

The Wife I Picked Up Is Too Chapter Chapter 1020

Feng Qing was expressionless. She picked up her phone on the table and swiped the screen to look. She had the same doubts as Xie Shihao. She remembered very clearly that when Feng Jianing first came back from Country F, she was ordered by Capital University to leave the school before she could settle down.

Due to the various scandals she had created in Country F's Fragrance Competition, the entire Capital University had lost their reputation internationally. How could Capital University tolerate her continuing to complete her studies? It was already very embarrassing that they didn't directly order her to be expelled. Moreover, accompanying the school's expulsion was the school's chat group.

However, she quickly understood why Feng Jianing could return to the group. Wasn't it said on the trending topic that the world's piano master, Xian Cheng, wanted to take her in as his disciple?

Feng Qing first opened the music school's chat group to take a look. She wanted to see what Feng Jianing had said. As expected, when she opened the chat group, she saw an unread @ message. "@Feng Qing, I'm very sorry. I can only invite the students and teachers in my class to this apprenticeship banquet, but I can't invite you because you're no longer a member of the Feng family and have no blood relationship with our Feng family. Moreover, you've severed ties with my parents, so even if I wanted to, I couldn't invite you. However, you can see the elegance of my teacher, Master Xian Cheng, on the Internet when the apprenticeship banquet is broadcasted live!"

Feng Jianing only sent this message. The rest were all messages from the other students of the music school. Some were envious, some sighed, and some were discussing the Feng family's matters. The entire group was extremely lively.

“Tsk tsk, that’s Master Xian Cheng. He’s the most talented, youngest, and most handsome piano master in the world. Oh, no, I should call him a pianist. Student Feng Jianing is too lucky to be Master Xian Cheng’s disciple!”

“Student Feng Jianing, I’m envious that you can become Master Xian Cheng’s disciple. Just this identity is enough for you to have a place in Xia country’s music world, or even the entire world’s music world. Moreover, you’re the piano princess of our school. Your future is limitless.”

“Eh, after hearing Student Feng Jianing’s words, it turns out that Student Feng Qing isn’t from the Feng family. Why do I feel that after not seeing them for a few days, their identities in the Feng family have changed? In other words, Student Feng Jianing is the real daughter of the Feng family?”

...

Looking at the various comments and discussions in the school group, Feng Qing didn’t have any reaction. On the other end of the phone, Feng Jianing was paying attention to it at all times. From time to time, she would answer some students’ comments. For a time, the entire group was extraordinarily lively with a lot of information.

Feng Jianing tagged a student and said, “It’s not that our identities have been swapped, but we’ve only figured it out recently. It turns out that the paternity test report back then was tampered with by someone, so they turned me into an adopted daughter. However, the most authoritative appraisal agency in Xia country has released a report that shows that I’m from the Feng family, and Qingqing has nothing to do with the Feng family. Actually, not only you, but I also didn’t expect such a reversal. I can only say that this is the unquestionable truth.”

Ten seconds later, Feng Jianing replied to another female student, “Actually, I want to invite Qingqing to attend the apprenticeship banquet with you from the bottom of my heart so that she can experience the elegance of the people from the Seven Stars Continent on the spot and witness Master Xian Cheng’s aura. However, if Qingqing goes, my parents will probably not be happy. After all, she’s no longer a member of the Feng family. Moreover, she was so heartless previously, so let’s forget it. I can’t let my parents be angry. I only hope that Qingqing can understand my difficulties and understand my parents’ feelings.”

All sorts of slutty replies from Feng Jianing filled the entire music school’s chat group. She kept repeating the words that she was the real daughter of the Feng family and indirectly belittled Feng Qing’s identity, saying that she was the ugly duckling. The students in the chat group were all shocked when they found out that the strongest piano master in the world, Xian Cheng, wanted to take Feng Jianing in as his disciple. This huge news stunned everyone and even made everyone forget Feng Jianing’s unbearable past. It also made them forget that they had once trampled on Feng Jianing’s dignity. In the past, Feng Jianing was once called the shame of the Capital University because of her bad performance in Country F’s Fragrance Competition. Her premarital pregnancy also became the joke of the entire Capital, so all the students scoffed at her and mocked her. There were even many hot-tempered students who scolded her in public.
