

## The Wife I Picked Up Is Too Chapter Chapter 1003

As Fu Anlan spoke, she revealed an excited smile. One could even see the little tongue in her throat. Before she could finish speaking, Fu Anlan reached out to pull Feng Qing and saw Feng Qing teleport to the side like a ghost.

Feng Qing said coldly, "Madam Fu, you're going to be disappointed. Firstly, I definitely won't go to the Seven Stars Continent. Secondly, I have nothing to do with you anymore. This is the Xie Corporation's financial center. You're not an employee here. Please leave quickly!"

Fu Anlan was instantly anxious. "Qingqing, how can you speak to Mom like this? I gave birth to you after ten months of pregnancy. You're the flesh that fell from Mom's body. Without me, you wouldn't exist in this world at all, so you have to listen to me. You have to go to the Seven Stars Continent even if you don't want to. You actually don't want to go to a place that others want to go even if they break their heads. It's simply outrageous."

With that, she said with a cold face, "Feng Qing, I'm warning you, you have no choice in going to the Seven Stars Continent this time. I'm here to inform you, not to discuss with you, much less ask for your opinion. Don't think of resisting as soon as possible. As long as your surname is Feng, you have to listen to every word your father and I say and obey any decision we make!"

With that, Fu Anlan couldn't help but take another step forward. She was less than a fist away from Feng Qing and said in a sinister and low voice, "Let me tell you, Feng Qing, if you know what's good for you, it's best you leave with me. Then, I'll send you to the Seven Stars Continent in a grand manner. Otherwise, don't blame me for not taking into account the relationship between mother and daughter. I didn't come alone this time. Even if I forcefully kidnap you, I'll kidnap you to the Seven Stars Continent. Therefore, you don't have any choice and can't refuse."

Although she did not inform Feng Qing before she came, she knew Feng Qing very well. She knew that with Feng Qing's temper, she would definitely not agree. Therefore, she simply spent money to hire a few bodyguards. If Feng Qing dared to resist, she would kidnap her.

Fu Anlan took out her phone and called the bodyguards. "Hurry up and come out. Remember to bring your weapons."

She was determined to take Feng Qing away this time. She would definitely not give Feng Qing any chance to slip away. The Seven Stars Continent had already made her completely crazy, and she did not even care where this place was.

Seeing that Fu Anlan was not done, Feng Qing took out a few pieces of paper from her bag and handed them over. "Madam Fu, before you touch me again, you better take a look at this."

After the paternity test last time, she had kept the paternity test report in her bag. At that time, she had expected that the Feng family would come to find trouble with her sooner or later. Then she would take out this paternity test to prove that she was not related to the Feng family.

Be it through Feng Yiru or her own observation, Feng Qing was 100% certain that the Feng family was a group of mosquitoes. Not only did they suck blood, but they also tortured people. They were a greedy black hole that would never be filled. Ever since she found out that she was not of the Feng family's bloodline, Feng Qing heaved a sigh of relief in her heart because she would not have any feelings for the Feng family in the future. Even if she did something to the Feng family, she would not feel any guilt.

Feng Qing said coldly, "Madam Fu, open your eyes wide and take a closer look. This is a paternity report from the most authoritative appraisal agency. My DNA doesn't match yours and Feng Yuanzhou's at all. I don't have any other indicators that are related to the both of you."

As she spoke, Feng Qing's gaze swept past the seven to eight strong fighters behind Fu Anlan. Some were holding clubs, and some were holding hemp ropes. All of them walked towards her coldly.

Fu Anlan was puzzled when she heard that it was the paternity test report. She took the few pieces of paper Feng Qing handed her and flipped through two pages. Fu Anlan's expression changed. She didn't know when Feng Qing had done this. Fu Anlan looked at it very carefully. The test report was very clear that she and Feng Qing weren't biologically related.

Fu Anlan was stunned for a moment before she quickly came back to her senses. The corners of her mouth curled up into a cold smile as she said, "Hmph, Qingqing, looks like you've really grown up. You actually know how to do such a thing to lie to me. Do you think I'm a three-year-old child?"

Feng Qing handed her another paternity test report. It was hers and Feng Yuanzhou. "Madam Fu, I already said to open your eyes wide and take a closer look. This is the test report of the top and most authoritative medical organization in Xia country. Many major criminal cases are done by this firm organization for DNA testing. You still say that it's fake?"
