation array that had calmed down looked very dilapidated and inconspicuous.

That dead girl... Where did she go?

I hope she never comes back alive!

Chapter 3558 Secret Inheritance (1)

Huang Yueli's felt as if an eternity had passed as she fell.

During the short time she passed through the teleportation, her body kept shaking with the fluctuations in space, and the evil qi in her body was also under such pressure, and penetrated deeper into her meridians.

Not only that, the dizziness caused by the teleportation made Huang Yueli, who was already unwell, feel more and more uncomfortable.

Especially after she fell into the secret realm, the evil qi in the secret realm also began to pour into her body.

The evil qi in her body became more and more abundant, and in the end, it almost burst her dantian!

Huang Yueli frowned, her whole body was hot, and she didn't know where she was.

She didn't know how long it took, but the evil qi running wild in her body suddenly calmed down a lot, and her consciousness gradually returned to her mind.

Huang Yueli opened her eyes in a daze, and the scene in front of her shocked her!

She was actually in a richly decorated Palace. There was no one in the room, and there was no way out.

The surrounding walls were engraved with complicated patterns and various mechanisms.

Even a genius armament master like her couldn't understand the function and mechanism of these mechanisms at all!

Huang Yueli shuddered in her heart, and immediately felt that she was in a rather precarious situation.

Although she was not conscious just now, she roughly knew that at the moment when her life and death were on the line, the teleportation array suddenly activated by itself and teleported her out.

However, according to common sense, she should have been teleported to the secret realm of Saint Iniquitous Shadow, right?

But the Palace presented to her now was completely unfamiliar, completely different from the abode she left just a day ago...

Could it be that the teleportation array could lead to other places?

While thinking about it, Huang Yueli propped herself up, trying to get up from the ground.

However, as soon as she tried hard, she realized that she was still unable to move. Although her consciousness had become much clearer, her body was still limp and weak.

Just then, she suddenly heard a mysterious voice sound above her.

"You can't move around yet."

Huang Yueli had already seen it just now, and there was no one in the room, but suddenly there was someone talking, which really surprised her.

She widened her eyes and looked in the direction of the sound.

What appeared in front of her was a middle-aged man in a white robe. He looked about forty years old, and he was very elegant and handsome. It could be seen that he must have been an outstandingly handsome man when he was young.

Huang Yueli looked at him, and asked in shock: "Who are you? What kind of place is this?"

The man in white frowned, "You can break through the many tests I left behind and enter my abode, but you don't know who I am?"

After hearing this, Huang Yueli's mind suddenly had a flash of inspiration, and she couldn't help blurting out: "You...you are Saint Iniquitous Shadow!"

As soon as the words came out, she felt something was wrong again, "No, haven't you already... passed away? Uh, I'm sorry, I didn't mean to offend..."

Saint Iniquitous Shadow was not angry because of her words, but laughed instead.

“It is true that my main body was already gone tens of thousands of years ago. This is just a trace of my consciousness left in the abode. It is the limit to be able to last for tens of thousands of years. I have been waiting for a suitable candidate who will be able to inherit my skills...”

Chapter 3559 Secret Inheritance (2)

“At first, after such a long time, no one could successfully pass the various tests I left behind. I was already planning to give up. I didn’t expect that a genius like you who is suitable for cultivating my lifelong skills would appear!”

Saint Iniquitous Shadow looked at Huang Yueli, smiled and nodded.

He was very satisfied with Huang Yueli.

Originally, as long as that person had a heavenly talent and met the other conditions he set, he was ready to pass on his skills to the other party.

After all, god-level geniuses were extremely rare in the God Realm. They could be met but not sought after, and they had other conditions to meet as well. It was really hard to find them. Saint Iniquitous Shadow did not have such extravagant hopes.

But now, seeing Huang Yueli... this really surprised him!

After hearing this, Huang Yueli was not that excited.

After all, she has also entered many secret realms, and has a certain understanding of the inheritance of various masters.

The moment Saint Iniquitous Shadow revealed his identity, she had roughly guessed why this once peerless powerhouse showed up.

She asked in bewilderment: “Test? Senior Iniquitous Shadow, sorry but I’m very confused, what kind of test did I pass? How come I don’t understand anything you say at all?”

If the so-called test was to decipher the arrays at the periphery and the entrance of the secret realm and successfully enter the secret realm, then when she entered with Li Moying and four guards a few days ago, she had already fulfilled the conditions.

However, she was not able to obtain the inheritance at that time. Even after they searched inside and outside the abode for several times, they did not find this secret room or any clues related to the inheritance.

But this time, she didn’t come in by her own strength at all. On the contrary, she fell into a state of semi-consciousness and embarrassment.

How could the conditions be met at such a time?

Hearing this, Saint Iniquitous Shadow smiled and said, “You must be very surprised. Why didn’t you meet the conditions when you entered the abode last time? In fact, the treasures and medicinal

materials I left in the thatched hut and the medicinal field were originally what I was going to give to passersby. As for the real inheritance, I will only leave it to young cultivators with certain qualifications!”

“Certain qualifications...” Huang Yueli repeated in a low voice, thoughtful.

Saint Iniquitous Shadow further explained: “That’s right, the most important requirement for me to find a successor is that this person must have a special physique and be able to withstand a large amount of evil qi entering the body!”

Huang Yueli was startled, then remembered her current state, and couldn’t help but let out an “ah”.

Saint Iniquitous Shadow said: “Actually, when you first entered the abode, you should have noticed that the air in this secret realm is full of evil qi. Ordinary cultivators have very low tolerance to this evil qi. Those who are a little higher, although they can barely use their profound energy to resist for a while, but after a long time, their meridians and spiritual consciousness will be damaged, and they cannot last for a few days at all.”

“However, for cultivators with special physique who can become evil cultivators, it is completely different! Evil qi enters the body and can perfectly integrate with their original profound energy. Not only will they not be injured, but they will also feel very comfortable.”

Having said that, Saint Iniquitous Shadow paused, with a look of doubt on his face, and looked at Huang Yueli.

“Strange, why didn’t you absorb these evil qi when you first entered the secret realm?”

Chapter 3560 Secret Inheritance (3)

Huang Yueli blinked, “I’m not an evil cultivator, why would I absorb the evil qi? Besides, if the evil qi enters the body, if it’s really harmless, I wouldn’t be so immobile now, right? This is enough to show that I didn’t take the initiative to absorb evil qi!”

Saint Iniquitous Shadow was stunned for a moment, then shook his head and laughed, “You are quite shrewd, little girl! No wonder... Actually, the concentration of the evil qi I left in the secret realm is not high, even if you absorb it all, you won’t be able to absorb it all.” There are too many disadvantages. Moreover, the conditions I set at the beginning was like this, only when most of the evil qi in the secret realm is absorbed will my spiritual sense be clear and the real inheritance will be opened.”

After hearing this, Huang Yueli finally understood.

It turned out that she and Li Moying were afraid that there would be negative effects, and that they could force these evil qi out of their bodies. This action made them unable to meet the inheritance conditions of Saint Iniquitous Shadows.

But now, when she fell into the secret realm for the second time, she was in a trance, and her profound energy had been completely invaded by evil qi, so she couldn’t counter these evil qi. As a result, the evil qi in the secret realm also entered her body and evidently triggered the inheritance.

Thinking of this, Huang Yueli couldn’t help sighing secretly.

The behavior of these seniors and strong men really made them puzzled!

Saint Iniquitous Shadow looked at Huang Yueli, and said, "You fell from the top of the secret realm just now, is it because you accidentally touched the mechanism of the entrance when you left, causing the evil qi to impact into your body, and you almost died?"

Huang Yueli gave a wry smile, and replied: "Senior Iniquitous Shadow, you guessed pretty well, but I didn't touch the mechanism by mistake, but when I was leaving, I was attacked by the enemy, and the other party's attack destroyed the teleportation array and also dispersed the large mass of evil qi above! These evil qi bounced off the opponent's attack and saved the live of my husband and me, but they also invaded my meridians, making me unable to move, so I could only fall in."

Hearing the words, Saint Iniquitous Shadow shook his head and said, "This is really your fate! To tell you the truth, my original idea was to screen through the thin evil qi in the secret realm. Once I selected a disciple, I would teach that person how to refine the evil qi with my cultivation technique, so that when he leaves, he can just absorb the large cloud of evil qi at the entrance of the secret realm! Don't underestimate that cloud of black mist, it was carefully refined by me over the years and absorbed countless devils and the energy of the God Clan powerhouse!"

"If it weren't for your great destiny and extremely high talent, under the impact of so much energy, you would be dead now!"

After hearing this, Huang Yueli also felt a wave of fear.

Unexpectedly, the large cloud of black mist outside was actually a legacy left by Saint Iniquitous Shadow to future generations!

While cultivating, one had to also pay attention to the step-by-step process.

The concentration of evil qi in the secret realm was very low. She did not feel any discomfort after inhaling a little.

If she could follow the plan of Saint Iniquitous Shadow, first learn to refine this energy, and then gradually increase the intensity, so as to absorb the energy from the outside, her safety was guaranteed.

But now, she was directly hurled into the unknown.

Without any basis at all, such a large amount of evil qi was directly poured into the body!

One had to know, the evil qi contained in that black mist was once enough to drive dozens of arrays within a radius of more than ten miles in the entire dense forest, and countless cultivators died in these arrays! Its magnitude of power could be seen.
