

## The Wife I Picked Up Is Too Chapter Chapter 1162

At this moment, a bodyguard wearing sunglasses and a goatee walked out and said, "Come with us. Ziwei Star wants to see you."

Xie Jiuhan snorted lightly. He held Feng Qing's hand and followed behind the goateed bodyguard. The other bodyguards surrounded the two of them. Soon, they arrived at the banquet hall. Feng Qing saw a cute little boy squatting on the ground and rubbing his stuffed toy. His face was still covered in tears. When she woke up in the room just now, she had already heard Di Minghao's cries. She knew that this little fellow had definitely been bullied. She didn't expect that it was her fourth brother who did it.

Ziwei Star's cold gaze looked at Xie Jiuhan through the mask and asked coldly, "You're Xie Jiuhan?"

Xie Jiuhan did not speak. He only raised his chin and looked at the Ziwei Star coldly. The moment he took off his mask, he no longer planned to pretend. Seeing Xie Jiuhan appear here, the Ziwei Star was not surprised at all because he had long felt that something was wrong with Boxing King Potian. He did not want those treasures, but he only wanted Feng Qing as a woman. He did not think that she was just a friend of his. However, he was still deceived by Xie Jiuhan in the end. Anger instantly rose in his heart.

Ziwei Star smiled evilly and said, "Xie Jiuhan, I didn't expect you to really dare to come here. I was just worried that I wouldn't be able to catch you, but you came to me yourself. Should I praise you for being brave, or should I say that you're so silly that it's cute?"

Xie Jiuhan walked towards Ziwei Star. His huge strides did not look like he was in the enemy's territory at all. The coldness and arrogance on his face did not weaken at all. Xie Jiuhan narrowed his eyes and said, "Ziwei Star, you're very daring. You actually dare to kidnap my wife. You're really f\*cking awesome!"

Ziwei Star took out his phone slowly and said in a wicked voice, "Now, you and your wife's lives are tightly held by me. I can treat you however I want."

Xie Jiuhan stopped in his tracks and looked at the other party disdainfully. Ziwei Star also looked at the indescribably handsome man without showing any weakness. "Xie Jiuhan, you're really stupid. You actually disregarded your own safety and came here to die for a woman. In that case, I won't dawdle with you anymore. Today, I'll blow Feng Qing into two in front of you. Just wait to admire her."

The next second, Xie Jiuhan transformed into a cheetah and pounced on Ziwei Star. However, Ziwei Star was unmoved by his actions. He only raised the remote control and pressed the button to explode without hesitation.

The next second, Ziwei Star was sent flying. He spat out a mouthful of blood in the air and the mask on his face fell. At the same time, there was an explosion.

The corners of Ziwei Star's mouth curled up into an evil smile. However, when he saw Feng Qing looking at him with her hands behind her back and a sweet smile on her face, his expression instantly froze. Why wasn't Feng Qing blown into two? Ziwei Star looked at the remote control in his hand and then at the explosive belt that was still on Feng Qing's waist. He had clearly pressed the button just now and had heard the explosion, but why wasn't Feng Qing dead?

At this moment, Feng Qing maintained her smile and took off her belt. Xie Jiuhan curled his lips and said disdainfully, "Why don't you try detonating mine?"

Ziwei Star did not hesitate at all. He took out a remote control and pressed the detonation device. There was another slight explosion. Sparks flew from Xie Jiuhuan's belt. Then, the entire belt fell to the ground. Xie Jiuhuan said proudly, "When I was about thirteen years old, I could already participate in the development of fighter jets and the production of cutting-edge technology. The explosive belt you gave me was also developed while I was practicing in boredom. Later on, I sold a portion of the technology overseas and after some people modified it, it evolved into the current explosive belt. However, I'm the ancestor of this thing."

Di Qianmo wiped the blood from the corner of his mouth and said, "How did you do it?"

Xie Jiuhuan said, "It's very simple. Just hack into your phone and program a Trojan horse implant. Wouldn't it be fine when the command of the detonator button and release button was swapped?"

Di Qianmo complained, "Xie Jiuhuan, I've really underestimated you. You actually know how to write code?"

Xie Jiuhuan sneered. "You can understand it this way. In this world, in front of all technology and products, I will always be your father!"
