

## The Wife I Picked Up Is Too Chapter Chapter 1086

The Divine's Light had strict management. Not everyone could enter. Moreover, most of the people on that cruise ship were from the Seven Stars Continent. As long as they were not from the Seven Stars Continent, they would be treated as third-class people. As for second-class people, they had to be mixed-blood from the Seven Stars Continent and outsiders.

On the Divine's Light, the discrimination of the Seven Stars Continent's people towards the second and third-class people was infinitely magnified. This was different from the Seven Stars Continent's own territory. In the Seven Stars Continent's territory, people still maintained basic courtesy to outsiders. However, on the Divine's Light, the second and third-class people were only lowly people in the eyes of the Seven Stars Continent's people. They could be bullied and humiliated at will like slaves. Therefore, Xie Jiuhan could not enter the Divine's Light with an ordinary identity. His original plan was to secretly infiltrate the Divine's Light and steal those things without anyone knowing. However, he did not expect that Feng Qing would actually disappear.

But if he missed the chance to board the Divine's Light, he might not be able to obtain the precious information in the Chu clan's secret underground laboratory. Therefore, he had to tell Xing Yue the importance of this matter, hoping to obtain his understanding and support.

Xing Yue asked after understanding what Xie Jiuhan wanted to do, "Xie Jiuhan, then do you know who the real owner of the Divine's Light is?"

Xie Jiuhan replied, "Of course I know. That person controls all the coastline and port docks in the Seven Stars Continent. He's one of the seven Lords of the Seven Stars Temple in the Seven Stars Continent, and his code name is the Ziwei Star."

Xing Yue said in surprise, "It looks like I've underestimated you. You actually know about the Seven Stars Temple."

Almost everyone knew about the Seven Stars Continent, but the people who knew about the Seven Stars Temple were rare. This was because the Seven Stars Temple was not an organization or a place, but the seven strongest people in the world. The identities of these seven people were very mysterious. They had very close connections with the presidents and prime ministers of the various countries. It was said that among these seven people, only two were not from the Seven Stars Continent. And these seven people often competed with each other, trying their best to maintain the stable development of their forces.

1

The most interesting thing was that although these seven people were called the seven Lords of the Seven Stars Temple, they did not know who the other party was. They usually only used their code names to contact and fight with each other, so even to the people of the Seven Stars Continent, these seven people were very mysterious.

Xing Yue said, "Have you heard of the name 'God Di'?"

Xie Jiuhan frowned and said, "I blew him up with a missile not long ago."

Xing Yue was not surprised at all. "God Di is the Ziwei Star."

Upon hearing this, a layer of ice instantly formed on Xie Jiuhan's face on the other end of the phone. He had heard the name 'God Di' too many times in the past few years. Ever since this 'God Di' appeared out of nowhere, he had been secretly competing with him. Last time, he even deliberately disguised himself as Feng Qing to disgust him. He never expected that he was actually the owner of the Divine's Light. Now, the Divine's Light had just left Chenghai City and entered the open sea. Could it be that that fellow was not killed last time?

Very quickly, Xie Jiuhan removed the word 'could it be'. He was 100% certain that Feng Qing had been kidnapped by God Di. That sinister fellow must have hid in Chenghai City and prepared an ambush in advance before capturing Feng Qing. The purpose of capturing Feng Qing was naturally to threaten and take revenge on him.

After figuring this out, Old Master Xie's appearance suddenly appeared in Xie Jiuhan's mind. Old Master Xie said to him, "Xie Jiuhan, you have to remember that anyone who is close to you will ultimately fall into danger because of you. Because whoever you're close to will naturally become your biggest weakness. They will also die for you. Therefore, the smartest thing you can do is to be heartless and not love anyone. Don't have true feelings for anyone."

1

Xie Jiuhan shook his head and shook Old Master Xie off his head. He thought of God Di again. After the missile bombed that island last time, he had specially sent someone to check. The people overseas had sent news and images, but they had not found anyone's corpse in the ruins. He thought that the missile was too powerful and had vaporized God Di. He did not expect that the fellow had still escaped. This time, God Di had his eyes on the woman beside him.

Xie Jiuhuan said, "If God Di is the Ziwei Star, then Qingqing is very likely on the Divine's Light. If I'm not wrong, Qingqing should have been captured by God Di's men."

Upon hearing this, Xing Yue could not help but be stunned. Then, he revealed a look of disbelief and said, "God Di captured Qingqing? How-how is this possible? Why did he do this?"
