

The Wife I Picked Up Is Too Chapter Chapter 1033

The security guard smiled and replied, "Which Madam Xie could it be? I'm afraid the only person in the entire Capital who can be called Madam Xie is the First Madam of the Xie Corporation. Miss Feng, don't tell me you become stupid after you got pregnant and don't even know whose territory our Capital is?"

Feng Jianing said in shock, "How-how is this possible? How could Madam Xie take a fancy for your lousy hotel?"

As soon as these words were out, the security guard's expression instantly darkened. He retorted in a displeased tone, "Miss Feng, I'm not willing to hear these words. Although our Diansheng Hotel is only a four-star hotel, it has a five-star service and facilities environment. In order to welcome Madam Xie, we specially made a lot of changes. Moreover, knowing that Madam Xie is coming, the most professional banquet arrangement team in the Capital specially came to our hotel to arrange and prepare. Although you look down on our Diansheng Hotel, Madam Xie thinks highly of us. I heard that Madam Xie has already bought our Diansheng Hotel at a high price yesterday. Madam Xie said that she will renovate the Diansheng Hotel and try to rank it a five-star hotel before the end of the month."

Speaking up to this point, a piercing sound suddenly came from the walkie-talkie on the security guard's shoulder. Then, a steady man's voice sounded. "Little Wang, when you meet Miss Feng, who booked the banquet hall yesterday, tell her the situation here and tell her that because our hotel's grade is currently rising, the banquet hall she booked yesterday will cost another 200,000. Otherwise, we won't rent it to her."

The security guard pressed the walkie-talkie and replied, "Roger, Manager Li. Miss Feng is in front of me. I believe she has already heard your words."

Feng Jianing was completely dumbfounded. Her entire mouth turned into an 'O' shape. She said in disbelief, "What? You want us to add 200,000 yuan to the fees? Why didn't you rob?!"

The entire Feng family's financial state couldn't be any worse currently. Otherwise, they wouldn't have chosen to hold such an important apprenticeship banquet in a four-star hotel. They puffed themselves up at their own cost in front of Xian Cheng. Feng Jianing and Feng Yuanzhou discussed and decided to simply borrow from a loan shark to hold the apprenticeship banquet.

However, they didn't expect that something would happen to the hotel. At the last minute, they used an excuse that wasn't an excuse to charge them an additional 200,000 yuan. If it was the previous Feng family, although they weren't a rich and powerful family, a mere 200,000 yuan wasn't worth mentioning. However, things are different now. Their Feng family was really at the end of their rope. Asking them to take out 200,000 yuan was equivalent to bullying them.

The security guard didn't know the actual situation of the Feng family. Instead, he said, "Miss Feng, your words are too unpleasant. What do you mean by robbery? How did it rob you? I can guarantee you that as long as you can take out another 200,000, our Diansheng Hotel will definitely provide you with services in all aspects, and the level and standard of service will definitely not be lower than those other five-star hotels."

Feng Jianing's face darkened as she retorted, "Did I ask you to provide a five-star service? You're thinking too much. Since I can book the banquet hall here, I naturally came because I know your hotel's star level. You're a four-star hotel, so you can just provide a four-star standard service. There's no need to do any five-star service. Moreover, the guest I invited today is very important. He's a famous piano master from the Seven Stars Continent, Xian Cheng. With his status, it's already good enough that he can patronize your crappy hotel. It can be considered that your hotel took advantage of it."

Upon hearing this, the security guard curled his lips and said, “Miss Feng, I’ve already said just now that since last night, our hotel has already become Madam Xie’s property. Today, Madam Xie held a banquet and invited her friends here. This is more important than anything else, and Madam Xie and her friends are much more important than the person who plays the piano in the Seven Stars Continent. I’m afraid you don’t know Madam Xie’s status in the entire Capital. In order to talk to Madam Xie, many wealthy ladies and socialites have already booked private rooms in our hotel. This is a real advertisement and the best publicity for our hotel.”

Feng Jianing’s face was incomparably black. She thought to herself, Hmph, what Madam Xie? What Capital’s socialite? They’re all trash. When I come back from the Seven Stars Continent, even the Xie Corporation will have to be respectful to me. At that time, I’ll let this idiot security guard, who doesn’t know what’s good for him, see how their master is stepped on by me.
