

Weaponsmith 711

Chapter 711: Today is not full moon's night (2)

"Divine Doctor Liu? What did he say?" Luo Jiyun asked puzzledly.

But before Mo Yi could reply, he suddenly recalled and cried out in shock, "Ah, I remember now. You mean to say, to say...."

Under Luo Jiyun's intense sight, Mo Yi slowly nodded.

"Heavens, how could it be? Why would such a thing happen? Could there be a misdiagnosis?" Luo Jiyun cried out unbelievably.

Mo Yi's tone turned dull as he continued, "I also don't believe in such a matter but Divine Doctor Liu is the Continent's Number one Divine Doctor and this is a diagnosis that he came out with, so how could it be wrong? Right now, this had really happened and we don't know after Master wakes up, how would he become...."

The both of them exchanged glances as they saw the worry in each other's eyes.

Just at this moment, the room door was opened with a "Bang".

Huang Yueli walked in with big steps and asked, "What are you talking about? Is there any problem with Li Moying's illness? And you guys were talking about Divine Doctor Liu? Are you referring to Liu Buyan?"

Both of them were shocked as they stood up from their chairs.

"Ah, Third Miss, why are you here!"

"Yes, Sister-in-law, aren't you taking care of Senior Brother? Has he awoken?"

Huang Yueli shook her head, "He's still unconscious and sleeping but his body temperature keeps getting lower and lower.... I'm worried about his condition so I'm here to discuss with you guys. What were you discussing about? What did Liu Buyan saw about his condition?"

Mo Yi looked as here and hesitated.

Luo Jiyun directly said everything out, "Sister-in-law, that year when Divine Doctor Liu gave treatment to Senior Brother, he had specially reminded that Eldest Senior Brother cannot be agitated. He said, under normal circumstances under full moon's effect, Eldest Senior Brother's illness should be controllable under the medication. But if he was agitated and his illness acted up outside full moon's night, that would mean..."

"That would mean what?" Huang Yueli asked anxiously.

Luo Jiyun pursed his lips, "That would mean Senior Brother's illness has worsened! It might even cause danger to his life! And when the frequency of acting up increases, he would be very difficult to cure!"

"WHAT?!" Huang Yueli's eyes widened with shock, standing in a daze.

She had never expected that Li Moying's illness this round would have such dire consequences.

And the reason for the his illness to flare up was because of her accidental disappearance which possibly meant she was killed by someone!

In actual fact, both of them had only knew each other for only two months.

Huang Yueli had thought that even if Li Moying had real feelings for her, it might just be the beginning and this heart-throbbing feeling was still very slight. As long as the both of them are apart for quite some time, it would disappear with time naturally.

But she had not expected that both of them were only apart for just a month and not only did the feeling not lessen, instead it had deepened.

Li Moying heard about her mishap and rushed over without any hesitation just to rescue her!

Huang Yueli received his swan goose letters and naturally knew that the tournament with the West Sky Regions' Sects was extremely important to his Sect and knew that Li Moying had great gratitude towards his Teacher. He had always wanted to repay Murong De.

But now, because of her, this man didn't care about anything else!

Chapter 712: Today is not full moon's night (3)

The fact that Li Moying rushed over to save her made her extremely touched but what shocked her was that he actually lose control of his illness because of her.

This showed the influence that she had over this man was much stronger than anyone else, and it would directly string along all of his emotions.....

Moreover, this made Huang Yueli even guiltier.

Originally, Li Moying's illness which acted up once a month was already under control for many years under Liu Buyan's medication. It had not caused any fatal injuries to his body and his cultivation had improved by leaps and bounds.

If Li Moying's condition had worsened because of her, he might even die while in his prime...

Every single time Huang Yueli's mind flashed past these thoughts, she would feel a painful sensation in her heart, so painful that she could not help but bend over.

Mo Yi called out, "Young Master Luo, don't..."

Without Li Moying's permission, Mo Yi really didn't dare to utter such thing in front of Huang Yueli.

But Luo Jiyun didn't bother and just told her the cause and effect.

"Divine Doctor Liu said the problem with Senior Brother's unstable soul was inborn and he could only control it, but not possibly heal it completely. So we must be extremely careful not to let it worsen. As long as his illness acts up outside of full moon's night, that would mean that his soul had weakened

again! Then the difficulty of controlling it would increase and his condition might just worsened all the way!"

The more Huang Yueli heard, the more alarmed she felt.

She pondered for a moment and suddenly stood up.

"I have to go out for a moment. The both of you stay here and take good care of Li Moying!"

The two men went into a blank, "Where are you off to? It's so late and the sky is already dark!"

Huang Yueli replied, "I think you guys don't know this. Liu Buyan is staying in seclusion nearby. From the town we are in, it only takes around ten miles of distance!"

"What? Sister-in-law, how do you know?"

Huang Yueli replied, "To tell the truth, when I was pursued a few days ago and almost lose my life, an expert saved me. Subsequently I found out that this expert is Liu Buyan! Divine Doctor Liu had kindly offered shelter to me and healed my injuries, which was why I was delayed for such a long time."

"Divine Doctor Liu saved you?" The puzzlement on Luo Jiyun's faces gradually faded away and immediately following that, he let out an overjoyed expression, "So Divine Doctor Liu was actually staying in seclusion in such a remote place. No wonder we were not able to find him these few years! That's great, let's hurry and look for him now!"

Saying that, he turned his head and said, "Sister-in-law, where does Divine Doctor Liu stay? I'll go instead, the night is so late already and a young lady like you better not be running out at this timing!"

Huang Yueli frowned and said, "No, when I left, Divine Doctor Liu had reminded me that I absolutely cannot leak out the whereabouts of his home! So I must look for him personally and moreover..... only I can go alone! All of you better stay here!"

"What? How can we do that?" Luo Jiyun subconsciously stopped her.

"That's right, Third Miss. If you go out at this timing and if anything were to happen to you, what am I supposed to tell Mater? At least, let me accompany you?" Mo Yi said.

But Huang Yueli's attitude was extremely resolute, "What? Don't all of you want Li Moying's life already? Now only Liu Buyan could possibly save him! If you follow me and anger him, then he won't help to treat your Master, then what should we do?"

Chapter 713: Today is not full moon's night (4)

Huang Yueli brought out Li Moying so Mo Yi and Luo Jiyun was rendered speechless.

No one dared to treat Li Moying's health as a joke!

So even though they were not willing to, they were forced to see Huang Yueli slipping out into the middle of the night.

Huang Yueli was not too concerned about her own safety. After all, she was not a weak young lady and without Zuo Fangping that kind of expert spying on her, normal dangers would not be able to threaten her one bit.

Very quickly, she found her way to Liu Buyan's secluded courtyard based on her memory.

In actual fact, the boundary of this courtyard was installed with several high levelled invisible arrays.

Without the lead from the courtyard's servants, it was impossible to enter the courtyard based on their own ability, or even to see such a place from the forest. From afar, one would only be able to see a serene and weird forest at where the courtyard was located.

Obviously, this was a piece of cake to Huang Yueli.

She ran like she was flying and passing several obstacles, she reached the doorway of the courtyard.

When the guard saw her, his eyes almost dropped out.

"Th... This, Miss Bai, how did you? How did you make your way here?"

Huang Yueli replied, "We can talk about this some other time. Stop fussing, is Liu Buyan in the Pill furnace room? I need to see him now, I have a very important matter!"

"Ah? But... Master he....."

Before the guard could finish talking, Huang Yueli had already went past him and directly walked in to look for Liu Buyan!

Pill furnace room, not there! Study room, not there! Pavilion, not there!

Even Liu Buyan's bedroom, Huang Yueli also didn't care to avoid suspicion and ran inside to take a look before discovering that there was no one there.

"Liu Buyan! Where did you run off to! Come out this instance!" She started yelling.

No one responded.

Huang Yueli called out yet again, "Hey Liu Buyan, Uncle Liu, Divine Doctor Liu! Where on earth are you hiding? Quickly come out! Didn't you say I can look for you anytime and you welcome me anytime? Why are you ignoring me now?"

That night, Liu Buyan held her in his embrace in an attempt to make her stay and accompany him.

However, Huang Yueli rejected him without even considering.

"Divine Doctor Liu, we already agreed on seven days' timeline, don't tell me you're not going to keep your promise and want to go back on your words? One cannot be non-genuine right?"

To be declined by a woman so directly was his first time.

Liu Buyan's face was thrown away and he was feeling upset inside.

He had finally met someone who made his heart tinker after a decade.....

Don't tell him that he had to give up so easily?

But as the Number One Divine Doctor, he was someone reputable in Soaring Heavens Continent, so he cannot just snatch a woman off the streets. Moreover he knew that such things cannot be pushed.

Liu Buyan had no choice but to fall back.

"Alright, since you've already said until like this, I won't make things difficult for you. I know you have urgent matters so you can go ahead and settle your stuff. But since we have some dealings, so in future if we do meet again, you have to treat me nicely! As for my courtyard here, I welcome you back to visit anytime!"

Based on Liu Buyan's position, to say such things to a second stage realm lass, if Huang Yueli was not going to agree, she would really not know what's good for her.

Besides that, there was no guarantee that she might require Liu Buyan's help in future.

So Huang Yueli naturally agreed good naturedly.

She had never expected that she would come and ask Liu Buyan for help so soon.

Chapter 714: Allowing you to die is too easy for you (1)

If she had knew earlier, her attitude towards Liu Buyan for the past few days would be much better.....

At this moment, the courtyard's guard had finally chased up to her and said, "Miss Bai, why are you so impatient! My Master had just left this afternoon, saying he wanted to travel around and he wouldn't be back within a short period of time!"

"He left? And it's actually during this afternoon??"

Huang Yueli blinked her eyes in shock, somewhat surprised.

Liu Buyan had just asked her last night to continue staying in this courtyard with him, which meant he didn't have any plans to travel in the short term.

But right after she had just left, Liu Buyan also left right after?

Furthermore, this was the moment when she needed Liu Buyan the most!

Was there a need to be so fraudulent?

Huang Yueli would never had thought that Liu Buyan felt that he was a failure. He finally expressed interest in a girl but was eventually rejected so he casually accepted a medical request from a large Sect and took this opportunity to divert his mind.

Since Liu Buyan wasn't around, Huang Yueli could only leave in disappointment.

.....

Just right after Huang Yueli left, Li Moying who was in the superior room in the guesthouse had slowly opened his eyes.

“Senior Brother!”

“Master!”

When they saw him wake up, both Luo Jiyun and Mo Yi were so agitated that they pounced over right away.

Li Moying blinked his eyes in bewilderedness and when he saw the two men in front of him clearly, a glint of disappointment flashed his eyes.

Before he went unconscious, he had obviously seen his Li'er appeared before him. Could it be that it was only his hallucination due to his illness acting up which clouded his consciousness?

“Li'er, she.....” he softly spat out these few words.

Mo Yi hurriedly replied, “Master, don't worry. Nothing happened to Third Miss at all. Earlier she had showed up and her condition looked rather well and she was very energetic! She was also the one who recalled your conscious, do you still remember?”

Li Moying heaved a sigh of relief. From the looks of it, it wasn't his hallucination. His Li'er had really returned in one piece! And he had embraced her tightly!

But.....

“Where is Li'er now?”

He looked around but didn't see Huang Yueli's figure anywhere. Earlier the relaxed brow started to crease again.

Mo Yi replied, “Master, Third Miss had been staying by your bedside, refusing to leave. But after that when she saw that you remained unconscious, she was so worried that she said she would invite Divine Doctor Liu to give you treatment! She had just left just an hour ago!”

Li Moying's arch eyebrows knitted together as his piercing eyes stared at Mo Yi.

Even though he had just awoken and his body was still weak, but that sharp like razor eyes still made Mo Yi break out in sweat.

“Divine Doctor Liu? Which Divine Doctor Liu? Don't tell me it's Liu Buyan?”

Mo Yi hastily nodded, “It is Mister Liu Bu Yan! Third Miss said Divine Doctor Liu was staying in seclusion nearby and the reason why she could escape unscathed was due to Divine Doctor Liu. So for your wellbeing, she had gone over to look for Divine Doctor Liu to save your life.....”

Before Mo Yi could finish his sentence, he had already saw Li Moying's expression change and as his right hand struck out, a crashing sound was heard as the flower vase by the bedside was smashed to smithereens.

Mo Yi jumped in shock as his entire face will filled with surprise!

He had thought that Li Moying would be overjoyed when he heard how concerned and worried Huang Yueli was to him. However, who knew that he would throw such a huge temper!

Chapter 715: Allowing you to die is too easy for you (2)

Li Moying's face was so black that ink almost dripped out from it.

"Do you know what time it is now? You guys actually allowed Li'er to leave the guesthouse alone to look for a male stranger?"

Oh, he was worried about Huang Yueli leaving alone and meeting with danger.....

Mo Yi relaxed slightly and hastily explained, "Master don't worry. Third Miss said Divine Doctor Liu stays nearby and moreover, Third Miss is a second stage realm practitioner. The townspeople around here are all commoners and there aren't any magical beasts in the forest so she should be safe....."

"Should, Should, SHOULD!" Li Moying furiously stopped him from continuing, "Should be safe! Li'er had gone ALONE to Liu Buyan, that pervert's home, and you call THAT safe?"

Mo Yi went into a daze and continued shortly after, "But, although Divine Doctor Liu is dissolute, but surely he's not lewd.... Moreover Third Miss said she had been staying with Divine Doctor Liu for the past few days....."

What Mo Yi meant was, if something were to happen between the both of them, it would already have happened long ago and why wait till today?

Li Moying got even angrier when he heard what Mo Yi said!

Several years ago when Liu Buyan treated him, Mo Yi and Luo Jiyun were just watching from afar and didn't know exactly what happened between him and Liu Buyan!

But Li Moying felt that Liu Buyan actually really, extremely hated him, even to the point of saying he cannot hate him enough!

During the treatment process, Liu Buyan intentionally tortured him, thinking of different ways to torment him, making him feel that death is better than life!

Li Moying really didn't understand what he did to offend this Number One Divine Doctor whose name was famous in the entire Soaring Heavens Continent, but he didn't feel fear!

That year he was still very weak. Since Liu Buyan dared to offend him in this way, he would remember this debt and sooner or later he would become stronger! Just a Liu Buyan was not enough to become an obstacle in his pathway to advancement!

Actually, Li Moying totally couldn't understand why since Li Buyan hated him so much and so obviously, in terms of words, action or even the treatment process, he had hardly refrained from showing his hatred, but he was still unwilling to let him die. Instead he was trying ways and means to save him!

Li Moying knew that in order to dispense pills to curb his rare and exotic illness, the amount of effort and finances that were required to be put into this was imaginable. Even the Sect which he was in were to give up everything they had, they would still be unable to take it!

But Liu Buyan insisted on saving him.

Even though he had used various ways to torment him during the treatment process, but eventually Liu Buyan still managed to refine the pills.

Moreover, he didn't accept any treatment fee!

Subsequently when Liu Buyan was about to leave, Li Moying asked him this personally.

"Since you hate me so much, why did you save me?"

Liu Buyan couldn't be bothered to show the hatred he had and replied icily, "Because only when you continue living then would you ever recall one day the wrongdoing that you did! You being alive, would be able to accept the punishment! If you died, won't it be too easy for you? Moreover, only when you're alive then can I prove that I'm stronger than you!"

Li Moying was puzzled as Liu Buyan continued, "Remember, I saved your life so only I can kill you! Don't be so weak like a dog and before you even advance to the ninth stage realm, you're already killed by those trash! Don't make me despise you further!"

After finishing these absurd words, Liu Buyan left.

Chapter 716: Allowing you to die is too easy for you (3)

Li Moying had thought about this matter after the incident but since he had no answer to it, he put it aside.

Anyway, Liu Buyan was known to be weird and didn't his best buddy, the Number One expert, Mu Chengying also fallen out with him?

Liu Buyan didn't seem to have any friends and was alone by himself so whatever weird stuff he came up with didn't seem so weird after all.

But after this matter, Li Moying's disgust towards Liu Buyan had risen to the peak!

For the first time in his life, Li Moying felt that he was unable to resist against such a tremendous pressure in front of Liu Buyan and he was the first to say that he despised him!

Other than this, Li Moying could also clearly felt that there was a sense of repellent in his bones against Liu Buyan.

As for now, he heard that his beloved Li'er had actually stayed together with the man he hated for so many days, heavens knew what happened between these two?

Now his woman went to beg Liu Buyan to save him?

He rather die than beg Liu Buyan, and he wouldn't want his woman to beg him!

Thinking of this, Li Moying dragged his weak body and sat up, trying to get off the bed.

Luo Jiyun had a big fright and hurriedly rushed forward to hold him down.

“Senior Brother, your body is still very weak, what are you trying to do? Are you trying to get something? Can you don’t move, stop moving alright? Whatever you need, just tell me and I’ll get it for you?”

Mo Yi wiped off the sweat on his forehead and said, “Master, I’ve overlooked and allowed Third Miss to go out on her own. But I’ve sent some people to patrol the area near the forest to wait for Third Miss. I will now go personally and look for her, so please don’t worry.....”

“Look for her? Are you sure you guys can find her?” Li Moying sneered.

On a casual note, would an expert on a different notch like Liu Buyan’s home be easily found? Unless it was a seventh rank array master, otherwise one would probably not even be able to find Liu Buyan’s main door!

He pushed aside Mo Yi and Luo Jiyun, not bothering about putting on his shoes and rushed outwards.

“Senior Brother, no!”

Li Moying’s figure went by in a flash and reached the ground floor, subsequently he flew at a great speed towards the direction of the forest.

Luo Jiyun and Mo Yi chased after him with their might but were not able to keep up with him.

In the night, they saw Li Moying’s demonic-style silhouette, almost not able to see him clearly.

“Whoa, isn’t Senior Brother seriously injured? Why is his speed still so fast! Wasn’t he in a critical stage this time?” Luo Jiyun was dumbstruck.

Mo Yi’s face was filled with astonishment as well, “That’s weird. The time Master took to wake up this time had relatively shortened and is really abnormal.... Speaking of this, the previous time in the Dark Moon Forest, Master awoke rather soon too and subsequently his recovery was also very fast. Why was these two times.....”

The both of them exchanged glances and suddenly shouted “Ah” together.

They recalled at the same moment. In the last two times, Li Moying had not lost consciousness because of the depletion of his Profound Energy but.... under Huang Yueli’s assistance, he had controlled his illness in the middle of it, and subsequently he went limb from then on.....

Could there be some connection somewhere?

Before they could complete their thoughts, a petite figure appeared in front of them.

In the darkness, her baby pink dress was especially eye catching and her appearance attracted their attention instantly.

“Li’er!”

Li Moying’s surprised voice sounded.

He jogged a few steps beside Huang Yueli and carried her up.

Chapter 717: Allowing you to die is too easy for you (4)

Huang Yueli was walking alone in the middle of the night and from afar, she could sense a strong energy speeding towards her direction.

She had been anxious initially and armed herself.

But after she heard Li Moying's voice, she relaxed herself.

The man's familiar breathe was blown by her ear, firm yet gently cradling her, making her night of uneasiness come to an end.

Recalling the things that this man had done for her, Huang Yueli's heart turned soft.

She stretched out her hand over to Li Moying's waist and hugged him back tightly.

No matter how much worries or how much hesitation she had, at this moment, she simply didn't care about it. She only knew she must hug him tightly and feel his body warmth to tell herself....

He was still well and right beside her!

As for Li Moying, his feelings were exactly the same.

The two people hugged tightly together and it was after some time before Huang Yueli came to her senses.

She gently pushed Li Moying's chest and said, "When did you awaken? Why didn't you rest in the room, but run out in the middle of the night? If you catch a cold and your injuries worsened, what should we do?"

Li Moying listened to her soft and gentle vocals and almost shed tears on the spot!

After so many days of uncertainty and unrest.... finally, finally, heavens gave him his best return, his Li'er was alive and in his embrace!

What's more, she was so beautiful and cute, and so sweet.....

Li Moying took a deep breath and answered in a low voice, "You're not around so I didn't have the mood to rest. I kept dreaming that you were pursued by assassins, bitten by magical beasts, so I couldn't sleep at all. When I awoke I didn't see you so I thought that I was hallucinating when I saw you earlier....."

Huang Yueli heard what he said and her heart ached immediately.

She hurriedly held his hand and said, "What nonsense are you sprouting, how can I be a hallucination! Don't you see me jumping around energetically? Alright, it's my fault, I shouldn't have left halfway! Let's hurry back and this time, let me accompany you and not leave you for even one step. Sleep well, alright?"

Li Moying looked at her for some time and when he saw her clear eyes which showed her anxiety and heartache, he nodded.

"Okay."

The few of them returned to the guesthouse and Huang Yueli discovered that Li Moying's room had been changed.

She said astonishingly, "That's weird..."

Mo Yi saw her hesitation and was worried that she might say something which might infuriate Li Moying so he quickly pushed the both of them into the room and said, "Master, Third Miss, have a good rest. I'll leave my leave now!"

Finishing his sentence, he closed the door and slipped away quickly.

Since Third Miss was around, she could settle his Master, who didn't recognise anyone when his illness acted up, then this surely would be chicken feet for her so he might as well not stay and find trouble for himself.

The room was left with Li Moying and Huang Yueli.

Li Moying wanted to say something but when he turned around, Huang Yueli's delicate and pale complexion face expressed obvious signs of tiredness. That usually bright, adorable eyes seemed listless.

His heart ached for a while, not knowing what to say.

His Li'er was actually worried for him!

Huang Yueli passed by him and with quick steps, she flipped the blanket aside and supported him.

"Quickly lie down! It's already the fourth night watch period, so if you don't rest, dawn will break very soon!"

Chapter 718: Let's sleep together (1)

Li Moying seized the opportunity and laid on the bed while nudging aside, leaving the space beside him empty and made an anticipative expression at Huang Yueli.

"Li'er, come and accompany me."

Huang Yueli's face turned black as she replied, "What are you thinking about? I'm warning you, don't you dare have awry thoughts!"

Li Moying broke out into a smile as the corners of his lips curled upwards, displaying an evil smile.

"Who's the one having awry thoughts? Have I done anything to you that I shouldn't? I only felt that you look tired and wanted you to rest here with me. How about you? Why is your face so red? What were you thinking about?"

Huang Yueli was stifled by his words and was left speechless.

Li Moying turned sideways slightly. His clothes were slightly disarrayed as his firm, sexy chest was exposed. A few drops of sweat dripped down along his vein lines on that jade white skin.

Huang Yueli's vision uncontrollably attracted by the movement of the sweat bead and it was until it disappeared and was absorbed into his clothes before she suddenly came back to her senses.

She raised her head and as expected, she met with Li Moying's mocking glance.

"Li'er, what are you looking at? Your glance is so lewd, don't tell me you have ulterior motives towards me? If you still haven't seen enough, why not I take off this shirt! Otherwise your disappointed look really make me unable to bear it...."

"No need, I'm not disappointed at all! No need, there's really no need. Hey, you're not allowed to strip!"

Huang Yueli couldn't help but started screeching.

But Li Moying continued to tug at his waist belt and taking off his shirt, he threw it onto the ground.

"What are you doing!" Huang Yueli felt her face was almost bursting into fumes as her eyes did not dare to roam freely.

"Li'er, your face is really red....." Li Moying chuckled with a low tone, bearing deep seduction in his voice.

Huang Yueli felt the burning heat on her face and kept reminding herself to remain calm, must remain calm, however.... It yielded little results.

Heavens, why was she so abnormal? Why did her face flush red?

In her previous life, it wasn't just one or two times having seen a naked man's body, so she had never given it another thought.

After all, when a practitioner cultivated, there was bound to be some kind of injury or the likes, so the situation of shedding the clothes were a common scene and she was not some pure, innocent young lady, so what was the fuss about?

But today, she was totally unable to control her tendency to blush.....

Huang Yueli patted her face as she tried to find a reason.

"This... today's weather is really warm. This room's ventilation is not good at all, it's so stuffy! I... I'll go open up the window to get some fresh air.... Ah~~~!"

As she was saying that, she turned around and wanted to walk away but was pulled by back Li Moying's suddenly grab on her wrist as she fell onto the bed.

Huang Yueli was caught unaware and as her feet was unsteady, she fell backwards.

Just nice, she fell onto Li Moying's body and couldn't help but made a dull moan.

She moved her body wanting to stand up. While using her palm to support herself, she didn't feel the mattress cover but instead her hands touched a piece of warm, smooth skin.

She withdrew her hand subconsciously but fell down once again.

Li Moying took advantage of the situation and held on to her waist as he took her entirely into his embrace.

Huang Yueli's expression turned ugly as she pushed him away, "Li Moying, let me go! You're a ruffian, daring to tease a gentlewoman! Y... Yo... You..... you're too shameless!"

Chapter 719: Let's sleep together (2)

Li Moying couldn't help but burst out into laughter.

"What did you say? You're some gentlewoman? Obviously a ruthless little fox? Yet still dare to pretend to be a little rabbit? Moreover, I'm hugging my fiancée, it's entirely justified, so in what way am I shameless?"

"I never admitted that I'm your fiancée, so don't you..... wuu~~ En en!!"

Huang Yueli's utterly discomfited voice was pushed back once again by that man's cold lips.

Li Moying sealed her lips tightly, gently caressing it. It was a gentle and light kiss and not long after, he raised his head.

Huang Yueli's eyes were opened wide staring fiercely at him.

Li Moying saw what she was doing as he laughed, "Li'er, your mouth is pouted so high that it can practically hang a bottle of oil!"

"You.... shameless!"

Huang Yueli felt that she hadn't suffered such indignance for a very long time!

This man's skin was thicker than hers, his cultivation was higher than hers and yet he stuck to her like chewing gum, totally unable to shake him off. If given just a little sunlight, he would shine brightly!

Unfortunately, Huang Yueli couldn't bear to deal a vicious hand on him, because whenever she thought of how he gave her his everything, she would recall how Mu Chengying from her previous life had also come from afar to save her.....

Moreover, this man was nursing some serious internal injury, not knowing when he would get slightly better.

So although she had thousands of ways but in front of him, she was unable to use it.....

Huang Yueli's twisted expression had fallen into the man's eyes.

Li Moying secretly curled his lips as he expressed a contented smile, like a cat which successfully stolen a fish.

He had finally understood that although Huang Yueli talked tough at times and would resist every time he kissed her but ultimately, she had never really dealt him with any vicious hand, so her heart really couldn't bear to do it!

Recalling those people who couldn't get her, like the Crown Prince and others, they had only spoke impolitely to her and they were already schemed until they almost died.

Towards his little fox, he was much closer than them. But it seemed that she had not tormented him at all.

When Li Moying thought of all these, his smile grew wider.

Anyway, this little fox didn't mean what she said and since he was already clear on this, that would mean that he wouldn't be giving her any chance to back down.

Although her mouth kept saying she don't like him, not willing to and whatever relationship they had, but as long as this little thing didn't reject him, he would continue to pursue her endlessly!

Anyway, as a practitioner, they would have a long time to tangle with each other and sooner or later, this little fox would willingly agree to be his woman!

Li Moying caught hold of Huang Yueli's resisting little hand and called out lightly, "Alright, alright, stop making a scene ok! I'm really tired, didn't you see me passing out earlier? You're still bullying me here....."

"Who... Who bullied you? It was obviously you....."

Huang Yueli became gloomy.

Li Moying laughed, "Alright, alright, it's all my fault! Can we rest now? If we still don't rest, it will be dawn soon....."

Saying that, he went nearer and gave a gentle peck on Huang Yueli's fair and bright forehead.

"Good night, Li'er!"

The man's deep magnetic voice was heard by her ear, the scorching warm breathe and the light kiss in the dark and misty room was so ambiguous, so.... enchanting.

In that instance, Huang Yueli suddenly felt peaceful as though her heart had finally find a harbour to park, her body completely relaxed.

Chapter 720: Let's sleep together (3)

This night, Huang Yueli slept very well all the way till sun was already shining brightly before she finally awoke.

Moreover.... She was woken up by the heat.

The minute she opened her eyes, a magnified handsome face appeared right before her eyes, almost making her break out into cold sweat!

But immediately following that, she remembered what happened and discovered that she and Li Moying's bodies were entwined together and that man's arm acted as a pillow under her head for an entire night, not knowing if it had turned numbed.....

Huang Yueli immediately pushed him and prepared to get up.

Who knew, Li Moying's throat raised out some blurred murmurs and as his arm tightened, he brought her into his embrace once again as his head rubbed against her neck, tickling her.

"Li Moying! Let go of me! I want to get up!" Huang Yueli whispered.

Li Moying murmured, "Sleep a little while more, I'm dead beat these few days...."

"Then you can continue sleeping, let me get up first...."

"I don't want to, I want to hug you while sleeping."

When Li Moying said these, his reply was fast and smooth. He didn't seem like he was that tired after all.

Finishing what he said, he had no qualms about continuing to hug his "extra large little fox bolster" as he rubbed and smelled her and continued to sleep!

Huang Yueli grew gloomy and pushed him a few times but this man was really powerful as his body was like a steel wall, not shakeable by that little bit of energy by hers!

Huang Yueli's movements became bigger and this man lost his patience as he tangled himself onto her. His long and powerful thighs clamped her legs rendering her immovable.

Suddenly, Huang Yueli stopped moving as her face blushed a tinge of pink, as though her acupoints had been immobilised.

The reason was because when Li Moying clamped her from behind, she sensitively felt something was pressed against her.....

Surely it wasn't..... it wasn't 'that' thing, right? F***!

Huang Yueli felt sick all of a sudden, only wishing to give this man a flying kick on the spot!

Unfortunately, even though she struggled for very long, she only felt the feeling of being pressed against getting more and more obvious.....

Moreover, Li Moying was obviously in a semi-conscious state, not knowing what unhealthy dream he was having. Besides his hug becoming tighter and tighter, he also started to rub against her body.

Huang Yueli pushed him with her blushing face for a while before an idea finally came to her mind. She whispered beside his ear, "Li Moying, quickly let me wake up, I'll go make breakfast for you!"

"Breakfast?" Li Moying muddle-headedly heard the keyword.

"En En! My cooking skills are not bad, haven't you tried it the other time previously?"

Li Moying recalled the time when he tried this little fox's cooking when they left the Dark Moon Forest on the flying ship, that delicious taste.... Was the best he had ever tried in his entire life!

Moreover, just thinking about his little wife busying herself in the kitchen to cook for him made his heart warm up.

Li Moying finally released the grip from his arm.

The little lass in his embrace immediately went down the bed and like a wisp of smoke, she ran out of the room.

What a joke, if she were to continue staying here, she was worried that she would not be able to protect her own chastity!

Just how did she get smitten by this man yesterday and actually agreed to sleep on the same bed?

Although... although nothing happened between them, but.... it was still a disgraceful thing!

What's more, from other people's view, they were fiancé and fiancée and since they were sleeping together, they would definitely assume that they had some kind of relation, so even if she were to jump into the Yellow River, she would not be able to clear up this rumor!
