

## The Wife I Picked Up Is Too Chapter Chapter 1069

Feng Qing said disapprovingly, "Why? You don't like it? I think it's quite cute. My Little Jiu Jiu is the famous King of Killers after all. Little Jiu Jiu is really too good to me since you had lower your status to be my bodyguard."

As she spoke, she took two steps forward and was less than two fists away from Xie Jiuhan. Feng Qing's large eyes were fixed on the disguise mask on Xie Jiuhan's face. She felt that this disguise technique was not bad. If not for the fact that she could hear the difference in the heartbeat, she would not have been able to tell.

Feng Qing raised her head and patted Xie Jiuhan's shoulder. "Bum Beetle, I'll have to trouble you for the next three days!"

Xie Jiuhan seemed to be very passionate about role-playing. He hurriedly said loyally, "It's Bum Beetle's honor to serve Young Madam..."

The name 'Bum Beetle' jumped out of Xie Jiuhan's mouth with difficulty. At the same time, a few black lines appeared on his face. On the other hand, Feng Qing was grinning from ear to ear. Her face was even sweeter than honey, and her two large eyes were smiling into a line. She had never thought that that high and mighty man, who was like an iceberg, would actually have such a cute side.

Feng Qing smiled and said, "Yes, very good. As expected of my bum beetle. You have to adapt to your name as soon as possible."

At this moment, Xie Jiuhan had the urge to pull Feng Qing into his arms and rub her face fiercely. However, considering the surrounding environment, he still restrained the desire in his heart in time. He even took two steps back and took the initiative to distance himself from Feng Qing. He was not afraid of being seen by others, but he did not want to use this face to have physical contact with Feng Qing. This was because in his heart, only Xie Jiuhan's elf-like face was qualified to have intimate contact with Feng Qing. He was wearing a human skin mask, so he did not allow himself to touch Feng Qing at this moment, even if it was him under the mask!

...

When Feng Qing appeared in front of the other interns again, there was an unfamiliar man beside her. This instantly attracted the attention of the other interns. Lu Yingying sized up Xie Jiuhan and chuckled. "Qingqing, are you serious? You actually brought a bodyguard for a research trip?"

Feng Qing replied expressionlessly, "Oh, it's nothing. My husband was worried about me being alone outside. After all, we're unfamiliar with Chenghai City, so he specially hired a bodyguard to follow me."

Upon hearing this explanation, the corners of Lu Yingying's mouth were filled with disdain. The other girls in the same group also had expressions that said, "That's too exaggerated." Lu Yingying held back her mockery and said, "Tsk tsk, you really think of yourself as a baby. Chenghai City is a famous first-tier city in the country after all. It's not a small county city. The security can still be guaranteed. Why did you bring a bodyguard?"

Feng Qing smiled and replied, "Miss Lu, you don't understand. It's very normal for me to bring bodyguards with me when I travel with my status. Not to mention bringing one, even bringing ten or twenty bodyguards is necessary. However, I can understand your thoughts. After all, your Lu family isn't at our level."

"You!" Lu Yingying was so angry that she almost cursed. However, when she saw the cold-faced bodyguard beside Feng Qing, she still swallowed the words that were on the tip of her tongue. However, Feng Qing's words were like a heavy punch to her chest, making her gloomy face turn red.

Now, the entire Capital University was filled with rumors about Feng Qing. It was said that the man Feng Qing married was from a side branch of the Xie family. So in the Capital and the nearby areas, Feng Qing could definitely do whatever she wanted. After all, the Xie family's strength and influence were there. Even if it was just a side branch, it wasn't something their Lu family could provoke.

Lu Yingying still wanted to say something, but at this moment, the other girls said, "Actually, this is quite good. At least Qingqing is moving with us this time. If she brings bodyguards, it means that we also brought bodyguards. This way, our safety will be guaranteed along the way."

All of them were either rich or noble. After all, not everyone could enter the Xie Corporation for an internship. Therefore, when they were at home, they were often followed by their bodyguards or servants. Therefore, they could still accept it when they saw Feng Qing bring a bodyguard. There were even people who regretted not bringing bodyguards.

Lu Yingying said coldly, "You're thinking too much. That's a bodyguard she hired alone. He'll only be responsible for Qingqing's safety. If anything dangerous happens, he won't care about us."
