

## The Wife I Picked Up Is Too Chapter Chapter 1156

The old butler replied, "Fourth Young Master, do you think the Prime Minister will forgive you after killing Xing Wudi?"

Immediately after, there was another message. "Stop dreaming. Fourth Young Master, you should know very well that the Prime Minister will never forgive you. Don't even think about stepping into the Seven Stars Continent again in your life. Otherwise, you will suffer endless torture."

The next second, Di Qianmo sank into the bathtub. The sinister and distorted expression on his face explained everything. A voice sounded from the phone again. "Reporting to Fourth Young Master, Miss Feng is resuscitating Xing Wudi!"

Di Qianmo hurriedly rushed out of the water and asked, "Where did she undergo the emergency treatment?"

The bodyguard replied, "The banquet hall!"

Di Qianmo asked, "She knows medicine?"

The bodyguard replied, "That's right."

Before he could finish his sentence, the bodyguard sent a video of Feng Qing saving Xing Wudi to his phone. Di Qianmo looked at it and couldn't help but sneer. "Yo, I didn't expect our Sixth Princess's medical skills to be so amazing?"

Di Qianmo was not flustered at all because he knew what those two shots meant. Xing Wudi would definitely die. Unless he was a god, no one could save him. No matter how superb Feng Qing's medical skills were, no matter if she knew Chinese and Western medicine, no one could save Xing Wudi. However, when he saw Feng Qing inject Xing Wudi with the rebirth medicine CS100 in the second video, he instantly threw his phone to the ground.

...

Feng Qing adjusted the electroshock value of the defibrillator to the maximum and pressed it on Xing Wudi's chest to electrocute him. Instantly, a powerful electric current entered Xing Wudi's heart. The Rebirth Medicine swimming in Xing Wudi's heart seemed to have obtained some energy and was activated. Xing Wudi suddenly opened his eyes, but his originally arrogant and heartless silver eyes no longer had their usual spirit and were already starting to dissipate.

Feng Qing finally heaved a sigh of relief. Xing Wudi's heart started to beat, and there was a hint of white mist in his oxygen mask. For the first time, the green line on the electrocardiogram device fluctuated.

"D\*mn, this doesn't make sense? He can be saved after his heart stops beating for ten minutes?"

“Tsk tsk, unbelievable. He came back from the dead. I’ve really opened my eyes today. Feng Qing actually saved Xing Wudi.”

“But I’m getting more and more confused. What is this woman doing? She killed Xing Wudi first and then saved him. Does she have nothing better to do?”

Seeing that Xing Wudi had come back to life, the guests were all shocked. If they hadn’t seen this with their own eyes, they wouldn’t have believed it even if they were beaten to death.

Feng Qing told Xing Wudi’s subordinates, “The Rebirth Medicine CS100 is taking effect. It will take at least a day for it to take effect. During this time, you must take good care of him and not let him be disturbed, much less feed and drink him. After his condition stabilizes in a day, inject him with some nutrient solution.”

Hearing Feng Qing’s words, the few subordinates who were not drugged became confused. From their eyes, one could see their hostility and vigilance towards Feng Qing. They were also puzzled. Feng Qing killed him first and saved him later. What was she doing? Now, she was even instructing them how to take care of Xing Wudi. Moreover, she was so thorough in her instructions. They were completely confused.

A bald bodyguard said cautiously, “Will this rebirth medicine CS100 cause any aftereffects to our family head’s body?”

Feng Qing smiled. "You're asking the wrong person. This medicine was made by the Queen of the Netherworld Palace. Whether there are any side effects or what sequelae it will cause, you should ask her about this. If there's anything else added to it, you can also look for Ziwei Star because this medicine was given by Ziwei Star."

The bald bodyguard asked again, "Why did you shoot our family head just now? According to what we know, our family head has always treated you well, right?"

However, before Feng Qing could answer, she suddenly felt dizzy and the world spun. She stumbled back a few steps. The Boxing King quickly reacted and hugged Feng Qing. Mr. Qing Er hurriedly went up and asked, "Little Qingqing, what's wrong?"

Mr. Qing Er couldn't continue because he saw that Feng Qing's eyes were no longer shining. Mr. Qing Er hurriedly grabbed the doctor. Seeing that the other party was still in a blurry state, he raised his arm and slapped the other party a few times. "Wake up. Hurry up and help me take a look at what's wrong with Little Qingqing."

Xia Qianxue took out another bottle of medicine from her pocket and poured it into the doctor's mouth. A few seconds later, the doctor woke up. Xia Qianxue woke up the other medical personnel in the same way and asked them to check Feng Qing's condition immediately.
