

Weaponsmith 721

Chapter 721: Let's sleep together (4)

Truth had proven itself, Huang Yueli's worries were not superfluous.

Huang Yueli was in the guesthouse's kitchen and spend an amount of effort to simmer a bowl of porridge and prepared a few varieties of snacks.

When she carried the serving tray into the room, Luo Jiyun and Mo Yi were already seated beside the table as a strange smile hung on their faces as they fixed their gazes on her.

Huang Yueli frowned as she turned to look at Li Moying and found that he had fallen asleep again. The greenish dark colour under his eyes had lightened slightly but had not completely faded. Apparently... These few hours of sleep was not enough to offset that amount of time he had spend previously.

Huang Yueli didn't wake him but left the serving plate on the table.

When she walked near, Luo Jiyun couldn't help but got closer with a gleeful expression.

"Sister-in-law, was it tiring for you to take care of Senior Brother yesterday?"

"It was ok, not tiring at all. He's tired so when he returned to the room, he fell asleep immediately."
Huang Yueli replied calmly.

Luo Jiyun blinked his eyes, apparently not believing her words, "Really? Sister-in-law, but when Brother Mo Yi and I came in earlier, we saw Senior Brother's clothes and waist belt were all thrown onto the ground... and he was sleeping in the inner corner. The outer side of the bed seemed to have been slept by someone....."

Even under Luo Jiyun's curious gaze, Huang Yueli still remained extremely calm.

She breezily threw Luo Jiyun a glance as her tone was exceptionally peaceful.

"Oh, about this, I got slightly tired taking care of him last night so I leaned against the bedside to rest a little while. Don't I have the right to take a little rest? There's just one bed here, if I'm not going to lean on the bed, where can I lie? As for the clothes, if you're going to sleep, isn't it natural to take off your clothes? Don't tell me when you guys sleep, you still wear your outer clothes? There's no pyjamas to change into here. Moreover, Li Moying had got into a battle when he went out last night, so his clothes were already dirty beyond words. Later please bring it out to wash, and make sure it's washed cleanly!"

Saying that, she easily overthrew all the suspicions that Luo Jiyun brought out.

Moreover, she had started ordering them to work!

Luo Jiyun's eyes widened as he turned tongue tied. He thought he had finally found an opportunity to tease his Sister-in-law but in the end.... it seemed like he was the idiot!

That's right, you must sleep since you're tired and of course, sleeping should be on the only bed. The clothes were too dirty so naturally you must take them off when you're going to sleep!

All too normal, extremely normal!

Mo Yi saw Luo Jiyun's dejected expression and shook his head.

Young Master Luo was still too young... He didn't know this Sister-in-law of his was as hard to deal with as his Senior Brother, so he wanted to tease her? It was an impossible thing to do!

Huang Yueli pulled a chair and sat opposite the both of them.

"Alright, stop the nonsense. I have something important to tell you guys."

"What's the matter?"

"Third Miss, please feel free to say it!"

The two of them hurriedly replied.

Huang Yueli continued, "Yesterday I had originally intended to ask Liu Buyan to do a medical consultation for Li Moying but in the end, it was such coincidence. I left the previous night and yesterday morning, Liu Buyan had went out for an outpatient visit so I had made a wasted trip! Moreover, I have no idea when he will be back!"

Luo Jiyun and Mo Yi looked at each other and recalled what Li Moying had told them yesterday when he heard Huang Yueli had gone to look for Liu Buyan, as well as the violent rage that he had expressed.

Chapter 722: Li Moying is jealous (1)

Although he didn't understand why Li Moying was so upset, but after consideration, Mo Yi felt he was obligated to remind Huang Yueli about this.

"Third Miss, actually.... after you left yesterday, Master awoke and when he didn't see you, he seemed very angry."

"Really?" Huang Yueli didn't think anything was amiss and said dismissively, "Of course I'd like to stay by his side to accompany him and wait for him to wake up! But it's simply too dangerous for his illness to act up like that anytime, so if I didn't get Divine Doctor Liu to come over and check on him, how will I be rest assured?"

Mo Yi realised that she didn't understand what he meant so he tried to make his meaning clearer.

"Third Miss, I feel that my Master don't seem to like Divine Doctor Liu very much....."

Huang Yueli suddenly went into a blank.

"Really? Why is that so? Divine Doctor Liu's medical skill is indeed matchless in the whole world! Moreover, he had treated Li Moying previously. Even the medicinal pills that were used to suppress his illness were refined by Liu Buyan, so he would surely understand what's going on with his condition. It would surely be of help if we invited Divine Doctor Liu to come over and take a look."

“This... I understand, but Master he.....”

Mo Yi wiped the sweat off his forehead, not knowing how to explain.

Third Miss didn't seem like she understood his hint, not realising that Li Moying was jealous just because she and Liu Buyan stayed together for a couple of days!

He was slightly glad that Liu Buyan had been out for an outpatient visit and Huang Yueli had not found him. Otherwise if the both of them were to appear in front of Li Moying, plus the fact that Liu Buyan and Li Moying found each other disagreeable.....

Heavens knew what kind of disaster would have happened last night?

Huang Yueli continued, “Sigh, I say, your Master is already a grown man, don't tell me he's afraid of seeing a doctor? But for this illness that he was born with, if he didn't listen to the doctor's advice, it was impossible for him to recover by himself, so how can he hide a sickness for fear of treatment!”

Luo Jiyun saw that Mo Yi couldn't bring himself to ask the question, so he simply popped the question by himself.

“Sister-in-law, I'm very curious, why did Divine Doctor Liu save you? Isn't he rumoured to have an aloof character and a typical not caring about other people's affairs or lifting a finger to save someone in mortal danger? Unless... Ughh, unless the other party is a beauty, otherwise he would never stick his nose to save that person!”

Huang Yueli rolled her eyes at him and said, “What do you mean? You think I'm not a beauty?”

Although this body indeed differed from her previous life, but she discovered that as her cultivation gradually grew, her looks in turned also became prettier. She thought that this body's looks seemed to be sealed by the Flame Spirit Physique and as it was unsealed, it would turned prettier bit by bit.

In actual fact, she was already rather pretty even though she was in the second stage realm.

In the past, her cousin Bai Ruo Qi was named as South Yue Kingdom's Number One Beauty but yet she was incomparable to her now.

Luo Jiyun hastily replied, “Of course not! Sister-in-law, you're pure and delicate, of course you're a beauty, big beauty! But that... I heard Liu Buyan was a Casanova and every time he saved beauties, he didn't have any good intentions and would make them accompany him for a period of time.....”

Huang Yueli said, “That is a misunderstanding! Liu Buyan is not what you guys think! Although he really had a lousy temperament, but his character isn't that bad. He had indeed made me accompany him for seven days and seven nights, and wanted me to listen to all his commands with no resistance, but.....”

“What? Liu Buyan that ba**ard! He really did that to you...”

Huang Yueli had yet to finish her sentence when she suddenly heard Li Moying's flustered and exasperated voice from the bed.

Chapter 723: Li Moying is jealous (2)

Huang Yueli was shocked and she turned around and saw Li Moying wearing only a pair of pants, his upper body was still naked as he jumped down from the bed and walked towards her with a furious face.

Huang Yueli cried out in joy, "Li Moying, you're awake! Do you feel uncomfortable anywhere? I've made for you....."

Li Moying suddenly pulled Huang Yueli's wrist as he pulled her into his embrace and lowered his head. His peerlessly handsome face gradually pushed nearer to her as the tip of their noses touched.

The anger on Li Moying's face was obvious as the strength that was grabbing Huang Yueli's slender waist was rather forceful.

"Li'er, you really agreed to Liu Buyan's request? That pervert wanted you to listen to all his commands and made you accompany him for seven days and seven nights?"

Huang Yueli's eyes grew wide as she couldn't understand what was wrong with the man in front of her eyes and blinked.

"That's right, I did agree to his demands but....."

"That bastard!"

Li Moying was so angry that he wanted to flip the table but when he saw the breakfast that Huang Yueli had made and left on the table, he hesitated and not bearing to spoil it, he turned around as he sent a stool flying.

"Hey, wh... what possessed you?" The corners of Huang Yueli's lips twitched.

Li Moying held her shoulders and glared at her, clenching his teeth as he hisses, "I know, the reason you agreed to his demands was to save your own life! It's all my fault, I wasn't able to protect you so for you to make such a decision, I... am not in any stand to say anything! But don't meet with Liu Buyan ever again, for ever and ever! Even if I were to die tomorrow, you're not allowed to go and beg him!"

Huang Yueli blinked her large eyes as her face had a puzzled look.

"Did you hear me? You're my fiancée!" Li Moying saw that she didn't give any reaction and continued to ask her pressuringly.

Huang Yueli blinked her eyes again, seemingly starting to come around.

"Li Moying, are you jealous? I tell you, nothing happened between me and Liu Buyan. We were only....."

"I don't want to hear this!" Li Moying resolutely cut her off!

"Don't be jealous!"

"I'm not jealous!"

"You are jealous!"

"Which eye did you see me jealous?" Li Moying stared at her while shamed into anger.

"I saw with both of my eyes!" Huang Yueli looked at his tightened jawline, that unyielding expression made her burst out laughing.

This round, Li Moying was really furious!

"You still dare to laugh!"

Huang Yueli saw that he was really so angry to the point of fainting and hastily continued, "Alright, I'll stop laughing, stop laughing, okay? Can you listen to me finish my sentence?"

"I don't want to hear!" Li Moying replied resolutely.

Huang Yueli pouted and said, "Alright, forget it if you don't want to hear! Then I'm leaving! Anyway you don't believe me and feel that I've been tainted by other men, so I'll get lost myself and you can stop getting involved with me! The food I made, I think you'd probably not have any mood to eat as well so I'll bring it along with me!"

Saying that, she took the serving plate on the table and turned towards the door.

However, before she could even touch the door, her pathway was blocked by someone.

Li Moying's speed was extremely fast and within a split second, he blocked the exit.

Huang Yueli cried out, "Go away!"

Li Moying crossed his arms and with an angry face, he stared at the lass who made him love and hate her!

"Who said you can take the breakfast away? You obviously said earlier that it's made for me."

Huang Yueli stared at him, "Anyway you don't want to eat it. I saw a little dog at the doorway so I'm going to feed it!"

Chapter 724: Li Moying is jealous (3)

"You dare??"

Li Moying was going to be angered to death by this lass!

She actually stayed together with the person he hated the most for seven days and nights, and Liu Buyan actually made her 'listen to all his demands'!

Listen-To-All-His-Demands!

What on earth was that? This little fox had never listened to his demands at all, why must she listen to that hateful fellow's demands? What kinda fellow was Liu Buyan!

The most undue thing was this lass had already treated him unfairly, threw her temper at him and wanted to feed his breakfast to a dog! Could it be that in her heart, he was not even comparable to a dog?

Li Moying's face turned so black that ink could drip from it as he had already swallowed several jars of matured vinegar silently!

Not only was he jealous of Liu Buyan, he was also jealous.... of that stinking dog!

But even though he was feeling sour inside, he refused to admit it. He pulled a long face and with a strong attitude, he said, "You had already given me this breakfast so you cannot take it away! You're not allowed to leave here as well!"

Saying that, he turned around and commanded, "Mo Yi, go chop that dog up at the entrance of the door and make it into hot pot!"

"Hey..... YOU!" Huang Yueli turned anxious, "That's just a puppy that's just born! How can you be so heartless with no compassion at all?"

Li Moying raised his chin and looked down at her, "I'm that ruthless but compared to Liu Buyan who has a dagger hidden in his smiles, I'm way better than him!"

"You..." Huang Yueli didn't know if she should cry or laugh.

He still remembered Liu Buyan's matter! Did he need to be so petty?

She was distracted for a moment when Li Moying took the opportunity to hold on to her slender waist with one hand, and using the other to throw the serving plate with just enough strength, landing it onto the table without spilling even a drop of the porridge.

Huang Yueli's wrists were held tightly by that man and pressed against the wall as both her hands were pressed on top of her head.

"Li Moying, what are you trying to do? Let me go! Mo Yi and Junior Brother Luo are still here!" Huang Yueli didn't expect him to make a move once they didn't agree on a point, but she wasn't able to avoid him, so she could only call out while struggling.

Li Moying's eyebrows lifted and that swift and fierce phoenix eyes raised slightly, bearing a slightly evil expression as he got closer to Huang Yueli.

That pressurizing handsome looks was so near that Huang Yueli could see clearly how long and curly his eyelashes were, as though two little fans, making even her, a woman, jealous of it.

"Li'er..." Li Moying mumbled softly, his tone deep with a tinge of huskiness from being awoken not too long ago.

Huang Yueli's heart skipped a beat as her eyes widened and stared blankly at that peerlessly handsome man.

"Li'er, do you mean if Mo Yi and Luo Jiyun were not here, then I will be able to hug you freely?" Li Moying laughed, "This is easy, I'll make them go away! You two fellows, what are you preparing to peep at by continuing to stay here? Haven't you seen a couple quarrel before?"

Luo Jiyun and Mo Yi had originally opened their eyes wide, looking at the show with keen interest pleasure!

An emotionless and cool man like Li Moying was actually jealous! This was a show which would only be seen in a hundred years so how could they miss it?

Moreover, Li Moying's jealousy made him look really childish! It was unimaginable on how stern and overbearing this man usually was.....

Just as they were absorbed into the scene, they suddenly heard Li Moying say such a sentence.

Chapter 725: Li Moying is jealous (4)

Both of them were alert and immediately stood up.

"Senior Brother, we were about to leave, leaving now!"

"I was worried about Master and Third Miss' safety, we.... This.... we're leaving now!"

Seeing these two traitors ignoring her call for help and preparing to run off without any loyalty, Huang Yueli's eyes almost popped out from staring at them.

Damn, I usually treated you guys pretty well! How could you yield to the evil forces' powerful lust? It was really a waste for me to treat you guys so well!

Just at this moment, Li Moying opened his mouth yet again, "That's right, that dog at the entrance....."

"Don't you dare..... wuuuu!"

Huang Yueli was about to start berating him but instead her lips were pressed against by Li Moying's perfectly shaped thin lips who was stooping right above her, pushing her last words back.

This time, there were no obstructions as his tongue tip dove straight in and invaded her mouth, absorbing her fragrance.

Luo Jiyun couldn't help but blew a whistle and pulling Mo Yi, the both of them quickly ran away.

Whatever dog, he could pretend that he didn't hear anything but Li Moying wanted him to get lost, he didn't dare not listen!

Instinct told him that if he continued to stay here and be a spectator, perhaps he would die an unsightly manner!

After the both of them left, Li Moying didn't had anymore reservations and pressed Huang Yueli against the wall, waywardly kissing her till he had enough.

Huang Yueli wanted to say no but under this overbearing yet sexy man's breath invasion, her brain turned into glue and gradually gave up resisting as she laid gently into the man's embrace.

After a long time, Li Moying finally let her off but one hand was still locked onto her wrist while the other hand's thumb gently brushed past her swollen lips from the kissing, causing a slightly prickling sensation.

"Li'er, you're mine! Promise me..... don't meet with Liu Buyan ever again!"

Li Moying gritted his teeth as he said these by her ear.

Huang Yueli had originally become dizzy from the kiss but upon hearing these, she suddenly awoken from her stupor.

She quickly pushed Li Moying aside and retorted angrily, "Li Moying, haven't I told you this? Nothing happened between me and Liu Buyan! He didn't raise any demanding requests! He only... made me dress up as the girl that he liked and accompany him to have his meals or have a conversation. Perhaps I resembled a little to the girl that he liked?"

She was afraid that Li Moying would stop her from talking so she could only explain quickly.

Li Moying originally bore a ugly expression and prepared to continue his "fiancée lecture" but when he heard her last sentence, he blinked unexpectedly.

"Liu Buyan has someone that he likes? How come I have never heard of this?"

"You're a nobody to him, so why should he tell you?" Huang Yueli rolled her eyes at him.

Upon hearing that, Li Moying grew unhappy again, "Then who are you to him? Why did he tell you?"

Looking at that gloomy handsome face, Huang Yueli knew that this man was jealous again.

Why on heavens was there such a man who was so easily jealous? His tolerance was as small as a tip of a needle hole!

Although she thought in this way, Huang Yueli felt her feelings lifted and couldn't help but laughed out.

"You still dare to laugh! The minute you hear about Liu Buyan, you smile. Don't tell me you two really....."

Huang Yueli hastily explained, "What rubbish are you thinking about? Do I even need him to tell me this kind of thing, I can observe it for myself! He obviously has a girl who he likes but he don't dare to confess, so he made me dress up like her! We really only ate together....."

Chapter 726: More and more exploitive (1)

"Hey, you're not allowed to be angry anymore! If you show me that face again, beware that I will ignore you!" Huang Yueli's chin raised showing an unyielding expression.

Li Moying wasn't feeling especially happy. His little fox.... Even if it was to have a meal with another man, he was upset! That was his exclusive privilege! Who did Liu Buyan thought he was!!

His Li'er had better only eat with him!

But he also knew that if he pushed her too hard, perhaps Huang Yueli might rebound. He liked that this little fox was not a woman who would bend to another's will.

So he could only suppress his unwillingness down.

“Alright, alright, I’ll stop making wild guesses and believe the both of you! But you two are not allowed to meet again and you cannot go and look for Liu Buyan!”

“Hey, can you be more reasonable? Don’t you know that only Liu Buyan could possibly cure you? Don’t tell me you want to die!”

“Even if I die, I don’t need him to save me! Otherwise heavens knows what demands he would ask from you again? This time he didn’t make any demanding requests but what about next time?” Li Moying said discontentedly.

Huang Yueli was defeated by him!

This man... usually he was so strong and incisive, but when he really became jealous, he was even more childish than a three year old child!

At least even a three year old child would be able to tell that saving his life was more important than being jealous!

Moreover, Liu Buyan had not done anything to her.... the only thing was his words were slightly infuriating, and she had already fought back against him!

Li Moying saw her hesitation and with an ugly expression, he drew near again, “What’s your reply? If you dare to say no, I’ll continue to kiss you until you agree!”

The man’s warm breath breezed against her ears, as though he could turn his head and pressing her into his embrace wilfully being frivolous.

Huang Yueli knew.... That he really dared to!

She could only reply, “Alright, alright, I agree to it. I won’t go and find Liu Buyan again! Surely you can rest assured now right!”

Anyway, she didn’t need to look for him herself. She can send someone to look for him, and by the time Liu Buyan arrived, it was unavoidable that the both of them had to meet.

It was not that she really liked Liu Buyan and wanted to get tangled with him but Li Moying’s illness was rumoured to have worsened so if Liu Buyan didn’t take a look, she really could not set her heart at ease so it was impossible that she don’t meet with Liu Buyan.

However, saying these out would only make Li Moying fly into a fit of jealousy so it’s best that she keep mum about it.

By then, just do it directly!

Li Moying looked at her suspiciously, “You simply agreed to it?”

Huang Yueli replied in dissatisfaction, “What do you mean? Don’t agree, you get angry. I agree and you don’t believe me! Just tell me what you want me to do!”

Li Moying stared at her for a while and his face gradually exposed a smile.

“Humpf, since you listen to me, to reward you, let’s....”

He closed in on her again as his thin lips drew nearer to her.

Huang Yueli's actions was pretty fast as she put her little hand on his mouth with a "Pa" sound.

Li Moying's face turned black once more.

Huang Yueli beamed at him and said, "Ah, I almost forgot, you haven't eaten the breakfast that I made for you! It's turned cold.... If you're not going to eat it, the porridge is going to turn sticky and it won't be nice at all!"

Li Moying hesitated for a moment and his dark black, deep pupils shone as though he was considering if he should eat his breakfast first or eat his little fox first?

In the end, he decided to eat his breakfast first!

After he had his fill, he would have enough energy to slowly devour his little fox.

Chapter 727: More and more exploitive (2)

Li Moying let Huang Yueli off and sat down by the table.

On the serving plate laid a bowl of specially boiled minced meat egg porridge and four different snacks – jujube paste cake, crystal prawn dumpling, spring rolls stuffed with three delicacies and small steamed bun.

An aromatic fragrance whiffed out and just based on the smell, it made one hungry.

Li Moying instantly felt hungry and he lifted his chopsticks as he started eating the food in large mouthfuls.

As he ate, he didn't forget to praise Huang Yueli's cooking skills, "Li'er, the food you made are simply too delicious! I've never eaten something so delicious before. Why don't we get married officially tomorrow so that you can go back with me and cook for me every day!"

Huang Yueli pouted and replied, "Fat hope! Who wants to marry you? Moreover, even if I do get married, don't expect me to stay at home to cook and take care of the kids! Today you're a casualty so I'll make it an exception to cook for you, alright? Don't dream about making me cook every day!"

Li Moying was berated but his lips curled upwards revealing a smile, "Okay, okay, I said the wrong thing. My Li'er's fingers are so pretty and slender, it's not for cooking. If your hands were to become rough from cooking daily, my heart will break....."

Huang Yueli was disgusted by his mushy words and was preparing to rebuke him.

At this moment, someone knocked on the door.

"Bam bam bam!"

"Who is it? Come on it!" Their private time was disturbed and Li Moying's expression turned for the worse as he called out in a bad mood.

The person knocking on the door stopped for a moment, probably frightened by Li Moying's fierce tone. After a while, Luo Jiyun pushed the door open and asked cautiously, "Senior Brother, it's... it's me...." "What's the matter? Have you make the dog hot pot already?" Li Moying glanced at him with a chilling look.

Luo Jiyun was dumbstruck.

What dog hotpot? He had long forgotten about it! He thought Li Moying had said it in a fit of anger earlier!

Moreover, Huang Yueli obviously liked the white puppy at the entrance. If he really killed it to make into a hot pot, if Sister-in-law really blamed him, he would have to bear all of the consequence, so he was not that silly!

But hearing that tone, could it be that Eldest Senior Brother's anger had not quelled? Hadn't Sister-in-law settled him?

He threw a suspicious glance at Huang Yueli.

This glance made Huang Yueli become more embarrassed as she tugged at Li Moying's sleeve.

"Alright, stop spouting nonsense! For Junior Brother Luo to come at this timing, there must be some urgent matter so listen to him first!"

"Alright, I'll listen to you." Li Moying smiled at Huang Yueli and with a humpf, he turned around and asked, "What's the matter?"

Luo Jiyun really wanted to cry but no tears came out.

Listen, what was known as hoes before bros? Putting love before friendship! This was it!

When he talked to Eldest Senior Brother, he bore an aloof and impatient expression but what about Sister-in-law? Just one sentence and Senior Brother listened to her and was so gentle to her....

If there wasn't anything to compare again, there was no impact!

His heart sighed in agony for a while but remembering the official matter, his expression turned solemn.

"Senior Brother, I had received a letter from the Sect's white breasted falcon. Master is asking me again if I had managed to incite you and bring you back! Senior Brother, then you...."

Huang Yueli asked curiously, "Wasn't it mentioned that when Li Moying left your Sect, there was just seven days before the tournament started? Now that seven days had already passed, the tournament will be starting today, so isn't it too late to rush back now!"

Chapter 728: More and more exploitive (3)

Luo Jiyun explained, "The tournament had indeed started but according to competition regulations, this tournament would continue for a total of three days. If Eldest Senior Brother were to make his way back

now, he should still be able to make it for the last day of the tournament! Most heavy weight practitioners would only go on stage on the third day so we will be just in time to leave now!”

“I see!”

Huang Yueli nodded as she turned around to look at Li Moying.

Li Moying had a cold expression as he laid down the chopsticks and replied, “I’m not going. If you’re worried about the masses in the Sect, you can take the flying boat back first.”

Luo Jiyun replied, “How can we do that? What use would it have if I were to go back alone? West Sky Region had sent so many younger generation experts so based on my potential, I can’t even get in line!”

Li Moying reply calmly, “What does that have to do with me?”

“But....” Luo Jiyun jolted, “But that is after all our Sect! Senior Brother, I know you’re still angry with Master obstructing you from leaving the Sect. Master was indeed too rash to say he would never admit Sister-in-law and such. But those were just words which Master had said in a fit of anger, so don’t hold it against him!”

Li Moying replied, “I’m not angry with him. Whether he admits Li’er or not, what does it have to do with me? I’m the one marrying her, and not him, so it’s enough that I admit her! Although Master saved my life, but if he wanted to interfere with my decision, it’s impossible!”

“Then.... why are you unwilling to do back?” Luo Jiyun questioned curiously.

Li Moying replied, “Because my Li’er have to go to Sky Cloud City and I’m worried about her so I’ve decided to escort her personally to Sky Cloud City!”

“Huh~~~~?”

“What?”

Both voices screamed out in shock at the same time.

Huang Yueli blinked her bright big eyes as she said, “Li Moying, I’m not that frail to need you to escort me to Sky Cloud City! There’s only one channel to Sky Cloud City from here so I won’t lose my way!”

Li Moying bore a face of disapproval as his deep gaze laid momentarily on her before he responded, “I know you won’t lose your way but I’m afraid that you may meet with an accident on your way there. This time I’d just left you for how long and you were almost killed by someone!”

“This... this was just an accident!” Huang Yueli retorted, “And it’s impossible that I have a killer pursuing me daily! Moreover, if you’re not rest assured, you can let Brother Mo Yi to accompany me on my way, so it won’t delay your journey.”

“How can I do that? I should protect my own woman, how can I rely on someone else?”

“These are two different matters right?” Huang Yueli took a look at him and continued, “You really don’t need to worry about me. I can take good care of myself. But your Sect.... haven’t you met with some troublesome matters? I heard Brother Mo Yi mention before that this tournament is especially important for your Sect so stop being wilful and quickly go back!”

Huang Yueli knew what happened to Li Moying when he was young and knew clearly the gratitude he had for his Master.

If it hadn't been for Murong De, Li Moying would have been dead frozen in the snow with no possibility of being able to cultivate, and impossible to become his current strong state.

This gratitude had been kept within Li Moying's heart and under the circumstances that it did not go against his principles, whenever Murong De needed his help, he would never reject.

So this tournament..... Li Moying had intended to attend but he could not rest assured about her safety!

Chapter 729: More and more exploitive (4)

Li Moying's intentions were seen through and he started to hesitate.

Luo Jiyun hastily added on, "Senior Brother, this tournament is directly linked to our Sect's reputation! Anyway it would take only a total of ten days to travel by the flying ship so when the tournament is over, you can go look for Sister-in-law again!"

Luo Jiyun was totally speechless.

Still said he wasn't angry. If he wasn't angry, would he have had such a reaction?

How would sending Huang Yueli to Sky Cloud City be more important than the Sect's tournament?

Now that Huang Yueli's killer had already been injured and escaped, and with a powerful expert like Mo Yi by Huang Yueli's side, plus the fact that there was only one channel to travel, under normal circumstances, she would be extremely safe.

Huang Yueli was so smart and so black-bellied, she wouldn't need anyone to escort her!

To put it bluntly, Li Moying just didn't want to hear other people belittle Huang Yueli, saying she was not worthy of him, that the both of them cannot get married and such!

Murong De had said spoken incoherently previously just to obstruct him from leaving and it had offended Li Moying which was why he was acting in this way.

If this wasn't being sullen, then what was it?

Huang Yueli too agreed, "That's right, just rest assured and go back. I'm just going to Sky Cloud City to enter the entrance examinations. It's just a small matter. For such a powerful expert like you to stay by my side, it will only give me pressure."

Li Moying suddenly recalled the Celestial Light Academy that Huang Yueli was going to enrol for the examination was.....

His face let out a deep smile and finally gave up on insisting his way.

Since he had decided to go back and join in the tournament, then he didn't have any time to waste.

Two hours later, Li Moying and Luo Jiyun prepared to leave.

After he boarded the flying ship, Li Moying held Huang Yueli's wrist and pulled her into his embrace. After that he lowered his head and under her shocked expression with large eyes staring at him, he gently left a peck on her lips.

"I'll be right back, wait for me!"

Huang Yueli hurriedly covered her mouth.

This man was really more and more exploitive! The surroundings were filled with Shadow Guards and spectators from the little town and he actually kissed her in front of everyone!

After a while, the flying ship slowly rose to the skies and those standing by the side of the ship gradually could not be seen anymore.

Huang Yueli rose her head and looked at the sky as a sense of disappointment and frustration gushed up.

After a while, she turned and looked at Mo Yi, who was standing right beside her.

"Brother Mo Yi, we need to be on our way too! To tell you the truth, I must reach Sky Cloud City within ten days otherwise I will miss the enrolment timing!"

Mo Yi also started to become anxious, "What? So fast! Then we must grab tight of the time now. Even if we rush throughout day and night, we might not even reach in ten days time! Let's set off now!"

.....

Seven days later.

The atmosphere in Sky Cloud City was boisterous. Plenty of talented young men and ladies had gathered at this place on account of its reputation.

Today was the enrolment day of various Academies in South Sky Region and the enrolment period will last for a total of three days. If any practitioners were not able to make it on the third day by the third quarter of Xi Shi (5-7pm), then they would not be able to take part in the various academies' entrance examinations.

Three sorry figured appeared in the bustling crowd.

The three people, Bai Ruo Qi, Li Xue'er and Imperior Tutor were travelling along the widest pathway in Sky Cloud City.

This was the pathway to the most reputed and famed Celestial Light Academy.

Bai Ruo Qi had just reached the intersection and had been shocked by the tremendous amount of people.

"Heavens, there are actually so many practitioners who came to enrol for Celestial Light Academy!"

Chapter 730: Priority to be selected (1)

Li Xue'er didn't think anything of it as she said, "That's of course. Celestial Light Academy is the best academy in South Sky Region. The number of people who comes to enrol every year is the most but the elimination rate is naturally the highest too! Only those with at least fourth grade talent will be selected!"

When Bai Ruo Qi heard that, she instantly became restless.

"I'm just a fourth grade talent, I wonder if..... I will be selected?"

Her fourth grade talent was considered powerful in South Yue Kingdom as it was very rare. But when placed in Sky Cloud City where all geniuses from South Sky Region gathered, she was equivalent to a small shrimp, totally unnoticeable.

In Celestial Light Academy, the worse grade talented students were at least a fourth grade and they were well-known among the fourth grade talents so normal fourth grade talents would already be eliminated from the start.

Bai Ruo Qi was born in a small place like South Yue Kingdom so her cultivation methods and profound skills were not the best quality. Compared to those fourth grade talents who were born in South Sky Region's great families, there really wasn't any competition at all.

Li Xue'er comforted her, "Don't worry too much. This round you're considered lucky to have some good come out from the disaster. Although you were almost drawn clean of your Blood Essence, but that is still external injury. After you'd taken that Vessel Coagulation Pill of mine, not only had your injuries all healed, you also broke through to the second stage realm! A fifteen year old second stage realm practitioner is considered not bad in Sky Cloud City. With me here, your selection is definitely not a problem!"

Bai Ruo Qi quickly held on to Li Xue'er's hand.

"Xue'er, this time I must really thank you! If I can enter Celestial Light Academy to learn, then I'll listen to all your commands in future!"

Li Xue'er smiled.

Her situation in Celestial Light Academy was not the same as South Yue Kingdom where she was held in high respect by everyone. Now that there's a sidekick like Bai Ruo Qi, to her, it was something good.

She turned towards Bai Ruo Qi and said, "The queue here is too long. I have a way to cut queue, come with me!"

The three of them turned many corners and followed a small pathway and walked all the way into Celestial Light Academy's entrance until they found a middle age man dressed in a green robe.

When they saw the person, Li Xue'er immediately greeted him.

"Master!"

Bai Ruo Qi and Imperial Tutor had initially found this man normal looking and didn't treat it as a matter of fact, but when they heard Li Xue'er greeting him, she immediately felt deep veneration for him!

They all knew that Li Xue'er's master.... was a fourth rank Armament Master!

Fourth rank.... What concept was that?

South Yue Kingdom's highest ranked Armament Master, Master Yan was only third rank and yet the Emperor had treated him like a VIP with utmost respect, even more respectful than the Imperial Tutor!

The reason was because Armament Masters were simply too rare and too important!

Which practitioner didn't want a tremendous amount of Profound Armaments to arm themselves with? But those who had the potential to refine armaments..... were simply too few!

When the middle aged man, Tang Jinhua saw Li Xue'er, he gave a smile on his face.

"Xue'er, you spend quite a long time at South Yue Kingdom right? Those homework which I'd given you, have you been completing it on time?"

"Of course, Master! Xue'er had gone back this round and found that my standard of refinery had improved. The success rate of refining a first tier profound armament had already reached thirty percent! This time back, I intend to practice for some time before going to the Armament Guild to apply for assessment of a first tier armament Master!"

When Tang Jinhua heard that, he immediately replied happily, "Really? You are able to have a success rate of thirty percent in such a short time! With this standard, it's enough to become a real Armament Master! Not bad, not bad at all! I really didn't judge you wrongly!"
