

The Wife I Picked Up Is Too Chapter Chapter 1089

On the Divine's Light, this bronze cauldron was taken out to be auctioned, turning this cultural relic that had existed for thousands of years into a private collection. Although the auction was very intense, no one would know who the bronze cauldron fell into, where it would disembark, and where it would ultimately be collected.

This kind of thing that would be treated as the treasure of the museum naturally attracted the attention of the guests. In a short while, the price reached eight digits. After the host gave the final word, the booth slowly descended and another booth slowly rose. On this booth was a golden crown. Moreover, it was embedded with all sorts of gems. Under the light of the spotlights, it emitted a dazzling glow.

The host said directly, "The crown displayed in the T Nation museum is fake. Seventy years ago, this crown called the Lord of the Stars had already been stolen. And the one you're seeing now is the one that was stolen from the T Nation museum seventy years ago. I believe many people have heard the story of the Empress of T Nation and her crown..."

"Brother Wudi, this Lord of the Stars is too beautiful. I can't believe this is human work. I think Uncle Xing will definitely like this." Just as the second exhibit went on stage, in the VIP room of the auction, a flirtatious and charming woman stood in front of the French window and stared intently at the LED screen in the air.

This woman's appearance was especially gorgeous. Large burgundy waves draped over her shoulders, and her facial features were clear on her oval face. Every frown and smile revealed a hint of seductiveness. The woman was wearing a black cheongsam with a high slit. She had a voluptuous figure and was sexy and charming. Her exposed skin was even more tender, and the cleavage on her chest could cause endless fantasies, making people want to take a few more looks.

After staring at the LED screen for a while, the woman turned to look at the man sitting on the leather sofa. Xing Wudi was wearing a white suit, but he was wearing a pair of black military boots. His long legs were crossed, and he was holding a thumb-sized cigar. It was not difficult to tell from his expression that he was not interested in this Black Prison Auction. Moreover, his real purpose for coming to the Divine's Light was not to participate in the auction.

There was only him and the woman in the private room. Seeing the woman look at him, Xing Wudi did not say a word. He would take a few puffs of the cigar in his hand from time to time. Seeing that he was not interested, the seductive woman walked to his side and sat down. Then, she rested her sharp chin on the man's shoulder and said in an extremely charming voice, "Brother Wudi, I want to bid for this crown and give it to Uncle Xing. What do you think?"

1

However, Xing Wudi was still smoking and looked like he didn't want to bother with her at all. This aroused the woman's interest. She raised her hand to touch Xing Wudi's chin and deliberately blew a fragrance on his face. "Brother Wudi, what do you think ~"

Xing Wudi couldn't take it anymore. He finally turned to look at the woman and said with annoyance, "Stay away from me!"

From his voice, it could be seen that he was really annoyed and resistant to this woman. After being scolded by him, the woman pouted her red lips slightly with an expression that said, "I'm angry, but I can't be coaxed by you." Although she was rejected by the man, she still bought the crown for 3.5 billion.

Seeing that she had obtained the treasure, the woman revealed a satisfied expression. Then, she said in an extremely charming voice, "Brother Wudi, look, I've already bought something for Uncle Xing. Shouldn't you show some appreciation to me?"

Xing Wudi was a little annoyed by her pestering. His silver pupils shone with a cold light as he said, "You can get lost!"

This sexy and charming woman, whose entire body exuded erotic emotions, was one of the seven families of the Seven Stars Continent, the eldest daughter of the Long family, Long Jiuyuan. Hearing Xing Wudi's unreasonable words, she was so angry that her cheeks puffed up. She sat beside the man and looked straight at him.

Two hours later, more than ten items had been auctioned. The host said on the stage, "Dear guests who came to this auction today, everyone is lucky to have sex. Next is the finale of this Black Prison Auction. She is a sweet beauty from Xia country!"

A silver cage rose on the stage. All the men looked into the cage. They all wanted to see what kind of woman was actually worthy of being auctioned as the finale.
