

## The Wife I Picked Up Is Too Chapter Chapter 1057

Xie Jiuhan's expression was still a little ugly. His eyes were filled with awkward emotions as he said, "You trust them unconditionally and like to call them 'brother'. Other than being related by blood, I really can't find any other reasonable explanation. This is also the main reason why the three of them can still live until now. Otherwise, on the second day you call them 'brother', I can make them disappear from the world."

Feng Qing : "..."

Hearing the man say this, she finally realized how much pressure and threat Xing Yue and his brothers had brought to Xie Jiuhan. They had actually made him want to kill them. Now, she really hoped that Xing Yue and the rest were her brothers. If they weren't related by blood, the man in front of her couldn't stand the fact that other men were so close to Feng Qing. This man would definitely attack Xing Yue and the rest.

Feng Qing leaned on the man's chest and looked at the dim and resplendent light above her head. She sighed softly and said, "Little Jiu Jiu, actually, I've suspected before that I'm related to Brother Xing Yue and the rest by blood. After all, they always give me an inexplicable sense of intimacy. I really didn't expect that blood ties are so mysterious and interesting. It's precisely this intimacy that made me hit it off with them."

With that, Feng Qing thought of Feng Yiru again. She said in a low voice, "I never expected that Feng Yiru would actually be my biological mother. No wonder I felt so intimate the first time I saw her. It was a more intimate feeling than when I saw Brother Xing Yue and the rest. In the past, I thought that it was because Feng Yiru was kind and gentle. Now, it really doesn't seem like it. I remember when I first returned to the Feng family, I couldn't sleep every night because I didn't like the place. Every time, Feng Yiru would coax me to sleep with her. It was really magical. I would feel very warm and comfortable sleeping on the big bed with her, and I would relax. Moreover, the special perfume on her body would always make me fall asleep quickly. Those days were really..."

Speaking of her childhood, Feng Qing's thoughts not only traveled back in time to the past, but also back to the first time she met Feng Yiru and the short time she spent with her. At that time, she was too young and didn't know anything. She had no idea that the thing Feng Yiru gave her was called maternal love. It was the most beautiful and valuable thing in the world.

Unfortunately, she had grown up and knew what maternal love was, but Feng Yiru had already passed away. Thinking of this, Feng Qing's eyes were covered in a layer of mist. It turned out that it wasn't that she didn't have a mother, nor was it that her mother didn't love her, but her mother had long been secretly accompanying her.

Seeing her like this, Xie Jiuhan did not disturb her. After a while, Feng Qing sniffled and said in a clingy voice, "When Feng Yiru saw me back then, she already knew that I was her daughter, right?"

Xie Jiuhan shook his head. "This... I don't know."

Feng Qing sniffed again and said, "At that time, she was the one who privately tampered with the appraisal report. Because she was afraid that I would be hurt, she could only think of such a countermeasure. It's not that she didn't want to acknowledge me as her daughter, but she couldn't do this in the situation at that time. If it was in the past, I wouldn't understand her actions. But today, from Xing Yue and Han Jinlu's attitude towards their father, I finally understand why she did this. It's because Di Tianxing is an unstable and dangerous factor. That man who controls the entire Seven Stars Continent is a terrifying threat to us!"

Upon hearing this, Xie Jiuhuan naturally understood. Back then, in order to hide Feng Qing's identity, Feng Yiru couldn't acknowledge her even though her daughter was right in front of her. Feng Yiru was afraid that Di Tianxing would find Feng Qing. Her mother was doing her best to protect her. Feng Qing turned around and pressed her soft side profile against the man's chest.

Feng Qing decided. "Little Jiu Jiu, I want to interrogate Feng Yuanzhou personally and get him to tell the truth."

At 11: 30 PM, Xie Jiuhuan personally drove Feng Qing to the Feng family's villa. She got out of the car and walked into the Feng family's villa with Xie Jiuhuan. The sky was dark, and the moon and stars were sparse. The entire Feng family's villa was enveloped in a sinister and strange atmosphere. At this moment, Han Jintian had already brought people to take over the Feng family's villa. Without Han Jintian's approval, not to mention one person, not even a mosquito could fly out. Before the banquet ended, he had already brought people here. Moreover, he had already interrogated Feng Yuanzhou for a few hours. He was afraid that the three of them would collude with each other, so he specially locked them in different rooms.
