Chapter 3601 When There Is No Other Way (4)

If Li Moying was really invaded by evil qi, it would be like a bolt from the blue to the Cloudy Qilin Clan.

With Li Moying's talent, once he is transformed into an evil cultivator under the influence of evil qi, his destructive power will definitely be countless times stronger than other evil cultivators!

This is a disaster for the entire God Realm.

As for the Cloudy Qilin Clan, not only will they lose such a peerless genius who can lead the clan to the peak, but they will also become sinners of the entire God Realm!

No matter what, Li Shihong was unwilling to accept such a result.

As soon as he got excited, the profound energy in his body overflowed uncontrollably, making even the ordinary Doctor Lin blush.

"Ahem, Patriarch Li, please be calm and calm, things are not as bad as you think! This old man is just guessing, because at first it seems that this energy is really a bit like evil qi. However, evil qi existing in this world is extremely rare, and even I only saw it once many years ago by chance, so in fact, I can't really tell whether it's evil qi or not."

Seeing that Li Shihong still looked anxious and depressed, Doctor Lin thought for a while, and then said: "Actually, this energy is unlikely to be evil qi. Because of medical records, once a cultivator is invaded by evil qi, there are two situations. Exploding and dying, another situation is to become manic and violent, such as Young Master Li who is unconscious, I have never heard of it!"

"Moreover, the energy in Young Master Li's body is very strong. If it is really evil qi, he can't bear it at all. The conflict between profound energy and evil qi is enough to tear ten of him to pieces! So, this is impossible. The old man is not sure what is going on."

If Huang Yueli were here, she would be able to explain Miracle Doctor Lin's doubts.

Cultivators who were invaded by evil qi and died because their bodies were not good enough and their meridians were not strong enough, and those who became bloodthirsty murderers were because their souls were not strong enough.

Li Moying's talent is high enough, and his soul is strong enough, so none of this will happen.

However, neither Li Shihong nor Doctor Lin knew this.

The two pondered for a while, and they both felt that this was not a symptom of evil qi entering the body, so they overruled Miracle Doctor Lin's guess.

"Doctor Lin, you're right! It can't be an evil qi. I don't know what Huang Sanbai did to Moying! Sigh, what should I do!" Li Shihong sat down on the chair and gulped down a big cup of tea.

Doctor Lin shook his head, "It's hard to guess. One possibility is that when Young Master Li was cultivating, he was attacked by someone with a unique technique, causing him to be seriously injured.

Take the opportunity to pour into him... But, if this is the case, he should have suffered from Qi Deviation, and he doesn't look like it now."

"There is another possibility, that is, the poisoning that you said earlier, Patriarch Li! If it is really poisoning, this poison is really difficult to solve, and the old man is also at a loss. Where did the Holy Phoenix Clan find such a vicious and strange poison? Yes, it is simply unheard of!"

After hearing this, Li Shihong was so angry that he slammed his fist on the table beside him.

The cups on the table were shaken to the ground, smashed to pieces with a bang.

"Huang Sanbai, that old fox! If I let him find him, he must be cut into pieces! No, even if he kills his whole clan, it won't make up for the loss of our Cloudy Qilin Clan!"

Chapter 3602 When There Is No Other Way (5)

"No, it's not enough to kill Huang Sanbai. If there is something wrong with Moying, I will kill every Holy Phoenix Clansmen I see in the future!" Li Shihong became angry when he thought of the faces of Huang Sanbai and others when the two sides negotiated. where to come.

Hearing these words, Miracle Doctor Lin trembled in his heart.

Listening to Li Shihong's tone, if Li Moying really can't wake up, the Cloudy Qilin Clan will formally declare war with the Holy Phoenix clan!

Although the mood of the members of the Cloudy Qilin Clan is understandable, once the two sides go to war, the peace in the God Realm that has been maintained for tens of thousands of years will be completely broken!

At that time, other god races will definitely join in the melee, and the demon race will take advantage of the gap, and the entire god world will no longer have peace.

Thinking of this, Miracle Doctor Lin wanted to persuade, "Patriarch Li, don't get excited... Although Young Master Li's current situation doesn't look like he will wake up anytime soon, within a month or two, he won't wake up." His life is in danger. The old man has a holy qi condensing pill here, let Young Master Li take it, and he will be safe and sound for at least half a year."

The pills in the God Realm are divided into ordinary grades, earth grades, heaven grades, and holy grades from low to high. There are also legendary god grades on top of them.

However, divine elixir is hard to come by now, and contemporary pharmacists can't refine it. Only the major gods have collections from ancient times.

The holy medicine elixir that Miracle Doctor Lin took out is already very precious.

After hearing this, Li Shihong relaxed a little.

He took the elixir and thanked Miracle Doctor Lin repeatedly: "Your Excellency, I will definitely keep it in my heart. If Miracle Doctor Lin has anything to do in the future, he can come to the Cloudy Qilin Clan for help!"

Doctor Lin hurriedly shook his head, "Patriarch Li, what are you talking about. I came here to repay the Cloudy Qilin Clan. A pill is nothing, but the old man is ashamed of the Cloudy Qilin Clan and failed to cure the Young Master's illness... .."

Li Shihong sighed deeply, "Your Excellency can't be blamed for this, it's all the bastards from the Holy Phoenix Clan..." Following the words, his fists clenched again.

Seeing that he was about to get angry again, Divine Doctor Lin quickly stepped in, "Clan Chief Li, this old man has an idea, but...it's a little troublesome, but it's still an opportunity!"

"What? Doctor Lin, what can you do? Come on, tell me quickly! As long as I can save Moying, I'm not afraid of any trouble!" Li Shihong couldn't let go of any hope now, and immediately asked.

Doctor Lin thought for a while, and said: "Outsiders say that the Supreme Elder of the Heaven Elixir Pagoda, the elixir medicine, like this old man is the person with the highest medical skills in the God Realm. However, this is not the case. We people just treat more patients. So the name is big, but many real miracle doctors are hidden in the folk."

After hearing this, Li Shihong nodded, "That's right, I've heard about it in the past. However, these miraculous folk doctors rarely show up. Although I have tried my best to search for them, I still can't find a few."

Doctor Lin said: "That's because Patriarch Li didn't find the right way. You have to know that for us healers, we don't need fame or money, but we can't resist the temptation to improve our medical skills."

Li Shihong was taken aback, "Your Excellency means..."

Doctor Lin looked around and lowered his voice, "Patriarch Li, there are rumours that there is a bottle of Heaven's Origin Immortal Dew hidden in the warehouse of the Cloudy Qilin Clan. Is it true?"

Chapter 3603 There Is No Way (6)

Li Shihong was obviously taken aback, "This... how do you know?"

Divine Doctor Lin said: "I also heard it by accident. Judging from Patriarch Li's reaction, this should be the case! That would be great! Heaven's Origin Immortal Dew is a very precious material for us Spirit Medicine Masters. When the divine grade pills are made into pills, they all need to add Heaven's Origin Immortal Dew to form them. Today's Spirit Medicine Masters can't refine the divine grade pills because Heaven's Origin Immortal Dew is becoming more and more scarce."

Li Shihong pondered and said: "This... there is indeed Heaven's Origin Immortal Dew in our clan. However, to refine the divine grade pills, the strength of the Spirit Medicine Master is more important, right? If there is not enough ability, even having Heaven's Origin Immortal Dew will not help!"

The Cloudy Qilin Clan found a whole bottle of Heaven's Origin Immortal Dew in an ancient ruin more than a thousand years ago. The clan has a complete collection of books, so it is impossible not to know its function as an important ingredient to refine the divine grade pills.

However, even after many saint ranked Spirit Medicine Masters in the clan used these Heaven's Origin Immortal Dew, none of them were able to refine the divine grade pills.

After several attempts, Li Shihong finally realised that the problem was not with Heaven's Origin Immortal Dew, but with the Spirit Medicine Master!

Divine Doctor Lin said with a smile: "It's true, but if you haven't tried it, who would admit that your strength is not enough? No saint ranked Spirit Medicine Master can resist the temptation to become a divine ranked Spirit Medicine Master! If Patriarch Li can come up with A small bottle... no, just a few drops of Heaven's Origin Immortal Dew as a reward, and a public competition will be held, and at that time, the Divine Doctors who live in seclusion in various places will be moved by the wind and gather in Arcane City!"

Li Shihong was still frowning at first, but when he heard the analysis of Divine Doctor Lin, he suddenly had an idea!

"That's right! Your Excellency is absolutely right! There must be a brave man under the reward, and it is half the battle won to get so many genius doctors to show up. At that time, we will use Heaven's Origin Immortal Dew as a reward, let them openly compete, and finally choose the one with the highest skills to diagnose and treat Moying. I don't believe I can't find a genius doctor who can cure Moying!"

Li Shihong quickly made up his mind.

Although Heaven's Origin Immortal Dew was very precious, it was nothing compared to Li Moying's life.

He couldn't wait to raise his voice and shouted: "Come, come! Pass my order, immediately post a notice, offer a reward to the twelve continents of the God Realm, and recruit folk genius doctors with real talents..."

...

This was the current top priority of the Cloudy Qilin Clan, and no one dares to neglect it.

In the afternoon of that day, notices of the Medicine Competition were plastered all over the streets and alleys of Arcane City.

In addition, the notice of the competition was sent to the Heaven Elixir Pagoda for Spiritual Medicines, and Divine Doctor Lin was responsible for mobilising the resources of the Heaven Elixir Pagoda for Spiritual Medicines, so that all Spirit Medicine Masters on the twelve continents would know about it.

And Huang Yueli was in Arcane City, so of course she saw the notice with her own eyes and was one of the first to get hold of this news.

"Any cultivator, as long as he thinks he has enough strength in medicine and alchemy, can participate in this competition... The highest reward in the competition is... Heaven's Origin Immortal Dew! What is Heaven's Origin Immortal Dew?"

Huang Yueli didn't know much about the medical skills in the God Realm, so she couldn't help muttering to herself.

Fortunately, among the onlookers, there were still some people who knew some medical skills, and they quickly introduced the origin of Heaven's Origin Immortal Dew to everyone.

For a moment, everyone let out bursts of exclamation.

“This time, the Cloudy Qilin Clan really did a great job!”

Chapter 3604 A Big Event (1)

“Even such a precious material has been taken out!”

“Such a tempting reward, even my heart is tempted. It’s a pity... I don’t think my medical skills are that good!”

“I have a relative who is a Spirit Medicine Master, I’m going to tell him!”

Everyone was extremely excited, discussing in low voices, wishing they could sign up on the spot.

However, Huang Yueli noticed something that others didn’t notice, and her delicate brows were tightly knitted together, “The Cloudy Qilin Clan has already made such a bad plan, and even openly recruited folk genius doctors... With the power of the Cloudy Qilin Clan, it is not difficult to seek treatment from the Supreme Elder of the Heaven Elixir Pagoda, which shows that even the famous doctors in the God Realm can’t cure Moying...”

“However...” Huang Yueli pondered, “The Cloudy Qilin Clan is openly recruiting candidates, this may be an opportunity...”

Thinking of this, she immediately became excited, and carefully read the notice several times from beginning to end.

After reading it, Huang Yueli felt a little dejected again.

Because, although it was written in the notice that cultivators of any origin can participate, the arrangement of the official competition already excluded most cultivators including Huang Yueli.

Before meeting Li Moying, all Spirit Medicine Masters had to go through a series of screenings, comparing their skills in alchemy and pulse diagnosis.

These competitions were real, and the notice clearly states that the difficulty of the third round of competition was equivalent to the difficulty of the examination of a Saint Spirit Medicine Master.

This means that in the end, those who can diagnose Li Moying’s pulse in person are at least at the Spirit Medicine Masters at the saint level.

It’s just that some well-known doctors among the people may not have obtained a rank in the Heaven Elixir Pagoda.

For a true genius doctor, these competitions should be nothing. The requirements of the Cloudy Qilin Clan seem harsh, but they are actually very reasonable, because with such a huge reward, there must be countless Spirit Medicine Masters who will come to participate. After screening, only a handful will get in.

It was impossible for everyone to see Li Moying.

However, in this way, it became a huge problem for Huang Yueli.

Because, she herself does not have such high medical skills!

If it's just to cure Li Moying, then no one can compare to her, because she has the skills given to her by Saint Iniquitous Shadow, and she can definitely heal him in a short time.

However, if she had to compete head-to-head with her medical skills, she was helpless.

Although she also learned some medical skills when she was in Soaring Heavens Continent, she also participated in a rookie competition to save Li Moying. After winning the competition, she did not continue to practice.

Even though she is a bit talented in healing, she hasn't put in much effort at all, her foundation was not stable, and she can still deceive people in the lower realm, but in the god realm, compared with a real medical genius, it's ridiculous.

Still want to win in the competition?

This was simply impossible!

Huang Yueli was a very realistic person. After thinking for a while, she immediately dismissed the idea of participating in the competition in person.

"For the current plan, the best way is to find someone to compete for me. As long as I can survive the three rounds of competition in the early stage, and I will make a move when I can diagnose Moying's pulse, then there will be no problem."

However, it was not so easy to find someone to replace the match.

First of all, the other party must be at least a Saint ranked Spirit Medicine Master.

Chapter 3605 A Big Event (2)

If it's too low, they won't pass the test at all.

As for the Spirit Medicine Master who can reach the saint level, whoever is not eye-catching is likely to be unable to accept such a thing as a replacement.

"It seems that we can only rely on spending money!" Huang Yueli held her chin and thought silently, "After winning the first place, Heaven's Origin Immortal Dew can be given to the other party, and I will give another hundreds of thousands of spirit jade. Someone should be willing... However, it was difficult to guarantee the character of a Spirit Medicine Master who came here for the purpose of money. I have to hide my identity under the eyes of the Cloudy Qilin Clan, and I have to sneak into Moying's room. If that person isn't reliable, then I'll be in big trouble!"

It really doesn't seem like a good idea to find someone to replace the match, but unfortunately, Huang Yueli thought about it and didn't have a better idea.

It was only ten days before the start of the competition, and she was not arrogant enough to think that she could rise from a third-level Spirit Medicine Master to a saint level in such a short period of time.

"It's useless to think too much here, I'll just go to the Heaven Elixir Pagoda and have a look first!"

After Huang Yueli made up her mind, she immediately set off to Heaven Elixir Pagoda.

The style of the Heaven Elixir Pagoda was completely different from that of the Sky Gem Glass Chamber. Sky Gem Glass Chamber was always located on the busiest streets of major cities, and it was very likely to be the most luxurious building in the city.

However, the Heaven Elixir Pagoda was generally a thatched roof house, and it was often located in the suburbs.

However, no matter how remote the location of the Heaven Elixir Pagoda was, there was still a constant flow of people going in and out and there were many visitors.

Wearing a veiled hat, Huang Yueli followed the crowd in a very low-key manner to the Heaven Elixir Pagoda.

Before she got close, she heard bursts of exclamations at the door, which were also mixed with various cheers and disputes.

Huang Yueli raised her eyebrows, knowing that something happened ahead, so she used a little profound energy to squeeze through the crowd.

Looking ahead, at the gate of the Heaven Elixir Pagoda, two young men dressed with the uniform of Spirit Spirit Medicine Masters were standing in front of the gate, with an alchemy furnace in front of each of them.

The two of them were surrounded by so many people, but they still glared at each other, arguing a few words from time to time.

This posture...

Huang Yueli turned her head and asked a cultivator beside her, "Brother, do you know what they are doing?"

The cultivator turned his head, and when he saw Huang Yueli's face, he was a little surprised.

Huang Yueli's disguised face was also extremely beautiful, enough to shock ordinary cultivators.

Seeing that she was a beauty, the cultivator immediately explained graciously, "Girl, you seldom come to the Heaven Elixir Pagoda, right? These two Spirit Medicine Masters are going to publicly compete in the alchemy technique!"

"An open competition?"

"Isn't it? It's said that there is a saying among Spirit Medicine Masters called the Pill Competition!"

When Huang Yueli heard it, she became interested, "Pill Competition? How do they compete?"

The cultivator smiled and said: "It's just that the two Spirit Medicine Masters put the alchemy furnace outside, and let all the onlookers testify as they refine pills. The materials used by the two are the same. In the end, whoever made pills that are of higher quality and more in quantity, will be considered a win."

"So that's how it is..." Huang Yueli was stunned.

The cultivator said again: "It's rare to see such a thing, moreover, this time it's at the gate of the Heaven Elixir Pagoda! Tsk tsk, if you lose, it's a shameful thing! That kid in white is really stirring up some trouble!"

When Huang Yueli heard the words, she subconsciously glanced at the Spirit Medicine Master dressed in white on the right.

This time, the other party just turned around, allowing her to see his face.

Huang Yueli's eyes widened in surprise.

Chapter 3606 A Big Event (3)

This person turned out to be...

Liu Buyan!

Why was he here?

A beauty like Huang Yueli naturally attracts attention. The moment Liu Buyan raised his eyes, he also noticed her.

However, Huang Yueli's disguise was perfect, and Liu Buyan couldn't see any flaws, but he also felt that the woman in front of him had an inexplicable sense of familiarity, so he took a few more glances at her.

However, the competition was about to start. After a little thought, he felt that he had never seen this woman before, so he looked away.

Huang Yueli's eyes widened in shock, and it took her a long time to come back to her senses.

She wondered when Liu Buyan soared?

Although Liu Buyan had reached the peak of the Ninth Layer Realm a long time ago, and it was only a matter of time before he would ascend to the God Realm, but it took less than half a year for her to ascend to the present, and Liu Buyan had already appeared here. Huang Yueli was greatly surprised.

Realizing that she had met an acquaintance, Huang Yueli no longer had the mentality of watching the excitement.

She thought for a while, and asked the young cultivator beside her: "Brother, you came early, did you see how these two people got into an argument? Why did they start this Pill Competition at the entrance of the Heaven Elixir Pagoda?"

Liu Buyan was not as aggressive as Li Moying's, so he usually wouldn't get into trouble with others like this.

The young cultivator said regretfully: "Oh, it's also this kid's luck. How unlucky is he? Not only is he unfamiliar with the place, but he provoked someone who can't be provoked as soon as he came!"

"A person who can't afford to provoke?" Huang Yueli raised her eyebrows in doubt.

The young cultivator nodded and explained: "Did you see that Spirit Medicine Master dressed in purple?"

Huang Yueli glanced at Liu Buyan's opponent. Compared with the handsome and extraordinary Liu Buyan in, he looked very wretched.

Especially when his opponent was still Liu Buyan, he was turned into scum.

"Oh, you said that wretched man... I saw him! What is his background?"

"Cough, cough, cough..." The young cultivator didn't expect Huang Yueli to speak so directly, and almost choked on his saliva.

After finally stopping coughing, he hurriedly warned Huang Yueli, "Girl, you...be careful what you say! This Spirit Medicine Master is Lu Dongfeng, and he is the son of an extremely well-known Divine Doctor Lu of Heaven Elixir Pagoda of Cloudy Qilin Continent. This Young Master Lu has been learning the art of healing since elementary school, and his medical skills are also considered to be excellent due to his clan's background, so he is quite famous in our Cloudy Qilin Continent."

Huang Yueli was even more puzzled when she heard this, "If that's the case, why did they quarrel?"

The young cultivator showed a bit of embarrassment, seeing that no one was paying attention to them, he moved a little closer, and said in a low voice: "To tell you the truth, although this Young Master Lu is good at medicine, he is a man who loves money. When selling medicinal pills, he often looks at who's the one buying. When he sees low-status people, he'll pass the average medicinal pills off as excellent ones, pretending that the regular pills are top-quality ones and sell them to others."

"This... this is too much!" Huang Yueli frowned, and a stern look flashed in her eyes, "Other people buy his medicine to save their lives! We're talking about lives at stake here! Selling fake medicine ... Isn't this murder?"

Huang Yueli was furious for a moment, and her voice became a little louder.

Someone nearby heard the movement and couldn't help but look back at her.

Seeing this, the young cultivator immediately became nervous.

Chapter 3607 A Big Event (4)

"Hey, girl, you...you should keep your voice down!"

Huang Yueli also realized that she had lost her composure, and lowered her voice, "Alright, I'll keep my voice down! So, when Lu Dongfeng was selling counterfeit medicine, he was exposed by that Spirit Medicine Master in white, and the two quarrelled?"

The young cultivator looked at Huang Yueli in surprise.

"Girl, you are really too smart, that's exactly what happened! Young Master Lu did this not once or twice, we all know it in Arcane City, but there are many people from inside and outside the city, and there are still people that were fooled. But we dare not expose him, after all, he is the son of Divine Doctor Lu! Divine Doctor Lu is an elder of the Heaven Elixir Pagoda in Cloudy Qilin Continent. If anyone offends him, no doctor in Cloudy Qilin Continent will give him treatment in the future."

"So that's how it is..." Huang Yueli nodded thoughtfully.

She still knows Liu Buyan's character very well.

He doesn't like to meddle in other people's affairs, and he doesn't have much leisure time to help others.

However, there is one thing that Liu Buyan can't accept the most, that is, some people shoddy the pills and tampered with them.

For Liu Buyan, alchemy and healing is a very sacred craft, and anyone who engages in such tricks is not worthy of being a Spirit Medicine Master.

The two sides probably ended up quarrelling like this.

Sure enough, the young cultivator continued: "This young man in white must have come from another place. He doesn't know Young Master Lu's background at all. When he saw him selling fake medicines, he exposed him on the spot. Young Master Lu immediately defended himself and said that it's nonsense and the medicine he sells is very good! This is enough for ordinary cultivators, but the young man in white is also a Spirit Medicine Master, and he immediately pointed out the flaws of his medicine. In a fit of anger, Young Master Lu proposed to the young man in white to a Pill Competition!"

Huang Yueli nodded after listening.

This matter...it really seems like Liu Buyan could do it!

But...

"I didn't expect that. Aren't Spirit Medicine Masters always upright? Why is it that in the God Realm, Spirit Medicine Masters are even hotter than us Spiritual Armament Masters, and if they disagree with each other, they will immediately go into a battle..." Huang Yueli touched her chin, and said in a low voice in a disgruntled tone.

The young cultivator couldn't hear what she said, and asked strangely, "What did you say?"

Huang Yueli shook her head, "It's nothing. Oh, that's right! What are those people doing?"

She pointed to a group of people not far away.

These people gathered around a small table, talking loudly with great excitement, and looked at the two Spirit Spirit Medicine Masters from time to time, but they didn't come to watch.

It looks a little suspicious.

The young cultivator looked in the direction of her finger, and said with a smile: "Those people... must be betting!"

"Place a bet?"

"Yes, this is also the tradition of the Heaven Elixir Pagoda. If there is a Spirit Spirit Medicine Master battling, many times someone will bet on which side will win. However, today's gamble probably won't work."

Huang Yue asked strangely: “There are so many people around there, why don’t you say it can’t be opened?”

The young cultivator smiled and said, “Although there are quite a few people, everyone bet on Young Master Lu to win! There is no one betting on the other side, so how can you bet?”

Huang Yueli raised her eyebrows, “Is this Young Master Lu really that powerful? No one dares to bet on that Spirit Spirit Medicine Master?”

The young cultivator said: “It’s not just because of Young Master Lu’s background. When it comes to alchemy, he is also second to none!”

Chapter 3608 A Big Event (5)

“Although Young Master Lu is not very old, he hasn’t even reached fifty yet he is already almost able to refine the medicinal pill of heaven grade, and his medical skills are quite good. Such a kind of talent is considered top-notch in the entire Cloudy Qilin Continent. Although the white robed Spirit Medicine Master is a stranger, the badge on his chest shows that he is only an earth grade Spirit Medicine Master, and he cannot be compared with Young Master Lu.”

This young cultivator had been here for an hour, hence he was very clear about the ins and outs of the incident.

After hearing this, Huang Yueli’s expression did not change, she just asked, “This competition of theirs... how do they compete?”

“I heard that the two agreed to refine the Special Jade Pill, a kind of earth grade pill, and the victory depends on the quality and quantity of the batch of earth grade pills refined. If you compare all the various earth grade pills, this Special Jade Pill is actually one of more difficult ones to refine. Young Master Lu is already close to reaching the level of heaven grade, so there is no problem, but the white robed Spirit Medicine Master has only just advanced to the earth level, so he might fail to refine such a complicated pill! Alas, he is doomed ! It’s rare to meet someone with such a sense of justice, it’s really...”

As the young cultivator spoke, he let out a despondent sigh.

Like most of the onlookers, he was on Liu Buyan’s side emotionally, but rationally he believed that it was absolutely impossible for him to win.

Thinking about this young man’s offending the elders of the Cloudy Qilin Continent Heaven Elixir Pagoda, it can be said that his future is completely ruined, and they all sympathised with him.

However, when he was still here sighing, he glanced out of the corner of his eye and found that Huang Yueli didn’t even listen to him and even walked away and went straight to the group of people who were starting the bets.

“Eh? Girl, what are you doing there?”

Huang Yueli walked to the small table, and sure enough, she saw a group of people standing around dejectedly, looking very disappointed.

The dealer was sitting behind the table. When he saw someone coming, he didn't even raise his head. He just waved his hand casually, trying to dismiss her.

"Go, go, today's game can't be played. I'm unlucky, no one bet on that brat in white. Don't worry about it, let's go and watch the fun!"

Originally, upon hearing this, the people who came to bet would all be disappointed and leave.

However, after he finished speaking this time, he found that not only did the visitor not leave, but she also put a money bag on the table.

"I bet the white robed Spirit Medicine Master wins!" A gentle female voice sounded.

The dealer was taken aback immediately, thinking he had heard wrong.

"What? What did you say?"

He suddenly raised his head and fixed his eyes on Huang Yueli, "Lady, what did you just say? I didn't hear clearly!"

Huang Yueli curled her lips slightly, and repeated clearly and loudly: "I bet this young man in white will win!"

"What? Did I hear correctly? But...but..." The dealer was dumbfounded, extremely surprised.

Huang Yueli smiled, and said: "Why? Can't it? Didn't you just say that because no one bet on the white robed young man winning, the bet won't go on? Isn't it a good thing to have my capital now?"

"This..." The dealer didn't know what to say for a while, "This... This is of course a good thing, no... nothing wrong with it. But Lady, you...have you really thought it through? Let me say first, the young man in white has very high odds, reaching one to five, but since you are the only one betting on him, you have to bet at least one spirit jade!"

Chapter 3609 A Big Event (6)

Hearing this, everyone was in an uproar!

One piece of spirit jade was equivalent to 10,000 pieces of top-grade crystal jade!

For ordinary cultivators, that was a huge amount of wealth that could never be earned in a lifetime. Among the cultivators present, none of them can afford it.

However, Huang Yueli was still very calm.

She didn't speak, but directly took the money bag in her hand and shook the contents out.

With a clatter, a large handful of spirit jade fell onto the rough table.

The dealer took a closer look, and his eyeballs almost fell to the ground, "This...so much spirit jade!"

He never dreamed that such an extraordinary beauty would get so much money once she made a move, which was simply blinding people's eyes!

Huang Yueli said calmly: "Here are a hundred pieces of low-grade spirit jade. I bet the white robed Spirit Medicine Master to win. I wonder if you can keep up with it!"

When the dealer heard this, he couldn't help but feel a battle between heaven and man, and fell into a dilemma.

One hundred low-grade spirit jade was not a small amount of money for a dealer like him.

According to common sense, he would not dare to accept such a high bet, because once Liu Buyan wins, he will have to compensate five hundred low-grade spirit jade. Although there are many people who bet on Lu Dongfeng's victory, the amount collected still seemed impossible to reach five hundred spirit jade, hence the extra portion can only be made up by him.

However, the situation is different now.

Obviously, the winner would definitely be Young Master Lu, and the Spirit Medicine Master in white had no chance of winning.

So, taking these one hundred pieces of low-grade spirit jade was equivalent to a guaranteed profit.

Who can push out the money that was securely in hand already?

While the dealer was still contemplating and calculating his odds in his head because there was quite a bit of commotion happening here, even the two Spirit Spirit Medicine Masters who were preparing for the competition heard what was going on here.

When Lu Dongfeng heard that someone had bet on his opponent to win, a look of dissatisfaction suddenly appeared on his fleshy face.

He looked viciously at the betting table, wanting to see which blind guy dared to oppose him, Young Master Lu! Hmph! He must be banned by the Heaven Elixir Pagoda in the future!

But who knows, when he saw it, he was stunned.

Because, the one who made the bet...was actually a pretty and beautiful woman!

Lu Dongfeng's eyes were so straight that he almost drooled, but when he looked again, the lady threw a hundred pieces of spirit jade...

Beautiful and rich...

This was the best of the best!

Lu Dongfeng immediately yelled loudly, "Lady, Lady, don't rush to bet! To tell you the truth, I am about to become a Heaven ranked Spirit Medicine Master, and I am sure to win today's competition. That kid is just putting on a farce, in fact he just became a low-level Spirit Medicine Master today, so he can't be my opponent at all. You must not be fooled by the dealer. He is afraid that the bet will not go on, so he deliberately lied to win your money!"

Hearing this, the cultivators around the dealer all changed their expressions.

They were all waiting for Huang Yueli to place a bet and earn her money. How could someone jump out and tell the truth?

That was a hundred spirit jade!

They have never seen so much money before!

Now, wasn't all of this going to fly away before their very eyes?!

However, the person who said this was Lu Dongfeng himself, and everyone else dared not speak out.

Compared to the disappointment of the others, Lu Dongfeng looked at Huang Yueli with a proud face.

He felt that he was a hero who saved the beauty just now, and it would definitely make Huang Yueli feel good about him.

Chapter 3610 Don't Cry (1)

Huang Yueli didn't look directly at this wretched Fatty Lu at all, but turned her gaze to Liu Buyan.

Liu Buyan also happened to look this way, with the corners of his mouth slightly upturned, and glanced at her with a half-smile, but he didn't say anything.

It seems that Huang Yueli had nothing to do with whether she placed a bet or lost money. In the face of Lu Dongfeng's slander, he has no intention of justifying his name at all.

Huang Yueli suddenly felt a little interesting.

To be honest, she is not very clear about Liu Buyan's medical skills.

Although Liu Buyan was the well-deserved No. 1 Divine Doctor in Soaring Heavens Continent, this was the God Realm after all. From her perspective where she had only dabbled a bit in medical skills, she really couldn't tell what level Liu Buyan could reach.

However, judging from Liu Buyan's reaction, he should be very confident in himself, right?

While thinking about it, Huang Yueli pushed the spirit jade towards the dealer, shook her head and said slowly, "Thank you, Young Master Lu, for reminding me, but, I have already placed a bet, so I'm afraid it's not good to go back on it now?"

As soon as Huang Yueli said this, the dealer and the group of gamblers behind her were obviously relieved.

"That's right! Those are the rules on our gambling table, once you've placed your bet, you can't take it back!"

"This young man in white has an honest appearance, so he may not necessarily lose, Lady, if you win, you will make a lot of money!"

"Isn't it? If you want to make a lot of money, you have to take some risks!"

Everyone was chattering, their eyes fixed on the pile of spirit jade, for fear that Huang Yueli would take it back.

When Lu Dongfeng saw this, he became even more angry.

“What do you people mean? Do you think that this Young Master can’t win against such a kid? How dare you fight against this Young Master! You all don’t want to mess around, right? Come, remember their faces, and you will never be allowed to fight in the future.” They have stepped into Heaven Elixir Pagoda!”

The faces of the dealer and the others froze. They were obviously frightened, and they didn’t dare to speak immediately.

Lu Dongfeng turned to Huang Yueli, his ferocious expression suddenly became very amiable, “Lady, you can rest assured that Arcane City is my territory, and other than the people from the Cloudy Qilin Clan, no one dares to go against me! Just take back the spirit jade, I can guarantee that no one will dare to blame you!”

As he spoke, he glanced at the crowd with warning eyes. Seeing that no one dared to say anything, he immediately smiled even more triumphantly.

Lu Dongfeng still did not forget to cast a wink at Huang Yueli, feeling that he was out of the limelight, this beauty would definitely be overwhelmed by his domineering demeanor, and would bow down to his greatness!

Huang Yueli saw the wretched smile in Lu Dongfeng’s squinting eyes, and almost vomited out last night’s meal.

Fortunately, she had strong self-control, the corners of her mouth twitched, but she didn’t show anything.

She said calmly: “No need, I’ve already made a bet! I bet the young man in white’s victory!”

As she said that, she looked at the dealer, “What? You don’t accept these spirit jade? Don’t you plan to take this gamble?”

The dealer obviously hesitated. He looked at the pile of sparkling spirit jade in front of him, and then at Lu Dongfeng’s ashened face. Finally, he gritted his teeth, “Who says the game can’t be played! As long as someone places a bet, it will be played!”

With these one hundred pieces of spirit jade, he won’t have to come out to do business in the future.

He must get this money!
