

The Wife I Picked Up Is Too Chapter Chapter 1005

It turned out that this appraisal report belonged to Feng Yuanzhou and Feng Jianing. It was written very clearly that the DNA results of Feng Yuanzhou and Feng Jianing were confirmed to be biological father and daughter.

Boom! Fu Anlan felt her eyes turn black, as if someone had hammered her head with a hammer. She froze on the spot for dozens of seconds.

However, before she could react, Feng Qing took out another appraisal report and stuffed it into her hand. Fu Anlan surprisingly didn't say anything. Instead, she lowered her head and looked at the appraisal report in her hand. This was her and Feng Jianing's appraisal report, but a line of words was written on it that completely petrified her. "The DNA test shows that they are non-biological mother and daughter relationship. There is no blood relationship on the other tests."

After a while, Fu Anlan was freed from the petrification. She held an appraisal report in one hand, but her body was trembling involuntarily. Feng Qing's emotionless voice sounded. "If you still don't believe me, feel free to take Feng Jianing's hair or nails and find a professional organization to do another appraisal. I believe you'll get a satisfactory answer."

Feng Qing's words were like a roar from hell, making Fu Anlan's face turn green and white. Even her forehead and the tip of her nose were covered in a layer of cold sweat. She never expected that Feng Jianing, who had always been treated as an adopted daughter, would actually become the biological daughter of the Feng family. However, Feng Jianing wasn't related to her by blood. What did this mean? Which woman did Feng Yuanzhou give birth to Feng Jianing with? And where was the child she gave birth to after ten months of pregnancy?

“Uh... This, I...” Fu Anlan stood on the spot and stammered for a long time without saying a complete sentence. Feng Qing looked at Fu Anlan’s half-open mouth and completely petrified appearance. She knew that she had given Fu Anlan a heavy punch, but she did not have the slightest sympathy in her heart. Fu Anlan, who knew the cruel truth, suffered a ton of blows in her heart.

As the saying goes, karma is a bitch. Someone as mercenary and heartless as Fu Anlan would naturally be dealt with. And the person who dealt with her was none other than her biological husband, Feng Yuanzhou. To put it bluntly, this couple were not good people. Neither of them was better than the other.

Fu Anlan mumbled, “No, no, this is definitely not true. You-you must have lied to me.”

Seeing that she still didn’t believe it at this moment, Feng Qing sneered and said, “It can’t be anymore real. Go and do another test, and the truth will be revealed. Also, Madam Fu, this is the last time I’m telling you this. Regardless of whether it’s in the past, present, or future, I have nothing to do with you, much less blood-related. So, don’t disturb me anymore. Otherwise, I won’t be polite to you.”

With that, Feng Qing exhaled and walked past Fu Anlan. She didn’t want to waste any more time with this woman, much less see her ugly face.

However, when Fu Anlan turned around and was about to continue pestering Feng Qing, she heard a shrill scream. Then, Fu Anlan saw with her own eyes that the thin and weak Feng Qing had actually knocked five to six tall and strong bodyguards to the ground. Some of the bodyguards were holding their knees, and some were covering their eyes. All of them were rolling on the ground.

Seeing this scene, Liu Yan and the other interns were stunned. Then, they looked at Feng Qing in disbelief. If they hadn't seen it with their own eyes, they wouldn't have believed it even if they were beaten to death. Feng Qing was actually so hidden. She instantly defeated five to six professional trained burly men. Clearly, Feng Qing knew boxing and her strength was extraordinary.

Everyone saw Feng Qing stepping on one of their chests and looking down at the bodyguard at her feet. There was no emotion in her clean and clear eyes, but the bodyguard at her feet hugged her feet and let out a painful cry.

Feng Qing turned around and looked at Fu Anlan. "Madam Fu, you should understand my warning, right? I'll let you off this time. If you still want to use force on me in the future, your outcome will definitely be worse than theirs."

Feng Qing's expression turned ruthless. She exerted strength on her feet and Fu Anlan heard the sound of the burly man's sternum breaking echo in the corridor. The sound of the bone breaking was very ear-piercing, making one's scalp tingle. Then, Fu Anlan saw the bodyguard's face turn red and purple. After blood flowed out of the corners of his mouth, his head tilted and he fainted completely.
