

## The Wife I Picked Up Is Too Chapter Chapter 1077

Seeing Feng Qing's arrangement, the receptionist looked troubled. "I'm sorry, we only have one bus this time, so we can't go to the headquarters and the mine at the same time. Why don't you guys go to the headquarters first?"

Feng Qing seemed to have guessed that the receptionist would say that, so she said straightforwardly, "No need. You guys can take the bus to the headquarters. The four of us will get the front desk to call a taxi."

Sure enough, after hearing what she said, the receptionist was speechless. However, Liu Hongdan and Wang Wei said, "Qingqing, you should go with Senior Liu Yan. The two of us want to go to the Chenghai Aluminum Mine headquarters to take a look."

Feng Qing was slightly surprised when she heard this. She thought that the two interns would have the same insight as her, but it seemed that she was thinking too much. Hence, she nodded without forcing them. "That's all then. You guys can go with them. Senior Liu Yan and I will go to the mine to take a look."

Lu Yingying was the first to board the bus when she saw that the team leader had finished distributing the teams. She was dismissive of Feng Qing and Liu Yan's request to go to the mines first. She felt that Feng Qing and Liu Yan really did not know how to appreciate favors. The chairman and a group of higher-ups were waiting for them. They even specially sent the manager of the public relations department to pick them up. However, Feng Qing was still thinking about putting on airs. She was really too much. Seeing that Lu Yingying had already gone up, the other interns also followed. At the same time, Liu Yan had already found the front desk of the hotel and called a taxi.

Ten minutes after the bus left, the taxi finally arrived. Feng Qing opened the door and got into the back seat. However, just as Liu Yan was about to get in, his heart suddenly palpitated. Then, all the hair on his body stood up. At the same time, he felt a terrifying aura. It was this terrifying aura that made him unable to lift his legs.

At that moment, Liu Yan even felt that time and space had frozen. His mind went blank, and cold sweat slid down his temples. Someone walked past him with a wild and arrogant aura. Then, Liu Yan saw Feng Qing's bodyguard walk past him with a cold expression and sit in the back row beside Feng Qing.

Liu Yan : "..."

After being stunned for a moment, Liu Yan finally came back to his senses. He looked at the bodyguard who had seated. He opened his mouth for a long time but did not say a word. He really did not know what to say. Hence, he could only choose to sit in the front passenger seat. Along the way, Liu Yan wanted to turn his head and say something to Feng Qing a few times. However, he was greeted with the cold and terrifying gaze of the bodyguard every time. Just looking at the bodyguard made him feel like he had fallen into an ice cave. Helpless, he put away his thoughts of talking to Feng Qing and simply lowered the car window to breathe in the fresh air outside.

A moment later, Liu Yan seemed to have completely calmed down. He stole a glance at the rearview mirror in the car. He realized that not only was Feng Qing's bodyguard tall and muscular, but his skin was also a little dark. However, his facial features were very unattractive. As a result, he quickly forgot the other party's appearance after looking at him. He could only vaguely remember that the other party's appearance was a little rough. If he did not know the identity of the other party in advance, Liu Yan could guarantee that as long as he abandoned the bodyguard on the streets, he would not take another look at him even if he walked past him. It would not attract his attention at all. However, Liu Yan did not dare to underestimate this bodyguard at all. This was because the aura emitted by the bodyguard just now was too terrifying. Just thinking about it made his scalp tingle.

After the lesson just now, he did not dare to say anything else. He could only sit in the front passenger seat with a stiff expression. He did not dare to look at Feng Qing again for about an hour and a half.

Xie Jiuhan fumbled in his pocket for a while and a candy appeared in his hand. Feng Qing had made this fruit candy in the past. He popped the wrapper of the candy and placed the entire candy into Feng Qing's mouth. Because her nose was also unusually sensitive, Feng Qing's nose would be stimulated by the strong smell of gasoline when she took a cheap car like a taxi. Therefore, Xie Jiuhan specially brought a few pieces of candy with him. He wanted to use the sweetness of the fruit candy to cover the smell of gasoline in the car. Although she had taken a nap in the morning, Feng Qing was still a little sleepy. She opened her mouth in a daze and held the fruit candy in her mouth.

This scene happened to be seen by Liu Yan, who was peeping. When he saw the two of them behaving so intimately, Liu Yan's eyes trembled. If there was a level to the vibration of his eyes, it would be the highest level now!
