

## The Wife I Picked Up Is Too Chapter Chapter 1094

They remembered very clearly that in the previous auction, the person in the private room had already spent 3.5 billion to bid for a crown, and that was also the highest transaction price in this Black Prison Auction. However, they did not expect that this person was actually so interested in Feng Qing. He had already bid 600 million and still did not give up.

Mr. Qing Er and Xia Qianxue looked at each other again and saw determination in each other's eyes. Even if they had to go bankrupt, they had to bid for Feng Qing. They would never allow Feng Qing to fall into the hands of anyone and be humiliated.

Feng Qing was also insensitive despite seeing that she was so popular. She simply sat down in the cage. Just now, someone had come up and untied the shackles on one of her hands and two feet through the cage. Therefore, apart from her right arm, she could already move freely in the cage. It was not that she did not want to resist, but she had already captured two familiar heartbeats and had even heard their conversation with God Fu.

A Dark Organization's God Fu. They had never met in reality before. In her memory, every time the organization held a remote meeting, God Fu would have the voice of a middle-aged greasy uncle. Now, it looked like he was really hiding his underage identity. Later on, because God Fu was too good at showing off in the organization, he offended the Night God and was hacked by the Night God on the spot. Then, God Fu's childish voice was exposed. It was also at that time that they found out that the God Fu who had been providing them with funds was actually a ten-year-old brat.

Feng Qing's memory was super strong, and her hearing was also super strong. Naturally, she could remember the true voice of God Fu firmly after hearing it once. Therefore, she firmly believed that the person sitting between Xia Qianxue and Mr. Qing Er was God Fu because God Fu was definitely the youngest member in the entire organization.

The little boy raised the bid card in his hand again and shouted in a tender voice, "I'll bid 700 million!"

After shouting, he did not forget to mutter fiercely, "How dare you compare money with me? I want the person in private room 3 to know what it means to be rich."

Xing Wudi was in the private room and did not hear God Fu's voice. In front of him, there was only the bidding number constantly refreshing on the LED screen. Xing Wudi frowned slightly. He did not want to waste too much time on the bidding. If he let Feng Qing stay in front of so many people for another second, the men under the booth would have improper thoughts about her for another second. This was something he could not accept.

Xing Wudi endured it again and again. If not for Long Jiuyuan consoling him, he would have rushed out of the private room and twisted off their heads to kick them like balls.

Xing Wudi shouted into the walkie-talkie, "Raise to one billion directly! I'll pay one billion!"

The staff member on the other end of the walkie-talkie asked, "Is the upper limit one billion?"

Wasn't he a fool to give such a high price in such a competitive auction? Even the auction staff had to confirm before they dared to react. Xing Wudi roared, "I said, call it a billion directly. Are you f\*cking deaf?"

After receiving confirmation, the staff hurriedly gestured to the host on the stage. Even the host was stunned. After confirming with the staff repeatedly, she announced, "VIP No. 3 bids one billion!"

From 700 million to 1 billion, the bid rose by 300 million all of a sudden. Moreover, it was for the sake of auctioning a woman. Instantly, it caused a commotion in the entire venue. Those who often came to the Divine's Light knew that this was probably the highest bid given by the Black Prison Auction!

Hearing this price, Long Jiuyuan's body couldn't help but tremble. She shouted coquettishly, "Brother Wudi, is that woman worth a billion in your eyes? What about me? If it were me, would you be willing to spend a billion to buy me?"

Long Jiuyuan said half-jokingly. In fact, she was deliberately comparing herself to Feng Qing. She was the daughter of the Long family in the Seven Stars Continent. How could a billion yuan measure her value?

However, Xing Wudi only gave her a cold back view as he sat on the sofa. He did not reply to her question at all. It was as if he did not hear her.

After a while, Xing Wudi said coldly with his back facing her, "She's worth more than a billion."

Long Jiuyuan was stunned. "What did you say?"

Xing Wudi replied unexpectedly, "She's priceless in my heart!"

Long Jiuyuan : "..."
