

## Weaponsmith 911

### Chapter 911: A battle! Plum Blossom Dome! (4)

Not knowing when the Plum Blossom Dome had been activated, all thirty two poles within the array's boundary had started moving and the tallest pole suddenly started to descend!

Huang Yueli had just leapt into the sky and the tip of her foot coincidentally stepped onto the descending Plum Blossom Dome!

"Ah, how could this happen? She had landed on it, she really landed on it!"

"What's going on? Wasn't she just about to ram into the pole? Why did that pole suddenly descend? Isn't this too much of a coincidence?"

"It must be... a coincidence, right? Her luck's not bad after all!"

Lu Zijue was just on the descending pole and although he couldn't see, but he could clearly felt the vibrations from the Profound Energy which came from Huang Yueli when she was moving! Not only had she not rammed into the pole, she had instead leapt onto the pole which he was standing on, pouncing towards his direction.

Lu Zijue's heart was extremely shocked!

Surely it was impossible? Once the array was activated, even he had no way to predict the changes of the ascend and descend of the Plum Blossom Dome so how did this lass managed to leap up at the right time?

Right, it should be a coincidence, \*\*\*\* luck! That must be it!

This lass's luck isn't too bad, but to become a winner would still require real skills so basing on luck was just not possible for her to succeed!

What use was there in just jumping upwards? He only needed to wait for her to be unsteady before he initiated an attack and he would be able to sweep her down in one strike!

Lu Zijue's thoughts were flying swiftly past his mind and he had consecutively thrown out several flying daggers, attacking towards Huang Yueli's upper, middle and lower body!

His moves were very fast and accurate and more importantly, the purity of his Profound Energy was extremely strong!

The flyer daggers broke out in space and sped towards Huang Yueli!

The spectators below the platform could see it clearly and although Lu Zijue was not able to see, but the direction that he sent his flying daggers had not deviated one bit and had exactly blocked all avenues where Huang Yueli could hide!

Moreover, the speed of the flying daggers were so fast!

"Heavens!"

“She’s finished!”

Under this kind of circumstances, everyone had thought that Huang Yueli was unable to avoid and the best possibility was to avoid her vital organs. She was bound to be hurt and moreover, Lu Zijue would definitely take this opportunity to pursue and attack in order to throw her onto the ground.

Huang Yueli seemed to be scared stiff as she remained motionless.

Just as the winner and loser was about to be decided!

At this moment, that Plum Blossom Dome suddenly moved again and subsequently descended by a huge chunk once again!

Huang Yueli’s body naturally descended with the pole as the few powerful flying daggers followed the direction of the wind and just narrowly flew past the top of her head by merely an inch of a distance!

Although it looked terrifying but not even one strand of her hair had dropped.

“Fwah, missed again!!”

“The battle at the Plum Blossom Dome is really ever-changing! This time I thought she would definitely be hit but in the end, changes happened again. This is simply unimaginable!”

Lu Zijue heard the spectators discussions and realised that his ultimate strike missed its target!

He was extremely frustrated and at the same time, he could not take it lying down!

What on earth happened? Why did the poles suddenly descend again as this fraudulent array saved that lass’s life once again! Her luck was just too ridiculously good!

Just as Lu Zijue was feeling melancholic, he suddenly felt a huge Profound Energy coming from the top of his head.

“I say... Young Master Lu. You’re in the middle of a battle so how can you go into a daze? Earlier you had already struck so now, it’s my turn!”

A young lady’s sweet voice resounded.

### **Chapter 912: A battle! Plum Blossom Dome! (5)**

“Wh... What’s the situation??”

Lu Zijue had not completely responded in time before he felt a pain on his head and suddenly his body uncontrollably fell from behind!

A “Pong” sound was heard and his body seemed to fly out at a slanted angle, just happening to ram straight into a rising pole!

As reflux from this pole’s uprising surge of power, his whole body was thrown upwards again and at an arc, he flew in the middle of the sky and continued to descend downwards!

This time, he had coincidentally fell onto the second pole and this pole, not knowing when, also started to rise and he had once again thrown up into the sky!

Lu Zijue's luck seemed to be down in the dumps as he had once again descended but yet to be thrown upwards.....

Again and again.....

Every single collision, he had robustly rammed onto the pole as it gave out a dull banging sound! Following that was Lu Zijue's miserable shrieks!

Just hearing his shrieks was able to make one imagine how heavily he had banged onto the poles! Such a heavy impact and how serious the injury was simply made one's heart tremble!

But as this happened too suddenly, no one could respond in time.

It was until Lu Zijue had rammed onto the third pole when the cries of surprise were heard from outside the array.

"Heavens, what happened? Had Lu Zijue been sent flying by Bai Ruoli??"

"Isn't the Plum Blossom Dome Young Master Lu's speciality? How did he lose to that small country's lass??"

"Earlier, how did Bai Ruoli strike? Did you see it? Just a simple kick and she was able to send Young Master Lu flying??"

No one was able to answer this question.

Everyone had guessed for quite some time before they suddenly realised that Lu Zijue had not landed on the ground and was still continuously bouncing in between the different poles!

"This... what situation is this??"

"Heavens, I can see Young Master Lu throwing up blood in the middle of the sky!"

Yuan Zeyu was also in a daze from what he saw. He had already expected the possibility of Lu Zijue losing but since he had already lost, but he could not descend onto the ground so what was this?

He went into a short daze before he heard the cries from the surrounding and suddenly regained his senses as he hurriedly called out, "Men, hurry up, go, go and switch off the array! Switch it off right now!"

The Array Master at the Yuan residence hurriedly turned off the array and Lu Zijue finally fell straight downwards from the last pole.

Yuan Zeyu flew upwards and caught him in his arms personally.

He took a look and realised that Lu Zijue had already passed out. On his face were greenish and purplish bruises and Yuan Zeyu touched a few places on his body only to discover that ten or more pieces of his ribs were broken, and he had sustained a serious internal injury!

The thing that he was most worried about had happened! Lu family's Young Master had suffered a serious injury at his place so Yuan family would have a hard time explaining about this!

Yuan Zeyu hurriedly called out, "Quickly summon the best doctors to our residence! Then go to our storage and get the best medicinal pills here!"

At this present moment, everything was a flurry and everyone were shocked by Lu Zijue's looks!

Practitioners were bound to get injured during tournaments and injuries which were more serious than this was commonly seen. But the one who was injured now was Lu Zijue, the top exponent who had lost only to Yuan Zeyu! When he was in Celestial Light Academy, only he threw punches at others, who had dared to do it to him? Or it was to say, who had the capability to hurt him?

But now, he was fixed to such a terrible state!

At this moment, a crisp voice was heard from above everyone's heads.

"I say, what's the situation now? Have I already won this battle? Isn't Young Master Yuan this battle's judge? Why aren't you announcing the result? Are you expecting me to keep standing on the Plum Blossom Dome in a daze?"

### **Chapter 913: Reneged on a debt? (1)**

The crowd all raised their head in a daze as they suddenly recalled that they had forgotten about someone in the Plum Blossom Dome!

Huang Yueli had already removed the black blindfold on her face.

She stood on the tallest pole of the Plum Blossom Dome and looking downwards, her expression had a faint smile as she overlooked at everyone. She stood against the light and a blinding ray of sunlight shone from her back, as though her figure was coated with a layer of gold, silhouetted against her peerless beauty, it was as if an immortal being had descended.

In a single moment, everyone was in a daze.

Yuan Zeyu took several glances at her and it was until Huang Yueli raised her brows unhappily before he regained his senses and said, "Right, right, it's my negligence! The winner of this battle is Bai Ruoli!"

The result was clear to all with no doubts at all but the minute the result was announced, it still caused a huge stir.

The reason was because many of them did not see clearly how did Huang Yueli managed to defeat Lu Zijue!

"This... this is counted as Young Master Lu's loss?" Many of them bore a vacant expression.

"Then.... what can he do? Bai Ruoli is standing up there in good shape whereas Young Master Lu had already fallen down, and fallen to such a bad extend! It seems that he had suffered a serious injury so even if he refuses to admit his defeat, he absolutely has no way to continue with this battle."

“But... but, isn't this unjustly for him? Young Master Lu obviously had the absolute advantage earlier! That Bai Ruoli was just lucky, so how did she just win so easily! Young Master Lu is just too unlucky!”

A few female students who secretly admired Young Master Lu grieved and lamented for him as they felt it was an unjustified result.

“That's right. At the beginning, she was just running about blindly and if it wasn't for the fact that the pole just happened to descend, she would probably have rammed into it head on! And when Young Master Lu struck, the pole suddenly descended again which helped her big time. Otherwise she would definitely had fallen down. How was it possible that she would have the chance to attack Young Master Lu then?”

“Correct, she is just too lucky! Young Master Lu is just too.... Sigh. Earlier although he was struck, but he obviously had an opportunity to stabilise himself and battle once again! It was all because of those few damned poles! How could it be so coincidental to have sent him flying once and again! Ai, Bai Ruoli had really gained a huge advantage this time!”

The few of them had insisted that the real reason why Huang Yueli was about to win was purely because of luck.

Based on the majority's ability and scope of understanding the world, they totally could not imagine that someone was able to grasp the operation of how a fifth tier array worked, understanding how those Plum Blossom Domes extended and contacted and using the ever changing rhythm to easily defeat the opponent!

Huang Yueli flew down from the Plum Blossom Dome and turned delicately right in front of Yuan Zeyu.

Yuan Zeyu's expression seemed slightly complicated but the gaze which he used to look at her couldn't masked the admiration which he had for her.

He really had not expected that Huang Yueli could so easily defeat Lu Zijue! This only meant that she not only had an outstanding innate talent, but it also meant that she had brains and including that sweet and gentle looks.....

Yuan Zeyu felt that he was deeply enchanted by her! Only she, the cream of the crop, was suitable for him! As compared to the other large families' daughters, they were all plain Janes!

“Miss Bai, congratulations on obtaining victory! Since you have defeated Lu Zijue, your ranking in Martial Arts Stage has considerably taken a step forward! Just barely two weeks from entering the Academy and you've already become the Martial Arts Stage rank number three. Your achievements are more than enough to leave a record in Celestial Light Academy's history!”

#### **Chapter 914: Renege on a debt? (2)**

Yuan Zeyu spoke earnestly but Huang Yueli didn't thought much of it.

“I'm not interested at all in some Martial Arts Stage ranking. I'm only concerned about one matter, can I take away the stakes which I had won now?”

The minute she asked, those present started to quieten down.

Yuan Zeyu's face was filled with hesitation, "This....."

Huang Yueli's brows creased as she replied in annoyance, "What does Young Master Yuan mean? We had agreed on this previously, don't tell me that you're regretting it now?"

Yuan Zeyu had yet to say a word when the surrounding crowd started to shout.

"What right do you have to take away Young Master Lu's <<Divine Martial Record>>? You're able to win today's battle purely because of luck, isn't it? If it wasn't for your dog s\*it luck, you'd already had fallen, breaking all your bones and forget about winning this battle?"

"That's right! Isn't it all because of your luck? To win based on luck, you should secretly be happy. How could you still be so thick-skinned and request to take away Young Master Lu's cultivation method?"

"That's right, Young Master Lu is just unlucky to have fallen for no reason. So if his cultivation method was also taken away from him, then it's be so unjustified for him!"

Huang Yueli turned around and her icy gaze swept across!

Those few who had been crying out the most severe met with her icy cold gaze and totally did not dare to meet her eyes as they shut up their mouths in guilt!

Huang Yueli sneered as she looked towards Yuan Zeyu once again, "Why? Young Master Yuan appears so hesitantly. Could it be that you also feel that I had won the battle purely because of luck and has no right to claim the stakes which I had won?"

Yuan Zeyu shook his head immediately as he responded, "I don't think in that way! There is no such thing as coincidental in this world! Moreover, a win is a win, a loss is a loss. What's it got to do with coincidental or non-coincidental!"

"Looks like Young Master Yuan is considered understanding. Since that's the case, quickly hand me the item which Lu Zijue had stakes because I'm preparing to head back to Celestial Light Academy to cultivate." Huang Yueli replied.

"Ugggh, this.... Miss Bai, can we have a private discussion?"

Yuan Zeyu entered another round of hesitation as he still didn't brought out the << Divine Martial Record >>.

Huang Yueli's face sunk, "Young Master Yuan, what is the meaning of this? Since you've already acknowledge my victory, then one must accept the loss when one loses. Since he had bet the stakes but not willing to honour it, is that how the large families in Sky Cloud City handle things? Why is there a need to have a private discussion? Whatever you want to say, just say it out right now clearly!"

Yuan Zeyu had an expression which showed that he was in a difficult position. He looked at Huang Yueli and looked towards Lu Zijue who was lying on the soft mattress as he sighed in resignation.

“Miss Bai, I know you have outstanding innate talent so you are proud and arrogant! But you are however still too young and have not understood certain matters! Under this earth, it’s not only a matter of winning and losing or right and wrong. There are still a lot of other things to consider!”

“Although this round, you’ve already won and have more than enough reason to take away the << Divine Martial Record >>, but have you ever thought of this? Lu Zijue had a battle with you and sustained such heavy injury. If this matter were to leak out, then Lu family would be completely enraged! To appease the Lu family’s rage is not an easy matter and if you still insist on taking away their secret cultivation method, have you ever considered what the Lu family will do? They will absolutely not let you off easily!”

Huang Yueli heard his earnest and well-meaning advice as her lips curled upwards into a curve which mimicked a ridicule.

“Young Master Yuan, I understand your meaning perfectly.....”

“It’s good that you understand.....” Yuan Zeyu heaved a long sigh of relief.

“..... but, so what?”

Huang Yueli continued her words on with indifference.

### **Chapter 915: Renege on a debt? (3)**

“... WHAT?” Yuan Zeyu started to doubt his own ears.

Huang Yueli continued answering him in a calm and collected manner, “Young Master Yuan, you heard me correctly. I am very grateful for your well-intended reminders but since I’ve won the battle, then taking the stake away is what I’m entitled to! I’m not concerned about what the Lu family will do, I’m only concerned about getting the things which I should get.”

“You... how can you not distinguish between the severity of this matter?” Yuan Zeyu started to become displeased, “The power of Sky Cloud City’s large families is not something that you can imagine! One of the old ancestors of the Lu family had even been Celestial Light Sect’s Sect Master! Ordinary people are not able to offend this kind of large family! If you really are going to take away the << Divine Martial Record >>, then even I will have no way to protect you!”

Huang Yueli smiled as she replied, “Thank you but I did not seem to mention ever that I require Yuan family’s protection right? Young Master Yuan please rest assured that once I step out of Yuan residence’s main door, my matter would be of no concern to you. So now, can you pass me the << Divine Martial Record>>?”

Yuan Zeyu frowned as he stared intently at the young lady who had a charming smile on her face as his heart stirred into a bout of frustration.

He really wanted to woo Huang Yueli so all the more he couldn’t allow her to offend Lu family! Lu family had always been the first to shield their people and was well known to be unreasonable!

But this lass was just one track mind, totally unable to twist and turn and completely ignoring his advice.

Huang Yueli stretched out her delicate arm as she raised it upwards waiting for Yuan Zeyu to hand her the cultivation method.

Yuan Zeyu clenched his teeth as he tried to persuade further, “How about this, Miss Bai, you’ve indeed won. So let you return empty handed is indeed not right! I shall personally compensate you a hundred thousand upper grade spirit stones as compensation!”

When Huang Yueli heard what he said, she was stunned, “You want to give me money?”

Yuan Zeyu replied, << Divine Martial Record >> is a cultivation method which trains the body. You’re not intending to go into this line of training so it’s impossible for you to cultivate anyway. So after you get this, you’d probably sell it off at the auction house for money! An Earth grade cultivation method’s original value is a few hundred thousand upper grade spirit stones. Moreover this is something which Lu family had lost, so even if you brought it to the auction house, most probably no one would dare to accept it! Since that’s the case, why not give me some face and sell it to me at a discounted pricing, how about it?”

Huang Yueli’s brows rose in surprise, “Young Master Yuan.... Why are you doing this? Yuan family is the number one large family in Sky Cloud City, so surely you shouldn’t be worried of the Lu family to such an extent right?”

Yuan Zeyu stared at her eyes and seeing that she totally don’t treat it as a matter, his heart started to turn anxious and flustered.

He couldn’t help but blurt out, “Miss Bai, why would I be scared of the Lu family, I’m doing this all for you! Why can’t you understand? If you are really short of spirit stones or any suitable cultivation methods, I can help you! But you’d better not offend the Lu family! Listen to me, I don’t harm you so let this matter rest now!”

This conversation was just too direct and many of them had understood what he meant.

“Surely it cannot be true? Young Master Yuan really took a liking to Bai Ruoli?”

“How can it be fake? But this Miss Bai has such ability and looks, so even if Young Master Yuan takes a liking to her, it is also considered normal right!”

“I’m so envious of her! Why does Young Master Yuan treat her so well! He already thought on her behalf and even initiated to give her spirit stones just so that she does not offend the Lu family!”

Huang Yueli heard his passionate intention but only smiled with a ridicule, totally not taking it to heart.

This successor of Sky Cloud City’s number one large family had really treated himself as Don Juan!

### **Chapter 916: Toad lusting after a swan’s flesh (1)**

It was just the first time they met and he had this look which seemed like totally devoted to her, as though she was an innocent young lady who had never seen the world?

She was very clear what went on in a man's mind. It was purely because he had seen her outstanding ability and exceeding innate talent which he felt was of value to him!

The so called admiration, rather than calling it admiration towards her, it might as well be labelled as the admiration towards her "value"!

Moreover, the proposal which he raised was even laughable.

A high grade cultivation method manual which was worthy of becoming a family heirloom was only worth a hundred thousand of upper grade spirit stones? Who was he trying to bluff?

Yuan Zeyu's idea, to be blunt, was still forcing her to back down. The only difference was retreating from a hundred steps had now become retreating a total of ninety nine steps only!

If he really wanted to help her, he should directly give her the cultivation method! No matter how strong Lu family's stance was, as compared to Yuan family, there still should have been some huge difference.

So in the end, Yuan Zeyu's consideration was still on his own benefits.

He hoped that he would not offend any side. On one hand, he wanted to win a favourable impression from Huang Yueli but he didn't want to offend the Lu family from marrying this legendary figure which was why he couldn't make up his mind.

As compared to Li Moying who stood by her unwaveringly, Yuan Zeyu was simply too weak for words!

If that man was here right now, he would probably had led her to Lu family to wreak havoc long ago.

In Huang Yueli's heart, she was very clear of this so even though Yuan Zeyu put on enamoured expression, it could not sway her emotions one bit.

But Li Xue'er who had always been following behind Yuan Zeyu had seen through the selfish nature behind that enamoured look which he had been putting on.

Seeing that she had finally gained some affection from Yuan Zeyu, but he actually \*\*\*\*\* did everything in favour of Huang Yueli, as though he had totally forgotten about her existence as his chaperon.

Li Xue'er was so angry that she was about to fly into a rage but as her capability was not adequate, she did not dare to challenge Huang Yueli.

At this moment, a thought flashed past her mind as she immediately revealed a sneer!

Li Xue'er moved swiftly and appeared in front of Yuan Zeyu, speaking out, "Young Master Yuan, stop trying to persuade her. Miss Bai she... she definitely would not accept your good intentions!"

However Yuan Zeyu's heart was totally filled with Huang Yueli and had completely lost interest in Li Xue'er.

Seeing that she came out so untactfully, he spoke out in an extremely impatient manner, "This is between me and her, it's of no concern to you? Get lost!"

Li Xue'er was so infuriated that she clenched hard on her teeth.

When she arrived at the banquet earlier, Yuan Zeyu treated her with the utmost respect and even appeared that he wanted to get more intimate with her. But it hadn't been that long before he turned stern and cold, and this was all because of Huang Yueli!

She cried out loudly, "Young Master Yuan, you have to consider this carefully. She already has a fiancé so she cannot be with you!"

"What??" Yuan Zeyu's expression changed instantaneously.

"What? Already has a fiancé? How is that possible?"

"Is this Li Xue'er talking blindly? Even if she wanted to defame someone, she also shouldn't defame in such a manner? Has she been muddled by jealousy?"

No one believed Li Xue'er's words because it sounded absolutely ridiculous!

As a practitioner's lifespan was very long, their cultivation period during their youths were critical. So generally speaking, they often married in a later stage of their lives and the more outstanding their innate talent was, the later they would get married. Only large families descendants would get engaged earlier because they often allied through marriage.

Huang Yueli's innate talent was so high and she was still so young. Moreover she was from a small country!

Which man from South Yue Kingdom, that rundown country was worthy of her?

### **Chapter 917: Toad lusting after a swan's flesh (2)**

She was already engaged at such a tender age? What kind of joke was that?

Yuan Zeyu calmed down after waves of shock rippled as he thought it could not be true.

"Li Xue'er, what nonsense are you sprouting? If you are to run off your mouth in such a careless manner again and offend my valued guest, don't blame me for sending you out of here!" He spoke sternly.

Li Xue'er continued in spite of his words, "Young Master Yuan, I'm not sprouting nonsense! Bai Ruoli and I both come from South Yue Kingdom so would I not know her background? Moreover her fiancé is not just anyone, he's my second brother! This matter is absolutely true and is known throughout my entire South Yue Kingdom!"

Saying that, she turned towards Huang Yueli, putting on an expression which looked like her heart was aching.

"Second Sister-in-law, my Second Brother usually treated you well! How could you pretend that you're single the minute you came to Sky Cloud City, thinking to fly up the branches? This simply...."

"Shut up——!"

Huang Yueli spat out the two words as she unleashed the Profound Energy within her.

Li Xue'er was just standing by her side and immediately felt her blood raging from her oppression and couldn't speak a single word.

Huang Yueli gave a cold harrumph, "Since when had I not admitted the marriage arrangement? And which eye did you see that I'm hoping to fly up the branches? Li Xue'er, you must be held responsible for slandering others!"

"You.... you obviously... obviously was trying to seduce Young Master Yuan....."

Li Xue'er took a few steps backwards as she forcefully hissed this sentence out from the gaps of her teeth.

A resounding 'slap' landed on her face as Huang Yueli gave her a tight slap.

Li Xue'er's face instantaneously became swollen as she held onto her face, staring unbelievably at Huang Yueli.

"You..... you....."

She really had not thought that the minute they had the slightest disagreement, Huang Yueli immediately struck out and hit her! She could not even be bothered to debate any further!

"What you? You claimed this earlier, I'm your Second Sister-in-law! You spoke at will without thinking and sprouted nonsense, you have no upbringing at all! Since your parents and brothers are not here, then I shall educate you on behalf of your Second Brother!"

Saying that, she continued slapping Li Xue'er's face continuously for ten over times and Li Xue'er was totally unable to avoid and very soon, her face was swollen like a pig head!

Huang Yueli intentionally didn't use much strength. Otherwise just one slap of Li Xue'er's would have sent her flying at least one hundred meters and above!

When the audience saw a fourteen, fifteen young beauty using a senior position to lecture her "sister" who apparently was older than her by several number of years, they were all blown away by this.

Li Xue'er felt that her face was so hot as though it was on fire!

Huang Yueli was obviously humiliating her on purpose and she would rather faint rather than stand there and let her slap continuously! Now that so many people were watching her being slapped and berated as though she was lecturing a three year old brat, this had reduced her to a complete laughing stock!

In the end, the fury got to her and it caused her to faint as per her wishes!

Yuan Zeyu then regained his senses as he stared blankly at Huang Yueli asking in an unbelievable manner, "You... you really have a fiancé??"

Huang Yueli nodded, "That's right, I indeed have a marriage agreement!"

Usually she wasn't willing to admit the marriage agreement with Li Moying but at this moment, using him as a shield wasn't a bad idea after all.

“This... how could this be possible?” Yuan Zeyu asked in shock, “With your innate talent, why would you get engaged in South Yue Kingdom? Your fiancé..... what kind of person is he?”

Huang Yueli smiled, thinking if she really told the truth, it would scare him to death!

But she didn't want to make matters bigger than it was already so she avoided the main points and said simply, “Hasn't Li Xue'er already said it? It's her Second Brother! Li Xue'er is the Seventh Princess of our South Yue Kingdom and my fiancé is the Second Prince.”

### **Chapter 918: Toad lusting after a swan's flesh (3)**

“Second Prince...” Yuan Zeyu revealed an ignorant expression.

Although the position of a Second Prince from a bordering small country sounded big, but most of them had seen the world and naturally knew that this kind of status in Soaring Heavens Continent was not worth anything at all!

A beautiful lady with exceeding innate talent actually got engaged with this kind of character??

This totally was illogical? Could it be that Huang Yueli was too young and didn't understand what was going on and was cheated by that honey-mouthed superficial man?

Yes, that must be it!

This lass was so young and was fixed on cultivation so she should not have met many real men!

Yuan Zeyu thought that he had guessed the truth and hurriedly advised, “Miss Bai, as a practitioner, it's too early to get engaged! Moreover, with your innate talent, you should find a man who is worthy of you! How would you get engaged so easily? But no matter, based on your current ability, there's no one who can match up against you so even if you go back and decline this engagement, no one would be able to stop you!”

“Who said I want to decline this engagement? Young Master Yuan, isn't your scope of concern too wide! I like my fiancé very much and I've decided to only marry him!” Huang Yueli bore a face of contempt.

“But, Miss Bai.....”

Yuan Zeyu wanted to persuade further upon hearing that she obstinately persisted in going about things the wrong way.

Huang Yueli had already lost her patience as she spoke curtly, “Young Master Yuan, please cut down on the nonsense. Just one word, this << Divine Martial Record >>, are you giving it to me or not?”

Yuan Zeyu was stunned, not expected her to totally disregard his suggestion, \*\*\*\*\* and was only thinking of the stakes earlier.

“Miss Bai, it's not that I'm intentionally not giving it to you but.....”

Huang Yueli cut him off abruptly, “I understand now, Young Master Yuan, stop these nonsense! I challenge you! If you win, I will write off the << Divine Martial Record >> matter. But if you lose... Yuan

family will also need to use a set of cultivation method which was of equal value to the << Divine Martial Record >>!”

The surrounding practitioners broke into a bustle when they heard their exchange.

“Heavens, Bai Ruoli has gone mad, she actually issued a challenge to Young Master Yuan!! She had won against Young Master Lu purely out of luck and thought she really had the ability to challenge Young Master Yuan?”

“She simply hasn’t got any self awareness. I’ve never seen someone who is unable to tell good from bad. Young Master Yuan is already giving her consideration in all ways and even willing to give her a hundred thousand upper grade spirit stones, how much money is that! I’ve never seen that much spirit stones in my entire life! She actually don’t know how to quit while one is ahead!”

“Right, give her an inch and she wants a mile! Why would Young Master Yuan like her? She already has a fiancé and she’s still getting involved with Young Master Yuan!”

Various voices laid with envy and contempt could be heard.

Huang Yueli’s gaze was fixated on Yuan Zeyu as she waited for his reply.

Yuan Zeyu bore a perplexed expression. Although he didn’t believed that he would lose, but he also didn’t want to face Huang Yueli with combat!

Even though he knew that she already had a fiancé, but he had no intention to give up!

Because from what Yuan Zeyu saw, a Second Prince from a neighbouring small country was simply a joke so how was he to snatch his woman from him? Simply a toad lusting after swan’s flesh!

This kind of rival, he couldn’t be bothered with him and would directly disregard him.

So Yuan Zeyu’s thinking had not changed at all and he was still insistent on winning Huang Yueli over!

If he were to injure his little beauty, then they would become foes in future so how was he going to be able to woo her successfully?

### **Chapter 919: Young Sect Master showing off his sovereignty (1)**

“Miss Bai, don’t be so rash! I’m not going to accept your challenge so for this matter, let’s sit down and have a good discussion.....”

As Yuan Zeyu said that, he shot forward and tried to pull Huang Yueli’s hand.

Huang Yueli frowned and just as she was attempting to avoid him, whoever knew that she had just took half a step backwards and immediately she bumped into a solid object.

“Ah.....” she had not expected anything behind her to be obstructing her so she received a huge shock.

But immediately following that, a well-built arm wrapped around her slender waist and brought her into a man’s solid embrace.

At the same time, Yuan Zeyu's expression changed as he gave a blood curdling screech and flew outwards!

As the unexpected changes were too sudden, no one was able to react in time and the atmosphere became completely silent.

Huang Yueli felt a familiar overbearing imposing manner charging towards her as she turned around in shock.

That incomparably handsome face of Li Moying's appeared right in front of her face.

"You..... why are you here?" Her mouth was slightly agape as she bore a face of shock.

Li Moying's perfectly sculpted face was filled with icy cold frost and his gaze was deep and stern. His emotionless thin lips curled upwards and his lower jaw started to tighten.

Anyone could tell that his mood was bad, extremely bad. It was even more appropriate to say that it was vile to the extreme!

The arm that Li Moying had around her waist tightened even more as he lowered his head and using a possessive attitude, he kissed her lightly on the corners of her lips.

"This is a banquet to celebrate the start of the school term so since I'm also a student of Celestial Light Academy, why can't I come?"

"But....."

But what status did Li Moying have? He would attend such a boring banquet?

Li Moying touched her fair white complexion as his gaze sunk, "If I didn't come, how would I know that there's a fly who's been eyeing my woman?"

Huang Yueli's face started to turn into a deep scarlet red as she was stared at deeply by an ambiguous and passionate gaze.

"What about your.... your woman..."

She protested softly which made Li Moying's icy cold expression revealed slight signs of melting.

Just at this moment, Yuan Zeyu who had been sent flying and entering a short round of concussion suddenly started to regain his consciousness.

With the support of his guards who helped to support him up, he clenched his teeth and shouted in anger, "Who are you?? What guts do you have? How dare you create a scene in our Yuan residence..."

Before he could complete his sentence, he suddenly caught a glimpse of Li Moying who was stuck close behind Huang Yueli as his word of threat suddenly got stuck right in his throat.

Yuan Zeyu was tongue tied as he saw the sudden appearance of this handsome man as his heart suddenly trembled and his legs gave way, almost falling onto the ground once again.

How... how was it possible that it was him??

The others didn't know Li Moying's real identity but as the Eldest Young Master of Sky Cloud City's number one large family, Yuan Zeyu had already gotten word from Principal Jiang on Li Moying's identity. He had even had the honour to battle with him on his first day of appearing at Celestial Light Academy, and had always been proud of this.

So he was the only one there who knew that Li Moying was Celestial Light Sect's Young Sect Master!

"Yo.... Young....." his voice started to quiver.

Li Moying's cold intent swept across to him.

Yuan Zeyu suddenly recalled that Principal Jiang had reminded him that Young Sect Master's arrival at Celestial Light Academy was a top secret and he didn't wish to reveal his identity so he must keep his mouth shut on this.

He hastily changed his words, "Se.. Senior Brother Li, you.. why... why have you suddenly come?"

### **Chapter 920: Young Sect Master showing off his sovereignty (2)**

When those present heard what he said, they suddenly recalled the identity of this man who had suddenly appeared.

"Senior Brother Li?? Surely it can't be? Could it be that he's the one..... who just came and had already defeated Young Master Yuan to become the Martial Arts Stage number one ranking Senior Brother Li?"

"That's right, it's him! I'd seen him from afar once in the crowd! To think that he was already so handsome when I saw him from afar. I'd never expected that he was so handsome up close, his looks will probably incur the wrath of God and anger of men. Heavens I'm going to faint....."

"But, why would Senior Brother Li..... why did he suddenly appear here and even hug Bai Ruoli that rightly? Could it be that she and Senior Brother Li has some relations?"

"This... is impossible, how can it be possible? For Young Master Yuan to like her, we can forget about it. Senior Brother Li is even more handsome and more powerful, so how could he possibly like her! That's just impossible!"

The female students there all burned their jealous gazes tightly onto the two who were in deep embrace.

However, Li Moying's opening sentence shattered all their dreams.

"Yuan Zeyu, your guts is not small at all, how dare you have designs on my fiancée!"

"F.... Fiancée....?"

Yuan Zeyu was in a daze as he momentarily didn't catch the gist of what he meant by that word.

He followed Li Moying's line of sight and looked towards Huang Yueli and he responded blankly, "Senior Brother Li, the fiancée you mentioned... surely it cannot be..... cannot be Miss Bai right?"

Li Moying held tightly onto Huang Yueli's slender waist as his chilly voice was about to form into icicles.

“What – do – you – think?”

“Ugg, ah? But, but... earlier hadn't Li Xue'er said Miss Bai already has a fiancé and he is her second brother... ugg.....”

As Yuan Zeyu was talking, he suddenly seemed to think of something as the sweat that formed on his forehead started to drip downwards. Not long ago, his entire body was drenched in sweat.

Heavens, why didn't he thought of this? Li Xue'er, Li Moying, aren't their surnames all Li? Could it be that Young Sect Master was Li Xue'er's second brother and was rumoured as Huang Yueli's fiancé??

That's right, in the past he had also heard rumours that Young Sect Master was not born in the Sect but was brought back from a small country in the south!

With both evidences linking up, Huang Yueli's fiancé's identity was portrayed vividly!

The more Yuan Zeyu thought, the more afraid he became and his expression turned so pale as though he was no different from a dead person.

Recalling back that he even had the thoughts earlier that this lass's fiancé was definitely some toad lusting after a swan's flesh and had no qualifications to snatch a woman from him, he couldn't wait to use a slap to beat himself to death!

Heavens, why was he so dumb and had not thought of this much earlier?

Huang Yueli's innate talent was so outstanding and her looks and temperament were so unique, moreover her mannerism had the demeanour of an influential family so it was not possible for her to be a silly goose who would be cheated by any man. How could the man who had entered her eyes be some ordinary person!

Thinking back, for her to get engaged at such a tender age, naturally it would be because.... she had found another peerless talent who was worthy of her to be her fiancé!

Unfortunately, he had understood all of these a bit too late.

Looking at Li Moying's emotionless and icy cold gaze, Yuan Zeyu really wishes that time would turn back and he had never said such silly words!

To have designs on the Young Sect Master's fiancée and to be caught red handed!

Who didn't know the status of Li Moying in Celestial Light Sect? Although he was the Young Sect Master, but in actual fact, even Sect Master Murong had treated this disciple with utmost respect and dared not used any harsh words.

This time since he had offended Li Moying, perhaps he might not even be able to carry on in future!
