

The Wife I Picked Up Is Too Chapter Chapter 1071

Feng Qing stood in front of the French window and placed her hands on the cold glass. She looked at the blue sky not far away, the sea, and the layers of coconut trees. After closing the door, Xie Jiuhan raised his hand and gently tore off the human skin mask on his face, revealing a handsome face that was like a work of art. Xie Jiuhan took off his suit jacket and walked straight behind Feng Qing. Then, he gently hugged the woman.

Feng Qing raised her head and saw the man's god-like peerless face. This man would only take the initiative to approach her after he recovered his appearance. Feng Qing turned to look out of the French window again and said, "I really didn't expect that the sea view here is actually so good-looking. I'm afraid only the scenery on the Sacred Island can be more beautiful than here."

This was also Feng Qing's first time in Chenghai City and the first time she had checked into this hotel, so she didn't know that room 806 was the best room in the entire hotel with the best sea view. Xie Jiuhan whispered in her ear, "Yes, it's indeed very beautiful, but with such a large French window, wouldn't it be a waste if we don't do something adults love?"

Feng Qing : "???"

Feng Qing hurriedly turned around and poked the man's chest gently. She said unhappily, "Bad Jiu Jiu, why is your head filled with these things? Hmph!"

Xie Jiuhan revealed a naughty expression and asked, "What are you talking about?"

Feng Qing raised her chin. "It's those things!"

Xie Jiuhan's eyes were mixed with a faint smile. "What is that thing? Tell me."

Seeing the man like this, Feng Qing suddenly felt her face burn again. She hurriedly said, "I won't say it. It's too embarrassing to say it."

Xie Jiuhan hugged Feng Qing's thin waist tightly and slowly said, "How is it embarrassing? I was clearly thinking that with such a good French window here, the two of us should sit here and drink some coffee and admire the beautiful seaside scenery."

Feng Qing : "..."

Xie Jiuhan hugged Feng Qing and pushed his butt forward. Then, he said, "By the way, what are you thinking of? What is it that you find difficult to say? Tell me?"

His voice was like a bass, echoing in Feng Qing's ears. Feng Qing's entire body was covered in electricity from his actions, and she wished she could escape from the man's arms immediately. This man was too bad, he was deliberately teasing her.

Feng Qing revealed a furious expression and deliberately kicked Xie Jiuhan's calf. "Hurry up and take a shower. You've been walking for the entire day. If nothing goes wrong, we won't go out tonight."

According to their previous discussion, after they checked in, they could start moving around freely. They would only start researching the Chenghai aluminum mine after breakfast tomorrow.

Xie Jiuhan finally released his grip after hearing her say this. Then, he took off his clothes and walked into the bathroom. Feng Qing took out a laptop from her suitcase and sat on the sofa to type. She first contacted Han Jintian's assistant and sent the latest three songs to him. This was what she had promised Han Jintian.

Just as she finished sending the things, someone sent a message in their intern's chat group. Feng Qing opened the chat group and realized that it was a message from Liu Yan. He informed everyone that he would be holding a video conference with Professor Sun and Manager Meng later. Helpless, Feng Qing could only wear her Bluetooth earpiece to attend the meeting. This meeting was not nutritious for her, so she simply listened to the content of the meeting as she was busy with other things.

Feng Qing opened her notebook and typed on the keyboard with both hands. She started to write down her latest medicine formula. In the camera of the others, Feng Qing seemed to be taking notes for a meeting. She could even answer all sorts of questions from Professor Sun and Manager Meng smoothly.

Feng Qing's ten slender fingers left afterimages as she kept typing on the keyboard. She had no intention of stopping at all. As she calculated the effects of the new medicine, she gave her opinion on the research method she used to come to Chenghai. Suddenly, her hands froze and she turned to look in the direction of the bathroom. The next second, she felt like her eyes were about to fly out. What was going on? The bathroom of this hotel was actually transparent?!

“Ahhh!!!!” Feng Qing let out a series of screams in her heart. The beautiful man was bathing in front of her. This scene was too exciting. The snow-white mist covered the glass on three sides, but there were always water droplets that splashed on the glass. When the water droplets were full, they would slide down the glass one by one.
