

## Prodigiously Amazing Weaponsmith

### Chapter 4: An Embarrassing Thing

Sweeping across the objects strewn across floor again, Huang Yue Li discontentedly said: "You are the Valiant Martial Manor's Fourth Miss. How could you possibly be this poor? Could it be that you're still hiding some items?"

"Third...Third Sister...I really didn't hide anything...."

Knitting her brows together, Huang Yue Li continued her interrogation: "No money? Touch your heart and ask yourself whether or not if you truly have no money left? Look around and view the damage you have caused. If you do not make the proper compensations, how can my spirit possibly allow you to walk away freely?" She scoffed and looked at Bai Ruo Yan with narrowed eyes.

Shuddering from those words, Bai Ruo Yan's words were shaky as she replied: "Third Sister.....I really...really don't have any money. Second Sister.....she has money, so...so go and ask her...." She pleaded desperately.

"Seems like you really are poor. Why don't write up an IOU then."

Bai Ruo Yan blinked in confusion.

"What?"

Lowering her head, Huang Yue Li swiftly wrote on a piece of paper and threw it towards Bai Ruo Yan.

Due to fact that Bai Ruo Yan was overwhelmed with fear, she did not even stop to think for a moment why a ghost would ask for money. She didn't even read the contents on the piece paper, but proceeded to the snatch the brush and signed her name down immediately.

Picking the paper up, Huang Yue Li scanned it before nodding in approval and said in a satisfied tone: "Fine, then we'll reluctantly let you owe the money for now. Take off your clothes and kowtow to me three times, then you can scam!"

Bai Ruo Yan was momentarily stunned.

"What? Take off my clothes?"

Even if she could not think properly due to fear, she still knew that if a young lady took off all her clothes, there would be very severe consequences.

Unfortunately when Bai Ruo Yan looked into Huang Yue Li's endless eyes, it was as if what remaining bit of consciousness she had left was sucked away.

Under the control of the Clear Sky Eye, Bai Ruo Yan didn't not have the slightest resistance. Obediently, she acted according to Huang Yue Li's instructions.

Listlessly, she undressed in front of Huang Yue Li and knelt to the ground. She then proceeded to kowtow three times.

Dong! Dong! Dong!

(TLN: The exaggerated sounds of her head hitting the ground.)

Clear, crisp knocks could be heard as she powerfully banged her head against the limestone floor.

By the time she lifted her head up, her skin on her forehead was torn and blood was trickling down.

Waving her hand, Huang Yue Li commanded: "Scram!"

Hearing those words, Bai Ruo Yan leapt up and madly dashed towards the door as if she had received a great pardon. Bursting through the door, she furiously ran away.

Outside, the serving girl and nurse that Bai Ruo Yan had brought along with her were still immersed in their grand scheme as they surrounded Bai Ruo Li's serving girl and continued their torture.

"I'll whip this damn wretch to death! Dare to go against our Fourth Miss? You didn't even stop to look around before peeing. What status does your Mistress have!"

"That's right! The ill star of the deceased Master and Mistress. Not to mention that she is a complete cultivation trash! If it weren't on the fact of being kin, Master would not have kept her. This is already showing great benevolence. But who knew, that she would dare to commit adultery with a random man. That's truly losing the face of this entire Manor! Even death cannot wipe such a stain away!"

"Just a lowly and disgraceful thing, yet she still has the audacity to refuse and hand out the items that the previous Master had left behind? Hmph, moreover she still has the cheek to keep it all to herself. But now that she's dead, everything is settled. So everything here would naturally belong to our Manor!"

"Third....Third Miss....she isn't that kind of person!"

Even though she was covered in blood and barely breathing, she stubbornly clung on to her last breaths and struggled in a weak voice in an attempt to clear her Mistress' name.

It was at that moment that a sudden shriek erupted from within the room, followed by a loud bang as the doors flung open. Hearing the commotion, they all turned their head to only see a naked silhouette flying out.

"Who is it?" Observing closely, the serving girls asked before crying out: "It's...Fourth Miss. What happened to Fourth Miss? What happened?"

Bai Ruo Yan looked completely disheveled. Her hair completely in disarray and matted with dust, not a single accessory was seen, and blood was trickling down her forehead. It was too hideous to look at. Still trembling, she cried out deliriously: "Ghost...spare me Third Sister...spare me....it wasn't me who harmed you. Please don't come find me...."

#### Chapter 5: Fourth Miss Really Ran!

"Fourth Miss, what.....what is the matter with you?"

Under the astonished gazes of everyone, the room door opened once more. Clothed in white all over, Huang Yue Li "floated" out.

"Who....who is it?"

".....Third Miss?"

Bai Ruo Yan once again started to wail out in fear.

At once, the nursemaid felt that something wasn't right. With large strides, she stood in front of Bai Ruo Yan and said: "Fourth Miss, don't panic. By this old maid's assumption, Third Miss isn't a ghost. Who dare to pretend in our manor to be some godly spiri.....ghost...."

Once again, Huang Yue Li's demonically black eyes glinted coldly. Looking towards her, the old maid felt her head became dizzy while her legs crumpled beneath her, kneeling to the ground.

Softly, Huang Yue Li whispered: "Everyone give yourselves twenty slaps then get lost!"

The sounds of slapping ensued. Under the control of Huang Yue Li's eye technique, the various serving girls and maids started to diligently slap themselves. Pa! Pa! Pa! It

sounded. By the end of the twenty slaps, everyone's faces had swelled up greatly, causing them to look like steamed buns!

Following that, those people hurriedly stood up. They didn't even spare a glance at the bare naked Bai Ruo Yan, running away as if they had peed their pants.

Quivering, shaking, Bai Ruo Yan staggered. All the while muttering "ghost" as she tottered out of the courtyard.

With slow and unhurried steps, Huang Yue Li followed behind them to the entrance.

At the entrance to the street, many people came and left.

With a clear and audible voice, Huang Yue Li shouted out: "Come see. Valiant Martial Manor's Fourth Miss is running around the streets naked! A high standing young lady with fair skin, great bodily features. Not bad and it costs no money!"

Suddenly, a naked lady burst out scaring all in the vicinity before drawing their attention.

When everyone heard the loud shouts of Huang Yue Li, they couldn't help but well with great anticipation. Standing in a circle, people started to gather and surround Bai Ruo Yan from all sides. Not only was she trapped within the circle, more and more people started to gather and chatter amongst themselves.

"Eh, this crazy lady actually looks quite decent, her body too. Just a shame, that she's a bit lacking in the brains. Nonetheless, I have a younger brother who is a bit retarded, thirty and he has yet to marry a wife. I wonder if I can take her home and match her him?"

"Woah, you sure dream well! Didn't you hear what the person just said? She is Valiant Martial Manor's Fourth Miss. Even if she was an idiot, do you think your brother can match her?"

"What? How could this be? I only heard that the Third Miss of Valiant Martial Manor was useless. Aren't the Fourth Miss' talents quite decent? How could she be an idiot? Not to mention, running around the street naked?"

"But, it seems like it really Fourth Miss Bai ah..."

"What? What? You didn't see wrongly?"

"Of course I didn't see wrongly! My uncle's next door neighbour's great aunt's younger male cousin from her mother's side's older sister-in-law....is part of Valiant Martial Manor's household. How could I possibly be wrong? This is precisely Fourth Miss Bai!"

"Truly so? How could this high class, well-bred lady be running around naked?"

“How would I know that?”

“Hey, hey. I heard that these rich ladies from good households are slutty from birth and have unique hobbies. Not only do like to go around streaking, they also enjoy being beaten. I heard that some even enjoy eating sh\*\*....abnormal hobbies, normal folk cannot understand ah....”

“Ai! Stop talking about, I’m about to puke. Public morals are degenerating by the day..”

After shouting till her voice turned hoarse, Huang Yue Li proceeded to sneakily hide herself.

No one would have guessed that there are a young girl sitting at the back entrance of the Manor. Chin resting on her hands, she listened enthusiastically.

“Tsk tsk. This small kingdom South Yue isn’t very strong and its cultivators are also beyond weak. Yet its streets’ uncles are so informed, informed to point where they knew that some people enjoyed eating sh\*\*.”

At that moment in time, Bai Ruo Yan became clear headed again.
