

The Wife I Picked Up Is Too Chapter Chapter 1024

Han Jinlu still had a smile on his face as he said, "The Feng family did go a little overboard this time. They were clearly the ones who made a mistake back then, but they still wanted to push the blame to you. They wanted to slander you again because you no longer have anything to do with the Feng family."

Just now, his subordinates had replied that the Feng family had spent money everywhere to hire Internet ghostwriters to set the stage. Firstly, it was to publicize the fact that Xian Cheng had taken Feng Jianing in as their disciple. Secondly, it was to smear Feng Qing. The Feng family had made it so grand that many media outlets would definitely focus on the apprenticeship banquet tomorrow.

Han Jintian snorted coldly. "Qingqing, don't worry. As long as the Feng family dares to hold that crappy apprenticeship banquet tomorrow, I'll personally bring people to cause trouble. A mere Xian Cheng actually dares to be someone's master. Did he get my permission?!"

Feng Qing blinked her clear eyes in confusion and asked, "Brother Jintian, from what you're saying, you know that piano master, Xian Cheng?"

In the video, Han Jintian crossed his arms and curled his lips. He said disdainfully, "Hmph, that's for others. How dare he call himself a master in front of me? Although he can play the piano quite well, it's only enough to barely entertain us when we're eating and drinking."

Feng Qing said in disbelief, "Entertain you? Brother Jintian, you're bragging again. According to what I know, Xian Cheng is the second young master of the Xian family in the Seven Stars Continent, and the Xian family is one of the seven great families of the Seven Stars Continent. How can he play music to entertain others?"

Han Jintian's said arrogantly. "Ha, what bullsh*t seven great families. That's in the eyes of others, but in front of me, they're trash. Xian Cheng, Xing Wudi, they're all useless!"

"Alright, Jintian, stop talking nonsense. Just as Jinlu said just now, the Feng family went overboard this time. How dare they slander Qingqing? We definitely can't let this matter go. Tomorrow, you'll bring people to attend that so-called apprenticeship banquet and teach the Feng family a lesson." On the other end of the video, Xing Yue's magnetic voice sounded, making people feel comfortable. Xing Yue was obviously saying ruthless words, but his voice was very intoxicating.

Xing Yue deliberately interrupted Han Jintian because he didn't want to reveal their other identities to Feng Qing for the time being, or rather, he didn't want Feng Qing to know too much about the Seven Stars Continent.

Han Jintian seemed to understand Xing Yue's intentions, so he did not refute anything. Instead, he said with a fierce expression, "The Feng family is unlucky this time to have met us. I really don't know where they got the courage to slander Qingqing. Let's see how I deal with them tomorrow."

With that, he thought for a while and asked, "Qingqing, why don't you come with me tomorrow? I'll let you enjoy the scene of how I destroyed the Feng family's banquet and smashed that crappy apprenticeship banquet."

However, before Feng Qing could speak, Xie Jiuhan's cold voice sounded. "Han Jintian, you've already affected my meal with my wife."

Xie Jiuhan only gave the camera a side profile and did not look at Han Jintian at all. Hearing his cold and blaming words, Han Jintian instantly lost his temper. Just as he was about to argue with Xie Jiuhan with his eyes wide open, he saw Feng Qing looking at him sweetly. Instantly, the tempered steel softened. All his anger was suppressed by Feng Qing's smile, and Han Jintian's anger instantly dissipated.

"Haha, since Qingqing is eating, we won't disturb her anymore. You must eat properly so that you can be healthy. You don't have to worry about smashing the Feng family's apprenticeship banquet. Don't worry, with the three of us around, we definitely won't let anyone bully you. Even if they bully you, we will bully them back on the spot," Han Jintian said with a doting and domineering expression.

Feng Qing was amused by Han Jintian's violent and fast expression while Xie Jiuhan's eyes sank. His black pupils landed on the woman's cute and exquisite face. But Feng Qing's attention was on her phone, so she did not notice the man's gaze.

Feng Qing took a deep breath and said to the three men on the phone, "This time, Feng Jianing and the Feng family publicly wanted to declare war with me. Although I don't want to pay attention to them, I still have to teach them a lesson. However, I have my own plans for this matter."

Upon hearing this, Han Jintian was interested and hurriedly asked, "No matter what you plan to do, we will support you. Do you need our help?"
