

The Wife I Picked Up Is Too Chapter Chapter 1064

He had been focused on Feng Qing just now, so he had forgotten about Tessa. Now that Tessa had suddenly barged in, he was indeed caught off guard. Tessa did not expose Xing Yue's little actions. She walked all the way to Xing Yue and took the initiative to hold his arm. She said sweetly, "Brother, you're too much. Why didn't you call me for such a fun trip to Xia country?"

Xing Yue frowned and said, "I came to Xia country to visit on behalf of Country F. It's a real job, not a vacation. How did you get in?"

Tessa smiled and said, "How else could I have gotten in? Of course, it was the embassy staff who gave me the room card."

Xing Yue was completely speechless as he looked at Tessa's expression that said, "You'll never get rid of me." He started to blame the embassy staff in his heart. These staff were becoming more and more irresponsible. How could they give Tessa the room card without asking for his permission just because of Tessa's special status?

Xing Yue stretched out a large hand and said, "Where's the room card? Give it to me."

Upon hearing this, Tessa immediately became vigilant. She hurriedly placed her hands behind her back and looked at Xing Yue. "Brother, are you serious? Since they've already given me the room card, why are you still thinking of taking it back?"

Xing Yue shook his head and said, "Tessa, you should know very well that this is my private room. Without my permission, no one is allowed to enter casually."

Tessa's face turned cold. "Brother, I'm not anyone. I'm your sister."

Xing Yue's expression darkened. "Tessa, stop fooling around. Hurry up and give me the room card. This is my private room. Other than me, no one else can enter. If you don't give it to me, it's not like I have no choice. I can get someone to change the lock here. When the time comes, you won't be able to enter either."

Hearing Xing Yue's words, Tessa was instantly so angry that her face flushed red. She had specially flown all the way from Country F to this unfamiliar country because of Xing Yue. Otherwise, why would she come here for no reason? As soon as she got off the plane, she ran to the embassy street without stopping. However, she was told by the people in the embassy that Xing Yue had gone out. Therefore, she waited in the embassy for Xing Yue to come back.

However, Xing Yue did not come back for a long time. Instead, she saw Xing Yue's figure on the Internet. Only then did she know that the reason why Xing Yue did not come back was because he had gone to attend Feng Jianing's apprenticeship banquet. She also saw Feng Qing on the Internet. Instantly, she felt uncomfortable. What business trip? What did he mean by representing Country F to come to Xia country for a friendly visit? Was this how he came out to do business? He was obviously representing himself to come and meet Feng Qing!

However, just as she was secretly angry, she found out that Xing Yue was already back. Hence, she hurriedly ran over to look for Xing Yue. In the end, not only did Xing Yue not ask about her well-being, but he also wanted to confiscate her room card. How could she be happy?

Tessa pouted and said unhappily, "Brother, have you considered my feelings when you treat me like this? We're siblings. Aren't you a little too heartless to treat me like this?"

At this point, Tessa suddenly became a little agitated. She took a step forward and said, "Brother, you've changed. You've become unfamiliar. You didn't treat me like this in the past. Do you still remember? When we were young, we even ate and slept together, sharing the secrets in our hearts. But now, you have your own territory and your own secrets. You don't allow me to take another step closer to you."

As she spoke, Tessa revealed an aggrieved expression, as if Xing Yue had done something wrong to her.

Xing Yue was angry and frustrated when he looked at Tessa, who was like a resentful woman. He was not good at coaxing Tessa, nor did he like to coax her. In the past, if Tessa lost her temper with him, he would basically accommodate Tessa. However, this mentality had changed quietly since the moment Tessa broke the perfume Feng Qing had given him. It was also from that moment that Xing Yue's heart was completely closed to Tessa. He did not allow Tessa to get close to him, much less enter his room. It was the same in Country F and Xia country. Tessa was right. Now that he had his own secrets and his own territory, he would never allow Tessa to barge in casually.

Xing Yue did not want to waste any more time on Tessa. He said, "Alright, stop talking. I still have a lot of work to do. Hurry up and leave."

However, Tessa was unmoved. "Brother, what did you secretly put in the drawer just now? Can I see it?"
