"You said no. Not that. Don't. Don't do that shit!" I yell, startling Ryan. He's not used to me raising my voice at him.

Fascination and enlightenment at his submissive's every word, I watch as Ryan's expression changes from confusion to understanding. He's not used to me raising my voice at him. He's not used to me telling him no. He's not used to me saying anything at all.

"My apologies, Sir," he says, his head down, refusing to meet my eyes. "I'll be more careful with my words."

"Yes," I confirm, my head bobbing up and down. "Yes, you will." My fingers tighten around his chin, and I force his head up, forcing him to look at me.

"Yes, Sir," he corrects himself, his eyes meeting mine. "Yes, Sir. I'll be more careful with my words, Sir."

"Good," I say, my voice softening. "Good boy." I release his chin, and he lowers his head, his eyes on the floor.

"Thank you, Sir," he says, his voice soft and submissive.

"You're welcome," I say, my voice soft and submissive as well. "You're welcome, Ryan."

"Thank you, Sir," he says, his voice soft and submissive. "Thank you, Sir."

"You're welcome," I say, my voice soft and submissive
