

## Weaponsmith 931

### Chapter 931: You're jealous? (5)

"I saw her acting suspiciously and asked her over to interrogate her. She was extremely anxious, saying that you had offended a woman in the Honorary Association by the surname Lu and even ran over to Lu residence rashly with the intention to wreak havoc! She was worried you would be at a disadvantage but didn't know how to find you...."

"Ah! That's Sister Su!" Huang Yueli cried out in shock.

Li Moying continued, "En, that woman claims she's called Su something. Anyway when I heard about this matter, I was worried so I went over."

Huang Yueli sighed, "Heavens, Sister Su simply loves to ask things and she's extremely naggy. She would definitely ask me what relationship we have!"

Li Moying indifferently swept her a glance as he emotionlessly gave her a strike, "She won't question you because she had already asked me directly and I've already told her that I'm your fiancé!"

Huang Yueli was exasperated as she snorted, "Y...Y...You.. how could you go around spouting nonsense?"

Li Moying's expression instantly turned slightly sinister as he replied in an extremely annoyed manner, "What spouting nonsense? Am I not your fiancé? Earlier in the Yuan residence, when you needed to use me, you said I'm your fiancé! Isn't it a little too quick for you to destroy the bridge after you've crossed the river? You're not going to admit it now?"

"Uggg..." Why did it sound like she was at fault?

"Moreover, your denial now is too late! Earlier at Yuan residence's banquet, those students with some status in Celestial Light Academy had all attended and all of them heard about our engagement. By tomorrow, the whole school will know about it! It's too late for you to deny this!"

Huang Yueli discovered sorrowfully that this really seemed to be the case....

Ai, why was there always a way to get tangled with Li Moying and herself?

Li Moying saw her despondent look and his tone immediately turned stern, "You little lass, can you let me save some effort? Can't you quietly stay in the academy and cultivate? Moreover if you wanted to go to the Yuan residence, how could you not even inform me?"

Huang Yueli explained, "I only decided at the last minute so where can I find a chance to tell you? Moreover, it's not a must for me to inform you right? That kind of level that Yuan Zeyu has, I can deal with him myself and won't be bullied...."

Huang Yueli didn't thought much of it as she talked on.

The more Li Moying heard, the uglier his expression became and with a flip, he pressed Huang Yueli below himself.

“Hey, you.....” Huang Yueli originally wanted to scold him but on seeing Li Moying’s gloomy like dark water expression, her heart jerked and shut her mouth up.

This man.... he really seemed like a natural superior. When he got really angry, even she became flustered.

Li Moying stared at the young lady with love and hate in his eyes. This little thing was both smart and powerful, even a man like him who had eyes on the top of his head often felt shock and admiration from her performance!

But sometimes she was just too over-confident and he didn’t know what to do about it.

Thinking on, he started to restrain his imposing manner and breathed deeply, “Li’er, do you know that I’d be worried about you? I know that your ability is very strong and you have many aces which can help save your life. But I will still worry about you! Even if you just treat me like a friend, can you please consider my feelings, okay?”

Not knowing why, when this man acted overbearing, Huang Yueli felt that she could resist against him with some underlying power.

But once he relaxed his stance, Huang Yueli felt as though she had done something wrong to him and started feeling guilty.....

### **Chapter 932: You’re jealous?(6)**

To be stared upon by that limitless gentle peach blossom eyes, she felt her heart jump, was unable to say any words of rebuttal and could only mumbled softly, “Alright...”

Li Moying finally smiled, “Luckily I went! Otherwise that Yuan fellow’s salted pig trotters almost touched your hand! You really... still dare to say me, I think you’re apt at attracting bees and butterflies!”

Huang Yueli blinked her big watery eyes displaying an innocent look, “Attract what bees? Attract what butterflies? I’m such a righteous person..... moreover, if I don’t even get attracted to you, how could I possibly take interest in Yuan Zeyu that kind of quality, am I right?”

Li Moying nodded as he felt more appeased, “That’s true!”

Huang Yueli took the opportunity while he let down his guard as she pushed at his chest, pushing him aside before flying down the mattress.

“Alright, I want to start cultivation so don’t disturb me. Go one side and play by yourself!”

Seeing his little fox run away as though she was fleeing for her life, Li Moying’s lips revealed a smile. Why was his little thing so adorable?

Moreover her sights was good as well, knowing how to admire his.... wait a minute!

Li Moying seemed to have thought of something as the smile on his face petrified.

Earlier what that little thing was saying was although she wasn't attracted to Yuan Zeyu, and he was much better than Yuan Zeyu, but in the end, she still had no interest in him!

And he actually foolishly nodded along?

He was tricked by this little thing once again!

.....

New top student Bai Ruoli and the mysterious Senior Brother Li was actually a pair of fiancé and fiancée!

This heavyweight shocking news spread quickly in the entire Celestial Light Academy! It made everyone faint with shock!

Besides that, the events which had occurred in the Honorary Association banquet was spread around as well and adding oil to fire, the twists made it sound even more magical.

Huang Yueli had defeated Li Zijue with just one move and leapt to Martial Arts Stage rank three!

Not to mention that fact that Li Moying's appearance totally stunned Yuan Zeyu, even Yuan family's Lord had automatically appeared and tried ways and means to get into his good books!

At the beginning, some of them thought that it was just a rumour. But later on, as Yuan Zeyu announced that he was going into closed door cultivation and really had not appeared for several months did everyone seriously acknowledge this and revered Li Moying.

At one point in time, guesses towards Li Moying and Huang Yueli's identities became the number one hot topic in Celestial Light Academy. There were several hundred different versions but yet no one had guessed that Li Moying was Celestial Light Academy's Young Sect Master.

This was because the disparity between ordinary students and a highly respected sect like Celestial Light Sect was simply too far apart!

From then onwards, Li Moying had transformed into a piece of chewing gum, sticking closely next to Huang Yueli.

In reply to her resistance, Li Moying spoke convincingly, "Stop the resistance. Now everyone already knows that you're my fiancée! Even if I don't follow you around, the result is the same!"

This loving little couple had attracted everyone's envy in the entire Celestial Light Academy.

Every single time they appeared in the academy, they could feel all the envious and jealous gazes from all around them.

This couple, no matter male or female, both were so powerful and their innate talent had already crushed the same levelled generation of Celestial Light Academy. Their CP level was so high and their relation was so close as well! They were both so young but had already met and gotten engaged with each other who could grow up together.

This not only made others feel the lack of being envious, but could only lament that comparing one to another, why was there such a huge difference!

## Chapter 933: Shameless Vixen (1)

Celestial Light Sect, Rear Mountain.

Jiang Tuxin took quick steps as he rushed into the Sect. On his way, quite a number of people recognised him.

“Principal Jiang, what’s going on? How come you’re back at the Sect at this kind of timing?”

“This.... I’m not too sure too. I received an urgent recall message from Sect Master and hurried back to our Sect. Has something major happened to the Sect?”

“Ah? How could that be? How come I didn’t hear anything about this?”

Jiang Tuxin ran into the main hall confused, but he didn’t see Sect Master Murong. Only a beautiful young lady sat on the chair, holding up a cup of tea, with an expression bearing that she had been waiting for a rather long time.

Jiang Tuxin was stunned, “Eldest Young Miss... how come you are here..... May I ask... Sect Master Murong.....”

Murong Fei cut short his sentence, “Principal Jiang, are you looking for my father? But the one who had issued you with the recall message is me, not my father!”

“Ah?” Jiang Tuxin was even more surprised as this was the first time he had met with such a matter. Moreover, he wasn’t close to Murong Fei. He had been helming Celestial Light Academy and had no association with Murong Fei at all so this was the first time he was meeting Murong Fei alone.

What matter.... could this Eldest Young Miss be looking for him for?

Jiang Tuxin started to get suspicious but still replied her respectfully, “Eldest Young Miss, may I know what instructions do you have?”

Murong Fei didn’t speak but just raised up her tea cup and sipped lightly on it, carefully tasting the tea, ignoring Jiang Tuxin.

Jiang Tuxin instantly felt embarrassed but more than anything, a dissatisfied feeling indistinctively started to arose!

No matter what, he was an eight stage realm practitioner and was an Elder in Celestial Light Sect. Murong Fei didn’t show him any respect at all..... even if it was Sect Master Murong himself, towards these elder subordinates like himself, he treated them with much respect.

Jiang Tuxin waited for quite a long time and since Murong Fei still kept quiet, he could only speak up, “Eldest Young Miss, please speak your mind on why you were looking for me.”

A crisp “Bang” sound rang!

Murong Fei smashed the tea cup which she was holding onto the ground and the exquisite porcelain cup was smashed into smithereens as the boiling hot tea splashed everywhere.

She sneered coldly and with an icy cold voice, she snapped, "Principal Jiang, I usually treat you rather well isn't it? My father treats all of you with the utmost respect and this is how you repay our Murong family!"

Jiang Tuxin frowned, not expecting her to throw such a huge temper.

"Eldest Young Miss, what do you mean? Forgive me for not being able to comprehend....."

"You're still pretending to act blur!" Murong Fei's eyebrows stood up, "Alright, let me ask you. That little vixen called Bai Ruoli, where did she appear from!"

Jiang Tuxin went into another blank, "..... Bai Ruoli?"

He instantly realised what had happened and felt that things were not going to be too well.

Murong Fei's dainty face revealed a sinister expression.

"Don't tell me you don't know who is Bai Ruoli! I've heard from many that this wretched lass from a countryside is now in Celestial Light Academy and she is so shameless that she actually dared to seduce Eldest Senior Brother! I've also heard that she's so thick-skinned to assume the identity of his fiancée?? Is there really such a thing?"

"This....." Jiang Tuxin didn't know how to reply at that moment.

Regarding Li Moying and Huang Yueli's matter, there wasn't anyone in Celestial Light Academy who didn't know about it and as the Principal of the academy, naturally he could not pretend that he didn't know!

As a matter of fact, there were many teachers and top exponents who didn't know about the truth who had dropped by to congratulate him, saying this was one of Celestial Light Academy's anecdotes!

### **Chapter 934: Shameless Vixen (2)**

In Jiang Tuxin's ears, he was crying out bitterly in silence.

What anecdote was this!

He didn't know what Young Sect Master was thinking about, to actually appear together with Bai Liu Feng's daughter and he also heard that he had admitted personally that the both of them had a marriage arrangement!

But those who knew Li Moying's real identity were all very clear that Celestial Light Academy's Sect Master Murong had always treated him as his future son-in-law and news regarding Li Moying and Murong Fei's marriage arrangement had been rumoured for many years.

He didn't know if Sect Master Murong knew that Li Moying had found himself a fiancée?

Even though he was flustered, but no matter what an overbearing man like Li Moying wanted to do, it wasn't something which Jiang Tuxin could dabble in so he could only pretend that he didn't see anything since he didn't want to offend either side.

But who would have expected that even if he didn't sought trouble, trouble came knocking on his door instead.

Murong Fei actually got him here personally to question him.

Facing Murong Fei's piercing gaze, Jiang Tuxin deliberated as he spoke out, "Eldest Young Miss, Young Sect Master is indeed in Celestial Light Academy but he only mentioned that he needed to read up on some classics in the Sutra Depository and moreover he had some matters to settle in Sky Cloud City so he needed a place to stay temporarily. He's not considered as an official student in Celestial Light Academy and you also know that with Young Sect Master's temper, I don't dare to check on Young Sect Master's whereabouts. So I'm not clear on what he does in Sky Cloud City....."

Upon hearing such an obvious attitude on avoiding the important and dwelling on trivial matters, her anger arose.

"Jiang Tuxin! Do you treat me as a fool? How dare you actually try to be perfunctory with me! I've already told you clearly that someone had already informed me on the actual situation! Eldest Senior Brother spends every day in Celestial Light Academy and rarely leaves. Moreover, the entire academy's students all know that he and that little vixen had a marriage engagement! They also acknowledge that they are a couple! I've also heard that the both of them are staying together! Since the truth is so, you still dare to tell me that you don't know anything??"

Her tone was harsh with a severe expression, feeling a burst of fire ignite within her chest area about to burst out.

The minute she recalled her "informant" describing how loving Li Moying and that wretched lass were, she was so infuriated that she could not bear to kill that little vixen!

Eldest Senior Brother actually personally stood up for her at Yuan family! And even fed her personally! Accompanied her to cultivate every day!

She also heard that in order to please Li Moying, some of them even greeted her directly as Sister-in-law!

This really was.... simply outrageous!

She was the one who was a couple with Eldest Senior Brother! Only she was worthy of a peerless talent like Eldest Senior Brother!

That wretched lass from the countryside, she had obviously sent Zuo Fangping to murder her but the end result was she had not died and appeared once again! What's more, she appeared at the same place as Li Moying! And even brazenly displayed their conjugal love!

The more Murong Fei thought, the angrier she felt as her right hand swept everything on the table onto the ground!

"Fa la la" was heard as the tea set consisting of tea pot, tea cup and pastries were all swept onto the ground!

Even Jiang Tuxin had a great shock!

In his impression, Eldest Miss Murong of the Murong family had always been noble and elegant and she bore a unique grandeur of a large Sect's daughter. She had always seemed gentle and refined, as though a fairy.

Who would have expected that her temper was so ruthless!

As expected, one could not judge another just based on looks!

Jiang Tuxin suddenly came to realize why Li Moying liked Huang Yueli and didn't like Murong Fei.....

### **Chapter 935: Shameless Vixen (3)**

"Jiang Tuxin, listen carefully!"

After Murong Fei had vented her frustration, she suddenly clutched her chest, sat down and turned towards Jiang Tuxin.

"Yes, I'm here..." Jiang Tuxin responded in embarrassment.

A cold glint flashed past Murong Fei's eyes, "When you return back today, find a reason to expel that wretched lass from Celestial Light Academy! It's best if you can cripple her cultivation and break all her four limbs before throwing her into the wild directly! I want to see that wretched lass disappear from Celestial Light Academy within three days from now, do you hear me?"

She clenched her teeth as she imagined herself tearing Huang Yueli into seventeen or eighteen pieces!

As long as that wretched lass left Celestial Light Academy, she had plenty of ways to get rid of her silently!

Otherwise with Celestial Light Academy's tight internal security and with Li Moying staying close to her almost every minute, even leaving his Shadow Guards to protect her, if she wanted to harm her, it would not be easy at all.

But silence responded to Murong Fei's question.

She raised her head and saw Jiang Tuxin's indecisive expression and started to get angry again.

"Jiang Tuxin, did you hear what I just said?"

Jiang Tuxin replied her perplexedly, "I heard what you said but Eldest Young Miss, forgive me for not being able to do according to what you requested!"

"You..." Murong Fei's eyes almost popped out, "I'm the Sect Master's daughter! Just asking you to expel a student from Celestial Light Academy, can't you even do a simple thing like this properly?"

Jiang Tuxin responded, "Isn't Eldest Young Miss asking the obvious? If she was any ordinary student, of course that wouldn't be a problem. But Bai Ruoli is not ordinary at all! Even if she had no relationship with Young Sect Master, she is also the number one genius which Celestial Light Academy had recruited in the past one hundred years! Merely fourteen years old and she is already ranked third in the Martial Arts Stage, this is something which was unprecedented in history! Such a peerless genius is not

commonly found and I must win her over for our Sect so how could I chase her away? This is a huge loss to Celestial Light Sect!”

“You..... I don’t care about your loss or not? Celestial Light Sect already has a lot of talents! That wretched lass is considered a genius at that broken academy but as compared to our Sect, she’s just so so. We won’t suffer any loss without her anyway?” Murong Fei replied savagely.

Jiang Tuxin shook his head silently, this was simply twisting words and forcing her logic on others!

Such a talented young lady like Huang Yueli was extremely rare and it was a miracle that she enrolled for Celestial Light Academy. It was considered as Celestial Light Sect’s dog sh\*t luck! He would really be dumb if he chased her away! It wasn’t easy for a huge piece of cake to drop down from the sky and he had to throw it away?

Murong Fei had stayed in the Sect normally and probably didn’t know how high was Huang Yueli’s innate talent.

Jiang Tuxin didn’t want to explain to her in detail and only replied, “Eldest Young Miss, things aren’t that simple. Regarding Bai Rouli’s matter, I’ve already reported to Sect Master and Sect Master also said that this kind of genius ought to stay in Celestial Light Sect, so how can I go against his command?”

Murong Fei was extremely incensed, “Good, very good! You actually bring my father into the picture thinking that this can scare me off? I’m telling you, my father doesn’t know how shameless that wretched lass is! If he knew that Bai Ruoli actually seduced Eldest Senior Brother, he will absolutely not allow that vixen to continue staying in Celestial Light Academy!”

Jiang Tuxin replied, “If that is Sect Master’s wish, then I will follow accordingly. But I must receive Sect Master’s command personally before I proceed. Otherwise if I were to misunderstand his wish, then I absolutely cannot take up this responsibility!”

#### **Chapter 936: Shameless Vixen (4)**

Murong Fei’s face flushed red, “Good, so that means that you don’t put me in your eyes and is unwilling to listen to my commands?”

“Eldest Young Miss, please don’t misunderstand. How would I dare not to respect you? Only I don’t dare to not listen to Young Sect Master’s commands.... He has already said told me to protect Bai Ruoli.... Furthermore, Young Sect Master and Bai Ruoli’s marriage arrangement was verified by himself personally.....” Jiang Tuxin tried to explain.

But the minute Murong Fei heard how deep Li Moying felt for Huang Yueli, she couldn’t bear with it any further.

“Enough, since you only have Young Sect Master in your eyes and don’t have me the Eldest Young Miss, then scam! Don’t blame me for not reminding you that since you dare to go against me, you won’t have any good consequences!”

Jiang Tuxin hurriedly ‘scrammed’ and it was only when he reached the entrance that he wiped off the cold sweat on his forehead.

Looked like he had completely offended Murong Fei!

It seemed that he had gotten into big trouble for no apparent cause!

But he didn't have a second route to choose because as compared to Murong Fei, he didn't dare to offend Li Moying even more!

After the few rounds of interaction with this Young Sect Master, he could deeply felt that this Young Sect Master was a sleeping dragon and by the time he awoke and flew straight into the skies, he probably wouldn't even care about the entire Celestial Light Sect!

Jiang Tuxin self-admitted that he was no silly goat and it was more than obvious who he should listen to.

.....

After Jiang Tuxin left, a masked man appeared behind a screen in the main hall.

Upon seeing Murong Fei's sinister expression, he revealed a chilly grin behind his mask.

But the minute he neared her, he changed his tone and gave his earnest advice, "Eldest Young Miss, this proved that I am indeed not lying to you right? That Bai Ruoli had indeed seduced Young Sect Master and even enchanted him! This news had not been sent back to our Sect because Jiang Tuxin had been listening to Young Sect Master's commands to strictly stop those people who knew about it from spreading the news to the Sect."

"How dare this old fellow do this! He actually helped that other woman! Even daring to hide the fact from my father!" Murong Fei clenched her fists so hard that her fingernails dug deep into her palms, "Looks like you are the only one who is truly loyal to the Sect!"

The mysterious man lowered his head, "I do not dare to forget my origins and naturally I am clear on who my Master should be!"

Murong Fei smiled slightly upon hearing what he said.

"Luckily, at least you are standing by my side! Since Jiang Tuxin doesn't know what's good for him, I naturally have my own ways to make things difficult for him! You only need to follow my commands and continue helping me to spy on them. I'll give you further instructions when it's time for you to make a move."

Mysterious man responded, "I am willing to be of service to Eldest Young Miss!"

After the mysterious man left, Murong Fei leaned against the chair and looking at the meson the ground, signs of jealousy could not be hidden in her eyes.

"Bai Ruoli! How dare you try to snatch Eldest Senior Brother from me... this time round, I must make sure that you die without a burial ground!"

.....

Whatever that had happened in the Sect had not been transmitted to Celestial Light Academy.

Together with Li Moying, Huang Yueli felt that time flew by quickly and unknowingly, quite an amount of time had passed.

Although Li Moying was very sticky, but occasionally he also had his own matters to settle.

At that kind of timing, Mo Yi would personally come to report and brought him away.

Huang Yueli finally had the chance to throw away that piece of gum and moved about freely on her own. That feeling was akin to a prisoner being released out for some fresh air!

This fateful day, Li Moying was called away by Mo Yi whereas Huang Yueli was staying alone in her courtyard when she heard someone knocking on her door.

### **Chapter 937: Forming the Blood Pact (1)**

She responded, "Come in."

Su Qingyue pushed the door open and behind her were ten over people. Those people were that team of people made up from the small countries when she just enrolled into the school.

Huang Yueli squinted her eyes and had already guessed their intentions for this visit.

Su Qingyue said embarrassedly, "Sister Li, they insisted on asking me to bring them along and I was in a difficult position to reject them.... If this really disturbs your cultivation, then we won't enter."

Su Qingyue had not expected this herself that after the last time Huang Yueli and this bunch of people had parted on an unhappy note, they still wanted to look for her again and even pestered her around for a couple of days. Su Qingyue was easily embossed and could only brought them along.

Huang Yueli smiled, "Doesn't matter. Since you're already here, why don't the few of you speak your mind and tell me why you're here for?"

Yu Xinyang walked upwards and faced her as he clasped his fist into his other hand and bowed before speaking up, "Miss Bai, the purpose of my visit is firstly to apologize to you. The last time we were here, we had offended you. Secondly is to thank you. That scroll of Earth grade lower level cultivation method which you gifted us previously had done us a huge favour! Lastly, I've come specially to defect myself to you. Would you please accept me as your subordinate and form the Blood Pact with me. I'm willing to be of service to Miss Bai!"

The minute he spoke, the ten over people standing behind him started to respond as well.

"That's right, Miss Bai, we're all willing to form the Blood Pact. Please take us in!"

"Miss Bai, we had eyes but could not see previously and we've realised our mistake!"

"Please be magnanimous and forgive us!"

When Huang Yueli heard their requests, her lips curled upwards and noncommittally replied, "The last time I had already given all of you a chance to form a Blood Pact with me but at that time, you had

rejected. I said this previously that you will all be back to beg me! Moreover, by then, I will not take you in easily!"

All of their faces became perplexed.

Yu Xinyang replied without any hesitation, "Miss Bai, I am willing to follow you from the bottom of my heart. If you have any other requests or tests, please list them out!"

Huang Yueli then responded, "Since that's the case, previously I had stated the first step of my test. Do you still remember when I passed you that Earth grade cultivation method? I said earlier that if you're able to cultivate successfully that cultivation method and also defeat the core student who had constantly been bullying you, then come back and look for me! So now, I want to know who had been successful in cultivating that manual?"

All of them looked at one another.

Yu Xinyang and Su Qingyue were the first to raise their hands and thereafter, another five to six people also raised up their hands.

Huang Yueli asked, "Just the few of you?"

No one else responded.

So she spoke up again, "For those who had not managed to learn that cultivation method, you can now scram! I don't need any trash here!"

When she said that, those few who had raised up their hands heaved a sigh of relief, whereas those who didn't had a ugly expression on their faces.

Someone tried to defend himself, "Miss Bai, you... how could you do this? Your requirement is just too high! That is an Earth grade cultivation method and all of us had never learnt such a high levelled cultivation method previously so even if we could not learn it successfully, surely it's understandable right? Moreover, you only gave us that little bit of time! Although our aptitude are much lower, but we're also willing to do things for you. Things like running errands or simple stuff like that, we're all willing to do so!"

Huang Yueli indifferently shot them a glance as she said, "That's right. The grade of this cultivation method is indeed high and the time that I gave is indeed too short so most of you are not able to learn it successfully."

### **Chapter 938: Forming the Blood Pact (2)**

When they heard what she said, their expressions turned joyous as they thought she had relented having listened to their thoughts, willing to take them all in.

Who knew that Huang Yueli continued, turning her words with a sharp twist, "..... so the majority of you are trash! This manual is something which I used to eliminate the majority of trash around! Scram immediately! Don't make me repeat myself for the third time!"

Her tone suddenly turned stern as her gaze became chilly while unleashing her Profound Energy, immediately suppressing all those present!

Her cultivation was now at third stage realm ninth level and in Celestial Light Academy, only Yuan Zeyu and Lu Zijue were same as her so her cultivation was an absolute crush on them.

Adding on to the fact that she had defeated Lu Zijue, her fame was even more widespread and no one dared to belittle her now. Instead the minute they heard her name, some even felt frightened!

So those few people were so scared that they started trembling and not daring to say anything more, they hurriedly turned around and ran away.

Huang Yueli turned her vision to the remaining seven people and as her gaze swept past the few of them, she suddenly gave a chilly snigger.

She raised her right hand and a burst of fire attributed Profound Energy shot out from her fingertips!

With a "Bam", it hit the third male student who was lined up on the left hand side.

He immediately flew outwards and vomited a mouthful of blood in the air before he banged right onto the wall and subsequently falling down onto the ground with his face down, unable to get it.

Everyone was shocked.

"Miss Bai, you.... this...." Yu Xinyang's eyes popped out in shock.

Huang Yueli said coldly, "Have I ever told you all that I especially hate it when others try to deceive me! Or did you guys think that just because I'm young, my sight is bad and could not tell whether you had managed to learn that cultivation method! He obviously had not learnt it and still trying to fish in troubled water, does he think that I'm a fool? On the accord that you're also from South Yue Kingdom, I'm only severing three of your meridians as a small scale punishment to prevent a large scale repetition!"

The male student who was lying flat on the ground trembled!

He had not expected that Huang Yueli actually saw through it!

His luck was considered good as he was on the boundary of advancement and after he cultivated the Earth grade cultivation method, although it was not completed, but because of that he had advanced. He was thinking that he could pretend that his advancement was because he had successfully learnt the cultivation method and show himself in front of Huang Yueli.

His scheme went rather well as he managed to fake it through.

Comparing to those companions who he came along with, none of them could tell the truth at all.

He felt that he was especially smart so he didn't expect Huang Yueli to be able to tell from just one look! And she had not stood on ceremony in making a move, instantly severing his meridians!

This thunderous method not only stunned the cheater but also stunned the remaining of the others.

Some of them had initially thought Huang Yueli was still young and wanted to deceive her. But now all of them were shocked beyond words, feeling lucky that they didn't go ahead and stood out like that. Otherwise the person who was seriously injured now would be themselves!

Huang Yueli got Su Qingyue to remove this person before continuing, "Alright, now that the flies have now been thrown out, the second question is: Have you managed to defeat that core student who had been bullying you?"

All of them nodded their heads.

Huang Yueli questioned again, "Who was it who defeated him?"

This time, after the earlier incident, no one dared to lie to raise their own standing as all of them turned to look towards Yu Xinyang.

Yu Xinyang raised his head and setting his eyes onto Huang Yueli, "It was me. I had sent Jiang Hongyi a battle challenger in the Martial Arts Stage three days ago and defeated him successfully!"

### **Chapter 939: Forming the Blood Pact (3)**

Huang Yueli assessed him from head to toe as she revealed some deep thoughts.

Su Qingyue saw that she kept silence and stood up to add on, "Sister Li, Junior Brother Yu is indeed a rough diamond. Among the few of us, he was the first one to successfully learn this Earth grade cultivation method. Moreover, he had proposed the battle towards Jiang Hongyi! What's more, Junior Brother Yu was still a second stage realm ninth level practitioner some days ago but now he had successfully advanced into third stage realm!"

Huang Yueli raised her brows as she laughed, "Sister Su, you're rather quick to speak on behalf of Senior Brother Yu?"

Su Qingyue immediately blushed as she continued on, "Sister Li, I'm speaking the truth! I'm just afraid you'd miss a talent!"

Huang Yueli nodded, "I know. And you probably couldn't tell that not only had Senior Brother Yu learnt that cultivation method, he even has managed to accomplish some gains on the second level of the cultivation method! This innate talent and comprehension is indeed not bad at all."

A joyous expression shone on Yu Xinyang's face.

He had not expected Huang Yueli's sight to be so sensitive!

He had originally intended to say that he had successfully refined the second level of the cultivation method if he was rejected, as an ace to make Huang Yueli change her mind. But he had not expected Huang Yueli to be able to tell!

In this way, not only had he managed to avoid blowing his own trumpet, he had also once again saw for himself Huang Yueli's ability and insight! This strengthened his determination to follow her!

"Yes, Miss Bai is correct. I've indeed successfully refined the second level of the cultivation method!"

Huang Yueli nodded and suddenly changed the topic as she asked, "Senior Brother Yu, have you considered carefully on whether to follow me? You must think carefully because once you've decided, it will mean that you need to form at least a ten year Blood Pact with me. Furthermore, you must take orders from me and listen to all my commands!"

"I've already decided which is why I came today!" Yu Xinyang replied hastily.

Huang Yueli asked, "Really? Is it worth it to make such a huge sacrifice? Senior Brother Yu, why on earth would you agree to such harsh conditions of mine?"

The atmosphere went into a deep silence the minute she said those words.

This question was somewhat too sensitive and extremely difficult to answer.

If one were to reply that he was smitten by her glamour and willing to follow her, that would be too fake. But if one was to reply because of the cultivation method resources that she had on hand and so superficial, so Huang Yueli would probably not be happy to hear that!

Those standing towards the back were feeling rather lucky that they were not the first to be questions. Otherwise they really didn't know how to reply.

They all shot their gazes towards Yu Xinyang, waiting to hear how he would respond.

Yu Xinyang paused for a short period of time but very quickly, he revealed a resolute expression.

"Miss Bai, I believe that nothing can be hidden from you and I have no wish to lie to you! The reason why I'm willing to follow you is mainly because you're powerful enough and further, you have the cultivation methods and Profound Skills which I dream of having! If I don't follow you, I'd probably not be able to find any other chances in Celestial Light Academy, and I..... am not reconciled to just drift along for these five years. I want to become stronger!"

Huang Yueli didn't look at him, instead her finger was playing with a set of teacup lying on the table.

Yu Xinyang continued, "But the main reason why I made this final decision was because of your bearing! In the past, it's not like there hadn't been any core student who came to recruit me but only you had directly thrown out an Earth grade cultivation method manual! With this kind of style, it made my understood that if I'm loyal enough, I will be able to obtain the things I want from you."

#### **Chapter 940: Forming the Blood Pact (4)**

When Yu Xinyang spoke his mind, the few of them around him had their eyes wide open, feeling that he turned muddled!

Although everyone were here for cultivation methods, but those with a bit of sense would not easily say these out!

He actually, really..... said that?

What they should do now was to praised Huang Yueli to the skies and say out some flatters which even they could not believe it themselves. The more resounding the flatter the better!

This Yu Xinyang.... Usually he was very straight but now he was even straighter.... Did water enter his brain?

Huang Yueli's lips curled upwards but not revealing a smile, "Senior Brother Yu, you're indeed a smart one! And further, an honest person!"

Yu Xinyang continued stably, "Those words of hypocrite has no meaning. I don't know how to lie and I'm willing to form the Blood Pact. This indeed consists of my own motives but as I'm a man of my words, as long as Miss Bai is willing to take me in, I'll follow your wishes seriously and absolutely will not have any ideas of betrayal! No matter how tough your requests are, I will definitely settle it for you!"

Huang Yueli looked at him deeply, as though she was trying to judge the authenticity in his words.

Moments later, she revealed a smile, "Just nice, I like smart people and more than that, I like honest people!"

Yu Xinyang turned joyous, "Miss Bai, does that mean you're willing to take me in?"

Huang Yueli nodded her head, "Since you are so sincere, then let's form the Blood Pact on the spot!"

The reason why she was willing to take in Yu Xinyang was because he was an honest person!

Huang Yueli was not afraid of his desires because no matter if he wanted cultivation methods or Profound Armaments, she was able to satisfy his needs, as long as she had his absolute loyalty! Honestly was her greatest demand!

Yu Xinyang nodded his head in anticipation.

The two of them made a slit on their fingertips and with a slight flick, a drop of blood soared into the sky.

Under the control of her Profound Energy, a small drip of blood spread out, drawing a streak of red trace in the sky and following the movements of her Profound Energy, it drew out a special array rune.

Within three breaths timing, the array pattern was formed.

With a point of her finger, Yu Xinyang's blood on his finger integrated into the array pattern and after that, he fell onto the middle of his forehead.

Yu Xinyang felt a scorching pain on his forehead but after a short moment, it faded away.

He touched his forehead and a special feeling rose in his heart – this Blood Pact was successfully formed like that!

Everyone were absorbed into the scenario as they went into a daze.

Forming a Blood Pact was actually a cumbersome matter as it required the integration of both parties' blood and requiring some special skill to tie up the process. Most practitioners under fifth stage realm didn't have enough concentration to be able to form their own Blood Pact and would normally require the assistance of some Profound Armament.

But Huang Yueli managed to complete it so easily??

After the Blood Pact was successfully formed, Yu Xinyang prostrated onto the ground and kowtowed towards Huang Yueli.

“Your subordinate Yu Xinyang pays his respect to Master!”

Huang Yueli replied, “Don’t address me as Master, it sounds so awkward. In future just address me as Third Miss will do.”

“Yes!” Yu Xinyang hurried responded.

Huang Yueli spoke again, “Since you’re my first subordinate forming a Blood Pact, it is considered as a form of fate. Furthermore, I admire you honesty so I’m going to give you a present as a gesture of our first meeting.”

Saying that, she flipped her fingers around and retrieved a piece of Profound Armament from her interspatial ring.

“This.....”

Upon seeing the item in her hand, Yu Xinyang’s eyeballs almost dropped out from its sockets.
