

The Wife I Picked Up Is Too Chapter Chapter 1046

“You just said that all of this should have belonged to you, but is it really as you said? It’s true that you’re of the Feng family’s bloodline, but you’re not Feng Yiru’s biological niece because Feng Yiru isn’t from the Feng family at all. She’s the daughter adopted by the Feng family back then, so Feng Yiru is the same as me. She’s not related to your Feng family at all. Since she’s not from the Feng family, how can you, the daughter of the Feng family, be her biological niece?” Feng Qing exposed the biggest secret of the Feng family in front of everyone.

Hearing that Feng Qing actually knew about this, Feng Jianing was stunned at first. Then, she hurriedly shouted, “You, shut up. Don’t talk nonsense there!”

At this moment, Feng Yuanzhou, who had fallen to the ground, wanted to get up. In the end, he fell to the ground again just as he stood up. He had been beaten up too badly by Han Jintian just now, so his head was dizzy now. However, what Feng Qing had said just now made him insist on waking up. Hence, he crawled towards Feng Qing on the ground. He looked at Feng Qing in disbelief, not knowing how Feng Qing knew this secret. Could it be that she had installed a listening device in the Feng family’s villa?

Of course, these were all secondary. It was a small matter if Feng Qing exposed this matter. But if Xian Cheng found out about this, he would definitely get back the three million yuan that he had already paid the Feng family. This money had already been used to pay off his debts. If Xian Cheng wanted to get it back, where could he get three million?

“Feng Qing, you little beast, you’re simply talking nonsense!” Feng Yuanzhou gritted his teeth and shouted. He said this while he endured the dizziness.

Unfortunately, it was too late for Feng Qing to regret what she had said, not to mention that she would not regret it at all. Everyone present had already heard her words, including Xian Cheng, Han Jintian, and the rest.

Originally, Xing Yue and Han Jinlu wanted to stop Han Jintian. Although they were not afraid that Han Jintian would really kill Feng Yuanzhou, there were still so many people watching here after all. They had to pay attention to the impact. Moreover, Feng Yuanzhou was their uncle after all. Even if they were very unhappy with Feng Yuanzhou, they had to let Feng Yuanzhou off on account of their mother. However, the three of them had the same opinion, which was that they did not allow Xian Cheng to bring Feng Jianing to the Seven Stars Continent.

They knew what Xian Cheng was thinking. He wanted to use Feng Jianing to suppress Di Tianxing's condition, but they were all Di Tianxing's sons. Naturally, they knew their biological father's situation better than anyone else. They were very clear that in this world, apart from the dead Feng Yiru, no one could really suppress Di Tianxing's condition. It was useless even if they found their fourth brother and sixth sister. At most, they could ease Di Tianxing's condition a little.

Most importantly, Di Tianxing was an unpredictable person. Moreover, he was decisive and merciless. His temper was also unfathomable. With Feng Jianing's dirty heart, even if she went to the Seven Stars Continent, her head would ultimately be blown up by Di Tianxing. Even if he didn't kill her, just being by Di Tianxing's side could scare her to death. Di Tianxing was far more terrifying than the rumors outside.

Han Jintian suddenly turned to look at Feng Qing and said, "Qingqing, what did you say? Say that again?"

Feng Qing looked at him and smiled. "Brother Jintian, I said, Feng Yiru isn't related to the Feng family by blood because she's only an adopted daughter of the Feng family."

Han Jintian's pupils trembled violently. He asked with a trembling voice, "How-how did you know?"

Feng Qing said directly, "Of course I investigated it. If Brother Jintian is interested, I'll tell you in detail after the banquet."

With that, she turned to look at Xian Cheng and said, "Master Xian Cheng, you should have seen Feng Jianing and Feng Yuanzhou's reaction just now, right? If what I said isn't true, then why did they have such a strong reaction?"

As soon as these words were out, Feng Yuanzhou, who was still crawling towards Feng Qing, instantly froze. His old face looked awkward again. Feng Yuanzhou laid on the ground and turned to look at Xian Cheng with all his might. He opened his mouth to say something, but because his face and mouth were too swollen, his words were all slurred. Moreover, the intense pain from his mouth and face made him break out in cold sweat.

However, Feng Yuanzhou did not give up. He endured the pain and explained vaguely, "Master... Xian, listen... She's a slut... She's talking nonsense..."
