Chapter 821: Not him, he's not him! (1)

"Pl....please don't die...."

Just as Li Moying could barely control himself, suddenly he heard Huang Yueli's sleep-talk.

Li Moying's actions halted as a sense of non-understanding arose in his heart at that instance.

Don't die? What did that mean? Wasn't he alive and kicking right now? Why did this little thing suddenly say such a ridiculous thing?

But this thought only lasted for a short while in his head.

"Sorry..... wu wu..... I'm sorry..."

Huang Yueli suddenly hugged him and buried her face into his neck as she started sobbing.

This little thing's tears were dripping on him but yet it seemed to be scorching his heart.

Li Moying heard her whimpering sound and regained some senses of consciousness. He stretched out his hand to push aside Huang Yueli's long hair and hugged her shoulder while a hoarse voice rang beside her ear.

"Why are you crying.... Are you not willing? But you initiated it!"

Li Moying clenched his teeth secretly feeling frustrated. Whoever saw his beloved woman lying there and suddenly started to sob, bearing a bullied expression, would feel extremely upset!

Why on earth was this little thing crying? Wasn't everything alright earlier?

Li Moying had never thought that in Huang Yueli's eyes, at this moment, whatever she saw were all images from her past life and not the actual.... him.

"Wu wu wu, why do you treat me so well?"

Perhaps it was because she missed Mu Chengying too much, Huang Yueli suddenly felt extremely fragile as her tears continued to flow downwards.

Actually, she wasn't a fragile person. However tough or difficult situations, she had the absolute confidence and ability to face it and would never easily give up!

She had once thought that she would never cry in front of others, but.....

At this moment when she thought she was once again being embraced by Mu Chengying, she was totally unable to suppress that sense of grievance and terror.

Li Moying was shocked by the increase in her tears and could not be bothered to follow through that debt. He sat up and carefully embraced Huang Yueli, holding up her little face as he lowered his head to kiss her tears.

This was the first time he had seen her cry!

This little thing had always been filled with self-confidence and at any one point of time, she was so strong without any fear, as though nothing could hurt her at all. But at this moment, she seemed so fragile.

Why? Was she bullied by someone when he wasn't around?

Surely it couldn't be that she was shocked into tears by what he did earlier!

"Please, stop crying... who bullied you? Tell me and I'll go take revenge for you! Or have I made you unhappy? Tell me, I'll listen to everything you say, alright....."

Li Moying lowered his head as he tried to coax her. In order to stop the little thing in his embrace from crying, he came out with whatever means he could!

All sorts of sweet nothings which were extremely mushy were told without any hesitation, in the hope to make his little fox smile!

If Mo Yi and the rest were present, they would probably had been shocked to death. The man in front of them was embroiled in matters of the heart. In what way did he reflect his usual sense of callousness?

Chapter 822: Not him, he's not him! (2)

This was totally not the same person at all!

However, Li Moying didn't realised which part had he nor performed well.

He only knew that from Huang Yueli's tears, he felt a constant heartache, as though a splitting pain from deep within was pulling his spirit apart into two halves, painful to the extreme.

He would do anything just as long as Huang Yueli stopped crying!

Perhaps his patient coaxing took effect or perhaps Huang Yueli cried so much until she was tired.

She finally gradually stopped and with a hiccup and tears and mucus still on her face, she rubbed against Li Moying's chest.

As a man who had slight mysophobia, not only didn't he feel uncomfortable, instead he held onto Huang Yueli's shoulder, deeply concerned that she was tired from crying, trying to lay her down to rest.

But Huang Yueli refused to be manipulated by him, holding on to his arm tightly.

"No, please don't leave me....."

"I'm not... why would I leave you? I can't bear to stay by your side always!" Li Moying painfully pecked her on the cheek, "Be good. You've gone through an entire day of battle and even got injured, don't you feel tired? Lie down and rest a little while alright? I'll get you a glass of water. You've cried so much and you'll be dehydrated."

Huang Yueli shook her head furiously, "I don't want, I don't want! I don't want to drink water, don't leave me!"

Her slender fingers subconsciously grabbed hold of him tightly as her fingernails etched deeply into Li Moying's muscular arm.

Li Moying felt a wave of pain. After all this little thing was a third stage realm practitioner and that strength was not something that a mere physical body would handle. But Li Moying couldn't bear to use his Profound Energy to deflect her.

However, his brows didn't even crease and he gently stroked Huang Yueli's shoulder as he replied in a low voice, "Alright, alright, I won't leave. I'll stay right here beside you alright?"

Huang Yueli didn't say anything but nodded her head furiously while in his embrace.

Li Moying adjusted his position and leaned against the bedhead so that Huang Yueli could lean more comfortably in his embrace as she leaned on him.

At this moment, although the little thing's clothes were dishevelled, and that tender breasts was leaning against his muscular chest, he didn't have the same thoughts which he did earlier.

He hugged the little lass and his heart was filled with peace, feeling that as long as he could hold her in his embrace, it was the greatest satisfaction.

As time slowly went past, Li Moying also started to feel drowsy.

But just at this moment, Huang Yueli suddenly spoke out.

"Did you know? I've never understood why you always treat me this well...."

That voice was very tiny and if one didn't prick up their ears, one wouldn't be able to hear her clearly. But Li Moying was very alert and immediately became sober.

He had never expected Huang Yueli to suddenly say such things. He thought... this lass was fast asleep!

However he didn't move, neither did he make any sound. He only listened quietly to Huang Yueli's hushed recitation.

"Actually for so many years, I've never believed that your intentions towards me is real. I only feel that you merely think that my innate talent was comparable to yours. I know that you had obtained a set of couple cultivation method and it requires an lady with an innate talent of ninth grade and above to comply before you can cultivate! I had always thought that you got near me so that you can make me do the couple cultivation with you. Besides that it was also because you saw value in my Armament refining talent...."

"Of course, you've been good to me. Always been very good but this sort of good with motive, I don't care for it...."

Chapter 823: Not him, he's not him! (3)

“Until that day, I already knew I was going to die but yet you rushed there to save me, not caring one bit about your own life or sacrifice your cultivation! It was then when I realised that I was wrong..... a dying person was obviously not worth anything to you, why were you still so silly?”

“You’re so silly....”

As Huang Yueli spoke, her voice became softer and softer, softer and softer.....

Gradually, it no longer could be heard clearly.

But her voice that had gone into Li Moying’s ears were like lightning on a clear day, striking directly into his heart!

What was his little fox talking about? Who was she talking about??

Li Moying knew most clearly that he and Huang Yueli merely got acquainted just three months ago and not “many years ago”! He had never obtained any couple cultivation method and he didn’t need to find anything to couple cultivate! Of course, for that little thing, he absolutely wouldn’t mind sacrificing his cultivation but he hadn’t had the chance.....

So the person whom Huang Yueli was talking about wasn’t him...

Wasn’t.... him...

Having realised that suddenly, Li Moying felt that his entire body was immersed into an icehouse, freezing his body all the way into his inner heart...

He wasn’t the one whom this little thing liked, not him!

She was responding passionately, daringly seducing that man but it was not him!

No wonder she usually kept rejecting his advances. No wonder she acted abnormal today, proactively nearing him, to the extent of not rejecting any kind of advances that he made! The reason for her abnormality was simply too easy to understand.

Because her conscious was not clear, because she already had a man whom she liked in her heart and she treated him as that man!

This could only blame Li Moying for usually being overconfident. Ever since he joined Celestial Light Sect, he had always been talented and could do whatever he wanted. He was the perfect idol whom many young ladies chased after and he naturally thought that if Huang Yueli didn’t even consider him, who else could she consider?

So her rejection wasn’t possibly because her heart already belonged to someone else. It could possibly be because he hadn’t tried hard enough or she had not seen his sincerity.

Li Moying had never really thought that the truth to this matter was actually like this.....

Various confused thoughts flashed past his mind as the strength which he used to lock on Huang Yueli’s shoulder increased, “What on earth are you talking about? Say it one more time!”

Huang Yueli didn’t wake up but she frowned from the touch of his violent streak.

Li Moying subconsciously loosened his grip but at the next moment, he realised that even in such a situation, he could not bear her getting hurt one single bit and started to despise himself.

When had he.....dropped to such a coniology state?

The most tragic thing was the other party didn't even bother one bit!

Li Moying forced himself to push the young lady in his embrace away.

After Huang Yueli was pushed away, she immediately came rolling back, hugging on to his lean and robust waist, her beautiful face was still in a daze, not understanding why she was pushed away by someone who liked her so much?

The look from this unconscious struggle attracted Li Moying's gaze.

Very quickly, he felt that he was really senseless. The reason this little thing came running up was not because he was Li Moying, but.... because she thought he was the man whom she liked!

If she knew that the person she was hugging was him, she would probably.... have hidden herself far far away!

As Celestial Light Sect's Young Sect Master, Soaring Heaven's number one talent in the younger generation, in her eyes... he was merely a replacement!

Chapter 824: Who was that last night? (1)

Thinking of this, the glow in Li Moying's eyes grew dimmer as he stared longingly at Huang Yueli's delicate fair face.

For just a moment, he wanted to shake her vigorously to wake her up, forcing her to answer clearly who was the person she really liked was!

Then he would go and kill that man who dared to vie with him for her before confining this little thing up so that she could not go anywhere else except to stay by his side and become his woman only!

This impulse was so strong as Li Moying suppressed the urge and it started to hurt faintly and his fingers kept twitching.

But finally at last, he took a deep breath as he pushed Huang Yueli away.

He was really frightened, afraid that he would hear the scariest answer from this little thing's mouth.... If she was conscious when she said that the person she liked the most was not him.....

Just thinking about this scenario made Li Moying feel that he was on the verge of insanity!

Huang Yueli unforgivingly rolled over again.

Li Moying arose and stood up from the bed.

Huang Yueli found that she caught nothing and her expression reflected an extremely disappointed look as she pouted her lips. That pampered look made the man by the bedside wanted to give her a kiss.

Her hands flew everywhere searching but after some time, she didn't feel that muscular, warmth male body that she was looking for.

In the end, she could only grab on to the pillow which Li Moying had slept on, rubbing it into her embrace and as her movements came to a stop, her breathing gradually slowed down, she gradually went into dreamland.

Li Moying stood by the bedside, not making a single sound, quietly watching her peaceful sleeping looks as his expression turned dark and gloomy.

Looking at her for a long, long time....

.....

The next day.

It was very late in the afternoon when the scorching sun rays soared into the room when Huang Yueli finally woke up.

Her head was still dizzy and as she sat up, she felt dazed. It was after a little while when she recalled what happened last night.

After she had won consecutively for ten over battles, Li Xue'er's pursuer, a fellow called Lei something came to challenge her. Right after she had defeated him, that guy had actually became angry from embarrassment, throwing out a seventh tier Soul Fixation Pearl causing a huge explosion in the Martial Arts Stage.

When she was affected by the effect of the explosion, she had fainted from it...

But she had never thought that when she woke up, she actually found herself in the room? Moreover, it didn't seem like she had any injuries?

What was happening? Could it be that Soul Fixation Pearl was a defect and the impact of the explosion wasn't that huge?

Moreover, after she had fainted, why didn't Lei Zichu take the opportunity to kill her? And who was it who had sent her back to her room?

Huang Yueli shook her head and suddenly, a scenario came to her mind!

She was hugging a man, proactively holding his neck in his arms and lifting her head to kiss him.....

The two of them were tangled together passionately and the clothes on their bodies were almost stripped off totally.....

The man's strong and robust body was pressing against her soft petite body. The difference between the strong and the weak was evident, making her feel shudder from deep within her senses.....

The scenario from her memory was so clear that she could even faintly feel that she had seen Mu Chengying yesterday? And even confessing to him loudly without any sense of shame??

Huang Yueli's face flushed red and immediately pulled her blanket away!

Lowering down her head, her clothes were still worn on properly and the front hook was hooked on tightly!

She stood stunned for a moment.

What was the situation? Could it be that.... yesterday she had an erotic dream?

Chapter 825: Who was that last night? (2)

Just as Huang Yueli was in a daze, suddenly.....

“Thump, Thump, Thump!”

A knocking sound rang and Su Qingyue’s voice was heard from outside of the door, “Sister Li, Sister Li! Have you awoken? I’m here to see you!”

Huang Yueli hurriedly replied, “Sister Su, please come in!”

Su Qingyue pushed the door open and with face filled with worry, she heaved a sigh of relief when she saw her sitting on the bed.

“You... you’re alright! That’s great! You’d scared me to my death yesterday night. No one had expected that Lei Zichu would be such a sore loser and deal you with such a heavy hand! He actually snuck and attack! Yesterday the entire Martial Arts Stage was blown apart and no many students on the viewing platform fainted from the impact of the explosion! You were there up on the Martial Arts Stage and bore the brunt of the impact! I was so worried that I almost died, scared that you’d be heavily injured! But from the looks of it, you don’t seem to be seriously injured.”

Huang Yueli nodded, “I’m alright and I’ve only sustained some light injuries.....”

Su Qingyue sighed sorrowfully as she expressed, “Sister Li, you’re so powerful! I heard that that was a seventh tier Soul Fixation Pearl! That was equivalent to a seventh stage top exponent’s full force strike! If I was there instead, I’d have become minced meat? But you only sustained light injuries! Your ability... I really cannot imagine!”

When Huang Yueli heard what she said, she frowned slightly and said, “Where on earth would I have such an ability to defend against a seventh stage practitioner’s strike? Someone must have saved me yesterday. That’s right, did you see who was it who saved me?”

At that time, even though she was about to lose her consciousness, but she indistinctly felt something.

Someone saved her and that someone was an extremely powerful expert! That strong arms, warm embrace and that low pitched sexy vocals, the feeling.... felt similar to Li Moying?

Could it be that, yesterday it was Li Moying.....?

Su Qingyue blinked her eyes and said, “That’s..... probably Principal Jiang who saved you and sent you back? When the explosion happened, I also fainted and by the time I regained my consciousness, I saw Principal Jiang and the rest dealing with the aftermath and they even locked Lei Zichu up saying that they would punish him severely! Principal Jiang was able to reach her so soon so he definitely must be at

the Martial Arts Stage viewing your battle! It's probably him who showed himself when the Soul Fixation Pearl exploded and saved you!"

"Oh, so it's Principal Jiang! I must thank him properly!"

As Huang Yueli thoughtfully said that, she didn't noticed the slightly disappointed look that she revealed on her face.

Yesterday the person who saved her was Principal Jiang....

That's right, no matter if it was Mu Chengying or Li Moying, it was impossible for them to appear at Celestial Light Academy now so it was really wishful thinking on her part.

It was just a dream after all!

Moreover, it was an erotic dream which made her face blush with increased heartbeat and widen her blood vessels!

She simply could not imagine that she had behaved so wanton, so hungry, simply.... Like a shameless vamp, actively seducing men!

It was totally unimaginable and if this was true, she'd rather bang herself to death!

Luckily, it was just a dream!

Huang Yueli was both disappointed but yet slightly felicitate as the expression on her face as ever changing.

Su Qingyue saw that and asked her curiously, "Sister Li, what's the matter with you? Are you feeling alright? Do you want to rest a little while? I won't disturb you then."

Chapter 826: Acknowledge allegiance to me! (1)

Su Qingyue stood up planning to leave.

"No need, no need, I'm fine!"

Huang Yueli pulled on to her in a hurry, "Sister Su, what's the reason for you to visit me today?"

Su Qingyue hesitated for a moment, "You're really alright? But your expression didn't seem so well."

Huang Yueli replied, "I'm really fine. Don't I know the condition of my own body best? Sister Su, do go ahead and tell me what you have on your mind!"

Su Qingyue answered her, "Sister Li, the last time.... before you went for the battle, didn't you let us to bet on your all win? I've listened to you and went to buy a little. But as my guts is very small, I only bet a thousand pieces of lower grade Spirit Stones and I didn't expect that... you really won. This is really out of my expectations! I didn't expect that you'd be able to win so many battles and even Lei Zichu who was ranked eighth in Martial Arts Stage had been defeated by you!

Huang Yueli smiled, "You've overpraised me!"

She knew that Su Qingyue's words are not finished yet.

As expected, Su Qingyue continued, "That day, besides me who had bet on your all win, there are several friends of mine who had come from the surrounding countries around South Yue Kingdom, so we can be considered as fellow countrymen. Because of you, they'd earned a huge amount of spirit stones and hearing that you're from South Yue Kingdom, they'd like to get acquainted to you. I wonder if..... Sister Li, do you have any time and is it convenient?"

Huang Yueli's lips curled upwards and nodded, "Of course it's convenient. Since we're all from neighbouring countries, let's gather together. I've not met many people in Celestial Light Academy yet!"

Su Qingyue delightfully replied, "Alright, I'll get them to come over right now!"

Su Qingyue ran towards the door and immediately called the rest to enter Huang Yueli's courtyard.

In actual fact, those people had already been standing at the entrance. But they did not dare to barge into Huang Yueli's territory so they had been waiting for Su Qingyue's announcement.

When they saw Huang Yueli, they immediately swarmed over and greeted her with the term "Senior Sister"!

In reality, Huang Yueli was much younger than all of them but as her power was simply too strong, all of them had addressed her with the "Senior Sister" title which was evident that they were here to rely on her!

Huang Yueli had wanted to reduced them to submission long ago and from her understanding from Su Qingyue, they had always been bullied in Celestial Light Academy and had been in search of a strong backing.

However, as she had just joined the academy, her base wasn't stable enough so she hadn't approached them without careful consideration.

At that time, she was just a new top student and although her ability wasn't too bad, it hadn't reached the time for others to take the initiative to defect to her yet. Even if she interacted with them, others would only treat her as a newbie who wished to stand out and sucked her into their entity. In that case, she would only become a member.

But what Huang Yueli wanted was not to be an ordinary member. Since she was going to join in, naturally she must obtain absolute control, making everyone swear their allegiance towards her!

So she had been waiting, for the perfect opportunity!

But now that she had revealed her outstanding talent and defeated Lei Zichu who was ranked eight, displaying her overwhelming strong ability!

To be able to ranked in the top ten in Celestial Light Academy was an exceedingly talented pronoun! At this place, innate talent and power represented identity and status!

The top ten students of the Martial Arts Stage were like one of the academy's leader among one of the powerhouses and numerous students would swear their allegiance!

Chapter 827: Acknowledge allegiance to me! (2)

This kind of her finally made the small team among Su Qingyue unrested and after discussion, they quickly hurried over to rely on her.

To express their sincerity, none of them came empty handed and brought along various expensive gifts.

Huang Yueli didn't bother to act unconventional and accepted it all.

After exchanging conventional greetings, the few of them exchanged glances with Su Qingyue.

Su Qingyue reciprocated and tried to sound her out, "Sister Li, I mentioned this to you earlier that the situation in Celestial Light Academy is very complicated and as practitioners from small countries, we are easily bullied by those students who come from the large families in Sky Cloud City. So as not to let others look down on us, we will usually move out together."

Huang Yueli did not continue from her stubble and merely smiled, "Sister's Su thinking is right."

Su Qingyue realised that she had no response and turned anxious.

"Sister Li, join us! Think about it, you're also from a small country. Although your innate talent is very outstanding, but you've also seen it for yourself. Influential families like Lei Zichu hold a lot of resources from their families and their cultivation methods and Profound Armaments that they use are much more powerful than ours! Moreover many influential families in Sky Cloud City are interlinked. Since you've hurt Lei Zichu, the other families would also treat you as their enemy! Although their power might possibly be weaker than yours and not dare to challenge you, but it is still possible that they will set various hurdles for you in the academy!"

Huang Yueli lifted her cup as she replied with a calculated and unhurried tone, "So what?"

"Are you still muddle headed? In the academy, various battles cannot be avoided and if there are people who keep going against you, how will you be able to concentrate on cultivating?"

Huang Yueli put the teacup back on the table and as the bottom of the cup knocked against the table top, it gave out a resounding crisp sound.

"Sister Su, don't be mistaken! There are indeed many influential families' disciples in the academy but I don't believe they can do anything to me! I'm a core student and moreover, I'm ranked top ten in the Martial Arts Stage! Perhaps one day I'd be able to join Celestial Light Sect! Those influential families are not silly and they'd be in a hurry to draw me over so why would they come and pick on me?"

"I think, the people who needs protection... should be you right? Your power isn't enough and your status is inadequate. So it's perfectly normal for anyone to snatch your resources. However you have no right social connection to find the correct backing! If you need me to protect all of you..... it can be done! But I never keep useless people around me! If you want me to help you guys, then naturally there would be some conditions!"

After she finished saying these, those present turned green and white.

The motive to look for Huang Yueli was to defect to her while on the other hand, they held some wishful thinking.

After all, no one liked to be another's lackey and they thought that since Huang Yueli was still young and had her mind on cultivation, she probably didn't understand the ways of the world. It would be best if they could use some sayings like 'sharing the same hatred for the common enemy' to coax her into joining their small team voluntarily so she could contribute a part of effort for them, which would be the best consequence!

Whoever knew that Huang Yueli totally wasn't tricked at all!

Saying till here, they came to realise that Huang Yueli wasn't someone who was easy to deal with!

Su Qingyue raised her head to look at Huang Yueli and upon seeing that exquisite face with that faint smile, she saw that beneath her eyes.... It revealed swift and fierce signs!

She was gazed upon by that glare and instinctively shuddered as she lowered her head.

A youth asked, "Senior Sister Bai, please express clearly what are your conditions and what you can help us with?"

Chapter 828: Acknowledge allegiance to me! (3)

Huang Yueli slowly said, "My conditions are very simple. If you wish for me to help then you must completely pledge your allegiance to me! Let's bond via a Blood Pact and swear your loyalty to me, with no duplicity!"

There were many common ways of controlling subordinates. For example Li Moying's Shadow Guards actually didn't have too much of a strong binding and it was totally reliant on themselves to swear their loyalty towards Li Moying.

But this kind of relationship required both parties to have a strong sense of trust before it could be formed. Li Moying had grown up with the Shadow Guards since he was young which was why he was able to trust them and not worry about any form of betrayal.

Huang Yueli didn't have that kind of trust towards these practitioners from the small countries.

The reason was because they were originally here for the benefits!

Perhaps at the beginning, because of Su Qingyue, Huang Yueli didn't want to make things too absolute but when she came to realise that they had various ideas during their arrival and had intended to trick her, Huang Yueli then decided not to show mercy.

Blood Pact was better than planting a Slave Seal.

For those practitioners who were planted the Slave Seal, they would be bound as a slave to the person who planted the seal for their entire life and upon a single thought from the master, they could be completely stripped of their self-consciousness and become a puppet.

But a Blood Pact was different. It had a time limit and once the duration had lapsed, the Blood Pact would be ineffective. Moreover, the covenanter had their own freedom. If they had something to betray their master, then the other party would automatically find out and could be traced easily.

Most practitioners who had stronger abilities would resist to their death upon knowing that they would be planted the Slave Seal. Sometimes, they might lose more than they expect.

But most people were able to accept Blood Pacts. As long as their power was strong enough, a lot of people would admit defeat.

Upon hearing what Huang Yueli said, their expressions turned extremely ugly!

“This... Senior Sister Bai, don’t you think it’s a little too unsightly to do such a thing like that?”

“That’s right. Your innate talent is indeed outstanding but all of us are Senior and Junior brothers and sisters and yet you want to form a Blood Pact with us? Don’t you think you’re slightly overbearing?”

The few of them bore a condemning attitude, deeply feeling that they had been insulted!

Everyone knew that Huang Yueli would raise her conditions but no one had expected that she wanted them to completely become her subordinates!

Each of these people who entered Celestial Light Academy were all the cream of the crop and many of them were some royal prince or princesses in some small country, so they had never been subjected to such contempt before!

Huang Yueli’s expression remained indifferent, “If you’re not willing, you’re welcome to leave now!”

The few of them exchanged glances.

Earlier the first youth to speak out was Yu Xinyang and he gritted his teeth as he spoke out, “Senior Sister Bai, I know you need people to carry out errands for you in the academy and we’re all willing to serve you! But the thing about Blood Pact.... What’s the point? Don’t tell me that you don’t trust us?”

“I really don’t trust you. You all.... What qualifications do you have to make me believe you?”

Huang Yueli spoke bluntly without euphemism as the expressions on their faces turned even uglier.

However, she didn’t care a single bit about the crowd’s response and said coldly, “One word, willing or not willing? Those who are not willing can leave right now! Don’t make me repeat the third time!”

The few of them looked at each other as they couldn’t make a decision.

Everyone were talented practitioners who thought highly of themselves and they were ignored even though they automatically came over to pledge their allegiance and even requested to form a Blood Pact.....

Just thinking about it was hard to accept.

After hesitating for some time, someone finally opened their mouth.

Chapter 829: Acknowledge allegiance to me! (4)

“This sort of condition..... I cannot accept it! Good bye!”

After that person finished his words, he turned around and left.

With the first person starting the trend, the rest of them didn't hesitate further and started to leave one by one.

Su Qingyue turned anxious and called out, “You all.... You're all going to leave like that? But... but what if that Jiang Hongyi comes to find trouble for us again, what shall we do! If this goes on, none of our star currency would be left and we're unable to cultivate! Don't tell me that we're going to be suppressed by other people for the five years that we're in Celestial Light Academy?”

Everyone's footsteps took a halt.

“Senior Sister Su.....” Yu Xinyang opened his mouth and his face was filled with struggles, apparently indecisive.

Huang Yueli instantly realised that this bunch of people had been bullied so severely that they came over to rely on her.

She raised her brows as she said, “What is the matter? What trouble have you gotten into?”

Yu Xinyang replied, “Yes, we have trouble! But even if it's you, it's also impossible to solve it completely!”

“Oh? Really? You didn't say so how do you know it's not possible?”

Yu Xinyang hesitated for a moment, “You... if you really have a way to deal with that fellow, I... I might agree to your conditions!”

“Junior Brother Yu!”

“What are you thinking of? This is a Blood Pact!”

A few of them cried out in shock.

Yu Xinyang said loudly, “But I've got enough! We cannot go one like this. Even time we managed to earn some star currency, those students from the influential families would send people to come and snatch it away! After joining Celestial Light Academy for two years, we haven't even learnt one single cultivation method! We can stay in this academy for at most five years. If this drags on, it would have been a wasted trip to come to Sky Cloud City! When we return to our country, how would other people see us?”

The crowd kept silent and stopped in their footsteps, not daring to take one step outwards.

Huang Yueli said with a smile which didn't look like a smile, “Alright, now can anyone tell me, the situation with the person who you need to deal?”

Su Qingyue looked at the few of them and opened her mouth, “The matter is like this.....”

Huang Yueli quickly found out the cause and effect.

Actually the matter was very simple. Just before Huang Yueli came to this place, the academy's most powerful Martial Arts Stage top ten were entirely the disciples from Sky Cloud City's influential families. Each of them belonged to different powerhouses and the academy had already gathered quite a number of people, occupying the academy's resources.

And among those people whom they enrolled, those small countries students became their target to bully by those influential families disciples, so they had bitter words stuck in their throats but unable to voice it out.

Su Qingyue that bunch of people were oppressed by a core student called Jiang Hongyi. Every month he would collect ten star currency from all of them as protection fee.

Su Qingyue and gang's ability were just not enough and they couldn't even make more than ten star currencies per month, so it was impossible for them to cough it out. Therefore they were beaten up daily and all their star currency were snatched away!

Without star currency, they wouldn't get any resources in Celestial Light Academy, not to mention exchange for cultivation methods or Profound Skills to cultivate.

"Senior Sister Bai, you've also heard that this Jiang Hongyi is one of the subordinates of the Martial Arts Stage ranking number one's Mister Yuan! If we were to take it up with him, it would be equivalent to offending Mister Yuan! I wonder if you dare to take up this trouble of helping us solve this?" Yu Xinyang replied in provocation as he raised his chin.

Huang Yueli replied indifferently, "What's there not to dare? But I won't help you solve this trouble. You're all grown up and since you've created this problem, go solve it yourself!"

Yu Xinyang sneered, "I already said you don't dare to, what's there to pretend...."

Before he could complete his sentence, he was suddenly stunned.

Chapter 830: New Senior Brother is so handsome (1)

A slender hand extended in front of him.

In that hand was a scroll.

"What is this?" Yu Xinyang received the scroll and opened it up. Upon one look, his hand trembled, "Th...This is an Earth grade lower level cultivation method!!"

"What? Earth grade lower level cultivation method?"

Everyone started to crowd around him as they stared in shock at the scroll in Yu Xinyang's hand.

In the entire Soaring Heavens Continent, cultivation method was something that was extremely difficult to get hold of.

Outside the academy, an original scroll of an Earth grade lower level cultivation method's auction price was extraordinary, something which even sixth stage realm practitioners were not able to afford!

Even if it's within Celestial Light Academy, students require a huge amount of star currency to exchange for cultivation methods. Moreover these students were not core students so their scope of authority did not allow them to exchange for an Earth grade cultivation method!

This was why everyone's eyes almost dropped out when they saw Huang Yueli give out an original scroll of Earth grade cultivation method.

"This... Senior Sister Bai, what do you mean by this?"

Huang Yueli held her teacup as she drank a mouthful of tea and replied, "When you came over, you'd brought along many gifts and I have nothing to give in return so this scroll is my gift to you! Mastering this cultivation method scroll should be enough to let you defeat that Jiang something fellow!"

"You... what conditions do you have? Do you want us to sign the Blood Pact now?" Yu Xinyang asked.

Huang Yueli put down her teacup as her lips curled upwards to reflect a smile but the expression in her eyes were filled with frost!

"You think I'm begging you to declare your loyalty to me? Ha, based on your innate talent and cultivation, to be able to join my team is your good fortunate that your ancestors had done in their past lives! Since you don't know what's good for you, you can leave now! But next time you want me to accept you, it won't be that simple anymore!"

Everyone looked at each other and looked at the cultivation method scroll then finally looked at Huang Yueli's icy cold face in disbelief!

What did that mean? Huang Yueli didn't want them to swear their allegiance and just gave them a cultivation method scroll?

Where on heavens would you find something so cheap??

Had she become retarded! After they had received the cultivation method and settled their problems, who would come back and look for her? And beg her to accept them as her subordinate? What kind of joke was that!

The few of them exchanged glances and with oil on their feet, they sped away!

After gaining such a big advantage, whoever who didn't leave was an idiot!

Only Su Qingyue and Yu Xinyang felt bad as they hesitated, "This.... we'd done nothing to gain a cultivation method for nothing....."

Huang Yueli swept them one glance as she said, "No need to stand on ceremony. This cultivation method is not given away for nothing! If you still want to look for me, make sure you master this cultivation method within seven days and deal with that Jiang fellow before you come and look for me again!"

The both of them didn't really understood but since Huang Yueli wasn't willing to speak further, they could only leave.

.....

After sending them away, Huang Yueli also went out.

To her, there was a pressing matter and that was to collect all the recorded medicinal herbs in <<Nine Phoenix Transformations>> required for cultivating the third level. Otherwise her advancement this time would not be perfect and she would be unable to breakthrough third stage fourth level. Staying on the same level for long term would be damaging to her body as well.

She now held a huge amount of star currency and the fastest method would be to go to Celestial Light Academy's herb garden to search for the herbs.

However, when she was nearing the public square, she discovered a large circle of people crowding together and moreover, they were all female students!

What kind of situation was this?

Huang Yueli's footsteps halted as she heard a female student speaking.

"My, did you see that? The Senior Brother who Principal Jiang personally brought over is simply too handsome! Just looking at him make me want to faint...."
