

The Wife I Picked Up Is Too Chapter Chapter 1098

The next second, Feng Qing raised her hand and the handcuffs automatically opened. Then, she picked up the leg shackles on the ground and tied them to the two cage railings. Then, she twisted them a few times and bent the two railings. In the end, Feng Qing crawled out of the deformed gap in the railing like an octopus.

Crack! Feng Qing picked up the heavy leg iron and smashed it against the glass cover. The glass cover shattered with a sound. Di Qianmo thought that if he got someone to take away Feng Qing's clothes and the poison hidden in her hair, Feng Qing would no longer be able to use poison.

However, what he didn't know was that when the two female attendants were changing Feng Qing's clothes, the poisonous bugs she raised had already been transferred to her ears and mouth. When they locked her in the cage, she secretly released the poisonous bugs. These poisonous bugs were called Metal Devouring Bugs. They were a kind of bug that specially used metals and ores as food. It was these poisonous bugs that gnawed at the railing of the cage that Feng Qing could easily deform the railing.

Seeing Feng Qing escape from inside, the security guards in the auction venue instantly moved. All of them held pistols and pulled the trigger at her. Feng Qing was not afraid of these people's shots at all. She jumped, spun, and rolled on the ground nimbly. Not a single bullet hit her. When she stood up from the ground, a security guard who was closer to her aimed his gun at her forehead. However, before the security guard could pull the trigger, a special gunshot came from afar. Then, the security guard's entire head exploded like a shattered tomato, and blood sprayed everywhere.

At the same time, Feng Qing's ears twitched. She heard a few familiar heartbeats and subconsciously turned to look at the place where the special gunshot had sounded. As expected, she saw Xing Wudi.

As Feng Qing escaped, the black snakes crawled out. Countless black eyes with golden eyes swam around the booth. The scene was terrifying, like a poisonous snake's hell. The host, who was still watching the fun, ran down the stage in fear. The guests sitting below the stage also ran out with a shout. This was the first time they had encountered such a situation. They felt that if they ran any slower, they might die here.

Mr. Qing Er and Xia Qianxue stood on the spot without moving. Looking at Feng Qing, who had escaped, Mr. Qing Er's eyes erupted with excitement. He couldn't help but say, "Haha, I knew that Little Qingqing would definitely be fine. How can such a stupid trick restrain her?"

The little boy sat calmly on the sofa. His feet couldn't reach the ground to begin with, so he wasn't worried that the snakes swimming on the ground would bite him at all. Instead, he crossed his legs and looked at Feng Qing on the stage with interest. According to his understanding, it wasn't that no one on the Divine's Light had resisted all these years, but none of those who tried to resist and escape could leave the booth alive, let alone leave the Divine's Light safely.

Feng Qing was not wearing shoes. She was walking on the wooden booth with a pair of slender and sexy feet. At her feet, there were little black snakes that were spitting out their tongues everywhere. At this moment, the spotlight that hit her made her look very demonic. Someone rushed forward to control her, but before he could do anything, Feng Qing kicked his lower body. Then, she kicked that person's face and kicked him into the group of snakes. That person let out a terrifying scream among the snakes. Feng Qing clapped her hands and revealed a look of disdain. How dare he play close combat with her? He was really like a light in the toilet.

At this moment, Di Qianmo, who was looking at the surveillance camera, couldn't help but curse, "Idiot!"

However, what made Di Qianmo speechless was that those security guards actually rushed up to fight Feng Qing in close combat one after another. Feng Qing did not reject anyone. She moved around the stage barefooted. Her bright red dress kept flying up and down in the air. She was like a red butterfly dancing. Wherever she passed, a security guard would fall to the ground with a wail.

"Qingqing!" Just as Feng Qing reached the side of the booth, Xing Wudi happened to arrive. He reached out his hand and shouted at Feng Qing.

However, Feng Qing did not reach out her hand. Instead, she turned around and swept her gaze across the entire auction venue. She was very calm in her heart. She knew that it was useless even with Xing Wudi's protection. They were on the Divine's Light. If she did not finish off her fourth brother completely, where could she run with Xing Wudi? Could the two of them jump into the sea together?
