

## The Wife I Picked Up Is Too Chapter Chapter 1085

Xie Jiuhan's silence made Xing Yue realize the seriousness of the situation. He also took a deep breath on the other end of the phone and suppressed the anger in his heart. Han Jinlu had called Feng Qing immediately after finding out about the collapse of the mine, but he couldn't contact Feng Qing. Therefore, Han Jinlu informed Xing Yue immediately. Xing Yue and Han Jinlu had yet to reveal this to Han Jintian. They weren't hiding it from Han Jintian, but they knew Han Jintian's temper too well. If Han Jintian found out about this, he would definitely take a plane to Chenghai to beat Xie Jiuhan up.

Although Xing Yue also wanted to twist Xie Jiuhan's head off now, if Xie Jiuhan hadn't accompanied Feng Qing to Chenghai, it would have been impossible for Xie Jiuhan to arrive in Chenghai from the Capital in such a short time. However, Feng Qing had still disappeared under Xie Jiuhan's protection. What happened?

At the thought of this, Xing Yue felt angry. Hence, he said, "Because Jinlu has to manage the daily affairs of the Blue Stocks Capital, he can't leave now. I'll buy a plane ticket to Chenghai City now."

It was useless even if Han Jinlu went to Chenghai. After all, Han Jinlu's legs were not that convenient. Instead, Xing Yue had nothing to do. As Feng Qing's older brother, he naturally had to rush to the mine in Chenghai City where the collapse happened at the first moment to take a look. Xie Jiuhan unexpectedly did not reject it when he heard that Xing Yue was coming. Now that Feng Qing had been kidnapped, he did not know what was going on. Since Xing Yue was willing to help, it was best. Anyway, it was easier to find Feng Qing's whereabouts with the help of another force.

Xie Jiuhan frowned and said, "I don't have much time."

Xing Yue was stunned for half a second before he asked, "What did you say? What do you mean by no time? Are you going to die?"

Xie Jiuhan's voice was low and cold. "You should have heard of the Divine Light cruise ship, right? It's the most famous luxury cruise ship in your Seven Stars Continent. It has already left the Dongxing Port in Chenghai and sailed into the open sea. It's no longer under the management of any country in this world."

Xing Yue interrupted in confusion, "Why are you saying this? What has it got to do with Qingqing?"

Xie Jiuhan was not disturbed. He continued, "On the Divine's Light, there's an unwritten rule that an auction will be held every three months. Many of the things auctioned are lost medicine, illegal confidential documents, and many things that can't be seen in the light. Therefore, this auction is also called the Black Prison Auction because any item taken out of this auction will make that person rot in jail."

Speaking up to this point, Xie Jiuhan's eyebrows were tightly knitted together. Although he had never participated in this auction, he had known of its existence a long time ago.

Xing Yue felt that he was about to go crazy. He still didn't understand what Xie Jiuhan was trying to say. Hence, he said angrily, "Xie, what do you mean?"

Xie Jiuhan's voice sounded from the phone. "The two poisons in Qingqing and my body came from the Chu clan in Xia country. The Chu clan is very mysterious. They're good at researching and using poison,

and they're also famous for this. My people overseas recently received news that the Chu Clan's laboratory was discovered in a secret laboratory overseas. A lot of experimental information and research reports were flowing out of the laboratory, and these things will be traded on the Divine's Light. Therefore, when I said that there's no time, I meant that I want to go to the Divine's Light to participate in the Black Prison Auction. I want to auction those information and reports at all costs. Only then can the poison in Qingqing and I have a chance of being cured."

Xing Yue frowned and asked, "Then you're not looking for Qingqing?"

Xie Jiuhan's face was expressionless. His black eyes exuded a dark and unfathomable glow. He had thought of boarding the Divine's Light a long time ago. He had even discussed this with Xing Wudi before. Only when it concerned Feng Qing's safety was Xing Wudi willing to talk to him calmly. Moreover, the two of them quickly reached an agreement on this matter.

This time, he had followed Feng Qing to Chenghai City. Other than protecting Feng Qing, his other important goal was to board the Divine's Light from here. Three days ago, he had already received news from Xie Liu that the Divine's Light had been docked at the port of Chenghai City for the past few days to replenish its supplies. Therefore, he had disguised himself and came here to prepare to move against the Divine's Light.
