

## The Wife I Picked Up Is Too Chapter Chapter 1097

God Fu was very clear about the rules here and knew who had the final say on the Divine's Light. If the two of them forcefully went up to save her, it would be breaking the rules and would cause him unbearable trouble. At that time, even if he revealed his true identity, he would probably not be able to protect Mr. Qing Er and Xia Qianxue.

Looking at the snakes in the cage, Xing Wudi's eyes widened in anger. His silver pupils exuded a chilling killing intent. He turned around and rushed out of private room number three.

Long Jiuyuan was sitting on the sofa. By the time she reacted, Xing Wudi's figure had already disappeared. Long Jiuyuan thought to herself that something was wrong. She knew that Xing Wudi had definitely gone down to save Feng Qing. However, she seemed to have thought of something. Her nervous expression changed. The corners of her dark red mouth twitched and she revealed a cold smile. She knew very well how many snakes were there just now. It was too late for Xing Wudi to fly down, not to mention that those are all poisonous snakes.

After thinking for a while, Long Jiuyuan walked to the French window. She planned to stay in private room 3 to watch the fun and admire how Feng Qing had been eaten up by the snakes as desert.

As expected, many poisonous snakes entered the cage. These snakes seemed to have been hungry for a long time. As soon as they sensed Feng Qing's existence, they immediately crawled towards her. In the blink of an eye, they crawled all over her hair and clothes. There were even thicker snakes that were wrapped tightly around her body. These snakes had black inverted triangular scales and a pair of golden eyes. The way they spat out their bright red snake tongues was simply as scary as it could be, especially when they crawled collectively. The rustling sound they made was simply terrifying.

Some snakes wrapped around Feng Qing's thigh and swam up her slender waist. Some spat out their scarlet snake tongues and gently explored Feng Qing's delicate skin. It felt like they were licking some delicacy. Under the booth, all the guests were looking at Feng Qing, who was wrapped in snakes like a dumpling in the cage, with anticipation. They all wanted to see Feng Qing's wail when she was bitten by the snake with their own eyes.

However, after waiting for a long time, they did not hear any screams. After discovering this situation, all the guests were stunned. At first, they thought that Feng Qing had fainted from fright, but after careful observation, they realized that although the snakes were crawling towards Feng Qing, none of them really bit Feng Qing. The guests stared at each other, not knowing what was wrong with these snakes. Why did they not bite Feng Qing? If this was any other time, these black snakes would have long bitten Feng Qing until she was riddled with holes and screamed repeatedly.

Very quickly, the black snakes that wrapped Feng Qing retreated from Feng Qing's body. Feng Qing was still sitting in the cage. She crossed her legs and even took the initiative to extend a hand to let a small black snake the size of a thumb crawl up her arm. She brought the snake to her eyes and then used her other hand to tease the little snake non-stop. Her face was filled with an interesting expression. The little snake did not seem to be afraid of Feng Qing. It took the initiative to spit out its tongue and lick Feng Qing's hand. It felt like it was playing with Feng Qing.

When Mr. Qing Er and Xia Qianxue saw the scene in front of them, the two of them heaved a sigh of relief in unison. It looked like the two of them were worried for nothing. It was only at this moment that they realized that Mr. Qingyi, who was called the 'Poison King', would not be afraid of these snakes. When the poisonous snakes saw the various poisonous powder and poison on Feng Qing's body, they would treat her as their own kind. The guests below the exhibition stage exclaimed when they saw Feng Qing playing with the snakes very skillfully.

"D\*mn, what's going on? That woman isn't afraid of snakes? No, is she playing with snakes?"

“Is there a mistake? This woman can actually tame the snake easily? These snakes actually didn’t bite her?”

“Tsk tsk, no wonder she could be auctioned for such a high price. It turns out that she’s really something. Do you think she has some special abilities, such as controlling animals? No, I want to bid for her!”

Seeing that Feng Qing was safe and sound in the cage, the buyers below the stage were all interested in Feng Qing. Feng Qing, who was in the cage, raised her head and looked at a surveillance camera hidden in the corner of the cage with her clear and transparent eyes. She smiled sweetly at the surveillance camera. She knew that Di Qianmo was definitely watching everything. She didn’t expect Di Qianmo to be so ruthless that he actually wanted to kill her. It looked like her brother was quite cold-blooded!

Feng Qing put down the little black snake and slowly stood up. She looked at the surveillance camera in the corner and tilted her head. She stuck out her tongue and revealed a naughty expression.
