Chapter 461: Third Miss, please don't joke with me

"But?" Huang Yueli's eyes stared wide open.

Mo Yi looked at her puzzled face and almost spat out a mouthful of blood.

"But, Third Miss, are you mistaken? Spirit Saint Spring Water! Do you know what is the Spirit Saint Spring Water? Do you know how valuable and how difficult it is to get it? In the entire Soaring Heavens Continent, there are only a total of three mouths of spring, and in each mouth of spring, there was only a small pail accumulated each year. All the influential people around fought over it and were only able to get a small bottle, which was being sold at a heavenly price of several hundred thousands of spirit jades!"

"And you're telling me that this huge tub... are all Spirit Saint Spring Water? How is this possible? Even if we were to accumulate all the Spirit Saint Spring Water from the entire continent, I'm afraid it would not even fill up one tenth of this tub!"

"Ughh... hearing you say this, it seemed like that way....."

Huang Yueli immediately became embarrassed.

Ever since the day she found the Spirit Saint Spring, she was apprehensive initially but later on, she realised that the spring water had an inexhaustible amount with a limitless supply, so she fell into it with the Little Phoenix.

She drank the Spirit Saint Spring water daily as if it was normal water and also used it to treat Li Moying's external injuries.

As time went by, in her eyes, Spirit Saint Spring Water was no different from any mountain spring water. And because Li Moying's situation was critical, she didn't put too much thought into it and just brought it out.

Now, upon hearing what Mo Yi had said, she realised that bringing out this much Spirit Saint Spring Water at one go...seemed like a universally shocking matter.....

Afterwhich Mo Yi sighed, "Sigh, if it was the real Spirit Saint Spring Water, even if it was a small bottle, it would be advantageous to Master's injuries, but the problem was where to get it from! Third Miss, although this spring water is not the Saint Spring Water, it still looks extraordinary. Quickly keep it, there's no guarantee that it will not come into use in future!"

Huang Yueli explained helplessly, "This is really the Spirit Saint Spring Water.... Don't nag any further, quickly help Li Moying into the tub and soak in it. According to my experience, although it is wasteful to soak in it, the effect is definitely the best!"

Mo Yi wiped his sweat, "Third Miss, please don't joke with me....."

Even Luo Jiyun chipped in, "Sister-in-law, Senior Brother is trembling with cold all over, he cannot be soaked in water, let's just forget about it....." He stopped short of saying the more Huang Yueli tried to help, the worse it got.

Murong Ni snorted coldly unrestrainedly.

"Yueli, can you stop pretending? Spirit Saint Spring Water? And such a big tub? Do you think we are all idiots! You're just a country bumpkin, thinking that you're some big shot? Stop blowing your own trumpet!"

Luo Jiyun frowned and stopped her from continuing, "Junior Sister, stop spouting nonsense!"

Murong Ni was even unconvinced.

"Fifth brother, whose side are you on? Since when did I sprout nonsense? Don't you know that in Senior Brother's exhausted condition, he cannot touch water? This is common knowledge! Must she cause Senior Brother to die before she is happy?"

Huang Yueli's eyebrows creased, "This is really the Spirit Saint Spring Water....."

"Ha! Continue to pretend!"

Murong Ni glared at Huang Yueli despairingly while secretly feeling happy. Seeing how this vixen acted pretentiously for the past few days and attracting all her Senior Brother's attention, she wanted badly to make a fool out of Huang Yueli but couldn't find a chance to do it.

At last..... this round, this country bumpkin tried to pretend to be a tycoon and finally gave the game away!

She must grab hold of this opportunity to expose the slutty Yueli, and embarrass her in front of Luo Jiyun and the rest!

Chapter 462: Don't go back on your words later on!

Huang Yueli glared at her coldly and didn't want to waste the valuable time on treating Li Moying on arguing with Murong Ni.

But Murong Ni thought she was feeling guilty and frightened so she became even more complacent.

She sneered, "Why are you not speaking? Admitting that you're bragging? Hehe, like what I said, god knows where you got this dirty tub of water from, and if one will fall sick from drinking it! If it is really the Spirit Saint Spring Water, I will kowtow one hundred times, with my head banging on the ground, to you!"

Huang Yueli turned around and gave her 'a smile yet not like a smile' glance, "This is what you said, one hundred head-banging kowtows.... Don't go back on your words later on and cry when your face is being slapped!"

Looking at Huang Yueli's expression, Murong Ni's heart suddenly thumped loudly.

Since she already put it like that, how could Huang Yueli still display such confidence?

Was it because this evil slut... Had that much confidence?

However this sliver of doubts only lingered for one second before she threw it behind.

Like what Mo Yi said, even if the entire Soaring Heavens Continent's Spirit Saint Spring Water was accumulated, it would not even make up one tenth of the tub. How could Huang Yueli's be real? It was absolutely a lie!

Thinking about this, Murong Ni regained her confidence.

She sneered again, "Will I go back on my words? If you have the ability, show me the proof! If you can prove that this is the Spirit Saint Spring Water and you can save Senior Brother, what does it matter if I have to kowtow to you? For Senior Brother's health, this is only a small thing!"

Huang Yueli was disgusted by her words!

Murong Ni must have thought that she wasn't able to show any proof so she dared to make such a big promise. Anyway these are all meaningless words, there's no linkage to money at all!

Not only that, she also talked as though she was sacrificing herself for Li Moying's injuries! In actual face, besides the cynical remarks, what help had she rendered?

Huang Yueli was unable to express the disgust in her heart so she said coldly, "Then open your dog eyes wide and look carefully!"

"You~~~~!" Murong Ni almost flipped out but was stopped by Luo Jiyun.

Huang Yueli took a scooped a glassful and with one hand, she held the back of Li Moying's neck and lifted his head while the other hand holding on to the glass.

"Huang Yueli, how dare you feed Senior Brother this dirty water!!" Murong Ni angrily retorted, "Brother Mo Yi, why are you not stopping her!"

Mo Yi didn't looked at her and spoke, "Third Miss has her own reasoning for doing these."

"Yes, Junior Sister, stop it. Don't disturb Sister-in-law giving treatment to Senior Brother!" Luo Jiyun said.

"You all... are you all blind! Or have you been brainwashed by Yueli??" Murong Ni was utterly exasperated.

However, none of them gave her any notice and looked at Huang Yueli's actions in anticipation.

Huang Yueli raised the glass but it wasn't what everyone had imagined. She brought it next to Li Moying's mouth and gulped a big mouthful of it instead.

"Eh?"

Luo Jiyun stared with his eyes wide open.

The next moment, Huang Yueli lowered her head and sealed her lips on Li Moying's, feeding his the Spirit Saint Spring Water slowly.

Even if there were many pairs of eyes on her, she didn't feel embarrassed. Instead, she took her time and slowly feed mouthfuls of water till the entire glass was finished before she lay his head back, not forgetting to wipe the corners of his lips.

"That's done, I estimate that within the time frame of burning an incense stick, the Spirit Saint Spring Water should take its effect."

Chapter 463: Naturally, he will marry me

Everyone used a shocked expression to look at Huang Yueli.

No one had expected that Huang Yueli would take the initiative and feed Li Moying by mouth.

Luo Jiyun secretly gave a thumbs up to Li Moying.

Deservingly to be called Senior Brother, his actions were so swift, to think that they were so intimate! No wonder when they first came to the Dark Moon Forest, Senior Brother introduced her as his fiancée.....

Mo Yi and the rest were already letting their thoughts running wild, making guesses on when they should change to greet Third Miss as Madam.....

Huang Yueli did this action subconsciously because this was the method which she had used to feed Li Moying when he was unconscious. She had already knew that in his unconscious state, this man would not possibly take his medication by himself so she didn't spend any time on hesitating on what to do.

By the time she had finished feeding him, she felt the glares from the surroundings and instantly realised that something was not right.

"Yue Li, you're so shameless! How dare you do such a thing in front of so many people!"

Even before Huang Yueli had a chance to explain, Murong Ni had already burst out at her in anger.

Huang Yueli sniggered at her, "Why am I shameless? Li Moying and I.... we are fiancé and fiancée. Moreover, this agreement was set by our parents and matchmaker's words, so whatever we do are absolutely proper. Anyway, it's much better than someone else.....whose eyes are often roaming around other people's fiance!"

"You... Yue Li, don't be overly gleeful! You're just engaged, do you think you can marry Senior Brother? Let me tell you, in such a reputable Sect like ours, parents absolutely cannot decide the Sect's disciples' marriage. If you wish to get married, you need to go through the Sect! My father will never agree to Senior Brother marrying you!"

Huang Yueli smiled slightly, "Don't worry about that, anyway... all I need to do is to grab hold of Li Moying's heart and naturally, he will marry me. If your father does not agree, perhaps Li Moying may resign from the Sect instead. I wonder if your father will be willing to let such a genius talent take his leave like that?"

Murong Ni had wanted to show off her imposing manner and reputation as a large Sect's daughter in bid to make her back off.

Who was Huang Yueli? Matters concerning the Sect did not concern her at all.

The innate skill that Li Moying displayed was already at the ninth grade. Perhaps he might be the same as her, having some rare, extraordinary innate skills.

No matter how reputable his Sect was, to be able to find such an exceptional genius was a huge opportunity that one might wish for in a hundred thousand years.

She could almost confirm completed that all the resources were banked on Li Moying, with hopes that he would become the leader of the entire Soaring Heavens Continent. By then, their Sect would follow and soar into stardom.

No matter how powerful and strong the Sect Leader was, they wouldn't dare to do anything to Li Moying. Instead they would think of many ways to win him over.

Not only that, considering the arrogant character of Li Moying, would he allow the woman he loves to gesticulate while talking? Obviously this was not going to happen.

"You..... just wait and see! You dared to seduce Senior Brother, you'd definitely come to no good end! Just wait for my father to come and finish you off!"

Murong Ni knew what she said was not wrong, but she braced herself to put up a brave front and continued her arrogant ways.

She couldn't figure it out, wasn't Huang Yueli from some village of a small country? How would she know what standing does Li Moying have in the Sect?

She must have been bluffing her way out, right?

Huang Yueli heard her threats but was not threatened a single bit. Instead, she laughed happily.

Chapter 464: Where did this local tycoon appear from?

Murong Ni felt the chills after hearing her laughter and felt something was amiss.

Had this vixen been shocked out of her mind?

But when Yueli opened her mouth, it gave her a shock instead.

"You're asking me to wait? Hehe, I won't run. After all, I'm waiting for you to kowtow a hundred times to me! You're the daughter of a 'reputable Sect', surely you won't go back on your words in front of so many people, right?"

Murong Ni went into a daze, "What do you mean?"

Huang Yueli turned towards Li Moying and continued, "We just made a bet earlier. If I can prove that is the Spirit Saint Spring Water then you'd have to kowtow to me one hundred times. Ms Murong is still so young, yet your memory is so bad?"

“Of course I said that, but are you treating me like an idiot? If you really had the Saint.....”

Murong Ni sneered but as she was talking halfway, her eyes popped out in shock.

The others also set their sights on Li Moying’s face, and their expressions were flabbergasted.

Earlier Li Moying’s glabella had turned dark, his lips were purplish reflecting the typical signs of soul damage. But now within a short span of a quarter of an hour, the dark energy that were gathered in between his brows had distinctively lessened and was constantly decreasing. Even the purplish colour on his lips were becoming lighter.

Very obviously, the injury inflicted on his soul had started to take a good turn.

“This.... how could this be possible?” Mo Yi stared in awe.

Luo Jiyun’s mouth opened wide, “Don’t tell me..... that this is the real deal?”

“How is this possible? Such a big tub of Spirit Saint Spring Water? How much would this cost?”

“Is this a matter of money? In the entire Soaring Heavens Continent, where on earth would you be able to find so much Saint Spring Water, even if you had the money?”

“But... besides the Spirit Saint Spring Water, what else would be effective for the treatment of soul damage?”

They looked at one another in dismay but could not find the answer.

To be able to take effect so quickly, besides the Spirit Saint Spring Water, there could be nothing else! And if there was, it could only mean that the spring water was much more valuable than the Spirit Saint Spring Water. Such a big tub would be worth even much more money.....

In this moment, the looks that everyone shone upon Huang Yueli was more complicated than usual.

Where did this local tycoon appear from? Didn’t they say she was just a country bumpkin from a neighbouring small country? Why was it that she had several thousand times more money as compared to these disciples from a major reputable Sect?

This.... this was simply outrageous, how could anyone believe this?

And where did she get so much Saint Spring Water from?

Who would have guessed that Huang Yueli actually had the heaven-defying god relic – Sky Phoenix Ring!

Seeing that everyone’s jaws were almost dropping to the group, Huang Yueli curled up her lips and gave a smile.

“Alright, as for the source of the Saint Spring Water... it’s confidential. Anyway what you all need to know if I never speak without thinking, so this is absolutely the Spirit Saint Spring Water. But don’t think that the effect is very good just after one glass. The road to recovery is extremely slow especially in the later stages, a complete recovery path is arduous so we must continue to let him drink the Saint Spirit Water daily.”

Mo Yi didn’t know how to reply.

Who doesn't know that continuously drinking it would increase its efficiency. Buthow many people are able to afford this luxury of drinking the Spirit Saint Spring Water daily?

His mouth twitched and finally found his voice.

"This.... to drink it every day, a small pail would suffice. We'll use a vessel to pack it up. As for the rest.. Third Miss, please keep it safe. This is very valuable so please don't waste it!"

Chapter 465: This is bath water

Huang Yueli shook her head and said, "No need. This Saint Spring Water is used for bathing. Did you think I will feed Li Moying with bath water?"

Mo Yi, Mo Er and Mo San's heads was full of black lines.

Bath water, Bath water, Bath water.....

So this priceless Spirit Saint Spring Water was only bath water in Third Miss's eyes.....

What was this feeling of spitting out blood?

Mo Yi chuckled, "Third Miss, how could the water you fed Master be bath water! This is Spirit Saint Spring Water!"

Huang Yueli smiled and took out a wooden pail from the sky, "The effect from drinking Saint Spring Water directly may not be as well. What I'm giving Li Moying is medicinal wine made out of Spirit Saint Spring Water. It's healing efficacy is several times higher. As for this leftover ordinary water, we'll just use it for bath water....."

A fleet of crows went flying by their heads, everyone had the same thoughts in mind.

So, Saint Spring Water could also be brewed into wine as well. The aroma of the wine drifted through the wooden pail and smelled especially fragrant.....

Something was wrong, what was ordinary water? And what was used as bath water??

Huang Yueli saw the crowd's expression was as if they were struck by lightning and became speechless.

She clapped her hands and said, "Alright, snap out of your daze! Didn't you see Li Moying's condition? Stop wasting time! Strip him of his clothes and leave him in the bathtub to soak. Let's hope this can temporary control his injuries. When day breaks, we'll think of other ideas."

These few people snapped out of their shock, clumsily stripped Li Moying of his clothes and carried him into the bathtub.

Looking at the motionless Li Moying, besides being worried, there was a sense of melancholy all around.

This bath of Li Moying's had washed away how many hundred thousands of Spirit Jades?

Even if Li Moying's life was priceless in their eyes, but everyone still felt a sense of overtaxing a heavenly item. What a waste to burn money.....

As Li Moying was bathing, the group's only two females instinctively left the tent.

Murong Ni was pretending to be a virtuous young lady whereas Huang Yueli was indifferent about the whole thing. When she was treating Li Moying's injury several days ago, she had already seen everything.

Speaking of this, Li Moying's figure was very good, his muscles were firm but not too overbearing and there was no extra fats anywhere. Every single muscle line eluded power and sexiness, full of masculine temptation.

He looked exactly like a perfect sculpture with his glowing jade-like skin.

If it wasn't for the fact that this man was injured, and he laid unconscious all this while taking up all her attention to care for him, she would have taken the opportunity to feel him up.

The so-called vanity was present in everyone. But this man was way too handsome, simply causing people to commit a crime because of his beauty.....

Although she wanted to look at him much longer, but in front of so many people, Huang Yueli thought she should tone herself down a little.

What's more, Murong Ni had already ran away, and she was waiting to retrieve her debt, so of course she would follow suit.

Murong Ni's face blushed as she ran out of the tent, and heard the voice of the person she hated the most.

"Murong Ni, why are you running away? Are you trying to deny your debts?"

"You... Yueli, what do you want now?" Murong Ni almost jumped.

Huang Yueli lazily smiled and said, "Second Miss of the Murong family, these words that you spoke are very interesting, are you having a memory lapse? What do I want? I'm waiting for you to offer your hundred head-banging kowtows!"

Chapter 466: The words you said is like passing gas

Murong Ni had not expected that Huang Yueli would dared to chase after her to make her kowtow!

No matter how she saw it, Huang Yueli was just a first degree realm practitioner with no background. Considered it as her good luck to find a Spirit Saint Spring, that was just **** luck.

Huang Yueli should at least have some self-reflection and knew that she could not afford to offend a reputable Sect's daughter like herself, Murong Ni.

"You.... Are you joking?" Murong Ni hesitated a little before she started to laugh out loud.

Huang Yueli replied indifferently, "I'm sorry but I don't have the habit of telling jokes."

Murong Ni was still laughing continuously.

“Yue Li, I can’t help but admire your guts! Who had given you that much guts to ask me to kowtow? Can’t you see your own status? I had given you face in the past because Senior Brother was smitten with you. Did you think I was afraid of you? Now that Senior Brother had yet to awaken, shouldn’t you behave yourself by tucking your tail between your legs and stop finding trouble with me?”

“I’m finding trouble with you? Do you need me to remind you? You’re the one who offered... to kowtow to me one hundred times, I did not force you to do so!” The way Huang Yueli looked at her was as if she was watching a comedy.

Murong Ni flew into a rage upon hearing what she said.

“I did say that, so what? If it wasn’t for Senior Brother, would you have any way to make me kowtow to you? Can you beat me? Did you think Fifth Brother will help you, Mo Yi and the rest would dare to press my head down to kowtow to you? Hehe, you’re thinking way too much. I am after all the Second Miss of the Murong family. Without Senior Brother’s personal order, they wouldn’t dare!”

Huang Yueli stared at her coldly and shrugged her shoulders after she had finished talking.

“Alright, since your skin is so thick that the words you said is like passing gas, what else can I do.....”

Murong Ni thought Huang Yueli was scared stiff by her and snickered complacently.

“Trust you to be tactful!”

“...Come to think of it, that day at the mountain cliff, you were the one to push me, causing me to fall down. I think, you probably won’t dare to admit this in front of everyone right? If I were to tell everyone the truth, I wonder what they would think of you? Based on this, you’re the actual culprit who caused Li Moying’s serious injuries!”

“And if your Senior Brother.... were to find out that you pushed me down, what would happen? Aiya, thinking about this makes me feel frightened.... But I’m an honest person, unlike you who suffers amnesia, so naturally I will tell everyone nothing but the truth.....”

Huang Yueli started mumbling to herself as she walked towards the tent.

Before her fingers could reach the hanging screen, Murong Ni had shot forward and blocked her from entering.

“Yue Li, stop right there!”

Huang Yueli stopped in her tracks and innocently asked, “What do you want now? I’m not finding trouble with you already so why are you blocking me for?”

“You... what did you say just now?” Murong Ni glared menacingly at her.

Huang Yueli replied, “Did I just... say anything? Why would you care about what I said? Quickly let me pass! I want to see how Li Moying is doing now. Since we’re already engaged, I should take good care of my fiancé!”

Huang Yueli had no intentions to accept the engagement with Li Moying, and till now, she had yet to change her mind.

But in front of Murong Ni, she could not help but to consider herself as Li Moying's fiancée.

Chapter 467: My fiancé is loyal and affectionate

Huang Yueli felt that this feeling wasn't envy and it would definitely not be jealousy.

If she must put a word to it, it should be...erm, to teach Murong Ni a lesson for being a pathetic moron!

It was because Murong Ni had secretly admired Li Moying, so in order to piss her off, she said it on purpose!

After Huang Yueli found a "legit reason", the words she said later on were even more infuriating.

".....My fiancé is loyal and affectionate to me, even though he was in a delirious state, he could not bear to hurt a single strand of hair on me. Sigh, where can anyone find such a good man? I must stay by his side and not leave him....."

Murong Ni's head was fuming with smoke.

How could she be so complacent? Senior Brother had never bothered to lay an eye on any ladies, why was he so dedicated to her? This could not be true, not true!

Murong Ni couldn't wait to slap Huang Yueli to death, but she dare not!

Huang Yueli calmly showed off her endearing love and raised her hand to open the hanging screen but... she was stopped by Murong Ni again.

"Hold on, Yue Li, stand still! I'm asking you, what were you murmuring about earlier on?"

"What did I say?" Huang Yueli blinked her doll-like eyes with an innocent blank look, as if she had lost her memories.

Murong Ni gritted her teeth, "You said! You said I pushed you down the cliff and you were going to tell Brother Mo Yi and the rest, and tell Senior Brother!"

Huang Yueli replied "Oh" with a pure and innocent expression.

"That's right, that's the truth. You did push me down the mountain cliff! An honest person like me cannot lie. I won't lie about such things and will tell the truth."

Pretend! Her pretence was so real!

Murong Ni almost crunched her silver tooth!

What about truth and what about not knowing how to lie? She was now saying she's an honest person, but when she laid traps for others usually, why wasn't her "honesty" reflected?

Now she was going to tell the truth according to the facts?

Murong Ni wished she could sew up Huang Yueli's lips or erase that part of her memory so that she could never say out the truth!

If Mo Yi, Luo Jiyun and the rest found out that Huang Yueli was pushed by her, they would definitely push the blame on Li Moying's injuries on her.

If Huang Yueli had not fallen off the cliff, Li Moying wouldn't have gone to save her, and he wouldn't get injured. And he wouldn't be late in reuniting with Mo Yi before his illness acted up.

If Li Moying found out about this matter, it would be even more horrifying.

Till now, Li Moying had thought that it was Huang Yueli who lost her footing and fell off the cliff. Just that alone was enough to earn a lecture from him and almost a slash from his sword!

If he knew about the truth, wouldn't he just chop her up?

Thinking back on the cold expression he showed while slashing his sword at the magical beasts, Murong Ni couldn't help but secretly let out a shiver.

No way was she letting Huang Yueli tell out the truth!

Murong Ni tried hard to oppress her fury and despondent, and bowed her head towards Huang Yueli.

"Yue... Ms Yue Li, please don't ever say out the truth. You... actually you know that I had really pushed you by accident. I never wanted to push you down the cliff.... But if you were say this, Senior Brother and the rest would surely misunderstand so please help me keep this a secret....."

Murong Ni bit hard on her teeth and hissed out these words from slits between her teeth.

Chapter 468: You think I'm begging you?

Huang Yueli had been killed several thousand times in Murong Ni's heart!

She had thought that by lowering her pride and using a meek tone to speak to Huang Yueli, that would made her accept the kindness she had shown and subsequently do things for her.

Who knew, Huang Yueli's lips curled upwards only.

"Is..... this the attitude you show when you're asking for a favor?"

Murong Ni stood stunned and for an instance, she thought she heard wrongly.

What this vixen meant was..... Could it be that she was unwilling to do as she said?

How could this be? She had already lowered her tone and spoke nicely to her, how dare this vixen not give her any respect?

Murong Ni stomp her feet in anger, "Yue Li, did you think that I'm begging you? What I'm telling you is it doesn't help to blow matters bigger as there's no advantage to it! I am Senior Brother's Master's daughter, even if he knew I was the one who pushed you, what can he do to me? What's more, it was unintentional! I just felt that since Senior Brother is already injured, we shouldn't talk about these small issues to affect his recovery!"

Huang Yueli sneered at Murong Ni's words, did she think that everyone were idiots?

“Since you’re so confident that Li Moying would not blame you, then why are you stopping me? Move aside, I want to go in!”

Murong Ni snarled, “Yue Li, if you refuse to take the easy way, we’ll do it the hard way!”

Huang Yueli didn’t pay any attention to her and using her footworks, she made a turn and routed past her.

Murong Ni was exasperated and without thinking, struck out a palm strike towards the back of Huang Yueli!

When she struck, she had not thought that she would miss.

Because no matter how formidable Huang Yueli was in other aspects, it was the truth that her cultivational level was not high! Considering the difference in their cultivation levels, Murong Ni felt she would be able to kill Yueli with one slap!

Huang Yueli frowned as she felt the tremendous vibrations of the Profound Energy behind her.

A fourth degree realm practitioner..... Indeed it would be hard for her to fight against it.

Only..... She didn’t need to deal with it herself!

Huang Yueli concentrated on her thoughts and brought out the little vulture from the Sky Phoenix Ring.

Murong Ni never expected her miss and the appearance of a magical beast which was taller than a normal man’s height!

“Chirp chirp.....”

Little vulture’s appearance was very sudden so it felt lost momentarily but it quickly reacted to Huang Yueli’s orders and pounced towards Murong Ni.

“Wh.... WHAT IS THIS?”

A golden coloured vulture was charging towards her and this made her turn pale with sudden fear.

Although the little vulture was just born, because it had the bloodline of the White Winged Golden Crested Vultures and Huang Yueli kept feeding it with Spirit Saint Spring Water and medicinal herbs from the ring, it had already derived the strength of the fourth tier.

Fourth tier magical beasts were equivalent to the fifth degree realm practitioner in the human world. Murong Ni was just a flower vase who had the cultivation but lacked actual battle experience.

Because of this reason, she didn’t have any ability to ward off the little vulture’s attacks and was repeatedly falling back.

“Get lost, quickly get lost! Ahh Ahh Ahhh, help! Stupid bird, stinky bird, quickly go away, ahhh ahhh ahhh ahhhhhh!”

Unfortunately the little vulture only took orders from its mistress, totally ignoring her screams and continuing to attack her.

The noise from the conflicts were so loud that it caught the attention of those in the tent.

The men had thought the both of them had met with danger and quickly ran outside.

“What’s the matter? What happened?”

“Sister-in-law, Junior Sister, what happened to you ladies?”

Chapter 469: It’s name is Zhao Cai

The few of them ran out of the tent and saw Murong Ni being attacked by a fourth tier magical beast. Their expressions changed instantly.

“Why is there a magical beast here? Hadn’t the Beast Diversion Array been set up already?”

“Stop talking, let’s save Junior Sister first!”

While they were discussing, they were prepared to take action.

Huang Yueli hurriedly stopped them, “Wait! This is MY magical beast, who dares to touch it!”

“Huh?”

“What?”

In front of everyone’s dazzled looked, Huang Yueli snapped her finger and ordered, “Zhao Cai, come back here now!”

Upon hearing these words, the little phoenix who had been hiding in the Huang Yueli’s collarband almost spat out a mouthful of blood, feeling as though there were ten thousand heads of long necked creatures came running over.

“Oh my gawd, this lord’s little brother is called Zhao Cai? Had this female devil gone crazy thinking about money? Aw, but still, his name is as unpleasant as mine, no. It’s worse than mine, that’s right. If it was better sounding than mine, where should this lord place my face....”

Having living with this black bellied master, Huang Yueli, for over a month, Little Phoenix had learnt what was psychological success method.....

Little vulture did not have as many ideas as Little Phoenix. After all, it was just an infant which was just born not too long ago, so it could not differentiate the good and bad of a name.

So when it heard it’s master’s calling, it diligently ran back towards her resting with its head on Huang Yueli’s neck and quietly knelt beside her feet.

How many times had the dazed expression hung on everyone’s face today.

Luo Jiyun finally found his eyeballs that had fallen onto the ground and giving a dry laugh, “That.... Sister-in-law, may I ask, what..... is that?”

“My spiritual pet.” Huang Yueli replied.

“Hehe, it’s so obedient, of course it’s a spiritual pet... may I ask what species is this spiritual pet?”

Huang Yueli rolled her eyes at him, “You don’t even recognise it? The White Wing Golden Crested Vulture should be that rare of a magical beast right? There are plenty of illustrated handbooks which introduce this magical beast.”

“Hehe, so it’s the White Wing Golden Crested Vulture.... Right, I was thinking the outlook is so special, it must be the White Wing Golden Crested Vulture....”

Luo Jiyun gave a few more dry coughs.

His heart, however, was in a frenzy.

Seeing how Huang Yueli spoke in a casual manner as if it was just a normal first tier magical beast.

In actual fact? It was the offspring of a seventh tier magical beast! Huang Yueli actually adopted the infant of a seventh tier magical beast as her spiritual pet!

Heavens knew, even in such a reputable Sect like theirs, the disciples were not able to get such a high level magical beast’s offspring as their spiritual pet! Huang Yueli was just in the first degree realm, she... she....how did she possibly get such a high quality spiritual pet? How did she manage to make that pact successfully?

But this was the truth, and Huang Yueli made it sound very normal that there was nothing amazing about the offspring of a seventh tier magical beast!

What he didn’t knew was, Huang Yueli had indeed feel that the Little vulture was indeed very ordinary.

With Little Phoenix around, little vulture was not even considered as an underling. To be more precise, she had just conveniently adopted a spiritual beast only.....

Mo Yi and the rest had no strength at all to be surprised at anything when it came to Huang Yueli.

In actual fact, everyone were slightly numb to the fact that whatever extraordinary matters that fell upon Huang Yueli, were actually all very normal.

Chapter 470: Offer tears of sympathy

What could they do, since she was personally chosen by Li Moying?

They could only say, Li Moying’s esthetics were perfectly normal. Too normal that the woman he had his eye on, was ridiculously strong and black-bellied till others could spit out blood, and was a perfect match with him.

As for the fact that they first felt this couple was a mismatch..... they could only blame themselves for being blinded in the first place!

Huang Yueli kept Little vulture and turned towards Murong Ni.

Earlier when Murong Ni was being chased by the Little vulture, she was pushed onto the ground and ended up in mud. Her face was perched by the Little vulture and blood was dripping out of the deep gash on her face.

She climbed up pathetically and when her hand touched her face, her eyes were filled with fear when she saw her hand filled with blood.

“M.... My....My face..... what happened to my face? Yue Li, how dare you hurt my face, I’ll fight it out with you!”

Murong Ni pounced over intending to strangle her neck, but Huang Yueli shifted herself and moved aside.

Just in that instance, Mo Yi had already moved himself in front of Huang Yueli.

“Murong Second Miss, don’t be rash! Master is still lying inside!”

“That’s right Junior Sister, don’t be overly excited. What happened between the two of you, how did you start quarrelling?”

Murong Ni furiously spat out, “Mo Yi, move aside, I must kill her! Didn’t you see, my face has been injured by her spiritual pet? If it leaves a scar, won’t I be disfigured? All of you have been deceived by her, she is a ruthless and cold-hearted woman who keeps trying to harm me!”

Huang Yueli raised her eyebrows and slowly uttered, “Now I finally understand what is a thief calling thief. If it wasn’t for my spiritual pet, I would have been hurt by your sneak attack, and now you’re claiming that I’m trying to harm you? Could there have been a funnier joke than this?”

In that instance, everyone’s mind wandered away.

Zhao Cai! They really didn’t hear it wrongly! That valuable golden vulture baby..... was called Zhao Cai!

They could only offer tears of sympathy. To suffer so much pressure at such a young age... poor thing.....

It was only after a while more that everyone reacted to the true meaning of Huang Yueli’s words. It was Murong Ni who sneaked an attack on her so she counter-attacked in self-defence.

No one doubted Huang Yueli’s words, because her performance recently had earned the same level of reputation as Li Moying whereas Murong Ni was just a craft and unruly rich girl. The words they spoke obviously held different weights.

Luo Jiyun knew his Junior Sister had caused trouble again and he felt very guilty over it. He was afraid Murong Ni would say something to anger Huang Yueli again so he forestalled her.

“Uh, Sister-in-law.... I’m sorry to say that our Junior Sister is still young and she doesn’t understand a lot of things yet, so please don’t hold it against her. May I know what happened between the two of you, how did you start arguing?”

“About this.... when we just came out, we had some differences about certain issues... so we just started arguing about it.....”

Huang Yueli purposely pointed out.

Murong Ni's heart thumped hard when she heard those words.

What did Huang Yueli mean by those words? Was she preparing to tell the truth about what happened on the cliff that day?

That must be it, she was definitely planning to mention this because she was taking revenge on the sneak attack!

Murong Ni was so anxious till she couldn't wait to strangulate her to stop her from speaking.

But Luo Jiyun had to continue investigating, "Sister-in-law, what is that matter about? Please tell me what my Junior Sister had done wrong, I will definitely help you to lecture her!"
