

The Wife I Picked Up Is Too Chapter Chapter 1134

Therefore, he temporarily changed his size. However, this strengthening drug had a time limit. Once the time limit was exceeded, the muscles on his body would gradually return to their original appearance. She just didn't know if there would be any aftereffects of this drug.

Seeing Feng Qing staring at him in a daze, Boxing King Potian couldn't help but ask, "Um... should I take off my pants too?"

Feng Qing : "..."

Feng Qing rolled her eyes at the man. Didn't this man not know how to flirt with her as soon as he put on the human skin mask? Was it because he was too excited since he had found her? However, she could also understand the man. She could empathize with the feeling of regaining what she had lost and feeling at ease again. If not for the fact that the conditions didn't allow it, she would have jumped up and cheered. No matter what, she had temporarily escaped Di Qianmo's control.

Looking at Xie Jiuhan's unfamiliar face, Feng Qing seemed to see Xie Jiuhan's abnormally handsome face through the human skin mask. In her eyes, no matter what Xie Jiuhan became, he would always be Xie Jiuhan. He was the man she would always worry about. Even if she changed her face, Feng Qing would not feel unfamiliar with him.

Looking at the man's naughty smile, Feng Qing nodded and said, "Alright, then take it off. There's no way to bandage it even if you don't take it off. There are also many wounds on the outside of your thigh."

The Boxing King: "..."

Seeing that the man was stunned and did not react, Feng Qing could not help but look at him curiously. Weren't they still fooling around just now? Why was there no movement when she told him now?

Feng Qing ignored him and picked up the pieces of tattered clothes on the ground to wipe the blood on the man's body. She found a piece of waste fabric in the corner of the room and continued wiping the man. Ten minutes later, Feng Qing finally cleaned all the blood on the man's body. Then, she tore off strips of fabric from her dress and bandaged the wound on his arm and chest.

Feng Qing said, "What are you waiting for? Aren't you going to take off your pants? Why are you embarrassed?"

Upon hearing this, Boxing King Potian looked at her awkwardly. Then, he secretly turned around and took off his pants at Feng Qing. Seeing him like this, Feng Qing couldn't help but smile. Boxing King Potian turned around and saw Feng Qing squatting down in front of him. His expression was very awkward. He felt that this position was too...

Before he could react, he was pulled to the ground by Feng Qing and sat down. However, he sat down too quickly, so he didn't adjust his posture properly, causing the tip of his nose to touch Feng Qing's. Feng Qing's nose hurt and she couldn't help but cry out softly. After the two of them sat down, the surveillance camera on their belts had a blind spot because of the distance.

At this moment, Di Qianmo, who was sitting in front of the LED monitor and looking at it, the veins on his forehead couldn't help but twitch violently. What were these two people doing? Why couldn't he see anything? Were they kissing? Or were the two of them doing something shameful? Di Qianmo couldn't guess and didn't know. Frustration instantly rose in his heart and he punched through the night view screen in front of him.

"F*ck!" Di Qianmo scolded fiercely, but just as he finished scolding, he was stunned. He suddenly realized that he was angry, but why was he angry? Could it be that he looked like Feng Qing, so he couldn't bear to see Feng Qing being intimate with others?

When he pushed Feng Qing down the high platform just now, he had already expected that Boxing King Potian would have improper thoughts about Feng Qing. He could understand this. After all, Boxing King Potian was at a good age. He definitely had a huge need for women. Therefore, he wanted Feng Qing as his prize. Wasn't he after Feng Qing's body? This was also what Di Qianmo wanted to see. Only when Boxing King Potian slept with Feng Qing would Xie Jiuhan be cuckolded. He wanted to post the video of Xie Jiuhan being cuckolded on the Internet and then hype it up crazily on the Internet. He wanted Xie Jiuhan to lose all his face and let the world know that he was cuckold!

However, when he realized that there was a blind spot in the surveillance camera and couldn't see what the Boxing King had done to Feng Qing, Di Qianmo started to feel unhappy. Therefore, he started to curse. Before he could give the order, the bodyguards had already changed the LED screen. There were still many such LED screens because they knew that Di Qianmo had the habit of throwing a tantrum and smashing things. Looking at the restored image, Di Qianmo sat back in his chair. He wanted to see what the two of them were doing in a place that they couldn't see.
