

## The Wife I Picked Up Is Too Chapter Chapter 1148

At the thought of this, Feng Qing couldn't help but think. She was clearly just a prisoner, so why did Di Qianmo customize such clothes for her? She really didn't know what that perverted fourth brother was thinking. It looked like many things would definitely happen at the banquet tonight.

A few minutes later, the makeup artist from before entered the room where Di Qianmo was. The makeup artist looked at Di Qianmo, who had just walked out of the bathroom, and was a little surprised. Di Qianmo was sitting in front of the dressing table in a bathrobe. He looked at himself in the mirror expressionlessly and then looked at the makeup artist, who had also appeared in the mirror. Di Qianmo thought of something and frowned. He said in a cold voice, "Put the same makeup as you did with Feng Qing on me."

The makeup artist said respectfully, "Yes, Lord Ziwei Star."

With that, the makeup artist walked forward and carefully picked up the makeup cotton on the dressing table. The makeup artist had been shocked since just now because Di Qianmo and Feng Qing's faces were actually identical. Other than the fact that their skin color was not the same tone, only the outline of Di Qianmo's face looked sharper.

With the previous experience of dealing with Feng Qing's face, the makeup artist seemed to be at ease this time. She only used face cream to slightly cover the sharp outline of Di Qianmo's face, making him look less sharp overall. Then, the makeup artist picked up the cherry-colored lipstick and applied it on Di Qianmo's lips. After the makeup was done, Di Qianmo looked at himself in the mirror and revealed a satisfied expression. Then, he snapped his fingers and four to five people carried over an evening gown identical to the one Feng Qing was wearing just now. It was the same style and color. It was much larger outside of the size. It was the same everywhere else.

Under the service of a few attendants, Di Qianmo quickly put on the gown. After he was dressed neatly, another female attendant brought over a wig. This wig was made according to Feng Qing's current hairstyle. In fact, there were many wigs in Di Qianmo's cloakroom that were of the same style as the hairstyle Feng Qing had used before. After fixing the wig, Di Qianmo looked at himself in the mirror and walked around in a circle with a satisfied expression. He raised his hand and tidied his bangs. Then, Di Qianmo's eyes in the mirror gradually became cold and arrogant. A sinister smile appeared on his lips. The show was about to start. He was going to start a very interesting game.

On the Divine's Light, there was a life of luxury and singing and dancing. Every time night fell, the entire Divine's Light would become everyone's joyous venue. This morning, everyone had received invitations to attend tonight's auction. Unlike the auction yesterday, this auction today was specially held because Ziwei Star was attending, and the banquet that Ziwei Star was attending was usually the liveliest and grandest banquet. Everyone would attend.

On the twelfth floor of the cruise ship, there was the largest banquet hall on the entire cruise ship. Xing Wudi and Long Jiuyuan walked into the banquet hall one after another. The appearance of the two of them instantly caused a considerable commotion. Many people knew this pair of golden couple from the Seven Stars Continent. After all, they also had a transcendent status in the entire Seven Stars Continent's seven families. As long as they wanted to live and work in the Seven Stars Continent, they could not leave the jurisdiction of the seven families. It was also at this moment that the guests knew that the guests in VIP room number three yesterday were Xing Wudi and Long Jiuyuan. No wonder they could spend ten billion when bidding for Feng Qing. In other words, there were already three future heads of the seven families in the Seven Stars Continent on the Divine's Light.

Unlike yesterday, Long Jiuyuan was wearing a light purple cheongsam. The cheongsam was high in slits and had a low chestline and hollow back. The patterns on it were made of golden silk. When the purple and appropriate gold were matched, it overall gave off a noble feeling. Long Jiuyuan was already hot to begin with, and her temperament was more towards being charming. Therefore, she was very beautiful in this cheongsam. Her pair of long, white, and straight legs made lots of men drool. Long Jiuyuan was wearing a pearl necklace with the same sizes. The pearls shone with their unique luster under the lights. It also accentuate her to be extremely noble and elegant.

Xing Wudi, who was walking in front of her, kept a low profile. He wore a black tuxedo with a red bow and an exquisite brooch made of onyx. Together with his pair of silver eyes, he gave off an irresistible charm.
