

## The Wife I Picked Up Is Too Chapter Chapter 1002

The corridor was very turbulent. As soon as Fu Anlan's words left her mouth, everyone heard them clearly. Hence, all the interns turned around curiously. Liu Yan also looked at Feng Qing in surprise. He didn't know if Fu Anlan was telling the truth. They still knew about the Seven Stars Continent. It was indeed the holy land that everyone yearned for.

Fu Anlan took in everyone's expressions. This was the result she wanted. Her old face revealed a very satisfied and smug expression. Instantly, she felt more confident. With a few words, she easily shocked these interns. Of course, she knew that these students who could enter the Xie Corporation's financial center were either rich or noble. They had never treated outsiders like the Feng family seriously. Now that she had pretended to be rich, she felt extremely good.

However, Feng Qing said expressionlessly, "Madam Fu, we have nothing to do with each other anymore. Please don't look for me again, much less disturb my work and life. Get lost!"

Fu Anlan didn't seem to understand Feng Qing's heartless words. She continued to shout, "Qingqing, my silly daughter, what are you talking about? You're about to go to the Seven Stars Continent."

Feng Qing still did not react at all. Other than coldness on her face, there was also disgust. She already hated Fu Anlan to the extreme. If not for the fact that there were many people here, she would have ordered Little Wu to knock this old woman out.

Seeing that Feng Qing was ignoring her, Fu Anlan suddenly remembered that Feng Qing came from a poor mountain ditch and had limited horizons. It was very likely that she had never heard of the Seven Stars Continent, so she said, "Qingqing, you shouldn't have heard of the Seven Stars Continent, right? Let me tell you, the Seven Stars Continent is where everyone in the world wants to go because the Seven Stars Continent is the top place in the world, be it technology, medicine, or military."

Fu Anlan spoke as if she knew very well. In fact, she had never been to the Seven Stars Continent before. She didn't even know what the Seven Stars Continent was like. The reason why she knew about the Seven Stars Continent was because the Seven Stars Continent had always been a holy land that people had spread by word of mouth. However, people didn't know the actual situation of the Seven Stars Continent at all because the Seven Stars Continent had strict laws. Anyone who wasn't a native of the Seven Stars Continent was forbidden from taking photos and videos in the Seven Stars Continent, much less leaving their area of activity at will. In the Seven Stars Continent, at least 80% of the places were forbidden from others. Therefore, strictly speaking, people outside the Seven Stars Continent didn't know what the Seven Stars Continent was like.

However, one thing was certain. Anyone who had been to the Seven Stars Continent would publicize the beauty of the Seven Stars Continent. They even beautified the Seven Stars Continent as a holy land and a place for the upper-class to live. Therefore, in Fu Anlan's opinion, even the smallest company in the Seven Stars Continent was much stronger than the Xie Corporation. She had a certain basis for thinking this way.

A few years ago, there was a very famous doctor in Penang who was lucky enough to enter the Seven Stars Continent to study for three years. After the doctor returned, the entire Penang was shocked. Lights and banners were hung everywhere, and firecrackers were set off. Even government officials personally lined up to welcome him. Just the red carpet was laid from the airport to the entrance of the private car. The scene was simply exaggerated to the extreme. Fu Anlan and Feng Yuanzhou also witnessed the grand occasion of the doctor's return with their own eyes. There was no need to mention the envy and hatred in their hearts.

In reality, the Seven Stars Continent was too far away for them. It was so far away that they didn't even dare to think about it. They could only pray in their hearts that they would have a chance to go to the Seven Stars Continent in their next life. It wasn't that they looked down on places and talents outside the Seven Stars Continent, but those who could enter the Seven Stars Continent were elites that were one in a million.

Now, a huge opportunity was placed in front of them. After obtaining this opportunity, Fu Anlan and Feng Yuanzhou were unwilling to wait any longer. In order to catch Feng Qing off guard, Fu Anlan did not call Feng Qing in advance. Instead, she sneaked into Di Hui Building and planned to personally pull Feng Qing back to the Feng family.

“Qingqing, you're going to settle in the Seven Stars Continent. Come back with me quickly. I'll bring you to settle the immigration procedures.”

“When you were young, I could tell that you had a rich life. It's simply a miracle that the Feng family has a daughter like you.”

“But this is all thanks to me, your mother. How did I give birth to such an outstanding daughter like you? Qingqing, you have to remember that after you go to the Seven Stars Continent and settle down, you have to apply to the Seven Stars Continent's government to help our Feng family immigrate. That way, our Feng family will be a native of the Seven Stars Continent from now on. Aiya, I'm really excited just thinking about it.”
