Chapter 3591 What Kind Of Strength Is This? (2)

Li Leyun didn't believe that Huang Yueli could have such abilities, so she denied without any hesitation: "Impossible!"

She looked at Huang Yueli with disdain, "In order to be able to see Brother Moying, you really dare to say anything, even this kind of unbelievable lie! Let me tell you, no one here will believe your nonsense, you better get out!"

After hearing this, Huang Yueli not only did not leave as promised, but also did not move a step at all.

She said with a half-smile: "Young Miss Li, you are so nervous, you are so anxious to drive me away, it is not so much that I am lying, it is better to say that you are afraid of letting me see Moying? However, you really should be afraid, if you let Moying know what you did to me, what do you think will happen to you?"

These words just hit Li Leyun's sore spot.

Hearing this, her face suddenly turned livid.

However, she will not show any weakness in front of Huang Yueli.

Li Leyun sneered, and said, "What do I have to be afraid of? If you want to sue Brother Moying, you have to meet him first! And do you think... I will let you see him?"

Huang Yueli frowned slightly. Although she was very confident in her own strength, she was not blindly confident.

Now that she is on the territory of the Cloudy Qilin Clan, with Li Leyun's status in the Cloudy Qilin Clan, trying to prevent her from seeing Li Moying was definitely not just empty talk.

Of course, she can also choose to make a big fuss in front of the Amethyst Paramount Palace, making things bigger and telling the truth.

It's just that doing so may not be of any benefit to her.

After all, Li Yuntao and the others have made it clear that the Cloudy Qilin Clan does not want the future Patriarch to have a wife from the lower realm, and her status was far worse than that, she was from the Holy Phoenix Clan!

With the current relationship between the two clans, if the Patriarchs of the Cloudy Qilin Clan knew her true identity, they would tear her apart!

Huang Yueli's eyes darkened, but she still wanted to make the last effort.

"Li Leyun, I'm not joking, I can really save him!"

Hearing her repeated emphasis, Li Leyun also knew that she was also poisoned before, but now she was standing here alive and kicking, so she couldn't help feeling suspicious.

Could it be that this damn girl really had a way to save him?

Li Leyun glanced at Huang Yueli suspiciously, then changed the subject, "What can you do to save Brother Moying? Tell me first and listen! If there is some truth to it, then for Brother Moying, I can consider letting you meet."

What she said sounds like she made a concession and gave Huang Yueli a chance.

However, Huang Yueli just smiled coldly, not being tempted by these conditions at all.

"Young Miss Li, do you think I'm a fool? I'll tell you how to save people, and if you use this method to save people, then you will transform into Moying's saviour, and then secretly kill me, you will be able to avoid future troubles forever, right?"

Li Leyun's face froze for a moment.

This damn girl was so smart! She actually said her plan exactly!

She gritted her teeth and refused to admit it, "What are you talking about? How could I do such a thing?"

Huang Yueli raised the corners of her mouth mockingly, "Whether it's true or not, you know in your heart, but you don't have to daydream anymore, I must do it myself to save Moying, no one else can do it!"

Chapter 3592 What Kind Of Strength Is This? (3)

There was not a single lie in what Huang Yueli said .

Although she has the "Iniquitous Shadow Secret Manual" in her hand, it was impossible for this kind of thing to be handed over to others casually. She also swore in front of the spirit body of Saint Iniquitous Shadow that she would never let the cultivation method spread to the outside world.

What's more, if you want to really cure Li Moying and raise his cultivation base to a higher level, you can only do it through double cultivation. This was not something that anyone could do. The one who met such a series of harsh conditions was only her!

However, Li Leyun obviously did not believe in such a thing.

Seeing that Huang Yueli refused to tell the way to save people, she gradually became angry and she couldn't pretend to be innocent anymore.

"After talking for a long time, you are lying to me! There is no way you can save brother Moying, you just want to see him!"

Huang Yueli said indifferently: "He is my husband, I want to see him, so there is nothing strange about it."

As soon as the words fell, before Li Leyun had time to react, a gasp came from behind the two of them.

When Huang Yueli was arguing with Li Leyun, the guards of Amethyst Paramount Palace were not far away and could hear their conversation. They also had a lot of guesses about Huang Yueli's identity.

Unexpectedly, she suddenly said, "Li Moying is my husband!"

In their eyes, Huang Yueli is a man!

Could it be that the reason why their wise and mighty Young Master was not close to women, and is indifferent to the pursuit of so many proud girls of heaven, is not because he is devoted to cultivation, but because... he liked men?

But, the kid in front of him doesn't look very good, does he? At most, it can only be called normal, and it is definitely not stunning! The Young Master's aesthetic is really fascinating!

At this moment, Li Leyun said, "Stop being so sentimental! Brother Moying will never marry you!"

The guards nodded after hearing this.

That is, their Young Master doesn't like men! He will not marry a man!

However, before everyone breathed out their long breath, Li Leyun said again: "Even if Brother Moying likes you, what's the use? What is the status of our Cloudy Qilin Clan? It is absolutely impossible to accept your low birth." My young lady! To tell you the truth, brother Moying and I are officially engaged!"

After hearing this, the guards almost fainted!

Could it be that their Young Master really likes... the man in front of him?

How could such a thing happen?

But, even Young Miss Leyun said so...

For a moment, everyone glared at Huang Yueli. When Li Leyun mentioned the marriage contract, the guards all cheered.

"That's right, our young lady is already engaged to the Young Master! Thanks to the young lady who saved the Young Master this time, with this credit, even the daughters of other elders in the clan can't make money with Young Miss Leyun, you let alone a man!"

"What are you? How dare you miss our Young Master!"

After hearing these words, Huang Yueli couldn't help frowning.

However, she understood a little bit in her heart.

It seems that after Li Leyun rescued Li Moying near Forest Shade Town, she made a contribution to the Cloudy Qilin Clan. Originally, she had already been removed from the competition of "Future Young Lady", but because of this, thanks to her credit, she stood out and became the best candidate for Li Moying's "fiancée".

Even though she knew that Li Moying had been in a coma, it was impossible to do anything.

Chapter 3593 What Kind Of Strength Is This? (4)

However, whenever Huang Yueli thought of her husband being entangled by this savage and willful young lady for no reason, Huang Yueli would feel uncomfortable in her stomach.

She looked at Li Leyun mockingly, "Engaged? Are you sure? Moying has clearly not woken up, how did you get engaged to him? Or did you have a daydream, dreaming that you were engaged to him?"

Li Leyun's face froze.

Huang Yueli said again: "Furthermore, his real wife is still alive. You are so eager to marry in because you want to make a fool of my husband? Have you asked me what this real wife means?"

"What kind of wife are you? The lower realm..."

Li Leyun was about to say something, when suddenly, she found that the guards at the gate of Amethyst Paramount Palace were all looking at them in surprise.

She was startled suddenly, and only then did she realize that she was so angry that she quarreled with Huang Yueli regardless of the occasion.

All the words they said were heard by the guards at the door!

Although the guards were clearly thinking wrong, if they continued to quarrel, there was no guarantee that Huang Yueli would reveal something. If word got to the ears of the Patriarch or elders, her marriage with Li Moying would fall through again!

Thinking of this, an icy glint flashed in Li Leyun's eyes.

Keeping Huang Yueli here is always a disaster. As long as she stays in the Cloudy Qilin Clan for a day, she will have to bear a huge risk. Why not...

Li Leyun yelled sharply: "Bold lunatic! How dare you say such a thing in Amethyst Paramount Palace, you are clearly slandering our Young Master, destroying the Young Master's reputation, with ulterior motives! I suspect that you are a spy sent by the Holy Phoenix clan! Come, take this person down quickly, and this lady will personally interrogate him severely!"

As she said that, she didn't wait for the guards to do anything, she slapped Huang Yueli first!

Powerful thunder attribute energy swept towards Huang Yueli's chest!

Whether it's speed or strength, it's better than when the two fought in Medial Arch City.

When the guards saw this, they all cheered, "Young Miss is strong and diligent, so amazing! She is indeed a genius second only to the Young Master in the clan!"

A trace of surprise also flashed across Huang Yueli's eyes.

Li Leyun's strength is indeed much stronger. The last time she fought against each other, she could only say that she had just stepped into the Heart Profound Realm, and her cultivation base was not yet stable, but now, it is obvious that her moves were more smooth!

The interval between the two fights was less than a month, and Li Leyun has been working very hard recently to make such progress!

Seeing the expression on Huang Yueli's face, Li Leyun couldn't help but feel even more proud.

"You are looking for death yourself, you can't blame me! Now let you see how good I am!"

The last time the two of them hadn't really fought, they were interrupted by Li Tianyi and the others. Li Leyun had always regretted not letting Huang Yueli see her true strength!

She always believed that as long as Huang Yueli could clearly see the difference in talent between the two, she could completely suppress Huang Yueli and make the other party unable to hold her head up.

Now, she finally got this opportunity!

In the blink of an eye, Li Leyun's profound energy had already hit Huang Yueli's chest.

Huang Yueli didn't dodge at all, and there was a faint smile on her face.

Li Leyun was startled, she was dying, and this little girl was still laughing? Wouldn't it be frightening?

But the next moment, she realised that she was completely wrong!

A huge force suddenly erupted from Huang Yueli's body!

Li Leyun didn't even get a piece of her clothes, and her body flew back.

Chapter 3594 What Kind Of Strength Is This? (5)

Li Leyun didn't realise that she had missed at first, and when she was in mid-air, she still maintained an overjoyed expression on her face.

It wasn't until her back hit the ground heavily that she suddenly realised what had happened.

However, she was so stunned that she couldn't do anything except stare blankly at Huang Yueli.

The surrounding guards also had dull expressions on their faces. They all opened their mouths wide and stared blankly at the scene in front of them!

This was so amazing that she never thought that she should go up to help Li Leyun.

After all, Li Leyun is one of the top genius cultivators of the Cloudy Qilin Clan, and her cultivation has improved a lot recently. Even Li Zijun is no match for her now. Only Li Moying was left.

But now, what did they see?

The young man who knocked Li Leyun away just now seems to be about the same age as her, right?

Facing Li Leyun, actually has an overwhelming advantage in strength?

At this moment, Li Leyun finally regained consciousness. She was staring at Huang Yueli with a dazed look on her face, shaking her head desperately, "No...impossible! How is this possible? You...you're not..."

Li Leyun had seen Huang Yueli's true face, and knew that she was much younger than herself.

Moreover, the last time the two fought briefly, Huang Yueli's strength was not as good as hers at that time.

However, just over a month has passed now...

In front of this little girl, she couldn't even... not even catch a move!

“Impossible! This can’t be true! What method did you use? Did you poison me? Or did you use some hidden weapon?” Li Leyun opened her mouth and began to guess wildly.

Huang Yueli chuckled lightly, and said calmly: “Your skills are not as good as others, and you still refuse to admit it, insisting on finding some reason... It’s ridiculous to say that you are a genius!”

Li Leyun’s face turned red when she heard her mocking her, “It’s clear that you used indecent methods! Don’t think I can’t see it! How can you, a lowly human from the lower realm, cultivate so quickly? Moreover, I just underestimated the enemy and missed just now!”

“Missed for a while?” Huang Yueli looked at her with a half-smile, “Then I’ll give you another chance. Get up and let’s compete again.”

A gleam of joy flashed in Li Leyun’s eyes, and she was about to jump up from the ground.

However, Huang Yueli went on to say: “However, this time I can’t compete in vain. If I win, you must promise to take me into the Amethyst Paramount Palace and meet my husband. Of course, if you win, I will leave right away and I will never come to Amethyst Paramount Palace again in the future!”

Li Leyun originally thought that this was a good opportunity to avenge her shame, but when she heard what Huang Yueli said, she suddenly hesitated again and didn’t speak for a long time.

Huang Yueli raised her eyebrows, “What? Don’t you dare?”

Li Leyun really didn’t dare.

Even though she thought from the bottom of her heart that Huang Yueli was from a humble background and could not be stronger than a God Clan daughter like her, but for some reason, when she saw Huang Yueli’s calm and composed expression, a trace of fear arose in her heart for no reason.

“Who...who said I dare not?” Li Leyun was uneasy in her heart, but she refused to admit defeat.

Huang Yueli took the opportunity to force her and said, “So, you agreed!”

“I...I...” Li Leyun struggled for a while before saying, “I promise you, but...”

Chapter 3595 What Kind Of Strength Is This? (6)

When Li Leyun said this, she suddenly stopped.

Huang Yueli was a little surprised and frowned slightly, not understanding why Li Leyun didn’t continue talking.

She is still waiting for Li Leyun’s words!

After thinking about it, it is not so easy to sneak into the Amethyst Paramount Palace, it would be better to go in openly, anyway, Li Leyun is also a no-brainer, if she can agree to this bet, it will save her time and effort Go lie to those guards.

Huang Yueli was also sure that Li Leyun would agree.

After all, no one would have imagined that in such a short period of time, she had advanced from the middle stage of the Dream Profound Realm to the early stage of the Heart Profound Realm, and her current cultivation level was already the same as that of Li Leyun's.

But who knows, Li Leyun stopped at this juncture...

Huang Yueli took another look in surprise, and found that Li Leyun was looking somewhere behind her.

She quickly looked back, and found that another carriage was coming from the end of the street.

After the carriage stopped, a middle-aged man got down from it.

This person looks a little familiar...

"Li Yunhai!"

Huang Yueli recognized the person immediately, and the person who came was actually Li Yunhai who had embarrassed her several times in Medial Arch City.

It turned out that Li Leyun stopped suddenly when she saw him...

A bad premonition suddenly rose in Huang Yueli's heart.

Sure enough, seeing Li Yunhai approaching, Li Leyun immediately yelled loudly, "Elder Hai, there is a thief here who wants to sneak into the Amethyst Paramount Palace, and he also stole the jade token of the Young Master's identity, he's probably from the Holy Phoenix clan! Please help take her down!"

Huang Yueli had a premonition for a long time. When Li Leyun made a sound, she quickly turned around, spotted a narrow street, and fled in that direction!

With her current strength, she was still close to dealing with Li Yunhai.

Moreover, even though she just had a quick glance just now, she could clearly see that there was another similar carriage coming towards Li Yunhai's carriage.

If I'm not mistaken, the person sitting inside was probably Li Yuntao!

If she faced these two brothers at the same time, she would have no choice but to catch her without a fight. At that time, it would be unrealistic to even run away.

And it was absolutely impossible for these two generals to be friendly to her.

Earlier at the entrance to the secret realm of Saint Iniquitous Shadow, the two generals had clearly seen her lying beside Li Moying, seriously injured, but they didn't take any action to save her, they just took Li Moying away.

Later, although it was Li Leyun who attacked her, it was impossible for the two Divine Generals not to guess what Li Leyun would do to her!

But in the end, no one pursued Li Leyun's responsibility. In fact, Li Leyun returned to the position and became the most preferred young lady candidate of the Cloudy Qilin Clan.

Here, the two Divine Generals definitely played a big role.

They also hope that Huang Yueli will die!

Huang Yueli's heart was clear for a long time, so when she saw the two Divine Generals, she ran away without hesitation.

Facts have proved that her reaction was correct and quick enough.

After Li Yunhai heard Li Leyun's shout, he was taken aback for a moment, but he was also a smart person, and soon understood Li Leyun's code words.

It was not easy for the Young Master to get rid of this damn girl, but she unexpectedly appeared again!

How can this work?

Li Yunhai immediately chased after her!

Huang Yueli heard the sound of footsteps behind her, and immediately used all her strength to run away.

Chapter 3596 What Kind Of Strength Is This? (7)

Not only that, she also looked for those particularly narrow or crowded roads.

Huang Yueli has a petite figure, and the profound skills she uses follow the light and agile route. Her figure was elegant and she can move around in a small space very flexibly.

Li Yunhai didn't have this ability.

In terms of speed alone, he was of course much faster than Huang Yueli.

However, with so many people, no matter how fast he is, he can't show much.

Not only that, but because he was too eager to catch up with people, Li Yunhai accidentally bumped into several passers-by, as well as a stall on the side of the road, which almost aroused public outrage.

"Hey! Who is it? You just left without apologizing for bumping into someone?"

"Hush! Keep your voice down, if I'm not mistaken, he's from the Cloudy Qilin Clan!"

"What happened to the Cloudy Qilin Clan? Can the ancient gods be so arrogant and domineering, bullying others?"

Hearing the indistinct yelling and cursing from behind, Li Yunhai was so angry that he couldn't wait to go back and beat up those humans who dared to scold him!

With such a flash of divine effort, Huang Yueli didn't know which street she turned to, and her figure disappeared from his eyes.

Li Yunhai was startled, and cursed viciously, "Damn it!"

He looked left, right, and looked in all directions, but he couldn't find Huang Yueli.

But he felt unwilling to go back like this.

After thinking for a while, Li Yunhai came up with a way and began to shout: “Young Miss Li, Young Miss Li! Where are you? Come out, come out quickly! What do you mean you are running? Is it a misunderstanding? We have been looking for you for a long time, it is the Young Master who wants to see you! He is still calling your name in a coma, hurry up and go see him with me!”

Huang Yueli was hiding in a small alley not far away.

Li Yunhai’s cry was sent out with thick profound energy, and it could be heard for several miles, so she could hear it clearly.

Hearing Li Yunhai’s remarks, she secretly cursed insidiously, and at the same time felt a little ridiculous.

Not to mention that she had already learned about the real situation in Amethyst Paramount Palace from Li Leyun’s attitude just now, even if she hadn’t seen Li Leyun yet, she knew it was a lie.

And “kept calling your name in a coma”, so how could Li Yunhai not know her name?

Huang Yueli stayed motionless in the corner, listening to Li Yunhai repeat those words several times, and walked back and forth on the surrounding streets several times.

Finally, the cry disappeared, and the footsteps gradually faded away.

However, Huang Yueli did not feel relieved.

When looking for someone, she has seen a lot of this kind of drama where she pretends to stay away and actually hides secretly to observe.

Huang Yueli took out a new set of robes from her space and put it on. At the same time, she quickly changed her face again.

This time, instead of painting herself as a man, she turned into a woman! A woman who was quite beautiful, but not quite similar to her.

Huang Yueli herself has big watery eyes, red lips and fair skin, and looks very pure and bright.

But the woman she puts on has a pair of slightly raised phoenix eyes, and she was full of charm. With such a look, walking in the crowd was also very attractive to others.

However, this is what she wanted.

After finishing her makeup, Huang Yueli sneaked out of the alley.

Chapter 3597 What Kind Of Strength Is This? (8)

After walking a few steps, she saw Li Yunhai.

Moreover, not only was he the only one, but Li Yuntao also came with seven or eight guards.

Several people occupied the necessary entrances and exits on the street, scanning the crowd sharply, and strictly scrutinised everyone passing by.

The passers-by who came and went were monitored in this way, and occasionally some people would be stopped for questioning. Naturally, everyone was very dissatisfied.

However, facing so many masters of the ancient God Clan, everyone dared not speak out, so they could only pass by with their heads down.

When Huang Yueli saw this scene, she didn't panic at all, and walked over one of the streets in a swaggering manner.

The person in charge of guarding this exit was a young Cloudy Qilin Clan guard.

Seeing a petite woman who was similar to Li Yunhai's description passing by, he immediately raised his voice and shouted: "Who is it? The girl in the red dress in front, turn around!"

Huang Yueli paused at her feet, pretending to be very scared, but turned around as she said.

She raised her eyes and glanced at the young guard, "This... this young man, are you calling me?"

The young guard took a closer look, and after seeing the woman's face clearly, he couldn't help but lose his mind.

This woman was not very old. Although she looks timid, her eyes seem to be charming and indescribably charming.

Such a woman is full of temptations for young men who have not yet married. It's no wonder that the young guard was in a daze.

Li Yunhai stood in the middle of the road and kept watching from side to side, for fear that any fish would slip through the net.

As a result, when he looked this way, he saw the young guard staring intently at a beautiful woman, and he couldn't even bother to check the pedestrians around him.

Li Yunhai was so angry that he immediately yelled loudly: "Li Dongpeng, what are you looking at? Do things well for me, don't be ashamed of being like a kid who has never seen the world! If you can't find that little girl surnamed Li, Let's see how I will deal with you when I go back!"

The young guard shuddered all over, not daring to stare at Huang Yueli anymore, he quickly waved his hand to signal Huang Yueli to leave.

That way, it's like treating Huang Yueli like a fly and avoiding it.

However, this was completely within Huang Yueli's calculations.

Just like that, Huang Yueli still swaggered away from the street safely under the eyes of everyone. From the beginning to the end, Li Yunhai and Li Yuntao did not arouse the slightest suspicion.

It wasn't until she walked a certain distance and reached a safe place that Huang Yueli breathed a sigh of relief.

"It's alright, it's alright, fortunately, before I went to Amethyst Paramount Palace, I made lots of preparations and checked the surrounding streets in advance, and figured out how to escape in case of danger, otherwise, I'm afraid I will have been caught today! A Divine General, he really went with Li Leyun."

Huang Yueli did not return to the inn where she lived before.

Her identity has been exposed, Li Yuntao and Li Yunhai can't find her, and they will definitely check the status of the guests in the major inns. With the power of the Cloudy Qilin Clan, it is not difficult to check them one by one, and the way she dresses when she checks in is not difficult. Li Leyun has already seen it, so it will be easy to find out.

Huang Yueli thought for a while, continued to maintain her female attire, and went to stay in another inn.

She did this by taking advantage of the blind spots in people's thinking.

Everyone knows that she likes to pretend to be an unattractive man to hide her identity, but this time, she will do the opposite!

Chapter 3598 When There Is No Other Way (1)

Moreover, this time, she deliberately dressed up as such an outstanding woman.

Although it seems that doing this makes her more attractive, but because of the special eye-catching, after others take a look at her, it is easy to judge that she is not the person they are looking for, and there will be no doubt at all.

The fact that she escaped from under Li Yunhai's nose just now just proved this point.

Sure enough, not long after Huang Yueli checked in at the new inn, there was a burst of noise outside, mixed with banging on the door.

Huang Yueli knew what she knew, but she still pretended to be woken up, opened the door and went to the corridor, while looking downstairs, she complained: "What's going on? It's so late, why? Still so noisy? What I want is a clean upper room, what is going on here?"

It wasn't her. The guests in other rooms were also startled out, complaining one after another.

The shopkeeper could only run up in a hurry, nodding and bowing to everyone and apologising.

"I'm sorry, guest officers, it's not that I don't want to entertain you well, but... the Cloudy Qilin Clan is looking for a thief who committed crimes in Arcane City, and they are searching every inn! Please help me."

The faces of the guests who stayed at the hotel were all ugly, but they didn't dare to continue to complain.

Because, the cultivators of the Cloudy Qilin Clan have already walked up the stairs, stopping people and questioning them one by one. They are on the territory of the Cloudy Qilin Clan. Who would dare to offend such a high-ranking ancient god clan?

No matter how unhappy she was, she could only accept the examination humbly.

Huang Yueli is no exception.

Her behaviour was strictly consistent with the others, she complained when it was time to complain, and now, when it was time for her to bow her head, she also bowed her head obediently.

Several tall cultivators walked up to her, "The woman in front..."

When the two sides met face to face, the cultivators of the Cloudy Qilin Clan were stunned, because although the woman Huang Yueli dressed up was not as beautiful as herself, but for ordinary people, it could already be regarded as a rare beauty, so striking that they've only seen such a beauty once in their lifetime.

After seeing the beauty, the cultivator who was still fierce just now couldn't help but lower his voice a bit.

"Uh, girl, we are guards of Arcane City, and I have a few questions for you."

Huang Yueli glanced at them, with a bit of displeasure on her face when she was disturbed, but she still said as she said, "Just ask."

"Excuse me, girl, what's your name, where did you come from, when did you enter the city? How long have you lived here?"

Huang Yueli said casually: "My name is Xia Wan'er, a human race, I used to live in Veracious Wyvern Continent, and I've been cultivating nearby. Today I entered Arcane City, and I want to buy something at the auction house. I only checked into these inns two hours ago."

The cultivators listened and nodded.

Although they asked, none of them listened carefully. Their eyes all fell on her charming face.

Because, the mission Li Yunhai entrusted to them was to find an unattractive young man with a portrait in their hands.

And the appearance of Huang Yueli's disguise doesn't match the picture at all, and even the gender was wrong. Everyone has already preconceived it and decided that it couldn't be her.

The reason why I insisted on asking these questions was that on the one hand, it was a matter of routine, and on the other hand, I just wanted to say a few more words to the beauty.

Chapter 3599 When There Is No Other Way (2)

After Huang Yueli finished speaking, she looked at the cultivators in front of her, "Alright, is there anything else you want to ask?"

The cultivator froze for a moment, then remembered his purpose of coming here, and then asked, "Then... is there anyone else accompanying you?"

Huang Yueli shook her head, "No, there's no one else."

The cultivator stared at the door behind her, and said, "Can you let us go in and have a look?"

Huang Yueli didn't have any ghosts in her heart, so she nodded readily and opened the door for them.

A few cultivators went in and took a look. The room was empty, even Huang Yueli's package was still on the table before opening it, not to mention there was nowhere to hide someone.

Soon, they withdrew and bowed their hands towards Huang Yueli.

"Excuse us, Young Miss Xia. We'll take our leave now."

"It's alright, you're busy."

Huang Yueli waved her hand, watched several people leave before returning to her room.

Of course, things didn't end so easily. Huang Yueli lived in the inn for a few days, and went out to go shopping during the day. Apart from visiting the auction house occasionally, she spent most of her time drinking tea in teahouses, because there were people coming and going. The easiest way to get all kinds of gossip.

In order not to expose her identity, she didn't even dare to go to the Sky Gem Glass Chamber, for fear of being bumped into by a Spiritual Armament Master of the Cloudy Qilin Clan, which would arouse Li Leyun's suspicion.

After a few days like this, Huang Yueli found out that Li Leyun and the others really persevered.

Not only did the cultivators in charge of interrogation on the street not decrease, but there were more and more.

Not only that, even though the inn she stayed in had already been interrogated, from time to time someone would come to check her twice or thrice.

"Li Leyun really wants to let me die! I'm in trouble now, what should I do to see Moying?" Huang Yueli frowned, and couldn't think of too much for a while. good way.

Judging from what she heard in the teahouse these days, Li Moying's health seems to be getting worse.

It seems that the middle-aged man said that he was very likely to be in danger. It seems that he was not lying.

Although, according to Saint Iniquitous Shadow, Li Moying's physique should be very suitable for cultivating evil qi, and he has also performed the soul splitting technique. Although these evil qi invaded his body, although he would be weak and be in a coma, but it was not life-threatening.

But, then again, this was only in the case of the clan doing nothing.

Seeing Li Moying still in a coma, the people of the Cloudy Qilin Clan were at their wits end. They had been frightened by Li Moying's symptoms, and must have thought of many ways to wake him up.

If they ventured along this line of thoughts, it might be self-defeating and it might hurt Li Moying even more.

"No, this is not the way, I still have to sneak into the Amethyst Paramount Palace as soon as possible! But, it is impossible to deceive the guards at the door now, and it is not realistic to sneak in. It is best to have some chance, to have a large number of outsiders enter the Amethyst Paramount Palace, then I can take the opportunity to sneak in..."

Just as Huang Yueli was thinking, suddenly, on the street below the teahouse, someone ran over yelling.

“Something has happened, something has happened! Do you know that the Cloudy Qilin Clan posted a notice at the entrance of Amethyst Paramount Palace just now!”

Upon hearing this, the passers-by became excited and surrounded them one after another.

“What notice? What notice?”

“Let’s go, let’s go take a look too!”

Chapter 3600 When There Is No Other Way (3)

Amethyst Paramount Palace.

At the door of Li Moying’s room, Li Shihong, the Patriarch of the Cloudy Qilin Clan, was frowning, with his hands behind his back and anxiously pacing back and forth along the corridor.

Not long after, an old man came out of the room.

Li Shihong hurried up and asked anxiously: “Doctor Lin, how is it going? How is Moying’s injury?”

Doctor Lin sighed slightly, and shook his head.

Although Li Shihong had expected such a result, but when he really saw the other party showing such an expression, he couldn’t accept it.

“Doctor Lin, what do you mean? Even you can’t cure Moying? How...how is this possible? You are the Supreme Elder of the Heaven Elixir Pagoda! In the God Realm, your medical skills can surpass that of those old men. There are only a handful of them, you...you can’t do anything?”

Li Shihong was devastated by the news.

This Miracle Doctor Lin is said to be one of the top doctors in the God Realm. He has retired for many years. He once owed a favour and had hence come to Cloudy Qilin Clan to treat Li Moying.

Li Shihong was finally relieved to be able to invite a genius doctor of this level.

But who knows, the results obtained seem to be no different from before.

Seeing Li Shihong’s disappointment, Doctor Lin felt very guilty.

“Patriarch Li, this time I’m not good at learning, and I’m really ashamed for not being able to cure Young Master Li. However, this old man has seen some clues...”

“What’s the clue, please tell me quickly!” Li Shihong seemed to be a little hopeful, so he immediately asked.

Doctor Lin didn’t answer right away, but frowned and thought for a while before slowly opening his mouth, “To be honest, the result of the old man’s pulse just now seems... Apart from his own profound energy, Young Master Li has another source of energy.” A powerful energy, and a conflict occurred during the fusion of the two energies, which made the Young Master unconscious...”

“Powerful energy? What energy?” Li Shihong was taken aback.

He never expected that Miracle Doctor Lin would say that.

Previously, the famous doctors invited by the Cloudy Qilin Clan to treat Li Moying, there were eighty if not a hundred, and no one had ever raised such a point of view.

However, it was the famous doctor Lin who said this, so Li Shihong had to pay attention to it.

Doctor Lin said: "This is what makes this old man feel strange the most. The energy in the young nobleman's body feels like it has been invaded by evil qi."

"What? Evil qi!!!"

When Li Shihong heard the words, he almost screamed out!

"How could it be evil? It's impossible! Doctor Lin, have you really diagnosed it?!"

Li Shihong felt that his heart almost stopped beating, and a heart rose to his throat.

For cultivators in the God Realm, evil qi are very taboo. Because, there have been rumours since ancient times that once a cultivator is infected with evil qi, no matter whether he actively chooses to become an evil cultivator or is accidentally invaded by evil qi, the result will be the same.

Under the influence of evil qi, a cultivator's temperament will begin to undergo drastic changes. People will gradually become irritable, bloodthirsty, and ruthless, until they commit murder and arson.

In the end, they will even lose their self-awareness, know nothing except improving their cultivation and killing people, and become even more terrifying than the demons!
