

## The Wife I Picked Up Is Too Chapter Chapter 1073

Staring at the handsome man in front of her who seemed to have walked out of a two-dimensional world, Feng Qing subconsciously felt her face turn red again. Seeing that she was fine, Xie Jiuhan's abnormally handsome face was filled with confusion. Suddenly, his gaze landed on Feng Qing's thigh. The next second, a cold aura erupted from his black eyes. "Why is there blood?"

The man could see very clearly that there were a few drops of mottled blood on Feng Qing's pants. Feng Qing reflexively used a towel to cover her thigh. Although this was already a little late, she still explained, "Oh, it's nothing. I was on my period just now and accidentally stained my pants."

Upon hearing this, the man's expression obviously darkened. He looked at the woman and asked, "Why is your period coming so frequently? I think it just came last Monday!"

Seeing that she couldn't fool the man, Feng Qing hurriedly continued to bluff with a red face. "Let's just say, is there a possibility that my period came again because I suddenly changed places and wasn't used to it?"

As she spoke, she hurriedly stood up straight and broke free from the man's arms. She quickly walked towards the cloakroom and even pointed at her thigh, signaling the man that she wanted to change into new pants.

Looking at the woman's back, Xie Jiuhan's brows were filled with confusion. There were many inconsistencies in Feng Qing's words. Firstly, would her period come again just because she was not used to the place? This was the first time he had heard of such a situation. Secondly, even if she really had her period, at most, her pants would be dyed red and land on her calf. How did she get it on her thigh? It really didn't make sense!

Xie Jiuhan couldn't figure it out after thinking for a while. He went straight to the living room and realized that Feng Qing's laptop was on the coffee table. Moreover, new notifications kept coming from the laptop. The man walked to the side and looked down at the laptop screen.

Senior Liu Yan: "Qingqing, how are you? Are you feeling unwell?"

Senior Liu Yan said, "It's indeed easy to have a nosebleed when you're heated. Rinse it with water first, then block your bleeding nostrils with paper. It's best to raise one arm."

Senior Liu Yan said, "I called the front desk just now and asked them to send you an ice bag. You can put the ice bag on your forehead to cool down."

...

Five messages, ten messages. Liu Yan sent messages to Feng Qing one after another, his tone filled with urgency and concern. Because her phone and computer were synchronized, Xie Jiuhan picked up Feng Qing's phone. He glanced at his abnormally handsome face and unlocked the phone screen. Then, he pressed his phone with both hands and replied to Liu Yan.

Feng Qing said, "Madam Xie has a bodyguard around her. She doesn't need you to worry about her safety. Moreover, she will take care of herself."

Xie Jiuhan's message was sent in the group. Moreover, he deliberately tagged Liu Yan. Then, he blacklisted Liu Yan. On the other end of the phone, Liu Yan was stunned when he saw Feng Qing's message.

After sending the message, Xie Jiuhan felt that he was in a good mood. Just as he put down his phone, he was stunned. Only then did he realize that he could actually take in the entire bathroom from this position. Looking at the water vapor that had yet to completely dissipate in the bathroom and the water droplets that were sliding out of the glass, combined with Feng Qing's embarrassed and shocked look when she saw him just now and the nosebleed Liu Yan had mentioned, the man finally knew what had happened. Hence, the corners of his mouth couldn't help but curl up.

After Feng Qing changed into a clean set of clothes, she took her dirty pants and prepared to clean them. However, before she could walk out of the cloakroom, Xie Jiuhan stopped her. The man reached out and handed her a blue bag. "This is the ice bag the waiter sent just now. You can put it on your forehead to cool down."

Feng Qing : "???"

Xie Jiuhan smiled evilly and said, "The waiter who sent the ice bag just now said that you have a nosebleed. If you need help, the hotel can help contact the hospital."

Upon hearing this, Feng Qing's face alternated between red and white. She never expected that her perfect lie would be seen through by the man so quickly. What should she do now? Tell the man that her nose bled because she peeked at him bathing? But which kind student asked the waiter to send the

ice bag over? Now that it was exposed by the man in front of her, would she still be human in the future?

As expected, seeing her at a loss, Xie Jiuhan took a step forward and said with a naughty smile, "Didn't you say that you were on your period? I didn't hear it wrong, right?"
