

The Wife I Picked Up Is Too Chapter Chapter 1023

“@Feng Jianing, Slut Feng, I sent so many messages, why didn’t you reply? Weren’t you quite proactive when you replied to the others just now? What’s wrong now? Are you blind?”

“@Feng Jianing, hey, come out and f*cking talk to me. Weren’t you quite good at chatting just now? Why are you afraid? Ah? Slut Feng!”

Just as Xie Shihao tagged Feng Jianing for the fifth time in a row, the chat group finally showed that Feng Jianing had already left the group. Looking at the phone screen, Xie Shihao sneered. “Hmph, bitch, how dare you be smug on the Internet? Don’t think that everything will be fine after you posture on the Internet. Tomorrow, I’ll go to your crappy apprenticeship banquet to have a good chat with you.”

Xie Shihao scolded in the group again indignantly and prepared to contact Gu Qingye to find trouble with Feng Jianing tomorrow. The scolding in the group just now made him feel extremely good. However, he hadn’t had enough yet, so he had to curse straight to Feng Jianing’s face tomorrow.

However, just as Xie Shihao opened Gu Qingye’s dialog box, a message notification came from the top of his phone screen. “Dear customer, your account in our bank has just received a cash transfer of 1,000,000 yuan. The total balance in the card is: 1,000,000.03 yuan. Please check it in time.”

Looking at the long string of zeros, Xie Shihao opened his phone with trembling hands. After refreshing a few times and confirming that the total balance was 1,000,000.03 yuan, he turned to look at Xie Jiuhan at the dining table with red eyes. He shouted in an extremely obsequious voice, “Daddy ~”

Xie Jiuhan glanced at him in disdain and ordered, "Little Wu, carry him back to rest."

Little Wu nodded. "Yes, Ninth Master."

Before she could finish her sentence, Little Wu carried Xie Shihao and walked out of the dining room. She was Xie Jiuhan's secret guard to begin with. Although she was now Feng Qing's secret guard, Xie Jiuhan's orders were still her first orders. This was a habit that was engraved in her bones.

However, Xie Shihao laid in Little Wu's arms and promised loudly, "Daddy, don't worry. Leave this to me. Even if my legs are broken, I'll look for Feng Jianing tomorrow and tear her mouth apart!"

Xie Shihao's words were still echoing at the entrance of the dining room while he had already been carried away by Little Wu. Seeing this scene, Feng Qing didn't know whether to laugh or cry. At the same time, the phone on the table suddenly rang. Feng Qing subconsciously lowered her head and realized that it was an invitation for a voice call. Feng Qing glanced at it. It was Han Jintian who had invited her for a voice call, so Feng Qing picked it up.

The next second, four avatars popped up on the screen. Other than her and Han Jintian, Han Jinlu and Xing Yue were also there. Feng Qing's eyes were wide open and she revealed a curious expression. Such a scene was relatively rare. For some reason, Feng Qing felt much better when she saw the three of them. The unhappiness she felt because of Feng Jianing just now had dissipated.

Feng Qing revealed a sweet smile and greeted, "Hi, Brother Xing Yue, Brother Jinlu, you two are here too. Brother Jinlu, how are your legs?"

Ever since she used the Ten Thousand Fragrance Wood to treat Han Jinlu's legs for a while last time, Han Jinlu's legs finally started to feel better. Moreover, he gradually had knee-jerk reactions. This brought Han Jinlu great confidence. He believed that he could definitely stand up again, so Feng Qing felt that the three brothers had probably initiated a video call with her because of Han Jinlu's legs.

Han Jintian was the first to say, "Let's not talk about the cripple first. We video called you because the Feng family has already exposed that you're no longer the daughter of the Feng family."

Feng Qing tilted her head and said in confusion, "So be it. I can't wait for that to happen. Besides, I'm indeed not from the Feng family. Is there a problem?"

Han Jintian said indignantly, "It's fine if this matter is only exposed, but the damned Feng family maliciously distorted the truth and slandered you as the culprit for faking the test report with the testing organization. They said that in order to become the daughter of the Feng family, you did everything you could, and they labeled you as a scheming woman."

With that, Han Jintian roared murderously, "I've long disliked this Feng family. Do you believe that I'll directly send an armed helicopter to blow the Feng family's villa into ruins?"

Half an hour ago, when Han Jintian saw the trending topic on Weibo today, he jumped up like a monkey. He wished he could immediately find the Feng family and teach them a lesson.
